The discovery of David Barry Witheridge's family in New Zealand must have been another thrill. It's always exciting to have such relatives turn up unexpectedly by chance. And then it was especially good to meet his widow when she came to England. You are certainly making wonderful progress. I'm fascinated by your discovery of a Witheridge manor mentioned in the Doomsday Book of 1086, and I'll be waiting to get further information from you on this when you have a chance to study the new Phillimore edition.

We've just had a couple of the hottest days we've ever had in April. It got up to 94° F., but now it's down in the 50's again. I keep track of the temperature you're having through our local paper--in such places as London, Birmingham, Edinburgh, and Aberdeen--and I see you've been having temperatures in the 50's, too.

Jim moved out of our house January 1st into a place with four other young men. They have the whole first floor and basement of a good sized house about three miles from us. It's working out very well for him, and we usually see him two or three times a week, sometimes for a meal. He and Rokk are very fond of each other, so that brings him over more often!

Tom is still in Chicago, of course, but we are expecting him and his friend Virginia on Friday to spend several days with us. They haven't been here since Thanksgiving in November (It's 425 miles each way), so we're anxious to see them. They're making a special effort to come now while Rokk is still a young puppy. Tom was recently in Toronto giving a paper on their work at some psychological convention, and Virginia was doing the same thing in Cleveland.

National and international events keep us in a state of turmoil--the hostages in Iran, the situation in Afghanistan, the presidential election campaign, and the state of the economy. Everything is so unpredictable, complex, and frustrating. I know you have similar problems to cope with.

This has turned into quite an epistle! I want to get this off right away in hopes that you will be able to let us know soon where you expect to be in August and September. Hope you're all well and happy!

Love to all,

Hello to all four of you!

I've just finished reading David's long epistle and can't resist adding just a little bit to it. I echo all the things he told you about Rokk. He is most adorable, and we missed our dear Trygg so much that we are especially happy to have a dog in the house again. In his baby way he is already becoming quite a watch dog.

In many ways it doesn't seem possible that four years have slipped by since last we saw you. But I'm sure we'll realize it when we see Jason and Adam again. Big boys now!

Lovingly,

[E. P. W.]

P.S. I just remembered that I wanted to ask you to buy me some British stamps of the size currently needed for airmail to the United States. Please send as many as this pound will buy in your next letter. Thanks!

Dear Dave and Elizabeth

We were so thrilled to receive your letter on Friday confirming your trip to Britain this summer! We have thought of you so often, and since we received your Christmas letter saying that a visit was possible we have prayed that the possibility would become fact. I had been hoping for confirmation of this before writing to you, but had told Roy that if we hadn't heard by this weekend, I would write over the Bank Holiday anyway!

In the event, I didn't do any letter-writing yesterday, as we spent most of the late afternoon and evening watching the live TV coverage of the dramatic events at the Iranian embassy. When it eventually transpired that no lives had been lost as a result of the intervention of the SAS Regiment, there were great sighs of relief all through London - and doubtless in many other places as well. We had all been so aware of the wider implications in international relationships that could be seriously affected one way or the other, that the message of congratulations from President Bani Sadr was almost the best news of the day. Dare we hope that the Ayatollah will take this as an object lesson on how to deal with hostage-takers? Given a reasonably rational regime, one could feel that the British action would put them in a somewhat invidious position where they would feel that some similar response to the American hostages would result. Sadly, the rationality of the regime is very much open to question, and we can only continue to pray for a peaceful solution.

But to return to your letter, I must say that I know just how you must be feeling about retirement, Dave. Recently my own source of freelance work has dried up, but like you I have discovered the law of 'everything expands to fill the time/space available'. My involvement with a number of Christian groups, including a venture into Christian publishing, together with expanding family activities, seem to be leaving me with even less free time than ever - hence the dearth of letters!

Looking back through our calendar of events since our last letter, it shows that while September was the month of several weddings, October was the month of many schools. Although many local authorities have abandoned academic selection for transfer to high schools, the Borough of Sutton is one of the few that has retained the '11-plus' exam. On a basis of exam results in conjunction with teachers' reports, the top 25% of pupils are then offered places at the more academic grammar schools. Parents also have a say in the choice of school (subject to selection assessment) which means that all the borough high schools have open evenings for parents. Following these open evenings, and consultations with the primary school teachers, parents then complete a form listing their preferences in both the selective and non-selective categories, indicating also their thoughts on mixed or single-sex schools. So in October we did the rounds of the schools, and in November Jason sat the borough exams. The resultant allocations came through last month, and we heard that Jason had won a place at the borough's top grammar school.

But meanwhile our friend Shirley (who is a member of our church, and who had been Jason's class teacher a couple of years ago) had suggested that Jason was bright enough to earn a place at one of the independent 'public' schools, and should sit their exams. As you can imagine, public school fees are quite beyond us, let alone the social implications of public school life. But Shirley put us in touch with the Whitgift Foundation, a charitable trust founded in the 16th century by the then Archbishop of Canterbury, John Whitgift. The Foundation runs two public schools, Trinity and Whitgift, and provides both scholarships and bursaries for appropriate cases. Entrance is purely on merit, and the financial assistance to parents in the lower income brackets means that pupils are drawn from a very wide range of the social spectrum. Thus there is none of the social elitism often associated with public schools. In the light of this, we entered Jason for the special entrance exams for the two schools, feeling that although it was quite possible that nothing would come of it, we would at least get some idea of Jason's academic potential from the exam results. Imagine our surprise then, when Jason was offered a place at Whitgift School, and then a few days later we learned that he had won not only a place, but also a scholarship, at Trinity School! In addition, the bursary fund of the Foundation is prepared to give very generous help with the Trinity fees, so that of the £1200 p a fees, we have to pay only £200! Naturally we could not refuse such an offer, so Jason will start at Trinity in September.

In the circumstances there is now no question of our moving to Devon in the near future. However, the school is over ten miles away, and reaching it from here would involve Jason in a long and arduous journey crossing the two busy town centres of Sutton and Croydon. This long trip twice a day coupled with a fairly intense academic programme and a wealth of extra-curricular activities would be far too much for an eleven-year-old to cope with, particularly as there are no other local children at Trinity. So, just when we had decided to stay put in this house, we find ourselves on the moving trail again. We have found a house to buy in West Wickham, which is just over the Surrey border in Kent, about 15 miles due east of here. In fact, you may remember our visit to Wendy & Geoff's home in West Wickham when you were last here. Sadly, they are now living in Yorkshire, for our prospective new home is only a few turnings away from where they used to live. I don't know what you still have in the way of maps of this area to give you an idea of where we are moving to, but rest assured that we are still quite handy for meeting planes at Gatwick!

However, house-buying and the legal transfer of property (conveyancing) is a vastly different proposition here from the comparatively simple system you have there in the US. It is a very protracted procedure, (anything from 3 -6months is quite usual), is expensive (government duty alone amounts to 2% of the purchase price), and uncertain (buyers and/or sellers can pull out at anytime prior to the final exchange of contracts, with no penalties or redress). So when we say that we hope to move at the end of July, you will understand that the actual moving date is in itself very much a moveable feast. Once contracts have been exchanged, completion is usually 28 days later, so that all parties have four weeks in which to make final removal arrangements, send out change-of-address cards, and organise all the other details involved in moving house.

Neverthe less, wherever we happen to be when you arrive, nothing will give us greater pleasure than to meet you at the airport and to bring you home to make our home your home base - even if you have to change address with us in mid-trip! If we are still here in Sutton, we can give you Jason's room (the larger bedroom overlooking the garden), and move Jason in with Adam. The way we have rearranged the furnishings etc since your last visit will make this quite simple and give you more space and comfort.

All being well, the house in West Wickham will afford even more space. The house is very similar in size and style to this one, but has the added advantage of an extension to the ground floor all across the back of the house, This gives an L-shaped dining room with maximum dimensions of 23' x 18', quite large enough to accommodate all our living room furniture as well as everything from the dining room. This will leave the downstairs room at the front of the house free for you to use as a bed-sitting room - a haven to which to retreat in peace and comfort from the over-exuberance of the boys, when you feel the need!

We were delighted to learn that you will be able to get a direct flight through from Minneapolis to Gatwick - it will be so much easier and less tiring for you. We have already booked on our calendar for August our Gatwick appointment for 7am on the 3rd, and are counting the days to reunion day (89 and going down!).

The only disappointment for the boys will be the impossibility of Rokk coming with you. He sounds a real darling, and we would love to see him, but no doubt by August you will have lots of photos to bring with you. We shall have to think of some special English treat that you can take back with you for him!

And talking of taking things back with you, we hope to have amassed a fair collection for you both. Since your last letter I have been trying desperately to get hold of some books for you, which I had wanted to send for Christmas. Sadly, so far they have proved unobtainable locally. One is Marie Corelli's 'Mighty Atom' which is long since out of print, having been originally published in 1896, and now sadly considered much too dated and out of fashion to reprint. Such copies of the early editions that have survived have, if they are in any reasonable sort of condition, become collectors' items, and can command quite exorbitant prices as such. However, I have contacted one or two local sources of old books, asking them to let ~~them~~ me know if a copy should come their way.

Another book I am trying to get for you is R D Blackmore's 'Lorna Doone', readily available in an edited version as a 'Children's Classic' but temporarily out of print in its original version. Hopefully new stocks will be available in a few weeks' time. The Phillimore edition of the Devon Doomsday has not arrived yet either, and I am getting quite impatient for it. Meanwhile, I've collected an assortment of genealogical and other material for you, which I think will be safer handed over personally than consigned to the tender mercies of our PO! However, I will put another copy of the ESFHS Journal with my Witheridge article in the post to you under separate cover.

It was good to hear that Jim has branched out into a new independence. Of course you must miss him dreadfully, but the fact that he's not too far away must be some consolation. Do give him all our best wishes for happiness in his new home. We're sure you are having a grand time right now with Tom and Virginia home, and hope that all is going well for them too. They seem to have been very close for some time now - is it too old-fashioned to ask if there are distant echoes of wedding bells and rice?

There is so much more news to tell you. Roy is hoping to start a new job in June - coincidentally based on Croydon and West Wickham! He is just awaiting written confirmation of the agreement reached verbally. Did I tell you last time of Roy's Confirmation by the Bishop of Kingston last November - an occasion of great joy for all of us. Our church is now blossoming quite nicely - so much so that we shall be really sad to leave the fellowship. My Christian publishing ventures are just now emerging from their more nebulous stages into practicality, and I hope to be able to show you some completed work by the time you arrive. The boys are growing fast. A recent educational assessment of Adam put his reading age at 13 yrs - not bad for an 8-yr-old! Jason has been representing both school and borough at chess again this season, and this year reached the zone finals in Swansea. He is now the proud owner of a commemorative tee-shirt produced for the occasion! He has also been playing in the church football team with some success. My attempts to learn guitar have sufferred greatly from lack of time, so that I am still restricted to four chords! One day......!

But now I must close so that this can catch the first post out in the morning. Hopefully it will reach you on Friday morning, as yours reached us last Friday, and will be in good time for you to make the rest of your holiday plans. I am enclosing the stamps you asked for - do please let us know if there is anything at all we can do to help with your arrangements for the trip. You've just no idea how much we are all looking forward to seeing you both again!

So farewell for now, with much love from us all,

Roy, Kim, Jason & Adam

(and two extra big hugs for Rokk from J & A!)

P.S. Thought you would like the boys' latest school photo, - they've grown up even more tho', since September! K/

Dear Kim, Roy, Jason, and Adam:

As always, we were delighted to get your letter, Kim, and to know that all is well. I don't know when you've had so much exciting news--Jason's acceptance and scholarship at Trinity School necessitating the move to West Wickham, finding the lovely house there, Roy's new job--just to mention a few things! We look forward to getting more details and reliving the experiences with you when we get there.

I want to get this right off to you to keep you informed about the state of our plans. Now that we know you will still be in the London area, we are able to say more definitely what our itinerary will be, though there may be some minor changes as we hear from other people.

We do appreciate your enthusiastic offer to meet us at the airport and welcome us into your home, wherever it may be at that time. Although we know it will be a hardship in any case--whether you're getting ready to move, right in the process of moving, or just settling into your new place--there doesn't seem to be much anyone can do about it now. And since we know you want to see us as badly as we want to see you, we'll all have to make the best of it and rejoice that we're together again.

I'll start with our itinerary. Our plan is to be with you a few days at the beginning and again a few days at the end. We'll combine this with a total of about six days in London. (Be sure to tell us if you already have reasons why our plans ought to be changed.)

It looks now as though we would be with you on Sunday and Monday, August 3 and 4, and would spend Tuesday and Wednesday, August 5 and 6, in London. It seems to me it would be best for us to go into London on the train early Monday evening and check into a hotel, so we can get a reasonably early start Tuesday morning. We'd stay in the hotel Tuesday night and come back to your house late Wednesday afternoon. I've started to investigate hotel rates and accommodations, and my present inclination is toward either the Bedford Hotel, 83 Southampton Row, or the St. James Hotel, Buckingham Gate. I've written to them and about four others for information.

On Thursday morning, August 7, I figure we would pick up the car we are going to hire for seven weeks. If you are still in Sutton, we might go to the same Budget Rent a Car place in Morden. I've written for current prices, but haven't had their reply. Another company that seems to have reasonable rates is Auto Europe. They also handle the Austin Allegro we liked so well last time. You might try to discover the nearest place they have to Sutton and to West Wickham, in case they are cheaper than Budget Rent a Car.

I thought we would start out by going east to Canterbury, which we failed to see last time, and then returning to Albury near Guildford that evening (Thursday) to be with George and Gwen Witheridge. I've just written to them, so I don't know if that will be a convenient date for them. By the way, have you kept up any contact with Anthony and Francoise, and do you know where they are now?

After leaving Albury, we want to stay in Salsbury a couple of nights before going on to Devon. Then we'll spend a few days in Combe Martin, Berrynarbor, and Barnstaple before our two-week stay at the University of Exeter.

From then on we'll be going to Cornwall, Wales, Birmingham, the Isle of Man, Kendal~~l~~, Scotland, Leeds, Sheffield, Cambridge, and Chelmsford before returning our car on Wednesday, September 24. We would be with you at either Sutton or West Wickham that night.

Thursday and Friday, September 25 and 26, we would be in London, going in on Thursday morning and returning Saturday morning, spending Thursday and Friday nights at the hotel. Saturday, September 27 (Elizabeth's birthday) and Sunday we would be with you, returning to the London hotel on Sunday evening. Monday and Tuesday, September 29 and 30, we would be in London, returning to your house again on Tuesday evening.

We would be with you on Wednesday and until we left for Gatwick some time Thursday morning, October 2. Our plane is scheduled to leave at 1:40 p.m., but I don't know how early we would be expected at the airport. Thus, we would be with you all together about five days and six nights. As I said, if there are things about this schedule that would be difficult for you, be sure to let us know.

Now to respond to some of the items in your letter. I already have a copy of The Mighty Atom, so don't buy one! Among the gifts at the time of my retirement was $50 from the church we belong to. They suggested that I use it for books, so I wrote to an~~d~~ out-of-print book finder, who located a copy of The Mighty Atom in very good condition for $16.00. I haven't tried to find a copy of Lorna Doone, however, so if you find one, I'll be very happy.

We just love the picture of the boys and can hardly wait to see them. Congratulations, Jason and Adam, on all your accomplishments! We, too, wish we could bring Rokk so you could see him. He is growing up very fast and is developing into a truly remarkable dog. We're enclosing a picture of him at 10 weeks old and another at 14½ weeks. The other picture, showing our living room at Christmas time, is one I had intended to send you a year ago. (Note the horse brasses we brought from England in the frame at the left.)

Yes, we have a map that shows West Wickham. I see there is a British Rail station there, and the line seems to tie into the underground at New Cross. We remember well the enjoyable evening we spent with Wendy and Geoff Gray, and we're sorry they have moved to Yorkshire.

Kim, I assume you are still a member of the Society of Genealogists. If you happen to go in to their library between now and when we get there, there is something very helpful you could do for us. It has to do with Elizabeth's Kendall ancestry. We came upon the information that the brother of one of Elizabeth's ancestors was Miles Kendall, who was Governor of Bermuda about 1616. I figured that anyone prominent enough to be a Governor of Bermuda would show up in various records. Among other things, he or his father probably had a will probated back in England.

Gov. Miles
Kendall
of
Bermuda

I read in the little book, Tracing Your Ancestors, by Anthony J. Camp (who was Director of Research for the Society of Genealogists when he wrote this book in 1964) that "the Society has a small staff which undertakes research for members and non-members both in its own rooms and elsewhere. . ." So I wrote a letter to the Society enclosing a bank draft on a London bank for five pounds, asking if they would check their various indexes to see if the family connections and place of origin of Miles Kendall would appear. I didn't think it would take over a half hour to check the indexes. However, after about a month the Society sent my draft back with a form letter saying they were unable to make individual replies at the present time. I suppose the explosion of interest in genealogy has produced an avalanche of questions and requests to the Society.

In case you do get to the Society library, here is a little more information. Elizabeth's first Kendall ancestor in this country was Francis Kendall (b. about 1620), who came to New England with his Brother Thomas in 1640. According to one author, Norman F. Kendall, who doesn't give any documentation, Francis was the son of John Kendall (1580-1660), who was the son of John Kendall (1548-1628) and Mary Miles. Other sons of John and Mary Kendall were William, Thomas, Samuel, Edward, Henry, and Miles. We think this was the Miles Kendall who was Governor of Bermuda. At any rate, it is not a common name, and the time period is right.

Books on the history of Bermuda also indicate that Miles Kendall was a cousin of another early leader in Bermuda, Sir Edwin Sandys, who is referred to as a Kendall descendant. There were apparently other Kendalls also involved in the settlement of Bermuda, presumably all related in some way.

Because the Society wouldn't accept my bank draft, Kim, I'm sending you a five pound note for your help. If you don't have a chance to go in to London, we can check the Society indexes when we get there. But if you do get there and find something, it will give us a running start on locating Elizabeth's Kendall ancestors in some English parish.

The other pound is for some more airmail stamps. Thank you very much for those you sent, but I've already started to use them, and I know I should have asked for more.

Now just a few more words about ourselves. Elizabeth has been busy giving a number of talks at schools this year, mainly on the subject of how to write books. I guess you know what I've been doing in recent weeks. Jim is still getting along well in his new living arrangement, and he enjoys his occasional visit with us and Kokk. Tom is doing a great job as director of a special project of working with hard-core, recidivist psychiatric patients. He and Virginia are both working on Ph. D.'s at Northwestern University, and we think they are putting off thoughts of marriage until they get their degrees.

That's all for now. One of these days we may decide we should telephone you about something, so you should probably tell us if your phone number is still [redacted]-641-2994. Ours is (612) 377-4810.

Love to all of you from all of us,

[Final trip plans]

July 24, 1980

Dear Kim, Roy, Jason, and Adam:

We can hardly believe that the time of our departure for England is almost at hand. I decided today that I would have to write this letter tonight and mail it tomorrow morning if it is going to get to you before we do. It's over two months since I wrote you in May, and much has happened in terms of planning and preparation for our trip. I suppose we could wait and tell you all this when we arrive, but that will be a busy time, too. So I thought this information might be easier to absorb in written form. We still may decide to telephone you next week before we leave.

Because of your forthcoming move, I know you are even busier than we are. After all, I'm retired, and I'm supposed to have time for things like this. I've been expecting a letter, however, telling us where you expect to be living when we arrive. Perhaps our letters will cross in the mail. In any case, I've just had to assume that for now it is still Sutton, and I've given many people your address there, on the assumption that at least for a while after you move, mail will be forwarded.

Our arrival at Gatwick Airport is still as I described it: 7:00 a.m. on Sunday, August 3, on Northwest Airlines Flight #44. However, our total stay in Britain has been extended one day, as they canceled the return trip originally scheduled for October 2. Apparently they weren't getting enough business for a non-stop flight every day. So we hope you can put up with us for an extra day. We'll now be returning home on Northwest Flight #45 that leaves Gatwick at 1:40 p.m. on Friday, October 3.

We've made arrangements to hire an Austin Allegro from a company called Auto Europe, because it was considerably cheaper (or should I say less expensive?) than Budget Rent-a-Car. However, the closest place we can pick it up is in the Kensington area in London (84-90 Holland Park Avenue). We'll be getting it on August 7 and returning it on September 25.

George and Gwen Witheridge have invited us to stay with them not only on August 7, but also the following night, so we can meet his brother Henry and his family. Then we'll spend a night in Salisbury as planned and go on to Berrynarbor for Sunday evening.

I won't go into all the details of the rest of our itinerary now, but I'll have it typed up for Jim here at home, so I'll xerox an extra copy for you, so you can forward mail during our stay in Britain.

There are still a few uncertainties about our schedule. For example, we had expected to go to the Isle of Man to see a Methodist minister and his wife, whom we met here when he was an exchange preacher. They haven't replied, but we heard through the church he preached in here that they were in a serious automobile accident in May, so that trip will probably not materialize.

There was another George Witheridge we had expected to visit in Wales (the one we call George the second, because we met him after the George in Albury). However, in April(!) we had our Christmas greeting to them returned saying "Gone away," and after correspondence with some of his relatives, we learned that he had died in 1978. Now we have worked out a visit to his brother and two sisters in Llanelli, Wales, and also a visit to his nephew, who lives in Nuneaton, Warwickshire.

We've also discovered another Witheridge family in Hertford Hill, near Warwick, who had been in correspondence with George the second and even had visited them occasionally. They thought they were related to George, but hadn't figured it out. They are a sister and a brother, both retired and unmarried, Bessie and Dick Witheridge. We'll be staying one night with them.

We were fascinated to learn that Bessie breeds, shows, and judges Cardigan Welsh Corgis, so we told her about our passion for Norwegian Elkhounds. She then told us about a three-day dog show in Birmingham at the time we'll be there, so we want to attend when the Elkhounds are being shown.

While we're in Scotland, we're going to meet Neil Witheridge in Aberdeen. He's the ~~son~~ brother of the Dr. Edmund Witheridge who used to live in Stony Stratford. You remember we stayed overnight with his widow Jean in 1976. Neil teaches in an academy in Aberdeen, though he lives in Stonehaven.

Our trips into London are set up just as we told you in our last letter, and we have reservations at the Bedford Hotel. In other places we'll be staying in some hotels, some bed and breakfast guest houses, as well as in some private homes. In Cambridge we'll be in Madingley Hall again for three nights, and of course we'll be two weeks at the University of Exeter.

Did I tell you we'll be leaving Rokk with his breeder while we're in Britain? We were delighted when she offered to take care of him. She also has his litter-mate sister, so they'll have good times together. He'll miss us, but not as much as if he were in an ordinary kennel.

~~We~~ We're anxious to know how your plans are working out, and we hope all is well. We get such a warm feeling when we think of being with you again. We can hardly wait!

All our love,

David + Elizabeth

25th July 1980

Dear Dave & Elizabeth

It was lovely to have such a quick reply to our last letter — I'm only sorry I haven't been able to return the compliment with another quick reply. I really had intended too, but the past six weeks have been a continuing saga of "the best laid plans" going off astray.

Briefly, we lost the buyer for our house & had to put it on the market again. We found another buyer, only to find a short time later that the owner of the house we were buying had re-advertised it and started negotiating with someone else — something we discovered only by accident. When we lost our purchase, our buyer decided he couldn't wait, so within 48 hours we were back to square one. We have now found another house in West Wickham and are awaiting a decision from a couple who seem interested in buying ours. But it does mean that all the paper-work has to be done over again — to say nothing of all the fees!

Additionally we have been trying to resolve the final hassles with Roy's previous employers over money & documentation, & I have been trying to complete a rush copy-editing job for John Murray the publisher. With both boys changing schools & two sets of uniforms, medical forms etc to sort out, it has been a particularly hectic time. But hopefully things will be calmer from now on.

To answer your question, our local directories show no entries for Auto Europe, so I can only assume they don't have an office in this locality. I hope by now you will have heard from Budget, as I rang them & asked them to send you another rate card etc. in case you didn't receive the first.

With regard to your Kendall ancestors, Elizabeth, I am planning to do some checks tomorrow. I thought I'd start with PCC wills, both for Kendall & Sandys, & then check some shipping passenger lists, which usually give town and/or county of origin. Some of the earlier passenger lists to New England have been published, & there is just a chance I could locate Francis & Thomas Kendall & locate the area of their origins that way.

As far as the Society of Genealogists is concerned, I have in fact discontinued my membership. Their organisation is increasingly inefficient — witness the month it took to answer your enquiry with a pro forma letter — and the state of some of their archive material is appalling. These, coupled with the facts that their sources on Devon are limited, and that materials like the Mormon microfiche are now readily available free of charge elsewhere in London, made me feel that, for the time being at least, there was not enough worthwhile gain for membership. Perhaps when they find new premises & get sorted out things will improve.

We were delighted with the photos of Rokk – he is certainly growing into a handsome dog – & we loved your Christmas photo too. We have just had some photos printed of the latest family event, the wedding of Eva's other granddaughter Elizabeth. Her husband's name is David — a good combination of names, don't you agree?! We have also just heard that Caroline & Nigel expect their first baby in March — great excitement! I'm hoping you'll be able to meet them this time.

Your planned itinerary is fine with us, although from a selfish point of view, we wish you could spend all the time with us! So if you find that changes are necessary, & you have spare days, or need to break journeys, your room will be ready & waiting.
For now I must dash to get this off to you in time to reach you before your departure, so will say farewell until we see you at 7am at Gatwick on the 23rd. With love to you all, & really looking forward to seeing you,

Cass, Kim, Jason & Adam.

13th August 1980

Dear Dave & Elizabeth

Thank you so much for your lovely card of Salisbury. It was good to hear all your news & to learn that your journeys had been safe — despite the extra circular tour of Canterbury!

[Norah Gregory]

Did you have enough time in north Devon to glean all the information you wanted from Norah (have I got the right name?). I'm sure they must have had so much to tell you, that you'll be glad of the time in Exeter to sift and assimilate it.

We had hoped that we might have managed a short visit to Norfolk at some time to combine research with visits to Roy's sister & his nieces & their families, but it doesn't look as if we shall be able to now, for our house deal has just fallen through again. The owner of the house in Langley Way has decided to sell to someone else, so we are again back to square one. We have instructed another agent in Morden to act for us in the sale of this house, & have gone back to all the agents in West Wickham to be re-instated on their mailing lists.

One thing that may make it temporarily easier at the Wickham end is that my mother is 'house-minding' for my cousins Brenda & Ron while they are away on holiday. They have said that we can stay there with mother if we wish, and as it's only a couple of miles from West Wickham we may take up the offer for a night or two if we find we need to.

We will keep you posted on developments as and when they arise so that you will know what to expect at the end of your tour – though frankly it will take a small miracle for us to be moved by October after this setback! But we live in hope.

The boys are continuing to enjoy their holidays despite the erratic weather. Last Sunday we were scheduled to join the church picnic after morning service. Unfortunately Roy had to bring me home as I had a bad migraine, but our teacher friend Shirley kindly took the boys under her wing, so that they could enjoy the picnic & the games that followed. They came home very hot & tired, but very happy!

But now I must close so that this can catch the first post out in the morning, to reach you for the 15th. We do hope you both have a lovely birthday celebration day & a really good time in Exeter

With love from us all,
Ray, Kim, Jason & Adam

August 14, 1980

Dear Kim, Roy, Jason, + Adam:

We are now at Exeter trying to catch our breath. Except for an occasional hitch, things are going very well. However, we wish it would stop raining.

I have some later information about places we are staying. The Home Lea Hotel in St Andrews on Sept 11th is now confirmed, and the Telephone there is (0334) 73252.

Rigghead Farm in Strathaven on Sept. 14 is now definite. Sept 6-8 we'll be staying at a guest house called Brantholme, 7 Sedbergh Road, Kendal, Cumbria LA9 6AD (Phone: Kendal 22340).

We're still uncertain about Aug. 27-29, Sept 1, Sept. 4-5, and Sept. 21.

On Monday (Aug. 18) we're going back to Combe Martin, as Una Parsons and Myrtle Blackmore have planned a little gathering of any others they can secure who descend from any of the same family lines I do. It may be only a few or a dozen.

We'll stay overnight at the Lodge in Berrynarbor again and then go on to Cornwall for a couple of days, staying at Pencourt, Ferris Town, Truro, Cornwall (Phone: 0872-74946)

The two most interesting things we discovered in Combe Martin are (1) that the last name of

Aug 14, 1980 - 2

Susanna Blackmore (wife of William and mother of Clara) was Berry, so that adds another whole family to be searched in North Devon. And (2) Norah Gregory turned up an article by Roger Pine in the Devon Family Historian that traces the Devonshire Pines (Pynes) all the way back to Spain in the 13th century, and he says the Berrynarbor Pines are part of this. Now I'll have to see if I tie into this.

At Barnstaple I came across the Devon Protestation Returns, 1641, Vols I + II (indexed), published in 1973, and I'll want to talk to you, Kim, about these.

We're still eating the mints that Adam gave us just before we left. We call them 'Adam's little mints,' and we have them in the car where we have one every day or so.

Now I have to get to bed so we can get up and go to the Westcountry Studies Library tomorrow morning.

Love to all,

Dave + Elizabeth

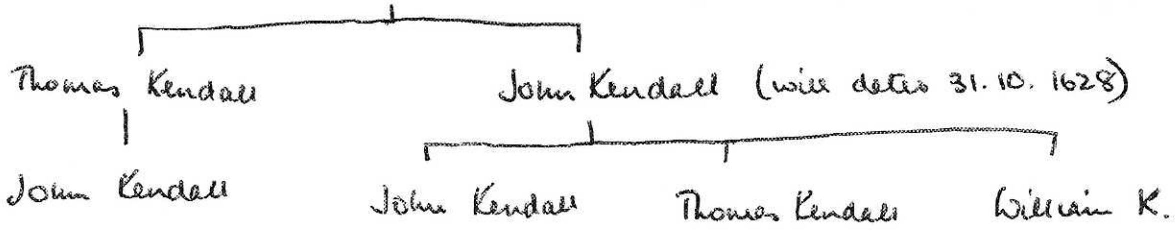
15th August, 1980

Dear Dave & Elizabeth

Just as we were going out of the front door yesterday morning to post our letter to you, we found this package on the doorstep! Hence the hasty note on the back of the envelope. But I wanted to check the contents of the package before forwarding it, just to make sure that the order was correct & complete. It is!

I don't know how good your palaeography is; mine's a bit rusty, but I managed to read most of the documents. Neither of the Kendall families (Wiltshire & Derbyshire) tallies exactly with the details you have. The Wiltshire family seems to have consisted of three sons & a daughter, William, John, Nicholas & Alice. William & John appear to have died without issue, Nicholas had a daughter Dorothy, & Alice married a Mr. Rogers & had two sons Thomas & William. Thomas Rogers seems to have been less than popular (in one will he is cut off with a shilling). Thomas had a son, also Thomas, & William had a daughter Margaret, but there is, from these wills at any rate, no evidence of male descent in the Kendall line.

John Kendall of Melborne, Derbyshire, looks a more hopeful proposition, however. John Kendall had a brother Thomas (presumably older than himself, for Thomas's son John was of age before his own children were). The names mentioned in the will give these relationships



Also mentioned are two cousins (but note that the term cousin was then much more loosely applied, & implied a general, rather than a specific relationship) Hester Hopkin & Sarah Rowdidge and one of the witnesses is John Hopkin. Hester & Sarah may well have been nieces. But here at least there is evidence for continuing descent in the male line. And as the reference to his brother Thomas is made purely in passing, & only because he is appointing his nephew John as joint guardian of his children, it may be that the elder John had other brothers beside Thomas who are not mentioned.

The will of Sir Edwin Sandis is much more complicated, & much of it is taken up with legal convolutions. He names five sons & three daughters, Henry, Edwyn, Richard, Robert, Thomas; Frances Elizabeth & Penelope, as well as other relations including Gerard & Katherine Skrymshire, Margaret Sandis & James Burlegh. But possibly most interesting from your point of view is a reference to "land at Stoneham, near Dartford, purchased of my brother

Sir Miles Sandis and he of Queen Elizabeth". So if Edwin Sandis had a brother Miles (then a quite uncommon name) it is possible that their mother (or grandmother) was a Miles + therefore related to the Mary Miles who married into the Kendall family. This would explain the relationship between Edwin Sandys + Miles Kendall. Of course this is only theory, but a family of such standing should be very well documented + almost certainly listed in Burke, which should be available in every library.

If you should decide to visit Melbourne, which is just south of Derby, or the Record Office in Derby itself, you will be within easy striking distance from Nuneaton.

I am also enclosing another letter which arrived today from North Devon.

We hope you are having a specially good day today – here we are enjoying the first bright sunshine of the week, following a night of quite lurid electrical storms. The boys are enjoying the chance to play out in the garden again, but I shall be desk-bound for the rest of the day, as a new batch of galley proofs has been delivered and I want to get them finished to return on Monday.

So now I will close + make a quick cup of coffee before settling down to work with this, while the boys go to the Post Office but I will doubtless be putting pen to paper again next week!. Hoping you are having a good time, meanwhile.

With love from us all.

## Letter from DEW to the Cook family, transcription by the editor (TFW) of a very faint copy of a handwritten document

Dear Loved Ones,

The other day I was looking at our large-scale Bartholemew map of South Devon, and near Newton Abbot I suddenly saw a place called Witheridge. Then I remembered, Kim, that you had spoken of a Witheridge Farm. So I checked and found that your letter said it was near East Ogwell, which this is, though it doesn't say "Farm."

We just got back from a most delightful visit there. We found there a lovely family of John and Jane Usher, with their son Julian and daughter Jennifer. They welcomed us in and gave us coffee on their patio overlooking the valley — a charming location. Their place is called Witheridge House, and down below [it is an?] older place called Witheridge Farm, though we didn't go down there. Mr. Usher teaches at a nearby Seale-Hayne Agricultural College.

They have only lived there a few years, so they don't know much of the history of the place, but if we find out anything they want to be told. So we'll probably be corresponding with them in the future. (Their address is Witheridge House, Ogwell, Newton Abbot, Devon [postal code illegible].) [Most of the next sentence is illegible, but it was something about genealogical studies and DEW taking some pictures of the family. It ended with "pleasant experience."]

The weather is now improved and we are enjoying our stay in Exeter very much. We've spent a few days at the Record Office and the Westcountry Studies Library, but time seems so short! Of course we took a day out to go back to Combe Martin and then on to Cornwall, where we picked up two new ancestral lines, Hocking and Tregunna.

We haven't pinned down the Kendall connection yet, but the [illegible word starting with E] Sandys will you sent is definitely the one who was in Bermuda and was the son of the Archbishop of York. The information ties in with what I got at the Society of Genealogists. I told you about that, didn't I?

On our itinerary cross out [illegible] House on Sept. 21. [Rest of paragraph illegible.]

We hope you are beginning to have some movement again in your house selling and buying. and we hope the boys are enjoying [illegible words] summer vacation.

Love to all from
David & Elizabeth

Dear Dave + Elizabeth

Many thanks for the postcards — we were pleased to hear how well your visits have been going + how well you are doing with your researches. You've probably seen more of Britain than we have by now! Certainly we've not yet managed to visit the Lake District — it must be very beautiful in its Autumn colours.

I hope the mail we have been forwarding has reached you all right, + not hopping on behind you! This one arrived yesterday, having obviously gone second class despite the second franking. I thought it might be urgent, so rather than risk it going second class again, thought I'd put it in with our letter. We couldn't help noticing the Prudential stamp on the back + hope it doesn't mean you've had problems with car or luggage.

Life here has been very busy. Jason starts at Trinity ten days ago & loves it. Last Wednesday he did a 2.7 mile cross country run in very windy conditions, & clocked 29½ minutes – not bad for a first-ever run. He enjoyed it & will probably join the regular weekly run to help him keep fit. Lessons for the first week were easy & homework almost non-existent (apart from covering books etc!) but the "honeymoon" period is now over. He does find the long day & travelling tiring, so the sooner we can sort the move out the better.

The good news is that we have sold the house – subject of course to the purchaser selling his own property. As his is a flat in a lower price range, it should go to a first time buyer, thus ending the chain.

We have seen a house we like, which is bigger than we thought we could afford, but the owner is desperate to sell quickly & will accept our price as soon as he knows that our purchaser's flat is sold & the chain is complete; so we are praying that no-one else comes along meanwhile who could purchase the one we want sooner than us. It would really be the ideal house for us, as not only does it have three fair sized bedrooms (smallest 6'9 x 13'), it also has a study which would be a real boon. We should know within the next ten days or so if the deal is on.

Adam has started back at school too – he is a much improved lad since our visit to Shrewsbury over the Bank Holiday.

Our Christian Outreach Group staged a Christian Rock Festival in Wimbledon last Friday – very hard work, but well worth it. Over 600 teenagers, including some punk rockers, turned up. Many were already Christians, but some were hearing the gospel message for the first time. Already the enquiries are coming in for the next concert – so encouraging. Things at Roy's work are now much more settled & he is enjoying it more. They are talking about going into refrigeration now, which would really please Roy. I am now inundated with the page proofs of the English Studies book & trying to get the next issue of 'Lookout' under way. There don't seem to be enough hours in the day right now, but things should ease up in the next ten days or so, thank goodness.

Do remember us to Eric & his family – I'm sure you're having a lovely time with them. With apologies for the atrocious writing – am rushing to catch the post!

With love from us all,
Roy, Kim, Jason & Adam.

P.S. A big tube has arrived for the PRO – will ring you to see if you want it forwarded.

Dear David & Elizabeth

It was lovely to speak to you both & be reassured that all is well. You must have been really thrilled by the call from Jim & to learn that all is well with him too.

We had a lovely time with Caroline & Nigel on Sunday afternoon. Unfortunately they won't be able to come over on Elizabeth's birthday as they are going to a wedding (obviously a popular day for it!), but are hoping to be able to come over on Sunday instead.

Roy is quite taken aback by his promotion, as he has only been with the firm since June, but I'm delighted that his integrity & expertise have at last been rewarded. We'll have a double celebration now!

Wishing you good weather, safe journey & good hunting!

love from us all,

November 16, 1980

Dear Kim, Roy, Jason, + Adam:

First of all we want to thank you all for the grand way in which you welcomed us with open arms and did so many things to make us feel that your home was our home while we were in Britain. We love you all and think of you often, though we can't be sure just where you are now. We wonder how your house deal is coming and whether you are in Sutton or in West Wickham. We hope it is working out well.

Our trip home was very pleasant, except for a long wait at this end to get our luggage. Jim was waiting for us, and it was great to see him again. Our reunion with Pokk was also a great thrill. He was in excellent health and spirits. We know he missed us because for weeks he was very apprehensive when we left him and ecstatic when we returned.

Life has been very busy since our return. Many things had to be done around the house that had been let go during the two months of our absence. There was a lot of work to be done around the yard and garden — leaves to be raked, roses to be put to bed for winter, bushes to be trimmed. Then I had to spend some time taking off window screens and putting on storm windows. There is still more of this to be done.

I think it took me at least two weeks to get caught up on two months of mail. There were bills to be paid and other business to attend to. Just unpacking our bags and putting everything back where it belongs took quite a bit of time.

Our trip interrupted the process of converting Jim's room into a guest room, so we had to get back to that right away. Elizabeth has been making curtains, and I have had to revise the arrangement of rods. We had to shop for a headboard for the bed and were fortunate to find a lovely one that was not too expensive. I still have to attach it to the frame.

Of course, one of the big jobs was having the slides developed and ready to show. We took over 300 slides. When we got them back, we had to go through them and put the numbers and titles on them in accordance with the record I had kept. Then we separated out about 50 that are only for family showing — pictures of relatives and related matters. There were also about 50 that were 'second rate' or perhaps just extra shots of the same things — like sheep in Scotland or ducks at the University of Exeter. So we ended up with about 200 slides we had to arrange in some reasonable order. We've now shown them about a half dozen times to various groups.

In between we had to select which ones we wanted to make prints from, and to whom we wanted to send them. This was a little tricky, because making the prints takes a week or ten days and we had to fit this in between slide showings. Most of the prints came out rather well, but we were disappointed in the ones of your family. You'll remember that I was unhappy about having to take them so late in the day. The light and the color are not good, but we knew you would want to see them anyway. I hope the ones you took — or rather I took on your camera — came out better.

The box of things we mailed home on the last day just arrived a couple of days ago. It took just about six weeks. The customs office here hadn't even opened it for inspection. Now we are about to mail a box to you, but since it will also take about six weeks, it probably won't arrive in time for Christmas — but you'll know it's on the way.

The last few days we've been busy looking for and buying a new car. Ours was 6½ years old and had 90,000 miles on it, so we didn't want to go through another winter with it. We waited until the end of the model year in order to get a good price. We finally settled on an Oldsmobile Cutlass. It's an intermediate sized car — much smaller than our last one, but not a true compact. It's a V-8 with automatic shift, but still gets very good mileage, and it's heavier, smoother, and more powerful than the compacts. It's a lovely burgundy red — really very good looking.

I've been so busy I've had to defer action on my genealogy, except for a day or so of sorting out some of the materials we got on our trip. I hope to have time soon to get down to serious business, and I'll be looking for those certificates that were supposed to have been sent to your address from St. Catherine's House. Last week I did go to a meeting of the English Interest Group of the Minnesota Genealogical Society, though I must admit I really didn't learn anything new.

I'll close now and let Elizabeth write a few lines. I'll write again after I get a little deeper into my genealogical materials. Love, Dave

Dear Family,

Although David expressed our thanks for your wonderful kindness to us when we were with you I just have to add my own special love and thanks to all of you, including the boys. I know it wasn't easy for you because you had your house problem on your mind, but no one could have been lovelier!

There a few more things that I want to add to David's letter. In the first place I'm going to send the boys' thanks to you, for the gifts you sent to them. I think I've mentioned to you that Jim just isn't a letter writer. He would never put pen to paper if he could possibly help it! So I'm used to apologizing for him, but Tom is usually very good about writing thank-you notes. However, right now he's deeply immersed in his Ph.D. thesis so he just may not have written. Jim went to Chicago for a few days' vacation soon after our return, and duly delivered your gift and our "coming-home" presents so we know he received them. However, we haven't heard from Tom since except for a tiny note on a piece of scratch pad paper saying, "We'll be home for Thanksgiving!" Jim, we know, was very pleased with your tape and your thoughtfulness in sending it to him. He is so busy these days that we have just short drop-in visits with him. However, he will be home for Thanksgiving, too, bringing three friends, so there will be eight of us to eat turkey that day, November 27.

While I'm on the subject of thank-yous I must tell you how thrilled I am with my beautiful new cook book, Kim! I have already shown it to quite a few of my friends and it is greatly admired, and the recipes I have tried from it greatly enjoyed. Robb's breeder who cared for him while we were gone is coming for lunch tomorrow and I plan to use a delicious salad recipe from the book.

We've just heard that Jenni and Dick are going to Rome for two months beginning Jan. 10 and then plan to spend two months in Great Britain, probably March and April. We're sure they will want to get in touch with you, so if you let us know if you have a change of address we will try to pass it on to them

We've had a delightful note from Sir John Ruggles-Brise since we've been home. Such a dear man! He's had a bad attack of bronchitis recently and was planning a two week trip to Egypt to recuperate. Said he had persuaded one of his sisters to go with him.

Hope you'll have a chance to read the splendid article about our Twin Cities of Minneapolis and St. Paul in the November, 1980, issue of the National Geographic. We're all so pleased with it.

Now I think I must say goodbye for now. This morning David I did get the new headboard attached to the bed and my curtains are quite a success, if I do say so myself (!) but there are still many more things to do before the room can claim its new title of "guest room". Some day when you come to Minneapolis to see us, there will be loads of room for all of you! We hope it may be not *too* far in the future.

My best love,

Elizabeth

P.S. We've had a beautiful fall – no snow here as yet, and a good deal of sunshine for November. Our North country in Minnesota has had snow but so far none for us. If it waits until Christmas it will be fine with us.

E. P. W.

Dear Robyn,

You may have heard from Una that we are planning a month-long trip to Britain beginning about the middle of May. We'd greatly enjoy meeting you and your family when we get to Exeter, and I am writing to tell you about our plans.

We expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, and then hire a car for three weeks for a trip around England, Wales, and Scotland. We'll start out with three days in Sussex, and after a stop near Guildford, we'll arrive in Exeter on the late afternoon of Wednesday, May 25, and settle into a hotel near the center of the city.

On Thursday we want to spend some time at the Record Office and look around at a few places, such as the Cathedral, which is one of our favorites. On Friday morning we'll be going to Barnstaple, and on Saturday and Sunday we'll be in Combe Martin.

We hope you are going to be home at this time. We thought we could come to your home Wednesday or Thursday evening, May 25 or 26, to see you and your family. If that wouldn't work well for you, maybe you could be our guest somewhere for lunch on Thursday, but that way we wouldn't meet your family.

I assume you haven't had a chance to do anything at the Record Office yet, but I understand how hard it is to find time for such things. Don't worry about it. We'll talk about it when we get there.

We look forward to hearing from you about the possibility of our seeing you on May 25 or 26.

Yours sincerely,

David + Elizabeth Witheridge

Dear David and Elizabeth,

I feel so ashamed that I have failed to write to you before, that it is hard to put pen to paper! However, I am delighted to learn of your impending visit to England and very much look forward to meeting you.

As part of my course, I have to accompany a school on a residential field trip, and this was planned, in my case, for the week beginning May 23rd. However, I have managed today to change this to a week in June, so hopefully we shall be able to arrange a meeting. I understand from Auntie Una that your plans may have changed to include a reunion in Combe Martin on Thursday evening (May 26th) which means that, unless I can manage to get to Combe Martin for that evening, Wednesday evening is our only chance of a get-together. (Unfortunately lunch times are out because I shall be at College in Exmouth all day.) We normally spend the early part of Wednesday evenings (until 7.45) at the Police Training pool with the local Asthma Society, but I shall try to find someone to take over my duties there. My husband, Andrew, will unfortunately be working until

10 pm that week, so he will sadly be unable to meet you on this occasion. Perhaps it would be easiest if you telephoned me when you arrive in Exeter - I should be home by 5.30. I will then be able to meet you to escort you to our home which is difficult even for locals to find!

To return to your initial requests for information from the Record Office/West Country Studies Library, I did, in fact, manage to make some enquiries for you, but the results were so disappointing that I was determined to persevere in order to be able to write to you with some good news. This was a mistake, of course, as I have been unable to find any time since to continue the search. I really do apologise for not having given an immediate report of my findings.

I located the Olive Moger abstracts with no difficulty, but was dismayed to find no Witheridge entries. (I decided to check on the Blackmore entries just to ensure that I really was looking in the right place)-I was reassured to find these.) There was another bound collection of Wills - I could find no clue as to who had made the collection, but again no Witheridge documents were included. My delight, incidentally, on finding a handful of Ley wills made the search worthwhile, but was checked by my disappointment at not being able to help you. I asked the staff at the Library and in the Records Office, but they were unable to point me in any profitable direction.

In my earlier searches for Ley entries I had come across a Susanna Ley who married Henry Witheridge on 28th October 1715, and a Rebecca Ley who married *William Witheridge on 20th July 1723. Although I have found no link between these Leys and our own family yet, I would be interested to know if you have any information of these Witheridges. I can see we shall have much to talk about – I just wish that I had more time to spend on the search.

* My 5-gr. grandfather + brother of John, your 6-gr. grandfather

I am enclosing the £10 you sent initially as you will now be able to make good use of it yourselves. It was certainly never my intention that you should pay me — I would have been delighted to have been able to help you, and feel so sorry that I have let you down.

Yours sincerely,

Robyn Connett.

April 22, 1988

Dear Robyn,

The time for our trip to Britain is drawing close, and I am trying to complete our itinerary and all the arrangements for seeing friends and relatives. At this point I haven't received a reply from you to my letter of February 4, and I hope this doesn't mean that you have had serious illness or other problems in your family.

We have had to make a few changes in our schedule in Devon, but we still plan to arrive in Exeter late on the afternoon of Wednesday, May 25--perhaps as late as 6:30 p.m. We have written for a reservation in the White Hart Hotel, but have not received confirmation of this yet.

The change is that we are not going to be able to spend all day Thursday and Thursday night in Exeter. Una and the others in Combe Martin have planned a get-together there on Thursday evening, so we are going to leave Exeter early Thursday morning and spend as much of the day as possible at the North Devon Athenaeum in Barnstaple and then go to the Thursday evening meeting in Combe Martin. We'll stay at The Lodge in Berrynarbor that night. Then on Friday morning we'll drive back to Exeter to spend the day, returning to Berrynarbor in the evening.

That means there are now these three times when we could see you (and your family, if possible): (1) You could come to our hotel on Wednesday as our guests for dinner, or you could meet us there later in the evening. Or we could drive to your house in the evening if you can tell us how to get there. (2) You could meet us as our guests for lunch on Friday. Or (3) you could be our guests for an early dinner on Friday evening, after which we would drive to Berrynarbor for the night.

We'd be very grateful if you would drop us a brief note in the enclosed envelope and let us know which of these alternatives would best fit your schedule. Since we'll be so close to you, we do want to meet you somehow. If we don't hear from you before we arrive in England on May 14, we'll try to reach you by phone.

Yours sincerely,
David + Elizabeth Witheridge

Dear Clara,

Pardon me not answering your letter sooner, but I am an ardent war worker these days. Now I believe Grandfather Witheridge's name was John. Uncle Ned was like him. When we were East in 1943, they had not heard from Ned for years; if he were living, I know he surely would go to Laura's, for he knew he could get all he wanted to eat & drink & also money. I never heard Dad or grandmother mention any other Witheridge, and it never occurred to ask. Grandfather Curtis sailed with the Marines for Mexico the time of Maxmillian; that was the last ever heard of the boat or men. The Mexicans cut off the Austrian Maxmillian's head. Grandmother Witheridge had 3 farms before she married J. Witheridge. There was a squatter on one of them when I was there, and Geo. Chivers and I stayed in the stone house of the other farm called the (Ham). It was a grand place and I picked apples (Sheep nose) from trees planted by dad when a boy. Some of our people owned the (King's Arms) Hotel across the road from the farm house. Grandma W. had a nice sock, I think, but we never received a cent of it. Do you remember you all spent a time with us in Cleveland? Christina was the baby. Well, that Xmas she sent us $310.00, but Dad sent it back, which made Uncle Ned very mad. Again in 1900 Dad and I visited them and our people in London. When we left, Granny sent Grandfor down to the depot and wanted us to take $500, but we would not take it. After Granny died, dad wrote to John Adams, aunt Susie's husband, and I guess he just told him to go to --. So if anyone got anything out of it, it must have been him. Do you ever write to George Chivers? John Chivers surely would know all about it. Devonshire is a beautiful Country and the Grandfather's clock and all of Grannie's dishes & furniture hundreds of years old, a lot of it was still there. A School chum of Grannie's was living there; she paid 30 shillings a year or $7.50 at that time. She said Granny told her she could be buried in her plot in the church yard. Combmartin the town where they lived is a street (or rather was) about a mile long skirting the bay, and the cliffs are chalk as are the white cliffs of Dover. Dad said when Granny was a widow and before she went to Wales, he used to haul lime from the cliffs to burn and put on the farm. He was 9 yrs old. The old church was built by the Romans in the year 1100, destroyed at the time of the reformation, and restored in the year 1300. The Carvings are wonderful, and about everyone in the town are related to us. Marie Corellie's Mighty Attom was written about this old Church and place. And if you have read & loved Lorna Doon you can say it was about this old historic place, and I believe the old Sexton in the book was still alive. Dad never tired reading Lorna Doon, as all the characters were known to him & he loved them all. There are so many Curtis' on this West Coast I wonder sometime if Grandfor Curtis did not get to Mexico or near there. Never heard of any other Witheridges except Grandfather & yourselves. Maybe they also were Nomads--I mean the old time men. Love from Lou & John.

I remain your loving Cousin John [Curtis]

Esther Duda
documents

April 25, 1966

Dear Esther:

Your father has probably told you of the correspondence we had about some old family pictures. I certainly appreciated the help he gave me in identifying the people.

For over two years I have been engaged in a project of working on our family history. When both my mother and father died, I suddenly realized how little I knew about both of their families. So I began what has turned out to be a tremendous project and has grown into something of a hobby. I have found many, many relatives I never knew I had, and I have established contact with many I had never written to before.

I thought you'd be interested in the enclosed picture, although you may have seen the one I sent your father last fall. You probably know that I am a Baptist minister. After graduating from Colgate-Rochester Divinity School, I was assistant minister in Chicago for six years and minister in Marengo, Illinois, for three years before coming to Minneapolis. For the last fifteen years I have been Executive Secretary of the Greater Minneapolis Council of Churches.

My wife Elizabeth was a kindergarten teacher before we were married. Now she tutors remedial reading and writes children's books. Four have been published, and another is coming out in September. Jim, our older boy, is at the University of Minnesota; and Tom is at Oberlin College in Oberlin, Ohio.

I was most interested in the picture your father sent of your installation as president of the Grandmothers Club. Please tell me all about your children and grandchildren. How about a picture of you and your husband and family? Don't wait to have a new one taken. Just send something you have on hand!

See next page →

← George Allen Witheridge (b. 1887)

Does your father live near you? Is he retired now, or does he still spend a great deal of time at the flower shop? I suppose you see him rather frequently.

One of the pictures Arthur Allen sent me, which I asked your father to identify, was a picture of Jennie and Sidney Brown. This was the first I had known of them. I guess Jennie is a first cousin of your father and my father. Are they still living, and if so, what is their address? Did they have any children and grandchildren, and could you give me the information about them?

You will also note that I have enclosed a sheet for a biographical sketch of yourself. I'd appreciate it if you would complete this form and mail it back to me.

Elisabeth says to say Hi to you for her. You probably do not remember her, but she remembers you as a darling little girl while you were still in Saginaw. Her name was Elizabeth Plumb, and she also grew up in the First Baptist Church of Saginaw.

I look forward to hearing from you one of these days.

Yours sincerely,

David E. Witheridge

# Grandmothers Club Installs New President, Assistants

SAN FERNANDO—Mrs. Esther Duda of 13974 Hubbard Ave. is new president of the Grandmothers Club, Chapter 66. She succeeds Mrs. Florence Atherton, of 850 N. Brand Blvd.

Mrs. Duda has two sons and three grandchildren, Cristi 7, Cindi 6 and Cassie 1, children of her son George.

The new president was installed last Friday by Mrs. Ruth Harp, past president, assisted by Mrs. Helen Junken of Reseda Chapter 68.

Serving with Mrs. Duda for her term in office are Mrs. Olive Nelson, vice president; Mrs. Martha Le Feber, secretary; Mrs. Sylvia Jacalone, secretary; Mrs. Mary Whitlock, treasurer; Mrs. Vesta Dickson, chaplain, and Mrs. Edna Rosell, flag bearer.

Chapter 66 has 36 members and its roster is open to new members, Mrs. Duda said. A non-profit organization, there are 3000 members of 81 chapters throughout California. Their convention will be held in October 1966, in Pasadena.

Projects of the Grandmothers Club involve work for patients at Olive View Hospital, Sylmar, and handicapped children.

Mrs. Duda announced that the Thanksgiving Day dinner party for chapter members will be held on Wednesday, Nov. 24, at 7:30 p.m. in the Highlander Auditorium, 12831 N. Maclay St., San Fernando. Regular meetings of the organizations are held on the second and fourth Thursdays.

**TAKING OFFICE** — Grandmothers Club Chapter 66 installed Mrs. Esther Duda left, as new president. Presenting gavel is Mrs. Florence Atherton, outgoing president.

May. 9-1966

Dear David:

It was so nice to hear from you and about your lovely wife + fine boys (Men) I would have answered you sooner but David was home from Boot camp (army) on 13 day leave and was doing what he wanted while he was Home. He left May 6 – for Fort Knox Kentucy where he will get special school before he goes to Europe. He enlisted for 4 years so he could choose which theatre + School to attend. He is very interested in Photography + Machines. + had 1 year of College before he enlisted. The draft would have got him in mid-term anyway. His major was Industrial arts.

My Husband passed away last July 2-1965 after an airplane accident injury Broke his neck and he was bed-fast

II

since 1947- We always had a nurse or David + I were with him constantley. He wasn't a Veteran and We had all the comforts for him + We Had a very close Family. He was a very good Man + We were very Happy despite his Handicap He Suddenly developed cancer in the lymph Glands in Nov. 1964 + after that his health + wonderful Spirit was full of pain constantley. It was a Blessing he didnt last long after cancer moved in. He pasted his time reading - Painting - watching T.V + Helping me raise the 2 Boys.

George my oldest son has a lovely wife + 3 darling "Granddaughters" for me to Spoil. She is a good Mother - Cook - + Spotless Homemaker. They live in Santa Ana near the world famous "Disneyland" George Keeps trim golfing - Base ball - and any other excuse to Keep from mowing lawn.

I am really kidding he is a wonderful father & worker.

David wanted to be a Advertising Photographer & was going to college to attain background & training when draft closed in.

I have a boss at home now a 8 mo. old poodle who really is a character, so "Carmellina Suzette" & Esther are keeping each other from getting lonesome with everone away.

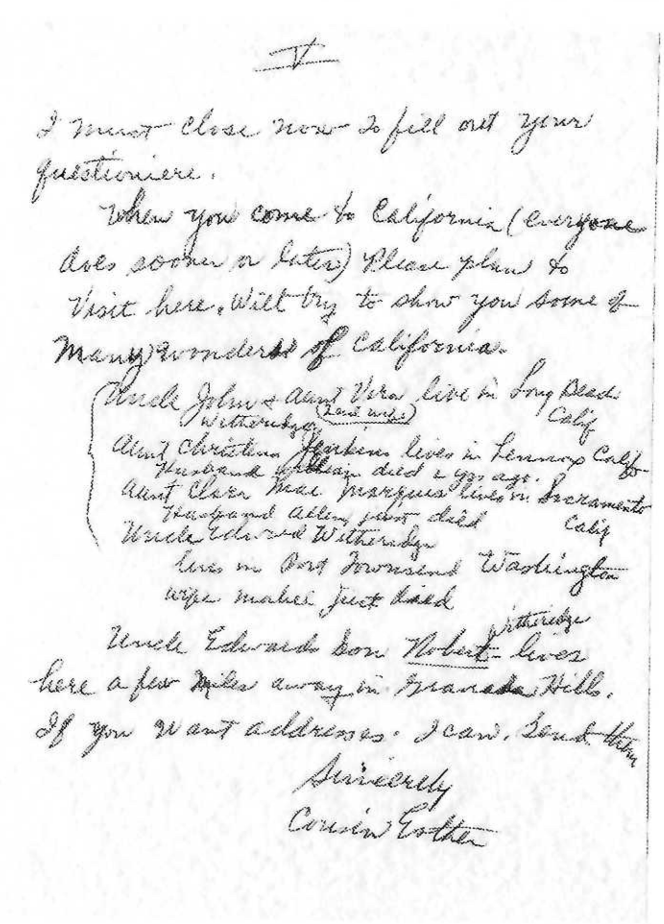
"Grandpa" George sold his home & is living in an apartment in Burbank But he works at Flower Shop 5 days a week. He has no Hobbies & does enjoy his Flower Shop. He is taking a week off this week to rest up after Mothers Day Rush.

I keep busy with clubs when I am not at Flower Shops. Now that I can I like to keep active. Next week a retired Business woman friend & I are going to a convention

In San Francisco. "Business & Professional womans Clubs of California". I am 2nd Vice Pres. & Will probally move up now I have more time.

The Calif. Grandmother's clubs are fun too. our little club has taken on a ward of Handicapped (Physically) children (from 3 mo to 11 yrs old) Every month we take a Birthday cake for all who have birthday - (but all have a piece (large cake) 30 children) Xmas we helped Santa when he visited them. This is a County Hospital (They are of poor families) The wonderful medical staff & improvement achieved is heart warming. We just do little extra things the Hospital can't do on limited budget. We do have our favorite little ones. We watch the wonderful progress they make.

Since David has been in the Service he has gotten much comfort from his religious training of his youth. Although I was Baptist when young. My Husband & I got more from our attendance at Episcopal services so raised Boys at that church.



V

I must close now to fill out your questioniere.

When you come to California (everyone does sooner or later) Please plan to Visit here. Will try to show you some of Many wonders of California.

Uncle John Witheridge & Aunt Vera (2nd wife) live in Long Beach Calif

Aunt Christina Jenkins lives in Lennox Calif. Husband William died 2 yrs ago.

Aunt Clara Mae Marquis lives in Sacramento Calif. Husband Allen just died

Uncle Edward Witheridge lives in Port Townsend Washington wife Mabel just died

Uncle Edwards Son Robert Witheridge lives here a few miles away in Granada Hills. If you want addresses. I can. Send them

Dear Esther:

It was a great pleasure to get your letter with all the information and pictures. You do have two fine sons and three beautiful granddaughters (and a lovely daughter-in-law). I am glad to have established contact with you and to know that you are also interested in family history. Later, when I have more complete records of the Witheridge and Allen lines, I'll send you all I have discoverd about our ancestry.

Of course, I was sorry to hear of your husband's death and previous tragedy. Yet it sounds as though you had a wonderful family life through the years.

This past week we were back in Saginaw for the funeral of Elizabeth's aunt, Alberta Plumb. She had almost brought Elizabeth up as a mother, as Elizabeth's mother died when she was very young. Alberta had been a teacher and a grade school principal all her life and had never married, though she had adopted two daughters. Like your husband, she died of fast-growing cancer of the lymph glands.

While we were in Saginaw, we visited the mother of one of Elizabeth's friends. She lives in a very nice nursing home. It happened to be her 90th birthday, and one of the nurses came in to wish her a happy birthday. I was interested to see that the nurse's name (on her badge) was Duda, which is certainly not a common name.

On the way back we stopped off in Grand Rapids, Michigan, to see my sister Louise (Mrs. James F. Mark, Jr.) and her husband. I had your letter and pictures along especially to show her, and she was delighted to see them. I know she'd be glad to hear from you some time. She lives at 1453 Giddings Ave. S.E. My younger brother, John, still lives in Saginaw, but my older brother, William, died two years ago in Birmingham, Mich.

I think I have most of the addresses of the relatives on the West Coast, but I would like the address of George and Sheila for my records. You mentioned Robert Witheridge, which reminded me of a letter I had from an Allen relative in England, Milly Roberts, who said a niece of hers, Kathleen Donnelley, is staying with Robert. I wonder if she is still there and if you have met her.

I appreciated the information about your mother's family. I have one question, though. On one of the family pictures ~~she~~ her mother was called Mrs. Doty. Did she marry a second time; and, if so, when, and what was her husbands full name?

In my last letter I asked about Jennie and Sidney Brown. Are they still living, and do you know their address or the addresses of their children, if they had any? Perhaps your father would know. Thanks again for your help.

Yours sincerely,

2/11/71

Dear Esther,

We have been greatly concerned ever since news came of the earthquake. You are in our thoughts and prayers as we wonder if all of you are well. The articles in the papers are so disturbing that we fear your homes were damaged and perhaps some of the relatives were injured. How about the flower shop? Please write and let us know.

← [owned by Esther's father in San Fernando]

You will be interested in these articles from our paper. You can see why we would be worried. The damage is hard to imagine from here.

I'm sorry that this is one of my busiest times, and I can't write a long letter. We just had the annual meeting of the Greater Minneapolis Council of Churches, and now we are about to begin our finance campaign.

Elizabeth is trying hard to finish her latest book — about an American Indian boy — and get it off to her publisher.

How are David, George, Sheila, the children, and of course your father? We're anxious to hear from you.

Love

David & Elizabeth

Feb-22-71

Dear David + Elizabeth:

Thank you for your letter + Prayers. I feel we are very fortunate. None of us (father, wife David, George + Sheila + Girls + myself) were hurt.

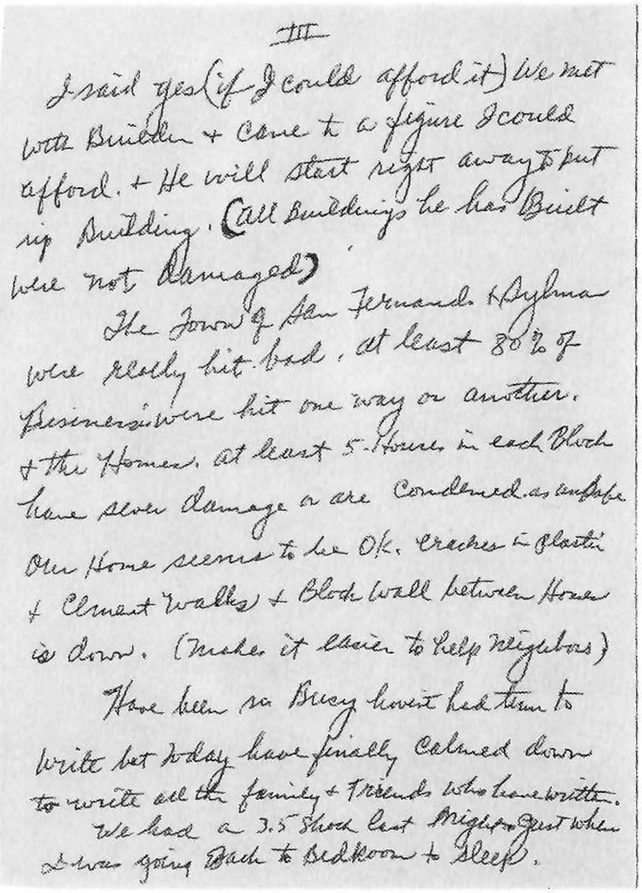
David was really miracle. He was working that nite Eleven PM to 7 AM on 5th Floor of Olive View Hospital as an attendent (He attends College Days) He was walking down the Hall when the quake hit it Knocked him flat. When the large Shock was over the nurses + Patients + Dave formed a hand to hand chain + made their Way down an inside stairway (the outside one fell off) to waiting Busses + ambulances. only one death in all the large Hospital. Of course the Bldg was quake (Built) specified safe. If it hadnt been on the Center of

II

Large ~~Fault~~ I think it would have withstood the quake. As it is the Foundation + underpinning is all twisted beyond repair.

Dads' apt. Bldg is cracked but they claim safe. Our store Bldg was (unsafe) Condemned. We had 6 hours to move every thing out. to. 3 garages + a shed + the office to my Home. The work Room we were asked to use the Back of a Flower Shop in Panorama City. (a friend of mine)

When all seemed darkest + after a nite of Prayer I got a call the next day from our Family Doctor who wanted to Bld a Building for me for Flower Shop on his shopping area. (Ice Cream Store, Drug Store + Dr's offices) with Plenty of Parking area only 1/2 block from old location. Of course



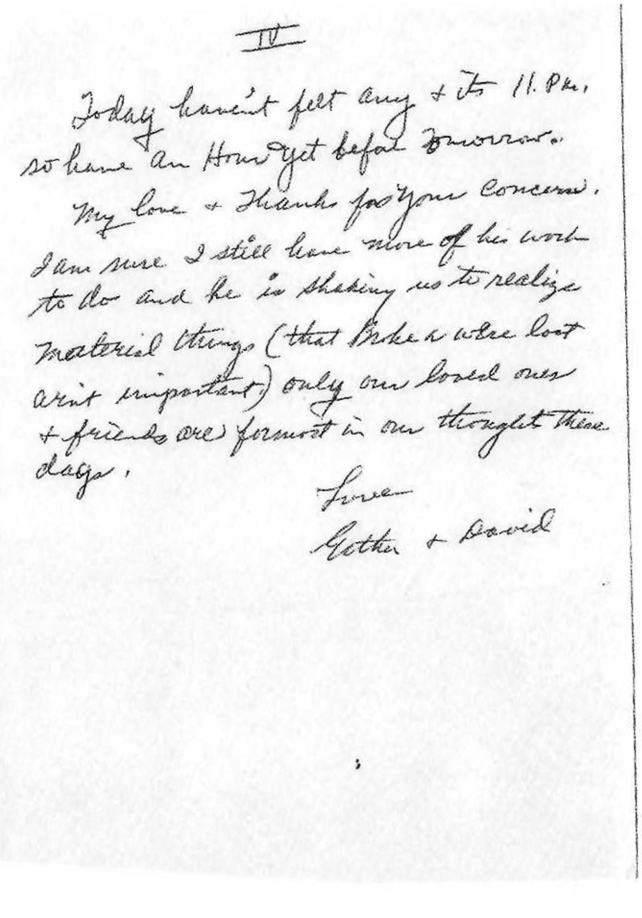
III

I said yes (if I could afford it) We met with Builder + Came to a figure I could afford. + He will start right away to put up Building. (All Buildings he has Built were not damaged)

The Town of San Fernando + Sylmar were really hit bad. at least 80% of Businesses were hit one way or another. + the Homes. at least 5 Houses in each Block have sever damage or are Condemned as unsafe. Our Home seems to be O.K. Cracks in plaster + Cement walks + Block wall between Houses is down. (make it easier to help Neighbors)

Have been so Busy haven't had time to write but today have finally Calmed down to write all the family + Friends who have written.

We had a 3.5 Shock last Night just when I was going Back to BedRoom to Sleep.



IV

Today haven't felt any + its 11. P.M. so have an Hour yet before tomorrow.

My love + Thanks for your Concern. I am sure I still have more of his work to do and he is shaking us to realize material things (that broken or were lost aren't important) only our loved ones + friends are formost in our thought these days.

Love
Esther + David

Dear Esther,

We were glad to get your letter and to hear that no one in your family was hurt in the earthquake. Of course, we were sorry to hear about the damage to the flower shop, but with your good fortune in having a new one built in the doctor's shopping center, it sounds as though it will work out for the best. If I recall correctly, the store is in San Fernando, even though you live in Sylmar.

David's experience in the hospital the morning of the quake was something to remember! I'm reminded of some of the frightening experiences of our son Tom in the past year.

Since graduating from Oberlin College Tom has been working as a C.O. doing alternative service in Boston. He is a psychiatric aide at the Massachusetts Mental Health Center, a teaching unit of Harvard Medical School. One day he heard a scream, ran down the hall and found a woman on the floor in flames from head to foot. He dashed into a room and grabbed some blankets and had the fire out in a minute or two. She had set herself afire.

Another time a fellow employee on his ward or section of the hospital "deteriorated" or had a mental breakdown practically before his eyes, and Tom got involved in locating him outside the hospital and getting him back in for treatment.

[I stayed another year at the hospital and ended up staying in mental health for the rest of my career. T.E.W.]

Tom has about five more months of duty, then he hopes to go to graduate school in the field of creative writing.

Our other son, Jim, is also a C.O. doing Alternative Service. He, too has several months left to do, but he's out of a job at the moment and is having a hard time in the present job market finding one that will satisfy the draft board. You have to find your own job; they don't find one for you. Jim dropped out of the University of Minnesota, so he still has his education ahead of him. Life has been very disruptive for young people during these last few years.

Please share this letter with your dad and his wife Florence. We enjoy getting Christmas cards from them, and we hope their health is good these days.

Joan Shaw also wrote a reassuring letter about their situation after the earthquake. We were worried about them, of course, as we were about you. I suppose, even though you both live in Sylmar, you don't see each other often. That's the way it seems to be these days. Do you and Robert ever get together?

How is your little poodle, Suzie? We are dog lovers, too. Ours is a Norwegian Elkhound, which you may not be familiar with. It's a medium-sized dog, something like a Huskie, with pointed ears that stand up, a tail that curls, and a beautiful thick coat. Trygg is almost two years old and is very friendly and intelligent. He loves the snow, of which we have plenty! Trygg is our second Elkhound. The first one, Jarla, we had for fifteen years.

I think I told you Elizabeth was trying to finish her latest book. Well, last week she finally sent the manuscript off to her publisher, so she's breathing easier for awhile.

Under separate cover we're sending you one of Elizabeth's books we think Cristina and Cynthia, and maybe even Catherine, will find enjoyable. It's called _Never Younger, Jeannie_ and it's about the farm Elizabeth grew up on back in Saginaw. Of course, you were very young when you left Saginaw (about seven?) but perhaps you will find it interesting, too. I'm sure it will bring back pleasant memories of Uncle George.

Love from all of us.

David + Elizabeth

Dear Esther, Linda

Thank you for your card that arrived the other day. I would love to have a letter from you some day when you have time. I know you are very busy with the flower shop and all your other activities. Wouldn't it be fun if we could get together some time?

Next year for our study leave during the summer we hope to go to England. I'll be visiting the British Council of Churches and several local councils of churches, but we'll also have time to visit as many relatives as we can find.

We do hope you are progressing well after your operation. We hear your David drove you and Uncle George up to Aunt Christina's before Thanksgiving.

Love,

David + Elizabeth

Thank you so much for the card And pictures. George enjoyed his visit with you so Much, he keeps telling the girls about your family tree and explaining how you research. Will send a picture of the girls after the first of the year, they were supposed to be ready for Christmas but ———

Hope the holidays are wonderful for you (and Not too cold). Perhaps we Can Meet in the Coming year.

He had heard from relatives in North Dakota that there is to be a Witheridge get-together.

He is the ~~great~~ great-grandson of John + Miriam Witheridge, who died in the late 1920's in N. Dak.

Paul has been in Minneapolis since 1957. He taught music (piano) at the U. of Minn. and retired in 1992. He is not married.

He has a brother, Robert Bruce Freed, who lives in Embro, Ont., and teaches at a university in ~~Toronto,~~ London (Western Ontario Univ.)

Paul definitely will be coming to the luncheon. His brother will be here shortly, but he doesn't know if he will be staying long enough to be at the luncheon, but he will let us know.

Dear David, Sorry to be so slow with this. I had to research some dates via photos and that took a long time.

Seems we may look forward to another miserable, icy winter. I've never believed in heading south but may decide to soon.

thank for your help with the Witheridge Society. Call on me if you need help sometime.

# The Freed Report!

December 8, 2001

For those of you who are interested, I want to let you know something about my current "condition," more appropriate than in a card.

In 1986 I had radical prostate surgery after traces of cancer were found. I was supposedly "clean," but several years ago, after the advent of PSA testing, it was determined that the cancer had metasasized and spread into the bones of the pelvic area. PSA readings continued to rise even after hormone injections and, more recently, chemo-therapy. The chemo was not of the really debilitating kind experienced with some conditions, and I was still in alot of pain and taking a barrel of meds every day.

Just two weeks ago, I began radiation therapy (all of this treatment has been at the U of M, a five-minute bus-ride from my house) and I still have two weeks of daily (M-F) treatment to go. This week-end I feel relatively good, although totally without energy or initiative, but I have had a good deal of pain. I hope for the best, of course.

Fortunately my sister could be here in November and we accomplished alot connected with leaving the house. She'll be back soon and will continue to "take charge" as I want her to do. My brother and his wife are coming down from Canada for Christmas.

Needless to say, I'd appreciate renewed contact with all of you from so many different points in my life.

All best wishes,

Paul

# Longtime 'U' piano teacher Paul Freed; created a practical guide for educators

A memorial service for Paul Freed, who taught 35 years' worth of piano students at the University of Minnesota, will be held at 10:30 a.m. Friday in the lobby of the Ted Mann Auditorium at the University of Minnesota, Minneapolis.

**Paul Freed, shown in 1958.**

Freed, 74, died April 16 after a long bout with cancer. He was buried April 22 in his birthplace, Hampden, N.D., after a funeral service in Devils Lake, N.D.

He was always "practical with his teaching," said Vern Sutton, retired chairman of the University of Minnesota Music Department.

"Very few of his students turned out to be concert pianists," he said, but many are "accompanists, coaches, chamber musicians, teachers," practical occupations in the music world.

Freed, a soloist and chamber musician himself as well as a professor of piano, taught piano at the university from 1957 until his retirement in 1992.

He was president of the Minnesota Music Teachers Association from 1969 to 1971 and founded the statewide syllabus program. It was a practical guideline for what piano teachers should do if they wanted their students to progress in pace with their peers, Sutton said.

Survivors include a sister, Marcia Freed Taylor of Essex, England, and brother, Bruce Freed of Embro, Ontario.

Dear Cousin Pearline:

Back in 1964 I wrote to your mother, and she wrote a very good letter giving me a great deal of information about our family background. I wrote to her again in 1970, but as far as I can determine, I never received an answer to that second letter.

Perhaps your mother discussed this correspondence with you. My father, William Allen Witheridge, was a first cousin of your mother. Her mother, Susanna Witheridge, was a sister of his father, William Witheridge. So you and I are second cousins.

Because it's so long since I've heard from your mother, and because I don't know how her health is, I decided to write to you. Since the old address may not be right, I'm registering this letter so I'll be sure you actually get it.

During the last twelve years I have been spending considerable time on genealogy--not only on the Witheridge line, but also on the Allen line (my grandmother's) and on all my wife's family lines. I have a lot of information from the parish register at Combe Martin and from other sources, but of course it is not complete.

Now I'm happy to say that after working as Executive Director of the Greater Minneapolis Council of Churches for 28 years, I've been granted a 12-week study leave this summer, and my wife Elizabeth and I are going to spend this time studying the ecumenical situation in Britain. In addition to studying in three universities for short periods and visiting several local councils of churches, we hope to visit some of the relatives we know about.

From June 16 to July 7 we'll be in the London area. From July 8 to August 7 we plan to rent a car and take a trip north through England to Scotland and then back through Wales to Devon. We're hoping we can visit with you and your mother and your family for a day or two in the period from July 8 to 10. Will you be home at that time? We are very excited about the opportunity of meeting second cousins and other close relatives in England we've never seen before.

I don't mean that we expect to stay in your home, as I know that is probably too difficult for you. But we hope you would be able to make a reservation for us to stay overnight in some nearby accommodations. Do you suppose you could do that?

I won't go into much detail about ourselves at this time, as we can more easily tell you about our background and family when we see you in person. I'll merely say that I started out as a heating and ventilating engineer, then became a Baptist minister, and for the last 25 years have been the head of the local council of churches. Elizabeth was a kindergarten teacher before we were married, and is now the author of seven books for children and young people. We have two sons--Jim, 29, and Tom, 28--neither of whom is married.

We hope to meet as many relatives as possible, so we'd like you to let us know if the following addresses are correct:

I'd also appreciate having the addresses of your first cousins (my second cousins)--the children of your aunts and uncles, including those who have died. If we are staying or traveling near any of them, we'd like to look them up and try to have a visit.

Please give your mother our love and best wishes and tell her we are eagerly looking forward to seeing all of you in July.

Dear Cousin David

Thank you so very much for your letter it was a wonderful experience to hear from you, I did remember you wrote to my mother but I did not realize it was a far back as 1964. My mother is still alive her general health is quite good in spite of her age as she will be. 87. November this year.

I don't remember any of the Wetheridge family but from time to time my mother talked about them Susanah Wetheridge is the only one I know about as she was my grandmother. Our cousins are pretty wide spread over England and Wales I will try and give as many as I know about so you will have two Air mail Letters.

You wrote to my brother John August as well but unfortunately he died of a coronary in 1974 he was a wonderful person David and his passing was a very great loss to all of us, Of my mothers family there is only one brother and his wife that is Edgar and Nan Adams and a sister in law Gladys Adams.

A little about my family. Sidney and I have three girls, two are married and we have three lovely grand children, another is due in September. Susan 28 Elizabeth 22. Julia 18. but I hope you will be able to see them all when you come, One little snag we will be away until July 10th but perhaps we would be able to sort this out later. as my family would be very upset if this most golden opportunity was lost. as we would put our homes at your disposal my sister in law Jean and myself.

My mother is living in a home for the aged she is very happy there but Jean and myself have her at our homes every other week end now let me sort out relations as far as I know

Auntie Mary Morris's Uncle Jack moved from Cwmaman to the London Area many years ago. there was a large family of I think ten they are both dead all including one son. they are a very nice family but we have lost touch with them now there is Mr & Mrs Neville Birdsall.

70 Shuttlock Lane
Moseley
Birmingham 13.

Neville is in the ministry but which branch I just don't know, as he spent 12 months in U.S.A a few years ago and I know he was very happy. If I remember right. he was compiling a new English Bible and he was given leave of absence from the University to finish his work

This is about all I can tell you for now but if I can let you have any more information I will let you have this in the next few days

Thank you so very much for your wonderful letter I do so hope it will be possible for us to arrange a meeting

My Best Wishes and Love to You and your family

Your Cousin
Pearline Joyce

I must not forget my mother sends you her very best wishes and she hopes you have a very safe journey as so we all do.

[Notes by DEW for a letter — this is much more legible than the letter!]

Pearline Fryer - Brierley Hill 77295

Sorry I haven't written since your letter in May.
Arranging trip has been complicated, but I know I should
have written. All I can say is I have re-arranged
schedule so we will now be in Birmingham
area from Sunday, July 25, to Wednesday, July 28.
I have to see the ~~executive~~ director of the Birmingham
Council of Churches on Monday, July 26, because that's
the only time he can see me.
Of course, we want to spend some time with you and
your family and with Jean August and her
sons and with your mother. We do hope you
will be at home.
Kenneth Dabb is supposed to have returned ~~home~~ already from
a holiday and we'd like to see them at Shelthorpe,
* Loughborough — perhaps July 24th on the way from Scotland.
I haven't even written to the Neville Birdsall, but do hope
to see them when we're in Birmingham.
We also want to see Coventry Cathedral some day.

Maybe at the same time we'll be near Clara Adams'
son at Burbage, Derby, though I haven't exactly
located that yet.

There are also Witheridges I'd like to contact at Market
Harborough and at Walsall.

Dear David

Thank you for your letter, Jean phoned to tell me you had been trying to get us on the phone. It was 10pm. Sunday night when we arrived home as Sid and myself have been helping Susan out as her husband is, in hospital, she was given two weeks leave from work. so Elizabeth and myself decided to help with the children as she could go back.

My mother will be with me this Sunday so it would very nice indeed if we could arrange a meeting and Jean would be very pleased. so If it would be possible for you to come here and spend allday Sunday with us maybe be we can sort that out at the end of the week.

I hope you have enjoyed your stay in England so far. our weather has been pretty good this year. and I hope it will be kind and still continue David if you should phone me in this week at all. Wednesday I will be at Susan's, with the children. Thursday & Friday Night we will be at home. I myself will be home after six o'clock, as I am a dispenser of medicine and I work. ten minutes from home my shop is in the High st. where we live, we are realy looking forward to seeing you back: but I just had to write and answer your letter as I was so very pleased to hear from you.

Yours Sincerely.

My Dear David and Elizabeth.

It is with very deep sadness I have to tell you my dear mother passed to rest on March 25th after a fall, I just kept putting this letter off because I just could not believe it was so, because only two days before she was so marvelous and so full of life and was looking forwards to Easter, for a few months mother did not come out of the home as she had found it more dificulty to walk so we visited her three or four times a week, and she loved it so much when her great grandchildren visited her.

She was very much loved at the home and they miss her very much; I find it very hard at this time because I thought my mother would be with me for allways and since we lost our dear John we had grown so very very close. If she had passed away in her sleep I would have been much more reconciled but in a few had passed away in her sleep I would have been much more reconciled but in a few days her dear happy smiling face changed so much it broke my heart, she did not suffer she told me she was in no pain and she slipped very quietly away before the hospital could send for us

Janet you sent me a very lovely photo of my mother would it be any trouble to ask you if you would let me have the negative so I could have some photo's printed off my girls would like to have one of her as my mother is the only grandparent they know, Susan was only three when my father died in 1953 and she does not remember him

I hope you all are well and your boys Sidney has been ill since last September but he is hoping to be able to go back to work in the next few weeks he has been put on a disabled list and will only be able to do very light work in future, All my family send you their best wishes and they hope you are well. Sidney and myself talk about you quite a lot and we thank God you came when you did as you were able to meet my mother and talk with her a little

God Bless you All Love and best wishes to you.

Dear Pearline + Sidney:

We were greatly distressed to hear of your mother's death, Pearline, and our hearts are with you in this time of sorrow. We know how fond you were of her and how you must miss her.

It was very fortunate that we came to England last summer. We were so happy to meet her after knowing her only through her grand letters for a number of years.

I was surprised when I checked and found that the print I sent you was from a slide and not from a negative. Usually they don't turn out so well, but this one certainly did. I'm sending you the slide, and I hope the prints you get will be as good as the others. After you get all the prints you want, I'd like the slide back some day.

We were also sorry to hear that Sidney hasn't been well, but we're glad he is improving. We have been quite well since returning home. I'll leave a little space for Elizabeth to add a note.

Love, David

I certainly share David's sadness at your dear mother's death. All the members of my immediate ~~family~~ family have been gone for many years and I know all too well how hard it is to let them go.

I'm enclosing this tiny cartoon that I found in our paper the other day and thought of you and your creatures. Pearline, could you possibly, without too much inconvenience, send me some more of the wonderful liquid rouge you bought me from your chemist shop? We bought more before we left England, but eventually I will be out of it and I can't bear to use anything else now. It is "cheeky russet," and I'd like to have as much as this money will buy. Love to all of you, Elizabeth

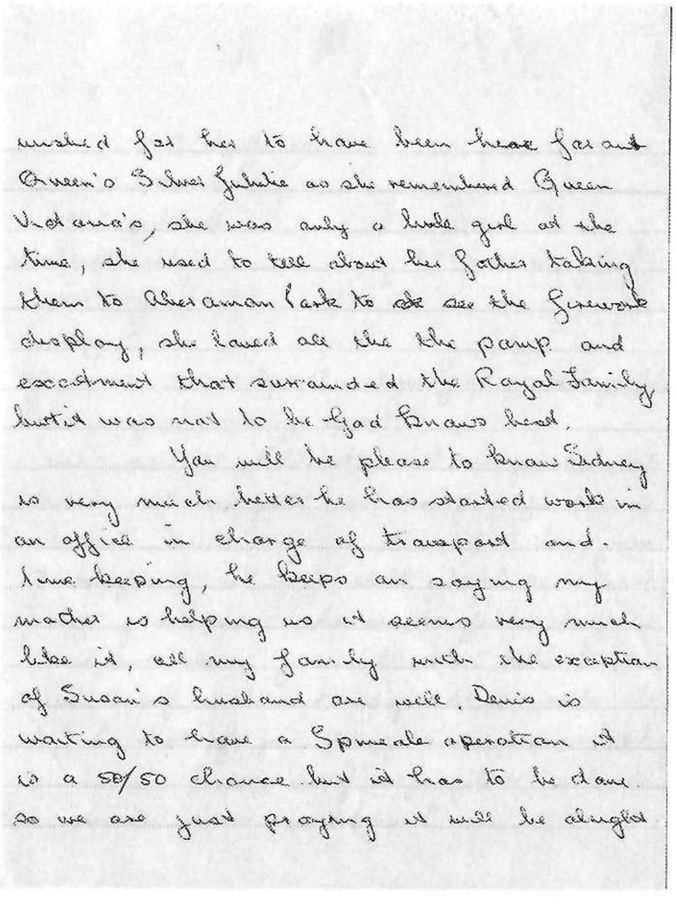
My Dear Elizabeth & David

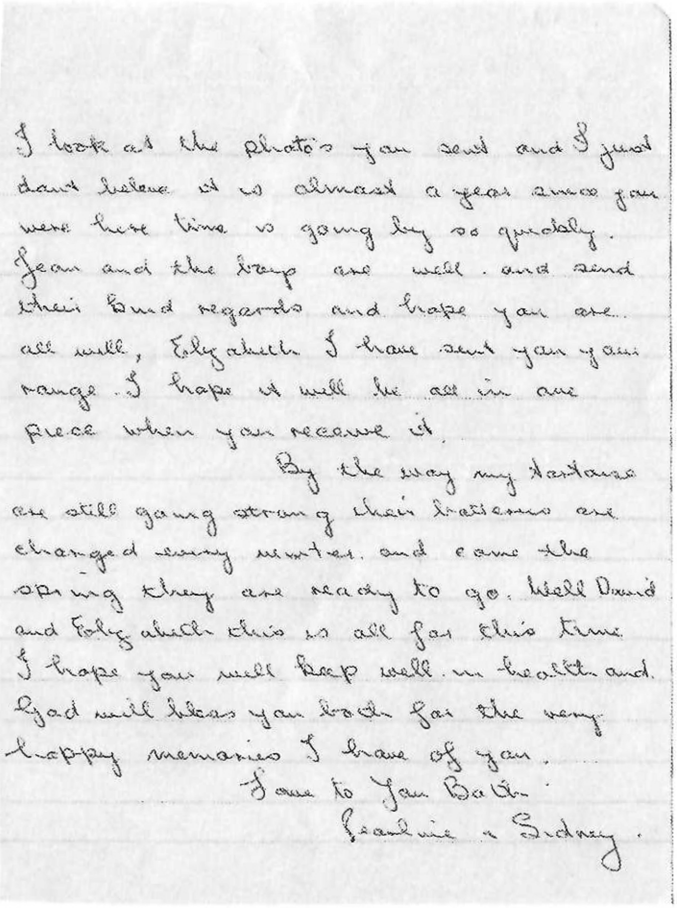
Thank you so very much for letting me have the slide to have some prints of my mother, they have turned out very well indeed it is so natural, and she has that lovely little smile on her face. it is just as if she is there watching over us, I still miss her very much. and now. the stone on the grave has been fixed and her name put on with my father's I feel she has really gone from me,

I would so much have



wished for her to have been here for our Queen's Silver Jubilee as she remembered Queen Victoria's, she was only a little girl at the time, she used to tell about her father taking them to Aberaman Park to ~~se~~ see the firework display, she loved all the the pomp and excitement that surrounded the Royal Family but it was not to be God knows best,

You will be please to know Sidney is very much better he has started work in an office in charge of transport and time keeping, he keeps on saying my mother is helping us it seems very much like it, all my family with the exception of Susan's husband are well. Denis is waiting to have a Spinal operation it is a 50/50 chance but it has to be done. so we are just praying it will be alright



I look at the photo's you sent and I just don't believe it is almost a year since you were here time is going by so quickly. Jean and the boys are well. and send their kind regards and hope you are all well, Elyzabeth I have sent you your range. I hope it will be all in one piece when you receive it.

By the way my tortoise are still going strong their batteries are changed every winter. and come the spring they are ready to go. Well David and Elyzabeth this is all for this time. I hope you will keep well in health and God will bless you both for the very happy memories I have of you.

Love to You Both.

[Plans for 1980 trip to Britain]

May 9, 1980

Dear Pearline and Sidney,

As you know from our Christmas letter, I retired from my position as executive director of the Greater Minneapolis Council of Churches on January 1st, and now I am trying to get caught up on all the things I had neglected for so many years--like corresponding with relatives!

You also know that we are planning to come to Britain again late this summer. We are very fortunate that a retirement gift of money from our many colleagues in the council of churches is helping to make this possible.

Our plans are beginning to take shape, and now we have plane reservations to leave here on August 2nd and return on October 2nd. Just the other day I completed the first draft of a possible itinerary to accomplish the many things we want to do. This time there will be no ecumenical study, so we shall merely combine sight-seeing with genealogical research and visiting friends and relatives. We plan to hire a car for about seven weeks as we did in 1976.

We don't intend to repeat everything we did on our last trip to Britain, but we certainly want to have a visit with you and the others in the Birmingham area. Getting to know you--really and truly second cousins in England--was a joy and a highlight of our trip. What a pity we live so far apart!

The way it looks now, we would expect to arrive in Pensnett some time Tuesday afternoon, September 2nd, and leave Thursday afternoon, September 4th. Whether we would stay two nights with you or spend one night with Irene and Neville, we would leave up to you and them to decide.

Of course, we want to see Jean Argust and all the children of the three families who will be available. In addition, sometime during those days we'd like to see a Bessie Witheridge and her brother Dick, who live in Hertford Hill, near Warwick, which I think is only about 25 miles from Birmingham. We believe they are distant relatives, though we don't know yet exactly how we are related. Since they are both retired, a daytime visit with them would likely be possible.

Please let us know as soon as possible if the dates I've suggested will work out all right for you. If not, we'll make some adjustments in our itinerary to fit into other dates you might suggest. There is also a chance that we might have to propose a change of dates to accommodate others we want to see on our trip.

This is all I will say now, as I have a great many letters to write to people in Britain to see if our projected plans will fit into their schedules. We look forward to hearing from you after you confer with Jean and Irene.

All our love,

---

Dear Elizabeth and David

Thank you very much for your letter, yes you did say in your letter you had retired after very many happy years in your position as an executive director of council of churches. And it seems as if your plans for Britain is well on the way, I have been in touch with Irene and Neville, Neville is going to Canada and Irene is going to see her daughter in New Zeland she will not be home until Aug 25th so her date would be from Aug 27 to Aug 29. as she is back at school Sept 2nd. so her times are very limited, as for Jean she would be available most dates but she also will be back at school Sept 2nd as well. If these dates fit in with your Schedules sleeping arrangement could be work out. Jean would be able to have you so would Irene at this time as working I would not be able to as Julia was married in march and we have let her have what, she wanted out of her own bed room So what she had the lot:

Irene Adams and
Prof. J. Neville Birdsall

we are hoping to replace things in the future but weddings take quite alot of money its just like starting off afresh so maybe we will have sorted something out by the time you are here, also we have not decided when to take our own holiday. It would be so very good to see you again quite a lot of things have changed. My mother died mathew was born and Uncle Edgar Adams in Wales has lost his wife Aunty Nan. it is so very sad we have to lose people we look on with such great pride and love so much, we are hoping so see Uncle Edgar in a few days. we were not able to go to the funeral as I have been very busy at work last few weeks

Well Elizabeth and David I hope things will work out and we will look forward to hearing from you again

Love from all of us

June 5, 1980

Dear Pearline and Sidney,

We were glad to get your letter with the proposed change of the dates of our visit to the Birmingham area. Fortunately, we are able to change our itinerary so we can visit you and the others from Wednesday afternoon, August 27, through Friday, August 29. With this change in dates it's possible we may want to stay in Birmingham Friday night, too; but we can't tell yet until we hear from some others. We'll write again when things are a little more definite.

Thank you for checking with Jean and with Irene and Neville. It sounds as though even the new dates will be hard for Irene, as she will just barely be back from New Zealand and will be rushing to get ready for the start of school. It may be best for all if we stay with Jean. We'll be happy to be with all of you, no matter how it is finally worked out. We hope the two of you can take your holidays at some other time!

You said that Neville was coming to Canada, but you didn't say where in Canada or for how long. We're hoping he might be getting in touch with us somehow while he is here in North America, especially if he will not be in Bermingham when we are there.

How wonderful that Julia was married in March! Please give her our congratulations and best wishes. Yes, we can imagine all that is involved in setting up a new household. We told Jim and Tom also that they could have their bedroom furniture when they moved into their own apartments, and they have now done this--Tom to Chicago and Jim to the lower floor of a "duplex" here in Minneapolis with four other young men.

We were certainly sorry to hear of your Aunt Nan Adams' death. We enjoyed meeting her and Edgar the last time we were there. We felt very much at home with them, even though we were there only a short time.

Our itinerary is still not settled in several respects, as we have not yet heard from a number we hope to visit. However, most of those who have replied have been able to give their approval to our suggested dates, so we should be in pretty good shape when all the replies are back.

I don't think I told you about our new puppy in my last letter. We got him when he was two months old, and he is now about 4½ months old. He's a Norwegian Elkhound, like our last two dogs, and Kokk is his name. He's really a most remarkable puppy--handsome, intelligent, and lovable. We'll show you his picture when we come.

As we may have told you in 1976, we have quite a rose garden--thirty bushes that are all doing very well and starting to bloom in profusion. This is really a little early for roses here, as we have to protect them very carefully in our severe winters. One reason we set our trip late in the summer was because it will be easier to be away from the roses at that time.

Thanks for writing so promptly.

All our love,

December 8, 1980

Dear Pearline and Sidney:

Our thoughts are still full of the memories of our trip to Britain. It hardly seems possible that two months have passed since we returned, but life has been very full since then.

We had hoped to write to you earlier, but we wanted to wait until we had these pictures made from our slides. First the slides had to be processed, titled, arranged for showing, and shown to several groups. We couldn't take out the slides for printing until we were sure we wouldn't need to show them to someone for about ten days.

Here they are now, and they are not as good as we had hoped they would be, but we're sure you'll enjoy having these copies. As you see, we're enclosing extra copies of their pictures for Elizabeth and Julia.

Our Norwegian Elkhound puppy, Bokk, was very glad to see us after our two-months' absence. He is now 10½ months old, and he is beautiful, loving, and intelligent.

Our son Tom, who lives 425 miles away in Chicago, came home for a few days at Thanksgiving (November 27) and brought his girl friend Virginia along. They both work at the same institution for chronic mental patients (Thresholds) and they are both working on their Ph.D.'s at Northwestern University. They enjoyed our slides and description of the trip very much.

The weather has been very mild here for November and early December. Only traces of snow so far and temperatures above normal. This has made it easier to do all the things necessary to prepare for winter, such as covering our 32 rose bushes, putting on storm windows, and raking leaves.

Again we want to thank you for a most wonderful time with you. Coming back to your home seemed so natural, and being with you was a great joy. We wish you all a very Merry Christmas and a Happy New Year!

All our love,

David + Elizabeth

March 5, 1981

Dear Pearline & [illegible]

Greetings to a[illegible] n your relatives across the sea! Even though we are far apart, we think of you fondly often. England doesn't seem as far away as it used to! Just the other day we had Mrs. Thatcher here to remind us of Great Britain, and the announcement of the forthcoming wedding of Prince Charles and Lady Diana Spencer has us all rejoicing. We wonder if you are all happy about the wedding, too.

The reason for this particular letter is to let you know that I am about to mail two automobile license plates to you by surface mail. Perhaps you remember that when we were there, Alain asked if there were any chance of his getting an American license plate, and I assured him that somehow I'd see that he got one.

A week or so ago our son Jim had to get new plates for his car, which is a Dodge Sports Van. It used to belong to our son Tom in Chicago, and when he bought a new Datsun, Jim bought the van from him. We have to get new plates every three years. In between we add a small sticker with the new date each year. Jim was about to throw the old plates away, but Elizabeth rescued them! By the way, the two letters at the left (Y on H) merely signify a truck, or I guess you call them lorries. Regular passenger cars in Minnesota have three full-sized letters at the left, followed by three numbers. Vans with removable back seats can be registered as trucks,

and the license plates are a little cheaper.

I decided to send the plates to your address because I thought you are less apt to have moved. In addition, I wasn't absolutely sure it was Alan who asked for the plate rather than Andrew. I think it was Alan, but I didn't write it down! If Andrew is interested in having one, and Alan is agreeable, perhaps they could each have one. I'll leave this up to you to negotiate.

We hope you are all well. We've had a very mild winter and no serious illness - just a few colds.

Love, as ever

David + Elizabeth

MONDAY MAY 25th 81, 5 AM.
WEATHER TERRIBLE, POURING WITH RAIN.

Dear David & Elizabeth,

Many thanks for the Vehicle Registration Plates which arrived here safe and well, as a matter of fact the whole family think they are great, they will remain a treasure always.

I now hope that you are all keeping well as we think about you quite often, I am writing this letter as Pearline has a surgical collar round her neck, she had awful pains between her shoulder blades, she went to the hospital etc, now she has to wear this collar for a time, but she says it is really helping to ease the pain, she sends her love to you and will write to you herself very soon.

David I forward this parcel to you, in it there are three neck ties, the two Maroon ones are Company ties whom I work for the knot printed on the ties is the "STAFFORDSHIRE KNOT" ENGLAND, and G.G. means G. GADD STEELS LTD, the other one is "ARNOLD FORGED STEELS" a member of our group. also the Pen gives you the names of other firms belonging to our "Group"

I do not remember telling you that between your first and second visit, I changed my employment, I left the job at the local Corporation, I now am employed in the Wages Office Staff of C. Gadd Steels and we are members of a large Group which is known as "GLYNWED STEELS LTD" thus the ties and pen are from our Group, I would like you to give your Sons a tie each, but I would like you and Elizabeth to keep the Pen and one tie.

We also forward photos of our visit to see NIGEL and hear him playing the organ at his school.

Myself and Pearline also my whole family here send our love to you and hope and pray that someday we shall see each other again, we all hope this letter finds you on top of the world.

Pearline has just said that she will write a letter in the near future, she is still talking to me now as I write, 'OH MY' don't these ladies go on, anyway "Best of Luck and God Bless You All"

Love and Best Wishes
PEARLINE + SIDNEY

P.S. PARCEL POSTED
TO YOU.

August 21, 1981

Dear Pauline & Sidney,

Your package arrived a while ago, and we all were very pleased with your gifts. The ties are lovely, as well as being "conversation pieces." We are always needing new pens, so that is very welcome. Thank you very much.

Jim already has his tie, but we won't be giving Tom his until he comes home for a visit on September 4th. As you may remember, he lives in Chicago, which is 425 miles away. We are delighted to report that Tom and his girl friend, Virginia Bullock, have just given us the good news that they plan to be married on June 5th. We are very fond of Virginia and have been hoping she would be our daughter-in-law. The wedding will be in Chicago, and I'll be conducting the service.

We were dreadfully sorry to hear about Pauline's shoulder or back pains and hope she is feeling much better. Our health continues to be good. We hope the same for Sidney.

Now I'll let Elizabeth add a little.

Love, David

Just think it was just about a year ago that we were all together in England. We do think of you often and wish we didn't live so far away. Please include our love and greetings to Jean and Nigel and theirs, too. We did enjoy our day with all of the family so much.

Pauline, we thought you would enjoy this topical picture. You can see by the date how long I have had it waiting to be sent out to you! I join David in hoping you're feeling much better by the time this reaches you. Virginia, who is to be our daughter at long last, has English ancestors, too. She's a darling girl - you would love her.

We loved watching the wedding of your Prince Charles and his lovely princess. It was as though we were back in England. Do write when you can. Love to you both,

Elizabeth

Dear David – Elizabeth.

How are you both hope you are well, as you can see by our new address we have moved to another house, it is not very far away from 105 High St. it was quite a wrench after 23 years but we find we like it very much as it is smaller and easier for both of us not quite so much garden just enough for me to handle. We have had rather a bad year this year and we hoped the change would help. Elizabeth and Alan have split up and will be divorced the early part of next year, that has upset us very much indeed; I have not been well with this neck problem I have there is a slight improvement but I have to wear a colar it was very uncomfortable at first but I have got used to it now. I have to see the specialist again on Jan 12th. Sid has not been well for a few months I think it was the upset of moving house he has been to see his specialist because he lost two stones in weight he has had blood test and exray's and he has to go back to hospital Jan 5th. so as you can see what with one thing and another we have had a very upseting year, but as for the rest of the family Julia and Andrew they are well. Andrew had been out of work for nearly a year but he has managed to get a job it is not what he wants but it is work and we have to be greatful for that it is very bad hear in the Midlands. Susan and her family are not to bad. her husband is no better. but the children are very well. they are waiting for Christmas. Elizabeth's, Matthew is allright. he will be going to the first school after Christmas. he is growing very tall, and now Kippy he is well getting old going deaf he did not like the new house at first but now he has settled and has to have a seat in the bedroom window as he can look through, I have to pin the net curtain up and he sits there for ages he's so funny he has a nice garden he can run around. and he is happy now.

And what about your family I hope they are all well, the time is creeping up on your wedding before you know it it will be hear, and what about your lovely dog I bet he is quite big now. Have you had any snow yet? our weather realy has been mild. a lot of rain no fog. there has been a forcast of a mild winter. I hope so. plenty of sun shine it makes us all feel

Dear Pearline + Sidney,

Not long ago Elizabeth and I returned from a 3½-week trip to the eastern part of the United States, and on our way back we came through Ontario, Canada. There in the town of Kincardine we met for the first time, Pearline, your first cousin (and my second cousin) John Adams and his family. Irene had given us his address several years ago, but we had never before had a convenient opportunity to drive near there. This time it was easy to do, and we enjoyed our overnight stay with them very much. Our visit with them brought to mind how long it has been since we have written to you.

It has been a hectic year, but nevertheless we should have written sooner. The highlight for us, of course, was Tom and Virginia's wedding, which we first had thought would be in April, but then got set for June 5th. It was a simple wedding, which I conducted, with about fifty at the ceremony, mostly relatives. Jim was his brother's best man. The service was held at 5:00 in the afternoon at the Woman's Club of Evanston, a suburb of Chicago. This was followed by a dinner right at the same place, and at 8:00 about 150 others came in for a reception. We were pleased with it all, and were so happy to have Virginia as part of our family.

My own activities during the spring were greatly curtailed by the fact that I had an operation on my hand. For about ten years I had had a slowly growing lipoma o the palm of my right hand right next to my thumb. (That a perfectly benign fatty tumor.) Finally, it got to be a nuisance, so I had it removed by a very skillful orthopedic surgeon. He discovered a nerve going through the lipoma, so he had to cut the nerve and sew it up with the aid of a magnifying glass! My hand was immobilized for several weeks, and even after the splint was removed, I couldn't write or do other things with my right hand for quite a while. Now I can do almost everything, though my thumb is not yet as strong as it should be. I had no idea it would take six months to return to normal.

We were surprised to hear that you had moved, and we know it must have been quite a project, though it sounds as though you will be happy there. It's good that you still have a garden, but one that is more manageable in size.

Of course, we were sorry to hear about Elizabeth and Alan separation. By now they are probably divorced. This is alwa a sad and difficult experience for all, especially for children, and we hope that Matthew is enjoying school and getting along well.

We have thought of you both so often and your health problems. Hopefully, by now you are greatly improve and feeling much more comfortable. Fortunately, except for my hand, we have had pretty good health this year.

Rokk, our Norwegian Elkhound, is lively and healthy and a joy to live with. We have a large fenced-in yard for him to run in, and once a day, in the late evening, I take him on the leash for a walk around the block. We chuckled when we read about Kippy sitting in the window looking out at everything going on. That's the way we remember him from our very first visit there, and we have a picture Elizabeth took of him looking out the windo Give him a pat for us!

Now we must close and send you all our best wishes. We hope that economic conditions improve in both America and Britain and that our governments will lead us closer to peace.

All our love,
David + Elizabeth

Dear Pearline & Sidney,

Christmas time is upon us again, and we wish you all a happy and memorable celebration. We look forward to your card with recent news. Especially we hope your health has been better this year.

When we saw this article about tortoises, Pearline, we thought of you and your turtles and decided to send it to you. Perhaps you don't have room at your new place for a turtle, but you'll enjoy this article.

Winter came early here this year. We had 30 in. of snow in November and have now had a total of 33 in., which is a record for this early in the season. Our average is only 48 in. for a year. We have also had some bitterly cold weather. It hasn't been above freezing for about a month and we've had two spells where the temperature has gone below zero Fahrenheit for several days in a row. At least, we'll have a white Christmas!

Tom and Virginia will be home from Chicago for Christmas, and since Jim still lives in Minneapolis, we'll all be together.

Our biggest news is that, all going well, Tom and Virginia will be presenting us with our first grandchild in April. Virginia called the other day and said that the special test they give to pregnant women over 35 showed that the baby is doing very well and that it is a boy!

Elizabeth and I are gradually growing older, but we have been reasonably well this year. As always, we've been very active in our church. In addition, Elizabeth talks frequently in the schools about writing and publishing books, and I keep active with genealogy.

Somehow last year we heard that Irene and Neville had moved, so we delayed sending their Christmas card, hoping to get their new address on their card. But no card came.

A short time ago we received this year's card from them with no return address, so we concluded they hadn't moved or they would have sent a new address. We've sent them a card at their old address, and if that isn't right, would you please tell them what happened and ask them to send us their new address? Thanks!

Once again, have a Merry Christmas and a Happy New Year.

Love to all,

David + Elizabeth

To Elizabeth & David and
all your family with Love
and best wishes for a "Happy
Christmas" we hope you are
all well just as we are hear in
England.

With best wishes
for your happiness
at Christmas
and throughout
the New Year.

God Bless You. and keep you safe.

ear Pearline & Sidney,

You probably know that Irene and Neville are planning a trip to the U.S. next spring and will be spending some time with us. They may have also told you that we are hoping to come to England next year as well. If all goes well, we hope to spend a month there - from May 15 to June 15.

Of course, we wouldn't come to England without trying to see you and the others in the Birmingham area. It will have to be a short visit, however, as we have many places to go in England, Wales, and Scotland. We'll let you know more as our plans develop.

When I saw the enclosed clipping in an August paper, I decided to send it to you, as I thought you might know about the choir, or at least the school.

Love,

Dear. David & Elizabeth.

Christmas is here with us once more, We hope you are both well also your family. All my girls are very well. Julia had a little boy on June 26th. "Philip." a day after Davids birthday. he was four years old. and Elizabeths Gareth was two years old on the 13 June so they will all have their party's together now we have six grandsons one granddaughter and one great grand son.

The best part of 1987 for Sid and myself was the fact we have been looking after Gareth all of the week. he is grand and he loves Sid so much it was so touching to see him and Sid playing just as tho they were two children together. But unfortunately Sid had a heart attack on Oct 8th it shattered the little ones world for quite a few weeks as he was not able to see him but things are gradualy getting back to normal The heart specialist is very please with Sids progress. he has a very extensive program of excercise three times a week we have a very fine Doctor at our hospital and one of the finest Physiograph Departments in the country

We all laughed at Sid and we told him he will be fitter at 68 than he was years ago he has taken to this form of excercise very well indeed it is very rigid. We are very lucky as we are only about a mile from the hospital when we lived ~~one~~ on the High Street it is on the same road.

We have been married for 40 years this year November 29th, Susan's grandson was 2 years old on that day. We had a lovely day with all the family and friends coming and going all day it was wonderfull we both think we are very lucky. as we have such a smashing family. And you David and Elizabeth we hope you are well and still enjoying life and your boys and your daughter in law we hope she is now well. and we hope you will all have a lovely Christmas. We are not great letter writers my dears but we never forget you. I have my Elizabeth and David here with us so I will just say to you God Bless You.

All Our Love to You.

[Plans for 1988 trip to Britain]

February 25, 1988

Dear Pauline + Sidney,

The plans for our trip to Britain are finally falling into place. We expect to arrive in London on Saturday, May 14. After about a week in the London area, we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

First we'll go to Essex for about three days, where Elizabeth has her Plumb roots. Then we'll be in Devon about four days, making a few other stops on the way there. After that we'll spend about three days in Wales and in Birkenhead, near Liverpool.

That would bring us to Pensnett on Thursday, June 2, and we hope that would be a convenient time for you. I think we would arrive somewhere between noon and 1:00 p.m. We don't know what your present situation is, but if your health and your home arrangements are such that we could stay with you, we'd stay overnight and then go on to Irene and Neville's the next day, Friday, for lunch, ending up Friday evening with Philip and Carmen Hookway in Nuneaton. You may remember that they are distant Witheridge relatives.

Irene Adams and Prof. J. Neville Birdsall

Of course, we hope to see as many of your daughters and their families as possible, and also Jean August and her sons, if either or both are around. We know this is a very tight schedule, but we have many places to go and people to see in a very short time.

If this date of Thursday, June 2, will not work out for you, please let us know soon, and we'll see if we can rearrange our itinerary in some way. If it would be difficult for you to have us overnight, perhaps we could stay with the Birdsalls.

You may have heard that Irene and Neville are coming to America in March and April. Neville has scheduled several lectures and conferences, and Irene will be accompanying him. We are delighted that they will be able to spend some time here with us in Minneapolis.

We were sorry to hear about Sid's heart attack, but glad to know that he is progressing well and that he has such a good doctor and hospital. We hope he sticks with his exercises and continues to improve. We look forward to hearing whether or not June 2 will suit you all right.

Love and best wishes,
David & Elizabeth

P.S. Please give us directions on how to reach your house and perhaps a rough sketch or map.

March 4, 1988

Dear Pearline & Sidney,

Since our letter of February 25 outlining the plans for our trip, we have already had some changes. I realize that this letter may cross with one from you, but I decided that we should get the word to you as soon as possible about the change of date. That will also get the word back to us earlier on whether the new date will be all right.

The problem is that our friends in Birkenhead will be out of town until June 1, so we have to delay our visit there until June 2. For this reason we'd like to go to the Horkways in Nuneaton when we come from South Wales on Wednesday, June 1. The next morning, June 2, we would visit the Birdsalls in Moseley and after lunch drive to Birkenhead to spend the night. That means that Friday, June 3, is the day we'd like to come to Pensnett, getting there hopefully between 12:30 and 1:00 p.m. On Saturday morning we have to leave by 9:00 o'clock in order to get to Virginia Water, a little southwest of London, by early afternoon for a big Witheridge get-together.

Please let us know soon whether or not Friday, June 3, will work out for you and whether you would want us to stay with you that night. If not, we'll try again to readjust our itinerary, as we certainly want to see you and your family.

Just so I won't forget to tell you, Kim and Roy Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. Their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PF; Ph. 01-777 6072.

Dear David & Elizabeth

Just a short note. in answer to your second letter the dates are still allright with us as I explained this is only a small house but we will manage to sleep you over night. and I will write a more detailed letter in the next few weeks, we are allright at the moment. we both have our ups and downs and we are looking forwards to meeting with you again

Love to you.
Pearl & Sidney

(Where is first reply?)

Dear David & Elizabeth. [April 19, 1988]

Just a few lines hoping
you are allright and to put you in the picture
a little, as I explained to you in my letter
this house is only a small one, but it is
quite large enough for Sidney and myself.
We have two bedrooms and we can manage
to sleep you for the night. The house is
quite easy to find it is not very far
from the old house on the Brierley Hill
road. Sid has drawn you a map I think
you will be able to follow it but we will be
on the look out for you. We met Irene's.
brother Frank and sister Beryl after years
it was so wonderful; they were just as I
remembered them they were a lovely family
or should I say they are a lovely family and
we hope to see more of them, as for Sid and
myself we are keeping well Sid still about
his exercises and he seems to be coping
well. he has a stress test on the 6th June.
If he is able to stay like this we will
be pleased. I still have the problem with my
neck. I have to go for traction twice a week
but unfortunately it is a condition that does
not improve but I am able to cope and that
is the main thing.

Looking forward very much to
seeing you once more the new date is no
problem.

God Bless You.

Love & Best Wishes

Dear Pearline & Sidney,

You have probably heard about the heat wave we've been having here. Finally, during the last few days it has begun to cool off. So far, we've had 43 days of temperatures above 90°F – the most we've ever had in Minneapolis. We've also had a severe drought, with the farmers in bad trouble and all our lawns turned brown. (We've had a sprinkling ban.)

We both came home from England with dreadful colds, probably from the cold, wet weather we were not used to in May and June. Our colds lasted several weeks, so our energy level was quite low from the heat and our colds together. This meant that we've never really finished all that needed doing after our trip, including writing many letters!

We had a wonderful time in Britain, and we accomplished almost everything we had planned. It was such fun seeing all the relatives and friends we had met before, as well as meeting new ones. We especially enjoyed being with you again, as you are some of the closest relatives we have in England.

As you see, we're sending some pictures we took while there, including two extra copies of the ones of Julia and Andrew and their lovely children, which you can give to them. Best wishes to all of you –

All our love,

David + Elizabeth

My Dear David & Elizabeth.

Thank you so very much for your christmas card and the lovely news of your little granddaughter. We are so very very happy for you because we know how much this little child means to you, "Grandma and Grandad" it sounds great. It seems Virginia had rather a tough time thank god she and the little one is doing fine now. The picture is lovely I took a long look at her and at you and David and I was able to see a little of both of you there, and what a pretty name "Rebecca Elizabeth". I Mum and Dad are very proud parents. we are so happy for all of you, And now a little about us Sid and myself are quite well. Sid is still doing his excersises. And my girls and their families are well. at Christmas I will try to take some pictures of Susan and her family so as you can see what she looks like and send them to you.

Elizabeth no mention of snow this year on your card. are you having mild weather like we are it has been as warm here as it was in July. Roses wallflowers Chrysanths Primulas and geraniums are still in flower its lovely to see them it has realy been like our summer and you know what an awfull one it was, still never mind Well my dears this is all for now I will write to you after Christmas and send the pictures. God Bless you and your little girl.

All our Love,
Pearl & Sid

## Editor's Note

Pearline died much too early, after an unexpected, excruciatingly painful, and courageous battle with fast-moving cancer. My dad learned the details in a January 13, 1992, letter from her obviously grieving daughter, Elizabeth. I have decided not to share that letter, because it was bitterly critical in tone — not the sort of statement its writer would want to find displayed on the Internet three decades later.

Just when Pearl and Sid were consumed by her existential struggle, Dad was increasingly preoccupied with his role as the full-time caretaker for my mom, whose rapidly advancing Alzheimer's disease was changing not just her memory, but the wonderful personality everyone knew and loved, demanding Dad's constant attention. In a very real sense she was dying in front of him, and all of us.

At one point during this awful period she fell and badly hurt herself, and I rushed home from Chicago to help with the details of her ensuing hospitalization and rehabilitative follow-up. Christmas 1991 was not like anything we had experienced in our family, and it didn't get better for Mom or Dad. My small family moved with me to Minneapolis a short while later, where brother Jim was already busy reinforcing our father both instrumentally and emotionally, with help from his partner, David.

That's the back story to Dad's final brief letter to Sid, a rough draft of which follows as the last document in Pearline's section.

Possible Genealogy Scam
documents

# Editor's Note

Genealogy-related marketing schemes — including some outright scams — are as old as people's fascination with their own family histories. You may already have seen the index entry on this topic ("Genealogy scams").

Decades ago both my dad and I received separate mailings at our respective home addresses, advertising a book called *Witheridges Across America* (q.v.) that resulted from a "nationwide household and family data search" and was offered for the low, low cost of only $29.85. Dad received the solicitation in 1988 at his house in Minneapolis; I received a very similar one in 1990 at my house in Chicago. (The mailings can be found directly following his letter to Kathy Witheridge [q.v.] discussing the subject, document W271 in folder 1.63h.)

Dad, who was no fool, actually ordered the book and put it to good use, despite his view that "it was apt to be a fraud in terms of tying all the Witheridges into a family tree." He used it for two specific purposes in the pre-Internet era: first, to make sure he wasn't inadvertently overlooking anyone with the rare name of Witheridge, and second, to see how the listed Witheridges clumped together geographically, based on the purveyor's "expensive and time consuming" search. As for the second purpose, the book helped him to formulate a working hypothesis about Witheridges in the United States. See the index listing for the book.

This section of folder 1.63q includes some additional marketing projects that, in my opinion, took advantage of unsophisticated buyers in an effort to make a buck. That's is my negative opinion; yours may be more charitable. Either way, it's still a free country, as of today.

Dear Mr. Witheridge,

Did you know that the family name Witheridge has an exclusive and particularly beautiful Coat of Arms? This may surprise you, since Witheridge is an extremely rare name. Of the 60 million households in the U.S., less than 49 are Witheridge households.

We discovered this while doing some research on the origin and meaning of family names. We've had an artist interpret the Witheridge Coat of Arms exactly as the heralds of medieval times did it for the knights and noblemen. This drawing, along with other information about the name, has been printed up into an attractive one-page report which you may want to have.

The right-hand side of the report tells the unique story of the Witheridge Coat of Arms. The left half has a large, beautiful reproduction of the artist's drawing.

Not all family names, of course, were recorded with a Coat of Arms. But your name has one. And now that we have a report on the Witheridge name and Coat of Arms, I thought you might like a copy. The entire report is personal and individually prepared on parchment paper suitable for framing.

These reports make distinctive wall decorations when framed, and they are great gifts for relatives. It should be remembered that we have not traced anyone's individual family tree, but have done extensive research to prepare the Witheridge report.

The price for the Witheridge research report is surprisingly low. Since our biggest expense was in researching and writing the original report, extra copies don't cost us nearly as much as the original. So we're not charging very much. (See below.)

If you are interested, please let us know right away. Just fill in the enclosed order form and send the correct amount in cash or check for the number of reports you want. You may use the self-addressed reply envelope. It needs no stamp. We'll send your reports by first class mail.

## YOUR NAME AND YOUR COAT OF ARMS -- -- Priceless Gifts From History

Until about 1100 A.D. most people in Europe had only one name (This is still true in some primitive countries today). As the population increased it became awkward to live in a village wherein perhaps 1/3 of the males were named John, another sizable percentage named William, and so forth.

And so, to distinguish one John from another a second name was needed. There were four primary sources for these second names. They were: a man's occupation, his location, his father's name or some peculiar characteristic of his. Here are some examples.

Occupation: The local house builder, food preparer, grain grinder and suit maker would be named respectively: John Carpenter, John Cook, John Miller, and John Taylor.

Location: The John who lived over the hill became known as John Overhill, the one who dwelled near a stream might be dubbed John Brook or perhaps John Atbrook.

Patronymical: (father's name): Many of these surnames can be recognized by the termination---son, such as Williamson, Jackson, etc. Some endings used by other countries to indicate "son" are: Armenian's---ian, Dane's and Norwegian's ---sen, Finn's---nen, Greek's---pulos, Spaniard's---ez, and Pole's---wiecz . Prefixes denoting "son" are the Welsh---Ap, the Scot's and Irish---Mac, and the Norman's---Fitz. The Irish O' incidentally denotes grandfather.

Characteristic: An unusually small person might be labeled Small, Short, Little or Lytle. A large man might be named Longfellow, Large, Lang, or Long. Many persons having characteristics of a certain animal would be given the animal's name. Examples: a sly person might be named Fox; a good swimmer, Fish; a quiet man, Dove; etc.

In addition to needing an extra name for identification, one occupational group found it necessary to go a step further. The fighting man: The fighting man of the Middle Ages wore a metal suit of armor for protection. Since this suit of armor included a helmet that completely covered the head, a knight in full battle dress was unrecognizable. To prevent friend from attacking friend during the heat of battle, it became necessary for each knight to somehow identify himself. Many knights accomplished this by painting colorful patterns on their battle shields. These patterns were also woven into cloth surcoats which were worn over a suit of armor. Thus was born the term, "Coat of Arms."

As this practice grew more popular, it became more and more likely that two knights unknown to each other might be using the same insignia. To prevent this, records were kept that granted the right to a particular pattern to a particular knight. His family also shared his right to display these arms. In some instances, these records have been preserved and/or compiled into book form. The records list the family name and an exact description of the "Coat of Arms" granted to that family.

Interest in heraldry is increasing daily. This is especially true among people who have a measure of family pride and who resent attempts of our society to reduce each individual to a series of numbers stored somewhere in a computer. In our matter-of-fact day and age, a "Coat of Arms"is one of the rare devices remaining that can provide an incentive to preserve our heritage. We hope you'll agree that it is much more than just a wall decoration.

If you are interested in a more in-depth study of the subject of this paper, may we suggest you contact the genealogical department of any fair-sized public library. We especially recommend the "Dictionary of American Family Names" published by Harper & Row and also "The Surnames of Scotland" available from the New York Public Library as excellent sources on the meaning of surnames.

WITHERIDGE

The coat of arms illustrated left was drawn by a heraldic artist based upon information about the Witheridge surname and its association with heraldry. In the language of the ancient heralds, the arms are described as follows:

> "Quartered: 1st, or; the letter "W" sa.; 2nd and 3rd, az.; a serpent nowed vert.; 4th, barry of 4. or. sa. Charged with a small inner shield sa."

The Witheridge arms is translated:

> Divided into quarters: 1st quarter, gold background; a black initial "W", 2nd and 3rd quarters, blue background; a green serpent twisted in a knot; 4th quarter, divided: 4 horiz. bands, gold and black. A small black inner shield placed over all.

A serpent symbolizes universality, wisdom, healing. Seven vivid colors were chosen for use on shields of armor clad knights to easily identify them at a distance. The heraldic colors gold, silver, purple, blue, green, black, and red were preserved on colorless drawings by dot and line symbols. The Witheridge coat of arms incorporated black. The color black represents repentance or vengeance.

Information available indicates that in 1972 there were less than 99 households in the U. S. with the old and distinguished Witheridge name. In comparison, some family names represent over 400,000 households in the United States.

This report does not represent individual lineage of the Witheridge family tree and no genealogical representation is intended or implied.

Minneapolis, MN 55405

Dear David E. Witheridge,

I thought you would like to see what our newest product looks like so I am sending you the enclosed snapshot. It shows my own Taylor Coat of Arms, authentically reproduced in the original heraldic colors.

We call this handsome wall plaque the "Classic Plaque." It is a beautifully designed product measuring 14-1/2" x 17-1/2", has a walnut stained finish and a three-dimensional hand carved effect.

I am writing to make you this very special and unusual offer ...

Since this is a new product we have chosen the Witheridge Coat of Arms to show off the quality of our new creation. We have made up three "Witheridge Classic Plaques" in advance for advertising and promotion purposes.

You can see our advertisement in House Beautiful featuring the plaque at $49.95. It is a bargain at that price. We don't normally have so called sales nor do we offer discounts on our products. But since we have the "Witheridge Classic Plaque" in stock and ready to ship, I'd like to offer it to you at an honest reduction and with a "no risk," full satisfaction guarantee.

So if you would like to have this plaque to grace your home, or if you are looking for a never-before-given gift for a relative, you can have it for only $39.95. And that is a full and a big 20% price reduction.

To order, you need send no money. All you have to do is simply fill out and return the order card to me in the enclosed envelope. The return envelope needs no postage.

Just one thing. If you decide you don't want the "Witheridge Classic Plaque" - even at this bargain price - would you please drop me a note to let me know. That way, I'll have a chance to offer it to someone else named Witheridge, at this special price. I hope you order this magnificent plaque, but either way it would be a favor if you let me know within 15 days.

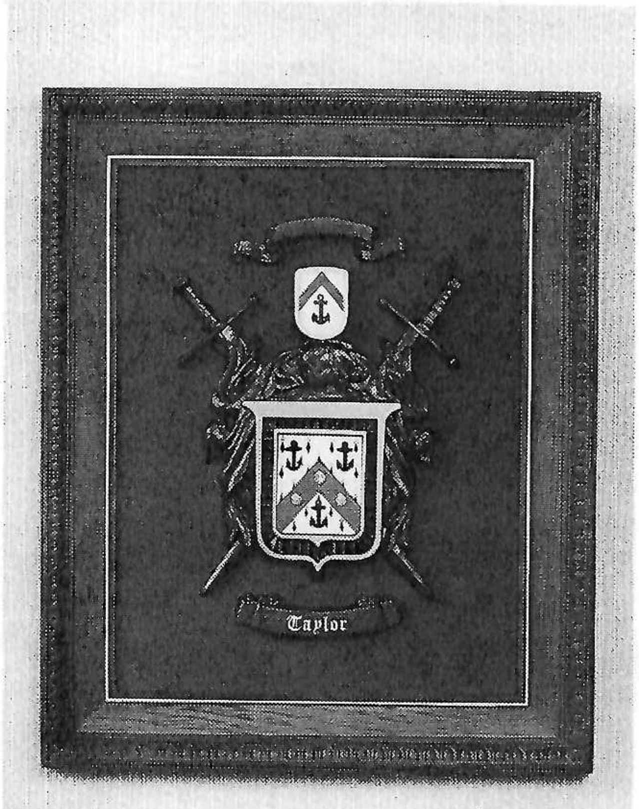
Sincerely,

Sharon Taylor

Sharon Taylor

P.S. Because we have a limited number of plaques at this special price, we must accept orders on a first come first served basis. But remember, if you are not completely satisfied for any reason, you may return your order for a full refund or credit. Please see the order card for details.

SLT



Actual Size
14½" x 17½"

Dear Friend,

Your plaque comes with an unconditional guarantee of satisfaction, even though it has been individually hand crafted with your own Coat of Arms.

What this means to you is that if for any reason at all you are not pleased with your plaque, simply return it. You will be sent a replacement at no charge or a prompt refund, whichever you prefer. Should you request it, you'll even receive the postage to return your plaque to us.

This thirty-day unconditional guarantee is yours for one simple reason. We want you to be completely happy.

We'd much rather have you as a long-term customer and friend than to just make a quick sale.

I do hope you will order a plaque at this price. But whether you do or not, I do want to thank you for making this guarantee and our entire business possible.

Dear Mr. Witheridge

On June 20, I am going to publish THE WITHERIDGE FAMILY HERITAGE BOOK.

It will lead you through the discovery and documentation of your personal and family heritage.

Thousands of dollars and months of work went into researching through 70 million families. From this I have located almost every Witheridge member in the United States.

My findings show the Witheridge name is very rare. Only about one citizen for every quarter million Americans belongs to the Witheridge family.

THERE WILL BE ONLY ONE EDITION of this invaluable guide. It is limited to one book per household and it will be printed only on your specific order. I can only reserve copies with my publisher if your request is placed before June 20. Orders posted after this date must be declined.

Mr. David E. Witheridge
2425 S. Irving Av.
Minneapolis, Mn 55405

Dear Mr. Witheridge,

Did you know that the family name Witheridge has an exclusive and particularly beautiful Coat of Arms? This may surprise you, since Witheridge is an extremely rare name. Of the 60 million households in the U.S., less than 49 are Witheridge households.

We discovered this while doing some research on the origin and meaning of family names. We've had an artist interpret the Witheridge Coat of Arms exactly as the heralds of medieval times did it for the knights and noblemen. This drawing, along with other information about the name, has been printed up into an attractive one-page report which you may want to have.

The right-hand side of the report tells the unique story of the Witheridge Coat of Arms. The left half has a large, beautiful reproduction of the artist's drawing.

Not all family names, of course, were recorded with a Coat of Arms. But your name has one. And now that we have a report on the Witheridge name and Coat of Arms, I thought you might like a copy. The entire report is personal and individually prepared on parchment paper suitable for framing.

These reports make distinctive wall decorations when framed, and they are great gifts for relatives. It should be remembered that we have not traced anyone's individual family tree, but have done extensive research to prepare the Witheridge report.

The price for the Witheridge research report is surprisingly low. Since our biggest expense was in researching and writing the original report, extra copies don't cost us nearly as much as the original. So we're not charging very much. (See below.)

If you are interested, please let us know right away. Just fill in the enclosed order form and send the correct amount in cash or check for the number of reports you want. You may use the self-addressed reply envelope. It needs no stamp. We'll send your reports by first class mail.

Sincerely,

Nancy L. Halbert

P.S. If you are ordering one report, send $2.95. Additional reports ordered at the same time and sent to the same address are $1.50 each. Please make checks payable to Halbert's.

# ABE GETS GENEALOGY OFFER

## The View From Lake Calhoun

By Abe Altrowitz

LAKE CALHOUN — Ye Gods and little knishes!

Just listen to this from Nancy L. Halbert of Bath, Ohio:

"Did you know that the family name Altrowitz now has an exclusive and particularly beautiful coat of arms? This may surprise you, since Altrowitz is an extremely rare name. Of the 60 million households in the United States, fewer than 49 carry the Altrowitz name. We discovered this while doing some research on family names.

"We've had one of our specially trained heraldic artists interpret and create the Altrowitz coat of arms exactly as the heralds of medieval times did it for the knights and nobles. This drawing, along with other information about the name, has been printed up into an attractive one-page report which you may want to have . . ."

**And I can have a copy of that report for $2, with additional copies for $1 each.**

Isn't that flattering—or something?

A coat of arms for a fishing addict named Altrowitz.

Nothing like that has ever before occurred to me.

I never tried digging into the background of the name — not to any appreciable extent.

Once upon a time, when I wanted a passport to go overseas, I decided it would be much easier to obtain an affidavit from my pa showing that I was born in Zvanetz-Podolsk, Russia. Easier than to try mail correspondence with authorities in that little community in quest of a certified copy of a birth record.

Altrowitz, as (I believe) mentioned here before, is an Anglicized version of the Russian Alterovitch.

**Alterovitch is made up of two units: Alter, of German origin, meaning man. The term Alter is a good Yiddish first name. Altrowitz, son of Alter, is the same as the Scandinavian pattern. Olson, son of Ole; Johnson, son of John, etc.**

I never had any great genealogical ambitions. I mean, I wasn't ever so interested in backgrounds antedating Zvanetz-Podolsk as to want to delve or have somebody delve for me.

Years ago, I knew a gal who used to earn money working out genealogies for people.

One day I asked her if she'd ever worked out her own, dug into her own family tree?

Yes, she had. There was a wry smile as she added:

"The genealogy led me back through one of the two men in the Tower of London who were accused of smothering two royal princes."

**And that, in recollection, can provide considerable food for thought. The Altrowitz line touches where?**

Well, I'll settle for an acceptance of the point of origin — the start for all the ancestral sequence: Adam and Eve.

THOSE CALHOUN gremlins are apparently at it again.

There's been plenty of fishing during the past several weeks, and all good fun. But catching?

If I recall correctly, an aggregate of two crappies, two sunfish, one undersized perch, one baby bass and one baby northern.

Editor's note:

I can see the wry smile on Dad's face as he reads this column poking fun at a mail solicitation very much like the one he received four months earlier at his house a mile or so from Abe's.

Three Centuries of WITHERIDGES

*The definitive and thorough History of American WITHERIDGES documented and indexed.*

Compiled by the WITHERIDGE Family Roots Center

Dear DAVID E WITHERIDGE:

"Three Centuries" is now complete!! The book goes back in history tracing earlier American WITHERIDGES through marriage records, census records, and military records.

Modern day WITHERIDGES are also listed in the 1994 residence records (you're in it). Not just a mailing list, it includes grandparents and kids, too!

The book stands as an excellent reference source for family historians.

The master index of WITHERIDGES who have lived and loved in the past.

Dear Friend,

As you may already know, we have been doing some work relating to people who have the same last name as you do. Finally, after months of work, we are ready to publish "THE AMAZING WITHERIDGE NEW WORLD REGISTRY" and you are in it!

The Witheridge name is very rare and our research has shown that less than one in every one million people in the New World share the Witheridge name. We have spent a great deal of effort and thousands of dollars to research through over 100 million records in Europe, Canada, the United States and Australia and now have completed the first International Registry of Witheridges ever published. "THE AMAZING WITHERIDGE NEW WORLD REGISTRY" features this valuable and extensive directory of Witheridges living throughout the New World, and it is as complete as possible.

In addition to the Witheridge international registry, there are informative sections on the origin and meaning of names, heraldry and genealogy. It covers such topics as:

1. Where Witheridge families live today and how many there are in different parts of the New World.
2. Why your forebears left their European birthplace.
3. Never-before-published information about the Witheridge population in various countries.
4. How you can search for your ancestry and trace your Witheridge family tree using the fully documented Witheridge New World directory.
5. How you can participate in a heritage tour back to the Witheridge homeland to learn more about your origins.

This remarkable collection of current and historical information is available only in "THE AMAZING WITHERIDGE NEW WORLD REGISTRY." Due to the uniqueness of the Witheridge name and its small worldwide population, it is economically impossible to produce extra copies after our scheduled publishing date. This is a first edition and it is certain to be quite a rare and valuable acquisition.

This is the only publication of its kind in the entire world and you will want to have your own copy for you and for your children. Each copy is virtually handmade to order and will be serially numbered, registered in the owner's name and accompanied by a Certificate of Authenticity.

Surprisingly, the price is just $19.95 per copy plus a small charge for shipping and handling. It would be impossible for you to duplicate this research without spending more time than you have as well as thousands of dollars. To reserve your copy, you must order right away. The total number of copies printed will be strictly established by the number of qualified orders postmarked prior to March 25, 1987.

Sincerely,

Sharon Taylor

Sharon Taylor

P.S. Even though your copy is printed for you alone and I believe you'll be pleased with it, if you are dissatisfied for any reason I guarantee a full and prompt refund. Please see APPROVAL ORDER FORM for details.

It will lead you through the discovery and documentation of your personal and family heritage.

Thousands of dollars and months of work went into researching through 70 million families. From this I have located almost every Witheridge member in the United States.

My findings show the Witheridge name is very rare. Only about one citizen for every quarter million Americans belongs to the Witheridge family.

THERE WILL BE ONLY ONE EDITION of this invaluable guide. It is limited to one book per household and it will be printed only on your specific order. I can only reserve copies with my publisher if your request is placed before June 20. Orders posted after this date must be declined.

WITHERIDGE

August 8, 1990

Dear Mr. Witheridge,

Our book WITHERIDGES ACROSS AMERICA represents our knowledge about the location of Witheridge families in America. If individually researched, it would require you to spend thousands of dollars or months of work to search through National and State, government and utility records. These records represent the households of over 200 million people.

We have found the Witheridge name to be rare and thus WITHERIDGES ACROSS AMERICA is a very special limited edition. There will be less than 15 books published and they will only be printed upon your specific request. All orders must be received prior to September 19, 1990. Orders placed after this date must regretfully be declined.

WITHERIDGES ACROSS AMERICA is a hard bound library edition and is gold stamped on a leather textured cover. Each book is serially numbered and accompanied by a letter authenticating the collection of data for this one and only edition. THIS EDITION WILL NEVER BE PRINTED AGAIN.

P.S. You are already in this book.

WITHERIDGES ACROSS AMERICA lists almost every Witheridge home in the U.S. It will:

* Facilitate locating relatives and namesakes
* Help to initiate relationships with other Witheridge families
* Aid in the study of the Witheridge migrations and settlements in America with geographic counts
* Educate you in the fundamentals of genealogical research by describing:
  1. The history of American origins
  2. The development of family crests
  3. The origin of family names
  4. The recording and documenting of family heritage

This nationwide household and family data search has been expensive and time consuming. We're sure that you will be pleased with the work. If you are not, simply return the book for a full refund of $29.85.

Sincerely

Call to Martha Gilmore - 10/29/96 Co.

(609) - 492 - ~~0348~~ phone in Beach Haven

Martha won't be home until next Sunday.

10/30/96 Reached Martha at Magnolia.
She hadn't talked to Janet, but she had talked to her mother and had found that I had talked to Janet & had told her about the May gathering. She also is interested in going if she can arrange for someone to take care of the inn for that period.
She had been in correspondence with Annette and also with a Witheridge family in England, whose names she couldn't remember, but will send me. [Also has a pen pal in England]
For many years she has used a perfume from Devon, which she now gets from a company in New York. She started using it long before she knew the Witheridges came from Devon.

Dear Martha,

I am very glad I was able to talk to you the other day. As you can see, I'm sending you the sheets that show your Witheridge family back to Andrew, who was the first of your ancestors in this country. I don't know yet who his parents were in England, but I'm sure I'll be able to track them down through the central records in London that were begun in 1837.

I developed these records mainly through the indexes of the New Jersey censuses from 1880 through 1920. I got them from the Mormon Library in Salt Lake City, which has an amazing amount of genealogical in microfilm. As you look this information over, I'm sure you will find corrections and additions that you can make--names, dates, and places. I hope you will be kind enough to send these to me when you get a chance.

Back in 1989 when I was beginning to work on this, I tried to call Allen Witheridge at 905 W. Lake Avenue in Rahway. He was not home, but I had a good conversation with his daughter Cathy. She didn't know much about their background, but she said that her father had a brother Robert and that their father's name was Robert. As you can see from the enclosed sheets, their father Robert was the first cousin of your father, so that makes you and Janet second cousins of Allen and his brother Robert.

When I mentioned Allen to Janet, she didn't remember ever hearing about him, so probably you were not aware of him either. A few days ago I tried to call Allen at the number I used in 1989, and the operator said he has an unlisted number. I wanted to send him these family sheets, so I was trying to be sure I had his current address. Now I'll have to write him at his 1989 address, but I won't send him this genealogical material until I get a reply from him. Unfortunately, he didn't reply to my 1989 letter] so maybe he won't reply this time, either. Since you are closer to him, maybe you can think of some way to track him down.

I'm also sending you two sheets about the Witheridge Society's Tenth Anniversary celebration next May in Devon. It would be great if you and Janet and others of your families could go. All Witheridge descendants and their spouses are urged to attend, whether or not they are members of the Witheridge Society. I'm getting very excited about going, and I'd love to meet you and Janet there.

The other two enclosures are material from "The Witheridge Times," the quarterly publication of the Witheridge Society. The first is a copy my son Tom made of the complete issue that contained a wonderful article about my wife Elizabeth by Kim Cook, the founder and honorary president of the Society. I thought this would tell you a lot our entire family.

Also in this issue is a short article I wrote about a 300-year-old house on one of the places called Witheridge Farm.

Finally, there is the article Kim wrote for the most recent issue of "The Witheridge Times," which tells abottthe gathering we had in Minneapolis in June. We had a great time, and I'm sure you would have enjoyed it. It was very impressive for me to be named honorary vice president of the Society. Now many of us are looking forward to an even bigger event next May.

I hope you enjoy looking over all this material, and I'll be glad to get your reaction and response.

Yours sincerely,

A year ago called & also wrote about your Witheridge ancestry. I had traced your line back to Andrew Witheridge, the first in your line to come to America. But I didn't know his background in England.

I had to drop my search because I got so busy. I wrote to two of my relations in the Witheridge Society in England and they told me who they thought Andrew's parents and other ancestors were. But I wanted to wait to tell you until I was sure.

Just the other day I got the latest issue of the Witheridge Society quarterly journal, and there was an article that specifically dealt with your ancestors all the way back to 1700.

I was so thrilled, I decided to call you right away, even though I won't have time to send it all to you in writing until after the first of the year.

Your ancestors lived in the southern tip of Devon near Plymouth in the little towns of So. Milton, Thurlestone, & Kingsbridge. On my trips to England I've met some of your Witheridge relatives who also come from those same towns.

You remember I told you about the big Witheridge celebration last May in Devon. We had a great time, and I'm sorry you weren't able to go. There will be another meeting this May, and it would [redacted] be wonderful if you could go to England at that time - It's the first weekend of May.

Maybe Janet and some of your other relatives would like to go and see the places where your ancestors lived and meet some of your English relations.

Could I check with you and see if I have Janet's correct telephone number?

Is your address still [redacted]

Dear Martha,

I'm very glad to be able to send you these family group sheets showing your ancestry back to John Witheridge in South Milton, Devon, including revised sheets of the ones I think I sent you before. As you see, the information in England comes from three members of the Witheridge Society, and the information in this country I have pieced together from census and other records.

I hope you and Janet will begin to make plans to go to England in May for the annual meeting of the Witheridge Society. It will be on the weekend of May 2-4 at some town in Gloucestershire. When I get the exact details, I'll send them on to you.

You will also want to go to South Milton, Thurlestone, and Kingsbridge near Plymouth in Devon, where your Witheridge family originated. In the churchyards you might be able to find the gravestones of some of your ancestors and relatives, and you could visit St. Edmund's Church, Kingsbridge, where Andrew Hannaford Witheridge was baptised in 1842. He was your first Witheridge ancestor in this country.

Of course, Plymouth itself is very interesting, and you would want to spend a few days in London, so you would need about a week in all. I know you have Magnolia to take care of, but you'll just have to start now to find and train someone else to be in charge during that time. You should have a substitute, anyway, in case you should have an accident or illness.

There are two Witheridge descendants I have met in England and have kept in touch with every Christmas, who come from the same South Milton family and are thus relatives of yours. One is Philip Hookway, a retired school teacher; and the other is Winnie Witheridge, the widow of Henry Witheridge, who of course would have been your relative. When I wrote my Christmas letter to them, I urged them to go to the Witheridge Society meeting in May in order to meet you, and I think one or both will do that. Winnie is too old to do much traveling, but she said that their daughter Jean had intended to go to Devon last May, but couldn't at the last minute. So I hope she'll go this year.

One other interesting item: While I was at my son's apartment last month, he was searching the internet, and he found a list of six other "Witheridges" on the internet. One was Jill Pierson, who lives in New Jersey and listed genealogy as a hobby, with Witheridge as one of the names she was searching. We sent her an E-mail to find out how whe is related to the Witheridges, and she replied that she is descended from Ethel Witheridge (her great-grandmother), who married Alfred Crowell Pierson in 1909. You will see Ethel on the Francis George Witheridge sheet. So you are a second cousin of her grandfather, and she is your second cousin twice removed. She is a college student. Her address is [redacted]. I told her I know her ancestry back to 1700, but I haven't given her all the details yet. I'll be sending her this same material I'm sending you, as soon as I can get around to it.

I hope you are as excited about all this material as I am, and I hope that when you get a chance, you will send me any additions or corrections you can, especially about your own family and children. I look forward to hearing from you soon.

Yours sincerely,

David Witheridge

Dear Janet,

It was so wonderful to talk to you on Sunday. I'm glad to know that you are interested in finding out more about your Witheridge background, and I'm pleased that we are finally in touch with each other.

As I said over the phone, not long after I wrote to you many years ago, my wife Elizabeth developed Alzheimer's and also broke her hip. She never fully regained mobility, so I was her caretaker until she died a little over a year ago. This meant I had to give up genealogy until just a little while ago.

One thing I wanted to do was to continue my wotk on finding the connection of the New Jersey Witheridges to the rest of us. I had thought you were related to the Pennsylvania family, but now I find that is not so, at least not in this country.

Through the Mormon Library (They are a vast genealogical resource) I got the indexes for the 1880 through 1920 Federal Censuses of New Jersey and Pennsylvania, and I have been able to piece together these families. As you see, I'm enclosing copies of the records that take you back to Andrew Witheridge, your first ancestor who came to this country. Because I know he was born in March of 1844, I know I can eventually find his parents in England through their central records in London. As you look these sheets over, I'm sure you will find corrections and additions you can make, especially in the more recent generations, and I hope you will tell me about them--names, dates, and places.

I'll be sending the same material to Martha, too, for her input. I haven't talked to her yet, but she left a message on my answering machine after I tried to call her, and I'm still trying to find her in when I call. The second time I called, I talked to her daughter Rachael, and she gave me Martha's number at Beach Haven, as she won't be home in Union until next Sunday.

You will also find here two sheets about the Witheridge Society's Tbnth Anniversary celebration next May in Devon. I"m getting very excited about going, and I'm glad you are also intrigued by the idea. It would be great if you and Martha could go, and others oflyour families. I'm just dying to meet you, now that we have talked on the phone; and you would get to meetlmany of yourdistant relatives from many parts of the world. All Witheridge descendants and their spouses are urged to come, whether or not they are members of the Witheridge Society.

The other two enclosures are material from "The Witheridge Times," the quarterly publication of the Witheridge Society. The first is actually a copy my son Tom made of the complete issue that contained a wonderful article about Elizabeth by Kim Cook, the founder and honorary president of the Society. I thought this would tell you a lot about our entire family. I notice there is also in this issue a short article I wrote about a 300-year-old house on one of the places called Witheridge Farm. You will also enjoy reading the rest of the Witheridge material in this issue.

Finally, there is the article Kim wrote for the most recent issue of "The Witheridge Times," which tells about the gathering we had here in Minneapolis in June. I wish you could have been here! We had a great time, as you can see, and I was truly honored to be named the honorary vice president of the Society. It was a sort of preview in miniature of what we look forward to next May.

Well, that is about all for now. Again I say I'm glad we have finally made contact, and I hope to hear from you when you are able to write.

Yours sincerely,

(Also Martha Gilmore)

Hope this is a convenient time to call. If not, I can call back later.

Haven't been in touch with you for a while, and I decided to call. Since I haven't heard from you or Martha, I suppose that means you haven't been able to work out a trip to England in May.

I've been waiting until I got the information from England about the Witheridge Society meeting, and it just came today. It will be in Winchcombe, Glos. 5/4

What did you think about the information about your ancestry back into Devon?

Have you heard from Jill Pierson? Wasn't that fantastic to run into her on the internet? When I sent her the information I sent you, she was ecstatic. She wrote back and said she was making copies for her relatives, and she wants to join the Witheridge Society. (But can't go to England)

Another reason I called was so I could let your relatives, Philip Hockway and Winnie Witheridge know whether you were going to England in May. I don't know if they'll be going to the Witheridge meeting, but they might have made a special effort to go if you were.

I'm still looking forward to having you send me some information about your own family that I can add to the material I sent you.

I'm also going to try to call Martha this evening.

Dear Norah:

One of the joys of our trip to Britain last summer was meeting you and being with you several times. Although you are probably not a blood relative, both Elizabeth and I felt a close bond with you as soon as we met.

We feel indebted to you because of the work you did on Myrtle's Blackmore ancestry, which added, of course, to the information I already had on my own. Knowing that you are right there in Combe Martin and that you are so knowledgeable about local history there, is a great comfort to me. I know I'll be asking for your advice from time to time in the future.

The evening meeting at the St. John's Ambulance Hall with several of my possible relatives was a great success, and I want to express my warm appreciation for the part you played in setting it up. We've been very busy and haven't yet had time to do much follow-up, but I hope to begin some correspondence soon with those we met.

We are glad the enclosed picture came out so well and we hope you enjoy having a copy of it.

Yours sincerely,

David & Elizabeth

Dear Noel,

Your Christmas card was one of the first we received this year, and we were pleased to hear from you and to know things are going well. We were especially interested in the ecumenical activities in Combe Martin, and we hope they continue to grow.

Gubb family

We have been fascinated by the experiences of the Thomas Witheridge Gubb family in South Africa, and were glad to get the inscription on the tombstone in the Combe Martin Parish Church yard. We did have the information on the date of his death in Uitenhage, but were not aware of the tombstone in Combe Martin. He was the first of three Thomas Witheridge Gubbs. The interesting thing to see is that they have kept such close ties to Combe Martin through the years right down to now.

You won't believe it, but we have already had 33 in. of snow this season — 30 in. coming in November, which is just about a record for so early in the season. (Our yearly average snowfall is only 42 in.) In addition, we have also had some bitterly cold weather. Tonight we are starting several days of going below zero degrees Fahrenheit at night, and we already had such a spell a couple of weeks ago. But we know how to manage such weather here, and the streets are plowed out, and things are moving along normally again.

Have a very merry Christmas season!

Dear David & Elizabeth

How are you? I hope you are both well and active and finding lots to interest you.

We have had a rather wet and chilly year, making everything in the garden late and giving us little opportunity to wear summer frocks. On the good side the country round about us has remained very green and fresh looking – usually by August the wild flowers and the hedgerows have gathered a layer of dust and look tired and faded.

Early in the year I undertook the re-typing and checking of the Parish Church burial records – a job I thought would take me a few weeks but in fact wasn't finished until late Summer. For this reason I've not made much progress in transcribing the Churchwarden accounts which are most interesting but are easier to read in good daylight rather than by artificial light of Autumn and Winter.

Last Sunday we had a United Service held for the first time in our Catholic Church. It's a smaller Church than the other three & was full to overflowing. For the traditional cup of tea afterwards they had to borrow cups & saucers from our Methodist Church which I feel added to the friendliness and unity.

With all good wishes to you both and your family for Christmas and the New Year from

Norah.

Dear David and Elizabeth,

How are you both? Enjoying good health and life in general, I hope.

Combe Martin is much as usual. There is some new building at the top of the village and some more at the sea side end, but apart from that it is as you remember it. There are times when I wish I knew something of archaeology — bits of pottery, roof tiles, coins — all kinds of interesting things could be unearthed by a bulldozer. Over the years I have found a number of clay pipe stems in my garden, but as yet not one with its bowl attached. Walking through a newly ploughed field at the back of my house I once picked up a number of fragments of china, many of them patterned in blue. I learned later they were probably 18th century.

Combe Martin entered the Britain in Bloom contest this year for the first time and was awarded a certificate of exceptional merit. Our long street does not really lend itself to that kind of thing but almost every house was adorned with a hanging basket, wall pot or window box. Those people with front gardens achieved colourful displays of flowers.

There was also a 'first time' event among our four Churches. The Roman Catholics held a Confirmation Service for six of their young people and at the request of the Bishop of Plymouth who was taking the service, the Anglicans, Baptists and Methodists were invited to attend.

The Church was packed and since we all had service sheets it was not difficult for us to take part. Afterwards there was a Reception at the Town Hall with a buffet supper and we were invited to that as well. That was extra generous since they are the smallest and I think least well off of the four Churches.

Guess that is enough of me for now. I wish You both a very happy Christmas with good health and good fortune in 1988.

Sincerely,

Norah.

Dear Norah, February 4, 1988

We enjoyed your Christmas note with all the news, and we hope you are in good health these days. We are now in the process of getting our plans set for our trip to Britain. We expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, then hire a car for three weeks for our trip around England, Wales, and Scotland.

[1988 trip plans]

We'll start out with three days in Essex, where Elizabeth has her Plumb roots. Then, we'll visit some of my Witheridge relatives near Guildford. That will bring us to Exeter in the evening of Wednesday, May 25. We want to spend the next day there in order to visit the record office and the cathedral. On Friday we want to go to the North Devon Athenaeum in Barnstaple. We have heard that the North Devon records, or many of them, are being transferred from Exeter to a new building in Barnstaple. Do you know if that transfer has been completed?

Friday, Saturday, and Sunday nights we hope to stay at The Lodge in Berrynarbor. On Saturday morning we want to drive to the town of Witheridge for a short visit with the Vicar and then see my father's second cousin, Mrs. John Witheridge, who has a farm in West Buckland. By early afternoon we should be in Combe Martin. We also plan to be in Combe Martin on Sunday, May 29.

We'd like to have you and Una and Myrtle confer on how we should spend our time in Combe Martin in order to see all the people and do all the things we should do there. Since we attended the parish church the first time we were there, perhaps we should go to the Methodist or Baptist church this time.

On Monday, May 30, we're driving to Swindon, Wilts, where we hope to stay overnight with Marjorie and Ted Packer. She is a third cousin of Myrtle and me in the Blackmore line. On the way there we hope to visit a couple of other friends if they're going to be home on the Bank Holiday.

We hope these dates of May 28 + 29 will work out all right for all of you. If not, I'll have to make some changes in our schedule. It may not be necessary for all three of you to reply right now, but we do hope to hear soon about these dates.

Love,

David + Elizabeth

FEB. 14TH 1988

Dear Elizabeth & David.

Many thanks for your letter and your Christmas card. It will be good to see you both again when you visit this Country in early Summer. Mona will be writing to you but I thought I should perhaps put you in the picture about the new whereabouts of the Record Offices. I telephoned the North Devon Athenaeum yesterday morning for the latest information and they are expecting to close on February 26th and re-open at the new building on April 11th. These newly built premises are on the other side of Barnstaple near to the Combe Martin and Ilfracombe main roads. It is a red brick monstrosity which cannot easily be missed – hopefully the interior will be more attractive. This building will house the staff, books, records & documents of the Athenaeum in one department, the Record Office, with all material relating to North Devon formerly held at Exeter will be a separate department and the County Library with its Reference Section will be a third department. They are under the same roof to facilitate the co-operation between the three sections. It will be a complicated and difficult removal for each and I am not too happy to learn that outside contractors are transporting the contents of the Athenaeum. At Exeter there are documents which relate only to North Devon such as Parish Registers but there are also bundles of documents relating to the whole County – Diocesan records for example – and I imagine they will remain at the Devon Record Office. I am telling you all this, David, so that you can sort out which documents you may want to see and if necessary telephone Exeter or Barnstaple beforehand so that you don't waste the little time at your disposal when you come to Devon. The telephone number of the D.R.O. at Exeter is – Exeter 273509.

Aerogramme: a 'Royal Mail' product

Mrs. Barrow will ring me from the Athenaeum tomorrow to tell me if they have their new number yet. It occurred to me while I was speaking to Mrs. Barrow & she confirmed it, that the three departments will be closed for the Bank Holiday — obviously the Monday, probably also the previous Saturday & could also possibly include a half day closing on the Friday. If you have serious work to do with the records it may not be the best week end so do check the building will be open when you want to visit it. Sorry if this sounds off-putting but you don't want to be baulked at the last minute through lack of knowledge of local conditions.

No more room!! Love Norah.

Dear Norah,

I was very grateful to get your letter with all the information about the dates and process of moving the materials from the D.R.O. and the Athenaeum into the new building. I'm sure it is a difficult operation with many chances for problems to develop, but at least it will mainly be accomplished before we arrive.

I've been so busy working out plans for our trip and writing dozens of letters that I haven't had time to determine what I want to do at the various record offices. It will be a short stay at each place, because we'll only have five days in London and three weeks driving around the country. But I scheduled stops at various record offices to take advantage of our being so close to them. I'll try to list a few of the important matters to be done at each place and make reservations when I'm sure of our schedule. Thank you for the telephone numbers.

I seem to recall that you did a major project of recording gravestone inscriptions at the Combe Martin churchyard. It's possible that I may want to refer to that while we're there. It also seems to me that you transcribed some other parish records that would be of interest to me.

If we have a get-together of possible relatives of mine on Thursday evening, May 26, in which case we would spend that day in Barnstaple, the Bank Holiday weekend wouldn't bother us there. But wherever we are on Friday, either Exeter or Barnstaple, would be greatly restricted if they close in the afternoon. That's one of the problems on a tight schedule like this, and I guess we'll have to adjust to whatever arises.

We're looking forward to seeing you, and hope all goes well for all of you there in the meantime.

Love,

David & Elizabeth

July 9, 1988

Dear Norah,

We thought you would like to have a copy of each of these pictures that I took at our Thursday evening gathering in Combe Martin. It was a most interesting time, and we were quite impressed that we had 22 people there from Combe Martin. Of course, with that many I wasn't able to spend as much time talking with each person as I would have liked, and I was sorry that I missed a few people in my picture taking.

I was glad to hear that there is now a Combe Martin Historical Society. This should encourage many more people to delve into the past records and work together to make them available to others. I know that for a long time you were one of a very few who worked on this sort of thing.

Elizabeth and I spent one afternoon at the new North Devon Record Office and found a few things in the North Devon Journal, the Berrynarbor Parish Register, and the Visitations of Devon. Although its not especially attractive, it's really an excellent new building, and it will be a great help in research. We also had a chance to have morning coffee with Lyn Prust, who lives in Barnstaple and had looked up some items for me at the Athenaeum a few years ago.

We had planned to spend a day in Exeter and visit the Cathedral as well as the Record Office, but we were so tired that we just dropped that out of our schedule completely. It's amazing, however, that we did accomplish almost everything on our trip we had planned. We had a wonderful time and saw some beautiful scenery and historical places, as well as many friends and relatives.

Because of the cold and rainy weather while we were there, we both came down with bad colds and have just now gotten over them. In addition, we came home to a drought and very hot weather — over 90°F for 22 days, so we haven't had much energy since we got home.

It was wonderful to see you again. We think of you often and hope your health is all right. We know you were tired the day we were there, but we hope you are feeling better now.

Love,

David + Elizabeth

Dear Elizabeth & David,

Thank you for sending the snap which I received yesterday – it was kind of you to do so.

I am so glad you enjoyed the evening "get together" at the St. John Hall. I did too. It reminded me a little of the unsophisticated events we used to enjoy in the Village before the war. There were always Concerts & entertainments during the winter which relied on the surprisingly good local talent. In the days before television any meeting, religious, political, recruiting or parish was sure of a good attendance, not only for the Speaker or the appeal but also for the excellence of the refreshments. A 'cup of tea & a biscuit' was unheard of. Well filled meat sandwiches, cut rounds with jam & cream, home made cakes & pies, loaded a trestle table. And the only language spoken was Devonshire. A person from another part of Britain would not have understood a word!!

May I take this opportunity of wishing you both a very happy Christmas and New Year.

Yours Sincerely,

Norah.

Dear Mr. Gubb,

I'm glad that I have finally located you. I am the eighth cousin of your grandfather, Joseph Gauntlett Gubb. About a dozen years ago I was in correspondence with your mother Margaret. Then when she died, I lost contact with your familly.

Last May when I was in Combe Martin in Devon, I got an address for your sister, Jennifer Kruger, from Gerald Walters. I wanted to write to her and tell her about my interesting trip to England, but I wanted to be sure I had the right address, so I tried to telephone her first. But Directory Service couldn't give me her telephone number. The address I have is:

Mrs. S. Kruger
55 St. Leger Rd.
Newlands
Capetown 7700

Would you please give me her correct address and telephone number?

Your mother had told me you were a botanist located in Kimberley, so I decided you would be easier to find than Jennifer. Someone at the Department of Agriculture Research Station gave me the telephone number of the South African Association of Botanists, and they were able to give me your number at the Wild Life Society. I'd also like to have your telephone number and address at home, so I could actually talk to you and send you some things, including pictures I took in Devon.

I went to England to attend a meeting of the Witheridge Society. There were descendants of the Witheridge family not only from Britain, but also from Canada, the United States, Australia, and New Zealand.

In addition, I visited the graveyard at the Combe Martin church, because I knew the first Thomas Witheridge Gubb was buried there. After much searching, I was able to find the tombstone with his name at the bottom hidden behind overgrown grass. I copied the inscription showing many of your Gubb ancestors, and I also took a picture of the tombstone.

I want to send this information both to you and to Jennifer and to tell you more about the gathering of the Witheridge Society, so I hope to hear from you soon. I am using my son James' computer and E-mail address, as he lives not too far from me in Minneapolis. His E-mail address is: witherjim@aol.com

Dear Jim and David

My apologies for not replying sooner to your messages. Our computer has been in for repairs and I am busy going through the e-mail that has accumulated.

My sister, Jenny, has moved from her previous address and now lives at:
2 Manatoka Avenue
Pinelands
Cape Town
South Africa
7405

Her telephone number is: (international code) 021 5312577.

We have lived in Cape Town for the past seven years. As you found out, I work for the Wildlife and Environment Society, which is an environmental organisation something along the lines of, but not quite the same as, Green Peace. Unfortunately, my work requires me to be out of the office most of the time and thus it is virtually impossible to get hold of me by telephone there. I am not able to guarantee that I will be in the office at any particular time.

Our home address is:
7 Ketch Street
Sun Valley
Fish Hoek
South Africa
7975.

I will pass on your message to Jenny. I am going on leave in December and will have the opportunity to reply to you more fully then.

Andy Gubb

Dear Andy,

Thank you for your E-mail reply. I have a great sense of accomplishment in actually hearing from someone in South Africa! I tried to contact Jenny in 1987, but I probably had the wrong address, because I never heard from her at that time.

This has been an exciting year, because May marked the tenth anniversary of the Witheridge Society, which is composed of Witheridge descendants and their spouses who are interested in family history and enjoy knowing about other Witheridge descendants.

The society publishes a quarterly journal, but it only meets once a year on the first Monday in May (a Bank Holiday in England). Witheridge is not a very common name, so the group is relatively small. Since this was the tenth anniversary, the meeting was a two-day event, and an attempt was made to get people to come from all over the world. We were pleased, because there were fifty present, including ten from the United States, four from Canada, three from Australia, and one from New Zealand.

We had wanted to meet in the town of Witheridge in Devon, from which presumably all Witheridges get their name, but they didn't have large enough accommodations, so we met about ten miles away in Tiverton. On the second day we took a bus tour through northern Devon, stopping at Witheridge and at several towns where Witheridges had lived, including Combe Martin. A large percentage of society members stem back into Combe Martin and are thus definitely related to you and me.

My wife Elizabeth and I had been to Combe Martin three times before on our trips to England and had met several Witheridge relatives there. So we had a good reunion, and the whole busload was warmly welcomed. The one thing I wanted to do more than anything else this time was to locate the grave of the first Thomas Witheridge Gubb in the churchyard. After much searching Kim Cook and I found the large Gubb tombstone with Thomas Witheridge Gubb's name at the bottom, practically covered with weeds and grass. What a thrill! (Kim Cook is the founder and honorary president of the Witheridge Society, and I am the honorary vice-president.)

You will see that I have enclosed two pictures of the Gubb tombstone and my transcription of the text, which required the help of a magnifying glass. Your mother told me that she and your father had traveled to England many times and that your father's ashes had been deposited in the Combe Martin churchyard. No doubt they had seen this Gubb tombstone. Unfortunately, Kim and I didn't have enough time to look up Noel's grave.

I have a feeling that Jenny has been to Combe Martin and maybe you, too, Andy. Perhaps you or she have seen both of the graves. If either of you has been thinking of going to England, I hope you will try to go at a time when you can attend one of the annual Witheridge weekends. Next year this will be on the weekend of May 2-4. I know the society would be very pleased if you could attend, and I'm sure you would enjoy meeting relatives from all over the world.

The place has not yet been determined. If the meeting is in Devon, it will include another bus tour, including stops at both Witheridge and Combe Martin. The 1998 Session may be in Gloucestershire. Most of the annual meetings have been held in Alderton in Gloucestershire until this year's Tenth Anniversary celebration. However, Alderton doesn't have accommodations for an overnight stay, so it would probably be held in a larger place, like Cheltenham. If it is held in Gloucestershire, those who want to visit Witheridge, Combe Martin, and other Devon towns where their ancestors lived will have to make their own arrangements, which I'm sure you would want to do anyway. If the 1998 meeting is held in Gloucestershire, the 1999 meeting will probably go back to Devon.

If you are unable to plan a trip to England in the next year or so;, perhaps there are some other descendants of Thomas Witheridge Gubb who like to travel and are interested in England and in family history. I know from the information your mother gave me that there are a great many Witheridge descendants in South Africa, and I hope someone will be intrigued with the idea of returning to England for a Witheridge get-together.

I'm also sending two other pictures of our Witheridge celebration. One was taken during a break in our meeting in the Tiverton hotel. The other was at the town sign at the edge of Witheridge. When our bus arrived at the center of Witheridge, the town crier boarded the bus and read a proclamation welcoming us to the town of our ancestors. (The Witheridges had left before the start of the parish register in the early 1500s, and no Witheridge baptisms, marriages, or burials are recorded there. Of course, they wouldn't have been called "from Witheridge" until they had actually left there.)

Before I close, I'll just say a word about myself. I'm 83 years old, and I'm a retired minister. At first, I was a mechanical engineer (heating, ventilating, and air conditioning), but then I decided to become a minister and went to a theological seminary. I was a Baptist pastor in Illinois for about nine years and then came to Minneapolis to be the executive director of the Greater Minneapolis Council of Churches for twenty-eight years before retiring at the end of 1979. My wife Elizabeth was a kindergarten teacher and later an author of seven books for children and young people. She died two yeaars ago after suffering from Alzheimer's disease several years. We have two sons, Jim and Tom, both of whom fortunately live in Minneapolis.

I look forward to hearing from you and learning a little more about you and your family. Your mother said you have a sister Margaret, who is married to Andre, but she didn't give Andre's last name. Do they also live in Capetown?

Yours most sincerely,

David

Dear Andy,

I haven't heard from you for quite a while, and I wonder if all is well with you and your family and with Jenny and her family. As you see, I now have my own e-mail address, so I don't have to use Jim's.

My own health is reasonably good, but I do everything more slowly now. Because of my age, I have given up travel, so I haven't been back to Combe Martin since 1997. Have you or Jenny been there recently? I know that at one point your parents went there almost every year.

Happy New Year to all of you, or I should say Happy New Millennium!

Dear Mrs. Hookway:

I received your name from your cousin, Lt. Col. George Witheridge, whom we got in touch with years ago through the telephone directory. He may have mentioned to you my interest in genealogy.

My wife Elizabeth and I visited George and Mary at their home in Kilgetty when we came to Great Britain in 1976. We had a most delightful time with them, and we had a little subsequent correspondence with them, though not recently.

In December we sent them a Christmas letter, and only a few days ago the letter was returned to us with a notation on the outside, "Gone away." We want very much to know where they have moved to, because we are coming to Britain again this year in August and September. We'd like to visit them again if they are anywhere near where we'll be traveling in the car we plan to hire. We'd be very grateful if you would send us their present address.

Since we have a number of relatives in South Wales, we'll be spending a couple of nights in Pontypridd about August 30th. We might be able to telephone you at that time, or perhaps even see you briefly.

One reason I'd like to talk with you is that I have an idea you may have a few more clues that would help carry your Witheridge ancestry a little further back than George has been able to do. He said, for example, that your mother (Dorcas) was a sister of his father (Henry Beauchamp Witheridge).

Do you happen to know anything about your grandfather, George Witheridge? The reason I ask is that I have the record of a George Witheridge whose wife's name was Dorcas, and they had a daughter, Henrietta, who was baptized in Kingsbridge, Devon, on Feb. 5, 1862. Since Dorcas is not a common name, I wondered if your grandfather was a brother of that Henrietta Witheridge (an thus a son of that George and Dorcas in Kingsbridge).

[illegible]

But more of that later! What I really want to know now is where George and Mary have moved to. I'll be looking forward to hearing from you soon.

Yours sincerely,

Dear David,

I am sorry not to have replied more promptly to your letter, passed on to me by my mother Lilian Hookway. She thought I could deal with it as it is 'in my line of country', so to speak, since I am also an amateur researcher in a small way. I am in correspondence with two American Hookways who have made extensive enquiries regarding their family connections — so far I have not identified any link between them and us. I have found that my grandfather Arthur William Hookway was born at Wear Gifford near Barnstaple in North Devon and his father was William Henry ... thats about as far as I've got. It was of great interest to read your letter since only recently I was quizzing Mam about her mother and father and trying to make some notes. One item which Mam loaned to me was her parents' marriage certificate and I made a photocopy intending to return the original to her. I think what I will do is give you this copy and you can then note for yourself the reference to George Witheridge.

You will see he is given as "Sailmaker". My Grandmother lived at 2 Richmond Walk Devonport at the time of her marriage and I presume this was my great grandfather's home. I believe there was some relationship with the witness F.P. Luckhurst though I'm uncertain what the link was.

What you tell me agrees with mothers recent brief note, though from her recollection is — quote

"My mother's eldest sister was called Hetty (short for Henrietta) who never married and went to London and made her home with people who employed her all her life in their shop."

Mother is uncertain about her grandparents, being so long separated from them. She remembers

Aunt Lil Paradice 1 Ocean St. Devonport
? ( Aunt Florrie Chapman, Millbrook, Cornwall.
An aunt Kate --- and Uncle Reg the Sailor.

Whether these are all brothers and sisters, I'm ~~not sure~~.

She seemed positive of these:

It would seem the George + Dorcas at Kingsbridge are one and the same with mothers grandparents, apparently moving house between 1862 and 1875. I have recently written to my mother's cousin Dorcas Beasley at 2 Lon Ceiriog, Cefn Caeau, Llanelli, Dyfed, but have not had any reply.

I am sorry to say that George Witheridge died a year or so ago, and mother thinks his wife Mary is not too well. Her address last known is 11 Brewery Street, Pembroke Dock, Dyfed. Do have a happy trip when you come in the Summer and if you are near ring us or call. Sincere good wishes Phil and Caenwen Hookway.

Dear David,

My enquiries have not been encouraging regarding the Witheridges and I have had no reply from Henry's widow Mary in Pembroke Dock.

By coincidence, almost at the time I wrote last week, my mother's cousin Dorcas Beasley died in Llanelly. My brother seems to think Mary is in a nursing home at present, though I believe there is a son Vernon.

The only link with your side of the family has been via Dorcas and I only have her address

2 Lon Ceiriog
Cefn Caeau
Llanelly, Dyfed.

Her son Alan and his wife Doreen live somewhere near Swansea and we are without their address, though I have the name of Dorcas' neighbour whose phone number I'm hoping to find out.

Dorcas and her husband were our Second cousins but during earlier years were quite close to us, more like Aunt and Uncle. My mother was fond of them and they spent many holidays in our home.

I believe I mentioned my correspondence with Hookways in Columbus, Ohio and in Seattle. We are also in touch with freinds of 1st Baptist Church, Dallas, and also have a contact between our Manor Court Baptist Church and Baptists at Birmingham, Alabama. Our minister & his wife were recently guests at Dallas, having in an earlier year spent time as associate minister with that fellowship.

We are not certain of our timetable for the summer vacation but hope you will phone us when you arrive.

With our sincere good wishes,

Phil and Caenwen Hookway

Dear Philip:

Thank you very much for your two letters in response to my letter to your mother. Elizabeth and I are very sorry to hear that George Witheridge has died. We had a most enjoyable time with him and Mary in 1976. It seemed to us that Mary was in more precarious health than he was. At the same time I wrote to your mother, I wrote to their son Vernon. I have not heard from him, so perhaps the address I used is no longer correct.

I appreciate all the family information you passed on from your mother and some you had dug out yourself. Enclosed is a sheet that ties together what you and George have given me. You will note that the major addition is the listing of five brothers of your grandmother. George had no other information, except that they had gone to America after service in the British Navy.

I'm encouraged to know that you are interested in research, and I'm hoping that you will help in the process of tracing your Witheridge ancestry further back, so that some day we might discover how we are related.

The plans for out trip to Britain are moving along, though some of the details are still a little uncertain. It would be a great pleasure if we could meet you while we are in your part of the country. We have other Witheridge relatives in the Birmingham area, whom we are going to be visiting August 27-29, but I'm not sure yet whether we could arrange to come to Nuneaton during those days. Another possibility might be during the first three days of September, which are unscheduled at this point. We might be spending them mostly in Wales, or we might be returning to the Birmingham area. Perhaps you will know soon what your vacation plans are, and that might have some bearing on what we do.

As soon as we have anything more definite, I'll write to you again. This may not be until we get to England on August 3rd. When we arrive, we'll be staying several days with another distant Witheridge relative. Her address is Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA (Phone: 01-641-2994). That will be a sort of permanent address for us in Britain, as she will always know how to reach us or forward our mail.

I should tell you a little about myself and our family. I just retired (January 1st) from my position as executive director of the Greater Minneapolis Council of Churches, which position I held for nearly 29 years. I came here from a Baptist pastorate in Illinois, and before that I was assistant minister of a Baptist church in Chicago while I was attending the Divinity School of the University of Chicago. I started my career as a heating and ventilating engineer, with a degree from the University of Michigan.

Elizabeth was a kindergarten teacher before we were married. More recently she has been the author of seven books for children and young people. We have two grown sons: James lives and works in Minneapolis, and Thomas is in Chicago where he works full time and also studies toward a Ph.D. at Northwestern University.

From your letters it sounds as though you are members of a Baptist church. Perhaps you are aware that there is considerable difference here between Baptist churches in the north and those in the south, such as those in Dallas and Birmingham. One difference is that southern churches are not as apt to be ecumenical or members of councils of churches, like the one I served so long.

Hoping to see you this summer. Sincerely,

Dear David and Elizabeth,

Thankyou for your letter, and this is just to confirm we shall be looking forward to having you to stay overnight on 2nd September and to having a long chat.

We are just going down to Cardiff to bring my mother to stay with us at home here for a while. We have arranged a Pembrokeshire holiday 16th – 23rd August, and when we see you we shall be just beginning the new term. Have a safe journey and an enjoyable tour.

Yours Sincerely,

Phil.

July 12th - 30th: Jeremy has a French boy staying with us during this period
and part of the time (21st - 25th) we shall be away with
him in North of England. Caenwen is at home at this time.

P.S: I am not sure whether I refered in my letter to the recent death of mothers Cousin
Dorcas Beasley — she died suddenly about a month ago. Have not got her
Son's address but I am hoping to keep contact with him.

Dear David,

I have been trying to sort out our holiday plans. There is some
uncertainty regarding our whereabouts as we have not fixed a
reservation anywhere: Thought I would leave a large space at the
top to fill it in as I think of something! My mother's health
is not of the best recently and we have been rather anxious
about her. She lives in Cardiff and has been convalescing with
my elder brother and Sister-in-law at Barry. We shall certainly
be spending a few days there, possibly to help in caring for
Mam through the family holiday. Somewhere during the
August weeks we are to be away for a few days as a
family — Jeremy has not spread his wings yet but
at fifteen years old he is almost ready to flee the nest,
So these jaunts will become rarer in the future.

We have a visit to the Potteries planned for 27th August
and if you ring us we can make an arrangement
around the days you have planned for Birmingham,
27th - 29th August
or alternatively you may like to see us over the
weekend of 30th August - you would be very welcome to

stay with us if you would like to. We have
to be back in school on Monday 1st September but if it
suited you to make our house your base for a day
or so it would be our pleasure. We are not certain
what you have in mind; presumably you will want
to use some of the time on family researches. My own
enquiries have been extended by your reference to five
brothers of my mother's mother — Certainly Mam herself
knows very little about her mother's people. I was speaking
to a friend who is just retiring from teaching who is Secretary of
a Birmingham Genealogy Society, and incidentally, a descendant
of Mary Ann Evans, celebrated as "George Eliot" the famous
Victorian authoress. Do let me know your programme. I may
spend a day or so in London myself if I have the chance.

Best wishes to you all. Phil Caenwen +
Jeremy.

Dear Philip and Caenwen:

Your interesting letter arrived yesterday, and I want to answer promptly to let you know how our plans are coming. It now looks as though the evening of Tuesday, September 2, would be the best time to be with you, and we would be very glad to stay with you that night, if that would not inconvenience you too much. You said "we" have to be back in school on September 1. Are you a teacher, Phil, and perhaps also Caenwen?

As I told you, we'll be in the Birmingham area with some of my Witheridge relatives (second cousins, but not with the Witheridge name) August 27 to 29. Then we'll be two days in Wales, spending the nights in Cardiff. We had thought we would be able to phone your mother while there, but perhaps she won't be there at that time. We're very sorry her health has not been good.

On Monday, September 1, we'll be seeing George Witheridge's brother and two sisters and their families in Llanelli, after which we'll drive up further north in Wales to spend Monday night.

On Tuesday, September 2, we'll drive over toward Nuneaton, possibly stopping on the way in Walsall, where Sidney Witheridge and his son Tom live. (They are relatives of Bessie Witheridge, whom I'll tell you about in a moment.) Since Sidney is retired and Tom is not working at present, I hope we can do this during daytime hours.

That should bring us to your place in the latter part of the afternoon, when presumably someone would be home from school or work. (I'm not sure if Caenwen works during the day.) What we mainly want to do is get acquainted and also spend some time going over genealogical matters. Let us know if this date or time is difficult for you, and we'll try to work something else out. You'll also have to give us directions for finding your home.

On Wednesday, September 3, we expect to be with Bessie and Dick Witheridge in Hertford Hill, near Warwick. Bessie is unmarried and retired, and she lives with her unmarried brother Dick, who hasn't been very well lately. They have been in touch with George Witheridge for many years and thought they might be related, but have never figured it out. Now we're beginning to take up the search again.

Yesterday I got a letter from the wife of Henry Witheridge, George's brother in Llanelli. Henry was on his way to a hospital in London, so she wrote and said they'd be glad to see us on the date proposed. Then today I got a letter from one of George's sisters, Elizabeth Cauldrey, with the same information. We're looking forward to seeing them.

Mrs. Cauldrey said that Mary is in poor health and in a nursing home in Doncaster. She moved there because she has three sisters and nieces there who can be with her occasionally. Her address:

10 Downtmoor Avenue
Doncaster
South Yorkshire Phone: (0302) 60922

For Vernon she gave me the same address I wrote to, but as yet I've received no answer:

6 Darescroft
Middleton
Market Harborough
Leicestershire Phone: (0536) 771337

This has become a longer letter than I had expected. I must close for now, as we have so much to do in preparation for our trip. When you write again, do so in care of Mrs. Cook in Sutton (81 Ash Road, Sutton, Surrey SM3 9LA).

Yours sincerely,

87 Chetwynd Drive : Nuneaton CV11 4TJ. Warwickshire : Britain.

Saturday 6th December 1980.

Dear David and Elizabeth,

This evening I have been to the Christmas Concert at our College of Art and Technology, one of a series for different sections of the Music Centre. Jeremy is in the Intermediate Wind Band but this evening supporting the Junior Section. I enjoyed their music making very much, all the more charming for it's occasional wrong notes. Yes we are in the middle of Christmas practices etc. at School and most other things go by the board at this time. There are so many pleasing aspects of these preparations, chiefly in the spontaneous joy of children. Tonight we had that in great measure. I just wished I'd had a longfocus candid camera and I would have had some great shots.

This enclosure is our Xmas card to you and we hope you like the Christmas stamps this time. Included is the traditional wreath, a custom borrowed from America and now becoming very popular here. At School my contribution to the decorations has been to enlarge up the 1978 Christmas stamps to a massive two metres across — they look super. These designs are of the Christmas "waits" — carollers — from different historical periods.

There is normally a free-spending spree in these days before Christmas but this year it looks like the shops are feeling the draught from the trade recession. The Midlands car industry is so predominant that its present lack of health is casting some long shadows. Many of our people make their living in Coventry in motor-related industry and there is currently a lot of short-time working and people being laid off work. The government of Mrs Thatcher has been grimly hacking at public services and there's not much love lost between teachers and our present administrators. Education is undergoing a great squeeze at the moment and schools are going short on materials and there are moves afoot to cut the teaching force. The troubling thing is a serious decline in morale just now. Employment prospects for youngsters leaving school are very restricted and youth training programmes are being boosted to keep young people occupied. The County Council Elections in May will see some testing of the Conservatives' popularity, or lack of it. I hope you may be reassured in America about the Labour Party; celebrated for its infighting and just sorting itself out after the leadership struggle, nevertheless I'm sure it is going to provide the next government. The presumptions about nuclear arms are being given a great shake and I imagine this development is being closely watched in America. Certainly across the political spectrum views have become increasingly polarised of late on all issues.

Our family looks forward to the blessedness of a quiet holiday now. We plan to see Caenwen's mother next weekend then come 19th December we will have some blissful quiet days at home. Lucy is supposed to be expecting kittens but so far she has been a disappointment. She ought to bring them next Tuesday or Wednesday but she still looks rather slim to me.

We hope you have a really happy Christmas, whatever style or in whatever company. I'm sure we have made it all too complex. Why not something simple this time? May your celebrations be a blessed time in every way.

With our good wishes,

Phil Caenwen + Jeremy.

# Christmas 1980

Christmastide is essentially a festival of hope. It is the time when Christians celebrate the birth of a Saviour and a new faith, and it marks the time of year when the sun again gains strength. It is a time of family gatherings; the season of entertainments and parties; feasts of turkey, Christmas pudding and mince pies; a fir tree festooned with the baubles, tinsel, novelties and fairy lights that have evolved from gilded fruits and nuts, sweetmeats, and candles.

In the days preceding the festive season familiar old Christmas decorations are unpacked and new ones added, and so begins the pleasant task of putting up the decorations.

Before the 'German' Christmas tree became popular in England in the 1840s, mistletoe, in some arrangement like the kissing bunch or 'bough', was the centrepiece of Christmas decorations. This was an elaborate hanging structure of hoops set to make a sphere and decorated with evergreens, candles and ribbon. Apples and oranges were suspended from it and the mistletoe tied beneath. Today, many people still hang a bunch of berried mistletoe, and perpetuate the custom of kissing beneath it.

The luxuriance and variety of evergreen in Christmas decorations gradually diminished during the Victorian era. Rosemary, myrtle, bay, laurel, yew and box are seldom seen these days, but the red-berried holly, linked to the ivy in lore and carol, is still a great favourite. A growing custom is that of hanging a be-ribboned holly wreath on the front door of the home.

Paper chains, — which have taken the place of the evergreen garlands — coloured paper bells, crackers and paper hats add to the festivity.

Decking the house, the place of work, the church and the school, the town centre and the street, not only creates a festive atmosphere but also extends good will, proclaiming to all the seasonal greeting: 'Happy Christmas!'.

Dear David and Elizabeth, Watkins 9/16/81 [Postmarked June 15, 1981]

I am writing briefly to mention we were recently in the West Country on holiday and on the way back to Nuneaton we went into Plymouth and on impulse I drove around the streets of Stonehouse. It was sometime since I had looked at my genealogy papers and, though I bought a street map, I failed to recognise two streets whi still survive from 1898 and mentioned on Dorcas Mary Witheridge's marriage certificate. These were Richmond Walk (No 2) and 57 St. Vincent Street — the homes of Gran and Grandad on the 6th. February 1898. We were standing on a quay right opposite had I but realised, and presumably my grandfather worked on the Great Western Dock as a crane driver. Our Sailmaking George Witheri would perhaps have worked as a civilian in Royal Naval Dockyard and here we were, right where he laboured. Jeremy was very interested in the Quay at the Barbican where commemorative plaques mark the Sailing of the Mayflower and "historic sailings to Jamestown and to settle New Zealand. We had a very interesting few hours there and I felt particularly that I was getting close to my roots. As I have a photo of grandma holding my elder uncle — perhaps age two years — taken in Devonport it may be that they lived there some while before going to Cardiff. I am unable to report any further progress on these researches due to pressure on my time for other things, though I am promising myself another London visit to follow the records in London. The economic scene is not cheerful here with much despondency about prospects. In education staff are being cut back with sharply declining rolls in all schools. We have watched international affairs with great concern, not least the constan eruptions in the Middle East. The Israeli bombing raid this week will lose them a lot of sympathy here. We hope pressure on the US government will continue to be exerted to pacify the El Salvador situation, where it seems to us that the supply of weapons to the government is condoning murder of the innocent. You probably realise that the British Council of Churches is among the many pressing President Reagan on this. The violence of Ireland is probably well advertised in the States in view of the hunger striking IRA. When can this all be resolved? The Labour party is moving significantly to a new attitude on Ireland, and I think personally a union of Ulster with Ireland must come soon. All signs that the Royal wedding will provide the junketting beloved of the British to divert attention from many more serious issues. Do hope this letter finds you all well and in good spirits. God bless you. Phil Caenwen + Jeremy.

Llwyncolfacoed : TREGARON : Dyfed.
Saturday 15th August 1981.

Dear Friends,

We have just spent a week on holiday in Pembrokeshire, the quiet South Western corner of Wales, sharing a caravan holiday with Caenwen's mother. Now we are en route for home and stopping overnight with Caenwen's older sister's family in this rural retreat. Llwyncolfacoed is a typical small-holding of Cardiganshire supporting just the family without employed labour. We have all been helping to unload a lorry and trailer of nine tons of straw just brought from Shropshire by my other brother in law, Kendrick. He is on his way back home now driving the quiet road at night. We were sharing in sweaty hard-labour, unpaid and on a good neighbour basis, following the normal tradition in rural Wales. Jeremy and I were not too clever in following the conversation which was largely in Welsh. I am the perpetual student in what should be my native tongue and I just manage the odd phrase: "Prynhawn da — sut ydych chwi?"
Da iawn, diolch... [Good afternoon — how are you? Very well thank you ...]
As we realise, only a generation or two separates me from my Devonshire roots so my Celtic pretentions are a bit hollow. Caenwen is rather rusty too though her early childhood was Welsh in rural Montgomeryshire. Nain (granny) Jones is a real joy and source of fun to us, and all this week she has surprised us with her energy and agility. Jeremy loves both his grannies very dearly. He inherits great riches from the Welsh language and traditions which are so evident here. And of course whenever Nain (pronounced Nine) is with us we are regaled with many a tale of the characters and events of her village home at Llansantffraid.

we heard of the sudden death today of Aunt Dorothy, the elder sister of Caenwen's father. She was a great character and always a source of loving concern and support. Dear Nain was much distressed, always having treasured Dorothy's friendship. In writing now I must mention my mother's poor health. She has been frail for more than a year past and now is being treated in hospital near Cardiff for a precarious heart condition. We are thankful that she is receiving expert care in one of our National Health Service hospitals; I am not sure that you Americans look on State medicine in quite the same way as we do, but under-financed as it is and creaking at the joints as undoubtedly it regularly does, nevertheless the NHS is a valuable benefit to British citizens.

The present unpopular government of Mrs. T. is doing a lot of damage in so many fields of public service. I am of a radical mould as you know and an active Socialist, driven into politics by the activities of the Conservatives. The service we work in, Education, has been particularly singled out for cuts and our daily toil is beset by the restrictions which these negative policies inflict. Staying cheerful under adverse circumstances is part of the challenge of being a Christian in an imperfect world — and I must confess showing a cheerful countenance under present conditions is not easy. A young Christian in our fellowship suggested that the government was sent as a scourge for the nation's sin! That man Reagan must be the latest of plagues — what was it you did or said to deserve him!!

In recent days I have been outraged by the response to the Air Traffic Controllers' Strike — a display by Mr. Reagan of crude agression and insensitivity. This week's papers have been full of the proposals to stockpile neutron bombs in the United States, a decision taken in flat contradiction of the opinions of European nations and taken without any discussion with them. The press here has been accepting this with a shrug of the shoulders and has continued to give coverage to the growing Disarmament Movement. From within the British Labour movement, the unions and the Labour party, thee is widespread disenchantment with military alliances. I am not sure this is understood in America, and can only report my feeling, and hope that you share it, that peace will not be secured by matching threats with threats but by building bridges. It is of course Labour Party policy to take Britain out of the nuclear club altogether.

There will be an enclosure with this letter as a small reminder of my regard for you — I am the world's worse royalist, but thought you would like to have a first day cover commemorating the recent wedding. How is it these royal junkets go down so well with Americans? I refused to watch the ceremony on T.V., spending the time in isolation working on some project in my garage. I found most people went quite silly over it and my coolness on egalitarian grounds brought no responsive chord. That being said, the first day cover may in time become a valuable historical artefact — that much more valuable if they follow my advice and put the Royals into pickle!

How lovely the week has been with unaccustomed high temperatures and almost unbroken sunshine. The Lord has blessed us with a restful week and we find ourselves much refreshed. Holidays are nice, and nice and long if you happen to teach. We have had a young French lad with us for three weeks on an exchange, Jeremy having had his three weeks at Easter at Roanne in central France. That has committed a sizeable part of our holiday and we are now savouring the remaining fortnight. As we return Nain Jones to her home we will drop Jeremy off in Oswestry to stay a while with the family of Caenwen's younger sister Audrey. The holidays are often largely taken up with visits to all these relatives of ours and it is one of our complaints that nobody ever comes on a visit to us.

Perhaps many families will have to carefully consider any long distance travel after yet another increase in the cost of petrol, bringing it over £1-70 per gallon. The oil companies blame the "Strong dollar". A few months ago I bought a Renault 14 to replace the Chrysler Alpine I had had for three years. It is supposed to be easy on the fuel. Our British car firms are pressing us all to "buy British" but when it came down to it we were persuaded by the favourable credit percentage.

It is now Sunday and I am indoors sheltering from the heat; it is probably quite bearable compared to the extremes in the US, probably about 75° F. Since writing previously I have not made any further enquiries regarding the family tree. I am unsure whether the 1881 census is now available, but if it is then I must make tracks to do a little checking on the Cardiff details. There is a Birmingham Society of Genealogists which I have a mind to join up with. The major deterrent is lack of time but obviously I must apply myself to this as there is nothing much to show yet.

Our antique collections are almost denying us living space in our small house, in recent months Caenwen has run up half a dozen more dolls. In a time of economic recession the prices are steady but the scarcity value is there so no doubt there will be a steep climb up in future buying prices. The demand in America must be a big influence and continental and even

Japanese buyers seem always ready to step in. Meanwhile back home we buy selectively within a tight budget and use a little cautious art and craft on the defects. Mercifully this holiday we have not found anything to tempt us, though I have bought some iron. Caenwen bought me a doorstop featuring the Aesop's Fable of the Stork and the pitcher. In this line I must have about thirty different items so I am wondering now whether to produce the definitive study on domestic decorative ironwork! No such book exists to my knowledge, so maybe its for me to sit down + write it.

Jeremy is now coming up to seventeen years of age and about to enter what we call the Junior College, two years preparation for examinations to University entry. If this is for him we are pushing him on to some useful qualification, though as yet he has not decided on any particular vocation. Part of government strategy is to trim the spending of the Universities and the intention seems to be to cut down on student entry. The quality of courses are threatened and many departments are threatened with redundancy and closure. (this is supposed to be the nasty medicine which will enhance our future trading position in the world.) I hope that Jeremy's examination results (Ordinary Level) will be encouraging. They should be lying on the mat at home, so let us hope they give him the green light. He should be studying German, French, and Economics or English.

During these days past we have been privileged to view some glorious countryside through our native Wales. We have journeyed around Pembrokeshire, quiet and unspoilt very largely, and with so many little interesting corners. If you half close your eyes you can almost see the map outline of Britain as an old lady driving a pig westwards towards America! Our journey took us to the piggy's snout, and quite often I go to my old home under piggy's chin at Cardiff. There have been some glorious and rare days when the view has been crystal clear even in the hills, and perhaps the hills are nowhere more beautiful than around my wife's old home near Oswestry on the Shropshire borders. At present the streets are still festooned with bunting after the royal wedding. Llansantffraid had a visit from the Prince of Wales about a week before his wedding when he opened some extensions to a mill trading in agricultural stuffs. Nain's home backs onto this place and from her account of the occasion it was quite a success. The British have a penchant for these things and they get very excited. I found that my mother-in-law was as bad as any of them! There are commercial interests of course in selling some frightful souvenirs, and these continue to sell in vast quantities. Women seem to be 100% Royalist, my wife being very keen. Mayor Daly of New York got some coverage over awkward questions to Prince Charles on Northern Ireland and it was very revealing that Daly seemed to think HRH could make some political decisions. We all feel very sober about Ulster of course, but in general there is a determination to give no encouragement to the IRA. Within the Labour Party there is a feeling towards a United Ireland, but how this is to be achieved is still very unclear. The Rev. Ian Paisley is an embarassingly devoted flag-waver and patriot, and if only his type of bigotry would disappear we might be nearer a solution. The mileage out of the hunger-strikes in the Maze must be limited though it seems there is a lot of support for them in the USA: the crimes they are in jail for, the deaths they have caused, do not seem to occupy the headlines for long.

I am going to bring this rambling review to a close now. In this untidy world the Lord can still show us things to marvel at. The patient good humour of ordinary folk is still an encouragement. There are so many gratuitous kindnesses which come from unexpected quarters and many signs of growth and renewal in the churches, even against the sombre social backdrop of the times.

In a fortnight I'm back at school, so there may be an awesome gap in this correspondence before I surface again. Look after yourselves.

Best wishes from Phil, Caenwen + Jeremy Hookway.

September 16, 1981

Dear Phil, Caenwen, and Jeremy:

Thank you for your two wonderful letters, Phil. They brought us close to all of you again. Our minds often stray to England, Scotland, and Wales and to all those we have met on our two trips. We're glad that as teachers you had a good long holiday, that you were able to spend part of it traveling to your places of origin in Devon and Wales, and that you had time to write to us.

We know how you felt in Plymouth. Though we have only been there part of a day on two separate occasions, we found it to be one of our favorite places--especially out at the harbor. Plymouth has such a historical significance for America, and we were intensely aware of the devastation wrought there during all the wars, up to and including World War II.

My Witheridge ancestors stem from North Devon back at least to 1525, but Kim Cook's and yours are from the Plymouth area. We seem to feel that much earlier they all came from the vicinity of Witheridge, but we may never be able to reconstruct the connection. We'll never stop the search, however!

One of Elizabeth's lines is Gilbert, and her family always insisted that they were related in some way to Sir Humphry Gilbert's family. We haven't established the relationship, but Elizabeth always has a feeling that Devon is one of her ancestral homes, too. We greatly enjoyed our visit to Compton Castle and to the parish church at Marldon where the Gilberts attended long ago.

As to Pembrokeshire, we also enjoyed our visit there in 1976, while we were with George and Mary at Kilgetty. He insisted that we should go to Pembroke Castle, and we've always been glad we took his advice. We also went out to St. David's Cathedral and enjoyed the ride along the seashore on the way. Of course, it was just a brief taste of what you are able to dxperience when you spend a week or more at a time in Pembrokeshire. We're not sure, but we might have driven through Tregaron last summer as we went from Llanelli up to Northern Wales to spend the night at Ty'n-y-Wern, a delightful little hotel near Llangollen, which Caenwen perhaps knows well. The next day we drove past Oswestry (through Whittington) on our way to the Wedgwood Potteries at Barlaston. We've just looked at the map of Wales and are fascinated by the old lady driving a pig westwards to America, as you described them.

Now, about all these genealogical sheets I've enclosed. I may have sent some of these before, but not with as much information as I now have. You may wonder how I got the family numbers on each sheet. You will see that they tie into the numbers on the ancestral chart. I number all our family sheets in this way, starting from our older son Jim as No. 1. Since I don't know how your family is tied in with mine, I've numbered your sheets from Jeremy, using his initials at the beginning of each of the numbers.

For other descendants of a particular ancestor I put a hyphen followed by the number of the child in chronological order. Each additional digit after the hyphen indicates the number of the child in the next generation down. There's much more to this, but this is probably all you need for now. If you want a complete description of the system, let me know, and I'll send it to you.

I've ordered the birth certificate of your great grandfather, George Witheridge, from St. Catherine's House, Phil, but I don't have it yet. When it comes, we'll have another generation back, and from there I hope we can tie into the parish registers (or perhaps the Methodist records). When I get a chance I also plan to order a copy of the 1881 Census Record of Morice Town on loan from the Mormon microfilm library in Salt Lake City. That should give us information on the other children in that family.

You will notice that I am lacking a lot of information that you could give me, and I am hoping you will send me additions and corrections when you can. You never gave me Caenwen's maiden name (Is it Jones?) or anything about her family background. I should at least have the information about her parents.

We keep worrying about your mother's health, Phil. Is she getting along any better now? As far as the National Health Service is concerned, we think it is an amazing resource that contributes immeasurably to the physical health of your people. Medical costs here are sky high and seem to be going even higher.

Next, we want to thank you for the Royal Wedding first day cover and the interesting description from the Post Office. We have it on the "coffee table" in our living room to show to visitors. Yes, we followed the wedding preparations and the events of the day with great interest. You won't believe it, but we actually got up at 3:30 in the morning to watchit all on TV, and we loved it. I suppose you could say that we wouldn't want a royal family of our own, but we enjoy yours at a distance. It's no threat to us, of course, because our ancestors escaped from it long ago.

Last Sunday we attended the largest Congregational church in Minneapolis. They have a new minister from Wales whom we like very much--the Rev. Mr. Vivian Jones. His wife and daughter are still in Wales, because the daughter is attending a Welsh-speaking school there. He said to me one day, "That would be hard to find here!"

The service on Sunday was very special because the anthem was the premier performance in America of the anthem composed especially for the Royal Wedding by William Mathias. The organ prelude and postlude and the choral introit were also the ones used at the wedding. In referring to the wedding Mr. Jones called it "the wedding of the son of the Queen of England." And then he chuckled as he said, "My daughter would never forgive me if I said it in any other way."

You will be glad to know that we heartily approve of your political and international views. Politically we are very liberal, and we are disgusted with President Reagan in practically all of his positions. Events of the last few days giveuus hope that perhaps his luck is beginning to run out. He seems to have no compassion or understanding of the plight of ordinary people, and his wife Nancy seems to want to behave like royalty (or even outdo the Queen of England!).

His militarism drives us to distraction. His projected military build-up and arms race will not only threaten the peace of the world but will adversely affect our domestic economy. He cuts taxes and then greatly increases the military budget, wondering all the time why interest rates, inflation, and the national budget deficit all remain high. We're glad that people in Europe are protesting against neuclear war and the neutron bomb.

I don't know if we ever told you that both of our sons, Jim and Tom, were conscientious objectors in the Vietman War. They both served in alternative service, Tom as a psychiatric aide in Boston and Jim as a hospital orderly here in Minneapolis.

After his two required years, Tom stayed on voluntarily for another year. He said, "Everybody can't do this, but I find that I can, so I must." It changed his choice of a career, and he is now a psychiatric social worker in Chicago working on a Ph.D. in counseling psychology at Northwestern University. He also works full time at a rehabilitation center for former mental patients. He directs a section of the program dealing with the most severe patients who keep going in and out of the hospital.

By the way, we are pleased to report that Tom and his girl friend Virginia plan to be married next June. She also works at the same rehabilitation center and is working on the same Ph.D. program at Northwestern. We love her very much and are delighted with their plans. I'll be performing the ceremony, which will be in Chicago.

All of this reminds me of Jeremy's educational plans and progress. We hope the examinations went well, and we look forward to hearing more in the future. Cutting down on educational loans and grants is another one of Reagan's brilliant ideas.

We've taken one two-week trip to our home state of Michigan this summer, visiting friends and relatives. While there we attended the 50-year reunion of my high school graduating class. In a couple of weeks we'll be taking a short trip up north in Minnesota to see the beautiful fall colors. We'll take along our 20-month old Norwegian Elkhound, Rokk, who is one of the joys of our lives right now.

This has turned into quite an epistle, but maybe it will make up for our long silence. Best wishes and good health to you all.

Sincerely,

David + Elizabeth

Saturday 26th Sept. 1981.

Dear David, Elizabeth and family,

Thankyou for your interesting letter which I am going to reply more adequately to later on. The additions to my knowledge were significant as I see you have obtained a birth certificate for my grandmother Dorcas Mary W. and the marriage certificate of her mother and father, plus the name of her grandfather Henry Hammett. If you are able to let me have copies of these certificates it would save a deal of effort on my part.

I have been reading over the papers you sent and realise my own knowledge is inadequate at present to reply fully to your enquiry. Perhaps you will allow me a brief space to fill in some of the details from my own family's knowledge and when I have had their replies I will complete the forms you sent. What you have discovered will be a spur to me now to make enquiries in London once again to extend my knowledge of my great-grandparents. Time is a problem, especially in term-time with so much to do, but I want to take an early opportunity to get to St. Catherines House in London to make more progress.

I have looked with complete and admiring amazement at your orderly system of numbering and realising my own system is really no-system-at-all by comparison. As I am about to reorganise the whole thing I had better have some more details from you if you can spare the time.

Jeremy has settled on French, German and Economics as his subjects for study, leading we hope to a University place. His exam results were excellent so he appears set to be a promising student.

Thankyou for the most interesting family news of your two sons and their future plans. Please give them our good wishes. My mother is at home again and a little better, though forgetful and sometimes confused.

May God bless you from day to day and continue to use you in His service. Phil Caenwen + Jeremy.

October 13, 1981

Dear Phil, Caenwen, & Jeremy,

This is just a brief note to send along with these genealogical materials. I Xeroxed my numbering system from my pencil original, which I have never taken the time to type, but I think you'll be able to read it.

I have recently added another feature. I have developed a plan for numbering persons who are not blood-relatives, but are merely related by marriage. I can't send this to you yet, because I have never written it down. → I'll try to remember to send you a copy some day.

I'm sorry I didn't think to send you copies of the enclosed birth and marriage certificates sooner. You will probably discover here a few interesting items I have failed to mention.

Don't worry about getting the information back to me about your family. I know it's a tremendous job, and I'm not in any hurry. In fact, it will never be entirely complete, so send what you can after a modest amount of effort.

Yours sincerely,

Dave & Elizabeth

23rd December 1981.

Dear Friends,

This is a brief line to keep in touch with everyone. All of the country is in the icy grip of winter with all-time record low temperatures about -20°C — I was out this afternoon with my camera taking prize winning shots in the low sunshine. They will be better than the last 40 I took because the film failed to wind on properly! This is usually a time of bliss for us with a long school term behind us and a brief holiday for us all. Jeremy has got himself a part-time job at the fishing shop, fulfilling his boyhood dreams because he is a compulsive fisherman and water-sports buff. He plans to enter for his "Duke of Edinburgh" Gold Award in the coming year and has an expedition in Snowdonia National Park at Easter. Tomorrow is his birthday and an important one as he has a driving licence all ready to use when he is 17. We spent a day and overnighted on Monday with Caenwen's mother in her home at Llansantffraid near Oswestry. It is our usual custom to meet up there, seeing our relatives for a few brief hours. I am pleased to say all are well. My brother-in-law Roy Jones is a postman and he has had a hard time delivering the Christmas mail on frozen country roads. He gets up at 4.0 am and has been working until 6.0 pm.

I had a brief time to check out the family tree on Monday, with my mother in law Elsie Jones, and her sister Nesta Powell enjoying reminiscencing. We were soon away into the usual country memories of stern parents and hardwork, running after the sheep when they were young, and so on. We still find the atmosphere around the village very different from the town life we have become used to. Our antiquarian interests have continued during the year and my cast-iron collection is bursting all reasonable bounds. Caenwen has bought herself a boy doll, and had a flirty-eyed one from me for her Christmas gift. Jeremy has one or two things appropriate to his interests for birthday and Christmas — a wet-suit and a guitar being the main ones. The public scene in the economy continues fairly grim with stringency applied to all services including education. We continue to have to slim down our School staffs with declining numbers though this will stabilise in a few years. My own political aspirations have hit an extremely low level and like many others I have to consider carefully whether I can continue with the present Labour Party. I still write frequently to our M.P. who knows me as NUT Parliamentary correspondent, though more recently we have been lobbying through the Baptist Churches on the El Salvador situation. Within the church fellowship I have been re-elected deacon for another term of 3 years, this at a time when we are actively seeking to replace our minister, who has gone to another church at Berkhampstead. There have been efforts to meet the Polish crisis and we were able to send an immediate gift to relieve want there.

Friends Althea and Hugh Hookway from Mt. Vernon, Ohio, recently sent a photostat of a transcript from the Red Book of the Exchequer, 1250 — a medieval record of lands held in Devonshire. We find Ricardus de Hokeweye owed a rather lowly 1/16th of a knight's service to the Bishop of Exeter :— not exactly a mighty man in the Land. I apologise for such an inadequate letter and hope to hear again from you all when you have a moment to write.

Best wishes for Christmas and the New Year! Phil, Caenwen, and Jeremy Hookway.

Dear Phil, Caenwen, + Jeremy, November 19, 1982

Don't you think it's about time I wrote to you? I've intended
to do so for quite some time, but I knew I would have
to look some things up, so I just kept putting it off.

We hope you are all well and having an enjoyable year
in your personal, school, and church affairs. We try to
keep up on the British news in the various media here, but w
know it's just the bare minimum and not with the same
emphasis you would get over there.

It's amazing how busy we can be in spite of my retireme
but that probably helps to keep us physically and mentally
healthy.

Early in the year my activities were somewhat impaired
because I had to have a lipoma removed from the palm of
my hand at the base of the thumb. That's a perfectly benign
fatty tumor that had slowly enlarged over a period of abou
ten years and finally got to be a nuisance. The operation
was early in April, and my right hand was immobilized
several weeks in a splint or cast and later for some tim
in an elastic bandage. For several months now I have
been doing everything with it, but my thumb is still weake
than it should be, and there is a tingling sensation up
the side of the thumb, which the doctor thinks will eventually
disappear. Before the operation the doctor gave me a complete
physical and pronounced me in excellent health, so that's
reassuring.

Elizabeth is in good health, except for troublesome sciat
in one hip, which she feels is improving, but she does
have to be careful. Her chronic asthma is kept under contr
by a very simple remedy — potassium iodide.

In June, as you know, we had a very happy time in
Chicago at the wedding of our son Tom and Virginia Seller
Now they have bought an old house in the inner city and a
busily engaged in restoring it. I don't know how they can
find time to devote to it, as they are both working on Ph. D.
in counseling psychology at Northwestern University, in additi
to their full-time jobs.

Later in the summer we took a 4,500 mile trip east as far

New England and had a wonderful time visiting friends and relatives. As always, we amassed an amazing amount of genealogical information from libraries, cemeteries, and relatives. In Maryland and Vermont we met some newly-discovered relatives of Elizabeth, and on the way back we came through Canada to meet a second cousin of mine on the Witheridge side at Kincardine, Ontario, on the eastern shore of Lake Huron. We had met his sister in Birmingham when we were in Britain, and she had given us his address; but we had never before had a good chance to drive near Kincardine. Like his sister, he was born in Wales.

John A. Adams

Irene Adams (b. 1925)

Now, about your family background, Phil, I have one thing to add which I don't think I've told you before. Back in 1980 while we were in London at St. Catherine's House, I ordered the birth certificate of your great grandfather, George Witheridge, born in the Kingsbridge Registration District in 1840. Since we were leaving England, I couldn't go in the next day to pick it up, so I had them mail it and several others to Kim Cook. She put them aside in order to copy the information into her own Witheridge records and then mislaid them in the process of moving to a new house in Kent. Not until May of this year did I finally get the certificate, and this is what it says in essence:

In the Registration District of Kingsbridge and Sub-district of West Alvington, born the 16th of April, 1840, at Bantham, Parish of Thurlestone, George, son of William Witheridge and Mary Witheridge formerly Rolph. Occupation of father: mariner.

So now we have the mother, as well as the birthplace and date for George. We'll have to pursue this further in Thurlestone but I haven't had time to do this yet.

I did try to find the 1881 Census record of George Witheridge and his family in Morice Town, Tamar, but was sent the wrong microfilm reel from Salt Lake City, and I haven't taken the time to reorder. That should give us more information about the children and the birthplace of Dorcas.

Thank you for your interesting letter of last December and for the picture of the Mayflower plaque at Plymouth. Somehow we missed that on our two stops in Plymouth.

Love and best wishes to all.

Dec. 1984

Dear Caerwen, Phil, + Jeremy,

Wish we could find time to write oftener, but our lives are too busy, and I'm always writing so many genealogical letters regarding so many lines!

Our son Tom and his wife Virginia were here from Chicago for Thanksgiving (Nov. 22) and our son Jim was too, as he lives in Minneapolis. In addition, we had a special treat, Our friend, Rev. Eric Allen from England, was with us for a few days over Thanksgiving. He used to have a U.R.C. church in Leeds, but has recently moved to an interracial area of London. He was in the U.S.A. presenting a paper at a conference on religious pluralism at Harvard University.

Earlier in the fall we had another house guest from England — Colin R. Chapman, a genealogical expert. He was on a tour of U.S.A. and Canadian cities and was able to fit Minneapolis in. He prefers to stay in homes rather than hotels, and we were glad to have him.

I may have told you that I was on the Pastoral Search Committee for our church, which worked for 15 months and finally selected a candidate whom the church accepted. He came to Minneapolis in August, and everybody is pleased with our choice.

Elizabeth, as usual, has been doing a great deal of volunteer speaking in schools on the writing and publishing of books.

Jim is planning a two-week vacation in Mexico starting the 15th of January.

Our health has been good, and we hope the same for you.

Love,
David + Elizabeth

4th January 1986.

Dear Friends, Once again a brief greeting and sincere good wishes at the start of another New Year. May it bring you joy!

We had good intentions at the start of the Christmas holiday but somehow we didn't get organised to send Christmas cards as we should — belated greetings and we trust the season has been a blessing to you all. For Caenwen and I, it has been a quiet holiday and a much needed rest. Jeremy has been at home with us most of the time and that was good. The next few weeks are quite important for him as he is in his final and 4th year of his University course at Lancaster. He will have major examinations in May in French and German. At present he is spending a week in the French Alps skiing — what energy! We can neither of us understand where he gets this interest from. My cheerful advice and such comments about using broken skis as splints in emergencies are disregarded. Our son seems well equipped to deal with life and we are pleas he is so resourceful.

Caenwen has rather untypically ha a severe cold and she may be off school tomorrow at the start of the new term. I am going bac with a regretful look back at all the things I ought to have done, but haven't, in the too-brief holiday. The scene is a shade more cheerful in educat with the beginnings of an en to our pay and conditions dispu I continue to take a part in th Union's work at a mundane level mostly. I went up to Parlia recently to lobby our Member of Parliament — though it didn't have a lot of effect. This year may prove interesting politicall when many of us pray for a change of government. There seem to be a consumer boom while at the same time many are living without a job or prospects and many in poverty. Our colleague Anita Willars spent her Xmas

with "Crisis at Christmas" — a welfare group in London + Leicester which offered a Christmas meal and shelter to the many homeless and derelict people for whom the season is more than a little poignant.

Caenwen and her nursery children and staff has a lovely time in the week before Xmas, going to a local farm for a Christmas tableau — followed by baked potatoes, no doubt with all the trimmings! Ivy Davies, now retired, and less busy than formerly, goes to the nursery to play the piano, and this is a source of great pleasure to them all, including Ivy herself.

At Chetwynd Middle School we had a 'production' this time, a mixture of Victorian bits and pieces which carried on the theme adopted by the Town at an earlier 'Victorian Evening' at the market-place. Many of the staff and parents joined in by dressing up in appropriate ways and our colleague Dave Dipple was marvelous as master of ceremonies! They were all called up on the stage to twirl round and show off their finery. We had "Christmas Carol" play and "can-can" girls, in all quite

a programme!

I am still fighting a losing battle with the new technology; the two compu in school are a challenge to me and would like to feel we were making us of their amazing potential. The tim is so short, like life itself… howeve the way our 9 year olds have applied some of the simpler notions has q amazed and gratified me.

We were saddened only a month a when Kendrick, Caenwen's brother wa involved in a tragic road accident. He was not hurt but two people in car he was in collision with we fatally injured. He is now recovered but it was a very great shock natu

Caenwen's mother has been in hospit for a week for investigation into ba pain and arthritis. She was confus under sedation and we do not kno yet how she will be. We trust all w be well. I'm glad to say my mothe seems quite well, though still livi very quietly and more or less house-bo

News of Manor Court is that our new hall building is now progressing wel and we have in mind an opening the Spring. We need vision and dedi to see it well used and the costs m

To all friends our best wishes for th year ahead and love to you all

Sincerely
Phil and Caenwen Hook

Post Script: 10th January 1987.

Dear David and Elizabeth,

I am putting an extra few lines on the back — with a fervent apology for long silence. Do please forgive me but already it is more than a week into the New Year and I am only just getting around to sending a copyletter to distant friends. The Christmas holiday is already too late to send Christmas greetings! Now even that is gone and we are into a Spring Term. Much of our news is on the other side — sorry about the haze down the side. Elizabeth can use it as a specimen manuscript of 'how not to communicate'. We are fine here except for occasional colds, and I have a stiff shoulder which seems to continue, even despite the best scientific intervention. That is an indication of being generally bone idle, and indulging in very occasional acts of bravado around the garden which a little thought might have avoided. Caenwen is usually fine, working at Nursery School. I am doing much the same, pleasing myself and teaching all the nice bits — the despair of my colleagues I'm sure.

Jeremy has recently parted from his sweetheart of three years and he was quite cast down but not saying too much. He is on his home-straight in his studies so a devotion to the philosophers and muses may be really what he needs. He is just returning from a week in France skiing, hopefully in one piece.

There may be a chance soon for me to retire early. I'm waiting a lead on this, and will have to carefully weigh up all the implications. I am 55, so could soldier on for a while; otherwise in a time of considerable change I might look for a new opportunity of service elsewhere.

I am chiefly preoccupied with Union work, unpaid of course. And I still give occasional Handwriting Lectures, though the present scribble ought not to be taken as a sample! We have new premises at Church and this may open up opportunities of service in the community, which is quite needy in many respects. We are fascinated here by the Irangate developments, myself especially, trying to influence events in a small way. Give our greetings to your folks. Certainly like to hear from you on any family research & discoveries: my own investigations will have to wait awhile. Will send you some photos sometime. The Lord bless you and keep you. Our love Phil + Caenwen.

Dear David and Elizabeth, January 7th 1988.

Thank you for your card and news.
We are going on well here — a little rushed at times, but we have an occupation and most of our worries turn out to be little ones. Your children are a great joy and pride to you and their success in their studies is wonderful to hear. Our greetings to all your family, and we wish you a year of peace and prosperity. Our Son Jeremy and his friend Judy were with us for a few days and we enjoyed their young company. They are in the French Alps at the moment, awaiting the first snow! It has been so very mild here with temperatures more like Spring. Caenwen is turning to Millinery, working on a pattern for a dolls hat. Its original inspiration is an American one, but I see she is now onto prototype N°. 3! Most of this brief holiday I have been cramming names into the computer,

pursuing my responsibilities as Union membership officer. We are not in very happy times in that respect, and teachers here are beleagered and embattled! There are big changes coming, and not all to our liking. My colleagues are lovely people and many make a Christian profession. They constantly amaze me by their industry and resourcefulness. Caenwen too has good colleagues and they are a great team, working with children who are very deprived. They all had a great party at school at Camp Hill; each one had a large toy from Santa! At home here I was commissioned to do the wrapping — and as that amounted to about 60 items you can imagine I don't want to see any more Christmas wrap, not even next Christmas.

During this year our church fellowship at Manor Court Baptist opened a new hall to give an attractive modern facility to advance our witness and work. We are all pleased with this development and the people are supporting a steady reduction of the loans we took out. The service on Christmas morning found our church full and there was a wonderful spirit.

Will this year find a peaceful settlement in Central America? We are encouraged and discouraged by turns, but pray the initiatives for peace will be rewarded. There are so many regional conflicts which the meeting of Reagan and Gorbachef may do something to resolve.

Kim Cook was on the phone hoping to arrange a get-together this weekend to compare notes on family history. She was very pressing hoping we would travel down, though I'm not sure we will have much energy after first week back of the Spring Term. We will note down your prospective dates for your visit to Britain and will hope to be able to see you again. Keep us posted on your plans.

---

I am sorry to report no progress on the family tree, being rather tied to the realities of my work at school. The only diversion in that direction has been to read the issues of the journals of the Devon Family History Society which always prove most interesting. There seems to be unlimited mileage in nostalgia! There were crowds at the Antique Fair on new years' day at our nearby Leicestershire town of Hinckley. One stall had some needlework work boxes from the 20's and I spent ages turning over their contents. There were some minute crochet hooks and three huge sail needles! I was taken back to my childhood days when I remember my childhood fascination with mother's button box and tailoress' tools. It also made me think of my sailmaker and sailor ancestors not to mention all the tailors. I must finish now with all our good wishes. Bless you in all you do.

Phil + Caenwen.

[1988
trip
plans]

Dear Philip + Caenwen,

The plans for our trip to Britain are finally falling into place. We expect to arrive in London on Saturday, May 14. After about a week in the London area, we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

First, we'll go to Essex for about three days, where Elizabeth has her Plumb roots. Then we'll be in Devon about four days, making a few other stops on the way there. After that we'll spend about three days in Wales and in Birkenhead, near Liverpool.

From there we'll come to the Birmingham area, stopping first at Pensnett, near Brierley Hill, where my second cousin, Pearline Fryer, and her husband Sidney live. That will be on Thursday, June 2. On Friday we expect to have lunch with another second cousin, Irene Birdsall, and her husband Neville in Moseley on the south side of Birmingham. That evening we'd like to come to Nuneaton to spend the night with you, if that would be possible. We could probably arrive by 5:30, but if neither of you is apt to be home from school by then, we could delay our arrival somewhat.

The next morning, Saturday, we'd have to leave by about 9:00 a.m., as we have to drive to Virginia Water, a little southwest of London, for a Witheridge family gathering. We know this is a very tight schedule, but we have many places to go and people to see in a very short time.

If this date of Friday, June 3, is not a good one for you, please let us know soon, and we'll try to rearrange our itinerary in some way. As you can guess, it is taking a little skill to fit everything together.

We loved your letter of January 7 and all the family news. I can't take time to comment now, but we look forward to a pleasant conversation when we see you. By the way, you will have to send us directions again for getting to your house, and perhaps a rough sketch or map.

Love and best wishes,

David + Elizabeth

[More trip details — draft letter]

March 4, 1988

Dear Philip & Cenwen,

Since our letter of February 25 outlining ~~our~~ the plans for our trip, we have already had some changes. I realize that this letter may cross with ~~a letter~~ one from you, but I decided that this would get the word to you earlier about the change of date than if we waited for your reply, and it would also get your answer back to us earlier on whether the new date will work.

The problem is that our friends in Birkenhead will be out of town until June 1, so we have to delay our visit there until June 2. For this reason we'd like to come to your house from South Wales on the afternoon of Wednesday, June 1, between 5:30 and 6:00 p.m. Then the next morning we'd go to Moseley on the south side of Birmingham to be with the Birdsalls ~~through~~ lunch time ~~and~~ then drive to ~~Birmingham~~ Birkenhead and stay ~~with~~ the Thursday night. Then we'd come back to Pownett to be with the Frys during the afternoon and overnight on June 3.

We realize, of course, that both of you will have to ~~get away~~ leave early for school on Thursday morning, and we can also leave at the same time and go to the Birdsalls, as they are retired and will be home during the ~~middle of the day~~ morning and early afternoon.

Please let us know soon whether or not Wednesday, June 1, will work out for you. If it won't, we'll try again to readjust our itinerary. We certainly want to see you somehow.

Just so I won't forget to tell you, Jim and Roy Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. ~~Their address~~ You probably have it, but if you don't, their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PE; Ph. 01-777 6072.

Love,

David & Elizabeth

March 16, 1988

Dear Phil + Carwen,

We have received your letter and have studied our itinerary and your holiday schedule. We believe we have found a solution.

Did we ever tell you about Bessie Witheridge (Miss) who lives in Warwick? Actually, she now lives in Hampton Magna near Warwick. We're probably distant cousins, but we haven't got the connection worked out yet.

From June 5 to 8 we plan to be in Scotland. On the way back to London on Thursday, June 9, we had planned to stop in Hampton Magna and stay with Bessie overnight. Since she is retired and not apt to be traveling away from home, we have just written and asked her if she could switch with you. In other words, could we visit her on Wednesday, June 1, and visit you on Thursday, June 9, on our way back from Scotland?

We expect to be stopping in Mickleover, near Derby, on that Thursday afternoon to visit our friends, Dr. + Mrs. Bill McCabe. He was the director of the Sheffield Council of Churches when we first visited Britain in 1976. I thought we'd arrive in Nuneaton about 5:30 p.m., but I'd like you to tell us frankly what would be the best hour for you to have us arrive. Then, as I said in our last letter, we can leave as early as you do the next morning, as we'll have a long drive to London, including a stop at one of Elizabeth's ancestral homes in Buckinghamshire.

This switch in dates, of course, will also depend on Bessie's schedule, so I'll have to give you the final word after I hear from both of you again. Let's hope it works out this time. Please drop us another note as soon as you can.

Love,

Dave + Elizabeth

28th March 1988.

Dear David and Elizabeth,

Yes. The 9th June is clear and we will look forward very much to seeing you again.

Forgive me. I seem to have been chasing my tail ever since your letter came! Hope this arrangement works out all right.

Have a beautiful holiday. Trust everything goes well for you including our temperamental weather.

Arrive at 5.30 or whenever you find it convenient. We are in about 4.15pm.

Love and best wishes, Phil + Caenwen.

August 22, 1988

Dear Caenwen & Phil,

You probably wonder why you haven't heard from us since our trip to England. The fact is, we're way behind in everything. We arrived home with very bad colds, which I think we had when we were with you, and they lasted several weeks. Then we found that they were in the midst of a severe drought and heat wave here, and that went on until quite recently. So with our colds and the excessive heat our energy level has been very low. As a result we still haven't finished everything needing to be done after our trip, including a great many letters!

We had a most wonderful time in Britain and accomplished almost everything we had planned. We drove 3,000 miles through England, Wales, and Scotland without a bit of ~~our~~ trouble. Above all, we enjoyed seeing our many relatives and friends.

Thank you again for being so kind to us as your guests. We think of you often and enjoy your letters, but it was so much better to see you again and have a good chance to talk. We only wish we could have stayed a bit longer. Here are a couple of pictures we took. We hope they will be a pleasant reminder of our visit.

I'm glad you have joined The Witheridge Society, Phil, even though it may be hard for you to go to any of the meetings. Through the society Lin is building up a much greater supply of information about all the Witheridge branches, and some day may discover an important link in your ancestry. I was pleased to find when we got back to their home that Lin had connected Bessie Witheridge to a family tree that goes back to 1585 in Ermington.

That's all for now. Best wishes to both of you.

Love,

David & Elizabeth

PHIL AND CAENWEN HOOKWAY
87 CHETWYND DRIVE, NUNEATON CV11 4TJ, UK

Dear Friends, 2nd January 1991

This is a letter at last to all our friends in distant places to let you know what we are doing here. May we wish you all health and happiness in this New Year, in which we pray there may be progress toward peace in the Middle East, in Central America and in so many places in Africa.

There has been a change in our circumstances as I begin my retirement from the full-time teaching profession. I had been at Chetwynd Middle School since 1972 and they gave me a very pleasant party held in the familiar surroundings at Manor Court Baptist Church. The cake was quite something, decorated with a red flowerpot with fuchsias, and a very appropriate caption... Have a flourishing retirement! They know me as the flower expert at school and each Spring in recent years I have taken young plants in to fill out the gardens of colleagues. This interest was also reflected in their choice of a retirement gift which was a cordless phone. This will allow me to keep in touch with the outside world without interrupting the cultivation process at the greenhouse.

We are all well here, except that I am rather out of condition, needing a bigger waistband on my trousers. I hope to indulge in a few light exercises to remedy that, and maybe take up my swimming once again. Caenwen continues as Head of Camphill Nursery School, where she has been quite a few years. We have a For Sale board outside our home and await a buyer preparatory to moving out to the hills of Wales. There has been a fall in house sales here due to high interest rates but now some talk of a recovery later this year. Our plans largely rest on this and we will continue looking for a suitable property in Powys.

The items awaiting attention for so long will now get attended to, and no doubt Caenwen will be measuring up the rooms for decoration and pushing the brushes into my hand. There are a number of hobbies which will occupy me, and I am looking forward to my calligraphy, photography and collecting as well as taking my family history studies a bit further. Caenwen has just returned to her doll collection as she enjoys a dolls' dressmaking book I got her for a Christmas gift. What I have always wanted to do but lacked the time is to make 1/12 scale model furniture and such things relating to the doll collection. Recently I have joined a few societies with local history connections and maybe I shall attend once in a while.

When retirement approaches they keep saying, "Only a month now." "Only a week..." The other thing they seem to say is, "What will you do?" I am relishing just doing nothing for a very long time, then when I am suitably refreshed I ought to find some paid employment. Though exactly what my skills as a teacher fit me for I am not at all sure. And all these uncomfortable political things like being a Union officer and a Labour party member might give an employer second thoughts.

It may be that some of my winnings of new leisure may be spent in church office, but I am resisting any pressing invitations to be anything official. I am secretly planning to spend some money on a Personal computer which would cope with Desktop Publishing and use this expertise in some way. I suspect there may be some openings in minor publishing which might be exploited, as perhaps developing the church magazine to a good standard. This letter is being done on a borrowed school machine and I have to hurry to get it back in time.

Our son Jeremy was 28 on Christmas Eve, and for once in a very long while he was at home with us. His work is now in Manchester with a textile company making the fabric which carries the pulp through the paper mill, and he represents the firm in frequent trips to France and Germany. His languages degree has been put to good use. He is hoping to become a house owner soon but for the time being has settled in a batchelor flat in Macclesfield, Cheshire.

Just before Christmas we had blizzard conditions in the Midlands and we were temporarily snowed in. The school had a group of children and staff returning from a week in North Wales on the Saturday morning. Until then they had had a beautiful time with blue skies and ideal conditions, but as they came down the motorway they were into snow and were making about two miles' progress in six hours. I was called out to school where the parents waited anxiously for news. At the time there were power and telephone failures and it was difficult to find out what was happening, and we listened to our local radio for news of them. They got some assistance from kindly folk and got back to school at 5am on the Sunday. We had two more days off school because of water being cut off and continuing power failures. The question asked was, "Why weren't we ready for such weather?" Perhaps we need such events on occasion to remember nice things like neighbourliness and mutual help.

One of the consequences of the snows was the damage to trees across the area. It reminded us of the storm damage of a year ago when many ancient trees came down. This time the damage was caused by the wet and clinging nature of the fall, which went on accumulating until something had to give.

There has been quite a large response here to the needs of friends in Eastern Europe and lorries have been carrying relief to Poland and Rumania. We have been specially affected by the conditions we have seen in orphanages in Rumania. There is an organisation known as TERTIUS which supports Christian and medical help to those countries, and one of our local doctors coordinates this.

I am actively supporting David and Rachel Quinney Mee in El Salvador still, and shortly two more friends James and Susan Grote will join them. They are serving the El Salvador Baptist Association under very difficult conditions and I ask for your informed prayer on their behalf and for the embattled people of Central America. From time to time we are able to intervene with letters and telexes through our telephone network.

Well, friends, this is a long enough epistle to chew on in one go and I will wish you all well once again and hope to see some of you one of these days. Look after yourselves and God bless you.

Love from Phil and Caenwen.

Now my chance comes to stir up the family roots!
During the Summer we were in Devon and I visited Bantham
birthplace of George Witheridge the Sailmaker. It is a charming little
corner and I was pleased to motor around the tight little lanes.
We also went to the area around Bideford and took photos of
all the graves we could see with possible links with HOOKWAY/PARR
Do hope all is well with you and family. P.

December 21st 1996

Dear Friends,
Hullo once again to all you friends of ours out there! What happened to the last fortnight and more I'm not quite sure, but most of it seems to have been taken up in shopping and packing up gifts for the family and friends. Most of our normal activities are on stop in the winter cold and wet, so the Lord has given us something else to fill the time. I'm hoping to be forgiven if the Christmas card didn't reach you, but this is by way of making up; A very Happy Christmas to you all and may the New Year bring you Joy and Peace.

Since our retirements Caenwen and I have had reasonable health though there have been several brief alarms when each of us has had hospital treatment. We are fortunate in being in a group practice where hospital admission is easy and still free under the National Health Service. Prescription charges have just gone up again, an additional cost to friends on a tight budget. I have recently become eligible for the state retirement pension and Caenwen will also get the same when she is 60 in a few months time.

A recent celebration at our home marked the 86th birthday of Caenwen's mother Elsie Mary Jones. She is in a wheel chair and in need of a good deal of help now, and we are pleased to be quite close by to share in that with the rest of the family.

Sisters Gloria and Audrey and brother Kendrick are local to us and we regularly see Olive from West Wales. My brothers David, Bob and Ken are well, all living in South Wales.

We share with those of you who have not heard already our very great sorrow that the marriage of our son Jeremy broke up irretrievably a year ago. Helen had a daughter Katie in July, our first and perhaps only grandchild. We are at a distance from Helen and Katie in Sheffield but there are strong ties of love which bind us together and we pray that the deep hurt which is still with us may be comforted. Also that our son will still feel he is loved within the family. Jeremy is presently on a teaching exchange in Germany.

Caenwen is wanting to do something more important in the community as I am myself and it may be that the garden will now be less of a task than it has been. The Women's Institute came in the summer to admire the doll collection and to walk in the garden. We are taking occasional services in the local country churches, now at a low ebb. We have been in Baptist churches all our married lives but are now Methodists and enjoying new perspectives.

The Labour Party takes up more of my time now and we are looking forward to a scrap shortly which we hope will change the government. Friends still in teaching will not like having early retirement snatched from them as a way out; any future retirements like ours have to be funded by local employers from their slim budgets, which is a spiteful way of rewarding faithful but weary service. Our sincere sympathies to all who haven't yet jumped ship.

During the year we have had visits from a number of old friends, from Nuneaton in particular. As Mavis Addison was nursing her mother through a long illness we were happy to entertain her friend from Australia, Dorothy Taylor, on her behalf. Sharing in that week was our old friend and colleague Ivy Davis. Dorothy tells us she still has a round of golf and plays tennis most afternoons; she is the same age as Caenwen's mother. Sadly Mavis' mother has since died and we were sorry to lose an old friend.

The countryside is suffering the loss of many wild habitats and we continue to follow the Barn Owl populations. Our support network was encouraged to report as many as 33 young raised in the Montgomery area this season. While in West Wales we were able to get a close up view of two red kites, a bird which has responded in a spectacular way to conservation efforts. I am having a pair of binoculars for Christmas as my really-useful-present.

For 36 years past the Hookways have kept Abbysinian cavies, Netherland Dwarf rabbits, tortoises, rather a lot of colour-point cats, and the occasional hedgehog. Until now we have neglected to include man's (and woman's) best friend. So now enter Blanche, West Highland terrier, six years old, finished breeding, pathetic and servile, retired to a good home from Olive's kennels. She follows Caenwen, well, doggedly everywhere, so I wanted to call her Gumshoe. This is only marginally easier to say than Blanche; but be honest, have you ever heard a dog answer to Blanche?

I know that you realise this letter is my really-useful way of contacting a lot of folk across the world and a really-handy way of avoiding writing more often! Forgive us, and remember us in your prayers.

Love from Phil & Caenwen

Dear David,

Greetings from us for the New Year which we hope will be bright for you. Do hope you are keeping well and are keeping busy, as we are.
I am still writing to family history buffs on the Hookway side, though have lost touch with Kim Cooke + the W. Society.

All the best from
Phil & Caenwen.

[This draft holiday letter to Phil and Caenwen must have been dated about January 1997. DEW makes reference to the forthcoming tenth anniversary celebration of the Witheridge Society on Witheridge Day in Devon in May 1997.]

---

My spirits are better this year, and my health is good. I'll have the family all here on Christmas Eve (they cook the meal), and on Christmas day I'll be with Tom's family.

Dear Phil & Caenwen,

I just re-read your January letter, and I got the most pleasant feeling as I thought of your lovely, peaceful setting and your closeness now to nature. What a wonderful way to retire! I wish both of you a very happy Christmas season and a fruitful New Year.

I'm not sure whether or not you received the enclosed sheets describing the Witheridge celebration in May, but I wanted to be sure you did. A year ago I thought my traveling days were over, but I've decided I can't pass up this chance to see many of the "Witheridges" I met on our three trips to Britain and many I haven't met. So I'm coming, and I hope you will both make a special effort to attend, because I want so much to see you again. ~~[illegible]~~.

At my age (82) I can't hire a car and drive all over Britain, so I'm urging all my relatives to come to Devon on May 3, 4, and 5. You probably have other reasons to drive to the South of England from time to time, so I hope you will start planning now to include a trip to Devon in May.

If you just can't work it out, maybe Jeremy or some others of your relatives who are closer to Devon or younger and like to travel could represent your branch of the family. There are a great many descendants of Beauchamp Henry Witheridge whom I have never met, and I hope a number will come to our gathering. Maybe you could photocopy these sheets and send them to any you think might be interested. All Witheridge descendants and their spouses are invited to attend one or more days.

Well, that's all for now, and I wish you a Merry Christmas and a Happy New Year

Love,

David

I'm excited because. . .

Dec. 18, 1997

Dear Phil & Caenwen,

I'm glad to report that I have recently found two Witheridge descendants in New Jersey who are part of your branch of the Witheridge family. Like yours their line goes back to about 1700 in South Milton near Plymouth in South Devon. Joyce Browne had a good article about this branch of the family in the last issue of the Witheridge Times.

These newly-found relatives are Janet Sauter and Martha Gilmore, and they are sisters. I've been urging them to go to England next May for the annual Witheridge gathering, so they can meet some of their Witheridge relatives and also go out to Devon to see where their ancestors came from. They both would like very much to go, if they can work it out.

The meeting this year will be in Gloucestershire, which will be a little closer to you than Devon, so I'm hoping that you two will make a special effort to go and meet these American cousins and welcome them to Britain. They will no doubt want to go to Devon, too, and those who want to will have to make a special trip there.

When I get more information about the meeting, I'll send it to you. It will be on the Bank Holiday weekend, May 2-4.

I hope you have had a good year, and I look forward to your annual letter. My health remains good, and I keep very busy. Best wishes for Christmas and the New Year.

Love,
David

Dear Mrs. Houtz:

We were delighted to get your card at Christmas time, but were certainly surprised to hear from you so many years after Fenwick told us about your living in Illinois. As a matter of fact, we haven't heard from him since 1968.

He probably told you that he gave me your address incorrectly as 101 Big Oaks Road, Springfield, Illinois. I tried to contact you in the fall of 1968 when we were in Springfield at a meeting, but there was no such address there. So we thought it might be a Springfield in another state. But now we have your correct address, and we hope to keep in touch with you from now on.

The only other one of your relatives from whom we have heard is Ada, the widow of your brother, L. B. Witheridge. I wrote to him in 1970, and Ada wrote and told me about his death and gave me some other information about the family. I kept thinking I would hear again from Fenwick, but I never did; and then Ada's letter got mislaid, and I got busy with other things.

Now I have put together the information I have about your parents and their children, and I'm hoping you will go over the enclosed sheet and correct or add everything you can and send it back. I'd like full names and dates and places wherever possible. I'm also enclosing a similar sheet I'd like you to return about you and your husband and your children.

I should also like to have the names and addresses of as many others of your relatives as you can give me, such as brothers and sisters, uncles, aunts, neices, nephews, cousins, and your own children if they are not living at home. I certainly don't expect to write to all of them, but I do like to have a complete and accurate record, and sometimes I do need to write for additional information.

Fenwick indicated that your great grandfather was born in Combe Martin in Devon, which is where my own Witheridge ancestors lived for several generations. For this reason I am sure you are related to me as a distant cousin. Do you know anything about your grandparents and great grandparents? Do you have any uncles or aunts who might remember some things or have some old records or letters?

I really should tell you a little about myself. I was born in Bay City, Michigan, and grew up in Saginaw, Michigan, not far from there. I began my career as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to be a minister, and I went to Colgate-Rochester Divinity School in Rochester, N. Y. Then I spent six years in Chicago as assistant minister of the Hyde Park Baptist Church, while studying for a master's degree at the Divinity School of the University of Chicago.

Then for 2½ years I was minister of the Marengo Baptist Church in Marengo, Illinois, which, as you may know, is half way between Elgin and Rockford. I came to Minneapolis about 24 years ago to be executive director of the Greater Minneapolis Council of Churches.

My wife Elizabeth also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of books for children and young people, having written and published seven. We have two sons: Jim, 28, is studying at the University of Minnesota; Tom, 27, is doing psychological research at Michael Reese Hospital in Chicago.

Thank you for sending the Christmas card. I do look forward with great anticipation to hearing from you and receiving the information you can give me.

Yours sincerely,

Dear Mrs. Houtz:

In about three weeks Mrs. Witheridge and I will be starting a trip east to a conference, followed by a few weeks' vacation. We shall be starting out by visiting our son Tom in Chicago for a day or so.

Since we'll be going right by Elgin on the way, we thought we'd try to see you in Bartlett, if you expect to be home. We'll probably start on Friday afternoon, June 20, and drive a few hours before stopping overnight. We could probably arrive in Bartlett early Saturday afternoon, June 21, say about 2:00 p.m. We could only stay a few hours, as we want to have dinner with Tom that evening.

We do hope to get acquainted with you some time, and this seems to be a good chance. Please drop us a line and let us know if you could see us on the 21st.

Yours sincerely,

David E. Witheridge

Dear Rev. Witheridge,

Thank you for your letters. I'm very sorry I did not acknowledge the first one. I will try to explain why when I see you.

We will be home June 21st and look forward to meeting you & your wife.

I'm enclosing a rather tattered map to help you find your way. I assume you will be taking interstate 90 (Northwest Tollway) If you get off at 59 turn south to Schaumburg Rd. You will find a flashing yellow light at the intersection. Turn east on Schaumburg & go down to Timber Trail. As you will see by the map Big Oaks Rd. branches off left from Timber The house is on the left hand side of the street directly opposite the court. If you miss the Timber Road entrance, you will find the Bartlett Rd. intersection. Turn right & go up to Big Oaks Rd. Need I say we will now be on the right hand side of the Road but still opposite the court!

Have a safe trip.

Yours sincerely,

Catherine Houtz

Irwin Martin
document

# Editor's Note

The document on the next page (CM42) — the only one in Irwin Martin's section of this folder — discusses DEW's ancestry in the North Devon seaside village of Combe Martin. He wrote this letter to Irwin and his wife, Pamela, who were invited guests at a gathering organized by Una Parsons (q,v.) and others during my parents' final trip (of three) to Britain in 1988. Apparently Irwin never replied.

Even so, the letter is useful because it briefly summarizes more than 250 years of several of Dad's ancestral lines: Davis, possibly Gear, Ley, Pine, and Witheridge. See also documents B46 and B47 in folder 1.12c.

Mr. + Mrs. Martin Irwin
"Silver Creek"
Moory Meadow
Combe Martin
North Devon
England

Dear Martin + Pamela,

It hardly seems possible that it's almost a year since our very enjoyable trip to Britain. Our lives have been very full since then, and we never seem to finish all our responsibilities or the activities that seem to crop up. I have wanted to write to you many times, but couldn't seem to get at it.

Our evening in Combe Martin was one of the highlights of our trip. I'm enclosing one of the pictures I took, and I hope it will serve as a pleasant reminder of our get-together. It's too bad I didn't get a picture of Pamela, but I wasn't very well organized that evening.

Now I want to talk a little about our relationship. I understand, Martin, that you are a second cousin to Una Stock. Would that be through Archie Irwin, the brother of her grandmother, Rachael Irwin? If so, that would mean that you, like Una, are a fifth cousin of mine. Perhaps Una passed this information along to you.

Your 3-gr.-grandparents would then be John Irwin and Mary Ley Witheridge. She was the sister of my 3-gr.-grandfather, George Witheridge. Their grandparents were William Witheridge and Rebecca Ley, who were married in Combe Martin on July 20, 1723.

You indicated on the attendance list at that gathering in Combe Martin last May that you are descended from the Ley family. Is that through this Rebecca Ley, or do you also have another Ley connection?

You also listed Gear as one of your ancestral lines. Would you please tell me your Gear ancestry as far back as you have it? My Gear ancestry is as follows: My great grandfather, John Witheridge, was the son of Edward Witheridge and Mary Gear. Mary was the daughter of William Gear and Ann Davis. William was the son of Nicholas Gear and Mary Pine. Nicholas (baptized April 17, 1743, in Combe Martin) was the son of John and Emiline Gear [Gare]. Do you find any connection between your Gear family and mine? So far, I haven't found any Gear relatives in that area.

One other thing: I have Una Stock's address as 9 Oakwood Road, Shefford, Beds, but we haven't corresponded for several years. We saw her in Combe Martin last year, but I didn't mention anything about her current address. Do you know if it is the one I have?

That's all for now, but I look forward to hearing from you when you have a chance to write.

Yours sincerely,

David E. Witheridge

Dear David & Elizabeth.

May the blessings of this Season be yours.

I do a little calligraphy which we have duplicated and hand out with the Bulletin at our monthly communion. I enjoy the reading necessary to find suitable quotations.

It's a very rewarding task.

The one I've enclosed speaks well for this lovely Season

Hello.

1985

Hope you are both keeping well

It has been a busy year for us the highlight of which was a trip to Germany, Swiz and England. Visited Cornwall and found a book on history of Porthleven. Later while out walking with a friend she introduced me to the author. I mentioned family interest re Wilhridge and he said there was a reference to the Wilhridges in his book. Sure enough the reference was to my g-g-grandfather & mother. He had died at sea while fishing and she had hard difficult time raising family (12) Weslyan Chapel took collection to help and she was "on the parish" Curator in Helston has given me the newspaper reference. I hope your research is going well.

At the Kirk I am now busy with Organ Com. We have ordered a new Chapel Organ from England and exploring Sanctuary Organ needs. Placement of organ is great concern as it effects style of worship. ie do we move organ and choir to rear gallery. It may involve re-ordering of chancel area.

Life is never dull!

Best wishes

Greetings from Vancouver.

Hope you are keeping well and your genealogical interests are a success.

It has been a red banner year for Pat & I. Went to Europe as part of an Organ Search Committee for the church. A wonderful experience. An Organ Consultant, and our organist were along too. 8 organ builders and over 20 organs visited and played. A grace-full experience. Holland, France, Switz. Germany visited. It clarified our minds in many areas of concern. Covering a large stained glass window was Pat & my main concern in discussions. Just now back from Hawaii so feeling very rested. Good health is an added blessing

# Vancouver man gives away 23 buildings to start charity

**Toronto Globe and Mail**

**Vancouver, British Columbia**
A Vancouver businessman is giving away 23 apartment buildings valued at $86 million to create a charitable foundation to help the sick, homeless and aged in underdeveloped countries.

"I've seen a lot of poverty and I've seen a lot of suffering and how much money does a person need?" said Stephen Sander, 55.

The donation by Sander and his family will create a charity that will be tied with the Charles R. Bronfman Foundation as the third-richest foundation in Canada.

The charity, named the Consciousness International Foundation, will be the largest holder of prime Vancouver residential real estate. The rents collected from luxury apartments will finance such projects as hospitals, orphanages and old-age

homes in
the Third
World.

Sander said the high-rises repres
virtually all the riches he has
quired since arriving in Canada ne
ly 30 years ago. "We are turn
everything over to the charity,"
said. "I will have to work for a livi
that's all."

Sander's lawyer, Douglas Scarl
confirmed that Sander is hand
over the bulk of his fortune with
personal financial benefit.

Asked why he would do it, Sander
Sikh, referred to the Bible: "There'
saying about what good would it d
you were to acquire the world a
lose your soul."

Sander arrived in Canada in 1960
work as a schoolteacher in Bridgew
ter, Nova Scotia. He said that in
early years in Canada he was son

amazed because they had never se
a person from India. His family f

Sander said the properties have

Dear John, (James)

Having recently written to you that I don't know anything about Philemon Witheridge, I now find that you listed him as one of your great-great-uncles on the family charts you sent earlier. That just shows (1) that I can't remember everything in my records and (2) that I don't have a complete alphabetical index of all the names in my records. You probably had a good chuckle over it. Apparently you have many relatives in Australia who are descended from Philemon Witheridge. Have you made any contact with them?

Speaking of indexes, I also got to wondering if I ever before mentioned Kim Cook to you in my letters. If not, you must have wondered why I sent the picture of her family. Kim is the one in England who knows the most about Witheridge genealogy. (Her mother was a Witheridge.) She has a very complete card file index of all the Witheridges she has ever come across. I have been corresponding with her since the 1960's. She and some others have started The Witheridge Society for the benefit of all who are working on Witheridge genealogy, and I hope you will become a member of it. I don't think they have made a complete mailing yet to all the overseas Witheridge descendants, but I hope they will in the near future (when they can afford it!). I'll send you some information if you want to know more.

Must close now. Best wishes,

David

6/21/89

Dear John, James

This is just a short note to send the enclosed items. I was quite intrigued by the book announcement and sent in a subscription. Perhaps you will also be interested in it.

The article on the Witheridge Manor was sent to me by Harry Witheridge of Virginia Water, I think. It would be fun if someone in the Witheridge Society or any Witheridge descendant could afford to purchase the Manor. I never heard what happened at the auction on March 7th.

All is well here. We spent the Memorial Day weekend (May 26-29) in Chicago and enjoyed being Grandma and Grandpa to Rebecca. We're driving to Maryland and Connecticut starting July 14 and will stop in Chicago both going and coming, of course!

The best of everything to you both.

Sincerely,

David

Dear David,
What wonderful news in the Witheridge Magazine that you had been honoured by the Society. My hat is off to you and I send my sincere congratulations. I will never forget the day I recieved your letter regarding the Witheridge connection and you took me back generation after generation. What a red letter day that was!
Are you going to be at the Witheridge Celebration next year I wonder. I have sent my reservation in and hopefully will be able to attend.

[Private information redacted]

After the Witheridge Event I will visit my cousins in Porthleven and attend the Helston Flora Day celebrations. My cousin (also with Witheridge connections) has danced the event many times and it is on May 7 so the timing is perfect.
Pat won't be able to be with me for the first part of the holidlay as she is chair of the Division of Financial Resources of the B.C. Conference of the United Church of Canada. She has to attend the Conference and present the budget etc. She will come over a week or so later and then we will enjoy a lovely holidlay together.
I hope you are keeping well. I am so looking forward to meeting you in person. Your letters have such charm and friendliness which is a wonderful Witheridge characteristic I like to think. Meeting you in person would give such pleasure. I hope that you will be able to attend.
I must close now. By the way, I have just recieved from the Cornish Studies Library in Redruth, Corn. a news clipping from the West Briton of the death of Robert Witheridge, my great grandfather. I will enclose a copy. What a time poor Elizabeth must have had bringing up a larger family.
Once again... Congratulations!!!

With Warm Best Wishes.

John

Hi, John,

Thanks for your Holiday Greeting. I wish for you, too, a Happy New Millennium!

This new e-mail communication is a great advance over the old snail mail. I don't think the small or large dw would make any difference in my address, but it was the e at the end that did.

Best wishes to you and Pat.

Hello David,
Just a quick note to congratulate you and your wonderful article in the Witheridge Times. My, you set such a high example in research! Would that we all were as skilled.
I, too, have had success in South African research with respect to my mothers family. I kept a note regarding my grandnothers sister who married and emigrated to South AFrica and had a distiguished career in connection the the Reservoir on Table Mountain. I wrote the Library in Capetown and they replied that there had just been a Celebration regarding the building of the Reservoir and many of the families involved had attended. She gave me a name in addition to material published in connection with the Celebration. I have had a wonderful correspondence with one of the gr grandaughters How we enjoy those RED LETTER DAYS!!!
I feel quite sad about the disappointing attendance at the recent ge together in Devon. What a sad thing and those who managed the event must have been so disappointed. It seems to me though that they should have known much before the event of the lack of interest..... not necessarily lack of interest but maybe lack of funds etc... It is very costly to travel in England now with the pound being so high in value.
I was pleased to see that my suggestion regarding a central depository for research material was discussed. The Laity material I have is several hundred pages long and covers the name World wide. Both the Witheridge family and my James family have a connection. I have sent them updated material and it will be added to the next edition. I hope that some person or persons will volunteer and get the matter running.
I hope that you are keeping well and active.
I will close now and get back to you.... Pat has just called me for dinner!!! There are several other matters which I would like to cover.
Most Kind Regards
The Lord Be With You
John

Hello David
Here I am again.
It is quite an undertaking for Kathy to try to arrange a Witheridge Meeting in eastern Canada next year. I was pleased to see that you had indicated an interest. I too have passed on my interest. Hopefully it will be in Sept. Pat and I had planned to visit Eastern Canada then so that we might enjoy the Fall colouring. I am looking forward to it and wish Kath every success.
I have just checked out the Witheridge Web Site and find that there is nothing new on it. The material is something like a year old. I hope information about the last Annual meeting appears soon. It would be nice to see some current pictures.
I don't know if I mentioned that I am writing my history. What a j0b!!!
I am just up to age 30 and have indicated to Pat that 30 plus is her responsibility(said I with a wink) I must say, I have enjoyed doing it.
I have passed a book dealing with the task to two of my cousins trying to encourage them to begin. I won't hold my breath though.They weren't very receptive. However, my brother Robert has taken the bull by the horns and completed his. I have yet to read it but I am so pleased that he undertook it.
Have you ever Journaled? I should think your family would enjoy your writing. What a gift.
We have just had a Minister friend, Rev. Shank, drop by for a visit and I have been encouraging him to start. He still preaches often and prepares his sermons on the computer. I suggested that he end his sermons with a Journal section for his own use. He passes on the Sermon to his church for publication. He looked at me somewhat shocked.
Journally is becoming very popular though and there are magazines dealing with the task. You should think about it if you haven't already.
We are off tomorrow to Naramata, a small United Church Educational Facility in the Okanagan. Our whole family is attending this week and we usually visit for the music concert given at the end of the week. It is a Music Camp and they practice every day in preparation for the Saturday concert. It is a wonderful event which we enjoy very much. Wonderful what they accomplish.There will be eleven of us there come Saturday.
Here I am rattling on and on and this was to be a short note. Nice to write with a reference to church matters to someone synpathetic.
Nice to hear from you if you have a minute.
Best Regards.John

My Salutation at the end of my last E-mail has taken on more meaning recently. The beauty of those five words and their significance is heartfelt. Sometimes we are inclined to use them very casually and the deeper meaning of them is lost. The Lord Be With You.

Hi, John,

Thank you for your warm congratulations on my article in the Witheridge Times. Unfortunately, at my age (I just turned 86) I'm slowing down and can't do as many things or do them as fast as I used to.

I'm glad you had such good luck in your South African project. Yes, it's quite a thrill to make such discoveries.

I, too, am sorry about the lack of interest in the Witheridge Day event in England. They don't have the excuse of distance, as we do in North America. I think Kathy will get a good turnout at next year's Canadian reunion. However, I won't be going, because I've given up all travel. My general health is good, but at my age travel is too stressful.

I looked at the Witheridge web site some time ago, but not recently. I seem to be so busy at other things that I don't spend much time on the Internet.

As for writing down my own history and that of my family, I've made a start and that's about all. I feel a great sense of urgency about this, since my time is rapidly getting shorter, but I let myself get distracted too easily by other things. Thanks for the reminder.

Right now I'm spending more time on my mother's German ancestry than I am on the Witheridge line. This is complicated by the fact that my Nemitz grandparents came from Pomerania, a part of Germany that is now mostly in Poland. Fortunately, I did discover a second cousin once removed who lives in the part of Pomerania that is still in Germany, and he has been a great help.

It was good to hear from you and to know that you and Pat are doing well.

"And the Lord be with you, also."

Best regards, David

Clara Mae Witheridge (b. 1894)
documents

# Editor's Note

Clara Mae Witheridge (b. 1894) was my dad's aunt. Her memories and current knowledge provided him with much of the foundation he needed in order to commence serious research on his Witheridge, Allen, and allied lines, particularly with regard to those still living in Britain. Her July 16, 1961, letter starting on the next page was the first document in her file. I think the typed portion is Dad's transcript of the initial pages (but I'm not absolutely sure, because he doesn't claim credit, and I haven't seen Clara Mae's handwritten versions of the first two pages, if they exist); another good possibility is that Louise (see the first bullet below) did the typing before turning the letter over to Dad. Pages 3-4 are by Clara Mae's own hand. Despite having read Dad's Witheridge- and Allen-related documents at least once, I may have to make educated guesses about some of the people she mentions here. My best attempt at a "decoder" for Clara Mae's letter is as follows:

On the first two pages (typed):

- "Louise": This is DEW's sister, my Aunt Louise (born Witheridge, married surname Mark).
- "Jennifer": This is Jennifer Mark, my first cousin Jenni (now using her married surname, Burke), Louise's daughter and DEW's niece, who was about to start Macalester College in St. Paul, Minnesota. She started out by living with our family for a while across the Mississippi River in Minneapolis.
- "James III" (James Frederick Mark III, also known as Jaimie): This is Louise's son, my first cousin, who had studied at Eastman School of Music in Rochester, NY (concentrating on clarinet performance), and was beginning advanced work at the Royal College of Music in London.
- "Kathleen": This is Kathleen June Monnelly (b. 1936), a younger cousin of Dad's in the Allen line. For her and other Allen-related people mentioned here, see Dad's Allen family circle, the first document in folder 1.2b.
- "Grand Mother" (4th paragraph of page 1) is probably Clara Mae's grandmother, Christiana Richards (bapt. 1820) — unless, for some reason, she's referring to Louise's grandmother, Mary Jane Allen (b. 1857).
- "My brother" in paragraph 5 of page 1: Sorry, I can't figure out which brother this would be.
- "Allen" in paragraph 6: Ditto.
- "Milicent Roberts" near the bottom of page 1: Clara Mae probably means Eva Mildred Allen (b. 1896), generally known as Milly, whose married name was Roberts (Eva married William John Roberts).
- "Monnelly" near the bottom of page 1: Clara Mae is referring to the Monnelly family in Wales (see Kathleen Monnelly above).
- "Geo. Chiver's aunt" near the bottom of page 1: This probably refers to Susanna Witheridge (b. 1866). George Chivers's parents were Alfred William Chivers (b. ca. 1858, m. 1880) and Elizabeth (Betsy) Witheridge (b. 1858); Betsy and Susanna were sisters.
- "Aunt Susie Witheridge" at the bottom of page 1: See Susanna in the previous bullet; Susannah in the next bullet was Susanna's daughter.
- "Susannah Adams Argust" at the bottom of page 1: Susannah (b. 1890) became a major source for Dad.
- "Geo. Adams" at the top of page 2: George was Dad's first cousin once removed; his mother was the Susanna (b. 1866) above.
- "Milicent Allen": See the bullet for Milicent Roberts above.
- "Will Roberts": See the index listing for William (Bill) Tudor Roberts (b. 1921).
- Sorry, but I can't figure out any of the remaining names on the two typed pages (pp. 1-2).

On the two handwritten pages (pp. 3-4):

- "This young man — Father's first name — He a doctor": She's referring to William Monnelly, who married Mattie Eileen Allen (b. 1904).
- "Martin": This is Kathleen Monnelly's (see above) younger brother, Martin Clive Monnelly (b. 1946).
- "Cousin Eileen Allen": This is Mattie Eileen Allen (b. 1904).

1 Dear Louise & family,

We are so happy to hear about your children, and they really going places. Will be nice for Jennifer and also David and family - because we know ~~who~~ she a lovely girl and would be a welcome in anyone home. Best of everything for her you did not say what she plans to take up at College.

2 It just wonderfull to know James III will be able to continue his music in London England what a wonderfull thing for him.

You will sure miss the children and it would be nice if he could meet some of his second cousins. I believe Martins sister name Katheleen, and she is well educated and also had 18 Mo - government service - she wrote me while there in service and seemed quite nice - returned home Jan. 1, 1961.

3 I am glad to know Jennifer and you like what I sent of Grand Mothers and some day - when I think I won't need some other pieces of china I won't forget you both. I treasure my mothers old pieces of China and a few pieces of silver and copper wear that I have and it nice to know some of her younger generation would also enjoy them.

Nice to hear my brother is able to get out and go place with his family. Give him my love and a big kiss.

Allen's close vision hasn't clear up.

4 Florence Whitney my girl friend of younger year was here and she left today for her home East Lansing, Michigan

I hope you can make out the address and just how related to family.

Write again. I enjoy your letter.

Dear Elizabeth & Davis:

I am sure you be shocked and surprised to hear from me-

We sorry to hear of your Dad's passing and my Bro- but we also feel it was for the best and he must have suffered so much- one wonder some time why such a good man has to suffer so much at the end when person of low caliber seem to go right now-

Allen seem quite well and get around good- but fine otherways- he has difficult with his sight. that big stroke he had in 61 & then another nov. 62 - injured the brain in regard to sight.

I am quite well & we are enjoying our later lives to-gether - I do the the driving now -

Well One reason I am writing is because after all these yrs - I have been & attended Baptist Churches -

3 Sunday ago the New Minister at the Church had no "Lord Pray" so I said him on the way out & he said come the next Sunday & I'll tell you why.

First he think it is just a ritual -

~~[illegible]~~ How can any person come here on Sunday morning & said the Lord Pray if during the wk. he bowls out his neighbor if his dog or cat tear up his flowers love thy neighbor + so on thru the play - some incident he would have for all phrases of prayer to ~~be~~ me it just ridiculed our Lord Pray.

To me it very sacred it what I learned has a very small child + when I said the Lord Pray Sunday in Church I meant every word I say - it give me a lift for the rest of week.

What our small children going to - do - if not allowed to repeated the Lord Pray Sun. A.M.

What you teach a child in infancy they dont

depart from it, regardless what
come by later in life -
Are you or have you taken
it from your Church
Service -
I have been giving it quite
a bit of thought since it
happend 3 wks. ago -
Is this the trend to
ward world church unity -
where the Christian Church
will have to give up to
such has Jew - Catholic -
I attend a Christian
Church this A.M. with
some friend - I was telling
her about Our Lord Pary
taken from Church - & she
said we have it every
Sunday - & Believe me or
not - they didnt have it
so now they are going

3 [Note that this is the second p. 3]

see why this happend.
So I just wonderd if this
the new treand to do
away with our fundamental
of real old Baptist Church.

I guess I am a little to old
fashion this rapidly moving
world
And the Pray & Bible from
our Schools.
Now ~~said~~ say Dear Ones.
I would have written my Bro.
if he was a live & I mean
if he ~~was in~~ had been in good health
to try & tell me what it
all about.
We hope you both are
just fine & your family
It wont be long before
Jennifer will be back
with your vacation over

Allen & I really just fell
in love with her — 1958
Wish we could have the
pleasure of enjoying her
company!

Next Sunday I am going to
try + visit
Rev. Wilbur C. Christians
of First Baptist Church
in Sacramento
He came here a number of years
ago in or near Chicago —
see if he has Lord Prayer

2425 Irving Ave. So.
Minneapolis, Minn. 55405
August 18, 1965

Dear Aunt Clara Mae:

We were very happy to have your letter when we returned from our recent trip. We were in Saginaw for about a week and spent a few days in Chicago on the way there. We also stopped off to see Louise and Jim in Grand Rapids.

[Death of DEW's father (her brother)]

Thank you for your expression of sympathy. Father was failing fast, and it was certainly for the best that he did not linger any longer. He lived a full and wonderful life, and we gained a great deal from him.

Regarding your question about the Lord's Prayer, I have not noticed any trend toward dropping it from church services, at least in our part of the country. I preached in a Baptist church this morning where it is used every Sunday, and the Baptist church to which our family belongs also used it every week. I know there are some churches where it is said only occasionally instead of every week, but I think this is mainly because that is the tradition in their denomination.

I agree with you that we would lose something if we dropped the Lord's Prayer from our services. Even though some people say it without thinking, the proper remedy would be to try harder to give it meaning, rather than to drop it altogether.

I was very much interested in your plans to visit the church where Rev. Wilbur C. Christians is the minister. I knew him well in Chicago, and I hope you introduced yourself and told him you were my aunt. I know he would remember me. Did they use the Lord's Prayer in their service?

Now I have some help I would like from you. In recent months I have been trying to compile the information on our family history, and the facts are hard to find. Louise said you sent some information about relatives over in England for Jaimie to look up, so I'm hoping you have some of the data I need. I got some information from Margaret Mushlow and from George Chivers when I was in Saginaw.

[Asks for basic facts about her/his family]

The enclosed sheet shows what I know about your father and mother and their children. As you can see, it is incomplete. Would you please check this information, fill in what else you know, and send this back to me? Is there a family that contains this and perhaps other information?

I no longer have the addresses of any of Uncle Elijah Allen's children or grandchildren. Please send me any of these addresses you may have.

Yours sincerely,

Dear Elizabeth & David

You asked about your Grand parents of Witheridge side.

I always felt bad that my oldest Brother Children never enjoy the pleasure, companionship of two wonder person.

They lived for their Children also wanted to accept their sons - & daughter in law - But your mother alway held her self sort of ~~att~~ aloof from the family - therefor our oldest brother didnt mingle with us & we missed him

We had a most wonderfull dad. He was a great pal - I have so many grand memories - Just sorry Allen & I had no Children to tell it to -

He was a good Christian man - & alway could see some good in ever one.

He brought up 14 good boys & 3 girls.

Mother was sweet & kind, gracious She wasnt to strong never weight much over 100 lbs. She was a wonderfull dress maker, & cook.

we had such wondufull family
get to gether and How Robert
Richard, Esther Mary- love to go to
Grandma & stay with her- She
love to sit & rock them & tell
them story or read to them-

Dad died at 79 yrs. and
Mother nearly 86- but after Dad
passing Mother didnt want to
live she was ready to go to her
maker- & when her time came
she went to sleep- so ~~pte~~ peacefull-

We are quite well-
I would like to go to L.A this yrs-
but so hard to travel any way but
by Car. ~~He~~ Allen just dont get around
Normally on account of his eye are
off blance by stroke-
I dont care to drive 400 miles
just Allen & I. Allen will be 76- 7-6
Edward was here for 5 das. 6 72
in Jan. & we enjoy him so much.
a good man so kind to Allen.
We miss Mable also.

Dear Elizabeth & David.

You will see by the Enclosed card your Uncle passed away.

I went to Esther Mary and on April 23 - we helped him celebrate his 85 yrs. And he seems quite well & happy. On 26 he called Sis. & I & said I call again 28

John went to Healafoat he was in a rest home & had a real nice room & bath & his own T.V. & bed & some pieces of furniture.

& he said to lady sat next to him if I dont come down to lunch tell the lady at desk. So they found him 12.15 sitting in a chair, passed away. So they really dont know just when it happened.

Edward son Robert was at Edward at time he been called up there because Edward was quite ~~sick~~ ill - but did come back for services & Edward is much better - Ed had Flu then a heart attack, & his eye operation which not a success.

I hope this find you & Elizabeth & family O.K.

[Death of DEW's uncle, John Allen Witheridge (b. 1885)]

May 31, 1970

Dear Aunt Clara Mae,

Thank you for your letter and the folder you enclosed about Uncle John's memorial service. Of course, we were sorry to hear about this, and we know that all of you out West will miss him very much.

Uncle John was the only one of the family I never knew. He told me in a letter in 1966 that he had left Saginaw in 1908, and I wasn't born until 1914. I don't remember that he ever returned to Saginaw for a visit.

I'm glad he just passed away peacefully in his chair, so he didn't have to suffer long.

I'm trying to remember about his second wife, Vera. It seems to me she died about a year ago, and I assume that is why Uncle John moved into the rest home.

As I said, I don't really know much about Uncle John's life. Maybe you'd tell me more about him the next time you write. For example, what did he do for a living?

Apparently he preceded all of you out to California. He said he left Saginaw in 1908 and arrived in California in 1910. Where was he in between? It's too bad he never had any children.

Somewhere I got the notion that Uncle John was a singer in his earlier years - Is that right? Did he have any other hobbies or interests?

You didn't mention your own health at the moment, so I hope that means you are in good health. I'm glad you are able to travel around, and I am sure all the relatives are delighted to see you from time to time.

Jim has returned home from San Francisco and is now working in St. Paul. Tom is still in Boston, which seems like a long way away. We did have a long telephone conversation with him a few weeks ago.

Hope to hear from you again soon -

Love,

David - Elizabeth

Aug 7-1970.

Dear Elizabeth & David

I am now at your Aunt Christina for 10 days. She wasnt feeling so well so I came down- We are hoping to go to Edward in Sept. if we both keep well. Edward has been having so much trouble with is eyes. and other old age aches & pain- Our Geo. is just fine and goes to Flower Shop every day but Monday- his day off. He has given the shop to his daughter Esther Mary- but Geo loves to work with flowers. and it sure keep him young.

yes John did return to Saginaw
Nov - 1918 - His number was up for
induction in 1 War. so he came
from L.A to said so long - but
the morning he was to report
for induction Nov. 11 - the War was
over - so John didnt go.

Vera passed away april. 69.
and after that he moved to a
vet home at Van. Nys. Cal. nearer
Geo, Esther, Bob.

John work for yrs. with Owl
Drug Co. his last job was floor
manger at 7 & Broadway & he
retired from that store -
He lived in L.A all this time
till after Vera & he married & he
sold his home & moved to Long Beach
where Vera died - in nursing home
Cancer of Brain.

John had a beautifull voice was
chair directors & sang solo most
of his life in the Church.
in early day he was with the
Orphum circit & travel with
a quarter till he said life was
to hard moving from place to
place.

And he loved to grow flowers.
he sure had a green thumb.
at John birthday party he said
the sadden things was he couldnt
sing an more

I will be going home
after his Birthday Aug. 16.
love Clara Mae

Editor's note: At the time when this was written, DEW had traced his Witheridge line to George Witheridge (bapt. 1766); he ultimately reached Nicholas Witheridge (m. 1553). See folder 1.1a, pages 17 and 26. TFW, Mar. 17, 2022.

Dear Aunt Clara Mae,

It was good to get your Christmas card and note the other day. We know you must have had a good time when all of you were together, We would have enjoyed it, too.

It's fortunate that you are able to get around and take Aunt Christina to the doctor's.

Next summer when I get a few months off as a study leave we hope to go to England. We'll visit the British Council of Churches and some local councils of churches, but we'll also have time to visit as many relatives as we can find.

I have traced our Witheridge ancestry back → as far as George Witheridge (baptized May 11, 1766 and died April 27, 1808, in Combe Martin). I have a great deal of other information about Witheridges in England, but I haven't figured out yet how we are related to them!

Love,

Dear Elizabeth & David.

I enjoyed your Christmas letter thank you. I have some letters from John Curtis about Great Great Witheridge - They are getting a little yellow. I dont remember when written May '62 or more.

Your Uncle Geo called me and asked me to dro' you a note that is wife Florence passed away Feb 11- buried 17 at Inglewood Cal. She was in nursing home for 3 yrs.

Geo is making it fair but he want to come up here Mar. 4 to be with me for his birthday if he can Make it Christina will also come with him She quit well just a little forgit full but their not young any more but to see them you think they on 70 yrs old. in action.

I am keeping well.

Dear David & Elizabeth:-

Your cousin Esther Mae passed away on Thanksgiving Day and was buried Nov. 30".

The day before the service I fell on the sidewalk in front of Esthers' home & broke my wrist

I am back home now and with the kindness of my friends I am making it O.K.

Dr hopes to remove the caste on Dec. 29 - I hope no more cast!

Hope this finds you and your family O.K

I'd love to hear all about your trip to England and our cousins -

Lovingly your aunt,
Clara Mae.

Dear Aunt Clara Mae:

Louise wrote and told me the sad news that Aunt Christina died on July 14. I know that was a great shock and loss to you and to all who were close to her.

Elizabeth and I want you to know we have been thinking especially of you and Uncle George since you lost your sister. Enclosed is a check we'd like to have you add to whatever memorial has been set up in her memory.

As far as I can remember, I have never been in direct contact with Richard Jenkins, but it seems to me he has been living in Sacramento, so you probably see him often. Would you please let him know about our sending this memorial? Please tell me what his address is. I'd like to write to him. What does he do? Doesn't he have a son who is married? I'd appreciate a little information about Richard and his family the next time you write.

Earlier this summer we had the great pleasure of being with Earl Allen (cousin Joe's son) and his lovely wife Marian. Earl is a Baptist minister, and he is now the executive director of the Greater Reading Council of Churches in Pennsylvania. The four of us were together at the annual conference of councils of churches staff members, which was held in Bethany College, Bethany, West Virginia. I had met him only once about 36 years ago.

Again let me express our sadness over Christina's death. May God be with you all in these lonely days.

Love,
David + Elizabeth

yes I know what happend to Grand mother block of house or row of house-

So I know why Aunt Susie Husband was mad-

This is not gossip by truth- my Dad sister Elizabeth Chivers Got her self in dutch- & Grand da died- She sold the houses by the Court caught up with her because at that time all property was left to oldest son & that was my father the Lawyer wrote Dad & said He sister would have to go to jail or pay Dad all the money back- so he said if she give it to him he let her off & she promised & also signed paper to that effect. So she promisid my Dad if he let her use money to Come to America she return it to him. Dad said I dont want it for my self but it to be Clara Mae Her Mother name sake –

Dad lived up to his agreement they Came to St Charles & she gave him about $900 – & said when her husband got work would pay rest – She never did – bought a house with it in St. Charles & She & my Dad never spoke to one an other for years – He never like dishonest – & when I was married to Olivier my dad turned over the money to me for a nest

a just keg of I never touch it
till I had to divorce
Alvin. He was so untrue
Me. It was your Dad my

Dear Aunt Clara Mae:

This is just a brief note to let you know how delighted I was to receive the pictures you sent. I haven't time right now to write a long letter, but I do want you to know they arrived safely.

Except for the few pictures that Uncle Ed took when he was in England, these were all new to us. We loved seeing the pictures of your house, with the beautiful flowers — and the family pictures out in California, especially the one of the four brothers together.

Elizabeth and I had fun trying to identify members of the old Philathea Class. I think we could pick out only four, besides the ones you had marked.

But the prize was the family picture of Grandmother and Grandfather and all their children. It's such an excellent picture of everyone. I had never seen this picture before, or any picture of any of these people when they were that young. We think you were a darling little girl.

[DEW's sister, Louise]

Thank you more than I can say for the pictures, church bulletins, and clippings.

These things reminded me of something Louise mentioned in a letter a year or two ago. She said you had come across a letter [redacted] from John Curtis telling quite a lot about the family. She also said you had some old addresses.

Even though the addresses would obviously be no good now, they would be of great help to me in tracking down the movements of various people.

Could you possibly find those addresses and send them to me, with dates from the envelopes or letters? I'd be especially pleased to have the last address you have for [John Curtis]→ John Curtis.

We are all well, and hope you are, too.

Love,

David + Elizabeth

November 24, 1978

Dear Aunt Clara Mae:

Here at last is the letter from John Curtis you so kindly sent to us. I have made a Xerox copy for us, so I am returning the original to you. I have also typed a copy of it for easier reading, and I am sending you a copy of that, too. It is a most fascinating letter, and it includes a number of items that I can follow up in my genealogical work, such as the farms that Grandmother Clara Witheridge owned in Combe Martin. No, you did not send us the picture of the white house or the hotel. Perhaps it went to John.

When I talked with Uncle Ed a few years ago in Port Townsend, he said that George Curtis and Alfred Curtis were half brothers of William Witheridge (your father). However, the record I have says there were two twin brothers, George and John, though John may have died early. Maybe Ed was confusing his name with Alfred Chivers. Did you ever hear of an Alfred Curtis? Ed said they were both in the steel business.

Susannah Argust said that John Curtis had a brother William and two sisters, Laura and Clara. Did you know about a William Curtis? Come to think of it, I believe George Chivers also mentioned William as a brother of John Curtis.

Ned Witheridge seems to be a hard person to track down. Did you ever know him or hear much about him? John Curtis seemed to think he was probably dead by 1943. He also implied that Ned was a ne'er-do-well and possibly drank too much. I had heard from Susannah Argust that Ned had never married, as far as she knew. On the other hand, I also have a notation that he had a wife named Elizabeth. Can you tell me anything further about him?

At the close of John Curtis' letter he says, "Love from Lou and John." Were they his wife and son, or daughter and son, or did he say "Love for Lou and John"? I'd appreciate your telling me when he meant.

The story about the money from Grandmother Witheridge's estate is very interesting. Families do seem to get into all sorts of trouble over such things. You speak of "Grandmother's block of houses or row of houses." I imagine you are talking about the long row of stone houses all attached to each other up on the top of the hill in Cwmaman in Wales. Elizabeth and I were there two years ago and saw the very unit they lived in (13 Bedwlwyn Row) just two months before they were scheduled to be torn down because a high slag pile threatened to slide down on them. (George Chivers said his family lived in another one of those houses--7 Bedwlwyn Row.) Do you mean that Grandmother Clara Witheridge owned one or more of those stone houses? We had thought the mining company owned them and they just rented their house. Did you visit them there? Is that where you saw your Grandfather's garden and flower bed?

I must close now. We have about six inches of snow here now, but I'm hoping it won't stay right through until spring. It's nice to have at Christmas, but not this early! We're all well and hope you are, too.

Love,

David + Elizabeth

# Editor's Note

The letter on the following pages from Clara Mae, Dad's aunt, is her response to his November 24, 1978, letter, the last document in folder 1.63s. Clara Mae touches on the questions he raised in that letter.

She starts, however, with a paragraph about her brother, Dad's uncle, George Witheridge (b. 1887). She had written a brief note in December of 1977 (located near the end of her section of folder 1.63s) with a worried update of his deteriorating state. He died two months later, in mid-February 1978, and she starts this letter with a description of the touching way he had been honored by dignitaries in San Fernando, California, where he operated a popular flower shop for many decades.

Unfortunately, the last part of her letter was written on two different unnumbered two-sided half sheets, and I may not have them in the right page order here. Apologies and good luck!

Raining all for now love Aunt Clara Mae

Dec-1.1978

Dear Elizabeth & David -

I do the best I can in ans. your question I may not be of much help.

First befor I forgit it Geo. Duda called me the other eve - and said the Lion's Club planted a elm tree I think he said elm - on Pico st - in San Fernando I don't know where that St. is also put up a plack in his honor - said - city Judge - Baptist Minister & Chamber of Commerce gave a wonder talk & so many people ~~gave~~ came for it. He had been a 50 member in all 3 things. It show up your Uncle was very well thought of -

Thank you for the copy of John letter & also returning the old one - now I must have sent that hotel picture to John you ask him some time because I don't have it now.

now I don't remember my Dad speaking
of Geo or Alfred Curtis - it could be
& also half brother of my Dad so I
guess what ever Edward told you
would be the truth. has Edward
had a wonderfull Memory -
all Curtis ~~was~~ did work in steel
mill or foundry - that was the
big industry in those year and
I know Johnnie Curtis did -
I don't know a William Curtis
But I did know Laura & Clara
they were John sisters.
now I saw them both the last
time at Albany Cal. when John
& Lou had their 50 wedding
anniversary in 1951 or 2 I just not
sure of year.
I never met Uncle Ned - but I have
hear my Dad said he was sort
of a wonder lust & he leave & no
one would know he were about -
Uncle till he run of Money & need

som thing to eat & he would also way go back to Cleveland to Laura & Clara & they take care of him till he leave again - I know nothing about his drinking I never heard my Dad said Ned was married or had a daughter ~~or~~ now Lou is John wife and they had 2 daughter & 1 son -

Yes my Grand Mother owned those block of house or sow what every they called them stone all built right close to gether no space between & a big hill or my be a mts right back Grand Mother house -

& in front across the cobalestone St when Grand father had such a wonderful flower & Veg garden.

now while we were there Yes Chivers folks never lived in one of the house we cause we went to they have home & stayed a few

a few weeks with them.
Geo Chivers had a brother John ~~how~~ came to Mich for a visit —
Sister Elizabeth & broth Edgar — & all lived in their last yrs at Auburn. Edgar is still alive.
Your (great Grand) Mother Wilkindg was said to be a very well to do person.
I will give you Geo. Chivers ~~[illegible]~~ daughter address & maybe she can tell you something if her Dad ever talked about family affairs

Mrs. J. Elmer Schmidt — (Gladys)
115 Macomber Ave.
Auburn. Mich — 48611

Glayd & I write ever Christmas to each other about a yr ago she said her Aunt Elizabeth Chivers Reburn passed away —

Now I had just graduated from 11 grade
& John & Lou came to Saginaw &
we lived on ~~[illegible]~~ Pleasant St - they
had 2 small daughter & 1 yr. old son.
Anyway I wasn't very well and Dr.
said I had to drink beef iron & wine
& what terrible tasting stuff so
John suggestion I go back with
them they lived in West Virginia
a small place & John drove to
~~stel~~ steel foundry.
I never saw ~~such~~ such a beautifull
home & ground it was Lou, she
was well to do in her own right
now her parent may have given her
home at time of her marriage
She had man who lived in apt -
about garage & also took care
ground & veg garden. Now Lou
never drove car. But if want to go
anywere rang for this fellow & I
give him instruction & when he
came back He dressed up and

& drove car taken her when ever
she wanted to go & I stayed home
& baby sit - Lou was a lovely person
she never said you do this or that
she would like to go & said do ~~so~~ go & so while
I go Church meeting & shopping
never bossy.
And on Sat - John would take the 2
little girl & also ask a neighbor girl
About my age to go along. & he
would take us to amusement park
with a pack lunch. or on boat
trip up or down river - we alway
look forward for Sat.
When Lou went shopping to a city
not far away she come home with
yard material call in a seamstress to sew
to Lou, girls & I alway ended up with
a new dress.
And did I drink beef iron & wine 3 times
a day - John got it by case & I guess
I need it be cause I was new person
when ready to go home.

1

This sure a messed up letter -
I just can't remember who lived
in that hotel we stayed with -
I do remember eating all those
apple we wanted called snow apple
red on out side white inside
and how my Mother used the
devonshire cream - she just spoon
it on every thing -
We attend church in that church
that had grave yard on side & my
be back of Church.

2

the pew of Church wasn't no like our here
sort of box affair open a gate ~~I c~~all
its Had the family Name on it -
no one else sat in there -
We were Told before church don't
talk or whisper that hard - they
had prayer bench went up & down & this
boy he knew when to kneel & so did
my parents - Not me I ~~stat~~ sat there just
froze afraid to move - did they still
have them in that church ?

Dear David: Can you please tell me just who son is William John Witheridge and what what is he to me a second or 3 Cousin or what and about what is his age. His wife write me once a yrs at Christmas time & I have a air mail letter here to write on and send to them —

And also write to Milly & Bill Roberts —

Boy it sure raining so be a good day to get this letter written

I am quite well could feel better I go to Allen grand nephew who live here for Christmas they come & get me & bring me home. I go for the day —

Dear Aunt Clara Mae,

Thank you for your good letter with all the family information. I'll get around to answering it later. Right now we're getting ready to drive to Chicago tomorrow to be with Tom for his birthday on Saturday.

I did want to let you know how you are related to William John Witheridge in Devon. (He is 66 years old.) His father was also named William John Witheridge, and so was his grandfather.

So, you see, there were three William John Witheridges in a row. The first was a brother of your grandfather, John Witheridge. Therefore, your father would have been a first cousin of the second William John, and you are a *second cousin* of the one whose wife you now correspond with in Devon.

I hope this is all clear to you now. If not, let me know, and I'll try again!

Love, & Merry Christmas,

David

[Reporting on DEW + EPW's 1980 trip to Britain]

December 2, 1980

Dear Aunt Clara Mae:

We have been back from England a couple of months now, and they have truly been very busy months. There are always so many things to do to get ready for winter, and so many things had been left undone during the two months we were in Britain.

One big job after our trip was getting the 300 slides ready to show people. Then we had to decide which ones we wanted to have prints made from, and how many. Finally, we have all the prints made, and I'm sending you some I know you'll be interested in.

Ynysybwl, Glamorgan, Wales

The first one is a picture of me with the Roberts family in Ynysybwl. We spent a very happy day with them. The nights before and after being with them we stayed in a lovely hotel in Cardiff, about 20 miles from their town. Milly is reasonably well, but has to take it easy because of her age. Will has had a heart attack and has a pacemaker that keeps him going, though he just sits quietly quite a bit of the time. Bill, of course, is in good health and is going strong as an art teacher in a high school in Cardiff.

Eva Mildred Allen (b. 1896)

William John Roberts

William (Bill) Tudor Roberts (b. 1921)

Mattie Eileen Monnelly (b. 1904)

In the afternoon Bill took us over to see his mother's sister, Eileen Monnelly, who lives in Merthyr Tydfil, about 15 miles away. She had a severe stroke several years ago, and then her husband, the doctor, died of a heart attack. Eileen now lives with her daughter Kathleen, whom you probably met when she was living in California. Kathleen is married now, and she is taking care of her mother with the help of a close friend in the neighborhood. Eileen can't walk now, and she is hardly able to speak, but she can understand what others are saying, and she enjoyed seeing us very much.

William Monnelly

Over in Devon, Combe Martin is a busy, crowded place in the resort season, but we greatly enjoyed being there in the town our ancestors lived in for hundreds of years. It rained most of the time we were there, but fortunately it cleared up enough for us to take this picture of the lovely bay and bathing beach.

What a delight it was to find that the King's Arms Hotel, "Pack o' Cards," you told us about is still being used as a hotel and looks very much like the picture you sent us! And then to find that the Blackmore farm, "Ham," had recently been made over into a lovely garden! It is a very pleasant place, as you can see. We're sure it's the property you told us about, because we were talking to the gardener, and before we mentioned anything about an orchard, he pointed to a spot where they had removed an old apple orchard to make room for the new arrangement.

Myrtle Blackmore

Did we tell you we met a new relative there on the Blackmore side? Her name is Myrtle Blackmore, and her great grandfather, John Blackmore, was a brother of your grandmother, Clara, who married John Witheridge. So her father was a second cousin of yours, and she is my third cousin. We fell in love with her immediately.

Myrtle is unmarried and is the last of the Blackmore family still living in Combe Martin. She works in Barnstaple, about 10 miles from Combe Martin, and drives back and forth every day. She is Director of the Unemployment Benefit Office in Barnstaple. This summer she received a tremendous honor. She went to Buckingham Palace on the Queen's Birthday and was given an award of M.B.E. (Member of the British Empire) by Queen Elizabeth herself. She showed us the beautiful medallion.

You will also notice the tablet which is on the back wall of Exeter Cathedral in Devon to the memory of R. D. Blackmore, author of the very famous novel, "Lorna Doone." I have an idea he is distantly related to us, but I haven't discovered the connection yet. He was born and his family had lived for several generations in Parracombe, a town only 7 miles from Combe Martin. His grandfather at one time was rector of the parish church in Combe Martin.

While we were in Combe Martin, we also met another person who is probably related to us, though we haven't yet determined just how. She is Una Parsons, who is also unmarried and is Divisional Director of Social Services for an area of Devon with headquarters in Bideford, about 20 miles from Combe Martin. Her father's mother was a Witheridge, and her mother was a Ley, which is another of our ancestral lines. So we may be related to her in two ways. She is a dear, and we also enjoyed meeting her mother and father. They live in a lovely old house not far from the beach.

← Una Parsons

So you can see that we had a most interesting time in Devon, not only admiring the scenery, but also meeting relatives and other wonderful people. By the way, we did see Hilda and John Witheridge on their farm at West Buckland, but very briefly one morning on our way from Exeter to Combe Martin. They were in good health, but were very busy trying to salvage their crops that had been damaged by the worst rains in many years.

We hope you are well this fall and that all is going well with you.

Love and best wishes,

David + Elizabeth

[Her reply to this is document
W46 in folder 1.63a] Oct. 13, 1981

Dear Aunt Clara Mae,

I'm sorry to hear that you never received the copy of Lorna Doone I sent you about the first of the year. I'm sure I mailed it to you, and Elizabeth remembers my sending it, too. All I can think is that it must have been lost in the mail. I suppose I should have insured it, but I never dreamed that would be necessary.

If I ever find a copy in a second-hand bookstore, I'll buy it and send it to you. In the mean time, no doubt someone could get it for you at the public library, because it is such a famous book.

Fall is here now, and the colors everywhere are beautiful. A couple of weeks ago we took a short trip up north in Minnesota, and the colors were at their peak. We took along our dog, Rokk, a handsome and intelligent 20-month old Norwegian Elkhound. It was his first trip with us, and he loved it.

The next time you write, I hope you will tell us what you know about the religious background of your family. I know your father's family was Anglican (Episcopal), but I have discovered that your mother's father, William Allen, was baptized not in the (Anglican) Parish Church, but in a Methodist Chapel. Although William Allen and Christiana Richards were married in the Parish Church, their first child, William (your mother's oldest brother), was baptized in a Methodist Chapel in Cornwall.

When they moved to Wales, however, they appear to have been active in the Anglican Church again. Elijah Allen in his autobiographical sketch says that his parents were Episcopalians and seems to imply that he was brought up in the Anglican Church until his conversion in a Baptist Church in the Rhonda Valley. Presumably, your mother likewise began as an Anglican in Wales.

When your mother and father first came to Ohio, were they Episcopalians? Were they Methodists or Baptists in St. Charles? Did they become Baptists because of Uncle Elijah? Please tell me what you can about all of this.

We hope that your health is better this fall and that you are enjoying pleasant weather.

All our love,

David + Elizabeth

Dear Aunt Clara Mae,

We are about to set forth on a trip east, but I wanted to get a note off to you before we left.

We heard from Louise a few weeks ago that you are back home now and are able to get around the house using a walker. It's good that you have a couple of girls to help with meals and other work. You must be very happy to be home, even though your legs are weak and you can't do everything you'd like to.

Spring has finally come to Minnesota, and the early bulbs have begun to bloom. Our rose bushes came through

the winter very well because we
had such a heavy covering of
snow. We'll miss some of the
tulips and other spring flowers
because of our trip, but we
hope to see some beautiful
flowering trees and shrubs in
the south.

On Easter we'll be in Chicago
with our son Tom and his wife
Virginia, and we'll attend the
Easter service at Hyde Park

six happy years. Then on through
Michigan, Pennsylvania, Maryland,
North and South Carolina, and back
home through the Great Smoky
Mountains.

We hope you will have a
good spring and summer.

Dear Mr. Haley:

Thank you for the copy of the Petition for Probate of the estate of my aunt, Clara Mae Marquis. In looking over the list attached, I notice the omission of her grand niece, Virginia Anne Sorenson, and her grand nephew, William Allen Witheridge. They are the children of Clara Mae's deceased nephew, William H. Witheridge (my brother). They can both be reached at 532 Bennaville St., Birmingham, MI 48009.

I wasn't sure whether their omission was intentional or inadvertent, so I thought I should give you this information.

Yours truly,

David E. Witheridge

RE: ESTATE OF CLARA MAE MARQUIS

Dear Mr. Witheridge:

Thank you for your letter of October 27, 1986. I was not aware of the existence of Virginia Anne Sorenson and William Allen Witheridge prior to October 27, 1986. However, on October 27th I learned of the existence of Virginia Anne Sorenson and William Allen Witheridge and mailed copies of the Notice of Death to them by addresses provided by Louise A. Mark.

The mailing of notice to you and the other heirs at law of Clara Mae Marquis is a legal requirement. However, Clara Mae Marquis left a Will which appears, on its face, to be valid and the Will makes provision only for her friend, H. Kay Brolyer and her friend Rebecca Adams.

Yours very truly,

Martin J. Haley

Dear Mrs. Adams,

My sister, Louise Mark, has mentioned from time to time the thoughtful and helpful things you have done for our Aunt Clara Mae over the years. We who are so far away appreciate your kind attention to her needs and your careful handling of details since her death.

Louise tells me you have a box of Clara Mae's old papers, letters, and records that you would be willing to send me via UPS if I could make use of them. Because of my interest in genealogy and family history, I would be very happy to receive them all and would certainly reimburse you for the shipping costs.

Thank you very much for taking the time to do this. I'll be looking forward to receiving this material.

Yours sincerely,

David E. Witheridge

George Allen Witheridge (b. 1881)
documents

## **Editor's note:**

Dad's uncle, George Allen Witheridge (b. 1887), and his first wife, Almeada Mary Merrill (b. 1890), were surprise guests on a 1958 episode of the NBC network TV show, *It Could Be You*. There's no record of who arranged their appearance, but I'm betting it was their daughter, Esther Mary Duda (b. 1915), possibly in cahoots with her husband, Anthony Francis Duda (b. 1907). The occasion was George and Almeada's 50th wedding anniversary celebration, which would be taking place the following day. Based on their marriage date, the day on which the episode aired must have been around September 11, 1958. Dad and Mom found out about it in a note from Mom's aunt, "Alber" (Alberta E. Plumb [b. 1887]), who happened to be watching NBC that evening in Saginaw, Michigan, and practically fell over when she heard the emcee introducing "Mr. and Mrs. George Witheridge." She knew George (I'm not sure about Almeada), because he was from Saginaw, he was Alber's age, her niece (EPW) went on to marry George's nephew (DEW), and, I think, they all went to the same Baptist church.

Here's a link to the episode, which is in the public domain and was available today at *Internet Archive* (you can skip to 6:56, where George and Almeada's segment begins). This 1958 episode is literally the only one preserved at *Internet Archive.* (How's that for double serendipity? Not only did Alber [Alberta] have her TV on the right channel at just the right time, but the only saved episode is the one featuring our George and Almeada!) I hope this link keeps working in perpetuity, because it's absolutely charming (not to mention being a trip down memory lane to the late '50s TV world). The link:

https://archive.org/details/ItCouldBeYou

Alber's note to Mom and Dad, telling them about the TV show, is on the next page. It's followed by computer screen shots I made at several points in the episode. Notable among them is a photo taken at George and Almeada's September 11, 1908, wedding in Saginaw, Michigan (where George worked as a lowly coal miner and, consequently, couldn't afford their dream honeymoon in Hawaii) before moving west to California, where he owned a locally popular flower shop). Another good shot is a later one of four generations of the family, including Anthony Duda on the right in a wheel chair (from a serious spine accident years earlier).

Enjoy! And by all means go to the episode on Internet Archive, if it's still there. It'll make you smile!

Dear folks –

Did you folks see the night program of "It Could Be You" last night? All of a sudden I came to to the fact he had said, "Mr. & Mrs. George Witheridge" and I pricked up my ears. Program comes from California. It's their 50th anniversary and after telling of their marriage in Saginaw and a little of their history they secured a big wedding cake with bride and groom on top, each holding ribbons – The groom's ribbon ended at a package containing a lovely watch for her, which they said she had always wanted, and the bride's ribbon had an envelope with a check

for $250 and a paper
stating They were to have
an expense free trip to
Hawaii - Hope you saw it.

Tom and all of you
Thanks, so much for
the cards - That big picture
is certainly lovely - It must
have been a wonderful
place for a weeks vacation

These pictures - ~~some
of them~~ taken way last
spring aren't very wonderful
but I wanted you to see
Kittens - Hope to get better
ones soon -

Saginaw Fair is on,
Elizabeth - You wouldn't
know it - it has grown so.

No time for more now.

Love,
Albee -

Mrs. William Monnelly
19 Pendarren Park
Merthyr, Glamorgan
England

Dear Mrs. Monnelly:

I guess I really could call you Cousin Eileen, because Milly Roberts speaks of you as Eileen, and you are a [redacted] first [first] cousin of my father, William Allen Witheridge. I have been wanting to write to you for some time, but never could seem to get at it.

Now I have a special reason for writing at once. We have all been shaken by the tragic news of the tip slide in Aberfan and the death of all those children and older people. Although there is nothing directly we can, we want you to know we are thinking of all those stricken families.

As soon as the news came, I looked up Aberfan in my map of England and saw it was half way between Merthyr Tydfil and Pontypridd. So I knew it was close to you and Milly, and I suppose you must know some of the families involved. It is even possible that your husband, as a doctor, was called to the scene to help. It must have been horrible. I thought you would be interested in the news story in our paper. Last night we had a short television newscast direct from Wales via satellite.

I believe Milly has told you of my interest in family history. When Father and Mother both died a few years ago, I suddenly realised how little I knew about their families. As I began to investigate, I found that very few people knew much of their ancestors and relatives. So it has been a long and arduous process, but a lot of fun.

In case you don't remember from my letters to Milly, I should tell you that I graduated from the University of Michigan in engineering and worked with Father in Saginaw as a heating and ventilating engineer for four years. Then I decided to be a minister and went to Colgate Rochester Divinity School in Rochester, N.Y. Cousin Frederick Allen was on the Board of Trustees. After graduation I was an assistant minister in a Baptist church in Chicago while I was taking graduate work at the University of Chicago. After three years in a pastorate of my own in Illinois, I came here fifteen years ago.

The enclosed picture shows our family. Elizabeth also grew up in Saginaw, where she was a kindergarten teacher. More recently she is a tutor of remedial reading and the author of several books for children. Jim is 19 and attends the University of Minnesota. Tom is 18 and attends Oberlin College in Oberlin, Ohio.

I would be very grateful if you would complete the information on the enclosed genealogical sheet and return it to me. Please add any names, dates, or places I don't have.

I understand that Kathleen is staying with Robert Witheridge in Granada, California. I hope she is still there, as I am going to try to get in touch with her. I'm sorry to say that I have never been in correspondence with Robert, nor have I ever met him since we were both too young to remember.

Now I must close. Perhaps some day you could send me a picture of you and your family.

Our thoughts and prayers will be with the people of your area.

Yours sincerely,

David E. Witheridge

Dear Cousin David

It was a real pleasure to have your letter. I always think now, its a pity we did not keep some letters & snaps that past between my parents & your father. I can remember the high lights of having the letters from Bill Witheridge etc America seemed so far away then. & my eldest brother Sydney, which at that time lived in 1222 Saginaw Michigan, how my mother looked forward to those, thats life I suppose always full of regrets -

Its strange now that my daughter Kathleen is there - & quite enjoying life, I do hope you will meet her one day -

It was so wonderful to have

had the visit from Cousin Edward & Mabel - He is a most interesting individual chap -

Such an lively interest in everything I believe he has now a most charming partner -

Kathleen went to their wedding.

I will send you some snaps later of my little brood -

Re the Aberfan tragedy - we are absolutely stunned with it.

The children had just finished prayers, the start of the school day & seconds later were caught in this black sludge - covering them where they sat & stood. children sitting at their desks, the teacher at the blackboard - & the deputy head David Beynon, was found clutching five little children in his arms - I knew quite a few of the teachers -

Aberfan is about fifteen minutes away from Merthyr -

The clergy were wonderful too
I feel so sorry for their chapels
which were used as the
mortuaries - you can imagine what
the state of them could be..
one pastor lost his child too..
I am sure a letter or help to the
chapel or pastors would be so
gratefully appreciated - maybe
your church could help -
There is a big fund going to help
the village, but individual help
to them would be wonderful -

I will send you a local
paper, give you some idea of it.

The Queen is expected on the
site today - I think our Royalty
are wonderful folk -

will write later on to you & return
you the family sheet - am afraid
good bit of it will be vague.
Again thanking you for your
prayers & thoughts -
Affy best wishes to you & the family.

Eileen.

Dear Cousin David

Here are a few snaps of the family - if you can sort us out - my son Alan graduated this year in Dublin Uni as a Ba-Engineer - & now has a job in Southampton.

Martin is in a local factory, nothing very special -

I had a letter from Kathleen this week, I must say, Lois & Bob are very very kind to her, & she is enjoying herself in America.

It is a great comfort to me to know she has folk really interested in her - This is a short letter wishing yourself & all the family the very best.

Love Eileen.

P.S. Best I can do with enclosed form.

Please return to David Wetherilge

Dear David + Elizabeth —

May Elizabeth's book be a great success — it is a dreadful way how the Indians have been treated, by the so called, rulers of justice — just verbal service they pay — after all, it was their country + home.

The cruelty is dreadful in every country, man seems intent on distroying + killing all over the world

The greatest evil is communism its like cancer, I say, its the devil's own invention — the poor Polish people are suffering, even worse treatment than with the natzis —

I wonder if there is any hope for mankind —

The Vietnam war, is such a useless waste of young americans, + its so difficult to get the correct angle on whats it all for.

If only the heads, the top brass themselves, had to fight, leave the masses out, they would soon be around a conference table, wether it was a long, oval or round table to talk from —

We leave inquiries too late, too find out about our relations

I remember my mother + father having letters from Uncle Bill Wetheridge, they all seem so remote to me then + thats how it is with our own children now, they know little about their grandparents, + so it goes on —

CHRISTMAS GREETINGS

and all Good Wishes for your

happiness throughout the NEW YEAR

Well hope you will all have a happy Xmas + good year —

Eileen + Bill

Dear Eileen, Bill & Family,

Just a note to add that we're planning a trip to Britain next summer. I've been granted a 12-week study leave. We are looking forward to seeing you and our other relatives, as well as traveling in England, Wales, and Scotland.

I want to study the ecumenical situation there, so I'll be visiting various local councils of churches. I think we'll be spending a few weeks doing independent study at some university library, probably the University of Exeter.

When our plans are more definite, we'll let you know.

Love,

David & Elizabeth

Dear Eileen and Bill:

Well, our plans for this summer are coming along very well, and in less than a month we'll be on our way to England. We are looking forward to being there with great anticipation.

We'll be coming on a charter flight non-stop from Minneapolis to London, leaving here June 15 and arriving there June 16. We'll be in the London area until July 7.

For the first few days we'll be with a distant relative on the Witheridge side, Mrs. Roy Cook. Then from June 21 to 24 there is a Conference of Ecumenical Officers from all over Great Britain at a conference center called High Leigh, near the town of Hoddesdon. This will give us a chance to meet many people who do the same kind of work we do.

Then, we'll be spending a week and a half in London at the University of London and the British Council of Churches. We'll stay at a place called Lee Abbey International Students' Club, 27 Courtfield Gardens, London SW5 OPQ.

From July 8 to August 7 we'll be driving a rented car through England, Scotland, and Wales visiting local councils of churches and talking over how they do things in comparison with what we do in Minneapolis. We'll be arriving in Wales about July 29, and we'll have until August 3 to do the many things we have planned.

Besides a few church contacts, we mainly want to visit relatives in Wales. In addition to you and the Roberts on the Allen side, we have a number of relatives on the Witheridge side we want to contact in Pembroke, Swansea, Aberdare, and Newport.

It looks as though Saturday, July 31, and Sunday, August 1, would be the best time to be in Ynysybwl and Merthyr Tydfil. How does that sound to you? If you don't have room for us to stay overnight with you, I'm sure there are places in town where we can stay. We do so want to meet you and get acquainted.

We hope to hear from you before we leave for Britain, but in case we don't, I'll give you the address of the Cooks. They will know where we are staying and where we can be reached throughout the summer: Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA.

Love to all,

David + Elizabeth

Dear Elizabeth –

Many thanks for the picture, that was quick to have them printed -- We lokk fairly well I think –

I have been very busy this last week – my son Alan + friend has been here staying, thats the boy in Dublin; we seem to be squashed up in this house, its too small

Hobe you are enjoying your visit You must be tired, with so much travelling, we dont move around much here so it amazes us, the speed you folk do –

You will have seen a selection of relations by now; hope you find them fairly satisfactory –

Cheerio love
Eileen

(On back of Christmas letter)

Dec. 1974

Dear Eileen, Bill, Kathleen, Alan, + Martin:

We hope you'll all be able to be together at Christmas. We think our Tom will be home from Chicago, so we'll all be together.

How much we would love to meet all of you! I can't remember if Jennifer said whether she and Dick were with you last year, but I imagine they were.

Alan and Martin are not far in age from our two sons, Jim and Tom. At the moment they are both 27, but the day after Christmas Jim will become 28.

Last summer we were finally able to visit Ed and Margaret out in Port Townsend, Washington (about 2,000 miles from here). We also were delighted that Ed's son Robert and Robert's wife Lois were there at the same time we were, and we all had a grand time.

Some years ago I had the following address for your brother Roy, Eileen. I don't think I ever wrote to him, but I'd like to. If this isn't the right address, please let me know: Roydon C. Allen, 55 Crowland Ave., Hayes, Middlesex.

Love + best wishes,

Dave + Elizabeth

Dear Davis and Elizabeth,

Our holiday in Durham is up to all expectations – College accommodation and food good, and the arranged coach trips excellently organised. One of my lifetime's ambitions was to visit Iona, off Western Scotland, which we did several years ago, and Holy Island, off N.E. England coast. We went to Holy Island on Tuesday and were greatly impressed. We have also visited a famous museum commenced by an ancestor of the Queen Mother, castles (of which there are dozens in this region, built to withstand invaders) the Roman wall across England and the Yorkshire Dales.

Roads up here are very quiet and tourists few, and the weather averaging 65° is much better than the 85° heatwave we've had at home for a fortnight. I don't like heat. We've even looked at Census reels in the Reference Library trying to find g.g. grandfather of one of Ruth's colleagues!! Unsuccessfully.

All for now, hope you like these pictures. Love, Ted, Marjorie & Ruth.

Combe Martin
North Devon EX34 OHE

Dear William,

As Elizabeth and I look back on our evening get-together in Combe Martin last May, we have many fond memories. After three visits to Britain we have come to love that part of Devon. As you perhaps are aware, my ancestors lived in Berrynarbor and Combe Martin over 300 years that I know about, and no doubt much longer than that.

Many things have prevented my writing to you, but here I am at last. As you see, I am enclosing two of the pictures I took at our gathering, and I hope they will be a pleasant reminder of that occasion.

I don't have enough information about your ancestry to know if or how we might be related. If some of your ancestors also lived in Combe Martin over a long period of time, I have an idea that we are somehow related. I have twenty family lines going back into that area.

My notes from our trip there in 1980 indicate that two of your family lines are Burgess and Willis. These familie are not part of my ancestry, but several of my relatives married into them, so I have relatives from these lines.

When Una Stock was giving me the information abou her ancestry, she sent me an abbreviated Burgess chart that showed Eliza Jane Burgess who married James Passmore, Is that the Passmore from which you are descended? I'd appreciate receiving some information about your Burgess and Passmore connections.

The only Willis connection I have is the Robert Willis who married Wilmot Witheridge, a distant relative of mine, about 1730. I understand that they are ancestors of Michael Beaumont. Is that Robert Willis an ancestor or relative of yours?

I see by my 1980 notes that you have a cousin who teaches at Northwestern University. Our son Tom and his wife Virginia, who live in Chicago, both received their Ph.D.'s from Northwestern about a year ago. They are psychiatric social workers, and they both work for a psycho-social rehabilitation center called Thresholds.

[Private information redacted]

Now I must close, and I look forward to hearing from you.

Sincerely,
David E. Witheridge

Dear Uncle George:

For many months I have wanted to write to you, but this has been a very busy time. Now, with these pictures, I have an urgent reason to do so.

[The pictures were not in the file.]

When Father died two years ago, I suddenly became aware of how little I know about either his family or Mother's. I decided to compile all I could in the nature of family history and have adopted this genealogical project as a kind of hobby. This is a slow process, but I have learned a lot in the last two years.

In working on the Allen line, I have been corresponding with Arthur Allen. In September, when we were out East, we were able to stop at his house and have a good conversation with him and his second wife. He gave me some of these pictures, and recently he sent me the others.

I have to send most of the originals back to him, but I have made copy negatives and additional prints. The trouble is, he and I do not know who all the people are in the pictures. Here is where we should like some help from you!

As indicated, some of these pictures I have to send back to Arthur Allen, some are for you to keep, and some I want back with the names of those pictured. I hope you will be able to identify everyone.

I am also enclosing a picture of our family taken about a year ago. Jim is now studying at the University of Minnesota, and Tom is at Oberlin College, Oberlin, Ohio

Since I don't recall ever having written to you, I probably should tell you that I have been the Executive Secretary of the Greater Minneapolis Council of Churches for the last 14½ years. Perhaps you have heard this from Father or from Uncle Ed. My wife was Elizabeth Plumb, who also grew up in the First Baptist Church of Saginaw. You may have known her, or at least her aunt, Alberta Plumb, who still lives in Saginaw.

[See George's section in folder 1.63t]

One day some years ago we got a letter from Alberta saying she had been watching TV and suddenly found they were featuring a George Witheridge on a "This is your life" kind of program. She was sure it was you, because he was a florist. I certainly wish we had seen it!

[Esther Duda, George's daughter]

I hope we have the proper address for you. Please give me Esther's address, as I'd like to get in touch with her, too. I hope your health is good. If you have a snapshot, I'd be delighted to receive one.

Yours sincerely,

A little light on the subject.

**IRRIGATING A DATE ORCHARD, CALIFORNIA**

In the Coachella Valley thousands of majestic date palms are grown, with "rainfall by telephone" through systems of dams and canals in this garden spot of the desert. Date palms bear fruit from 6 to 100 years, are pollinated by hand and picked several times a year. Millions of pounds are shipped annually and the Date Festival with its gay Arabian costumes attracts thousands of visitors to this "Arabia of America."

Dear Mr. Witheridge,

We were most interested to read of your connections with Combe Martin, in a recent Parish Magazine, and hope you will hear from several local people who bear the family names you mention.

P. Ralph Page
2927 Harris Ave
Key West Fla

– is my mother's cousin on the Ley side of the family. He is 86 and knows it
Combe Martin well.
m

We have not thus far researched our family tree (though it would probably be relatively easy to do so) but my immediate background is through my paternal grandmother, who was born Emma Witheridge, and my mother, who was born Esther Daisy Ley. We believe the Witheridges may have come to Combe Martin to work in the old Silver Mine; the Leys may have been here pre Domesday. There will probably be many other people who share at least two of the family names you mention among their ancestry; for instance, my 2nd cousin Kenneth Norman, will have the same connection with the Witheridges (my great aunt) & his father was William Norman.

We thought you might be interested in this sketch of Witheridge Parish Church; we understand no-one of that name lives there now, but that a Mr. Witheridge from Scotland called there enquiring about his antecedents last year. (Witheridge, as you probably know, lies inland, approximately 30 miles away; the population is 700 – 800, and it is now really a "dormitory" village for Tiverton.) The centre of the village has a large square, and appears to have changed little over the past 80-90 years — but perhaps you have already visited Devon & seen Combe Martin, Berrynarbor & Witheridge?

The Leys were an Anglican (Church of England) family, and down through the centuries,

Copyright: From the Original Pencil Drawing by Kenneth A. Bromley, Bolton, Lancs.

various male members of the family appear in the list of church wardens. My grandmother was a Methodist, and was probably brought up in the former Wesleyan church here. To the best of our knowledge, my grandmother & her sister (Mrs. Parsons & Mrs. Bray) were the last Witheridges to live in Combe Martin, and sadly, my mother is the last member of the Ley family in Combe Martin, bearing that name at birth. With best wishes, Yours sincerely,

Una Parsons

Dear Miss Parsons:

You cannot imagine how happy I was to receive your letter in response to my request in the Combe Martin parish magazine. Yours is the first and only letter I have received so far, though I am hoping to receive some more.

Now my wife Elizabeth and I are planning a two-month trip to Britain beginning August 2nd. We'll be hiring a car for seven weeks and driving through England, Scotland, and Wales. During that time we'll be staying at the University of Exeter for two weeks (August 13-27) and in the Combe Martin vicinity about three days (August 10-13). We do hope to meet you then.

About fifteen years ago after my mother and father had died, I realized that I knew nothing about my ancestry beyond my grandparents. (Now I find that is the situation for most people.) Thus began my interest in genealogy that has continued to the present time.

Over the years I have traced my ancestry back to 1670 in Combe Martin (William Ley) and to 1555 in Berrynarbor (Thomas Witheridge). I am also descended from the other family lines listed in my note in the Parish Magazine. It has gradually dawned upon me that over the centuries my ancestral families frequently intermarried and that I must be in some way related to dozens of people still living in that vicinity. This also means that my relatives have been intimately involved in the history of Combe Martin and Berrynarbor since 1555 and earlier.

I'll tell you briefly about myself and my family. Just recently (January 1st) I retired from my position as executive director of the Greater Minneapolis Council of Churches, which position I had held nearly 29 years. I was ordained as a Baptist minister, and before coming to my last position, I had been a pastor in an Illinois town and before that an assistant minister in Chicago, while studying at the Divinity School of the University of Chicago. I had started my professional career as a heating and ventilating engineer before deciding to enter the ministry.

Elizabeth was a kindergarten teacher before we were married, but more recently has been the author of seven books for children and young people. We have two sons. Jim lives and works here in Minneapolis, and Tom is in Chicago. Neither one is married.

My father (William) was born in Wales and came to America as a young boy with his family. His father (William) and grandfather both were born in Combe Martin, his grandfather having gone to Wales about 1871 to look for employment. My great grandmother, Clara Blackmore (Mrs. John Witheridge), was also born in Combe Martin.

John Witheridge (my great grandfather) had two brothers who appear to have remained in Combe Martin: Edwin and William John. I have been in contact with the descendants of William John, who now live further south in Devon at West Buckland.

In fact, we visited England four years ago and met these Witheridge relatives when we came to Devon. We also briefly visited Combe Martin, Berrynarbor, and Witheridge. (We loved your note paper with the picture of the Witheridge church and want to get some when we're there.) We did considerable research at the Devon Record Office in Exeter that summer.

This time we are making arrangements to spend some time with the parish registers of Combe Martin and Berrynarbor. We already have an appointment, through Mrs. Betty Davis, to use the Berrynarbor registers on Monday, August 11, and we hope to see the Combe Martin registers on Tuesday or Wednesday of that week. We have written to Mr. L. M. Crang about this, at the suggestion of the Rev. James N. Johnson, but we haven't heard from him yet.

When my grandparents returned to England and Wales for a visit about 1910, they were told that the King's Arms Hotel (Pack of Cards) was in some way connected with, or belonged to, relatives of our family. I have a picture of the hotel they brought home at that time. I've been trying to find out if that hotel is still operating, and now the Head Librarian at the North Devon Athenaeum in Barnstaple tells me that it is. It would be fun to stay there at least a night if it is a comfortable and respectable place, but we need some advice on that. Is it a place you would recommend for an overnight stay or meals? We have also been asking for suggestions on small bed and breakfast places in that vicinity.

Now, you are no doubt wondering, as we are, how you and we are related. I'm sure we must be, perhaps through both the Witheridge and Ley families, and I believe we'll eventually figure it out. For the present I suppose we can just say we're distant cousins.

I hope you will now be encouraged to begin your own genealogical search that will finally lead to the connection between us. I'm enclosing the type of sheet I use for tracing family connections, and I'd suggest that you fill in as much of these as you can for a beginning. Then perhaps you will want to get similar information for further generations back, and we can compare notes when we come.

In your letter you use "we," but you do not say who else is in your family. Do you live with your mother, and are there other living relatives? Elizabeth and I are looking forward very much to meeting you and your family. Would there be a convenient time between Sunday evening, August 10, and Wednesday noon August 13? If not, perhaps we could drive over from Exeter some day while we're there.

Does Kenneth Norman live in Combe Martin? Perhaps we'll be able to meet him, too, when we're there and talk about our Norman ancestry. All I really know about that so far is that one of my ancestors, Jane Norman, married John Witheridge about 1620. She was born in Berrynarbor in 1589 and was the daughter of George and Thomasin Norman.

This has turned into quite an epistle, and I hope it will be the beginning of some interesting relationships. Thank you very much for responding to my note in the Parish Magazine.

Yours sincerely,

David E. Witheridge

P.S. When we arrive in England on August 3rd, we'll be staying several days in Surrey with a distant Witheridge relative. She is Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. That will be a sort of permanent address for us in England, as she will always know how to reach us or forward mail.

D.E.W.

Dear Mr. Witheridge,

Thank you for your letter which was waiting for me at home at the weekend. In fact, I spend the weekends with my elderly parents at C. Martin, and all being well, will return to live with them there when I retire – probably/possibly in about a year's time.

I'm in social work (Divisional Director of Social Services for the Torridge-side Division) and have a rented flat in Bideford. Bideford is a lovely old town on the Torridge estuary or perhaps you have been here on your previous visit?

Our immediate family consists of my father, Herbert Parsons (son of Emma, née Witheridge) and he will be 88 in Sept; my mother Esther Daisy, daughter of Walter John Ley, and she will be 86 in Sept;

I come next –

Son Max(well), born in 1922 – in the N. Devon Ambulance control Barnstaple
His wife Marjorie, née Hamish
1) Ian Electronic Engineer married to Ann (expecting first baby in Oct.) lives near Plymouth
2) Howard – Engineer –
3) Christopher – Apprentice Engineer } still at home

Son Terence Roy, born in 1926 –
Captain – Mercantile Marine
Wife Gay (from N. Zealand, but her grandfather emigrated from Plymouth)
– their home is now at Exeter.
Roy's family:–
1) Lorraine, married to Stephen Marks. they live at Thorpe le Soken, in north-east Essex, and have 2 sons – Geoffrey ~~Travis~~ Stephen Ley (8yrs)
Simon Kenneth Roy (6yrs)
2) Robyn, married to Andrew Connett – lives at Exeter. Daughter Nicola (5yrs) son Richard – 3 in Oct.

3) Son Geoffrey Travis Ley, aged 20 – training in Radiography at the East Birmingham Hospital.

---

You'll notice the Ley connection has been continued — were very sad none of the name actually lives in C. Martin now.

The Leys were a seafaring family, and my great aunt Henrietta who lived in Marine Cottage until her death, told me as a child that the family had lived there for 400 years, so it must be getting on towards 500 yrs now. Unfortunately, the deeds were lost by an old family solicitor.

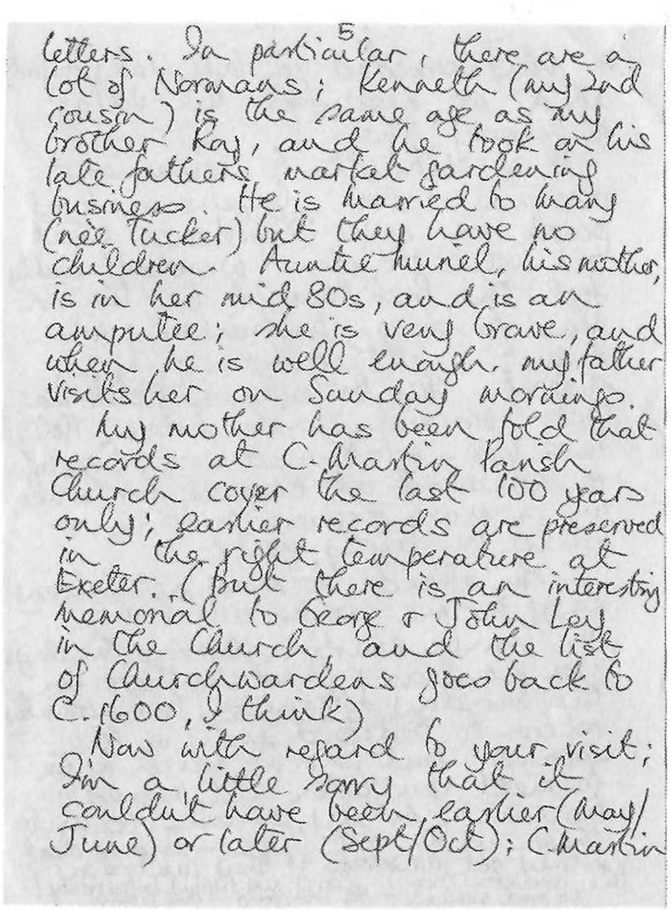
My great grandparents on the Ley side were Captain John Cutcliffe Ley, and Mary Ley (née Burgess); on the Parsons/Witheridge side they were John Witheridge and Mary Ann Witheridge (née Burgess) — so the Burgess connection is prominent.

The Pack of Cards was built by George Ley (c. 1715 I think), to celebrate

a large win at cards! — but he (or another George) endowed a charitable fund for the education of poor children, so his reputation was not wholly disreputable! — I've never actually checked whether we are directly descended from him, but must try to do so sometime (perhaps when I retire!)

My great aunt had in her possession a little booklet, written by the scholarly wife of a one-time Rector, & entitled "Notes on Combe Martin"; my mother now treasures this, and we will be pleased to show it to you. Incidentally, an article based on my mothers reminiscences of growing up in C-Martin was published in the Devon Historian, Oct 79 — and I expect you would find that interesting, too.

As you say, there must be many people living in the area, who are related to you. I do hope you will receive some more

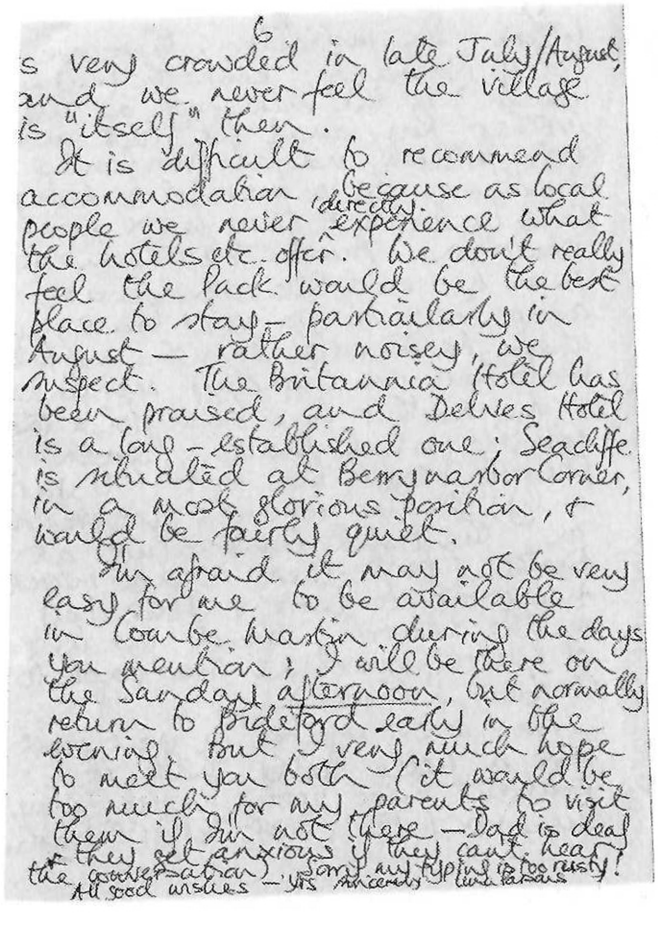


5

letters. In particular, there are a lot of Normans; Kenneth (my 2nd cousin) is the same age as my brother Ray, and he took on his late father's market gardening business. He is married to Mary (née Tucker) but they have no children. Auntie Muriel, his mother, is in her mid 80s, and is an amputee; she is very brave, and when he is well enough, my father visits her on Sunday mornings.

My mother has been told that records at C-Martin Parish Church cover the last 100 years only; earlier records are preserved in the right temperature at Exeter. (But there is an interesting memorial to George & John Ley in the Church, and the list of Churchwardens goes back to C.1600, I think)

Now with regard to your visit; I'm a little sorry that it couldn't have been earlier (May/June) or later (Sept/Oct); C.Martin



6

is very crowded in late July/August, and we never feel the village is "itself" then.

It is difficult to recommend accommodation because as local people we never (directly) experience what the hotels etc. offer. We don't really feel the Pack would be the best place to stay — particularly in August — rather noisey, we suspect. The Britannia Hotel has been praised, and Delves Hotel is a long-established one; Seacliffe is situated at Berrynarbor Corner, in a most glorious position, & would be fairly quiet.

I'm afraid it may not be very easy for me to be available in Combe Martin during the days you mention; I will be there on the Sunday afternoon, but normally return to Bideford early in the evening. But I very much hope to meet you both (it would be too much for my parents to visit them if I'm not there — Dad is deaf & they get anxious if they can't hear the conversation). Sorry my typing is too rusty!

All good wishes — Yrs sincerely

[1980 trip plans]

July 20, 1980

Dear Una:

Thank you for your letter of July 7th with all its fascinating information. We certainly do want to get together with you in Combe Martin, and I'm sure we can work it out.

On Saturday night and Sunday morning, August 9 and 10, we'll be in Salisbury. We hope to leave there by about 1:30 p.m. on Sunday, which should get us to Combe Martin by about 4:30. If we come to your house soon thereafter, we should have an hour or so together before you have to return to Bideford.

We have booked a room with Mrs. A. Prater at The Lodge in Berrynarbor for the days we'll be in your vicinity. We got her name from Mrs. Betty Davis.

You probably know by now that Miss Gregory showed my letter to you to Myrtle Blackmore, and she wrote me a lovely letter about her Blackmore ancestry. It turns out that her great grandfather and my great grandmother were brother and sister, so Myrtle and I are third cousins.

Since you can only see us during the late afternoon, we suggested to Myrtle that we try to see her on Sunday evening. If that doesn't work out, we can possibly see her on Monday evening. Thank you for initiating this contact.

Now you'll be interested to know that I have traced your Witheridge ancestry back to your great-great-great-great grandparents, Thomas Witheridge and Mary Howe, who were married February 28, 1775, in Berrynarbor. I have the records from the 1841 and 1851 Censuses, as well as Parish Register information. At this point I still don't know how we are related, but I'm sure we must be, as my own Witheridge ancestry goes back to an earlier Thomas Witheridge in Berrynarbor in 1555. I'll bring all these sheets with me when we come.

We'll also enjoy reading the booklet and article you mentioned about former days in Combe Martin. As I said earlier, my ancestors and relatives have been involved in Combe Martin history and events for many centuries!

We still haven't heard anything from Mr. L. M. Crang about the possibility of our seeing the Combe Martin Parish Registers on Tuesday, August 12. If you know him, perhaps you could encourage him to write to us at the Roy Cooks in Sutton, if he hasn't already written.

You should also probably write to us there (81 Ash Road, Sutton, Surrey SM3 9LA) to give us directions to your house and let us know if we can see you on that Sunday afternoon. We'll be with the Cooks through the night of August 8th.

We look forward to meeting you and others of your family in a few weeks.

Yours sincerely,

David E. Witheridge

Monday evening, 11.viii.80

Dear David & Elizabeth,

We were all so pleased to meet you yesterday — it seemed as though we'd known you for ages!

Unfortunately, I haven't been successful with the photo-copying of the marriage certificate, but hope the enclosed will be adequate?

Myrtle phoned today, and I've asked for the use of the St John Ambulance Hall on the evening of Mon, 18 August; we think the room will be available, but I won't have confirmation until tomorrow — if it isn't, we will be able to find an alternative venue. Please will you contact Myrtle or me at the weekend, so that we can let you know the final arrangements? — it is possible that only a handful of people will turn up, but we'll hope for more!

I do hope you gain access to the C.M. registers without too much difficulty tomorrow —

All good wishes,
Una.

3. VIII. 80

Dear David & Elizabeth,

By the time you read this, we hope you will have had a pleasant flight, and be all set for an enjoyable visit to the United Kingdom.

I wonder if "your ears" have been burning today? — as there have been many conversations about your visit "home".

Norah Gregory, Myrtle Blackmore and I are all old friends; Norah was born in C. Martin (I think) but does not hail from a local family, but local history is her great

interest, and it was she who wrote up my mother's reminiscences for the Devon Historian. We haven't (the three of us) had an opportunity to meet since our correspondence with you, but Myrtle & I spoke over the phone on Friday, and I've seen Norah today.

What we have planned is that Norah will come to Marine Cottage as soon as she is free on Sunday afternoon to meet you, and she will later take you to Myrtle's house. (Myrtle is somewhat tied up with Church matters, as the Baptist minister has concluded his ministry today.)

At Marine Cottage, tea (sandwiches, cake etc.) will be waiting for you, so that we can make the best of the time available.

A post card of C. M. harbour is

enclosed, and on the back is a rough diagram. I think you will be able to find a parking space next Sunday (the car park at the harbour has been very full today) but if you aren't able to get in, the Glen Lyn Garage in the main street has parking facilities.

Marine Cottage lies alongside the harbour car park, on the harbour side; just walk a few steps down the narrow little street to the harbour behind Redwood Café, towards the Focsle & Anchor Bars, and on the right you will find a little iron gate, leading into a cobble-stone courtyard; there are 2 doors, but it isn't (and never was) two cottages — just a long Devon house; the walls are white and woodwork painted black.

The telephone no. of Marine Cottage is Combe Martin 3513, but my

parents don't hear telephone conversations very well, so we ask people to try to telephone when they expect I'll be at home.

Some very good news about Myrtle, which I suspect she will not tell you herself, is that she went to Buckingham Palace to receive the MBE on Wed (30 July) — perhaps you can persuade her to show it to you!

Norah thinks Mr. Craig may have been thinking of another visitor, from Australia, who wants to consult the parish registers; we think the best thing to do is to give you Mr. Craig's address & phone no. — Combe Martin 3337; the address is Three Steps, Berrynarbor (on the main C.M.—Ilfracombe road; near the Onahill Garage)

It is always possible, but rarely happens, that I have to return unexpectedly to Bideford because of some emergency work-wise; let us hope nothing like this happens next Sunday!

Just in case you are held up en route, I will be prepared to remain at Combe Martin rather later - but if you are likely to be very delayed, say, later than 6-30 pm., and can find a telephone, it would be helpful if you could just let us know.

We are all extremely interested in your researches, and greatly look forward to meeting you both —

All good wishes -

Una (Parsons)

My Bideford phone no. is Bid. 5124

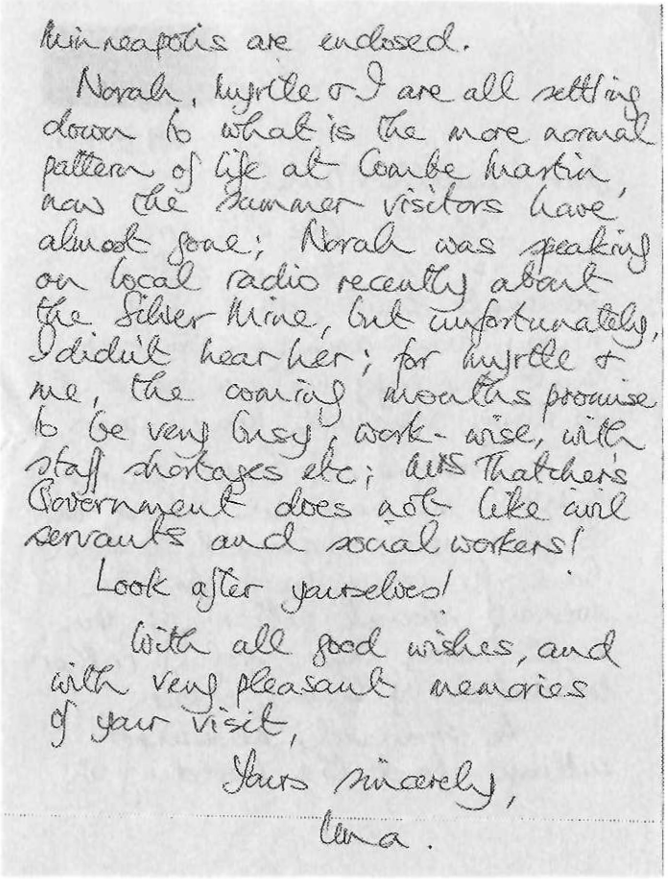
Dear Elizabeth & David,

I do hope this will arrive in time to wish you a safe & pleasant flight, and very happy home-coming — I'm sure that the boys will be so glad to have you back home again.

Everyone at Combe Martin enjoyed meeting you, and were so glad you managed to find time to come back for the evening special gathering; you must have been feeling rather exhausted by then, I fear.

As promised, newspaper cuttings about the wedding in



Minneapolis are enclosed.

Norah, Myrtle & I are all settling down to what is the more normal pattern of life at Combe Martin, now the Summer visitors have almost gone; Norah was speaking on local radio recently about the Silver Mine, but unfortunately, I didn't hear her; for Myrtle & me, the coming months promise to be very busy, work-wise, with staff shortages etc; Mrs Thatcher's Government does not like civil servants and social workers!

Look after yourselves!

With all good wishes, and with very pleasant memories of your visit,

Yours sincerely,

Una.

## Marriages

**DANIELSON—KEATINGS.** — On July 12th at St. Paul's Episcopal Church, Minneapolis, U.S.A. Ethan Ancil, younger son of Mr. Robert F. and Mrs. Theodora Danielson of Minneapolis and Ruth Elizabeth Jane, elder daughter of Dr. and Mrs. Hugh Keatings, Grove Hill, Victoria Road, Barnstaple.

# DOCTOR'S DAUGHTER MARRIED

A BARNSTAPLE doctor's daughter has been married in Minneapolis.

The bride, Miss Ruth Keatings is the daughter of Dr. and Mrs. Hugh Keatings. She married Mr. Ethan Ancil Danielson, younger son of Mr. and Mrs. Robert Danielson, of Minneapolis.

Both bride and bridegroom are engaged in post-graduate work at the University of Minnesota.

The wedding took place at St. Paul's Episcopal Church and was conducted by the rector, the Rev. Mackie Goodman. Mr. Damon Danielson, brother of the bridegroom, was best man and the bride was attended by her sister, Fiona.

# Editor's Note

The two-page document that follows, number CM38, shows the people (with their various family lines checked) who attended the August 18, 1980, gathering at the St. John's Ambulance Hall in either Barnstaple or Combe Martin — the correspondence is unclear on that point. The gathering was organized by Una Parsons, Norah Gregory, and Myrtle Blackmore during Dad and Mom's second visit to Britain.

This kind gesture was very helpful in Dad's efforts to contact living relatives and learn more about his roots in North Devon. I'm not positive, but this looks like it might have been a "sign-in sheet" created by Una and later annotated by Dad.

December 1, 1980

Dear Una:

It hardly seems possible that two months have passed by since we completed our delightful stay in Britain. I should have written much earlier, but there were so many things to do after we got home, that I just couldn't get to it. At any rate, I wanted to wait until we had those prints made from our slides, so I could send them to you.

One of the high points of our trip was meeting and being with you and your family and all the others in Combe Martin and Berrynarbor. That area and its people seem so much more a part of us now than ever before. Thank you again for your very warm hospitality!

We are certainly happy to have all these pictures, and we hope you will enjoy them, too. They mean more to us, no doubt, than they will to you and the others there. I'm sending copies only to you, and you can show them to the others as you have time. If anyone wants additional copies, let me know, and I'll have them made.

I've put the names as I have them on the backs of the pictures, and I'd like you to look them over and tell me if I've made any mistakes. As I have time, I'll be writing to different ones about my connection with the family name or names they have listed.

Up to now I haven't had time to do much serious work on genealogy since we got home, but I hope to get started on that in the near future.

Our son Tom was home from Chicago over the long Thanksgiving Day weekend just ended, and he had his girl friend Virginia with him. They are both working on their Ph.D.'s in counseling psychology at Northwestern University. It sounds as though they have about a year and a half to go.

Give our greetings to your mother and father. We look forward to hearing from you, and we hope you are all well.

Yours sincerely,

David + Elizabeth

Dear Una:

I'm delighted to say that I think I've figured out how you and I are related! I can't be absolutely sure, because I've made one conjecture that I haven't yet confirmed. But if I'm right, I'm your seventh cousin once removed! In other words, your father and I are seventh cousins, and you and our sons are eighth cousins.

I know I told you last summer that I had traced your ancestry back to Thomas Witheridge and Mary Howe, who were married in Berrynarbor in 1775, but I don't know whether or not I gave you any of the corroborating information. When I get around to it, I'm going to Xerox my record sheets and send you copies, even though they are still in many ways incomplete. That will take a little time, however, so I'll give you a brief account right now.

The way I happened to find the connection between our families is this. The Mormons (Latter Day Saints), as you may know, have a tremendous microfilm library of parish registers, census records, and other genealogical materials in Salt Lake City, Utah. All over the country, and in fact around the world, they have branch libraries where one can order these materials sent for a small fee.

I sent for a copy of their computer printout of the East Down parish register, because that is adjacent to Berrynarbor. When it came, I discovered that there was only one Witheridge family recorded there, but it happened to be the family of your ancestor, Thomas Witheridge, who married Mary Howe. That is, the baptism of Thomas Witheridge was shown as Nov. 27, 1751, and his parents were John and Mary Witheridge. They had two other children in East Down: Mary in 1749 and John in 1754. Later John and Mary had two children in Berrynarbor: William in 1756 and Wilmot in 1759.

Since this was the only Witheridge family in East Down, I figure they had come from somewhere nearby. Since they later went to Berrynarbor, I have concluded that John was the John Witheridge who was baptized in Berrynarbor on Mar. 6, 1715/6, the son of another John Witheridge, who in turn was the first son of Thomas Witheridge and Mary Sherman. I descend from William, another son of Thomas and Mary. From there on back, we both stem from Thomas Witheridge, who was baptized in Berrynarbor on Feb. 12, 1554/5, and married Joan Mogridge in Berrynarbor on Oct. 8, 1580.

I'm relatively certain that I have pieced this together correctly, but I'll be more firmly convinced when I find the marriage of John and Mary Witheridge of East Down (your great-great-great-great-great-great grandparents). So far, this marriage hasn't turned up in East Down, Berrynarbor, or Combe Martin; but Mary may have lived elsewhere, and the marriage probably was performed in her parish. At any rate, until I discover something contradictory, I'm going to consider you my seventh cousin once removed. Later I'm hoping we'll find our Ley connection.

Edith Norman may have told you that I made contact with her relative, James A. Norman, in California. He sent me the information about his ancestry, and I have been working on that, but haven't figured out yet how we are related.

You told me that Kenneth Norman is your second cousin, but you didn't tell me if or how Kenneth and Edith are related. What is Kenneth's address? I think I'd like to write to him some time.

You said that Kenneth's mother was Muriel Bray, whose mother was a Witheridge. What was her first name, and what was the first name of her husband, Mr. Bray?

So much for family relationships. We hope you and your parents have been having a good winter, both in terms of health and in terms of all your many goals and desires. We are very happy we were able to visit Combe Martin, Berrynarbor, and the North Devon vicinity so we can visualize the area and all you wonderful people. Being there was a treat, and we think of you often.

Our winter has been unusual. Only now are we starting to have the kind of snow and cold that are normal here for this time of the year. We may be in for some bad weather ahead, but with winter half over already, it can't hurt us too much in the future.

Many of us in America are holding our fingers crossed, wondering how the Reagan administration is going to work out. Elizabeth and I happen to disagree with most of President Reagan's policies, and in any case we feel his proposed solutions are too simplistic. Only time will tell. Fortunately, our country has considerable resiliency, so we're hoping that too much damage will not be done.

One of our great pleasures these days is our Norwegian Elkhound, Rokk. He was one year old on January 20, and he is developing into a most satisfying companion, as well as a goodwatch dog. He is handsome, intelligent, playful, and loving. What more could one ask? we have a large fenced-in yard, so he gets plenty of exercise; and every evening before retiring I get my exercise by walking him around the block.

Practically every week Elizabeth has an engagement or two speaking to children in schools about writing books. She has done this for many years and is very adept at it because of her great rapport with the children, built on many years of successful teaching.

I must close for now. Please give our love to your mother and father, and keep a great deal for yourself.

Most affectionately,

Dear Elizabeth & David,

I am so very sorry not to have written sooner, to thank you for your letter at Christmas and the snapshots enclosed! — they have been circulating around the various people in the photographs ever since, & in fact, only returned to me last Sunday. They have caused much interest & some amusement! I think Winifred & Douglas Stock & Edith Norman may still not have seen them, & I'll try to rectify this as soon as possible. You had the identifications absolutely correctly! — We ALL enjoyed that evening so much; it really was so pleasant to have you with us & many of us felt we had known you for a life time.

And now thank you for your most recent letter, and the information about our Witheridge connection! — isn't it interesting! — I've been absent from Church for 3 Sundays, unfortunately, but hope to be there next week, & to show the letter to Mavis (Pegler) — my cousin, and Ken Norman; his address is BRIDGELANDS, VICTORIA STREET, COMBE MARTIN etc — (in fact, that is Auntie Muriel's (his mother) address — I don't know Ken's & his name isn't in the telephone directory — but he works from Bridgelands).

We have been having a rather unusually busy time over the past few months — sickness, then rather major events in the unexpected redundancy of my sea-captain brother, Roy, & the last few days, a complete change of direction for me – I was planning to retire in June, but there is apparently a penalty clause of which I was unaware in my contract, & so now I am not retiring! (I was hoping Norah would guide me to research the LEY family back as far as George, the builder of the Pack o' Cards folly!! – but it will have to wait!) This isn't a proper reply to your letters, just an acknowledgement. Very best wishes to you all Una

Dear Elizabeth and David,

Rather belatedly, a happy new year to you all !

I seem temporarily to have mislaid your last letter, but in it you particularly asked about research at the Devon Records Office in Exeter. I am very sorry to disappoint you, but the family living there don't feel able to help in this way; Robbie is interested, but has her hands rather full with her young family, and her Playgroup.

I ~~s~~ought Norah's advice, and she recommended an approach to the Archivist at the Records Office, and I'm enclosing the reply received today. I do hope that someone on the list will be suitable for what you have in mind.

How are you all keeping? - well, I hope. Are you getting on with plans for the wedding now?

Iknow you will be very sorry to hear that Douglas Stock is probably incurably ill, with cancer. He had what was thought to be a severe stroke, but it appears to have been some type of brain tumour; he underwent brain surgery and although we all hope and pray he will survive, he seems to be deteriorating. Poor Winifred! They are a very self-contained, inseparable couple, and it is impossible to visualise her without him.

Since Christmas, we've had (for us) some very severe weather, with snow blocking our hilly roads, and causing electricity cuts and telephone breakdowns; my parents managed somehow to survive with the support of neighbours, but they have been affected psychologically More recently, flood water has seeped into Marine Cottage from the adjacent car park, saturating carpets etc. in three of the downstair rooms, and this has caused them real distress. We have had to consult an Architect, as the Parish Council, who own the car park, don't seem able to understand the problem. Hopefully, some satisfactory solution will be found soon.

My own immediate future remains uncertain; the County Council offered the possibliity of redundancy as from the end of March, but have now installed consultants to advise on a revised structure for Social Services, so everything is 'frozen'. It is particularly hard for Mum and Dad who are finding it very hard to cope without more support from me. They will be 88 and 90 in September.

Apart from the foregoing, life continues much as usual; we are particularly busy professionally, with an increased volume of worrying childcare and mental health work. Personally, I am sure people are starved of a living faith.

I am afraid my typing has become very 'rusty' - my apologies for it!

With love and best wishes from us all to you all,

Yours,

Una

## PROFESSIONAL RECORD SEARCHERS

Members of staff are not available to undertake genealogical research on behalf of enquirers. The following record agents and genealogists are known to be working in Devon. All are members of the Devon and Cornwall Record Society and familiar with record offices and libraries in the County. It is not possible for staff to recommend particular searchers and fees should be negotiated directly with the searcher.

Dear Elizabeth & David,

In your last letter, you were waiting to find someone to undertake some research for you — I was sorry none in the family felt able to help, but do hope the suggestions from the Archivist at the Devon Records Office were useful.

We have been thinking of you all especially during the past few months, and wondering about the wedding; do hope it was a very happy occasion! — I even wondered whether the newlyweds would include a visit to N. Devon on their honeymoon trip!

Do hope you are both well?

We have had quite a lot of sadness since we were last in touch — not in the immediate family, but among close friends. You know about Douglas Stock, of course; Ken Norman's mother, (Aunt) Muriel Norman (née Bray, daughter of Annie Witheridge) died in June; I suppose she was my ?, 2nd cousin, but belonged to our parents' generation. Our church was packed for her funeral. We've also lost a very old family friend, known to me as Auntie Winnie; I don't think you met her; she was my Sunday School teacher and a very dear and special friend. Sorry this is all so sad!

Mum & Dad have "had ups & downs", but at the moment, are both fairly well; they will be 88 & 90 respectively on Sept 10th.

Norah continues with all her local history interests, & Myrtle is apparently counting the days to her retirement! (She will be 60 on Guy Fawkes' Day – Nov 5th). Retirement for me is still uncertain! Our present government doesn't like social workers, & even more financial cuts are expected shortly, so I think they must release me soon – by the end of the year, surely? Meanwhile, we're very busy, so there's plenty to do. All good wishes & love to you both, Una

August 28, 1982

Dear Una,

Your recent letter was very welcome, and it spurred me into checking my files. I was shocked to find that, as far as I can tell, I have not written to you since last December. This has been an especially hectic year, but that is no excuse for neglecting you so long. I'm sure you know that we think of you frequently, as we know you think of us. From now on, I'll try to do better at corresponding.

The wedding was a great success and a happy occasion. Tom said it was everything he had hoped for, and he hoped we felt the same way--and we did. It was really a simple wedding--only about 50 at the ceremony, mostly relatives. I conducted the service, as you probably know, and it was held at the Womans Club in Evanston, a suburb of Chicago. The service was at 5:00 p.m. followed by a dinner right there; and then about 150 of their friends came in at 8:00 for a reception.

Since they are so busy in their work, Tom and Virginia took only a few days off for a honeymoon to an old Mississippi River town in western Illinois. Now they are busily engaged in buying a house in one of the older parts of Chicago that is in the process of restoration. They were very lucky to find one they could afford, and now they are hoping to move in within the next month or so.

We thought you'd enjoy seeing this picture. It shows my sister Louise and her husband Jim and their daughter Jennifer, along with Virginia and Tom.

Not long after the wedding Elizabeth and I started out on a 3½-week trip east. We began in Wisconsin with a day-long conference of people whose ancestry goes back to Cornwall. (My grandmother Allen's family was from there.) We especially loved our stay in Maryland, where many of Elizabeth's ancestors settled in Colonial days. We visited several of her relatives we had known before, and also met some others for the first time. In Connecticut we spent some time with her first editor and also visited a town where her Plumb ancestors first settled. In Massachusetts we visited places where her Penny and Kendall ancestors lived in Colonial days, and in Vermont we even stayed in an old inn operated by a Kendall who is Elizabeth's fourth cousin once removed--one we had never even known of before this summer.

On our return trip through Ontario we stayed overnight with one of my second cousins, John Adams, and his family, whom we had never met before. As he is also a Witheridge descendant, he is some sort of cousin of yours, too. He and his wife were both born in Wales, and they came to Canada about 20 years ago. They have three lovely daughters. We had been with his sister and her family in Birmingham both times we were in England.

In Michigan we stayed overnight with my sister Louise and her husband Jim (the ones in the picture), then on to Chicago for a couple of nights with Tom and Virginia before returning to Minneapolis. It was 4,500 miles in all! We also obtained a surprising amount of new genealogical material I'll be working on for weeks.

I should have said that one reason I didn't get much done this spring was that I had to have an operation on my hand. For about ten years I had had a slowly growing lipoma on the palm of my right hand, right next to my thumb.

(That's a perfectly benign fatty tumor.) Finally, it got to be a nuisance, so I had it removed by a very excellent orthopedic surgeon. He found a nerve going through it, so he had to cut the nerve and sew it up again with the aid of a magnifying glass! For weeks my hand was immobilized, and even after the splint was off, I couldn't write or do much with my right hand. Now I do almost everything, though there is a slight tingling in my thumb where the nerve is still healing. I never dreamed it would take six months to return to normal.

We were very sad when we heard that Douglas Stock had died. I had written him in September about our possible family connections, but of course he hadn't replied. After you told us of his deteriorating condition, I wrote again and received a reply from their daughter Una, as you probably have heard. Later she sent me a chart that tied together your family and hers. I'm glad to have made contact with her, and I think she may be able to provide some genealogical information for me from time to time.

As you see, I am enclosing a copy of a will of Richard Ley of Combe Martin dated December 17, 1756. In January I wrote to Mr. C. Brooks, whose address in West Glamorgan your mother had given me, asking what information he and his sister had about their Ley ancestry. He later sent me a copy of this will, from which I made a typed copy, and then I tried to fit the information into my Ley records. With the help of this material I was able to tie together much of the Ley information I had, and I think I have found the connection with my Ley ancestor. However, I still do not have the ancestry of your great grandfather, Capt. John Cutliffe Ley, so I can't tell if he ties into these records or not. Do you know anything about his parents or his birth place and date? Does your mother know how she is related to Mr. C. Brooks? He seemed to imply that he is a descendant of the Richard Ley of the 1756 will. Perhaps Norah told you I wrote to her about the Ley family, but she apparently hasn't found anything significant yet.

In my Witheridge research I have discovered two other Witheridge descendants who are both my relatives and yours; in fact, they are closer relatives to you than they are to me. Quite unexpectedly I got a letter from John James, 6276 Yukon St., Vancouver, B.C., Canada V5Y 3S8, saying he had seen my name in the Directory of Members Interests of the Cornwall Family History Society and wondered if by any chance we were related. I recognized some of the names he gave in his background, and to come right to the point, I eventually found that he is your father's fourth cousin and thus your fourth cousin once removed. I am the sixth cousin of his two grandmothers: Martha Witheridge and Anne Witheridge (sisters).

John James was born in Vancouver, but his father was born in Porthleven, Cornwall, where his branch of the Witheridge family had lived since about 1850. However, John's great-great grandfather, Thomas Witheridge (mar. Jane Thomas), was born in ~~Xerrymxxxbax~~ Ilfracombe in 1808, and Thomas' father, Francis, was born in Berrynarbor in 1782. This Francis was a brother of your great-great grandfather, Martin Witheridge, who was born in Combe Martin in 1798, the son of Thomas Witheridge and Mary Howe. I wish I could take the time to chart this all out, but I can't now. John James didn't say what his occupation is, but he and his wife Pat are very active in their Methodist church in Vancouver.

In the process of tracking down the ancestry of John James, I found that you and he (and I) are also related to a Neil Witheridge we met in Scotland in 1980. At that time we didn't know his ancestry very far back, but through various records I have determined that Neil's grandfather, Jacob Witheridge (born in Ilfracombe in 1850), was a brother of Robert Witheridge, the great grandfather of John James. So John and Neil are second cousins once removed, and you and Neil are fourth cousins. This might sound like a little closer relationship if we said your grandmother, Emma Witheridge, and his grandfather were second cousins and may well have known each other in Combe Martin and Ilfracombe.

Neil Witheridge, a bachelor, teaches in a boys' school in Aberdeen, Scotland, but he lives about fifteen miles away in the old family home in Stonehaven. His address is 31 Victoria St., Stonehaven, Grampian, Scotland. Neil had a brother, Dr. Edmund Witheridge of Stony Stratford, Bucks., who died in 1973. We met his widow in 1976 and their son Robin, an attorney in London, in 1980.

With all that I've been doing, you won't be surprised when I say that I haven't done anything further about research at the Devon Record Office. I did appreciate your sending me the names of persons who can search the records there, but for some time most of my Devon research has been done at the local branch library of the Latter Day Saints (Mormons). I order microfilms from Salt Lake City and can use them at the branch library for six months at a time, if necessary. For example, I used the Berrynarbor Parish Register that way, and also the 1851 Census of Combe Martin. Unfortunately, they do not have the Combe Martin Parish Register on microfilm, and there are many times when I wish I could refer to it easily.

I'm reminded that, in an earlier letter I asked you or your mother if you would tell me how your "Aunt Lizzie Lovering" is related to you and what her Lovering connections are. Rebecca Witheridge, a sister of my great-great-great grandfather, William Witheridge, married Nicholas Lovering in Feb.1747/8.

We're glad to know that your mother and father are fairly well at this time, and we hope they have a good fall and winter this year. We were sorry, though, to hear about the death of Kenneth Norman's mother and the death of your dear friend "Auntie Minnie."

Be sure to give our love to your parents and to Norah and Myrtle when you see them. All of you there are very special to us since we were with you in 1980.

With much love to you,

2.XII.82 [Dec. 2, 1982]

Dear Elizabeth & David,

This comes with very best wishes to you all for Christmas and 1983, from all our family over here.

Thank you for your last letter, David. I'm trying hard to remember the contents, as the letter is at Combe Martin (where it "does the rounds") and I'm 'stuck' in Bideford, recovering from a rather heavy dose of gastric 'flu, which has caused me to take sick leave for the first time (apart from a hospital check-up) since entering social work, over 22 years ago. (I have MUCH to be thankful for, haven't I?)

Mentioning health reminds me that you explained about the trouble you had had with your hand; do hope it is now making very good progress. It must have been very frustrating.

We thought the wedding photos were delightful! Isn't it a great joy to see real family union; I get so concerned when we're trying to help children, professionally, whose backgrounds are completely fragmented — poor little things are so desperately poverty-stricken emotionally.

I think you enquired about LIZZIE LOVERING, and wonder if in fact the person concerned was my great-aunt (eldest daughter of Capt. John Cutcliffe Ley & Mary Burgess Ley): she was christened Elisabeth Ann, & married a William Lovering, who was a cabinetmaker. For a time they lived in Liverpool. I think he must have died young. I always knew her as Auntie Lizzie, who lived at Marine Cottage with our adored Auntie Hetty (HENRIETTA LEY) — who was a character, if ever there was one! She lived into her 90s (Auntie Lizzie), with us.

Love from us all — Una

News in brief: still NOT retired, but very much hoping to be released on redundancy following imminent restructuring of Social Services. Myrtle HAS retired. Mum & Dad still struggling to remain independent. Mum involved with Devon DIALECT Society — are you interested?

Dear Elizabeth & David,

Hopefully, you will already have received a Christmas card; at the time it was posted, I couldn't find your latest letter, so I decided to write separately. Sadly, I have to confess that the letter is put away so safely that it still cannot be found! – I'm so sorry if I fail to reply to any questions you may have asked.

How are you both? – well, & very fit, we sincerely hope, and also that your family continues in good health and happiness.

If there is any reference to Minnesota on the television, we always 'prick up our ears' and wonder if the news item is affecting you – the world does seem to be on our doorstep these days, doesn't it?

My parents are becoming increasingly frail, but mercifully, are both still very alert mentally, and able to get around indoors fairly well. My father is more or less confined to the premises now, but he has become an avid reader – eight (large print) books every week, so the Library has a difficult task in supplying him. Mother managed to attend a 1 day exhibition of old Combe Martin memorabilia in October (she contributed many items) and she greatly enjoyed it. Her memory is so clear, and she was much in demand! You would have enjoyed the exhibition very much. Our friend & neighbour Gerald Walters (involved with the S. African Gubb family) was the main instigator.

I still seem to be rather fully occupied; church responsibilities have first priority after domestic ones, and what time can be spared, I still try to snatch to practice watercolour painting.

Norah & Myrtle keep busy too; Norah has not been very well over the past months, but we're hoping she will be better soon.

My parents join in sending our love to you both – Lena.

1.XII.87 [Dec. 1, 1987]

Dear Elizabeth & David,

Very best wishes to you & yours for happiness at Christmas, and throughout 1988. We wonder if Tom & Virginia are proud parents by now? — We have been much reminded of you during six weeks in the summer, when an extremely 'comfortable' U.S. Methodist minister & wife exchanged with our superintendent minister. We did so enjoy having them amongst us — they came from Grand Island, Nebraska.

The year has brought us great joy, and great sadness — joy in the arrival of a little great-neice in July; she has been named 'Daisy Una' — after Mother & me! — a very great honour to us! — and the deep sadness from the break-up of the marriage of my eldest neice* (after 15 years). This was totally unexpected, and many prayers continue for her, & her husband, and the two sons. * Not Robyn, from Exeter

Mother & Father continue to be blessed with good mental health, but the rate of physical deterioration has accellerated greatly of late. Both are housebound, and have great difficulty in getting about. It is not safe to leave them unattended so I am more circumscribed. But there is a rich community life in this village, and I enjoy all the day-to-day contacts.

I hope you are able to obtain much satisfaction and success in all your family histories projects. With love & all good wishes

Dec. 10, 1987

Dear Una,

We just received your Christmas greeting today, and we send our love and good wishes back to all of you. We especially think of your mother and father and hope that their problems will be eased a little over the holidays.

No, Tom and Virginia don't yet have a child, but they did both complete their Ph. D.'s, and they are getting closer to the big job of remodeling their house. This is their year to be with us for Christmas.

Our big news this year is that if all goes well we hope to come to Britain for about a month starting the middle of May. Of course we want to see you all in Combe Martin, but we won't be able to stay long because we want to go so many places in England, Wales, and Scotland.

We hope to stay a night or two at the Lodge in Berrynarbor, as we had a most delightful time there with the Praters.

Your experience with the Methodist exchange minister and his wife reminds us of ~~t~~ two such experiences we had with Methodist ministers from England.

As our plans develop, we'll keep in touch with you about our itinerary.

Love to all!

David + Elizabeth

[Feb. 4, 1988]

February 4, 1988

Dear Una,

Our plans for our trip to Britain seem to be working out all right. We expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, then hire a car for three weeks and drive through England, Wales, and Scotland.

First we'll go to Essex for about three days, then visit some relatives near Guildford and arrive in Exeter by the evening of Wednesday, May 25. We would spend the next day there, as we want to do a few things at the record office, visit the cathedral — one of our favorites — and hopefully meet Robyn and her family. On Friday we want to go to the North Devon Athenaeum in Barnstaple. We understand that many of the parish registers and other records are being transferred to a new building there, but we don't know if that has been accomplished yet. In the late afternoon we would drive to The Lodge in Berrynarbor, where we plan to stay three nights, if it is still operating.

On Saturday we plan to drive to the town of Witheridge for a short visit with the Vicar and then see my father's second cousin, Wm. John Witheridge, on his farm at West Buckland before coming to Combe Martin in the early afternoon. We have also scheduled Sunday, May 29, for Combe Martin. We'd like to ask you and Myrtle and Norah to confer on how we should plan our time in Combe Martin in order to see everyone we should. You will know whom we should see better than we would. Since we attended the parish church in Combe Martin the first time we were there (in 1976), perhaps we should go to the Methodist or Baptist church this time. We'll let the three of you decide!

On Monday, May 30, the Bank Holiday, we'll set out for Swindon, Wilts., where we hope to stay overnight with Marjorie and Ted Packer. She is a third cousin on the Blackmore side. I think she has corresponded with Myrtle, though I don't think they have met. On the way there we'll visit a couple of other friends, if they're going to be at home.

Now, if these dates of May 28 + 29 are going to be difficult or impossible for you, please let me know soon, and I'll try to make some changes in our schedule. We are looking forward to our visit with great anticipation. Best wishes to you and your parents.

Love,

David + Elizabeth

16.II.88 [Feb. 16, 1988]

Dear Elizabeth & David,

Thank you so much for your Christmas greetings, and letter — we are all greatly looking forward to seeing you again in a few months! — I've delayed replying, to check on the actual date of our United Church Service for May (we have one every month from Oct–June); it is on Sunday, May 22nd. If there is any possibility of your being in Down a week earlier than your present plans, I think it would be rather advantageous: ① to be present at the United Service (in the evening, at the R.C. Church on this occasion) ② so that we can arrange a little informal gathering, where you can meet as many local people as possible (that would be difficult on the Bank Holiday Sat, as neither the hall, nor the individual people, would be likely to be available.) If you aren't able to manage the 21st or 22nd of course we'll do our best the next weekend.

If you are able to re-arrange the time of your visit, please could you let me have another copy of the list of family names with which you are associated? (I've put the one you sent me away too safely!) — I thought I would put a note in our Community News 'The Shamwickite' telling people of your visit, and inviting anyone from the families (& others) to come & meet you at the informal gathering. I thought it would be interesting if they brought photos of grandparents, great grandparents etc. this time.

Both Norah & Myrtle have recently undergone surgery, & thankfully, both seem to be making good progress. If you are in touch with Norah, Please do not mention this — she is very, very

Aerogramme: a 'Royal Mail' product

unhappy about any discussion of her personal affairs; we have all been rather concerned about her.

My parents still continue to be mentally alert, I'm thankful to say, but mother particularly has become very frail physically (needs to washed, dressed etc.), & is not able to be out of the house for long. But we have good support, so much to be thankful about!

Do hope you are both keeping well. We eagerly forward to your visit!

Love to you both,
Una.

February 28, 1988

Dear Una,

Since your letter arrived, I've been trying to figure out how we can improve our schedule to account for the various problems that arise because of the Bank Holiday. We would certainly love to be present at the United Church Service on May 22, but it would be very difficult to change several engagements that we have already set up for that week in Essex.

I do have one idea, however, in regard to your delightful suggestion for a little informal gathering of people related to my ancestral lines (and others). First I thought we might do it on Friday evening, May 27, after we had spent the day in Barnstaple; but then I realized that people often start a long holiday weekend on Friday. So I thought we might go to Barnstaple on Thursday instead of Friday and plan the gathering for Thursday evening, before people had begun their holiday. Then we could go over to Exeter on Friday rather than spending Thursday there as we had originally planned. Do you suppose that would be a possibility?

We have already heard from Doreen Prater and have a room booked at The Lodge for Friday through Sunday. I'm sure we could begin there on Thursday evening in case we were able to plan our get-together that evening.

Regarding the list of my families, I'm sending copies of the sheets you had for people to sign in 1980, and an updated list of my twenty ancestral lines. The other list you would not want to use in an invitation, but I'm just enclosing it for your information to show how widespread my connections are in North Devon!

We're sorry we can't arrange to come a week earlier, but we hope you'll be able to get a few people together during the weekend of May 26-29. As the time draws near, we are getting more and more excited about seeing you all again. If you do decide to have the gathering on Thursday, please let us know, so we can make proper arrangements at The Lodge, at the Athenaeum, and with Lyn Prust, with whom we hope to have lunch in Barnstaple.

Just so I won't forget to tell you, Kim and Roy Cooke will meet us at the airport, as they did in 1976 and 1980, and we'll stay with them the first few days. If you need to contact us while we're in Britain, they will always know where to reach us. Their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PF; Ph. 01-777 6072.

All our love,

David & Elizabeth

Light supper at 5:30 (Call when we get to The Lodge) 16.III.88 [Mar. 16, 1988]

Dear Elizabeth & David,

Thank you so much for your last letter & all the enclosures. I'm very sorry we have put you to so much trouble over the dates of your visit to N. Devon, and do hope the changes won't affect the availability of records in the public offices, which you plan to consult. After all the trouble you have taken, I do so hope our little "effort" won't prove to be an anti-climax.

My cousin, Mavis Pegler, assures me that either the hall or schoolroom at our Methodist Church will be available for the evening of Thursday, 26 May, so nearer the time, we will contact all the people still here who were interested, and also issue an open invitation in the local media. It will be sad if only a few turn up! — we will hope that won't be the case. It is really hard to realise that you were here in 1980 — in some ways, it seems like yesterday. (Douglas Stock died, about 3 years ago, I think, after a long, atrophying illness — it was very distressing to watch him deteriorating.)

Am not sure if I mentioned that we are rather a 'frail' household, these days; mother now needs assistance night & day, & I find it difficult to be away from the house for long. It is really a matter of taking each day as it comes. However, I'm eagerly looking forward to seeing you in May (a lovely month to be in Devon, though the Bank Holiday will bring heavy holiday traffic, I fear).

Meanwhile, I do hope all your plans

Aerogramme: a 'Royal Mail' product

will go very smoothly, and that the exchange rates will moderate a bit in favour of the dollar — at the moment, visitors from the States must be finding everything rather expensive here.

With best wishes & love from us all,

Una.

## Editor's Note

The two-page document that follows, number CM39, shows the people (with their various family lines checked) who attended the summer 1988 gathering organized by Una Parsons, Norah Gregory, and Myrtle Blackmore during Dad and Mom's third visit to Britain. This might have been a "sign-in sheet" created by Una and later annotated by Dad.

The gathering of more than 20 was very helpful in Dad's efforts to contact living relatives and learn more about his roots in North Devon.

July 9, 1988

Dear Una,

Once again we want to thank you for the most interesting time we had in Combe Martin, due in large part to your planning and efforts, and of course the help of others. The turnout of 22 people from Combe Martin was an excellent response and was ample reward for your efforts. We certainly enjoyed meeting and talking with them all. I only wish I could have spen more time with each one, but that was of course impossible. I had hoped to get pictures of everyone, bu I find that I missed a few. I hope the local people also enjoyed their conversations about family relationships and former times.

As you see, I'm sending you a copy of each of the pictures I took that evening. I'm also sending a complete set to Myrtle and to Norah. I know Myrtle helpe with the preparations, and I felt that sending them to Norah would help her feel involved in it all. We are greatly concerned about her health and hope it will stabilize and improve. Since I have the addresses of those who attended, I'm sending each one a copy of the picture he or she is in. This will also give me a chance to write about our possible relationships.

It was very kind of you to mail our umbrella to the Cooks. It was waiting for us when we arrived. We couldn't imagine where we had left it. (I think you're also the one who sent Elizabeth's pen. (We got a little confused toward the end of our complicated trip!) We seemed to leave things behind as we went along. When we got to Birmingham, we discovered that we had left our coats at the home of some Witheridge descendants in Wales. They, too, mailed them to the Cooks in time fo us to retrieve before we came home. My second cousin, Irene Birdsall, took us down to a used clothing store run by the churches for the benefit of Children's Aid and bought us a couple of substitute coats for the rest of our trip.

Due to the cold, rainy, and windy weather we both sneezed and sniffled and finally developed bad colds that lasted until a couple of weeks after we got home. The weather here was the opposite — hot and dry. We've had a very long drought — hardly any rain at all for two months, accompanied by temperatures above 90°F for over 22 days. This has slowed us down considerably in our process of unpacking, reading mail, paying bills, and getting the house and garden back into normal condition. We are still far from finished. We're not sure which is worse — being too cold or too hot! In spite of our being chilly most of the time, we had a great trip and accomplished almost everything we had planned. The countryside was beautiful, and the people we were with were just wonderful.

Tom and Virginia are having a good summer. Virginia is feeling quite well, and the baby they are expecting early in November seems to be doing all right according to the amniocentesis. They find now that they don't have to refurbish their old house in Chicago, which was going to be a struggle, especially with the baby coming. They have found a better house that was already refurbished eight years ago; and their present house has increased so much in value (just because of the location) that they can sell it and afford to buy the other one with no problem. They're hoping to move in August.

Jim just got back from a week's vacation in San

Francisco with the friend he lives with. They had a wonderful time.

Give our love to your mother and father. We're glad your mother was well enough to talk with us when we were there, and we hope she has a good summer. Your father seems to be quite alert and in touch with what's going on in the world, and we hope his physical health remains good.

We do think of you often, even though we are unable to write frequently. All our love,

David + Elizabeth

Dear Elizabeth & David,

Mrs. Prater suggested that this might reach you at Mr. & Mrs. Cook's — do hope it does!

Good flight home —

Love from us all,

Una.

Dear Elizabeth and David,

Myrtle showed me your letter and I have been thinking of you all, and especially wondering how little Rebecca Elizabeth is getting on? — I do so hope and pray that she is making good progress. I'm sure no little one could be more wanted and loved.

It was so good to see you! — we just could not believe that you could cope with such a busy schedule of visits — what

stamina! Probably because I tend to be an introvert I find meeting many people quite exhausting — but you had all the travelling to do as well! It isn't really surprising that you felt tired when you arrived home! But by now, I hope you are both quite back to normal health and equilibrium.

We were so glad that you saw Norah; I think that occasion was probably the last social event she attended. I expect Myrtle has told you that she had cancer of the liver? — she apparently had not accepted that she was so seriously ill (though we were all very concerned about her), and it was not until the Sunday before she died on the Tuesday morning that she acknowledged to me that she was terminally ill. I was trying to help her list the friends she wished to be told after her death — but we only managed to reach names beginning with G.

Gerald (Walters) was superb, and she allowed him to help; he and our senior community nurse were with her when she died, and they both commented that it was a peaceful end — for which we are all so thankful.

The funeral service took place in the Parish Church, and was very well attended. It was really a thanksgiving for a most unselfish life. As you can imagine, I miss her very much.

We decided to request that any donations in her memory be made to the Combe Martin Museum Fund, and over £200 was given.

Family-wise here, the situation remains much the same. Last week we had a stair-lift fitted (with grant assistance) and we're hoping that mother will come downstairs on good days; she is still physically frail, but her personality has blossomed again.

I do hope there is good news of Rebecca Elizabeth —

With love & best wishes,
Una.

Dear Elizabeth & David

This is just a 'quickie'!

Thank you, first, for the snapshot of Rebecca Elizabeth – she looks a dear little girl! We do so hope she continues to make steady progress.

The real reason for this letter is the enclosed cutting from today's copy of the Western Morning News – in a flight of fancy, I thought how wonderful it would be if the Witheridge Society could purchase the manorial rights!

With love, & best wishes to you all – Una ⓧ for Rebecca

March 17, 1989

Dear Una,

It was such a delight to get your note and the cutting about the Lordship of Witheridge. Wouldn't it be exciting if someone in the Witheridge "clan" could afford to purchase that title and its privileges? At this point The Witheridge Society has very little assets, but there may be some individual Witheridge descendant who could do it. Of course, we missed the sale date of March 7, and I wonder who the lucky buyer was. Perhaps some day in the future it may fall into the hands of someone in the Witheridge family. Thank you for the cutting. I plan to make a few copies to send around.

We continue to have good reports from Chicago about Rebecca. She is now seven months old, weighs 11½ lbs., and is very healthy. Tom and Virginia call about once a week and always have good news about her progress. Last time they said, "She's so cute! And not only that, she's pretty!"

You probably remember I said I'd be writing to those who were at our evening get-together in Combe Martin and sending them pictures. I'm just now getting around to doing that. I've written to the Beaumonts and the Sharps and I hope to keep going now until I've finished.

That's all I have time for now. Best wishes to you all.

Love,

David + Elizabeth

Dear Elizabeth & David,

[Dec. 7, 1989]

I've just discovered that the dead-line for Christmas delivery was *yesterday*, so many apologies if this turns out to be a belated Christmas greeting.

Do hope that you are all well, and that little Rebecca Elizabeth is flourishing; I'm sure she brings great joy to you all! Our family has been blessed with another additio this year — a little girl, Eleanor Amy, to be know as Nell — and we are so grateful for her.

I can't remember if you already know that Mother was translated to the Higher Life on April 5th? I had always wanted to be with her when the time came, and in fact I was holding her hand, and supporting her around her shoulders, quite unaware that she was dying; it was so imperceptible and peaceful that I didn't realise she had gone, until the nurse came into the room. I felt I had one foot in Heaven!

Father is physically very frail, but thankfully, his mind remains clear & active. We are greatly looking forward to visits from the family over the Christmas — New Year period.

The Local Historical Association are producing a small book (supposedly in time for Christmas!) containing a collection of research projects undertaken by various members. I'm not sure whether it would be of any interest to you, but if, when we receive our copy, it seems of probable interest to you, I will try to get you a copy.

With love & best wishes for a very Happy Christmas, and health & happiness in 1990 —

Lena.

Dec. 1990

Dear Una,

I truly intended to write to you during the year, but couldn't seem to get to it. I had a picture of little Rebecca taken last Christmas in an envelope marked "For Una," but as you know, I never sent it. Here it is, along with another one taken later in the year. We are pleased that she is progressing so well.

We've had a busy year with much traveling back and forth to Chicago. We drove there four times, and they drove to Minneapolis once, so we've been able to watch Rebecca develop over the year. She is still very slender, but she is very healthy and active, so we're not worried about her weight.

Another highlight of the year was a two-week visit from London by Kim and Roy Cook. One of their sons now works for British Airways, so they were able to get reduced-rate tickets. We loved showing them our beautiful city, and we even managed to take them to Chicago to see Tom, Virginia, and Rebecca, as well as the sights of the big city.

Our son Jim will be with us for Christmas, but Tom, Virginia, and Rebecca will be spending Christmas with Virginia's family.

We hope your father is having a little better health as we move toward the Christmas season. Our health remains good, and we hope you are well, too.

Love,

David & Elizabeth

Dear Elizabeth & David, 1994

May you be blessed with a peaceful and comfortable Christmas! I do hope and trust that you are finding 'grace sufficient' to manage daily living, and that the days are peaceful for you both. Will you be seeing something of Pau and Virginia + Rebecca during the Christmas season — no doubt Rebecca is growing up too quickly!! — as my great-nieces and nephews certainly are.

I can't remember if I told you last year that I met Mr. + Mrs. Prater (the Lodge, Berrynarbor) at a Christmas 'at home' in the house of some mutual friends? — it was nice to meet them! As far as I know his long-standing battle with cancer continues, but he is keeping it at bay.

Have you heard that the local Historical Society succeeded in setting up a museum? it is quite small, but they have a very enthusiastic committee, and they are being very successful. It is generating much interest among local people, with deep roots in the area, and we're discovering more and more common ancestors!

The visit to New Zealand in February-March was truly wonderful! Have you been there? — I'm sure there are many, many beautiful places in the world, but can't imagine that there is anywhere more beautiful! I am so grateful to have been privileged to go there.

Poor Myrtle has not had a very happy time over recent months. Her widowed brother decided to marry a young woman of the same age as his daughters, and it must have been very difficult for the family; I don't think Cyril (her brother) has any idea of the distress caused — I suppose we're all liable to be 'blind' at times.

With greetings and love to you both —

Una.

[Plans for Witheridge
Society 10th anniversary
celebration in May 1997]

December 5, 1996

Dear Una,

As the Christmas season approaches, I hope that all is well with you, and I hope you have some happy times with your family and friends. As usual, I'll have the whole family here for Christmas Eve, and we'll be over at Tom's on Christmas Day. With my family's help I've had a good year, and my health remains good. Winter has come early. Everything is covered with several inches of snow, and I think it will stay through Christmas and maybe until spring.

As you see, I'm using this opportunity to tell you about my exciting plans for May. The Witheridge Society will be ten years old in May, and they're planning a big celebration in Devon. A year ago I thought my traveling days were over, but now I've decided I can't miss this chance to see many of my Witheridge relatives again and to meet many others whom I have never met. So I've already made my hotel reservation.

I'm too old this time to hire a car and drive all over Britain, so I'm hoping all my Witheridge relatives will make a special effort to come to Devon for our get-together. Fortunately, you are already in Devon, and I hope you will be able to attend at least part of the celebration on May 3, 4, and 5.

They had first talked about having the anniversary event in Witheridge, but there weren't enough accommodations there, so we're meeting in Tiverton. I think it would be good if you could come to Tiverton on Saturday, because it will be the best chance to meet and talk to many of your distant cousins, both from Britain and many other parts of the world. In fact, I know there a great many Witheridge descendants in Devon, and I hope that many will want to come on Saturday or Monday or both. (I don't know yet what the program is for Monday.)

On Sunday there will be a bus trip to many places in North Devon where Witheridge families lived. I'm planning to take the trip, but you probably wouldn't want to. However, being in Combe Martin and Berrynarbor would give me a chance to see, at least briefly, a number of people I'd like to see who are not Witheridge descendants and who wouldn't want to go to Tiverton on Saturday or Monday--like Myrtle Blackmore, Gladys Comer, Gerald Walters, John and Freda Sharp, Daphne Challacombe, Bill Brady, and Allen and Doreen Prater.

I know the people on the tour will have to pause for lunch at one of the stops. Whether Combe Martin would be too early for that, I wouldn't know. In any case, after being shown the town by the tour guide (I wouldn't want to miss that), I could leave the group and have lunch with some local people. Then someone could drive me to wherever the rest were having lunch, and I could rejoin them for the rest of the trip. Does that sound like a possibility?

I wouldn't want you and the other Witheridge descendants, however, to substitute sbuch a short encounter for a longer time in Tiverton with the whole group on Saturday or Monday. Of course, you wouldn't be staying in the hotel overnight, but you would have to sign up for the Saturday lunch. I can visualize a carload of people driving to Tiverton from Combe Martin on Saturday.

As soon as the Holidays are over, I'm going to write to as many Witheridge descendants as I can to urge them to come to this "Grand Witheridge Reunion," as I like to think of it. I'm listing here some of these persons in hopes that you will send me any corrections you know about:

Mr. and Mrs. Michael Beaumont
4 Kingsley Terrace
High Street
Combe Martin

Mr. and Mrs. Martin Irwin

Mr. and Mrs. Andrew Connett
Brook Green Cottage
Well Street

Devon EX4 6QD

Mrs. G Kruger

Of course, if you see any of these people, you might mention this coming Witheridge get-together to them. I know you have many relatives --brothers, nephews, nieces, and cousins--and I hope you will mention it to them, too. Some of them and their spouses and children might decide this would be a good time to return home for a visit and take in the Witheridge Days at the same time. All Witheridge descendants and their spouses are urged to come, whether or not they are members of the Witheridge Society.

Well, you can see that I am excited about the possibilities of this event. I hope that you are also intrigued by the thought of so many "Witheridges" descending upon Devon all at the same time. I do look forward to seeing you again and all the others there I have come to know. It will be hard without Elizabeth, because she has always been with me in England, and I know she would have enjoyed another trip there.

Have a good Christmas and New Year's.

Love,

18.1.97 [Jan. 18, 1997]

Dear David,

Thank you very much for your letter, and the enclosure; we were all extremely interested to hear the news!

Myrtle and I are hoping to find time to get together sometime soon (we've both been rather tied up with families and outside events the past few weeks) but one difficulty that besets us at the moment is the question of the timing the Sunday tour expects to be in the Combe Martin – Berrynarbor area. I would love to offer some hospitality, and probably others would, but many of us will actually be attending Church until 11.30am (at the earliest) 'Sunday Dinner' is still an important tradition in Devon rural areas — I could offer dinner for up to 5 people, but not earlier than 12-45 — or a buffet meal for up to 12 people at 12 noon — but this is all a bit 'in the air' until we have some firm information *

Meanwhile, I'm passing around the information available, to as many people as possible.

Of the people whose names & addresses you listed;

Beaumont ✓

Pegler (Mavis = my cousin) ✓

Gannett (my niece & husband — I will let them know

Irwin ✓

Stock — write c/o Mrs W. Stock ROSENAU, The Woodlands
Combe Martin, Ilfracombe, Devon, EX34.

Of the non-Witheridge connections, sadly Bill BRAY (not Brady) has died, and I understand that Alan Prater is very ill (cancer)

To the Witheridge list, I think we ought to add Ken & Mary (wife) Norman (my 2nd cousin), SUNNY HAVEN,
Sunnyside, Combe Martin, Ilfracombe, Devon EX34

When the plans are crystallised, I will insert a brief write-up in our local community 'monthly' as there may be other descendants of the Witheridge

PTO

* Suggest local non-Witheridge people you met previously, in addition to Mavis, Ken etc.

family living in the village, of whom we are unaware (I didn't know previously that Michael Beaumont had W. ancestry)

All of us who were privileged to meet dear Elizabeth held her in very warm regard; we share your sadness that she won't be with us in the flesh — I am sure she will be with us in spirit!

Looking forward to hearing from you in due course — God bless!

Una.

Dear David,

This is just a quick 'follow-on' to my previous aerogramme —

Myrtle and I have now had a chance to think over the May celebrations, and were wondering if there is any possibility of your being able to make a second visit to Combe Martin on the Monday? — if it is at all possible, I would be very happy to offer appropriate refreshments here — buffet lunch, or tea, depending on the time.

Providing all the people you would like to meet are at home at that time, I expect they would be able join us. I've passed copies of your letter to most of them, and will be circulating the others, so that they will know "what is in the wind."

The Praters have retired from the Lodge, and are at present on holiday in Spain. Their friends say he is gravely ill. Their new address is Cherry Hinton, Barton Lane, Berrynarbor, Ilfracombe, EX34...

I feel there may be other people still living in the village who have some Witheridge blood in their veins; I'll put a note in the March issue of the Shammickite (monthly news) in the hope we can discover them.

Look after yourself, and come safely!

All good wishes,

Love from Una.

February 5, 1997

Dear Una,

Thank you for your two wonderful letters. I hope we can work out all the difficulties and uncertainties. I'm glad there is an interest in getting together when I come, and I'm looking forward to seeing everybody again.

Regarding my coming back on Monday, I'm sorry, but that wouldn't be possible, because I want to participate in the Witheridge activities in Tiverton that day, and then I expect to return to London with Kim and Roy Cook that afternoon and evening.

The other day I telephoned Richard Witheridge, who is coordinating the coach tour, to see if he could tell me when it would arrive in Combe Martin. At present they expect to arrive there at 12:00 o'clock and leave at 1:00, which sounds very good. They would be in Berrynarbor from about 1:10 to 1:25 and then go on to Ilfracombe. I didn't get the exact time they would be leaving Ilfracombe, but perhaps about 2:00 o'clock. If someone could take me to Ilfracombe, so I could catch the coach there, that would leave me about an hour and a half in Combe Martin.

The coach would probably stop first in Combe Martin at the parish church, and someone could probably pick me up there when it arrives. I've decided not to stay with the group at all after it gets to Combe Martin, in order to give me more time with you people. I was hoping the lunch could be very simple--nothing that takes a lot of preparation--just something plain, like cold meat, cheese, bread, and fresh fruit. We mainly want to talk with each other and maybe take some pictures.

You didn't actually say, but I'm hoping that you and a number of other Witheridge descendants are planning to go to Tiverton on Monday. I know it's going to be a grand experience, because there will be "Witheridges" from many places, including a number of my second and more distant cousins, who are thus related to you, too.

I've been so busy I haven't been able to write to the others on my list, but I hope to get at that soon. I'm glad you've been passing the word around.

This will have to do for now.

Love,

11.II.97 [Feb. 11, 1997]

Dear David,

Thank you so much for your letter, and for explaining your time schedule.

I've contacted Myrtle and a few others, and we all fear that mid-day on a Sunday (and a Bank Holiday Sunday!) is really a most unpropitious time to try to persuade people to gather; but if it has to be, of course we will all do our best.

This may seem a silly suggestion, but I suppose Mr. + Mrs. Cook have to return to London on the Monday? — if they could possibly delay their return until Tuesday, and come with you to Combe Martin when the Society's celebrations have concluded on the Monday, I would gladly offer accommodation and meals here for the three of you. (There are 2 double bedrooms; one with twin beds). It would be nice to meet them; as you know, I like meeting people, but can't summon up much enthusiasm for family history search (my forbears are nearly all in our parish churchyard, which possibly makes a difference). If this is a feasible suggestion, we could then plan a gathering on the Monday evening or Tuesday morning.

At the moment, I'm not very optimistic about local connections travelling to Tiverton for the meetings; most of us are likely to be rather occupied with visits from families and friends over a Bank Holiday weekend. Sorry to sound so negative; we are

POSITIVELY looking forward to seeing you again!
Look after yourself, and keep well!

Love & best wishes,
Una.

[DEW's final plans for
May 1997 trip to England]

April 11, 1997

Dear Vera,

I'm sorry it has taken so long for me to answer your letter, but I had been in touch with Kim and knew she was working with you in scheduling a trip to Combe Martin on Monday after our Witheridge gathering in Tiverton. I didn't want to write to you until I got her letter with the details, and that didn't come until almost the end of March. I'm glad that everything has now been worked out to everyone's satisfaction, and I can hardly wait to see you all again. However, it sounds as though it will be a big undertaking for you, and I am sorry about that, but I really do appreciate it.

I'm especially busy right now, because I not only have much to do in preparation for coming to England, but I have an amazing development in the discovery of a second cousin in Germany — a member of my mother's family with which we had been out of touch for 125 years! I had been working on my German ancestry for many years, as I had earlier worked on my English ancestry, but to no avail. The part of Germany they came from, Pomerania, is now in Poland, and the records were impossible to find. But then along came Dr. Friedrich Nemitz, a dentist, out of the blue. He's coming to this country in June for a Pomeranian gathering in Milwaukee, and I'm going there to meet him. I've also been trying to find other relatives who could go to Milwaukee (as of now, there will be seven besides me), and I've been taking a German course so we can communicate at least a little. So you can see, my thoughts have been torn between England and Germany for many months.

But England comes first, and on April 30th I set forth for London and a wonderful 17 days! I hope everything goes well for all of us, and I thank you especially for all of your loving kindness. See you soon!

Love,
David

12/13/01

Dear Alma,

Thank you for your good letter. Since Sept. 11th it has been hard to think of anything else. I don't know anyone who was physically involved in the attacks, but the whole country has been deeply affected. We appreciate the support we have had from Britain

My health continues to be good, and I'm glad you are doing well, I'm pleased that they were able to do something to improve Myrtle's vision,

I look forward to an e-mail from you someday, and I may send you one after the Holiday rush. My address is Dwitheridg@aol.com. (Note the final "e" is omitted.)

Dear Mr. Witheridge,

My name is Jill Pierson. I have been doing genealogical reasearch for a little more than a year. I am descended from Ethel Witheridge Pierson she married Alfred Crowell Pierson in 1909. She would be equivalent to my Great Grandmother.

This is the information that I have so far courtsey of my father's family. The Witheridges to my knowlede primarily settled in New Jersey. Ethel Witheridge was born Febuary 10, 1890. She died Febuary 17, 1940. Ethel was born in New York City though.

Ethel was one of many children. I believe 5. She was the middle child. Her parent were Fank Witheridge and Katherine Bower. Frank was born in Rahaway New Jersey. Frank did have several brother and sisters himself. His parent were born 1845/1846. They were Andrew and Elizabeth Witheridge. The family came somewhere between 1867-1870. The reasons for such as journey and movement I do not know.

I can tell you more if you like.

Sincerely,

Jill

Caution!

In a February 21, 2002, email to Jill Pierson, with the subject line "South Milton Family," Dad apologized to her for errors in some of his earlier messages.

The errors resulted from confusion between two different Francis George Witheridges. One, born in 1851, a son of William Witheridge and Mary Hannaford, died in England in 1863 at age 12. The other, born in 1868, was a son of Andrew Hannaford Witheridge and Elizabeth Hannaford; this second Francis George Witheridge was the one who came to America and who married Jill's ancestor, Katherine Bower.

To Jill Pierson:

My name is David E. Witheridge, and genealogy is my hobby. I'm at my son Jim's home using his computer, and we found your entry on America Online showing that you are interested in genealogy and that Witheridge is one of the names you are researching. How are you related to the Witheridge family? Witheridge is a rather uncommon name, and I think I am aware of most, if not all, of the major branches through our Witheridge Society. I'll be getting a computer soon, but I don't have one yet, so please reply to my son's E-mail address, witherjim@aol.com or you could write to me or phone me.

Dear Jill:

I was pleased and excited to get your letter. I know a great deal about your Witheridge family in New Jersey, and I'm sure you can add to my information. I also know your Witheridge ancestry back to about 1700 in England.

Just this week I was talking on the phone to two of your distant cousins in New Jersey - Janet Sauter and Martha Gilmore. You also have a distant cousin in Rahway, New Jersey, by the name of Allen Witheridge, to whom I have written but haven't received an answer.

I'd appreciate a reply from you giving me your address and telephone number. Because of Christmas I won't be able to send you all the information on your family until after the first of the year, but I'd like to call you on the phone sometime soon.

Sincerely,

David

Hi!!

I apologize for not writing earlier but with finals in college and Christmas time fast approaching I have not been able to get to my computer to respond to your e-mail.

I have one question, how are you connected with the Witheridge's of Rahaway??? Is that where your family is originally from?? If so, who?? I do not know of the relatives you have metioned but I do know that their was a loss of contact shortly after my father's grandmothers death in 1940? (I don't have the book in front of me). It would not suprise me if there are relatives still in Rahaway.

I would prefer to give you my home address via the internet rather than my telephone number. I am doing this because I know e-mail's sometimes have a tendency to miss their destination and they are not a very secure means of communition.

My address is below:
Jill A. Pierson

Did someone begin this research prior for it to be extended so far back as to the 1700's. I am very interested to know more.

Much Thanks
Happy Holidays!!

Jill

Hi Jill,

This is Jim Witheridge David's son. I relayed your message to him, he lives only a few blocks from me, and he was delighted to receive your letter. I wanted to reply so you knew that he got your message and to give you a brief reply.

He wanted me to tell you that he too is busy with the holiday season and will probably not be able to respond to you until early next year. If he sent you his phone number you certainly may call him at home, and if you want to reverse the charges.

I want to say a few words about Father, he has been doing Witheridge research for over 30 years now and is to modest mention it. He has a wealth of information and is very involved with the Witheridge Society here and in England. You have struck the mother load. In response to your question about his family origin, the fast answer is
Combe Martin in Devon, England.

Have a good holiday and a happy New Year,

Jim Witheridge

Dear Jill,

Well, here is the material I promised you showing your ancestry back to John Witheridge in South Milton, Devon in 1700. It also gives you what I know about your relatives in this country.

As my son Jim told you, I have been working on genealogy for over thirty years. I have found that even in England, Witheridge is not a very common name. We get our name from the town of Witheridge in North Devon.

The Witheridges in this country are all related to three branches: my family, which settled in Michigan; a small branch that settled in Pennsylvania; and your New Jersey family. Several years ago I started writing to the Witheridges in New Jersey to see if I could figure out where they came from in England and how they might be related to my family. I had a hard time getting answers from any of them, and I finally telephoned a few and got enough to piece the family together a little.

Then a little over a year ago I began ordering microfilms of the U.S. Census records of New Jersey from the Mormons, who have a vast amount of genealogical material in Salt Lake City. I was able to develop a very good outline of the family back to Andrew Witheridge, the first one of the New Jersey Witheridges in this country.

Then I wrote to my friends in England who are members of the Witheridge Society to see if they had records of an Andrew Witheridge born in England in the 1840s. They told me about Andrew Hannaford Witheridge, and as I studied his record, it all began to fit together.

As I told you in December, I have been in touch with your cousins in New Jersey, Janet Sauter and Martha Gilmore, two sisters whose maiden name was Witheridge. They are second cousins of your grandfather, which makes them your second cousins twice removed. You will see them as descendants of Creighton Grey Witheridge, a brother of your great-great-grandfather Frank (Francis George) Witheridge.

You can see why I was so delighted to have your name turn up on the internet when Jim and I were brousing back in December. Not only am I able to give you all this information about your family, but now you can give me (as well as Janet and Martha) all the information about the descendants of your great-grandmother, Ethel Witheridge Pierson. It is so interesting that you are still living in New Jersey. Some day you may be able to meet Janet and Martha, because they do not live too far away from you. Their addresses are:

Mrs. Janet Sauter
2 Nell Court
Fairfield, NJ 07004
(973) 575-9289

Mrs. Thomas Gilmore
18 Cleveland Road
Union, NJ 07083
(908) 964-1973

Your relatives living in Rahway are Allen and Robert Witheridge. I wrote to Allen some years ago and did not get a reply, but I did talk on the phone to his daughter Cathy. Allen and Robert are sons of your great-grandmother Ethel's brother Robert, so they would be first cousins of your grandfather.

Back to the Witheridge Society. That is a group of Witheridge descendants who meet only once a year, but publish a quarterly journal, "The Witheridge Times." This contains articles about Witheridge family history and about Witheridge descendants in various parts of the world. Last May we celebrated our tenth anniversary with a meeting in Devon to which about fifty came, including some from the United States, Canada, Australia, and New Zealand. I was able to be there and enjoyed it very much. The 1998 annual meeting of the Witheridge Society will be in Gloucestershire during the weekend of May 2-4. Because you are in college, you probably wouldn't be able to attend, but I'm encouraging Janet and Martha to go and also to visit South Devon where their ancestors came from.

My family came from Combe Martin in North Devon. Many other members of the Witheridge Society also stem from there and from other North Devon towns, but there are a great many others whose families, like yours, come from South Devon. I tend to think that we all came from the North Devon town of Witheridge, but some in the South Devon families think they came from another Witheridge Manor in South Devon that was mentioned in the Doomsday Book of 1086 but disappeared hundreds of years ago.

This is a great deal for you to absorb all at once, and I know you're very busy. So I don't expect you to send right away all the information about your family, although I do look forward to getting that. I hope, however, that you will write a short note soon and tell me what you think of all this and tell me at least a little about your family.

Yours very sincerely,

David E. Witheridge

I was wondering if you can please give this message to your father David.

Dear Mr. Withridge:

I would like to thank you very much for the information you gave me about the Witheridge family. I recieved it in the mail yesterday. I spent the whole day reading it and that is why I am only getting back to you today.

I was amazed by your extensive family research and record management that you have.

I will send you the complete list of the descendents of Ethel Witheridge in about one to two weeks. I am in the process of correcting information about the later descendents including births and deaths. This should be completed in a few days.

I am in the process of giving this information to other members of the family. This way they can share the enjoyment I have had.

Sincerely,

Jill

Dear David,

I would like to thank-you for the information that you have shared about our Witheridge heritage. It is amazing how after all these years we are able to find each other as well as other family members. The Internet has really made it a small world.

My genealogical research began a little over two years ago when I became a history major in college. As I have begun to research the history of notable figures, I have often found myself wondering about my own family history. It was at this time that I decided to build upon the genealogical research conducted by my cousin and aunts in the early part of this decade.

The enclosed information you will find may seem incomplete. This is because it has been fairly difficult to keep up with because of the size of the family has greatly expanded especially during my generation and it has been very difficult to keep up with activities of these members, but I am doing my best.

I should really thank you not only for the information that you have given me but also the family members that you have introduced me to. The ability to contact other Witheridge family members especially those that are located in New Jersey is amazing. I never knew that there were any Witheridge descendants still left in New Jersey let alone Rahway. You have truly opened up a new world to me to which I am very grateful. I am in the process of writing to Mrs. Gilmore and Mrs. Sauter as we speak. I hope to mail them their documents by Lincoln's Birthday.

I was wondering if you could tell me how to become a member of the Witheridge Society. I am very interested in it because you have given me an opportunity to meet other members who share our common heritage. I find it amazing that one of my family surnames has such a comprehensive history enough to have a society. This is surprising to me. I am sorry to say that I will not be able to attend the yearly meeting but would it still be possible for you to keep me informed about what happens at the annual meeting? I will greatly appreciate any assistance.

I must apologize for being cautious about my giving you my address and telephone number. The main reason I did not send it to you via e-mail is because I doubt the security of the Internet. I have had some e-mails especially on America Online goes astray and not get delivered to its destination.

I would like once again to thank you. You have given me more than a family history of the Witheridge name dating back to the 1700's but a whole branch of my family tree by telling me of my relatives throughout this nation especially those in New Jersey. The information and opportunity you have given me I will always treasure. I promise I will keep in touch.

Sincerely,

Jill A. Pierson

# FRANK G. WITHERIDGE & KATHERINE BOWER, HIS WIFE

Parents of Ethel (Witheridge) Pierson

FRANCIS G. WITHERIDGE was born 26 March 1867 in England. According to the 1880 Census for Essex County, New Jersey (residence listed as Beach Street, Orange, NJ), he was the son of Andrew and Elizabeth Witheridge* (who were both born ca 1845/46 in England). He had two brothers (Andrew Jr., b. England, ca 1864; William H., b. England, ca 1866) and one sister (Ethel, b. New Jersey, ca 1878). He was a carpenter and cabinet maker by trade. The 1900 Census for Union County, New Jersey (residence listed as Newton Street, Rahway, NJ), indicates he came to the U.S. in 1872. He died 1 October 1938, North Bergen, N.J., and is buried in Rahway Cemetery, Rahway, N.J.

*Family information indicates that Elizabeth's maiden name may have been Harrison. Apparently, Elizabeth lived to be at least in her sixties or seventies. This assumption is based on a post card, dated June 24, 1914, sent from Rahway, NJ, by her grandchild, Ethel, to Mrs. Andrew Witheridge, 32 Christopher Street, Orange, NJ. It was a picture post card of Ethel's brother, Fred, and read as follows: "Dear Grandma, Arrived home safe and sound. Ethel"

KATHERINE BOWER was born November 1870 in Orange, New Jersey. The 1900 Census for Union County, New Jersey (residence listed as Newton Street, Rahway, NJ), indicates her father was born in England and her mother was born in New Jersey. She died 23 June 1935, Rahway, New Jersey, and is buried in Rahway Cemetery.

## FRANCIS G. WITHERIDGE married KATHERINE BOWER

ca 1888

According to the 1900 Census, Frank and Katherine had been married for 12 years which would make their date of marriage about 1888. The Census also indicated they had had six children, but only five were living. The children's names were listed as follows: Ethel (b. Feb. 1890); Frank (b. Feb. 1892); Kittie (b. June 1894); Fred (b. Nov. 1895); and Clayton (b. Nov. 1899). Family information indicates that "Clayton" was really George Creighten, and there were also two other children: Robert (b. May 1903) and Cliff. It is their daughter, ETHEL, we descend from.

# ALFRED CROWELL PIERSON & ETHEL WITHERIDGE, HIS WIFE

ALFRED CROWELL PIERSON (see photo in Section 4) was born on 28 November 1885 in New Jersey. He was the son of John T. Pierson and Maria S. Martin. His various occupations were trolley conductor, ice man, and truckman. He died 13 June 1931 and is buried in Rahway Cemetery, Rahway, N.J.

ETHEL WITHERIDGE (photos on next page) was born on 10 February 1890 in New York City, New York. She was the daughter of Frank G. Witheridge and Katherine Bower. Ethel liked to bake and sew and did some part-time mending in a shop outside the home. She played the harmonica and a little piano. Several of her children remember fondly their mother's shopping trips because many times she would come home with a piano roll for the player piano and a bag of candy for them. She died 17 February 1940, North Bergen, N.J., and is buried in Rahway Cemetery, Rahway, N.J.

Dear Jill,

Thank you for your letter. I was thrilled to get it and all the family information, including pictures. I am very busy now, but when I get a chance, I'll send you information about the Withridge Society and how you could become a member.

Yours sincerely,
David

Dear Jill,

Here is the information I promised to send you about the Witheridge Society and how to join it. I'm also sending a photocopy of the 1995 Winter Issue of the "Witheridge Times." It is the only one I have an extra copy of. You will notice that it includes a lovely article about my wife Elizabeth, who died in 1995 from Alzheimer's disease. The article also tells a little about me and my career. It was written by the Honorary Life President of the Witheridge Society, Kim Cook.

This issue of the "Witheridge Times" also includes a short article I wrote about one of the farms in Somerset (next to Devon) called Witheridge Farm. Fortunately, I was able to visit that farm, because Kim and Roy Cook took me there when I was in England last summer.

Also in this issue is an article about another Witheridge family that goes back to South Milton, your ancestral town. Apparently, no one in the Witheridge Society has yet tied this Walter Witheridge into your family, though I think he was probably somehow related to your ancestor, John Witheridge. No record was kept in the parish register for South Milton from 1717 to 1733.

Now, about the membership application for the Witheridge Society. The only problem is sending them the annual membership fee in British pounds. You have to get a bank draft on a British bank from your local bank. The fee for this draft will cost as much as or more than the £12.00 membership fee itself. So the Witheridge Society suggests that we send a three-years' membership fee at once (£36.00), to cut down on the annual cost of the bank draft. That is what I do, but you may not be able to afford that much at this time. Perhaps your parents can help you with this. If you are living with them or if you use their address, you can add their names on the membership application as your father and mother under "additional family members" at no extra cost.

I hope you decide to join the Witheridge Society, because I know you will enjoy getting the quarterly publication and having a sense of connection to this wider family. By the way, I'm going to give your name to the North American Representative of the Witheridge Society, Kathy Witheridge:

Mrs. Kathleen M. Witheridge
343 Bright Street
Sarnia, Ontario N7T 465
Canada

Kathy is planning a reunion of North American Witheridge descendants for some time in August in Lansing, Michigan. Unfortunately, I won't be able to go myself, but there could be a good attendance, maybe thirty people or more. Maybe you and some of your relatives would like to go.

I now have my new computer, and I'm on the Internet. My E-mail address is davidew@gateway.net in case you want to send me E-mail sometime.

Sincerely,

David

Hi David,

I would like to thank you for the information about the Witheridge Society. I definately will become a memeber of the Witheridge Society. I enjoyed the Witheridge Times very much. It is amazing how much history the Witheridge family has and the amount of people that share this surname.

It is even possible that I will be at the North American Witheridge family reunion. My sister and I are seriously considering attending the event in Michigian. I would like thank you for also giving my name to the Kathleen Witheridge the North American representative.

I would like to thank you for all your help once again. You have given me in several short months a family, a history, and a society all within in the times we have been corresponding.

Sincerely,
Jill

Dear Mr. Witheridge,

I found a web page that might be of interst to. It is the Cornwallis Census. I found several Witheridges in this index. It tells of there age and occupation. This is information that you probably have but I thought you might enjoy seeing it. <A HREF="http://www.kindredkonnections.com/cgi-bin/docrcens?-1+0+English">Kindred Konnections Query</A>

I just recommend that you put birth years raging from 1800-1899. I just thought you might enjoy.

Dear Jill,

I'm sure you thought I had fallen off the face of the earth, but I think of you often. I've been busy about many things, including genealogy, but mostly in connection with my German line--Nemitz--my mother's side.

Last summer I spent a tremendous amount of time preparing for and running a small reunion of Nemitz relatives in this country (about 25) to meet with four of our newly-found cousins from Germany. They spent about a week in Minneapolis, and we had a great time, but it was exhausting.

Now I have some exciting news for you. Kathy Witheridge has finally been able to plan a Witheridge Reunion for August. It's going to be held in Lansing, Michigan, on Saturday, August 21. I'm sorry the reunion we talked of last year never took place, but for several reasons Kathy just couldn't work it out. I know you were thinking of coming, and now I hope you'll start planning for this summer, and maybe your sister and others in your family can also come.

It will be held in Lansing, because there are so many Witheridge descendants within 100 miles of Lansing. But there will be people there from many parts of the U.S. and Canada--possibly from as far west as British Columbia and as far south as Arkansas. There will probably be between 25 and 50 people there, so you will be able to meet a great many other Witheridge descendants. I have to advise you that I won't be there myself, because at my age (84) I've had to give up traveling, but you will meet many other wonderful people, and they'll all be thrilled to meet you.

I can't tell you yet what hotel or motel the reunion will be held at, but Kathy will keep you informed as soon as that is determined.

Well, that's all for now. I'll be looking forward to your response.

David

Dear Mr. Witheridge,

It was wonderful to hear from you. It is funny because I was just thinking about the Witheridge's and the family reunion. I have also had fun telling people how far my family legacy goes back. It has been a real pleasure for me.

My sister and I are seriously considering going this family reunion. It would be a real pleasure for us to meet extend members of the family. I am sorry to hear that you will not be going to the reunion. You have provided me with a wonderful family history and extended family.

I apologize for not writing sooner. I have gotten a little involved in college between papers and tests.

Thank you for the information. Please keep me posted about events.

Dear Jill,

I"m sure you got your invitation a few weeks ago to the Witheridge Reunion. As you see, they had to move the date to August 28. I hope you and your sister can work out your plans so you can be there, perhaps also with other relatives. It's going to be a great time, and there should be a good turnout of "Witheridges." Kathy is a little worried because response has been slow so far. But I told her that would be true. People can't always make up their minds or arrange their plans this far ahead. My guess is that there will be from thirty to fifty people.

Kathy heard from Annette Witheridge in New York City, and she is going to come and give one of the talks. She is actually from England, but she has been over here several years as American correspondent for one of the British "scandal sheets" like our National Enquirer. She is going to talk about some of her experiences as a journalist.

My brother John lives in Saginaw, Michigan, and he will be at the reunion, along with his wife and son. I also have a niece in a suburb of Detroit, and she will be there.

I have a second cousin once removed here in Minneapolis, and he says he and his wife will be going and also his mother, who lives in Arkansas. She grew up in Michigan and has lots of relatives there, most of whom will be at the reunion, of course. So you see, there will be Witheridge descendants there from all over, including many from Canada.

If you and your sister are still hoping to make it, it would be nice if you could send Kathy an E-mail, even though your plans are not absolutely definite. She would be glad to know of your intentions. I know you've been busy with school, but maybe that's over now for the summer.

Sincerely,

David

Dear Mr. Withridge,

Hello! How are you? How are you feeling? I was just thinking about you when I received your e-mail. I was just telling at work and school about the wonderful gift you have given me (The Witheridge Family History.)

I have been fairly busy with school. I am finally entering my last year in college and I hope with any luck that I will be a college graduate by this time next year. I am also hoping to pursue a master's degree in history but I am really not to sure about it.

I with much regret inform you that I will not be able to make it to the Withridge Family Reunion. I have to attend a family function that weekend. My mother's family is planning a get together of their own that weekend. I promised her that I would go and help out with stuff like cooking and setting up.

It would have been wonderful to meet all the North American Witheridges. I have asked Katy if there is anything I can help with and to keep me posted about the latest on goings with the reunion. Katy, has been very gracious about doing so and even sent me an invitation. It looks like it will be a wonderful celebration of family and their roles in our shared common heritage. I hope to be able to attend the next event and be able to meet you than as well.

I apologize once again. This time about the tardiness of this e-mail. I am currently in the process of moving with my parents to a larger house. I have not been able to access my computer very much within the past few days. My summer class has also kept me from using the computer.

It was wonderful to hear from and you. I hope everything is going well for you. :)

I very much hope to hear from you soon. :) Thanks once again for all your help.

Jill.

Dear Jill,

Just a quick reply to your E-mail. I was gad to hear that things are going well with you and that you are moving toward graduation from college next year.

I know that Kathy will be sorry to hear that you will be unable to go to the reunion, but you have very good reason.

Thank you for your new address. I almost feel as though I know you, even though we have never met. I hope we can continue to keep in touch.

Dear Jill,

I feel as though I have been out of touch with you for a long time, but I do think of you from time to time and hope things are going well with you. I suppose by now you have graduated from college and are now in graduate school or working somewhere. I hope that your e-mail address is still the same and that this reaches you.

Kathy Witheridge and I have exchanged some e-mail messages in recent weeks about the ancestry of the New Jersey Witheridges in South Milton (your family). She was also doing some research on the Witheridge family in Pennsylvania that stems back to Tavistock in England.

In my correspondence with Kathy about the South Milton family I realized that she did not have the final form of my family group sheets for the family. She was therefore unaware of the two Francis George Witheridges--one, born in 1851, the son of William Witheridge and Mary Hannaford; the other, born in 1868, the son of Andrew Hannaford Witheridge and Elizabeth Hannaford. The first Francis George Witheridge died in England in 1863 at the age of twelve. The second Francis George Witheridge came to America and was the one who married Katherine Bower.

Kathy's computer had these two Francis George Witheridges confused and showed that the first one was the one who came to America. She said that you told her that the Francis George Witheridge who married Katherine Bower was the son of William Witheridge and Mary Hannaford. This made me think that when I first sent you the information about he family in South Milton, I probably did not know about the two Francis George Witheridges and therefore sent you the wrong information. I'm very sorry about this, and I'm going to make photocopies of my final family group sheets and send them to you. Then you can either mark the old sheets as incorrect or throw them out. As you will see, I have never taken the time to transcribe all the information you sent me about the descendants of Francis G. Witheridge and Katherine Bower onto my family group sheets.

If this is all very confusing, it is at least a good lesson in genealogy. No family history is ever completely final and accurate. There is always the possibility that something more complete or accurate will turn up some day.

The last address I have for you is [redacted], Rutherford, NJ 07070. Please let me know if this is still correct, so I can mail out the family group sheets.

Sincerely,

David

Hi David!

It is so wonderful to hear from you. I too have thought of you often because I have reknewed my family history knowledge. Also, in recent years it has been a chore just to keep up with the additions/marriages to the family. I am very glad to see you are well.

I have finally graduated college! Yippe! It seems like it took me forever to get out the door but I have finally reached that point. The past year and half has been a little busy mainly adjusting to life after college and thinking about returning for an MA in history.

I have been pursing genealogy but I have kind of reached a slow point. In the past few months, I just got a new genealogy program that allows me to interegrate different aspects of geneolgy including pictures, mailing addresses etc. This really has been my main focus over the past few months.

I was a little confused about Kathy's e-mail. THank you for straightening it out for me. I took as a misprint in my records so I began researching to find out more about Kathy Bower and Francis Witheridge. I wasn't having very much success sadly. However, now I understand it completely!!

My address correct address is
Jill A. Pierson
74 Eastern Way
Rutherford, NJ 07070.

Thank you so much for clearing this all up! I will send you the updates to the family history as soon as I finish keying everything into the system.

Have a wonderful day!!

Hi.

Thank you so much for sending the information about the Witheridge family history. The information you gave me has been the latest chit chat around the house. It is so hard to believe our family history extends so far back. It is absolutlely amazing!!!!

Anyway, I have one question. Which Witheridge ancestor are you descended from? I am just curious. Our family history is so large and it sometimes seems very difficult to keep it all straight.

Once again, thank you for all your help!

Jill

Hi, Jill,

I'm glad you and your family enjoyed looking at the Witheridge family information.

My family line goes back to two towns in North Devon. My grandfather, William Witheridge, was born in Combe Martin, and his ancestors had lived there hundreds of years. Originally they were from Berrynarbor, a smaller town just a few miles away. I have the records going back to about 1500 in Berrynarbor, but that is as far back as we can get, because that is when the parish registers began.

Some members of the Witheridge Society think the South Devon Witheridges, which yours were, started separately from the North Devon Witheridges. However, I think that both branches stem back to the North Devon town of Witheridge and that we are all somehow related, though we may never be able to find any records that far back.

Sincerely,

David

Dear Rev. Witheridge,

When I joined the D.F.H.S recently your name and address was given to me as researching Blackmore in Nth Devon.

I dont know if the enclosed piece of information is of any use to you as North Devon is a fairly large area so this lady might be nothing to do with your family.

I needed the details as the lady married into the Prust family that I'm trying to trace.

Bickington is a small village about two miles from Barnstaple, and is in the Parish of Fremington

Dear Mrs Prust:

Thank you very much for your recent note about the records on Sarah Ann Blackmore in the Fremington Parish Registers. I have added this information to my records, but at this point I do not see any connection between my Blackmore family and hers.

As you said, North Devon is a large area. My family lived mainly in Combe Martin and Berrynarbor, but they naturally spread out to other towns as well. I trace my Witheridge ancestry back to 1550 in Berrynarbor.

I am interested to find someone working on genealogy who lives in Barnstaple. Do you ever do research at the North Devon Athenaeum? My wife Elizabeth and I spent a few hours there when we were visiting Devon in 1980. There might be times when I would appreciate a little help from you there.

I have been glad to see that there is an active North Devon Group in the Devon Family History Society, and I assume you have occasionally met with them. I'm thinking of writing to that group and asking them to read or post my letter. I find that I am descended from 19 different families in North Devon and am related by marriage to dozens of others.

My ancestral lines are Barry, Blackmore, Davis, Dear, Harris, Ley, Mogridge, Norman, Northcott, Parke, Pine, Pugsley, Pyle, Reed, Sherman, Simons, Webber, Wilke, and Witheridge.

Thank you for writing. I hope to hear from you again.

Yours sincerely,

David E. Witheridge

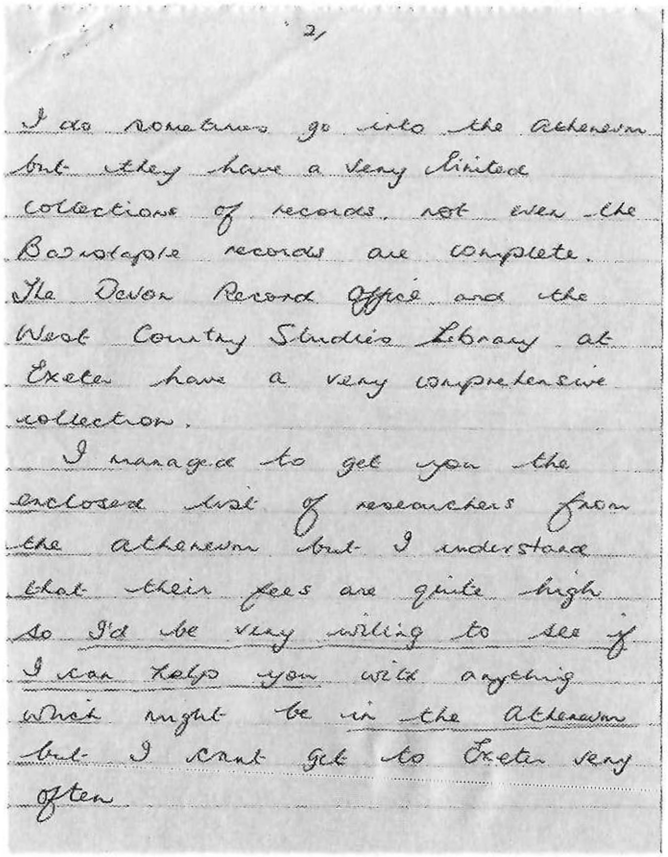
Dear Rev. Witheridge,

Many thanks for you reply to my letter, I'm sorry it wasn't any help to you but it was only a long shot anyway. Have you been researching your ancestors for a long period? you must feel really proud to be able to trace them back to 1550. Do you have any connection with the village of Witheridge, near Tiverton?

All your other surnames were really good north Devon names too aren't they?



2,

I do sometimes go into the Atheneum but they have a very limited collections of records, not even the Barnstaple records are complete. The Devon Record Office and the West Country Studies Library at Exeter have a very comprehensive collection.

I managed to get you the enclosed list of researchers from the atheneum but I understand that their fees are quite high so I'd be very willing to see if I can help you with anything which might be in the atheneum but I cant get to Exeter very often

The North Devon F.H.S. do publish letters for people at their monthly meetings and the lady to write to is: Mrs. M. SNETZLER, BARCOTT, BUCKLAND BREWER, BIDEFORD EX 39. 5LN

Meanwhile, if I can help you in any way please let me know.

Yours sincerely.

Dear Lyn,

It's over three years since you last wrote to me, and I did appreciate all your help, especially at the North Devon Athenaeum. I got involved in other lines—both my wife's and mine—and let the North Devon research go for a while.

Now I am writing to tell you that Mrs. Witheridge (Elizabeth) and I are planning a trip to Britain for a month beginning about May 15th. We'll be spending a week in the London area, and then we expect to hire a car for three weeks and drive through England, Wales, and Scotland.

We don't have our schedule arranged yet, but it looks as though we'll be in North Devon sometime during the week of May 22nd. We'll probably be staying at The Lodge in Berrynarbor, and we have relatives to see in Combe Martin and West Buckland.

In your last letter you said a new library would be built in Barnstaple and many of the records for North Devon would be transferred there from Exeter. Has this been accomplished? If so, it would be useful for us to spend a day in Barnstaple. If we do, perhaps we could arrange to meet you. Do you expect to be there during that week? Perhaps you could be our guest for lunch somewhere near the Athenaeum.

We look forward to hearing from you in the near future.

Yours sincerely,

Dear David & Elizabeth,

Is it really three years sice I last wrote to you? the time passes so quickly. I'm afraid my own research has taken a back seat since then.

My son is now 9 years old and I work at his school every day. I help a 6 year old boy who has social and behaviour problems, he finds it hard to concentrate but with a lot of patience from a lot of people he's begining

to settle into the classroom routines. It's a great feeling to see even a small achievement on his part.

The new library for Barnstaple is due to open on April 11th. Theyre hoping, by then, to have copies of everything at Exeter on Micro film, including the Census returns from 1880, Parish Registers etc. Of course this means staring at little screens for ages which doesn't do much for the eyes! but, hopefully, they'll have some things that will help you.

I'd love to meet you

while youre here if you have time, I'm afraid lunch would be too late as I start work at 11.30 am but coffee would be fine. My phone number is Barnstaple 71345 but we're in the book if you mislay it. The first one.

I dont know whether you knew one line of your family had a coat of arms but there is a new stall in Barnstaple market dealing in researching coats of arms, I'm enclosing what she did for your family name, maybe it will be of interest to you.

It sounds as if your

schedule will be a very full one but you've chosen the time when England looks its best.

Once again, it will be super to meet you if you can spare some time

Yours sincerely

Dear Lyn,

You probably are wondering why you haven't heard from me since you wrote on March 2. The reason is that I've been very busy trying to arrange all the details of our forthcoming trip. I thought I had the Devon portion all settled, but then we had to make some changes because of the May 30th Bank Holiday.

The schedule is now like this: We'll arrive in Exeter on the afternoon of Wednesday, May 25, and stay overnight at the White Hart Hotel. Thursday morning we plan to drive to Barnstaple and do some work at the North Devon Athenaeum until late afternoon, when we'll drive to Berrynarbor and stay overnight at the Lodge. During that evening my relatives in Combe Martin have planned a get-together.

Because you have to be at school by 11:30, I wonder if we could meet you somewhere about 10:00 a.m. Thursday for coffee and a chance to get acquainted. We could come to your house, or maybe you would know a place near the Athenaeum that would be open at that hour. If this won't work out, the only other time I can think of is on our way back to Combe Martin from West Buckland about 2:00 p.m. Saturday after visiting my relatives there.

Perhaps you could drop us a line right away and say where to meet you and at what time. If you can't write soon enough to reach us before we leave for England on May 13, you could send it c/o Mrs. Roy Cook, 18 Hawkhurst Way, West Wickham, Kent BR4 9PF; Ph. 01-777 6012. Kim will be picking us up at the airport and later returning us there. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know how to reach us while we're in Britain.

We look forward to meeting you next month.

Yours sincerely,

David + Elizabeth

Dear David & Elizabeth,

I thought it best to write c/o Mrs Cook as youre departure date was getting nearer and nearer,

I'd love you to come here for coffee but I think it best if I meet you (10:00) outside the New Library as time will be precious for you.

I'm enclosing a little map which might help! ignore the dark green line and

EXETER

September 20, 1988

Dear Lyn,

Our lives have been very hectic since we returned from Britain, and we assume the same has been true for you. We arrived home with severe colds, which lasted several weeks. Then we found they were in the mids of a drought and heat wave here — the worst in many years. So with our colds and the excessive heat, our energy level has been very low, and it has taken forever to complete all that needed doing after our trip — including the writing of many letters!

We look back with great pleasure on the day we spent in Barnstaple. We greatly enjoyed meeting you and having a chance to get acquainted. Thank you for taking the time to meet us near the new library and having coffee with us. We love the enclosed picture, and we'll find it a pleasant reminder of our visit with you. We hope you also like it.

Our trip was a great success, and we were able to do almost everything we had planned. We drove 3,000 miles through England, Scotland, and Wales without a bit of car trouble. It was a special privilege to see our many relatives and friends.

We photocopied some very interesting material at the Barnstaple record office, but I have been so busy that I haven't had time to do it justice yet. However, our one-day trip back to Exeter was cancelled, as we were just too tired that day. That was one of the few things we had to omit on our trip.

I guess that is all for now. Best wishes to you and your family.

Sincerely,

David + Elizabeth

Easter Joy

Many thanks for your letter and the photograph. It will always remind me of the day we met.

I guess you are still ploughing through all the material you collected whilst in England.

If I can help any time I'd be pleased to.

Lyn.

To
David & Elizabeth.

To wish you
happiness
this Easter

With Love.

Dear Mrs. Redburn:

If my information is correct, my father, William Allen Witheridge, was your first cousin. His father, William, was the brother of your mother, Elizabeth Witheridge Chivers.

When Father died a year ago, I realized how little we knew about his family, and I began to piece together what information I could discover. I have learned a great deal in the last year, but this is very slow business. Those with whom I have talked or corresponded have known so little, and most are slow in replying.

Last summer I had a good talk with your brother George in Auburn, and he told me many things I had never heard. From my Aunt Clara Mae Witheridge Marquis I got the [redacted] one of the Adams relatives in England, but I have had no reply to my letters.

I am pleased to know that you and your brother Edgar are living in Lansing. Until recently I did not even know we had any relatives there. I am hoping I shall get to meet you and that you may be able to help in telling me more about our family.

Edgar

Next month we plan to come to Michigan for a visit. It would be a great pleasure if we could stop and see you on our way through Lansing. I think we'll be going through on Sunday, August 16. Do you think you'll be home on that day?

In the meantime I'd love to hear from you and to know something about you and your family. Maybe you'd tell me also about Edgar and his family. It seems strange that I could have lived nearly fifty years, over half of which was spent in Michigan, and yet I have not known of your part of our family. Do you correspond with any relatives in England? If so, would you please give me their addresses?

As you can see, I am a minister. After a number of years as a Baptist pastor, I came to Minneapolis to be in charge of the local council of churches. My wife [redacted]abeth and I both grew up in the First Baptist Church of Saginaw. We have two sons: Jim, who just graduated from high school; and Tom, who will be a senior this fall.

I do look forward to hearing from you soon and to seeing you in August.

Yours sincerely,

Aug. 1, 1964.

Dear Mr. Fritheridge:

I received your letter and will try to answer it to the best of my ability.

First I should tell you that neither my brother & wife or us, expect to be home during the month of August. Edgar & Mabel have a cottage about fifty miles from here & they have been gone and there since June & don't expect to be back until September. Both my husband, George, & Edgar are retired now. We have five children who have cottages at different lakes so we spend most of our time ② at one of them. My husband's eyes are failing so he doesn't drive & neither do I, so we are quite tied up during the winter, so we like to spend our summers away. We are sorry about this.

Now I will try to answer a few of your questions. Yes, your grandfather was my mother's brother. When we came to this country in 1908 we came to your grandfather's place on Warren Ave. My folks went on to St. Charles but because they thought Saginaw schools were better than St. Charles's schools, they decided to board me at your Grandfathers & go to school in Saginaw. Till

I liked the schools because they were more like the ones I had attended but I didn't like being away from home. so finally after about 1½ yrs they decided I could go to St. Charles school. During this time I got to know your dad & mother although they weren't married when we first came here. It does seem odd that you didn't know we lived in Lansing because I know your mother and dad knew we lived in Lansing. We have been here almost 40 yrs. The last time we saw your dad & mother was when my brother George's wife was buried in the mausoleum in [illegible]. We had a long talk

with them at that time.

Edgar & Mabel have two daughters living here in Lansing. We have seven children. They are all married and doing well & have nice families. Our first Granddaughter is getting married next Saturday. All our children but one, live around or near Lansing. Our oldest daughter who is a registered nurse, lives in Mankato Minn. but expects to move soon. Her husband is a postal inspector and he has been promoted just lately so they know they will have to move soon.

By the way my brother George has just had two quite

serious operations. He is
with his daughter now in
Auburn.

I do have a sister-in-law
in Wales (my brother John's
wife.) He passed away 7 or 8
years ago. She is about
80 years of age now &
I'm sure she doesn't know
anything about the family.
Uncle John & Aunt Susie
Adams (my mother's sister)
have been gone for some
time. We loved them very
much. They were so nice
to us when we were
children. I don't know anything
about their children.

I'm sorry I can't give
you any more information.

Sincerely
Elizabeth Redburn

August 9, 1964

Dear Mrs. Redburn:

I guess I really should call you "Cousin Elizabeth." It was very gratifying to get your letter with all its information. I suppose I should have known more about you, but I have a poor memory. My wife Elizabeth says she remembers that Mother and Father spoke of visiting you in Lansing.

We were sorry to hear that your brother George had had two operations, and we hope he is doing well now. I take it you mean he has now moved in with his daughter Gladys in Auburn. My brother John and I did so much enjoy our conversation with him last summer.

George had an old family Bible with some records that gave me my first start on the Witheridge and Chivers relationships. Do you have any old records or letters or memoirs of your parents or grandparents. These things get lost so easily, and they are irreplaceable.

I note that you came to this country in 1908. According to my record, your Grandmother and Grandfather Witheridge both died in Cwmaman, So. Wales, in 1905. Did you live at all near them, and did you know them? If so, what are some of your memories of them? I would so like to know everything you know about them.

It was interesting to hear that you had lived for a time with my grandmother and grandfather. What did Grandfather do in Saginaw when you first knew him? I knew him only slightly as a boy, since he left for California when I was only about six, I believe. Anything you can remember about them would interest me greatly.

I have written to Mrs. John Chivers in England and had a nice letter back. I'm hoping she can put me in touch with Edgar Adams, a ~~grand~~son of John and Susie Adams.

DEW corrected "grandson" to "son" →

It's wonderful to hear about your children and grandchildren. They must be quite a joy to you. Would you please fill in the enclosed form, giving the information about you and your husband, and listing all your children? I am especially interested to know that you have a daughter who has been living in Mankato. Please give me her address. Maybe we can get together some time.

We are really sorry that you will not be in Lansing during August, as we would so love to meet you and others in your family. Perhaps some time it will work out. In the meantime, we hope to hear from you again soon.

Yours sincerely,

Dear Mrs. Rodburn:

About the middle of September we shall be visiting in Saginaw, and I hope we may have time for at least a brief visit with you as we pass through Lansing.

This is going to be a hurried trip, as we shall be on our way home from a trip out east. As things look now, we expect to be driving from Saginaw to Chicago on Saturday, September 18.

Do you think you are apt to be in Lansing on that date, or will you still be out at the lake? If you are going to be in Lansing, we could try to stop for about an hour and get acquainted.

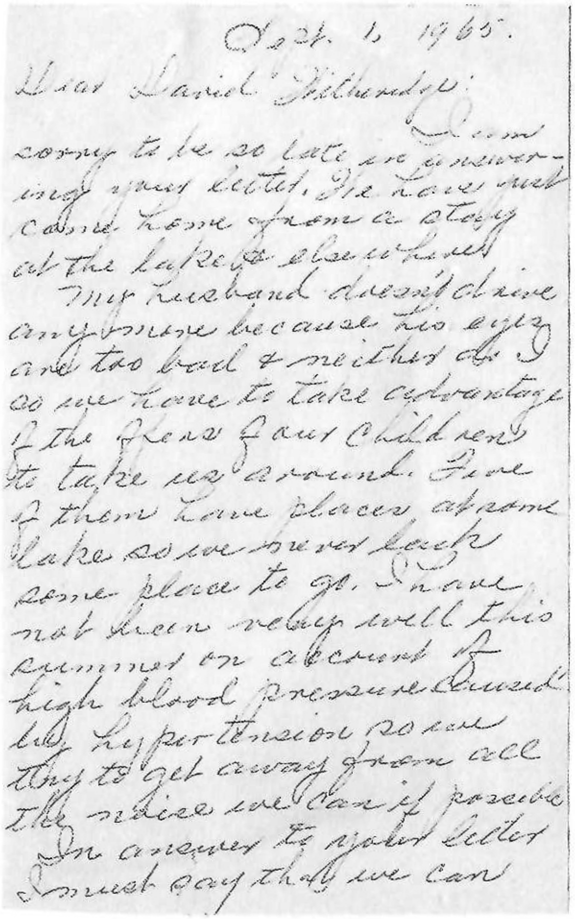
Since writing to you last year, I have had some interesting correspondence with Susannah Adams Argust, who I guess is a first cousin of yours. She is the only Witheridge descendant in England with whom I have had correspondence.

Where is your daughter now, who was living in Mankato? I am sorry that we never had a chance to meet her.

I'll be looking forward to a note from you letting us know whether or not you will be in Lansing on Sept. 18.

Yours sincerely,

David E. Witheridge



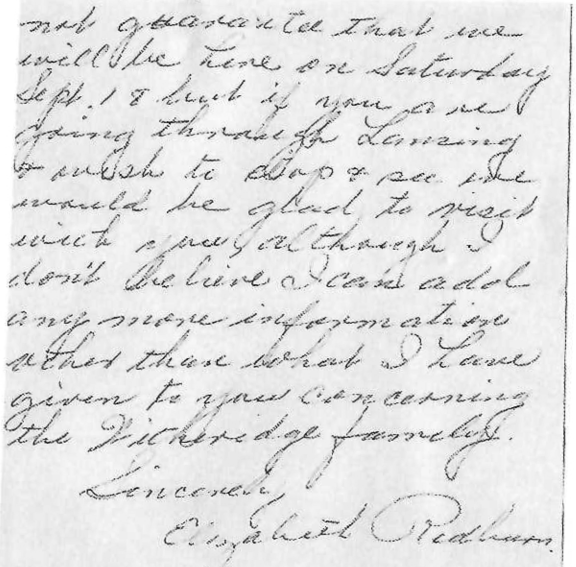
Sept. 1 1965.

Dear David Witheridge:

I am sorry to be so late in answering your letter. We have just came home from a stay at the lake & elsewhere.

My husband doesn't drive anymore because his eyes are too bad & neither do I so we have to take advantage of the few of our Children's to take us around. Five of them have places at some lake so we never lack some place to go. I have not been very well this summer on account of high blood pressure caused by hypertension so we try to get away from all the noise we can if possible.

In answer to your letter I must say that we can



not guarantee that we will be here on Saturday Sept. 18 but if you are going through Lansing & wish to stop & see we would be glad to visit with you, although I don't believe I can add any more information other than what I have given to you concerning the Witheridge family.

Dear Mrs Rathburn,

Once again I hope you will be in Lansing when my wife Elizabeth and I will be coming through. We have planned a trip east and expect to be in Lansing about Tuesday, July 11.

I know you are often with your children at their cottages, but I hope this may be a time when you will be home, as we do want to meet you.

If you are not going to be there, is your brother Edgar or his wife going to be in town? Or perhaps one or more of your children or his will be in town. You can see I really do want to make contact with your family. Please let me know.

Sincerely,
Dave Witheridge

Dear Mrs. Rathburn,

Just a note to say we still plan to be in Lansing next Tuesday, July 11. We are delighted to know that you may be here. We have some other things to do there, and we'll call you when we get to town.

Sorry to hear of your brother George's death. I know he was very ill toward the end.

We look forward to meeting you. If we can't reach you, we'll know your plans changed.

Dear Mr & Mrs. Witheridge:

In answer to your letter of a few days ago I would like to say that as far as we know now we will be home July 11, although as I told you last summer it all depends on when & where our children wish to take us as we do not now drive ourselves. As concerns my brother Edgar, he & his wife go to their cottage in June & stay until September. They do not come back & forth. As for their children I have no idea what their plans for the summer are. Our children plan all their vacations during July because we have found that here in Michigan July is the warmest month of the year.

My brother George, whom I think you met, passed away last Dec. 23rd & was buried the day after Christmas. He was 86 years old.

Sincerely

Elizabeth Radburn.

Dear Ada:

I can't believe it, but it's three years since Elizabeth and I stopped in Lansing to visit with your Aunt Elizabeth and had the added bonus of meeting you.

At that time I took the enclosed picture, which I thought was very good of all three of you, if I do say so myself! I got some extra copies and intended to send you one, but couldn't do it right then. Every so often I would think about it when I couldn't do anything about it. Now I am on vacation and trying to catch up on some long overdue correspondence.

I'll tell you right away about the enclosed chart. As you can see, it depicts your own ancestry, as far as I know it. For several years now I have had genealogy as a hobby and have been digging into all of my lines and all of Elizabeth's. It is an interesting and time-consuming activity.

[The chart was not in the file] →

I think everyone should try to pass on to his or her children the kind of information on the enclosed chart. At any rate, I thought you'd be interested in having this and perhaps filling in or correcting parts that I am not familiar with. If you want to ask me about this chart or how to find some of the information, Id be glad to hear from you.

As I said, we are on vacation at this time. We haven't taken a long trip, as we sometimes do, but have taken several three-day weekend trips to various parts of Minnesota. Last weekend we went up to International Falls at the northern tip of Minnesota, crossed over into Canada, drove straight east through beautiful Canadian lake and woods country to a new city, Thunder Bay, created out of Fort William and Port Arthur, then proceeded home down the North Shore of Lake Superior. It was a wonderful, relaxing trip.

I think we told you that Elizabeth writes books for children. She is now working on a book about an American Indian boy who grows up on a reservation, goes to college, and returns to teach near the reservation. It should be published in about a year.

Well, that's all for now. Do write and tell us a little more about your family and interests. It was good to meet a second cousin I hadn't known before!

Yours sincerely,

David E. Witheridge

Dear Cousin Elizabeth:

I've thought of you often over the last three years since Elizabeth and I had that most delightful visit with you in Lansing. We felt so much at home with you and George, and you were able to give me a great deal of family information.

The enclosed pictures were so good that I had some extra copies made, but then I got so busy I couldn't find time to send them out. Don't you think they are outstanding? You are all so good looking!

Right now I am on vacation and catching up on my correspondence. I am also doing some work on my favorite hobby--genealogy. There is no end to the work involved and the problems to be solved. When I think how little I know about my ancestry and relatives when I started about six years ago, and how much more I know now, I am quite pleased.

You are probably visiting at the lake in one of your children's cottages. I think you are so lucky to have them near.

Elizabeth and I are not taking a long trip this summer but going away for three-day weekend trips around our own state, which is big enough to provide lots of variety.

As I said, I'm also working on genealogy during my vacation. A year or so ago I began some extensive correspondence with Witheridges in England, but still haven't found anyone who knows anything about family history.

The best information I've received so far was from the rector of the church at Combe Martin, Devon. He checked the parish register and sent me a list of all the Witheridge and Blackmore baptisms there from 1817 to 1853, plus some marriages and funerals.

Uncle Ed Witheridge took a trip to England and Wales a few years ago and sent me some interesting pictures. There is a family of Witheridges still in Devon that we know are related to us. Are you acquainted with them and do you ever correspond with them?

There are two brothers--William John and Charles George. Their father, whose name is also William John, lives with Charles George. The father is a nephew of your grandfather, John Witheridge, so he is a first cousin of your mother, and you are a second cousin of the brothers, William John and Charles George. If you know anything about that family, I'd be glad to hear about it. When you were living in Wales, did you ever visit in Devon?

I hear occasionally form the Witheridges out west--particularly Uncle Ed Witheridge and Aunt Clara Mae Marquis. I suppose you heard that my Uncle John Witheridge died in April of this year.

After his wife Mable died, Uncle Ed married a very fine woman by the name of Margaret. Uncle Ed has been in the hospital several times for cataract operations.

I do hope you and George are having good health this year. I'd enjoy having a letter from you when you have time.

Yours sincerely,

David E. Witheridge

P.S. Could you send me the addresses of your brother George's children, Frank and Gladys?

Dear Rev. Witheridge,

Thank you for your letter of August 16. When I sent the information to the Devon Family Historian, hadjust discovered my great-grandparents wedding record in the I.G.I. showing they were married in Berrynarbor.

Since that time, have seen the 1851 census. My grandfather, James Hicks, was one year old; his father, Thomas, was sixty-four, a carpenter, who was born in Berrynarbor. His mother, Jane Langdon, was forty-three, and was born in St. Austell, Cornwall.

A young man from north Wales saw The Devon Family Historian saw my inquiry. He was spending his vacation in a flat at Water mouth Castle, which he says is down the road from Berrynarbor. He visited the cemetery and copied the Hicks Tombstone inscriptions that he could find, and sent a photograph of Thomas and Jane Hicks' tombstone.

He was not a member of the Hicks family in anyway. From what he said in his letter, think it was the Phoenix, Arizona which attracted him. No matter what, it was greatly appreciated. He said that it was highly unlikely that he would be returning to Devon soon, but he would be glad to help anyone that was searching in north Wales.

I have gone through the I.G.I. for the family, but still have not located the transcript of the Parish Register. Do most of my searching at two different Mormon Brach Libraries or the state archives.

Thank you again,

I was so pleased to receive the letter from you, as I make it out, you are Edward's sister-in-law. Well, I must say I am sorry to be so long in replying to your letter, I haven't been very well, I had a serious operation about a year ago and I still get the effects of it off and on, but I feel much better now, and I cannot travel very far, that is enough about me.

Janice was not "Edward's" sister-in-law, except possibly in her own family. — TFW, Apr. 11, 2022

About our Family going out to U.S.A. I don't know when or how many, All I have got is my father's marriage record. He, Josiah Richards Allen, married a Sarah Jones of Llandow Cowbridge on December 26th 1881, and that my grandfather's name was William Allen. I don't know what grandma name was. At that time my grandfather was a Furnace manager in the Aberdare Valley, and my father was a winder in the Colliery at Cilfach Goch and we were a family of six. My brother Sidney, he was the elder, went to USA in 1915 he died there. I am next, Eva Mildred, they call me Milly. Another brother Archie, another Lawson, another Roy, and a sister Eileen. It's only Roy, Eileen & me left now, Of course it's nice to keep in touch with relatives, because we are getting less. When Edward came here last year, my son Bill & I met them at Cardiff. I knew Edward as soon as I saw him. He I thought was exactly like Uncle Elijah, and Edward knew me by Clara, he said, so the family likeness must be very strong. I will send some snaps as soon as we can take some.

I hear from Edward and Elona very often.

My son, he is an Art Master in the Grammar school for boys in Cardiff. He travels back and for everyday. He is 43 years of age, still single.

My husband Will, he is a retired Police Supt. He is 70. He retired about 15 years ago and enjoying it. I am 67 yrs. So we are all creeping on, the years are slipping by too quickly. No more news, but do write again, Shall love to hear from you. All the best.

With love to All.

England

Dear Mrs. Roberts:

First, let me introduce myself. I am a son of your first cousin, William Allen Witheridge. When my father died in May of 1965, I began to realize how little I knew about his family or his ancestors. So I have been trying to get as much information as possible. It is not easy, as you can imagine.

On the Allen side I have received most of my new information from Rev. Arthur V. Allen (Elijah's son), and some from my Uncle Ed Witheridge and my Aunt Clara Mae Marquis. They have given me your address, and I am hoping you will be able to help me.

A few weeks ago we were visiting my brother John and his wife Janice in Saginaw, Michigan. They showed me the interesting letter you wrote to them in April. I took down some of the information, but now I have some other questions to ask.

I should tell you a little more about myself and my family. As you can see, I am a minister. For thirteen years I have been in charge of the Greater Minneapolis Council of Churches. Before that I was a Baptist pastor. I grew up in Saginaw and started out as a heating and ventilating engineer. After graduating from the University of Michigan, I worked with father, who was a manufacturer's agent in Saginaw. Then, after four years, I decided to enter the ministry and went to the seminary in Rochester, N.Y.

My wife Elizabeth also grew up in Saginaw and was a kindergarten teacher. Lately she has been writing books for children and has now published four. We have two sons. Jim is seventeen and will be starting at the University of Minnesota this month. Tom is sixteen and is a high school senior. I thought you would like to have a picture of our family, so I am enclosing one. The girl, Jennifer Ward, is my niece--my sister Louise's daughter. Her brother [illegible] is the one who spent two years in London at the Royal College of Music.

Now, for some information you may be able to give me. You will see that I have enclosed two forms to be filled out. The first one is the record of your mother and father and all their children. Please give middle names, if any, and all the dates and places you know.

The other form is one on which I would appreciate your placing the addresses of your various relatives. I have given the names of some, but I'd also like to have any others you have, such as nieces, nephews, or cousins.

Arthur Allen sent me the names of two daughters of Elizabeth Allen Jones--Mrs. Christina Morris and Mrs. Nelly Allen. Did Elizabeth have any other children?

Did your Uncle Stephen Allen and your Aunt Mary Ann Cook have any children, and do you have the addresses of any of their descendants?

You told John and Janice that your brother Sidney came to the U.S.A. in 1914. Could you tell me more about him? Where did he live over here and what did he do? Where and when did he die? Was he married, and did he have any children?

I know you have a son William. Did you have any other children? I'd love to have a picture of you and your family, if you have one. Do you by any chance have pictures of your parents and your Grandfather and Grandmother Allen? If you could have copies made, I'd be delighted to pay the cost. Since your son is in art school, he could probably find out how to have this done. Please tell me all you can remember about your grandparents (my great-grandparents) William and Christiana Allen.

Now I must close, but I hope to hear from you soon.

Your cousin,

David [illegible]

Dear David, & All.

I expect you had my Air letter, I will remember writing

Bill Roberts → this letter today its my Son Bill, Birthday he is 43. the only one. You will find enclosed a chart of the Family, as near as we can get it, at present, we know very little about the American branches of the family, & if you could fill in the gaps for us we would be grateful, I was speaking to my Sister

Mattie Eileen Allen (b. 1904) → Eileen on the phone, she could remember only Clara, but She thinks that our brother Sydney, died out there during the war time, he died very suddenly. She knew the address where he lived. The Aunts on my mother's side are all gone now, of course they would know quite a lot about the family, the last of them died about 12 months ago, she was 93 and the youngest of them all, they all lived to a ripe old age. Papa was 70, and Ma was 84 when they died.

I am sorry, we havnt had any snaps taken as yet, and now our weather is bad, so very foggy. I hope you will be able to follow this chart.

As far as the Swansea folks, Cecil Jones and his wife are parted this 2 years, so everything there is dumb. of course Cecil Jones, lived for years over there, my brother Sydney, & he went abroad together during the first war, I dont know what went wrong with their friendship, each went their ways. Cecil is 72, if my brother lived he would be 70. Well, if we have some more information, I shall let you know.

Trusting all over there are quite well.

All the Best.

With Love to all

Milly.

Dear Bill:

See the next document →

This letter, of course, is also for your mother, and perhaps I should have addressed it to her. But I am writing to you because you were kind enough to make the chart of the Allen family. I know it took a great deal of time, and I did appreciate getting it. It contained much information I did not know.

I'm sorry I haven't written to supply the missing information that I have. I haven't been able to stick at it, but off and on I have worked on such additions and corrections as I have. In recent months I have been designing a totally new form for such a genealogical chart, and I am quite pleased with the basic form I have worked out. However, it is time consuming to complete this, and I still have a ways to go. I decided not to wait until the chart is finished before writing you.

You will immediately note the pictures enclosed. I want some help in identifying two of them. First of all, is this couple your mother's father and mother, Josiah Allen and Sarah [redacted] If not, do you know who they are?

Sarah → Jones

The other picture Arthur Allen sent with the information that it was "Sal." Have I identified this picture correctly as Sarah Jones Allen (Mrs. Wilfred Lawson Allen)? Your chart seems to say that Sarah Jones ("Sal"), daughter of Elizabeth Allen and John Jones, first married Jack Allen (a cousin), son of Stephen and Emily Allen, and later married Wilfred Lawson Allen, your uncle, who died in 1957?

Is "Sal" still living; and, if so, can you give me her present address? If her son, Ralph Allen, is living, what is his address?

While speaking about pictures, let me explain the other one. Our younger son, Tom, is a freshman at Oberlin College in Ohio. He doesn't intend to be an artist. He is heading for a career in law. But he has always been interested in drawing and, in fact, has shown some talent in that direction.

Because you are an art master, Bill, I thought you would be interested in this picture he did. When we visited him at college a couple of months ago, we found it on the wall in the art department and photographed it for posterity! It's supposed to be an object in motion, I guess.

We've never known where he got his artistic talent, but apparently at least some of it came from the Allen side. It was interesting to discover that you are an art teacher. I understand, too, that Cecil Jones is a sculptor. Did he follow this line of work through most of his career? Were there any others in the Allen family with artistic talents?

By the way, you won't have to return any of these pictures. I have the negatives for all of them.

One other question I have: Was Sarah Jones, your grandmother, related to John Jones, who married your mother's aunt, Elizabeth Allen? When the same family name appears twice in a genealogy, it becomes confusing to one at this distance.

Again I say that I am sorry I have not finished my chart of the Allen family, but one of these days I'll be sending it to you. I'll be looking for a letter from you.

Yours sincerely,

David E. Etheridge

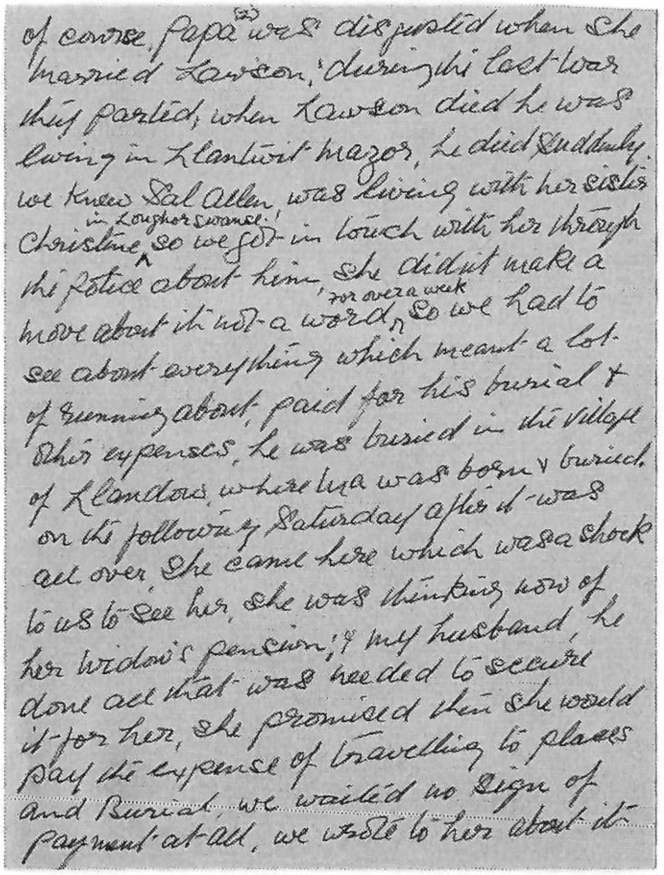
Dear David

Received your Air mail with pleasure, yes it's hard work setting a family Tree. yes, it's my papa & Ma I think he was older than Uncle Elijah, it's right about Sal Allen, married Jack Allen, he was a manager of a Brickyard near Aberdare, then She married my brother Lawson Allen. her son Ralph, and Lawson there was very little difference in their ages.

← See preceding chart by Bill Roberts



of course, papa was disgusted when She married Lawson, during the last war they parted, when Lawson died he was living in Llantwit Major, he died Suddenly. we knew Sal Allen, was living with her sister Christine in Loughor Swansea, so we got in touch with her through the Police about him, She didn't make a move about it not a word for over a week, So we had to see about everything which meant a lot of running about, paid for his burial & other expenses, he was buried in the village of Llandow, where Ma was born & buried. on the following Saturday after it was all over, She came here which was a shock to us to see her, she was thinking now of her widow's pension; & my husband, he done all that was needed to secure it for her, she promised then she would pay the expense of travelling to places and Burial, we waited no sign of payment at all, we wrote to her about it

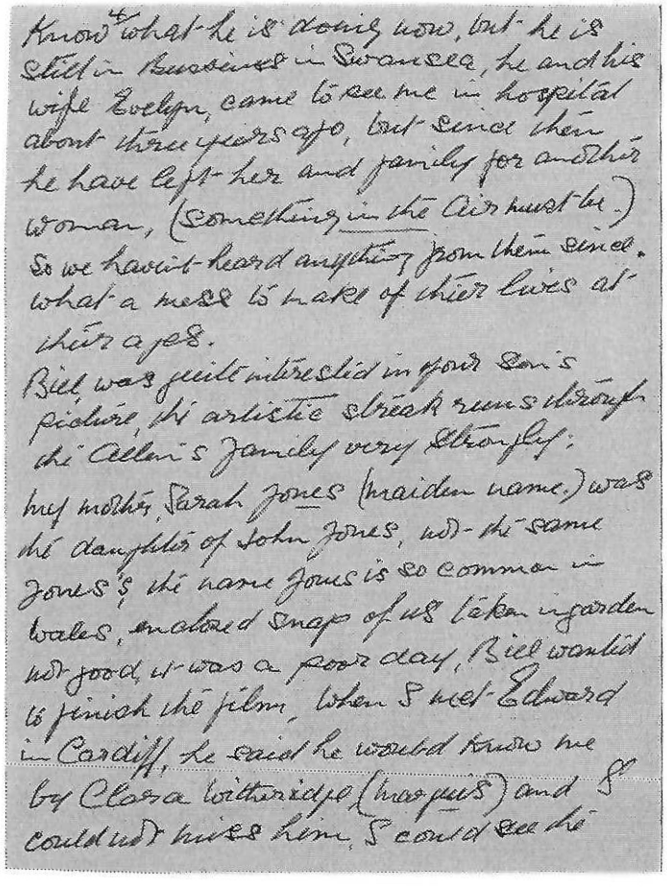
no reply she had received her pension,
also the Post War money he had due to
him, she never paid a penny, which was
her duty to do so it was her husband,
the next thing we heard she was living with
Ralph, for a short time, she was not a
poor woman she had money. next she
left money to her grandsons, and went
into an old Ladies home somewhere
in Swansea, I had a letter from Clara
a few weeks ago telling me Sal Allen had
died, when, I dont know, and of course
not interestid after that dirty trick
she done with us, she didnt mind
that we were on pension, yes, her son
Ralph is living somewhere in Swansea.
well, Cecil Jones, the sculptor I dont



know what he is doing now, but he is
still in Business in Swansea, he and his
wife Evelyn, came to see me in hospital
about three years ago, but since then
he have left her and family for another
woman, (something in the Air must be.)
So we havent heard anything from them since.
what a mess to make of thier lives at
thier ages.

Bill was quite interested in your Son's
picture, the artistic streak runs through
the Allen's family very strongly;
my mother, Sarah Jones (maiden name) was
the daughter of John Jones, not the same

Family likness so strong. So sorry to hear of Clara's husband passing, he have been ill quite a time. Do you know my sister's Eileen's, daughter is staying with Edward's Son Robert; in California. her name is Kathleen, she has been out here since Sept-last; she has a Sec-job to a Dr. I hope you will be able to understand this scraul. + family. who ~~kno~~ knows perhaps someday we may meet them what a chapter to tell. By the way, thank you for pictures very kind of you to go to the trouble. how familiar they were.

if any more news, and snaps I shall send them on to you. Trusting this will find you all well.

October 22, 1966

Dear Milly, Will, and Bill:

The news about the children and others in Aberfan is so dreadful, that I just had to write at once and tell you we can hardly keep them out of our minds. As you can see, the papers here gave a great deal of space to this tragedy on the front page. Last night we had some direct television coverage via satellite.

I immediately looked up Aberfan on a map of England I have, and I found it is half way between Pontypridd and Merthyr Tydfil, so I realized that you and Eileen's family must be very close to the scene of this disaster. You probably even know some of the families involved. I realized, too, that I have other ties to that area. My father was born in Porth, and his grandfather and grandmother, John and Clara Witheridge, died in Cwmaman, Aberdare.

Perhaps Eileen's husband, Dr. Monnolly, was called to Aberfan to help. I want to write to them , too, and send some of the clippings from our paper. In spite of the fact that it costs quite a bit of postage, I am sending more than just the story of the tip slide, as I thought you would be interested in some of the other articles, too. It's just an ordinary day's paper, and you'll get an idea of some of the issues we discuss. At any rate, you can see how important we considered the Aberfan affair. We shall look forward to further word from you.

Thank you for your letter in May. I was glad to get the information you gave. I need to hear more about all those relatives in Wales in order to keep all the families straight in my mind. Yes, it seems that every family has its share of human problems and heartaches. I can only hope that things are running more smoothly at present.

I'm still working on the genealogical chart I promised you. You must think I was kidding when I said in May I'd be sending you a copy! However, it really is a big project, and I think you will like it when it finally arrives. It's a circular chart showing all the descendants of William and Christiana Allen I know about. I had to get an enlargement of the basic circular graph before I could really start, and now I have the first draft complete and must make a tracing from which to have copies made.

One of these days I hope to make contact with Kathleen Monnolly, and I hope she is still living with Robert Witheridge in Granada Hills, Calif. I must confess I have never corresponded with Robert, but I must do so to bring my family history up to date.

One thing you could help me with is the addresses of all the other Allen descendants you know about in England. Bill listed only the addresses of Royden Allen, Mrs. William Monnolly, and Cecil Jones on the chart, and perhaps Cecil's is now inaccurate.

Another way I want to investigate is through newspapers that might have obituaries with further information. Perhaps you could get for me the names and addresses of newspapers that would cover such towns as Aberaman, Cwmaman, Aberdare, and Bridgend. I'd also love to receive a larger map of Glamorgan than I have on my map of England.

Now I must close. Again I want to say how distressed we are about the tip slide over there. Please tell the people in your area that many of us in America are praying for these stricken families.

Yours sincerely,

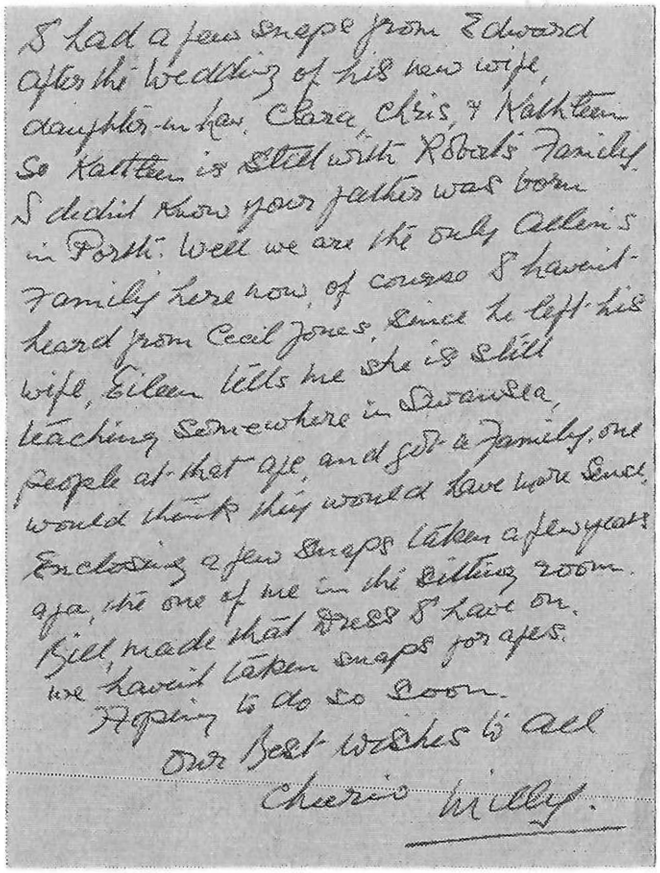
Dear David & Family.

So pleased to hear from you, yes, this disaster have numbed everyone it's awfull. I am sending you a very clear map which you will find most interesting. I rang Eileen up, asking her to send you the Merthyr Express, we don't get that paper down here, I am sending you other daily papers of more pictures, also enclosing addresses of different newspapers.



I had a few snaps from Edward after the wedding of his new wife, daughter-in-law, Clara, Chris, & Kathleen. So Kathleen is still with Robert's Family. I didn't know your father was born in Porth. Well we are the only Allen's Family here now, of course I haven't heard from Cecil Jones, since he left his wife, Eileen tells me she is still teaching somewhere in Swansea, people at that age, and got a family, one would think they would have more sense. Enclosing a few snaps taken a few years ago, the one of me in the sitting room. Bill made that dress I have on. We haven't taken snaps for ages. Hoping to do so soon.

Our Best wishes to all

Dear Milly, Will, and Bill:

Here at last is the chart of the Allen family I told you I was working on. As you can see, it was a big job, and it is still incomplete. I hope you will immediately look for all the corrections and additions you can make and send them to me.

Of course, the biggest hole in my information is concerning the Jones and Morris families. If you can find the address of anyone in that branch of the family with whom I could correspond, I'd be very grateful.

The map you sent is very wonderful. It shows all the places I am interested in, and it makes your area seem so much more real to me. I only wish I knew how to pronounce all those names. I pronounce them a certain way in my mind, but I'm probably all wrong.

I greatly appreciated the paper sent me by Eileen about the Aberfan tragedy. The pictures and stories made a deep impression on us. I do hope they are doing something quickly to eliminate the danger at all the other tips.

The pictures you sent were also most welcome. They are all very good, and I am especially glad to have the one of the three families together--yours and Eileen's and Roy's. I should mention that the glass broke in the one that had glass, but the picture didn't get damaged, so I'll have it fixed right away.

Thank you for the list of newspaper publishers. When I get a chance, I want to write them for some information. At least, I've had some very good luck here with certain papers.

Last Thursday, November 24, was Thanksgiving Day. We had a union service Wednesday evening of six congregations in our neighborhood: Baptist, Presbyterian, Episcopal (Anglican), Reform Jewish, Conservative Jewish, and Negro Baptist. The Negro minister preached and gave a most excellent sermon. He graduated from the same seminary I went to.

On Thursday morning I attended and took part in a joint Thanksgiving service of about ten Negro congregations. It was well attended and was a very spirited service, including several Negro spirituals by the combined choir.

Thanksgiving is the day on which we usually have a large group for dinner, with turkey, squash, cranberry sauce, and pumpkin pie. This year we had the minister of our church and his wife and three darling children.

This coming Thursday Elizabeth and I are leaving for Miami Beach, Florida, where the National Council of Churches is having its General Assembly. It will take us 3½ days to drive down with friends (1880 miles), but we'll come back in five hours by plane.

I'll be looking forward to hearing from you and getting your additions to the chart and some address of the Jones or Morris family.

Yours sincerely,

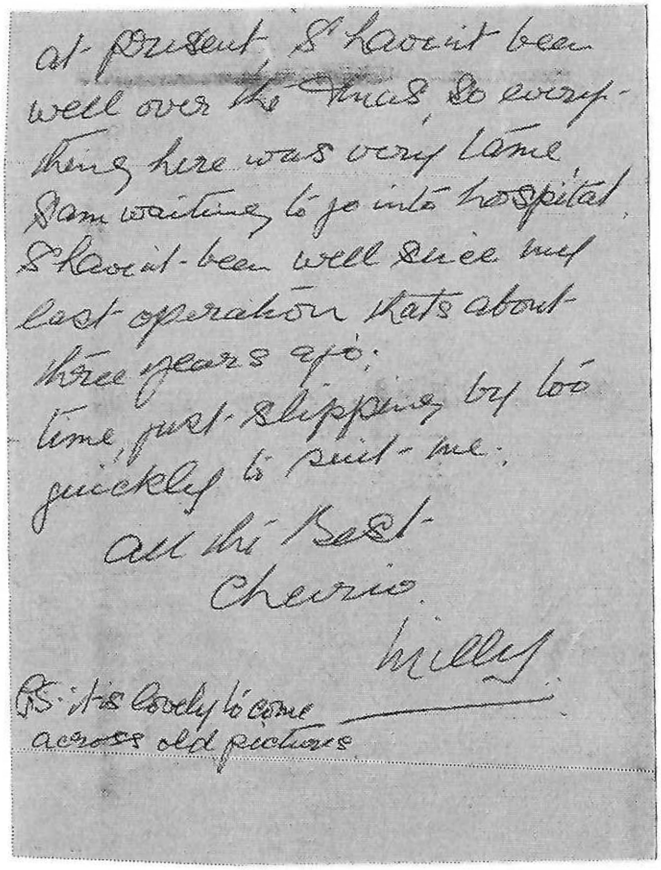
Trusting you had a very nice Xmas, so here is wishing you all a very Happy New Year.

Enclosing a page from our Sunday News. of the picture of Aberfan you can see where the Schools & homes was standing,

News this side is very short



at present, I havent been well over the Xmas, so every-thing here was very tame

I am waiting to go into hospital, I havent been well since my last operation thats about three years ago;

time just slipping by too quickly to suit me;

All the Best

# Welsh Slide That Killed 142 Blamed on British Coal Board

By GODFREY ANDERSON

LONDON, England — (AP) — A judicial tribunal blamed Britain's nationalized coal board today for the slide of coal-mine wastes which crashed down on the Welsh village of Aberfan last October, killing 116 schoolchildren and 26 adults.

The 70,000-word report accused coal board officials of "bungling ineptitude" and said the disaster could have been prevented.

The Aberfan school and 18 houses around it were engulfed by a mountain of coal slag from the mines, known in Wales as a coal tip. The daily addition of waste to the pile is known as tipping, and the report said a total absence of tipping policy was the basic cause of the disaster.

The tribunal conducted the longest such inquiry in British industrial history. It heard testimony from 136 witnesses at 76 sessions over a 16-week period.

The report will be debated in the House of Commons when Parliament reassembles this fall.

The report said those in Aberfan who had expressed fears regarding the stability of the tip "were brushed aside by National Coal Board officials."

The tribunal called for action to safeguard the future condition of the Aberfan tips and said all tips should be regarded as potentially dangerous. It recommended appointment of a national tip safety committee to advise the minister of fuel and power and to co-ordinate research into problems of tip safety and bulk disposal of industrial waste products.

Dear Milly Will + Bill:

We just got a letter from Uncle Ed, and it reminded me I have not written to you nor heard from you for a long time.

How we envy Uncle Ed and his new wife Margaret for their trip to England, Wales, and Ireland! Some day we hope to come over there for a wonderful visit.

Ed sent along the new chart that Bill drew up of the Witheridge family, and I am busy trying to fit it into the information I have from other sources.

Did you get the circular chart of the Allen family I sent a year or so ago? If you know of any corrections or additions, I'd be glad to hear of them.

I'm especially short of information on the Jones and Morris branches, and I'd be glad to have the latest addresses you have of any of their descendants.

We are all greatly distressed with the Vietnam war, and hope it ends soon. Both Jim and Tom are "conscientious objectors." This is a very difficult time for young people.

Sincerely,

David + Elizabeth Witheridge

we received your Xmas Card with thanks, so pleased to hear from you.

you asked if we had the Circular Chart. yes, in good order, thanks. of course most of the Jone's & Morris's have died off & their children have moved around, so we have n't heard anything about them

I am very glad to hear that Edward's eye sight is getting better, of course it will take a time, it is a delicate job to take at his age, yes they did have a good time, it's a pity the weather wasn't better for their travelling around. well, if ever you feel like coming over we shall be pleased to see you. wishing you a Happy Easter.

Received your letter way back, which I am so sorry I haven't answered it before now. at that time I was down with that Bug the Flu. & it took so long. to get over it. not so bad now.

Well, here we have Easter so near which we are pleased to see after our awful winter. Trust all are very well with you so pleased to hear from you. I am writing to Clara, & Edward, the same time as I owe them a letter of long standing.

Here wishing you all a Happy Easter time.

Best wishes
Milly, Will. & Bill.

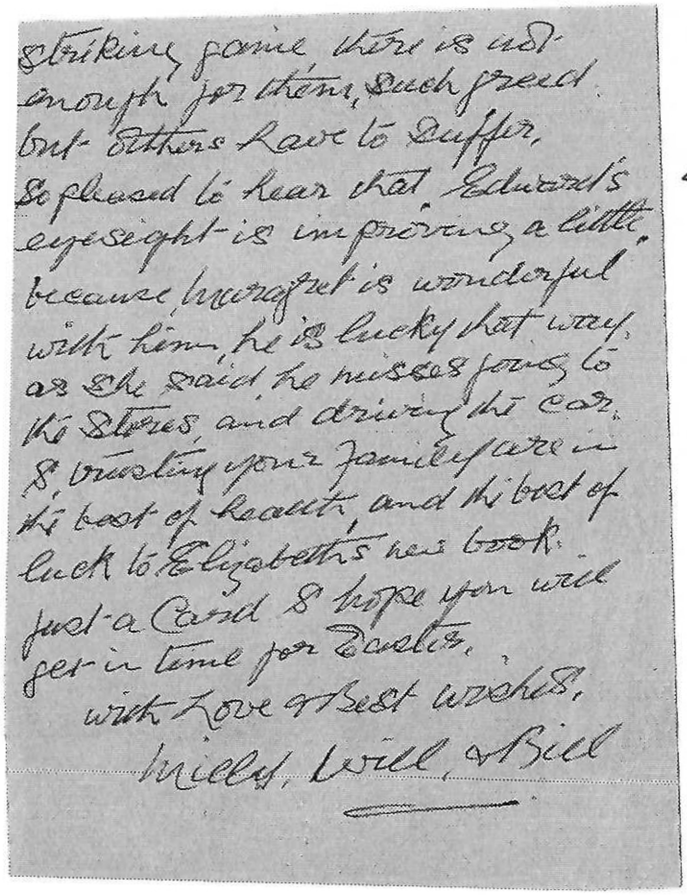
My Dear Cousins,

Sorry, I have been so long in answering your letter card, we have had such a bad winter, all had very bad colds, and with this mad postal strike for months it knocked everything out of gear, the people on this



striking game, there is not enough for them, such greed. but others have to suffer,

So pleased to hear that Edward's eyesight is improving a little, because Margaret is wonderful with him, he is lucky that way, as she said he misses going to the Stores, and driving the car.

I trusting your family are in the best of health, and the best of luck to Elizabeth's new book.

just a Card I hope you will get in time for Easter.

with Love & Best wishes,

Milly, Will, & Bill

Dear Milly, Will, + Bill:

[DEW's niece, Jennifer Mark]

How we did enjoy Jennifer and Dick last year when they had their trip to England and Wales and got to meet all of you. They did enjoy their visit so much.

As you see by our letter on the other side, we did get a chance to travel to the state of Washington where Ed and Margaret are. (It's a long trip – about 2,000 miles one way.)

[DEW's uncle, Edward Allen Witheridge (b.1891)]

We just loved our stay with them – just a few days. It was just our luck that Ed's son Robert and his wife Lois were also in Port Townsend at the time, so we all had a grand time. It was the first time I had seen Robert since we were such small children we really don't remember. And we had never met Lois or their son Bobby, who also lives in Port Townsend. Now we just love them all.

Ed's sight and hearing both are failing fast, but we were able to communicate well, and I got a tape recording of a long conversation with Ed about the family events from his (and my father's) childhood on.

Bill, if we sent a cassette tape would you have access to a recorder to play it on and record an answer to send back to us?

[1976 trip plans] 12/15/75

Dear Milly, Will, and Bill:

We have exciting news! Next summer I have been granted a 12-week sabbatical, and we are planning to spend it in Britain. At long last we shall be able to meet you.

It looks as though we'll arrive there about the middle of June and reutrn home about the end of August. We're working now on plans for studying the ecumenical situation there.

I've written to the British Council of Churches and also to several local councils of churches whose addresses they gave me. I'm also planning to spend some time on a university campus for independent library study. At the moment I think it will be the University of Exeter, because of the Devon and Cornwall locations of our Witheridge and Allen ancestry.

Sometime during the summer we'll be coming to Wales, but we'll have to let you know when. There are many dates to fit together. We also hope to visit your brother Roy. Is his address still 55 Crowland Ave., Hayes, Middlesex? Of course, we'll visit Eileen and her family when we're in Glamorgan.

We wish you all a Merry Christmas and a Happy New Year. Please write before Easter!

Love,

Dave + Elizabeth

Dear Milly, Will, and Bill:

We missed getting your usual Easter card this year, and we hope it doesn't mean that you have been having illness or other trouble. Our plans for the summer are pretty well set now, and we are looking forward to being in Britain with great anticipation.

We have reservations on a charter flight that leaves Minneapolis on June 15 and arrives in London on June 16. For the first few days we'll be with a distant relative on the Witheridge side, Mrs. Roy Cook.

Then from June 21 to 24 we'll be at a Conference of Ecumenical Officers from all over Britain at High Leigh, a conference center near the town of Hoddesdon. This will give us a chance to meet others who are in the same kind of work we are.

Then we'll be in London for a week and a half studying at the University of London and visiting the British Council of Churches. We have reservations to stay at the Lee Abbey International Students Club, 27 Courtfield Gardens, London SW5 0PQ.

From July 8 to August 7 we'll be renting a car and driving through England, Scotland, and Wales visiting leaders of local councils of churches and talking over how they do things. We'll be in Wales from about July 29 to August 3.

Besides a few church contacts, we mainly want to visit relatives in Wales. In addition to you and the Monnellys, we have a number of relatives on the Witheridge side we want to contact in Pembroke, Swansea, Aberdare, and Newport.

At the moment it seems as though Saturday, July 31, and Sunday, August 1, would be a good time to be in Ynysybwl and Merthyr Tydfil. Will you be home at that time? If you don't have room for us to stay overnight with you, perhaps you could find accommodations for us nearby.

We hope you'll be able to write soon, but in case you aren't able to do so, I'll give you the address of the Cooks. They will have our itinerary and will know how to reach us throughout the summer: Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA.

As the time draws near, we are getting very excited about the trip and about meeting all of you.

Love to all,

Dear David & Elizabeth,

You certainly are going to have a busy time this summer to judge by your letter and itinerary. I only hope that our British weather will be kind to you. England, Scotland and Wales are very beautiful (in parts) as long as the sun shines but if it rains - as it often does in our summer - then everywhere has a greeny grey dankness; there is no distant view and only our ruined castles look good.

We should all be at home in Ynysybwl at the end of July and we look forward to meeting you both. Mother is not in the best of health at the moment and I think it would be easier if you were to stay at the New Inn in Pontypridd - about 3½ miles south of Ynysybwl. If you will let us know later the nights for which you need accommodation I shall be happy to arrange for a double room in your name.

With best wishes to you for your forthcoming journey and to the rest of your family.

Sincerely,

Bill

Dear David & Elizabeth

I trust you really enjoyed your selfs on your visit to England, also you had a very lovely voyage home & found all's well.

enclosed the Autobi- of Elijah's Bill, made a copy after he went back to school, I haven't showed it to Eileen as yet, I haven't been too well to get over there.

we were delighted with the Snap Elizabeth took of us in the dining room.

we are still rationed of water, no rain to speak of.

on your travels around did you find some more of the Witheridge's family.

my news are very short at present.

All the best to all

Dear Both, Sorry, I haven't replied to your most welcome letter before this,
I have been feeling off form for weeks, but pleased to say now, I am feeling much better, we were thrilled with the photos, they were grand. something to treasure,
Sorry to tell you, just before Xmas, Eileen had a Stroke, her speech is very slow cannot form the words, and her right arm & leg very stiff, it gave us a shock she would be the last to get that, she have got plenty of medical attention. She was 72 yrs, on 13th Dec, I was 80, on 11th Dec 1976.
Yes, we were glad to see the end of drought, now we are having a very hard winter, with floods in some places,
Bill is starting school next wednesday have had about three weeks holiday.
I don't think we will be allowed to send that spray for the brass, because it's a pressurised canister, the post won't take it. we are sorry, it's a pity we didn't think

of it when you were over here,
I shall let you know how Eileen
is getting on in the near future.

Happy New Year, & best of health to
you all.

Cheerio, with love.

Dear Margret & David -

Trusting this short note will find you all in good health,

we have had a big worry with Eileen she had a stroke about 4 months ago, her speech gone, all one side useless, but her speech is getting better, but very thick, not like Eileen, to make matter worse Bill, her husband (Dr). he never told anyone he was suffering from heart-trouble, untill on Sunday morning about 4 o/c he told Martin to ring the Dr, that he wanted to go into hospital, he was there in a few minutes, put on a machine very ill, he was there for a week on the following Sunday morning they took Eileen to see him he died on the Sunday evening at 9 o/c. in that is 2 months ago there is no shape on her now.

Here is Xmas around again, the rolling years, I feel it so, I shall be 81 Dec 11th, Will was 84 Sept 28th 1977

Excuse this scrawl, a short note at present; going over to Eileen's.

Trusting you will have a nice Xmas, all the best

Will, Bill. Milly.

our Bill, is very busy opera in school.

Dear Cousins. Received your Xmas Card, & letter today. pleased to hear you all are quite well, the picture is great every thing so plain, a treasure corner.

I heard from Clara, for Xmas but haven't heard a word about Margerite, I hope she is alright.

yes, it's a pity Eileen is in just a very weak state did I tell you She was trying to walk, She fell & broke her hip, She is home now, She hated the hospital She is still in bed. I have been going over as often, now Bill is home from School, he is starting back on Monday.

the weather here is awfull so wet & cold; I shall be glad to see Easter, come around: & the light nights, all the best for the new year, as we can do with it, it's trouble every where. they have gone money mad.

Cheerio Love from Will, Milly & Bill.

Milly's husband, Will, had heart attack, June 1979

Your most welcomed letter to hand; so pleased hear all is well there, I shall be very pleased to see the end of this winter the weather is awfull.

Some news, Will, went to Eastbourne. last June to a conference, he was fine when he left, the first day was good. the second day he collapsed with Severe heart attack, he was in four hospitals in a fortnight; they attached a temporary Pace maker to his heart brought him by Ambulance about 300 miles, with Dr & Sister to Heath — hospital Cardiff. they inserted a permanent Pace maker. there to the heart he is still very weak & a bit ~~[illegible]~~ forgetful. also lost a lot of weight. he can walk. about very slowly. he is lucky to make the recovery at his age 86.

we had our 60yrs of wedded bliss on Aug 11th 1979. but it was quiet no fuss he could not stand it.

of course when we heard Bill, went up and stopped with him all the time he took time of from the school. hoping now for warmer weather & Easter.

my sister Eileen is an invalid she can't walk most of her time is in bed, her speech is very poor, she cannot get over loosing her husband, the Dr so sudden all that is two years ago, I went to see her Xmas time, I can't leave Will, now. I shall keep you informed how things are going. our best wishes to all, & the best of health.

[1980 trip plans]

May 7, 1980

Dear Milly, Will, and Bill:

We were distressed to hear the news of Will's heart attack last summer, but thankful that he is getting along well with the pacemaker. We hope he continues to gain strength week by week, and we hope your health has been holding up, too, Milly.

As you know from our Christmas letter, I have now completely retired from my position as Executive Director of the Greater Minneapolis Council of Churches, and I am enjoying trying to get caught up on the many things I had neglected because of my busy life--including correspondence with relatives and others!

You also know from our letter that we are planning another trip to Britain late in the summer. One of the lovely things that happened in recognition of my 28 years of service was a gift of money that will help greatly with the cost of our trip.

Our plans are beginning to take shape, and we now have plane reservations to leave here on August 2nd and return on October 2nd. The other day I completed a first draft of a possible itinerary to accomplish the many things we want to do. This time there will be no ecumenical study, so we shall merely combine sight-seeing with genealogical research and visiting friends and relatives. We plan to hire a car for about seven weeks as we did in 1976.

We wouldn't come to Britain, of course, without seeing you again. Our visit to Ynysybwl last time was one of the highlights of our trip. In order not to tire Will, our stay in your vicinity will not be very long, but we shall also want to see Eileen briefly, if she is able to see visitors.

At the present time it looks as though Saturday and Sunday, August 30 and 31, would be the best time for us to be there, though this could be changed if those dates will not be good for you. We also might have to make an adjustment if others we hope to visit are unable to see us on the dates we suggest.

Our plan would be to arrive sometime Saturday afternoon and stay until Monday morning. We'd be very happy, Bill, if you could book a room for us in the New Inn Hotel at Pontypridd for Saturday and Sunday nights, or in any other place you would recommend.

Our health has been reasonably good, except for colds the past couple of weeks. Our lives have been dominated for nearly two months by a new puppy. It's a Norwegian Elkhound, and we've named him Bokk, after the father of our first Elkhound. (This is our third.) He's only 3½ months old, but he's doing very well, and he's all anyone could want in a dog--intelligent, loving, and good looking. We'll show you a picture when we come over.

Our son Tom, who lives in Chicago, was here with his girl friend, Virginia, a couple of weeks ago. He only gets home once or twice a year, because Chicago is 425 miles away. Our other son, Jim, lives in Minneapolis, but he recently moved into an apartment with four other young men, so we only see him a couple of times a week.

This is all I will say now, as I have a great many letters to write to people in Britain to see if our projected plans will fit into their schedules. Please let us know if you think my suggested time will be all right with you.

All our love, David + Elizabeth

Dear David & Elizabeth,

Sorry the delay in replying, but the "New Inn" in Pontypridd don't take guests they are enlarging the hotel. So Bill been looking around for suitable Hotels. the nearest & best is the enclosed one. it used to be called "Llandough Hotel" but that name have gone, it's on the main road outside Cardiff near the Cathedral, it's very nice. about half an hour to Ynysybwl. a few minutes to Cardiff city. I hope you will have a lovely trip over. & the weather fine & warm. for a change.
Will, is still weak but he takes a short walk every day. You will see a difference in Eileen, She cannot walk or talk to understand her. Looking forward to see you both. Love Mildred.

P.T.O.

---

Its very easy to find your way from Cardiff to Ynysybwl now as there is a new roadway nearly as far as Merthyr on the north side of the city. So from Cardiff take the direction to MERTHYR TYDVIL. and you will soon find yourself on what is virtually a motorway. Keep going and about twelve or fifteen miles north you will see a slip road direction to LLANTRISANT. PONTYPRIDD AND RHONDDA VALLEY. Don't take this road but keep on motorway a little further until you come to the next slip road which is signposted YNYSYBWL Coming off the motorway you meet a roundabout – take the direction to the left – towards (Pontypridd) TOWN CENTRE and a little further on you go across the "OLD BRIDGE" and see YNYSYBWL signposted to the right ~~to~~ we are only $3\frac{1}{2}$ miles along that road as you already know. Bill

P.S. Please confirm dates for Churchill's Hotel if you want me to book you in there.

June 17, 1980

Dear Milly, Will, and Bill:

We were glad to get your letter and to know that you will be home on the dates we proposed--that is, August 30 and 31. It will be a great thrill to be with you all again.

We've made a few minor changes in our itinerary on the basis of replies we've had from friends and relatives, but our basic plan is the same, and we still plan to be with you on the dates suggested. Therefore, we'd like you to book our room at Churchill's Hotel, Bill, for the nights of Saturday and Sunday, August 30 and 31.

If it is available, we'd like to have a room with double bed and private bath. Since they probably want an advance deposit amounting to one night's charge ( 25 plus VAT), I'm enclosing a check on a London bank for 28.75 made out to the hotel. We appreciate your making these arrangements for us, Bill.

You gave good directions, and I'm sure we will have no trouble finding our way from Cardiff to Ynysybwl.

It's a little to soon to know exactly what time we'll arrive in Cardiff on that Saturday afternoon, but we'll go directly to the hotel and register. Then we should probably telephone you and discuss the best time for us to come to Ynysybwl. (According to my notes from last time, your phone number is ~~044-379-251~~, but we'll try to check it at the hotel.) 0443-790251

The same as in 1976, Mr. and Mrs. Roy Cook will be meeting us at Gatwick Airport and taking us to their home for a few days before we start out with a car. You may always address us there from August 2nd on, as they will have our complete itinerary and will know how to reach us or forward our mail. Their address is 81 Ash Road, Sutton, Surrey, SM3 9LA.

Love to all,

29th June 1980

Dear Cousins,

Glad to hear that your holiday plans are getting finalised. I have booked you in at Churchill's Llandaff for Saturday and Sunday August 30 + 31 and given them your cheque. Your accommodation will be room with double bed and private toilet and bath, and includes breakfast. Churchill's is a private hotel (once a private house), very convenient as a base for travelling in this area. It has a large car park alongside the house.

As you are planning to motor down from London and go straight to the hotel, I am enclosing a map for your convenience. You will be travelling on the M4 motorway, of couse, but a section of this route around Cardiff is still under construction so when approaching Cardiff you will automatically find yourselves on what is actually Eastern Avenue and I think you will then find my map clear enough.

When you branch off Western Avenue into the smallish Mill Lane you will meet traffic lights at the top end of the lane – you need to be in the left-hand lane and when you turn left go slowly along Cardiff Rd.

as your are nearly there. First you'll see an entrance gate to a large house on the right – this is Howell's School for Girls and then, just around the curve in the road you'll see on the right an oval sign "Churchills" and you drive across the road straight into the car park. I do hope you will like it.

Incidentally, our telephone number, from anywhere, is 0443-790251 although in the Cardiff area you can use the local code thus – 96-790251

Eileen does get up, but is very frail and usually in a wheelchair. She has difficulty in talking. Of course Kathleen and her husband Mike look after her.

Dad is up and gets about but doesn't do anything strenuous. His speech is alright but he is rather deaf. Mother copes very well but she worries a lot and tires quickly.

All the very best for your visit

Regards

Bill

our Summer have been awfull rain every day & cold with it

July 13, 1981

Dear Milly + Bill,

We were so sorry to hear the sad news about Eileen's death last month. We know she had a difficult time the last year or so. How wonderful it was that we could have that lovely visit with her last summer! It was very fortunate that she could be with Kathleen.

We think of all of you often, and we wish we could just drop in and be with you during "those days of" distress and lonesomeness. We'll be anxious to hear how Bill is getting along with his Trouble. When he retires, life should be a little easier - for both of you. I certainly enjoy being retired!

We just got back from a two-week trip to Michigan where both of us grew up. It was good to see friends and relatives, and we also attended the 50th anniversary reunion of my high school graduating class.

Weather here is hot and humid right now, but our health is quite good.

All our love,

David & Elizabeth

Dear Milly + Bill,
June 20, 1982

Your letter about Roy's death was a great shock, and we know how sad you all have been in recent weeks. He was a fine man, and we enjoyed meeting and being with him and Gwen.

I did have Gwen's address, but I'm glad you sent it, as I would not have been sure it was still correct. I wrote to her last week, and we do hope she is getting along well in spite of the sadness.

As you know, our minds and activities have been deeply involved in our son's wedding for some time. It was held in Evanston, Illinois, a suburb of Chicago, on June 5th. I conducted the ceremony, and our other son, Jim, was the "best man." It was a simple ceremony in the late afternoon, with only about 50 relatives and close friends there and at the dinner. Then in the evening about 180 came for a reception.

Our thoughts have been with you and all the British during this Falkland Island War, and we're glad it has now been successfully concluded — at least for now.

On July 16th we're going to Wisconsin for a gathering of descendants from Cornwall, and then on for a 3-week tour as far east as New England, coming back through Ontario.

With all our love,

David + Elizabeth

27th August 1986

Dear David and Elizabeth

I am sorry to have to tell you that my mother Eva Mildred Roberts died on 21st August at East Glamorgan Hospital. She would have been 90 years old in December!

She had not been well for some months and went into hospital for an operation on the colon. She survived that but a week later on the saturday she had to have father surgery and by the Tuesday she had lapsed into a coma, dying at 1.50 pm on the Thursday.

I had been able to be with her every day she was at the hospital and they really did everything possible but of course her age was against her.

Her funeral is tomorrow, Thursday 28th August at Llandow Parish Church near Cowbridge at 2.30 pm where she will be laid to rest with my father who died on 29th December 1980. Llandow was the birthplace of my father and also my mother's mother Sarah Allen. My parents were married at the church.

Yours sorrowfully.

Bill

Dear Bill,

We were very sorry to have your letter telling of your mother's death on Aug. 21st. For some time we have worried about her because of her ill health, and we almost dreaded to open your letter. She suffered a great deal in recent years, but through it all she kept up her spirits.

We count it as one of our great joys to have been able to meet you and your parents on our trip to Britain, and we are especially glad that your mother was living and in reasonably good health the last time we were there. On the coffee table in our living room we have a lovely framed picture of her seated among the flowers in your back garden, and we often tell people about her charming qualities.

She was very fortunate to have you with her during her final years and so willing to help in every way. We know it will now be a lonely time for you and one of great adjustment. Our thoughts and prayers will be with you.

Now, we have some sad news ourselves. I believe I mentioned at Christmas time that Tom and Virginia were expecting a baby boy in April. About the middle of February, Virginia developed high blood pressure and was rushed to the hospital. Their [illegible] condition, so they had to deliver the baby two months early. He weighed only 2 lbs. 1 oz. and had so many problems that he lived only 18 days. It was a sad time for us all and very hard on Tom and Virginia, but they are now carrying on with their busy lives.

Again let us say we are thinking of you and remembering your mother with great fondness.

Love,

David + Elizabeth

Dec. 10, 1987

Dear Bill, (Roberts)

Once again we send you our best wishes at this holiday season. We hope you are enjoying your retirement and have had a healthy year.

Perhaps you will be interested in this article about the Welsh festival that took place here in September. I often tell people that I don't have any Welsh ancestors but I do have Welsh relatives!

As usual, we have had a very busy year, and our health has been reasonably good.

Our biggest news is that if all goes well, we'll be visiting Britain for about a month this spring - from May 15th to June 15th. Of course, we want to see you though we don't know when. Are you likely to be home during that period? We'll tell you more later. Love, -

February 10, 1988

Dear Bill,

Our plans are now falling into shape for our trip to Britain. We expect to arrive in London on Saturday, May 14. After about a week in the London area, we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

First, we'll go to Essex for about three days, where Elizabeth has her Plumb roots. Then we'll visit some Witheridge relatives near Guildford and arrive in Exeter on Wednesday, May 25. We'll be in Devon through Sunday, May 29.

On Monday, May 30 (the Bank Holiday), we plan to drive to Swindon to stay overnight with my third cousin in the Blackmore line, Marjorie Packer, stopping on the way to see a friend in Dursley, about 20 miles north of Bristol. On Tuesday, May 31, we'll set out for Wales, stopping first in Penallt, near Monmouth, to see a very distant cousin in several of my Devon lines, Anne Stratton.

That would bring us to Ynysybwl about 3:00 o'clock. Perhaps we should register first at a hotel in Cardiff, unless your situation is now such that you would want us to stay with you. (We're looking forward with great anticipation to seeing all your changes and redecorating.)

We are on such a tight schedule that we shall have to leave again the first thing Wednesday morning, June 1. (Last time we were in Britain for two months, but this time we'll only be there a month.) We have some Witheridge relatives in Llanelli, and we want to see them before we head for the north of Wales. In addition to the Witheridge connection, they are descended from the Munro Clan, and we have recently discovered that Elizabeth is, too. So we want to talk to them about that. Elizabeth is also

middle of the same folder.]

descended from the Lord Grey of Ruthin, and we find that Ruthin Castle has been transformed into an inn where they have medieval dinners every night. So we want to stay there that night.

We hope that Tuesday, May 31, will work out all right for you, and we look forward to an early reply. If this will not fit into your schedule, we'll have to change our itinerary in some way. Please let us know.

Love,

David + Elizabeth

16th February 1988.

Dear David & Elizabeth.

Your letter to hand this morning! I must say you really have been doing your homework for your forthcoming visit to Britain. You must have some good road-maps of the country to be able to work out your itinerary so precisely. I can only hope that our weather will be kinder in May-June than it has been these last few weeks.

About the 31st May and your visit to Ynysybwl — I hope I shall be able to greet you but my future is rather uncertain at the present time. I am quite active and have very little discomfort but I have had an abdominal aneurysm for some 4-5 years and it has now enlarged to an extent when an operation to replace a section of the abdominal aorta is needed. Unfortunately I have apparently got a heart condition that complicates the problem, so I am waiting the result of consultations between two specialists as to what is to be done. I am expecting to go into hospital at any time in the next few weeks and as far as I know now it could be a 50/50 chance whether I am about in May!

This being the position I feel it would be better for you to look into a Cardiff hotel and give me a ring from Cardiff by dialling first the area code 0443 and then the local number 790251. In fact you could ring me in this way from any part of Britain.

Call from Penarth & London

If you fail to contact me at Ynysybwl, I suggest you ring a very dear friend of mine – Eric Probert who lives in Cardiff by ringing (0222) 756134. He will be able to put you in the picture.

Sorry to be so unwelcoming but I'm keeping my fingers crossed and hope to greet you in good health on 31st May.

Sincerely,

Bill

Dear Bill,

By the time this letter arrives, you may already have entered the hospital for your operation. We were very sorry to hear about your trouble, but glad that it is being taken care of by experts. Naturally, we hope you will be well on the road to recovery by the time we get there, but if we can't see you at home, we'll probably be able to see you at the hospital. Thank you for the telephone numbers — your own and Eric Roberts'. We'll get in touch with either you or him when we get to Britain.

We've had to make a few changes in our schedule since I wrote to you. We'll still be coming to Ynysybwl on Tuesday, May 31, but we'll be coming from Ruthin, stopping at Penallt about noon on the way and getting to Cardiff about 3:30. We'll probably go to Churchills Hotel as that worked out very well last time. I still have the map you sent showing how to get there.

That's all for now, as I have many other letters to write, as you can imagine. We hope all is going well for you whatever your situation is at the moment.

Dear Bill,

You probably wonder why you haven't heard from us since our trip to Britain. The truth is, we're way behind in everything. We arrived home with very bad colds, probably because of the cold, wet weather we aren't used to in May and June. Then we found that they were in the midst of a severe drought and heat wave here, and that went on until quite recently. So with our colds and the excessive heat our energy level has been very low. As a result we still haven't finished everything needing to be done after our trip, including a great many letters!

We had a most wonderful time in Britain, and accomplished almost everything we had planned. We drove 3,000 miles through England, Wales, and Scotland without a bit of car trouble. Above all, we enjoyed seeing our many relatives and friends.

Thank you again for the lovely time we had at your home in May. You and your friend certainly had prepared a delicious tea. We think of you often, and we enjoy your letters, but it was so much better to see you in person and have a good chance to talk. We hope these pictures will serve as a reminder of our visit. I don't know why the one of you and me didn't turn out as well as the others.

We were glad you were progressing well after your operation, and we hope you are still improving. Now you have the problem with your arm, and we are anxious to learn what is being done about that.

Now I must close and extend the very best wishes to you in the coming months.

All our love,
David + Elizabeth

Dear David & Elizabeth,

I'm sorry that the weather was so unkind during your trip to Britain but I am so glad that your visit went off to your own satisfaction — and many thanks for the photos you sent. I am making some progress after my aneurysm operation but not as much as I would wish — still I am able to get about reasonably well and I have spoilt myself this last month by treating myself to a new car. Yet another Ford — all my cars have been Fords!

The trouble with my right shoulder continues. I saw a neurologist thinking that it might be due to a trapped nerve in the arm. After listening to my description of my symptoms, he smiled and said I had exactly described the symptoms he had himself! He diagnosed that I had a calcified tendon in my shoulder joint. He said I could see a Rheumatologist who would probably suggest a steroid injection, but he did not advise this so I get along with pain killers as best I can. I've had a lot of help this last month from John Samuel in pruning the garden stuff which is so overgrown — I haven't been able to do anything with the garden for over a year and everything has gone wild. I've also had a fellow to replace the fencing between my neighbour's garden and mine so I am now all set for the winter winds and storms!

I haven't heard a word from my cousins in Merthyr since last May but I suppose they are all in good health which is more than I can say about another cousin of mine Rhys John (the son of my father's sister, Dilys) who has been farming with the family at Black Hall Farm near St Brides Major since he left school. He found he was getting very breathless and consulted his doctor about it. The doctor says he is affected by the dust of hay and the pollen about the fields and that he will be unable to cope with any cold winds during the winter months, which means he will have to give up farming altogether.

My best Christmas wishes to you both.

Bill

P.S. I think I said that I would give you some dates of my family which I didn't have to hand when you were at Ynysybwl. Some I know you have already. Gwennie Allen is the only one left of my parents generation

Bill

Dear folk

1990 has not been a good year for me. In early September I suffered a mild stroke but fortunately I have recovered pretty well from that. Soon afterwards I found that all my joints were aching - especially in the mornings. It seems it might be arthritis but I didn't think that arthritis struck so suddenly! However, I am undergoing a series of tests with a Specialist to see if anything can be done. In the meantime I just keep taking Painkillers.

Dear Mr. Witheridge,

I write as one of the friends and a colleague of Mr. Bill Roberts (Wm. Tudor Roberts) of 48, Thompson St, Ynysybwl; I have to tell you that Bill died yesterday morning, Nov. 7th at the Dewi Sant hospital in Pontypridd.

Bill had been in hospital for the past seven weeks after a fall at home. The fall seemed to be the result of a stroke - he was unable to speak or swallow. He was well cared for in hospital and was visited most days by his friends and the carer who had helped him to live at home before he fell. Bill was 83 on November 3rd. and had not been himself for several years.

The funeral has been arranged for Monday, Nov. 15th and some time afterwards his ashes will be buried in the family grave in Llandow. We had taken him there a few times every year for many years to tend the family graves and put flowers and holly wreaths there.

Bill had spoken to me when he heard from you & showed me your/his family history, some years ago.

Bill's greatest friend is Eric Probert, his wife Joan & family. Bill and his parents had known Eric as a pupil when Bill taught in Cardiff & then as a colleague on the staff. Eric has dealt with Bill's affairs since Bill has not been able to cope himself. (Eric's address is: 8, Bryngwyn Road, Cyncoed,

Yours sincerely,

Catherine Owen.

Rev: D. Witheridge,

Dear David,

I have just been re-reading my Autumn 95 issue of the Witheridge Times, and your article.

May I first of all offer my condolence on the death of your wife. I read Kim's article on Elizabeth and realised how you must be feeling.

My thoughts and prayers are with you and your family.

I hope you do not find my letter intrusive at this sad time. I believe we are something like seventh cousins, and of the Berrynarbor Branch. In the Autumn magazine was also an article by John W. on Welcombe, which you no doubt read. I sent him the information etc. on that and I thought you may be interested in how quite unexpectedly we found it.

My youngest son Gordon lives in Sweden and spends a month in the summer in England. He asked me to book a cottage for one week in Charmouth, Dorset, but it was Christmastime when he suggested this, and I was finding it very difficult to book anything at all for the July weeks (school holidays.) In desperation

I searched everywhere and eventually found a bungalow (advert in the Church Times) available for one week at Welcombe on the North Devon coast, near Hartland Point. I duly booked it and when the time came we arranged that my eldest daughter and her family would join us for the weekend, my eldest son and family would come also in their touring caravan, and my youngest daughter would also join us.

As none of us knew where it was or where the bungalow was, we arranged that we find the bungalow, move in and prepare lunch, and then find the others. The churchyard being the meeting place. Two of us did the cooking whilst the other three went to find the rest of our crowd. When they came back they were very excited as on gathering in the churchyard they had found three Witheridge graves.

My son Gordon is a very good tracker down of Witheridge places and graves. I must show him your article when he comes home this year, and we will make an expedition to see if we can find Witheridge Farm.

The year before we had tracked down my great-grandmother's birthplace in Tiverton. It is still there and is now a large grocery store.

I have an ecumenical family. I was brought up in the Salvation Army, but became an Anglican approx 20 yrs ago (I play the organ at a local Church) my elder daughter is Anglican, my youngest a Catholic and Gordon ~~and~~ family Salvationist.

Best wishes to you

Dear Betty, Rossiter

Thank you for your very interesting letter and your kind condolences. Things are gradually improving for me, and my family was very supportive over the holidays.

Yes, we are related, but more closely than you thought. You thought we were seventh cousins, but it turns out that we are third cousins, as you can see by the enclosed chart. I'm sorry we did not know about you when Elizabeth and I were in England, or we certainly would have looked you up.

Enclosed is a picture of Elizabeth and me taken in our front hall just before we left for our fiftieth wedding anniversary dinner.

I hope you will be able to visit Witheridge Farm this summer. If you are, please write and let me know if that old farmhouse is still standing.

Yours sincerely,

David

# THE OTHER WITHERIDGES

by David E. Witheridge

Many of you know that my wife Elizabeth has Alzheimer's disease, and that she fell and broke her hip over three years ago. She never fully recovered her mobility, and I have been her caregiver at home since then. Now she has been moved permanently to a nursing home, and she has adjusted very well.

One result is, that after a long break, I have now begun to look again at my genealogical materials. In this process I have been reminded of our three trips to Britain and the wonderful people we met and the places we saw.

On our first trip in 1976 we discovered in a large gazeteer two other places named Witheridge, besides the well-known village in Devon. One was Witheridge Hill in the far southeast corner of Oxfordshire, and the other was Witheridge Farm near East Ogwell in Devon.

The only one we could manage to see in 1976 was Witheridge Hill (N 51°33'/ W 0°59'). Somehow, in late afternoon we found it in the midst of the most beautiful rolling, wooded countryside, several miles north of Reading and just a few miles west of Henley-on-Thames. We drove up the hill, and at the top we came to several handsome houses - one with the name 'Witheridge Hill Cottage' painted on the gate, and another made into a charming house from a century old school house.

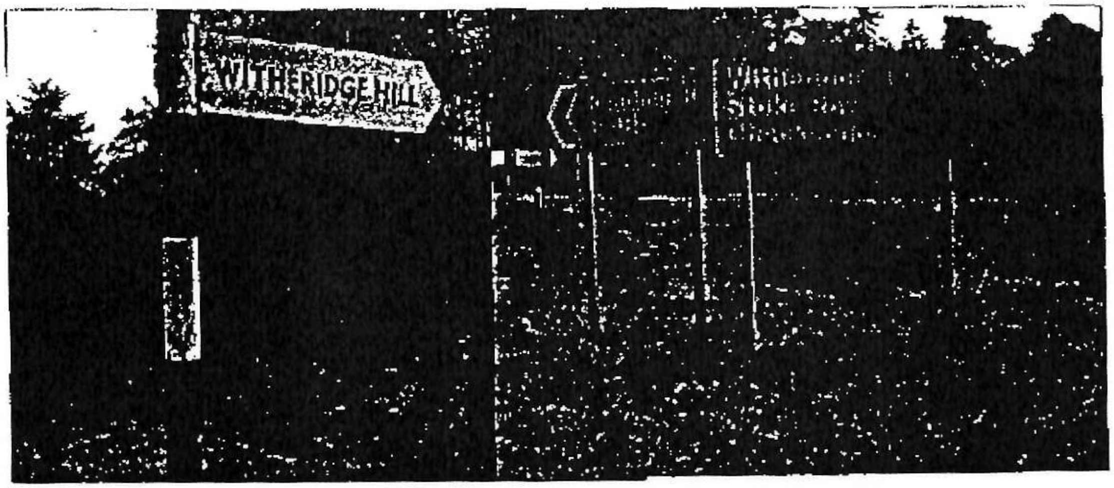
We talked to the woman in the first house, but she said they knew nothing about the history of Witheridge Hill or where it had gotten its name. Then we went to the second house, and a very pleasant woman invited us in to talk about the hill. She said she and her mother had bought the redundant school house ten years earlier and had it redone into their lovely home. However, she didn't know how the hill had come by its name, either. She kindly took us for a walk to see the rest of the hill, but we left still wondering where the name had come from.

In 1980 on our second trip to Britain we were able to look for Witheridge Farm (N 50°31'/ W 3°39'). We were spending two weeks in a cottage on the University of Exeter campus, and on the Sunday of the August Bank Holiday we drove to Newton Abbot and on to East Ogwell. As we travelled down a typical Devon one-lane road, where banks covered with hedges came right down to the edge of the road, we came to a sign see. The third place was Witheridge Moor Farm (N 50°55'/ W 3° 37') straight south of Witheridge Moor and very close to it - just across the road. The fourth place, also in Devon, was the place I have been calling Witheridge Farm near East Ogwell, which on the Ordnance Survey map is just called Witheridge (N 50°31'/ W 3°39').

The fifth place was Witheridge Farm (N 51 6'/ W3 32' in Somerset. This is just east of the north-south road between Dulverton and Dunster, straight east of Winsford and West Howetown on the way toward Huckham. The sixth was Witheridge Hill in Oxfordshire, described above. The seventh place was Witheridge Wood in Buckinghamshire. This is north of Beaconsfield on the road to Hazlemere between Knotty Green and Penn. On the map it seems to be on both sides of the road.

I believe Kim told me over the phone that she and Roy had visited a Witheridge Cottage in or near Newton Ferrers, Devon. That would be eight places, and there are probably a few more that don't show up on the maps.

Since I'm too old and far away, I hope some other Witheridge descendants will have the curiosity and ingenuity some day to discover the origins of these other Witheridge places.



on a side road that said "Witheridge - Private Road". I turned to Elizabeth and said, "Well, I don't know who has a better right than I have to go down that road!"

We drove on another one lane road through lovely woods and finally arrived at a fence and gate in front of a very attractive house. The sign on the gate said 'Witheridge House' As we approached the house a dog barked, and a man came out to greet us. We told him who we were and why we had come. He said his name was John Usher, and we went in to meet his wife Jane and their two children. John was a professor at the Seal-Hayne Agricultural College near Newton Abbot, just across the valley.

He said their place is called Witheridge House, and farther on toward a little river is an older house called Witheridge Farm. We decided not to go on to the other place. John said that the whole area had always been known as Witheridge Farm, but he hadn't been able to find anyone who knew its history.

While Jane and Elizabeth were preparing coffee and refreshments, John took me to the edge of the valley looking across the river, where I took a picture of the green Devon fields on the other side, separated by the typical hedgerows. What a beautiful sight! It's no wonder some Witheridge of long ago decided to establish a farm there.

We hated to leave such a delightful family and such a lovely setting, but we promised to let them know if we discovered any information about the origin of the farm. Unfortunately, my examination of the East Ogwell parish register at the County Record Office failed to show any Witheridges, so the period of their residence there must have pre-dated the start of the register. Maybe they were in the West Ogwell parish, if there was one, because they were slightly closer to West Ogwell.

When I began thinking about writing this article, I called the University of Minnesota map library and asked one of the librarians if he could find these small Witheridge places on large scale maps and send me photocopies. He called a little later and said he had found seven places called Witheridge on the Ordnance Survey maps, and he would send me copies showing all of them!

First, of course, was the village we all know in Devon, (N 50°55'/ W 3°42'). Next was Witheridge Moor (N 50°55'/ W 3° 37') about three miles east of Witheridge, which I had noticed on the map, but had never taken the time to go and

## EDITOR'S NOTE

Since receiving the article "The Other Witheridges" we have had the sad news that David's wife, Elizabeth, died unexpectedly on Tuesday, 9th August. David has given permission for the article to be printed as it was, and we expect to include an appreciation of the life of Elizabeth Plumb Witheridge in a later edition.

Dear Betty, Rossiter

Thank you for your very interesting letter and your kind condolences. Things are gradually improving for me, and my family was very supportive over the holidays.

Yes, we are related, but more closely than you thought. You thought we were seventh cousins, but it turns out that we are third cousins, as you can see by the enclosed chart. I'm sorry we did not know about you when Elizabeth and I were in England, or we certainly would have looked you up.

Enclosed is a picture of Elizabeth and me taken in our front hall just before we left for our fiftieth wedding anniversary dinner.

I hope you will be able to visit Wetheridge Farm this summer. If you are, please write and let me know if that old farmhouse is still standing.

Yours sincerely,

David

[Notes for what must have been
DEW's 1996 Christmas card to Albertina]

Dear Cousin Betty,

I was uncertain where to address this, and I finally decided to use the address you put at the top of your card with the beautiful picture of your cottage and the poppies on the hill.

I hope you and your family are enjoying a lovely Christmas and that you are all well. My spirits are better this year, and my health is good.

Yes, I am coming to England in May, and I am hoping to meet not only you, but also your children and their families. We should have a wonderful gathering in Devon.

Have a Merry Christmas and a Happy New Year!

Sincerely,
David

Dear Cousins:

Here is the list you wanted and I hope it is satisfactory.

We enjoyed seeing you + Elizabeth again and meeting your tall son.

Too bad you arent here now to help us eat some of the plums, they are delicious.

My sister Marie's daughter, Elizabeth + family are coming Sat. night + want us to go to the Soo with them on Monday. That is such a nice trip.

Sincerely

Margaret Rushlow

P.S.

Elizabeth, Rose said I built her up too much but I dont agree with her.

Dear Margaret,

I haven't forgotten how kind you were to furnish all the information about your branch of the Allen family. As you can see, I have developed a chart on which all the descendants of William Allen and Christiana Richards can be shown, and here is a copy for you.

Of course it still lacks much information, and I hope gradually to make corrections and additions. Now you could help again. You gave me the information about your children, nephews, and nieces. To extend the chart as far as possible, I'd like to have the vital statistics (names, dates, + places) on all their children (and grandchildren, if any).

You may have some of this but probably not all. If you will give me the addresses of the married couples, I'll be glad to write to them directly to get the information. In fact, I'd like to have the addresses anyway for future reference. Some day when the chart is in better form, I'd like to send each a copy. My extra sheets of course include more information than shows on the chart.

The enclosed pictures were sent to me by Arthur Allen. Some time ago I asked Della

↑ Arthur Vincent Allen (b. 1890)

↑ Amadel (Della) Fairless Allen (b. 1892) if she could identify some of these people, but she couldn't. Perhaps you can. I'd like to have the pictures back.

On picture #3 I know all except the man in the middle of the back row and the girl standing at the right in the white dress. Do you know them?

On #4 who is the girl standing behind my Aunt Elizabeth?

Who are the two in #5?

Do you know who the little boy is in #6?

The Jones family in England is really the one I don't know much about. I don't suppose you have been in touch with any of them. If I had more time to spend on this, it would go faster, but I am working off and on on all my lines, as well as on Elizabeth's, so it gets rather time-consuming.

On our way through Michigan to the East about a month ago we stopped in Lansing and met Mr. – Mrs. George Kellam for the first time and learned all about her family. She is George Chivers' sister and a Witheridge cousin.

I hope all is well with you, and I know you will answer in due time.

Yours sincerely,

Dave Witheridge

Dear Cousin:

Thanks for our Family Tree - all that and Elizabeth's too will be a mammoth job -

Sorry I wasn't able to identify any one you asked for on the pictures - however, Aunt Clara might be able to and I know she would be glad to help.

If you want information on the Jones in Englad I would suggest that you contact Uncle Ed in Port Townsend, Wash. as he has been to England this Summer again with his new wife and they were there about a year before Aunt Mabel passed away, and he met some cousins he never knew he had. - here are their address, in case you don't have them.

Mrs. Alan R. Marquis - 2245 Grove Ave - Sacramento - Calif - 95815 -

Mr. & Mrs Edward Witheridge - 206 Reed - Port Townsend -
Wash. - 98368

If you come to Saginaw, please try to see us.
over.

I will contact my nieces and nephews soon and ask them to make a list of all their decendants and there is plenty.

Our Summer was very good – company from all over U.S. from May 8 to Labor Day – a good garden considering a very dry Summer so there was plenty of good eats.

Sincerely,

Leo and Margaret

Dear David:

We are sending material on Family Tree and hope I havent made to many mistakes and that it is read able.- We were so glad to help you and you sure have a big job doing all this.

We enjoyed read the good articles in Saginaw papers about Elizabeth and then a later report from Grace Perry.

Leo is bringing in the last of the garden today-carrots-celery-and cabbage as it was 26° at 6a.m today.

If there is any other way I can help you please let me know.

Say "Hello" to Elizabeth for us-

Sincerely

Margaret + Leo.

Mr. and Mrs. John Sharp
Cofton
King Street
Combe Martin
North Devon
England

Dear John and Freda,

It's a long time since we saw you in Combe Martin, but we often think of what a good time we had that evening. It was a very special time for us. We enjoyed our trip through ENgland, Scotland, and Wales, but we came home with dreadful colds that lasted several weeks. They were in the midst of a severe drought and heat wave here, so that added to our discomfort. Our evergy level was so low that we couldn't seem to get all our work done!

[Private medical information redacted]

Finally I'm getting around to writing some long overdue letters. In looking over my notes I find that, like me, Freda, you descend from several lines in the Combe Martin area, but neither you nor Una told me what those family names are. I'd really like to know, because we may be related, either directly or by marriage in one way or another.

Una told me, John, that although you didn't originate in the Combe Martin area, you know a great deal about its history. She said you and Michael Beaumont have been instrumental in establishing the Combe Martin Historical Society and that you were writing a chapter for the history of Combe Martin. I'm pleased that this society has been organized, and I hope to become a member and receive its publications. I am sending some money to Michael to get my name on the membership list, but I'd appreciate hearing from you about the society, also.

[See next document]

Among my papers from Combe Martin I have a sheet that lists the direct ancestry, generation by generation, from Ann Ley (b. 1951) back to the original George Lwy and Margaret Harding. I have a notation that it came from you, John, but I'm not sure, since I don't know how this ties into anyone I know. Using it I was able to clarify some early Ley information in my records, but I would still like to correspond with the person in that area who knows the most about the Ley family history.

My ancestor William Witheridge married Rebecca Ley in Combe Martin on July 20, 1723. Rebecca, the daughter of William and Joan Ley, was baptized in Combe Martin on July 2, 1696. But I cannot go back beyond that, because the Bishops Transcripts at the Devon Record Office were missing from 1636 to 1667, and I've never had time to checkkthe Parish Register for that period at the Combe Martin Church. Do you have the Ley records, John, or know who does?

As you see, I'm enclosing a picture that I took when we were there. We hope it will bring back pleasant memories of that day to you both. I'm also enclosing the family record of George Ley and Margaret Harding. If you have any additions or corrections to this, I'd be very grateful to receive them.

This will have to be all for now. Best wishes to both of you. We hope you will write when you have a chance.

Yours sincerely,

This email string involved DEW, Kathy Witheridge (b. 1942), and Jennie Smith (of New Zealand).

Hi David;

The following is a note I received from Jennie David of NZ, after finding her on the Internet looking for the WITHERIDGE family.

Dear David

My is Jennie Smith and I live in New Zealand.

I am researching one of my family names WITHERIDGE.

I am the great granddaughter of Florence Witheridge, born 1871, Stoke Damerel, Devon, England, whose parents were George Witheridge & Dorcas Hammett.

ANY CONNECTION??

Hi Jennie,

It was good to get your message. No, I am not closely related to you, though I might be, if we could get the records back far enough. All the Witheridges go back to Devon, but are in several branches from different parts of the county. I have the records of George Witheridge and Dorcas Hammet back in Thurlestone, which also give George's parents, William Witheridge and Mary Rolph. I know several descendants of Goerge and Dorcas, most of whom live in Wales.

I'm sorry I don't have time to give you any more information at this time. I'll have to e-mail you again. Do you know about the Witheridge Society? You should contact our New Zealand Representative, Mrs. Velma Metcalfe, 49 Chester Road, Tawa, Wellington. Her e-mail address is rodneym@clear.net.nz

I just wanted to reply right away to let you know I got your message and know something about your ancestry. More later.

Hi David

Thank you for your message, Yes I have been in contact with Velma and I am also in the process of becoming a member of the Witheridge Soc...

George and Dorcas where my great grandmothers parents. I have managed to gather information back as far back as John Witheridge & Mary Hoby late 1600s.

I look forward to hearing from you with more information.

Hi, Jennie,

Glad to know you have been in touch with Velma and are planning to join the Witheridge Society.

As I thought more about your situation, I realized I had received an e-mail message from Kathy Witheridge on August 12 about hearing from you about your Witheridge ancestry. It didn't ring a bell at first, because she had referred to you as Jennie David, and the names in your record were mostly Chapman. Now I see that Kathy sent you quite a bit of information on your family at that time. She probably sent you everything I have, and maybe more.

The only thing I can add is that, if you haven't already done so, you should get a copy of "The Witheridge Times," Vol. II, No. (Winter, 1997), which contains a long article about your South Milton-Thurlestone family, including several pages of the family tree. That same issue of "The Witheridge Times" contains an article by Velma Metcalfe on "Witheridges of New Zealand."

Good luck in your continuing research!

David

Dr. and Mrs. Douglas A. Irwin Stock
Rosenau
Combe Martin
Devon EX 34 0DH 0AT
England

Dear Douglas and Winifred:

It has now been over a year since we had such a good time with you and the others who gathered at the St. John's Ambulance Hall in Combe Martin. I had certainly intended to write to you sooner than this. I guess I knew it would take quite a while just getting the information together in preparation for writing, and this has surely proven to be so.

We often think of all of you whom we met on our two trips to Britain--in 1976 and 1980. Our attention was especially drawn to England this year by the Royal Wedding. We read a great deal about it both beford and after the event, and we watched it on TV beginning at 3:30 a.m. on the actual day. But beyond that, we have great interest in all the articles we see on Britain in magazines and papers and the news about Britain on TV and radio. Occasionally we show our slides to friends or relatives--or just look at them ourselves--and that brings back pleasant memories of our trips.

My main interest in writing, however, is to pursue the matter of my possible relationship with you, Douglas. I have looked over the list of family names we have in common, and I say to myself, "We must be related somehow through at least one of those family lines." I don't know as much about your background, Winifred, but if you grew up in the vicinity of Combe Martin, we could very well be related, too.

At any rate, I decided to give you all I could about my connection with the families you mentioned. Then in reply maybe each of you could tell me how you tie into those families. Eventually, we may be able to find a common ancestor.

First, I am enclosing three charts that show my Witheridge ancestry, starting with my grandfather and going back to Thomas Witheridge, who was born in Berrynarbor in 1545. These also show how I tie into the Norman family through JANE NORMAN, who married my 8-great grandfather, John Witheridge, in 1617. They also show my Ley ancestry, beginning with REBECCA LEY, who married my 5-great grandfather, William Witheridge, in 1723.

Your family line, Douglas, to which I am most closely related is Blackmore. You will notice on one of the charts that my great grandmother was CLARA BLACKMORE, who married John Witheridge in 1855. Her ancestry is shown back to her great grandfather, ROBERT BLACKMORE (b. 1715).

Under each of the following names I have listed first any of my known relationships, except for those I have already given above. Then I have listed persons by those names who married persons with my ancestral family names, even though I don't know yet how I may be related to them.

## NORMAN

ELIZABETH NORMAN married JOHN BLACKMORE in Combe Martin in 1865. He was the nephew of my great grandmother, Clara Blackmore Witheridge (the son of her brother John).

JAMES NORMAN married Mary Peake in Ilfracombe in 1667.

JOHN NORMAN married Mary Witheridge in Berrynarbor in 1766.

## LEY

A distant cousin of mine, Henry Witheridge (b. 1699, Combe Martin), son of Henry Witheridge and Elizabeth Morrice (and great grandson of John Witheridge and JANE NORMAN), married SUSANNA LEY in 1715 (parents unknown).

JOHN LEY married Thomasyn Harris in Jan. 1598/9 in Combe Martin.

JOAN LEY (dau. of WILLIAM LEY) married Willis Harris in 1682 in Combe Martin.

WILLIAM LEY married Jane Peak in Combe Martin in 1753. Their children were JANE (b. 1753), NICHOLAS (b. 1762), CATHERINE (b. 1770), and WILLIAM (b. 1778).

JOHN LEY married another Jane Peak in Combe Martin in Feb. 1754/5. Their children were JANE (b. 1763), JOHN (b. Jan 1766/7), and DAVID (b. Jan. 1769/70).

SUSANNA LEY married Nicholas Harris in Combe Martin in 1767.

## BLACKMORE

WILLIAM BLACKMORE married Katherine Witheridge in Jan. 1545/6 in Berrynarbor.

JOAN BLACKMORE married Amos Symons in 1703 in Combe Martin.

## BOWDEN

MARY BOWDEN in 1836 married JOHN BLACKMORE (b. 1815, Combe Martin), son of WILLIAM BLACKMORE and Susanna Berry. John was a brother of my great grandmother, CLARA BLACKMORE, who married John Witheridge.

RICHARD BOWDEN ("of East Down"), son of RICHARD BOWDEN, married Wilmot Witheridge in 1726. Their children (born in Berrynarbor) were CATHERINE (b. Feb. 1732/3), THOMAS (b. 1737), and ELIZABETH (b. Feb. 1740/1).

JOHN BOWDEN married MARY NORMAN in 1744. Their children (born in Berrynarbor) were JOHN (b. 1745), ROBERT (b. 1746), WILLIAM (b. 1750), and JOSEPH (b. Mar. 1755/6).

JANE BOUDEN married Richard Peake in 1752. Their children (born in Combe Martin) were Edward (b. Jan 1756/7), Thomas (b. 1763), and Edward (b. Feb. 1766/7).

DOROTHY BOWDEN married David Peake in Berrynarbor in 1774.

## CUTCLIFFE

CHRISTIAN CUTCLIFFE married Thomas Witheridge in Berrynarbor in 1628.

LEWIS CUTCLIFFE married Marie Witheridge in 1628, and they had a daughter MARIE in Berrynarbor in 1629.

ELIZABETH CUTCLIFFE, daughter of NICHOLAS CUTCLIFFE, married ROBERT BLACKMORE, son of NICHOLAS BLACKMORE, in Jan. 1700/1, Their children (born in Combe Martin) were ELIZABETH (b. 1701, CHRISTIAN (b. 1703), JOAN (b. 1705), and NICHOLAS (b. 1707).

MARY CUTCLIFFE married John Harris in Combe Martin in 1730.

## SAUNDERS

THOMAS SAUNDERS, son of THOMAS and ELIZABETH SAUNDERS, married ELIZABETH LEY in 1716 in Combe Martin.

ANTHONY SAUNDERS married Joan Peak in 1725. Their children (born in Combe Martin) were JOHN (buried 1731), ELIZABETH (b. 1732), and ANTHONY (b. 1736).

ELIZABETH SAUNDERS married John Gear in Berrynarbor in 1783. Their children were Elizabeth (b. Mar 1783/4, Combe Martin) and John (b. 1786, Berrynarbor).

## IRWIN

JOHN IRWIN married Mary Ley Witheridge in 1791. Their children (born in Berrynarbor) were JAMES (b. Mar. 1791/2), JOAN (b. 1797), ELIZABETH (b. Feb. 1799/1800), ANN (b. 1802), JOHN (b. 1804), and DOROTHY (b. 1810).

MARIA IRWIN married James Gear in 1852 in Combe Martin.

## BURGESS

MARYANN BURGESS married John Witheridge in Combe Martin in 1859. He was Una Parsons' great grandfather, and he was my grandfather's fifth cousin.

ANN BURGESS married Edward Witheridge in Combe Martin in 1854.

## LERWILL

DOROTHY LERWILL in 1766 married Anthony Peak (b. 1739, Combe Martin), son of my 5-great grandparents, Anthony and Margaret Peak. Anthony and Dorothy had a daughter Jane (b. 1767, Combe Martin).

MARY LERWILL married JOHN NORMAN ("of Braunton") in Combe Martin in Jan. 1732/3. They had a daughter AGNES.

## LOVERING

NICHOLAS LOVERING married Rebecca Witheridge, daughter of my 5-great grandparents, William Witheridge and REBECCA LEY, in Feb. 1747/8 in Combe Martin.

This has turned out to be quite a list of possible connections. As I said before, it hardly seems possible that we are not related through at least one of these lines, Douglas. I realize this will be a big project just to check all these names with your own records, so I won't be holding my breath until I get your reply.

Many people in Britain, I find, as well as in America, hardly know anything about their family history back beyond their grandparents. I have hopes, Douglas, that you have followed at least a few of your lines a number of generations back, because you were able to list so many families through which we might be connected. I also hope to learn more about Winifred's family background.

Again let me say how much we enjoyed meeting you last year. We look forward to your response as you are able to find the time.

Yours sincerely,

David + Elizabeth Witheridge

Dear Mr. Witheridge,
You will be surprised to hear from me – I'm Una, Douggie & Winifred Stock's eldest daughter. First, on behalf of my parents, I must apologise for the fact that neither of your letters to them have been answered. They were very pleased to hear from you. Your letter in September came just when my father had another 'attack' after which he felt too poorly to delve into family trees & letter writing. As you know he had a brain operation in December, & although this did bring some temporary improvement, I'm afraid that he is now very seriously ill, and back in hospital.

I was delighted & intrigued to read your family connexions – you've obviously done a lot of searching. It was my jumbled bits & pieces that Douggie showed you on your visit here. I've long been fascinated by family connexions, & amuse myself by attaching get more & more distant 'off-relations' to the tree – somewhat of a forest really, full of tangled undergrowth! I was especially interested to read the name Bowden of Berrynarbor on your list – only a few weeks ago I met a farming family, now in North Cornwall, but originally from here; where the wife was a descendant of Berrynarbor Bowdens (her grandfather Bowden has married a London girl by surname Bawden!) Another member of this Bowden family was a Ley prior to her marriage – but I must ask Una Parsons how this connects to Walter Ley*, her grand-father (who was a first cousin to my great-grandmother). If you are interested in more details of this, I'd be pleased to draw it out for you. (*I've now found it on my own tree – Walter's brother Arthur)

It was interesting to read that your son is to marry a girl from Chicago, for in that city dwells the cousin after whom I'm named - yet another Una. (emigrated to USA in about 1891, from Combe Martin). She too is a blood relation to Una Parsons! Her grandfather (Dick Goss) was first cousin to Walter Ley (their mothers being sisters (Burgess prior to their marriages). That is enough to bemuse for now!

I should be delighted to hear from you again if I can offer any help in your fascinating search.

Yours sincerely,
Una Stock.

Dear "Cousin" Una, (stock)

Although I was glad to hear from you and to hear about your family records, I was sorry to hear that your father was back in the hospital again. Elizabeth and I did so much enjoy meeting your parents in 1980, and we hope your father is gradually improving again. Please tell your mother and father we think of them often.

I'm glad to have found someone else who is fascinated by family connections and has a great deal of family information. How I wish I could look at all your "bits and pieces"! For a long time I have known how intertwined all the old-line Combe Martin families have been. I have a feeling your records could help me with some of these connections.

Right now I am especially interested in the Leys, because of the copy of a Ley will I recently received from a Ley descendant in Wales, about whom Una Parsons' mother told me. I'd greatly appreciate receiving a copy of all the Ley information you have, including a chart, if you care to make one. I'm enclosing a couple of pounds for photo copies of your material, if you would be kind enough to send them to me. I'd especially like to know how Una Parsons' grandfather, Walter Ley, ties into your ancestry, and also into the Berrynarbor Bowden family.

Please give me also what you have on the Burgess family — how you and your cousin in Chicago are related to Una Parsons. (You didn't tell me your cousin's name or how you are related to her.)

As you see, I'm enclosing the family sheet that shows all I know about Una Parsons' Ley ancestry. I hope you can fill in a number of names, dates, and places for me. (If you want to keep this sheet, just write down the new information and send it to me.)

Thanks again for your letter.

Sincerely,
David Witheridge

Dear "Cousin" David,

Thank you so much for your letter & the "tree" - also for the money - there is no need for that - especially as I can't photocopy my records - they are quite incomprehensible to anyone else! I have written out the information you need - but have not had time to get all the dates - I shall try on my next visit to Devon to find at least some of these by searching in the churchyard. I can give more names on each of these sheets if you want them - but aybe for your records they are so distant?

As you will see from chart ① y father has died (May 13th) - e knew last December that he as terminally ill - a brain umour, very deep seated - but e never knew that it was inoperable. It has been a ery sad time - and at 67, it seems so young - especially own in Combe Martin where everyone seems to reach such great ages - especially in our amily there. My mother is bearing up very well, but now we've all had to return to our homes (all 3 of us in eastern England), she does feel very alone.

Her father's death

When my next holidays come – in August, I'll be in C. M. for 10 days or so, & will enjoy probing more deeply into my bits & pieces of family tree, your notes (& will copy & return them), & searching in the graveyard – & hope then to send greater detail & any further information you may want – if I can provide it.

Sorry I can't do more now – but in May we were so tied up on family illness, & now I'm back at work (school teacher), & my family tree is in Devon, & also exams are upon us – do hope you'll forgive haste & disjointed nature of this letter.

Meanwhile – happy connection hunting!

Yours sincerely,

Erna

P.S. Your address – Irving Ave. – Irving is a variation of IRWIN – my ancestor's name!!

Dear Cousin David,

My apologies for the inexcusably long delay in following up my letter of last year. Only this week have I been able to settle down to sorting out the chaos of my records concerning my ancestors and numerous "off-relations", I have re-read the various details you have sent of your family - and the most exciting discovery has been, as you will see from the enclosed details, that my great-great-great grandmother was actually a WITHERIDGE prior to Marriage. We realised this from the details of her children - especially John, and his date of birth. If you could tell me from which male Witteridge she is descended - who is also a direct ancestor of yours - we would then know what sort of cousins we are to each other! (10th? !)

I am not sure that I can supply much, if any thing, that you do not already know. However, I am sending two charts - one of some of the Burgess connexions, and one to show how I am (connected to) descended from Mary Hay 'Witteridge'. I am, also, at long last, returning [illegible] family record you sent.

14th April.

My holiday has run out – and I have got no further with my searches – but I hope the enclosed will be of some help to you. My sister & I have begun browsing round the Churchyard, looking at tombstones, but time & the weather has prevented us getting more done: Next holiday – perhaps . . .

Meanwhile, I thought I had better write to you, before any longer elapsed.

Yours sincerely,

Una Stock.

Dear Una,

It was great to receive your letter with all the new information. I thought I should try to integrate your materials into the rest of my records right away. Usually I put such things aside while I continue other things I'm working on, but this time I decided not to let your letter get "cold."

I was delighted that you were able to tie your Irwin line into John Irwin and Mary Ley Witheridge. As I have now figured it out, that makes you and me fifth cousins.

Until your letter came, I had never made up my mind regarding the parents of Mary Ley Witheridge, although I had formed an opinion. So I got out my records and reviewed all the options again. Now I am reasonably sure she was baptized July 9, 1759 in Combe Martin, the daughter of William Witheridge and Mary Simons. This William Witheridge (bapt. Oct 15, 1727, in Combe Martin) was the son of William Witheridge and Rebecca Ley, and that is where I think the Ley comes from as Mary's middle name (though it wasn't given in the baptismal record).

The marriage of John Irwin and Mary Ley Witheridge took place in Berrynarbor, but no Mary Witheridge was baptized there between 1727 and 1777. According to the Rev Fred A. Lovell, who sent me the records in 1970, the only Mary Witheridge baptized in Combe Martin between 1731 and 1797 was the daughter of William and Mary, bapt. July 9, 1759; and her marriage does not show up in Combe Martin. So I'm convinced she is the one who married John Irwin in Berrynarbor.

My great-great-great grandfather, George Witheridge, was a brother of Mary Fry Witheridge, your great-great-great grandmother. At this point I don't want to go into all the details of my Witheridge ancestry back to George, or our common ancestry back to Thomas Witheridge (bapt. Feb. 12, 1554/5 in Berrynarbor), who married Johan Mogridge Oct. 8, 1580, in Berrynarbor. Some day later I'll take the time for this, but at this point it will have to suffice to say that I'm a fifth cousin of your two sisters and you.

Sent to Douglas 9/2/81

You also know, of course, that Una Parsons stems from a John Witheridge (one of my relatives) who married "Maryann" Burgess, which means that you are related to Una not only through the Burgess line, but also through the Witheridge line. I could figure out just how you and Una are related in this way, but here again, I don't want to take the time to do so at this point.

You said you didn't know how this Maryann Burgess ties into the other Burgesses, and neither do I. But I do have the names of Maryann's parents from her marriage certificate: David and Elizabeth. Two other children of David and Elizabeth, taken from census records, were Jane (b. ca. 1835) and Elizabeth (b. ca. 1840), both born in Combe Martin. David and Elizabeth were also born in Combe Martin, David about 1809 and Elizabeth about 1807. Unfortunately, I don't have access to the Combe Martin Parish Register, so I can't track them down any further at this point.

Before I close this letter, I want to tell you how sorry I was to learn of your father's death. When your previous letter arrived with the sad news, I did expect you to write again soon, and as time went on I lost track of the fact that I hadn't answered your letter. I know you and the others in your family have missed your father very much. I especially hope your mother is getting along well. As I implied in my previous letter, Elizabeth and I were greatly impressed with your father and were very fond of him, even though we were with him only one evening. How I am pleased to discover that he was my father's fourth cousin.

Sincerely, David Witheridge

Dear David,

Thank you so much for your letter in May. We were so excited to discover the relationship with you & to learn that we are 5th cousins, & to discover therefore, that we too have a 9 times great Grandfather known to us - i.e. Thomas Witheridge. Next week one of the local postmen (a third cousin to me & and a 5th cousin to you!) is coming round to look at the tree - he is descended from the same 3 times Great Grandfather as I am: John Irwin who married Mary Witheridge. He'll be amazed to see the line going back to 1554! (you have given us this already)

I am now in Combe Martin again for 2½ weeks, & hope I might manage to follow up some more lines - & shall see if I can look in the Parish Register for Maryann Burgess's relations. It would be most satisfying to tie this family into our known Burgess forebears & relations.

One thing you have not given me is your own parents' names. I have all the Witheridges otherwise, in direct line, from your grandfather back to Thomas.

I have worked out my relationship to Una Parsons via the Witheridges - makes her, I think, a 7th cousin once removed to me. I hope to get down to see her, as she is now in contact with a Canadian Witheridge - & apparently she wants me to pick up the correspondence.

I have discovered I made a mistake over Una's grandmother's maiden name. I went over to the churchyard at Charles (a little hamlet some 10 miles or so south of here) & found her grave, which stated: She was Lucy Holloway 1869–1950. She was daughter of Joshua (1844–1877) and Ann (1844–1934) Holloway. She married Walter Ley. He is known to be buried with her, but the stone is not marked with his name.

My mother is getting along nicely – the large house & garden keep her busy, & she enjoys walking in the village most days.

We are enjoying a spell of unusually good weather – just as well at the moment, as major work is going on in our kitchen so everything is in a state of upheaval.

Thank you again for writing & for all the information you have supplied.

Yours sincerely,

Una Stork.

February 12, 1997

Dear Una,

I'm sure you remember the correspondence we had years ago about our common Witheridge ancestry. At that time I figured we were fifth cousins. Your family research was a great help in our sorting this all out.

Some time after that my wife Elizabeth developed Alzheimer's disease and later broke her hip, and I became her caregiver for several difficult years. In August of 1995 she died, and I have been putting my life back together again with good support from my family. Things are going well now, and my health is fortunately good.

The exciting news is that I am coming back to England in May for the 10th Anniversary Celebration of The Witheridge Society. It will be on the Bank Holiday weekend, May 3-5, in Tiverton. They had hoped to hold it in Witheridge, but found there weren't enough accommodations there.

The Witheridge Society is composed of Witheridge descendants who are interested in family history, along with their spouses and families. They publish a quarterly journal, but they meet only once a year on the first Monday in May. Although I am a member, I haven't been able to attend any of their meetings. Last May, however, they voted to name me Honorary Vice President of the society in recognition of my long and extensive research on the family. Last June the founder and Honorary President, Kim Cook, and her husband Roy came over to visit me for three weeks and presented me with a framed certificate!

A year ago I thought my traveling days were over, but I decided I couldn't miss the opportunity to see all the Witheridge relatives I had met on our three trips to England, as well as many others I haven't met. It's really going to be a "Grand Witheridge Reunion," with people coming not only from all parts of Britain, but also from the United States, Canada, Australia, and possibly other countries.

The purpose of this letter is to urge you to make a special effort to attend at least part of this event, along with any of your relatives who might be interested. I would really love to see you and have a chance to talk to you, and I know you would greatly enjoy meeting all the "Witheridges" who will be there.

I think a number of Witheridge descendants who live in Combe Martin will be going over to Tiverton for the meeting on Saturday, and if you would be n Combe Martin at that time, you might be able to go with them, depending on the space available in the car or cars. Una Parsons would probably know the plans.

Looking forward to hearing from you and seeing you in May,

Sincerely,

Feb. 22nd [1975]

Dear David,

Thank you so much for your letter - good to hear from you. First, I must offer you my condolences on the loss of your wife Elizabeth - a great loss under any circumstances but Alzheimer's is especially distressing.

I have noted May 3rd - 5th in my diary & greatly look forward to participating in the Witheridge weekend, even though my link is a little tenuous - but I love finding links. At the moment, I plan to come direct to Tiverton from my home on the South coast, for the lunch & get-together. I'll then go on to my mother in Combe Martin for Saturday night. It would be nice to link up with the coach trip when it gets to Combe Martin & again in Berrynarbor - & wherever the lunch stop is. I'll write to Richard Witheridge. I must tell him that the nearest railway station to Tiverton is Tiverton Parkway, & not Exeter as stated in the information. Tiverton Parkway is a mainline station with direct trains to main cities, including London. North Devon people find this quite useful - much better than slow train from Barnstaple to Exeter & then change. There is a new fast road from Barnstaple.

I'll be in Combe Martin at Easter & will see Una Parsons & ask her what she is doing.

Thank you again for contacting me & including me in the invitation.

All good wishes to you for a happy visit to England.

Una.

Dear Una,

It was very good news that you are planning to be at Tiverton for the Witheridge celebration, and I am looking forward to seeing you again. And I thank you for your kind expression of sympathy. Elizabeth was a great and lovely person. I'll miss her on my trip, and many will regret not being able to see her again.

Kim and Ray Cook are taking me to Combe Martin from Tiverton on Monday, and Una Parsons has planned a gathering Monday evening of people to whom I'm related through several family lines. I have a strong connection to Combe Martin and Berrynarbor going back several centuries.

That's all I have time for now, but I just wanted to acknowledge your letter.

Sincerely,

David

Dear Jean:

Although I have never met you, I am taking the liberty of calling you Jean, because you are my second cousin. Your grandmother, Elizabeth (Betsy) Witheridge Chivers, was a sister of my grandfather, William Witheridge.

Over ten years ago, when I first became interested in genealogy, I wrote to your mother and got some information from her. Then in 1967 my wife Elizabeth and I visited your mother and father in Lansing. Perhaps she told you about us at that time.

Believe it or not, I have had the enclosed picture of your parents in my file all this time intending to send it to you. My genealogical activities went off in other directions, and I never got back to getting in touch with you.

As of Apr. 27, 2022, this picture has not turned up.
- Tom Witheridge

This coming summer I have been granted a 12-week study leave, since I have been in my present position for 25 years. My wife and I are now making plans to go to England for the summer. I'll be visiting local councils of churches and studying the ecumenical situation, but we'll also be able to do some genealogical research as we go.

In looking back at some of my old materials, I came upon this picture that I had planned to send you. It made me realize again that we really should plan to meet you and your husband before you or we should move out of this area.

See the next document!

Elizabeth and I would like very much to come over to your house some evening and get acquainted. I have a great deal of Witheridge genealogical material I think you would enjoy seeing. It's also likely you have some information about your own relatives that I should have.

We'd enjoy having either a note or a phone call from you suggesting a convenient time for us to get together. It's really a small world after all. How strange that we've been together in the Twin Cities for several years, but have never met!

We hope that all is well with your parents and that your own health is good. Enclosed is a picture of Elizabeth and me taken a few years ago.

Yours sincerely,

David E. Witheridge

Dear Elizabeth & David.

Hope your trip to England was enjoyable & fruitful.

We've had a busy 5 or 6 months. We've been talking of moving to Ark. for some time & in July had the house in good shape so called the realtor. It sold 1 day after we listed & the people wanted possession by Aug 28. We rushed down here & rented a townhouse & started packing.

Our furniture arrived here Sept 1 & since we planned to build or buy, didn't unpack lots of boxes, so were quickly settled.

About Sept 19, had a call from a sister & went to Mich. to take care of my dad who had been in the hospital with pneumonitis & dehydration. While there I had a call from Charlotte that Neal's younger brother had passed away, so he drove up earlier than he expected.

My dad is coming along fine now although he's quite thin. I only wish I had the same problem.

We have bought a lot here at Bella Vista and our house is under construction. We hope to be in about April 1 & the address there will be 2 London Drive

I've mentioned to everyone about the information you'd like but can't seem to motivate anyone. I'll start writing again after the 1st of the year

and get our own family done.

My mother did write to say my Aunt Sarah had died & I'll have to find out the date for that.

Hope your Holidays are happy ones & pay us a visit when you're down this way.

As ever
Jean & Neal

Dear Jean and Neal,

Thanks for the letter with your Christmas card. We're sorry you have moved away from Minnesota just when we got acquainted, but we are sure you will enjoy it in Arkansas.

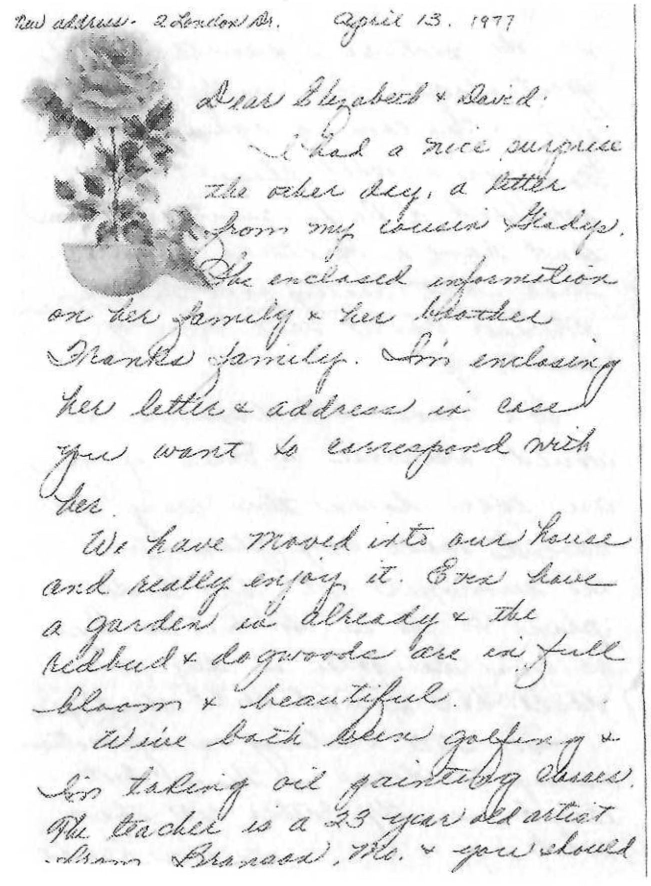
We hope everything is coming along well with your new house and that there will be no delay in getting in.

I'm not surprised that you are having trouble getting genealogical facts from relatives. Most people seem to be either too busy, disinterested, or just uncertain where to find the information.

We have many interesting things to tell you about our trip and many pictures we would like to show you if you ever come back for a visit. In particular, we saw the long row of houses where your grandparents and great grandparents lived high on a hill in Carnarvon. Two months later they were scheduled to be torn down, so we were just in time!

All our love,

Dave + Elizabeth



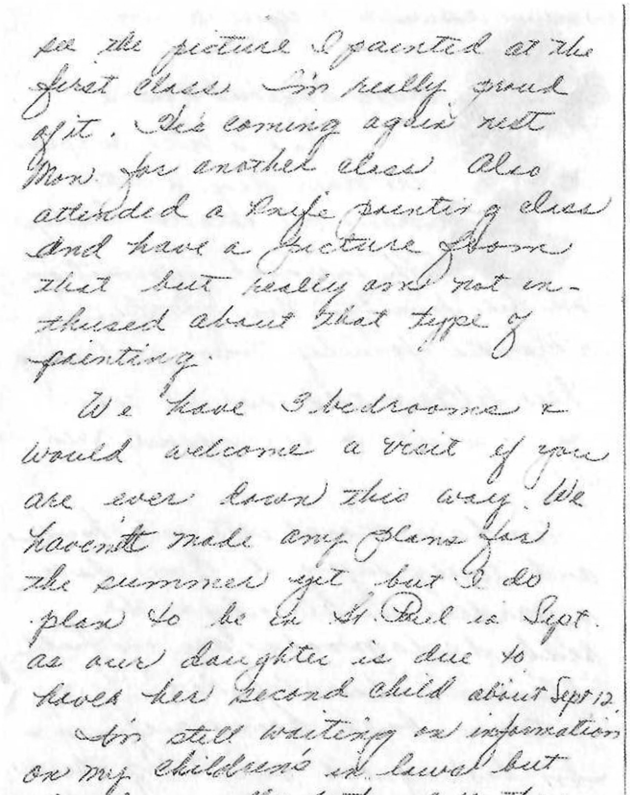
New address- 2 London Dr. April 13. 1977

Dear Elizabeth & David:

I had a nice surprise the other day, a letter from my cousin Gladys. The enclosed information on her family & her brother Franks family. I'm enclosing her letter & address in case you want to correspond with her.

We have moved into our house and really enjoy it. Even have a garden in already & the redbud & dogwoods are in full bloom & beautiful.

We've both been golfing & I'm taking oil painting classes. The teacher is a 23 year old artist from Branson, Mo. & you should



see the picture I painted at the first class. I'm really proud of it. He's coming again next Mon. for another class. Also attended a knife painting class and have a picture from that but really am not enthused about that type of painting.

We have 3 bedrooms & would welcome a visit if you are ever down this way. We haven't made any plans for the summer yet but I do plan to be in St. Paul in Sept. as our daughter is due to have her second child about Sept 12.

I'm still waiting on information on my children's in laws but they'd usually rather call than write.

as ever Jean & Neal

Dear Elizabeth & David:

I didnt get out many cards this year. We went to Mich. for Thanksgiving & I came home with a cold that turned out to be the flu. While there my mother died on Nov. 26. My dad is the one we expected to go first & he's still hanging on at 100 pounds & continuing to have his small strokes.

My folks were back with my sister Winnie & my mother had become impossible to handle so we were looking for a nursing home for her when she died very quietly & peacefully with 3 of us girls there. My dad is 87 & still with

Jean's sister, Winifred → Winnie.

We were in St. Paul baby sitting for Pat in Sept. Just stayed a couple of days after she was home from the hospital as her 3 year old resented anyone taking up her time. She had a girl, Dawn Michele on Sept 5. Labor Day.

(inside)

We also went up for X-mas with big plans for a least calling everyone & Pat, Wade & Dawn all had colds and as a result I'm back home with another cold. Guess I'll just have to stay away from the cold north.

Denny & Darlene hope to take a trip this spring & if so I'll be up to baby sit their 3. Peter 11 - Joel 9 - Lea 4. Then I should have time for some calling.

Neal is busy doing outside & inside painting for people who can't. He's also helping our neighbors on their house after they fired their contractor. When he's finished there he & another neighbor are building an office building for a realtor. They hire the subcontractors but oversee & do some of the work themselves. I hope he doesn't get too busy as I'd like to do some traveling.

Thank you so much for the picture.

Love

Jean & Neal

May 7, 1978

Dear Jean + Neal,

It looks as though we might be able to stop in Arkansas and see you on our way to a conference in New Mexico in June. It's a conference of staff members of councils of churches from all over the country. Elizabeth and I usually attend, but this is the first time it has been in New Mexico.

Our present plan is to go to Chicago and be with our son Tom on Saturday and Sunday, June 17 + 18. We would leave Chicago on Monday and go to De Witt, Ark. to be with a first cousin of mine on my mother's side.

We would get to Bella Vista on Thursday afternoon the 22nd and would have to leave on Friday afternoon in order to get to Las Vegas, New Mexico by Saturday night. My nephew and his family live there.

We hope you will be home and not too busy on June 22 and 23. If not, we might be able to reverse our direction and come to Arkansas after the conference – about July 5 + 6.

Please let us know soon whether this will work out with you. If it won't, we'll have to change our other plans, too. In fact if any of the others on our itinerary have conflicts we might have to change these dates, so they are only tentative at the moment.

We were sorry to hear of your mother's death. Elizabeth and I did enjoy meeting her so much.

Have you been up here this spring? We thought we might hear from you any time. By the way, perhaps you gave us the addresses of your children, but I don't seem to have them. Some day we should certainly get in touch with them.

We look forward to your reply and hope we can get together in June or July.

Love,

James + Elizabeth

Dear David & Elizabeth,

I've been meaning to write for the past month to let you know my father passed away on April 5 at age 87. Winnie & Will had taken care of him till about the last 3 weeks when he became unmanagable and then he was in a nursing home.

Either time you'd like to stop is fine with us. Our daughter Pat - 2 children & our son Mike will be down May 31 for a week. We expect Win & Will sometime in June but since we have 3 bedrooms would have room even though they were here. I don't remember if you've met Win yet.

Their son Steve, who was going to Bethel College & started seminary has moved from Noonan, N.D. to Ellis, Kansas. He's administrator of a Good Samaratan Nursing Home there. Win & Will plan to visit them & stop here but we haven't heard if they'll be here first or last so, as I said, whichever time is best for you is fine with us.

We were in St. Paul less than a week at Christmas. I'd just gotten over 3 or 4 weeks of the flu when we left here & Pat's whole family had colds when we got there so I immediatly came down with one & we didn't visit anyone.

(2)

Pat's address is

Mr. & Mrs. Gary L. Johnson
5745 Turtle Lake Rd.
St. Paul 55112. They
live in Shoreview.

Denny's is

Dennis Tomlinson
3865 Grand Ave.
White Bear Lake, Minn 55110.

They were here for a week April 8. Mike is applying to the University of Ark. at Fayetteville and expects to move down in July. He's decided, at 22, to go to school & really work at it.

I'll give you some directions to our house. We're only about 5 miles south of the Missouri border. If you're coming in from the south or north, take U.S. 71. We're north of Bentonville

We now have road signs on the highway & you'll take Riordan Rd. which curves & climbs for about 1 mile to Chelsea (end of Riordan). turn left on Chelsea and about 1 city block will be London & we're right on that corner.

Looking forward to your visit

Love

Jean & Neal.

June 5, 1978 DAG

Dear Dave + Elizabeth:

We received your letter just before Pat + children + Mike came. I guess I'm just not used to small children all day and thought I'd have time to write while they were here. As you can see I didn't.

Dawn at 9 months is a delight + Wade at 3½ needs a lot of assurance that everyone loves him too.

We'll be looking for you on June 19. I'll have something easy to fix so plan to eat with us.

It usually takes us 13 hours from Pat's house in Shoreview + we drive 55 to 60 mph. Pat + Mike made

it in 12½ but they only stopped for lunch + gas + they may be a little heavier on the gas pedal than we are.

Mike was not accepted at the U. but went to talk to the Dean of admissions + was told to take some classes at Lakewood Jr College to bring his grade ~~average~~ average up + then they'd accept him. His fooling around has finally caught up to him.

See you soon Love Jean + Neal

Dear David & Elizabeth: 1978

Enjoyed your visit & hope you'll come again. We have Mike with us since Aug 20. He started Community College classes Aug 24. & keeps busy doing odd jobs around the village. He'll decide soon whether to go to U of A or Oklahoma Tech.

We hope to spend X mas with Pat, Denny & families although I don't relish the trip up in case of snow.

I'll be up in Feb on the 6th to babysit for Pat & Gary while they go to Hawaii.

Denny & Darlene are going to Cancun, Mex. so may have to babysit there also. Depends on the date which isn't confirmed yet.

Hope this Holiday season finds you in good health, as we are.

May all the joys of the Christmas Season
be yours today and always

Dear David & Elizabeth:

Didn't get to Minn. this past summer but hope to next summer. Pat & family were here at Thanksgiving & Denny & family will be here for Christmas.

Mike is attending the U of A at Fayetteville & has an apartment down there but is home most week ends.

We have our house for sale but the market is slow. We'd like to rebuild with a lower level so Neal would have a room for tools & I would have one where I can keep an easel up & paint when I have time. I've also started watercolor classes but still prefer oils.

We'll contact you when we do get to Minn.

Wishing you a very
Merry Christmas
and a Happy New Year

We've decided winter is no time to go north so we'll spend x-mas here with Mike. Denny & family will be down the Sunday after!

My sister Winnie's oldest son, Steve is now living in St. Croix Falls Wisc. He's administrator of the Good Samaritan Nursing Home there. He & his wife attended Bethel College & he started in the seminary before he decided he'd rather work with the elderly. I think you'd enjoy talking to him & I know he'd be interested in your geneology work.

Dear Elizabeth & David:

Thanks so much for my grand-mothers picture. I have one of both my Redburn grandparents too.

This hasn't been the best of years for me. Developed a bad cough in April that the Dr treated as an allergy until I saw 2 other Drs who decided I had probably had a virus infection that developed into bronchitis.

We were at Pat's house in St Paul in July & only stayed a few days as my cough developed into a bad cold & Neal also got sick so we rushed home to our own Dr.

We probably won't get up again till next summer but will be sure to give you a call.

Plan on a trip to visit my sister Elaine, who has moved to Mobile, Ala then the 4 of us will go over to Leesburg Fla. to visit my sister Winnie who winters in Fla.

My brother George spends the winter at his place in Lake Havasu Ariz & summers at Pretty Lake in Mich.

We hope to get to Ariz. next winter.

Mike is still attending U of Ark. but has changed his major from pre dental to merchandizing.

Thanks again for the picture

We haven't done much traveling this year. Neal flew to Mich last of March when his brother had a severe heart attack + passed away.

Mike was married March 13. Spring break + we acquired a very nice daughter-in-law + a 6 year old step grand daughter with red hair, brown eyes + freckles.

My brother Ray + wife from Mich + sister Elaine + husband from Mobile Ala. converged on us Oct 1 + arrived within 1 hr of each other. Ray was here a week + Elaine 2 weeks + we had a great time.

Elaine is moving to Leesburg Fla Jan 3 + within a few miles of my sister Winnie so we plan to make a trip to see them

Dear David & Elizabeth:

We didn't get up to Minn. this year till just before Thanksgiving and then rushed home right after to get ahead of your second storm.

We were in an auto accident June 5. We had stopped in a left turn lane on a curve (& in rain) & a car coming toward us lost control & hit us head on. We had $3300 damage to our car & the other was totaled. Neal wasn't hurt at all & I had a badley sprained foot & 2 black eyes plus a bloody nose from hitting the windshield & dashboard. The 17 year old in the other car had a concussion & head laceration so we were all lucky.

Needless to say I've been a little nervous in a car especially if it's raining.

Our winter has been cold & snowy. Usually you can golf during Dec. but not this year.

We spent Christmas with Mike & his wife's family in Springdale, Ark.

Hope to go to Florida in Feb. to visit my 2 sisters Winnie & Elaine who now live in Leesburg. Also would like to visit the Epcot Center which we didn't see a year ago because Neal had a sore back & couldn't walk much.

Hope to get to St. Paul this next summer for a couple of weeks & will give you a call.

Dear Elizabeth & David

Made 2 trips to Mich. One in May when Neal's sister had by pass surgery & the other in July for the family reunion. Since Pat & family & Denny & family were also at the reunion we went to Milwaukee for a retired inspectors convention & saw several friends from St Paul & Minneapolis & skipped Minnesota.

Spent Thanksgiving in Florida with Ray, Elaine & Winnie. Don't know if you heard that Elaine lost her husband Sept 30. Had a massive heart attack @ 64yrs.

Plan to make a trip to Arizona after the first of year & visit Leo at Lake Havasu City. He was supposed to be in Fla too but became ill & had to cancel. He's expecting a grandchild in Dallas this month. Kim works for Texas Instruments there.

Mike got his degree in Food Science in July & works for Tyson Foods in Springdale, Ark. in their Research & development Lab.

May the blessings of Christmas be yours,
now and throughout the new year.

They are expecting another baby in June. Well spend Christmas with them. Denny & family may come down after.

I imagine Jo keeps you up to date on the family. We have a new grand daughter Anna Lee born June 10 @ Fayetteville, Ark & a new grand daughter in law married to Peter July 31. All we know is her name is Christy ✓ & she's 6 years older than his 21. Denny & Darlene weren't too happy as he has 2 more years at Minneapolis College of Art & Design. He was on the Dean's list with a 3.7 average.

In a few years the age difference won't matter as much.

Hi

We didn't travel at all this summer. I was so busy with golf job I had for the 9 Hole assoc.

Denny was down twice with different members of his family + Pat came down with the 2 kids.

They're all growing up fast.

We did get to Mich for Roy's wifes funeral.

I imagine Elaine is keeping him busy. Now she has a partner for her activities. Everything she does is at a faster speed than I'm used to, but she's always been like that.

We also got together with Jo + Bruce

76 0028

for dinner + she was telling us how much she enjoyed her English pen pal vistors.

I remember, when I was in Nurses training, corresponding with a distant cousin who was also in training in England but I guess we were so busy at the time we lost track of each other. I know we had classes plus an 8 hour shift + worked 6 days a week.

Hope you are well as we are.

Dear Elizabeth & David:

Another year gone by & they seem to go faster these days.

We went to a Tomlinson family reunion in June & the day before one of my nieces had an open house for her graduating son so we also saw a group of my family. Elaine, Roy & Winnie were up from Florida so we had a mini reunion.

Our oldest grandson, Peter & wife live @ 3138 5th Av. So. Minneapolis He says its not a good neighbor-hood but all they can afford now. He calls occasionally & wishes we all lived closer. His other grand-mother lives in Fla.

On our way home from Mich. we stopped in St. Paul to see Denny & Pat for the week end.

Neal has developed ulcerative colitis & were having a time controlling it.

← [Jan. 8, 1991]

Dear David.

I sent an application for the Witheridge Society to John Witheridge just before Christmas. Denny + Darlene sent me an early Christmas gift of a check in pounds + an application blank.

I also wish Jo + Bruce would go to England. She's still working but will be 66 in March. She hasn't said when she will quit.

We're having a bit of snow but its not sticking to the roads. In between cold spells the temperature goes up to the 55's + 60's.

Mike's 13 year old Phillip comes up and we play golf. He's getting so good he out plays me. Of course I think at 77 I'm lucky to be out there

I was doing a school project for Peter's son Mason who is 6 and in first grade. I'm sending a copy of the letter as we all got a big kick out of it. He usually calls me great grandma Jean but probably didn't have space for the great.
He goes to a small Catholic School near where he lives.

His mother + father separated quite awhile ago + may even be divorced by now. I don't like to question Denny + Darlene about it.

I took Flat Stanley to painting class + we took a picture of him there. He also went to Phillips 13th birthday party + I took several other pictures around here + also sent postcards from this area, a couple from England and Winnie sent me 2 from Michigan for him.

I'm also sending a picture we took at Ray's cottage last summer. Only Elaine was missing, She couldn't make it because she has a blood clot in her left leg + the Dr. said no.

I'm not sure if anyone told you we lost our 2 brothers. George 10 years ago + Dale last Feb. They were in the middle of the family. George would have been 73 and Dale 71.

When I was a senior in High School Jo started Kindergarten so my mother had all 7 in school. I imagine she gave a big sigh of relief.

The doctor is having a little trouble stablizing my blood pressure so I go into the Bentonville hospital for exercise in their Fitness center. They monitor B/P's. Today is the day I go in. It's 3x a week.

I hope all is well with you

Love Jean

Dear Shirley, Walls

I was very glad to get your letter with the additional information about your Norman ancestry in North Devon. At this point I don't have a great deal to add, but I do have a little.

As I said in my last letter, I wrote to the Rev. John T. Williams, the rector at Combe Martin, about Gabriel Norman's baptism, and he replied with the following information. The only baptismal entry for a Gabriel Norman is:

12 January 1716 Gabriel, son of William Norman and Magdalen his wife

This is obviously your ancestor, so now you have his parents. My guess is that William was the brother of the Gabriel Norman I told you about last time, who was the son of Walter and was baptized in Combe Martin Mar. 18, 1693/4. Mr. Williams didn't go on to give me more information about William and Magdalen--marriage, baptisms, and other children--but we should probably ask him to look. Maybe you already know about William and Magdalen.

He did give these baptisms of children of Gabriel and Mary Norman, other than those I mentioned in my last letter:

Walter (31 August 1717) Richard (25 June 1720)
Nicholas (24 December 1722)
and from the Bishop's Transcripts:
John (3 April 1726) Mary (8 December 1728)

Your mention of the Slocumbe cousins in Francis Norman's obituary makes me believe that your Mary Norman did marry Henry Slocombe on May 3, 1812. Perhaps you are also right that the Francis at Watermouth Castle was the unacknowledged father of Mary's son Francis. Did you ever hunt for Henry Slocombe's family in the 1841 Census?

I was interested to note that Symonds is one of your ancestral lines in North Devon. One of my ancestors, William Witheridge, married Mary Symmons in Combe Martin on July 10, 1749. She was baptized in Combe Martin July 19, 1727, the daughter of George and Eleanor Symmons, but I do not know George's ancestry. How do you tie into the Symonds/Symmons line?

You also mention the tithe map apportionments for Combe Martin. How do you get access to these?

Each time Elizabeth and I were in Britain--in 1976 and in 1980--we hired a car and drove 4,000 miles through England, Scotland, and Wales. Part of our 1980 trip was through Northern Wales, and when you mentioned Cheshire and the Bishop of Chester, I got out my map of Wales and found we were not too far from Halkyn. One night we stayed near Llangollen in the lovely old inn, Ty'n-Y-Wern. Perhaps you are familiar with it. Elizabeth keeps saying it was one of her favorites of all the places we stayed in.

Another interesting item is that we have just discovered that Elizabeth is a descendant of the Grey family of Ruthin. Her ancestors were Sir Reginald de Grey, who had various offices, such as Justice of Chester, about 1270; and his son John de Grey, known as Lord Grey of Wilton (in Hereford), who was "Justiciar of North Wales and Keeper of the King's castles and lands in those parts" about 1315. We are now trying to learn more about that family and the area around Ruthin.

Hope to hear from you again.

Yours sincerely,

Editor's note:

These assumptions proved false. See the index entry for Grey family.

Dear David,
I think we must be about 50th cousins. Thank you very much for details of my Gabriel. Having an unusual name certainly makes searching easier & more conclusive. Families certainly moved parishes more than we thought & when you think that the distances are only about 10 miles (apart from the very large parishes), You mentioned bay Symonds. Well the May family who married into the Norman family were descended from Symonds who I have traced back to Barnstaple area. Again it shows how families move. You certainly get more information from vicars than we do writing in this country. We have not been down to Devon for about 5 years, usually tend to go up North. Thank you again for details.

Re your Gray family. Have you done any research or written to the local record office. Ruthin castle is now a hotel which specialises in Medieval Banquets. We have been to a couple of these. One sits on benches the great Hall, eats food with daggers & drink mead. All

in the great hall

the food is c 17. A bit primitive but with the entertainment it is great fun. I have also been around the dungeons – all that is left of the original castle.

Lily Langtree used to visit Ruthin castle with the Prince of Wales (I expect you have heard of her – she did visit the states).

The Grey family were the English overlords. I do not know much about them. I think at a later date they have a reputation of cruelty. Again I can find out more about them if you want. I often visit Hawarden Record Office & the Denbigh Record Office is @ Ruthin. Probably could be cheeky & ask Ruthin Castle for some literature as well.

So far in my family I have no blue blood just Devonshire yeomen & farmers. My maiden name was Moses & although my great aunt said it came from Moses & the bullrushes. I think that Moses/Isaacs etc all found in Devonshire are from the Medieval Jews of Exeter when they were disbanded about c12. Anyway let me know if I can do anything @ Ruthin

Dear Gerald, Walters

We were very glad to see you and the others in Combe Martin, even though it had to be a short visit. It was good that so many could be there that evening. Here is one of the pictures I took to serve as a reminder of the occasion.

I was glad to hear from Myrtle that the people from South Africa were in Combe Martin not long after we left England. Apparently they are planning to maintain contact with their ancestral home.

I wrote to Mrs. Kruger in April of 1987 using the address you gave me through Una. However, I never did get a reply from her. I now have a new address I got this summer in Combe Martin, probably from you. (35, Bonair Rd., Rondebosch) I'll write her again when I get a chance.

One thing I am uncertain about, and that is whether you were ever able to pass on copies of the Witheridge pedigree charts to Mrs. Kruger. I don't think she arrived there when you first expected her, so maybe the charts got mislaid. Please let me know in the enclosed envelope, and I'll send her some copies directly, if she doesn't already have them.

I'd be interested in knowing which members of the family were there. I assume that Mrs. Kruger was there and that others were with her. What did they do and what did they say about their family?

Thank you for helping me re-establish contact with them.

Yours sincerely,
David Witheridge

Dear Mr. Witheridge:

You will no doubt be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales, with his father coming from Devon, most of my search for the Witheridge line has been in England. This is difficult at such a distance, and I'm hoping you can be of assistance to me. At the same time, I think I can help you learn much more about your own family history.

As you can see from the enclosed list, I have already corresponded with a number of Witheridge families in England, and I am gradually picking up information about our ancestry. I believe most, if not all, Witheridges have a common ancestry, if we can get back far enough, though I have no illusions that this can actually be accomplished.

I'm hoping you will be willing to pass on to me all the information you have about your own ancestry. How far back can you trace your own Witheridge line, and what else do you know about the Witheridge family? Do you know the relationship of any of those I have listed on the enclosed sheet, and can you give me the names and addresses of any other Witheridge descendants? Up to now I have failed to locate anyone who has actually worked on this line, and the Society of Genealogists doesn't know of anyone, either.

Naturally, I wonder if you are related to the two others living in Newport--R. E. Witheridge at 85 Edward VII Avenue and Fenwick R. Witheridge at 37 Park Crescent. I haven't yet tried to reach R. E. Witheridge, but I have corresponded with Fenwick and he did not mention knowing you, although that may have just been an oversight.

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Baptist minister, I came to Minneapolis nineteen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife, Elizabeth, also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 23 and works for Goodwill Industries in St. Paul. Tom is 22 and works at the Massachusetts Mental Health Center in Boston.

I shall look forward to hearing from you soon and receiving any information you can give me about your family background. Thank you for your help.

Yours sincerely,

David E. Witheridge

Rev. David C. Witheridge.

Dear Mr. Witheridge,

Many thanks for your letter which was addressed to my husband.

I know that he would have been delighted to hear from you but I'm afraid I have to tell you that I lost him on 12th June last year, very suddenly, due to a heart attack.

He had of course, already heard about you & your "investigations" from his younger brother Fenwick with whom you have been corresponding. The R. C. Witheridge you mention is the eldest brother, then there is another younger one Colin & also one who died about 1944 & who left a son David. My husband's father had a brother who had three sons all of whom live in or near Newport. As you can see the family is gradually spreading - just like the ripples in a pond.

I shall contact my brother-in-law Eric & show him your letter although I have no doubt you will contact him yourself - I think that he might be of more help to you than myself.

I should like to tell you that my husband & I had been married for 23 years - wonderful years with many wonderful memories to look back upon. We have three daughters aged 20, 15 & 14 yrs. - the two latter being still at school & the eldest doing photography. As you may well imagine - without my daughters life would have been a very empty existence, but perhaps I should not say that because I have some wonderful friends & of course the family all of whom have been very good to us. In addition I am a State Registered Nurse & work part time in a local Toy factory - & this too has been of enormous help to me.

Finally I must add that my husband was a Master Mariner & for the past 9 yrs. had been a Channel Pilot. His father, who died in Sept. last year was also a Channel Pilot. To add to our troubles my husband's mother died only nine days after him so you can see the family as a whole, have had a difficult time recently.

I do hope that in time you will receive all the information you require to complete the family tree.

My warmest wishes to you, your wife & family. Yours sincerely, Ada M. Witheridge.

Dear Ada:

It's four years since you so kindly wrote to me in response to my letter to your husband. I should have written immediately expressing my sympathy and thanking you for the information, but I kept thinking I would wait until I heard further from Fenwick, but I've never heard from him since then.

Quite unexpectedly in December I received a Christmas card from Catherine Houtz, who lives in Bartlett, Illinois. However, she merely signed her name and gave no further information or clue as to what she had heard from Fenwick or when. It's six years since he told me his sister lived in Illinois, but he gave me the wrong address, so I was never able to make contact. At any rate, I'm pleased now to have heard from Catherine and have just finished a letter to her.

This also brought your letter to my attention again, and I decided to thank you and see if you would be willing to help me further.

As you can see, I have put together all the information I have on your husband's immediate family, and I'm enclosing a copy. Even though these are not your own brothers and sisters, I'm sure you can make some corrections and add some information to what is there. Would you please do this and return it to me? I'm going to send a copy to Fenwick, but just send back what you know without waiting to confer with him.

I'm also enclosing a similar form I'd like you to return with information about you, your husband, and your children.

The third item I hope you'll be willing to send me is a list of addresses of all the relatives of your husband whose addresses you know. By that I mean not only his brothers and sisters, but also any uncles, aunts, nieces, nephews, cousins, and any of your daughters who may be living away from home. I don't expect to write to all of these, but I like to have a complete and accurate record, and sometimes I do need additional information.

This reminds me that I have the name of an R. E. Witheridge at 51 Hafod Road, Ponthir, Caerleon, Monmouth. Several years ago I wrote to him, but the letter was returned with the notation that he was not known at that address. I have wondered if he was any relation to your husband and would appreciate knowing if you are acquainted with him.

1/5/75

As far as I can tell, I never did write to your brother-in-law Eric, whom I assume is R. E. Witheridge. Here, again, I was expecting to get what information I needed from Fenwick. However, I'll probably write to Eric now, but I'd appreciate it if you'd let me know if the address I have is correct.

I hope you and your daughters are well and happy. You are so fortunate to have them. Our two sons are getting along well. Jim, 28, is studying at the University of Minnesota here in Minneapolis. Tom, 27, is working on a psychological research project in Chicago. My wife Elizabeth had her seventh book published last spring, and now she is working on another.

Now I'll close and look forward to hearing from you soon.

Yours sincerely,

David E. Witheridge

Dear Ada,

My wife Elizabeth and I have recently come to England to spend the whole summer on a study leave studying the ecumenical situation in Britain.

I had hoped to get a letter off to you before we started our trip, but I got too busy with preparations.

Now we are here and will be staying until September 2. At the moment we are in London, where I'm spending some time at the University of London library, the British Council of Churches, and other places.

On July 8 we shall hire a car and travel up through England, Scotland, and Wales for about four weeks. We'll be visiting local councils of churches, sight seeing, and of course seeing relatives.

Naturally we hope to stop off in Newport and meet you and your daughters, as well as Fenwick and Eric and their families. We expect to get to Wales about July 29 and stay until about August 3. I have Withridge and Allen

Sheet 2 – June 26 1996

relatives in Ynysybwl, Merthyr Tydfil, Aberdare, Swansea, and Bridgend.

We'll be heading for Devon after our time in Wales, so I thought it would work out best to come to Newport on August 3. But if that would not be a good time for you and the others, we could probably work out something else.

We'll be at this address until July 7, so if you replied right away, we'd probably get it here before we leave. Otherwise, you could write to me in care of the Rev. Eric Allen, 14 The View, Leeds LS8 1JL Yorks, where we'll be from July 13 to 15.

Our main address in Wales will be in care of Mr William J Roberts, 48 Thompson Street, Ynysybwl, Pontypridd, Mid Glamorgan CF3 73EN.

I've also written to Fenwick, and you'll probably want to confer with him about the suggested date. I hope to hear from you soon.

Yours sincerely,
David E Witheridge

March 7, 1988

Dear Annette,

Kim has probably told you that we are coming to Britain on May 14 and will be there for a month. Kim and Roy have kindly offered to pick us up at the airport and return us there when we leave. We'll stay a couple of days with the Cooks then go into London for five days – from Monday, May 16, through Friday, May 20. On Saturday morning we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

We sincerely hope we can work out a way to meet you and have a good conversation when we are in London. We don't have anything scheduled so far, but we do want to attend a symphony concert one of the evenings and go to the theater another evening.

Perhaps you could be our guest for dinner at our hotel one of the evenings. We'll be staying at the Bedford Hotel on Southampton Row. Another possibility would be for you to come to our hotel for lunch, but I'm not sure how that would fit into your working schedule.

What you should do is to write and make two or three suggestions as to the best times for you and mention any times that would definitely be out. We have two other relatives we also want to see in London, one of them my seventh cousin once removed, Robin Witheridge, a young attorney. We may not be able to fit this all together until closer to our time of arrival or even after we arrive in Britain.

I'm ashamed to find that, as far as I can see, I never answered your lovely letter of March a year ago. My only excuse is that I'm working on so many family lines at the same time (my own and my wife's), and I had shifted over to my German ancestry on my mother's side for several months. I appreciate the details you gave on your own Witheridge background, but I haven't found any connection yet with any of the Witheridges in my records.

Dear David and Elizabeth,

Thank you so much for your letter. Yes, Kim did say you were coming over - I'd really love to see you. I know the Bedford Hotel as Southampton Row isn't far from where I work in Fleet Street. Dinner sounds like a wonderful idea. When you get there, call me on 889 8873 - home or 353 8000 x 4090. If you're pushed for time, slot me in with Robin - I don't know him but we all have our name in common.

I was actually in New York at the end of January for five days covering the phantom of the Opera opening on Broadway. It was absolutely wonderful, I couldn't believe I was actually there. I also felt totally at home from the moment I left the airport - unlike Los Angeles which ~~is~~ I didn't like at all. I'm actually planning to have a week's holiday in New York probably the very last week of May so I can do some proper sight seeing. In January I managed to quickly dash up the Empire State Building and I had a quick look around the shops - that's the trouble with going somewhere to work!

Kim had a Witheridge get-together at the beginning of January. Unfortunately I couldn't make it as, as usual, I was working. But I understand it went very well. We're now working towards our first agm on May 2. I haven't had much time to do anymore research into my branch of the Witheridge family recently - our lives sound very much the same i.e. constantly on the go. Still I will do something before May.

I had a Christmas card from your relative Winnie in Wales, she seemed well. My mother lives about 50 miles or so from her so at some stage I know we will meet.

My sister Yvonne had her first baby, James, on Feb 29. Poor little thing will only get a birthday once every four years as it was Leap Year's Day. I went to see him last weekend - he's so tiny but absolutely gorgeous. I'm to be his godmother, which I'm very proud about. My brother in law's parents are very happy as it's their first grandson - the others have all produced girls. Mindyou, that's like my branch of the Witheridges, although if ever I have children I shall make sure the name gets in somewhere.

Well I had better close as I can smell my tea starting to burn in the oven. Can't wait to see you in May - have a safe journey over.

Anette Woaze.

September 19, 1988

Dear Annette,

Our lives have been very hectic since we returned from Britain, and we assume the same has been true for you. We arrived home with severe colds, which lasted several weeks. Then we found they were in the midst of a drought and heat wave – the worst in many years. So with our colds and the excessive heat, our energy level has been very low, and it has taken forever to complete all that needed doing after our trip – including the writing of many letters!

We greatly enjoyed meeting you and having a chance to get acquainted. Thank you for coming over to our hotel. The enclosed pictures will be a pleasant reminder of our time together.

I have a couple of items in my notes from our trip that I think you told me about. The first is a notation about Kate Worgan, whose ancestors lived in the Forest of Dean, where parish registers were not kept. It seems to me she was a friend of yours. I had intended to ask our friend Colin Chapman, an excellent genealogist, for some suggestions when we visited him in Dursley. But I had mislaid the note, so I had to let that go until we got home, and then I wrote him a note. We'll see what he says when he replies.

The second item is about Mrs. Megin Gear, who lives in Combe Martin and has a daughter, Elaine Gear, living in Coventry, as well as a son John. This probably came up because Gear is one of my ancestral lines in Combe Martin, so these Gears may be distant relatives of mine.

Do these notations sound like things you told me about? If so, please let me know and give me a little more information.

That's all for now. We'll be glad to hear from you when you have time. Best wishes!

David + Elizabeth

# Editor's Note

Considering how much trouble DEW went to in his search for living relatives in Britain (without even the courtesy of a response in many cases), the eagerness of Col. (back then still Maj.) Anthony Witheridge in the letter on the next page is truly remarkable.

Dad had written a letter to Anthony's father, George Albert Childs Witheridge (b. 1908), in Surrey, England, who subsequently mislaid it. However, George and Anthony remembered that Dad had described Mom as an author of children's books. Since he was stationed at the time in Amman, Jordon, Anthony used his contacts at the U. S. Embassy there to track her down through Atheneum, her New York publisher.

Is that a cooperative genealogical source, or what?

Tom Witheridge

P. S. Lest you harbor any doubt that Anthony was a prince among men, see also his unsolicited offer of help once again on August 3, 1982, completely out of the blue (later in this section).

Dear Mrs Witheridge,

A couple of years ago, your husband wrote to my Father, G A C Witheridge of The Crossing, Brook, Nr Albury, Guildford, Surrey. Unfortunately, the letter was then mislaid, so we lost your address.

However, remembering that he mentioned you as a writer of children's books, I have been able to get your address through the United States Information Service Office in the Embassy in Jordan.

I trust that this letter will catch up with you and should be glad if your husband and you would get in touch. If there is any information you want about the Family, please let me know. I understand you have been through telephone directories and so on to get names; and I should, at least, be able to help in identifying these.

I look forward to hearing from you both.

Dear Anthony:

My wife, Elizabeth, and I were fascinated to receive your letter and were impressed with your ingenuity in locating us through Atheneum, her publisher.

I was very happy to hear of your interest in my project of Witheridge genealogy and offering to help. More than anything else in my genealogical correspondence I have found a lack of interest in such matters and an apparent unwillingness to make any effort to track down information that is surely available somewhere.

So your generous offer is most welcome, and I gratefully accept it. Enclosed are copies of letters I wrote to your father and his answers to me, inasmuch as his copies apparently were lost.

It appears that I made a few notations intending to write again to him and Gwendoline, but I obviously never did. So now I'll pick up the thread with you.

I am sending you a few genealogical charts and forms so you can study them and add any details or correct any errors you may find. I especially need exact dates and places wherever known. Items that may seem unimportant are often the very clues needed.

One of these sheets is for the latest addresses of any Witheridges or Witheridge descendants you know about. I may not write to all of them right away, but some day I may need to.

The one person I have found in England who has really joined me in earnest in my efforts to build up a Witheridge genealogical record is Celia T. "Kim" Cook (Mrs. Roy), whose mother was a Witheridge. She had always wanted to do something like this, and my correspondence inspired her to get started. She and I have written back and forth several times, and she has visited Somerset House in search of records and even spent a week out in Devon a year ago. She and her family live in Surrey, probably not too far from your father. (81 Ash Road, Sutton, Surrey)

I can't go into much detail now, as we are getting ready to go on a two-week trip. So I'll just send you the enclosed material and ask you a few more questions.

Please, as I said, fill in the enclosed charts with any missing details you know or can find. Also, give me all the addresses you can.

Of course, I am trying to get back to George Causey Witheridge of Devon (your great-great grandfather) and reconstruct his connections and relationships. What we need, of course, is the name of the towns where he was born and was married, as well as these dates. Because his son George Causey was born in London on May 11, 1858, perhaps he remained in London and died there.

Do you happen to know where your great-great grandfather was buried (also his wife) and where we might hunt for his obituary and that of his wife?

As I look at these materials now, I think we can get the birth record of your great grandfather on May 11, 1858, at Somerset House, and this should tell us a little more about his parents.

Now, just a question about the notation that three sons of Henry Witheridge went to Australia and came to England while serving in the First World War. Who would that "Henry Witheridge" be? A brother of your grandfather? If so, what other brothers and sisters did they have? How could we track down the Harold who returned to Australia? Through the military records in England or Australia? Perhaps because of your situation, you would be in a special position to help in this.

Now I must close. Thank you again for writing.

Yours sincerely,

David E. Witheridge

Dear Anthony and Françoise:

I certainly thought we'd be writing to you sooner than this! It seems impossible that it's nearly eight months since we were all together in your lovely home. That was a delightful afternoon, and meeting you and your children was a special treat after knowing you for some time merely as names on a genealogical chart!

We think you'll be delighted to get these pictures--even if they are a bit late. You are such a good looking family, and we are glad to have these pictures to remind us of you often. Just one little problem: We can't remember which twin is which! Please tell us when you write.

Ann
and
Clare

I'll admit that I still don't know how our Witheridge lines tie together in the distant past, but I have confidence that some day we'll find out. I wish we didn't live so far from England, but with Kim's help and yours, progress should be better in the future.

I've just looked over some notations I made when we were there, and I remember now, Anthony, that you were disturbed because your great-grandfather's name was given as George Henry Witheridge instead of George Causey Witheridge on your grandfather's marriage certificate in 1907. This is a little unsettling, but we find so many errors in these records, that I think it is just a clerical error, rather than a different person than we had assumed.

You should eventually try to get the birth and marriage certificates of your grandfather's brother and two sisters to see what information turns up on them. Almost every such certificate reveals some new bit of helpful information. I'd be glad to have copies of whatever additional information you secure.

We do hope that this is still the proper address and that you are all well and happy. We know that you are very busy and that the children have grown and changed a great deal since last summer. Please let us hear from you one of these days.

With all our love,

Dear David,

How are you & Elizabeth? I do hope all is well

How are your researches into family history? Have you been able to identify a "common ancestor"?

Since we met last, my family and I have had a couple of years based in Paris, where I was a student at the french army's staff college, then a short period in Germany, and now we are in England, though I am due to go abroad again in a few weeks.

If there is anything I can do for you in these next few weeks, while in England, to help with your researches, do please let me know.

Best wishes to you both,

Yours,

Anthony

Dear Anthony,

It was good to hear from you again, and I wish I could have answered right away; but we were just arriving home from a 3½-week trip east to New England and had a million things to do to get back to normal.

As always on our trips, we had amassed an amazing amount of genealogical material, practically all of it related to Elizabeth's lines going back to early Colonial days. This has taken a lot of time to acknowledge, sort, organize, record, and so on. I'm still far from finished, and it will be weeks before I'm through.

Before our trip I had received an interesting letter from a woman in England (near Bristol), Barbara Popplestone, who saw my name in the Journal of the Devon Family History Society. She comes from a long line of Gregorys, one of whom, John, married a Katherine Witheridge in 1627 in Littleham (near Bideford), which is also a place where one of your ancestors (Fanny Cawsey) was baptized. I wrote and told her what I knew about Witheridges and Cawseys in that area, and she has now replied with some interesting information.

You may have seen the sheets I sent to your father and Gwen about Christmas time, which showed what I thought was the proper information about the parents of your great-great-great grandfather William Witheridge (who married Fanny Cawsey). At that time I thought his parents were John Witheridge and Ann Evens and that he was baptized Nov. 6, 1791, in Littleham. Later, however, I happened to discover the family of William and Fanny Witheridge in the 1851 Census of Bideford. This showed that William was born not in Littleham but in North Tawton, and that Fanny was born not in Littleham but in Landcross (not far from Littleham).

When I got Barbara Popplestone's letter about Littleham and her offer to help at the Devon Record Office, I asked if she could find the baptismal records of William Witheridge in North Tawton and Fanny Cawsey in Landcross. She has since replied with the information shown on the enclosed sheets. The baptism of William on Feb. 7, 1799, was the only record of a Witheridge she could find at North Tawton, so now our problem is to find where his father, John, came from. (No mother is named.) My earlier assumption that William's mother was Ann Evens is wrong, as I have her burial record in Littleham in 1793. However, his father might still be the same John Witheridge, if we can discover a burial record of John's first son William (born in Littleham in 1791).

Regarding Fanny, Barbara Popplestone found four children of John and Elizabeth Cawsey baptized in Landcross, but not Fanny. Since Fanny's baptism in 1799 in Littleham fits right into the list, it is obvious that, although she was born in Landcross like the other children, she was baptized in Littleham. Perhaps they were without a clergyman at Landcross at the time. Then after 1802 the family moved to Northam where William and George were born. (John and Elizabeth were still living in Northam at the time of the 1841 Census.)

So, to answer your question: no, I haven't identified our common ancestor, but I am more accurate now in the information about your earliest ancestors. I haven't yet quite figured out how to go back to the next generation, but I'll keep working on it.

In the meantime, if this reaches you before you leave the London area, there are a few items you might try to secure at St. Catherine's House.

First is the marriage certificate of George Causey Witheridge andMary Ann Bussell about 1856. Then, if from that you get the age and parents of Mary Ann, you might find her birth record. Thirdly, you could probably find the birth record of Elizabeth Witheridge in 1838 in Northam.

As I re-read your letter, it sounds as though you may already have gone abroad again before my letter arrives. If so, or if you can't get to St. Catherine's House, please let me know, and I'll try to get these certificates in another way. I'm sorry I couldn't write sooner, but it was only yesterday that I finally got the enclosed sheets revisdd to include all the latest information from Barbara Popplestone.

How we wish we could see you and Francoise and your lovely children again! We were very unhappy not to see you all in 1980 when we were there. (By the way, the Family Nos. on the genealogy sheets are my numbering system starting with your first child, Simon George Gilbert Witheridge. I'll explain it to you some day, if you're interested.)

Best wishes to you all in your new assignment and location.

Yours sincerely,

1986

# Colonel Anthony Witheridge
## 1937-1998

Members of the Witheridge Society will be saddened to learn of the death, on the 19th December, 1998, of Colonel Anthony Witheridge, at the age of just 61.

Anthony was a truly remarkable man, for whom Roy and I had the greatest affection and respect. Beneath a quiet and modest manner lay a wide range of gifts and talents, personal and professional academic and artistic.

During his National Service, Anthony served in Suez and Cyprus, and then went up to Christ College, Cambridge, where he gained an MA in archaeology. It was while he was at Cambridge that his mother Connie (nee Gilbart) died.

After coming down from Cambridge, Anthony joined the 15th/19the The Kings Royal Hussars, in which he was to serve for some 35 years. Postings took him to various parts of the UK and Germany, as well as to Muscat (where he commanded the last camel troop), to Aden, Lebanon, Jordan, Lisbon Paris, Brasilia and Norway.

Anthony had a quiet yet deep faith, and in 1967, while attending Evensong at the Anglican Church in Zermatt, he met Francoise Burnauld. A year later they were married in Vulliens, and returned to England, where Anthony was posted first to Newcastle, and then to Durham University where he studied Arabic. Simon was born in Aberfeldy, Scotland, in 1970. After a posting in Lebanon, the family went to Amman, where Pip was born in 1972, and twins Ann and Clare in 1973.

By 1976, after a tour of duty in Northern Ireland, Anthony and the family were back in England, at Fort Halstead, Kent. It was here, during the visit of David and Elizabeth Witheridge from Minneapolis, that we first met Anthony, Francoise and the children, as well as Anthony's father, George, and step-mother Gwen.

We found in both Anthony and Francoise that lovely gift of gentle warmth which makes everyone feel welcomed and valued. George, Roy and the boys enjoyed some great rough-and-tumble in the garden, while David, Anthony and I tried to see if our respective family trees merged at any point.

Our contacts after that were intermittent, but I was delighted when the family joined the Witheridge Society. Sadly, Anthony was unable to come to any of the Witheridge Day meetings, as the date always clashed with his regiment's Memorial Day. He always took great pride in marching with the regiment on these occasions, but never more so than when he was joined by Pip, now serving in his father's former regiment.

Whether on the phone, or when we met, we enjoyed wonderful, wide-ranging conversations, in which he wore his learning lightly. His quiet modesty, tremendous integrity, warm interest in others, and unfailing courtesy, made him the epitome of an English officer and gentleman.

In 1991, the family moved to Little Manor, a beautiful, rambling 18th century house in Dorset, with a tributary of the Stour running past the gardens. Here again we enjoyed the lovely, warm relaxed hospitality which was the hallmark of Anthony and Francoise. He was greatly interested in his family history, and on this, and other occasions, was keen to learn more about our research.

Anthony retired from the Army in 1994, and embraced a wide range of activities with both joy and commitment. Having been a keen artist since his days in Muscat, he was able to spend much more time exercising his gift for painting. He gave devoted service to his local church of St. Mary the Virgin, where he occasionally preached, and became Deanery Treasurer and a member of the Diocesan Board of Finance. He also became a Trustee of Hanford School, and occasionally taught, providing cover for Francoise when she was unable to teach.

In the autumn of 1998, he was diagnosed as having terminal cancer. Despite this, he and Francoise organised and hosted a wonderful family party to celebrate the 90th birthday of his father, George.

Anthony died peacefully at home on 19th December, and his funeral was held at the church of St. Mary the Virgin, where he had worshipped faithfully.

His untimely death is a great loss, and we extend our deepest sympathy to Francoise, to Simon, Pip, Ann and Clare and to George.

Kim Cook

(Kim and Roy had planned to attend Anthony's funeral - both in a personal capacity and as representatives of the Witheridge Society. Unfortunately, Kim wasn't well enough to travel, but she has written to Francoise)

Tuesday, 29th December, 1998

If anyone would tell you the shortest, surest way to all happiness and all perfection, he must tell you to make a rule to yourself, to thank and praise God for everything that happens to you. For it is certain that whatever seeming calamity happens to you, if you thank and praise God for it you turn it into a blessing. Could you therefore work miracles, you could not do more for yourself than by this thankful spirit, for it heals with a word speaking, and turns all that it touches into happiness.

Pray for me,
As I will pray for thee,
That we may meet merrily in heaven

## HYMN

GLORIOUS things of thee are spoken,
Zion, city of our God;
He whose word cannot be broken
Form'd thee for his own abode.
On the Rock of ages founded,
What can shake thy sure repose?
With salvation's walls surrounded,
Thou may'st smile at all thy foes.

See, the streams of living waters,
Springing from eternal love,
Well supply thy sons and daughters,
And all fear of want remove.
Who can faint while such a river
Ever flows their thirst to assuage;
Grace which, like the Lord the giver,
Never fails from age to age?

Round each habitation hovering,
See the cloud and fire appear,
For a glory and a covering—
Showing that the Lord is near.
Thus they march, the pillar leading,
Light by night and shade by day;
Daily on the manna feeding
Which he gives them when they pray.

Saviour, since of Zion's city
I through grace a member am,
Let the world deride or pity,
I will glory in thy name.
Fading is the world's best pleasure,
All his boasted pomp and show;
Solid joys and lasting treasure
None but Zion's children know.

## TE DEUM LAUDAMUS

We praise thee, O God: we acknowledge thee to be the Lord.
All the earth doth worship thee: the Father everlasting.
To thee all Angels cry aloud: the heavens and all the powers therein.
To thee Cherubin and Seraphin: continually do cry.
Holy, Holy, Holy; Lord God of Sabbaoth;
Heaven and earth are full of the Majesty: of thy glory.
The glorious company of the Apostles: praise thee.
The goodly fellowship of the Prophets: praise thee.
The noble army of Martyrs: praise thee.
The holy Church throughout all the world: doth acknowledge thee;
The Father: of an infinite Majesty;
Thine honourable, true: and only Son;
Also the Holy Ghost: the Comforter.
Thou art the King of glory: O Christ.
Thou art the everlasting Son: of the Father.
When thou tookest upon thee to deliver man:
thou didst not abhor the Virgin's womb.
When thou hadst overcome the sharpness of death:
thou didst open the kingdom of heaven to all believers.
Thou sittest at the right hand of God: in the glory of the Father.
We believe that thou shalt come: to be our Judge.
We therefore pray thee, help thy servants:
whom thou hast redeemed with thy precious blood.
Make them to be numbered with thy Saints: in glory everlasting.
O Lord, save thy people: and bless thine heritage.
Govern them: and lift them up for ever.
Day by day: we magnify thee;
And we worship thy Name: ever world without end.
Vouchsafe, O Lord: to keep us this day without sin.
O Lord, have mercy upon us: have mercy upon us.
O Lord, let thy mercy lighten upon us: as our trust is in thee.
O Lord, in thee have I trusted: let me never be confounded.

## READING

### *Dedication and Happiness*

To most of us religion is just part of our lives, one of many different interests. Our work, our holidays, reading, travel, religion, politics, all share our time and our interest. A rhythm of this kind, followed for many years, is hard to break. Yet, if we can pause to consider it with an unprejudiced mind, such an attitude is unsatisfactory and illogical.

If the universe was in fact created by a great Spirit who still controls and watches it, and if he wishes to raise mankind to be his children in contact with himself, then that is the only thing that matters. This statement cannot be contradicted. It is possible to say that you do not believe that God exists or cares for men, but it is not possible to say that, if he does exist and has plans for us, the fact is of no importance. To consider the time factor alone, we live on earth for a few years but God, if he exists, lives for ever and offers us also eternal life.

To regard religion as one among many social activities is rationally illogical. To say in conversation, "I am not a religious man", as one would say, "I don't play golf", is absurd. The question is not whether the speaker is this or that, but whether or not God exists, and on this question depends the whole of our lives.

## PSALM 127.
### Nisi Dominus

Except the Lord build the house: their labour is but lost that build it.
Except the Lord keep the city: the watchman waketh but in vain.
It is but lost labour that ye haste to rise up early, and so late take rest, and eat the bread of carefulness: for so he giveth his beloved sleep.
Lo, children and the fruit of the womb: are an heritage and gift that cometh of the Lord.
Like as the arrows in the hand of the giant: even so are the young children.
Happy is the man that hath his quiver full of them: they shall not be ashamed when they speak with their enemies in the gate.
Glory be to the Father, and to the Son: and to the Holy Ghost;
As it was in the beginning, is now, and ever shall be: world without end. Amen.

If God is for us, who
  can be against us?
Since he did not spare his own Son,
    but gave him up for the sake of all of us,
    then can we not expect
    that with him he will freely give us all his gifts?
Can anything cut us off from the love of Christ—
    can hardships or distress,
    or persecution,
    or lack of food and clothing,
    or threats or violence?
No, we come through all these things
    triumphantly victorious,
    by the power of him who loved us.
For I am certain of this:
    neither death nor life,
    nor angels, nor principalities,
    nothing already in existence
    and nothing still to come,
    nor any power,
    nor the heights nor the depths,
    nor any created thing whatever,

will be able to come between us
and the love of God,
known to us in Christ Jesus our Lord.

## FRENCH PRAYER

Nous voici, Seigneur, rassemblés aujourd'hui autour de notre ami Anthony.

Tout au long de son existence il aura, inlassablement, recherché en toutes choses, la Vérité.

Sillonnant le monde, apprenant les langues des peuples qui l'habitent, découvrant avec respect leurs cultures, il s'est toujours émerveillé des beautés de la terre, car elles étaient pour lui les signes de Ta presence parmi nous.

Tolérant envers les hommes qui recherchaient Ton visage par des itinéraires differents du sien, il savait avec passion communiquer autour de lui l'exigence de Ton message et la force de Ton amour.

Il a été arraché trop tôt à l'affection des siens.

Nous Te prions pour que Tu l'accueilles auprès de Toi avec toute Ta tendresse.

*Amen*

## TRANSLATION OF FRENCH PRAYER

We are gathered together today, Lord, around our friend Anthony.

All through his life he tirelessly searched for the Truth in everything.

Travelling the world, learning the language of the people, discovering their culture with respect, he was always filled with wonder at the beauties of the earth, since for him they were signs of Your presence amongst us.

He accepted that there were those who searched for You along a different path than his own. He knew how, to reveal with passion, the urgency of Your message and the power of Your love.

Too soon was he separated from the love of his dear ones.

We pray that You will welcome him to Your side with all Your loving tenderness.

**A period of silence follows**

## HYMN

OF the Father's Love begotten
Ere the worlds began to be,
He is Alpha and Omega,
He the source, the ending He,
Of the things that are, that have been,
And that future years shall see,
Evermore and evermore.

At His Word the worlds were framed;
He commanded; it was done:
Heaven and earth and depths of ocean
In their threefold order one;
All that grows beneath the shining
Of the moon and burning sun,
Evermore and evermore.

O that Birth for ever blessèd !
When the Virgin, full of grace,
By the Holy Ghost conceiving,
Bare the Saviour of our race,
And the Babe, the world's Redeemer,
First reveal'd His sacred Face,
Evermore and evermore.

Thee let old men, Thee let young men,
Thee let boys in chorus sing;
Matrons, virgins, little maidens,
With glad voices answering ;
Let their guileless songs re-echo,
And the heart its praises bring,
Evermore and evermore.

Christ, to Thee, with God the Father,
And, O Holy Ghost, to Thee,
Hymn, and chant, and high thanksgiving,
And unwearied praises be,
Honour, glory, and dominion,
And eternal victory,
Evermore and evermore.

## THE PRAYERS

*Minister:* *Lord, have mercy upon us.*
People: Christ, have mercy upon us.
*Minister:* *Lord, have mercy upon us.*

*Minister and People together*

OUR Father, which art in heaven, Hallowed be Thy Name; Thy Kingdom come; Thy will be done, in earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil. *Amen.*

*Minister:* *Enter not into judgement with thy servant, O Lord.*
People: For in thy sight shall no man living be justified.
*Minister:* *Grant unto him eternal rest:*
People: And let perpetual light shine upon him.
*Minister:* *We believe verily to see the goodness of the Lord.*
People: In the land of the living.
*Minister:* *O Lord, hear our prayer;*
People: And let our cry come unto thee.

O FATHER of all, we pray to thee for those whom we love, but see no longer. Grant them thy peace; let light perpetual shine upon them; and in thy loving wisdom and almighty power work in them the good purpose of thy perfect will; through Jesus Christ our Lord.
*Amen.*

ALMIGHTY God, Father of all mercies and giver of all comfort: Deal graciously, we pray thee, with those who mourn, that casting every care on thee, they may know the consolation of thy love; through Jesus Christ our Lord. *Amen.*

O HEAVENLY Father, who in thy Son Jesus Christ, hast given us a true faith, and a sure hope: Help us, we pray thee, to live as those who believe and trust in the Communion of Saints, the forgiveness of sins, and the resurrection to life everlasting, and strengthen this faith and hope in us all the days of our life: through the love of thy Son, Jesus Christ our Saviour. *Amen.*

## THE COLLECT

GRANT, we beseech thee, merciful Lord,to thy faithful people pardon and peace; that they may be cleansed from all their sins, and serve thee with a quiet mind; through Jesus Christ our Lord. *Amen.*

## THE COMMENDATION

*Minister:* Give rest, O Christ, to your servants with your saints, where sorrow and pain are no more, neither sighing, but life everlasting.

*People:* You only are immortal, the creator and maker of all; and we are mortal, formed of the earth, and to earth shall we return. For so did you ordain when you created me, saying, "You are dust, and to dust you shall return." All of us go down to the dust; yet even at the grave we make our song: Alleluia, alleluia, alleluia.

Give rest, O Christ, to your servants with your saints, where sorrow and pain are no more, neither sighing, but life everlasting.

*The Minister, facing the body, says,*

Into your hands, O merciful Saviour, we commend your servant Anthony.
Acknowledge, we pray, a sheep of your own fold, a lamb of your own flock, a sinner of your own redeeming. Receive him into the arms of your mercy, into the blessed rest of everlasting peace, and into the glorious company of the saints in light. *Amen.*

## HYMN

FOR all the saints who from their labours rest,
Who thee by faith before the world confessed,
Thy name, O Jesu, be for ever blest.
Alleluia !

Thou wast their rock, their fortress, and their might;
Thou, Lord, their Captain in the well-fought fight;
Thou, in the darkness, still their one true light.
Alleluia !

O may thy soldiers, faithful, true, and bold,
Fight as the saints who nobly fought of old,
And win, with them, the victor's crown of gold.
Alleluia !

O blest communion, fellowship divine!
We feebly struggle, they in glory shine;
Yet all are one in thee, for all are thine.
Alleluia !

And when the strife is fierce, the warfare long,
Steals on the ear the distant triumph-song,
And hearts are brave again and arms are strong.
Alleluia !

The golden evening brightens in the west;
Soon, soon to faithful warriors comes their rest;
Sweet is the calm of Paradise the blest.
Alleluia !

But lo, there breaks a yet more glorious day;
The saints triumphant rise in bright array:
The King of Glory passes on his way.
Alleluia !

From earth's wide bounds, from ocean's farthest coast,
Through gates of pearl streams in the countless host,
Singing to Father, Son, and Holy Ghost.
Alleluia !

[One of DEW's blind letters to British telephone book Witheridges]

2425 Irving Ave. S.

Mr. G. A. C. Witheridge
19 Sandringham Court
London W.9, England

Dear Mr. Witheridge:

You will no doubt be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales, with his father coming from Devon, most of my search for the Witheridge line has been in England. This is difficult at such a distance, and I'm hoping you can be of assistance to me. At the same time, I think I can help you learn much more about your own family history.

As you can see from the enclosed list, I have already corresponded with a number of Witheridge families in England, and I am gradually picking up information about our ancestry. I believe most, if not all, Witheridges have a common ancestry, if we can get back far enough, though I have no illusions that this can actually be accomplished.

I'm hoping you will be willing to pass on to me all the information you have about your own ancestry. How far back can you trace your own Witheridge line, and what else do you know about the Witheridge family? Do you know the relationship of any of those I have listed on the enclosed sheet, and can you give me the names and addresses of any other Witheridge descendants? Up to now, I have failed to locate anyone who has actually worked on this line, and the Society of Genealogists doesn't know of anyone, either.

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience there as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Batpist minister, I came to Minneapolis eighteen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 22 and works in a youth center in San Francisco, on the West Coast. Tom is 21 and works in a hospital in Boston, at the other end of the country.

I shall look forward to hearing from you soon and receiving any information you can give me about your family background. Thank you for your help.

Yours sincerely,

David E. Witheridge

Sunday 12th October, 1969

Dear Mr. Witheridge (which is a bit
like talking to my own reflection
in a mirror, and rarely happens
to me),

Thank you for your letter, which I was very interested to have. I wish you all luck in your researches, but am afraid I am not going to be able to be very helpful to you. I am one of the four sons (the eldest) of George Henry Witheridge, who died at the age of 83 three years, ago. My brothers are F.E.Witheridge, of St. Albans, Hertford-shire, and H.J.Witheridge, of Virginia Water (Surrey not Yorkshire), who appear on your list, and S.R.Witheridge, living in Zürich, Switzerland. The G.Witheridge, of Rosemead, Peaslake, who also appears on your list, is my wife Gwendoline, Rosemead being our week-end cottage, ~~whic~~ which she owned, and which we used when we were living in London. We have now retired, and are no longer living at Sandringham Court, but as you will see down in Surrey.

My father's father's name was George, and I knew him. He lived in London. My mother tells me that his wife, my great-grandmother, used to tell her that my father's grandfather was a lighthouse keeper on Lundy Island. He

Mother still living? Uncles or Aunts?

Mother still
living?
Uncles or Aunts?

would have been too old though, I think, to be the same lighthouse keeper on Lundy Island who figures in your list. Perhaps there were more than one of them. I have never heard that we have connections in Wales, but have always known about the Devon connection, and have indeed spent a night in Witheridge (the man I worked for once in one of my offices went one year to Devon for his holidays, and said when he came back that he wished he had gone somewhere else - every time he came in his car round a bend in the road he was confronted by a signpost which said "WITHERIDGE 2 MILES").

I am a retired Civil Servant, aged sixty, and served after leaving Cambridge in the Ministry of Education, during the War in the Admiralty, and finally in the War Office. My wife was Principal of the London College of Fashion till she too retired last year. My brother H.J. is Managing Director of a consortium of Banks ~~called~~ headed by the Midland Bank and including various Commonwealth banks, my brother F.E. is a Director of a subsidiary of Spicer's the papermaking firm, and my brother S.R. is Managing Director in Switzerland for an office machine firm called Addressograph Multigraph (an American firm I think).

I am afraid, as I say, that this will not be very helpful to you, but thank you for writing, and if you are ever in this country do please look me up. I should be happy to meet you.

Yours sincerely, and with good wishes -
G.A.E. Witheridge

Dear Mr. Witheridge:

It's about ten months since I received your very interesting reply to my letter asking about your Witheridge ancestry. The pressure of my work has kept me from doing much on my hobby of genealogy, but now I am on vacation and hope to make a little more progress.

Fortunately, your letter accounted not only for yourself, but also for your two brothers on my list and the listing I had under your wife's name at Rosemond, Peaslake. I still have seven or eight names I want to check when I get the chance.

On the surface it may not appear that you are able to help much in developing the Witheridge family history and our connections with it and with each other.

However, you have given me some valuable information, and I'm sure you will be able to give me more. What I really would like to have you do is to fill in and return the enclosed form giving specific information about your parents and your brothers.

I am especially anxious to have the places and dates of your father's birth, marriage, and death. From these facts, or whatever you know of them, I can track down your grandfather and other connections. If you can't fill in the form soon, at least please send a note giving the information you know about your father.

[BINGO!]

You did not say so, but I'm wondering if you are a first cousin of another person on my list, Charles F. Witheridge, 45 Tintern Ave., Kingsbury, London N.W.9. When he wrote to me, he said his father's father was named George and that he had lived in London.

He drew the enclosed chart, which showed that his father, Charles James (b. 1890 in London) had a brother George, who died in 1966 at approximately age 82. Then he gave the names of his Uncle George's children, who could well be you and your brothers: George (G.A.C.?), Harry (H.J.?), Frank (F.E.?), and Stan (S.H.?). Is my surmise correct?

Please let me know as soon as possible, for if this is right, it narrows down the number of branches we are trying to trace back to a common ancestor.

Yours sincerely,

David E. Witheridge

Dear Vicar,

Thank you for your letter. I enclose the form you sent me, duly filled in - I hope you can read my somewhat untidy printing.

I am indeed a first cousin of the Charles Witheridge who sent you the chart, and I confirm what he says on it, and that the names of his Uncle George's children (my father) are the names of my brothers.

I wish you luck in your researches, and only wish I could be more helpful.

Yours sincerely,

G.A.C. Witheridge

P.S.

My wife was so shocked at the mess I had made of your "One Family Record" sheet that she insisted on re-typing it - it looks much better now.
The best of luck to you.

Dear Mr. Witheridge:

It's about six years since I last wrote to you and received your reply, though I did have a letter from your son Anthony about three years ago.

Now I want to let you know that my wife Elizabeth and I are about to leave for England to spend the entire summer in England in a study leave. We arrive in London on June 16 and will be staying until September 2. So we certainly hope we can arrange to visit you.

For the first few days we shall be staying with Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. I think I mentioned to you that her mother was a Witheridge. Their telephone is 01-641-2994.

If you could call us while we are there, I think we could work something out.

From June 21 to 24 we'll be at a conference of ecumenical officers from all over Britain at a place called High Leigh in Hoddesdon, Herts. The telephone there is Hoddesdon 63244 and 63018. Prefix from London is 61.

Then from June 25 to July 7 we'll be staying at Lee Abbey International Students Club, 27 Courtfield Gardens, London SW5 0PQ. The telephone there is 01-373-7286.

After that we'll be touring around Britain and spending some time at Exeter and Cambridge, but we'll be back with the Cooks a few days from August 29 to September 2. So we do hope we'll hear from you.

Yours sincerely,

David E. Witheridge

Dear George and Gwen:

Greetings from your distant cousins in the middle of America! We had hoped to get these pictures to you long ere this, but better late than never, I guess.

We do think the pictures are very good, considering that they are prints from slides, which usually don't turn out as well as prints from negatives. You are all so good looking that you make a handsome family. And the one of the twins romping with Grandpa is especially appealing.

Our summer in Britain was one of the most enjoyable and enriching experiences of our lives. Being with you in your own home and later at Anthony's was a special privilege. Not many visitors to Britain have the opportunity to have such close relationships with friends or relatives in their homes.

As summer approaches we have a great longing to be in England again. Two of our friends (who don't even know each other) are leaving tomorrow for a 10-day tour of London and southwest England. The tour is sponsored by the Minnesota Historical Society. One of them showed me the itinerary, and almost all the places mentioned were places we visited last summer.

We have shown the slides we took last summer many times, and we always think of you, of course, and the pleasant time we spent with you and the sightseeing we did with you as guides.

This has been a busy time for us ever since we returned home last September. In my 2½ months away, of course, my work got miserably behind, and I didn't really catch up until Easter.

Our health has been reasonably good, and we hope it has been the same with you. Spring is bursting out, and the drought of last summer and winter is beginning to turn around.

Before I close, George, I'd like to ask you to send me the current addresses of your brothers, Harry, Frank, and Stanley. The addresses I got from the telephone directory many years ago for Harry and Frank are probably out-of-date, or at least incomplete. I never did have an address for Stanley, except that he was in Zürich, Switzerland.

Now I'll say farewell for this time. Please reply and let us know how everything is with you.

Yours sincerely,

David + Elizabeth

Dear David and Elizabeth,

I am shocked to see that you wrote to us on the 24th April, and begin to see that Gwen may just possibly have had a point when she has said to me - as she has done, continually - "You really must write to David. It's ~~ages~~ since we heard from him." In my own defence though - and my own defence is a thing to which I constantly spring - I must say that she was a long time finding suitable subjects with which to finish her film, so that we could send you these two pictures. I hope you like them. We think that one of them is very nice, and the other is amusing - it will tell us something about your character which one you think is nice, and which you think is amusing. We loved your pictures of course. They are really excellent, and the one of the two little girls specially engaging. I don't know what it is though - these colour films always portray my hair in the most libellously white shade. It is the same with other photographs though, as well. "Who is this silvery haired old gentleman?" one of my friends said to me one day, seeing a picture of me. Since my father has been dead about twelve years, I couldn't say it was a picture of him, but looking back I do remember that his hair was about that colour.

We are glad you have both been well since you got back. We, as a matter of fact, at the beginning of this so-called summer - the weather has been awful - had a sort of virus infection which gave us the symptoms of a perpetual cold on the chest, and had the dubious effect of waking us up in the morning with our eyes gummed up and - when we managed to prise them open - flaming red. We looked like two characters out of Samuel Becket, the kind who live, on the stage, in dustbins. It went on so long we began to think we would never get over it, but we are all right now - apart from rheumatism and rickets - and hope to stay so during the rest of the summer, until winter breaks out again in - I should think - about a fortnight. As a matter of fact, we do ~~hope~~ specially hope for a fine summer this time: we are going for a family holiday with Anthony and family to a farmhouse in Wales. We are of course very much looking forward to it, but if we get a reasonable amount of sun it will ~~of course~~ be all that much the better. We are glad you enjoyed your stay in England so much. You were of course very lucky with the weather. If you had been here the early part of this summer you would have had to call much more heavily on your reserves of cheerfulness.

My brothers' addresses, for which you ask, are

Harry. St. Andrews, Gorse Hill Road, Virginia
Water, Surrey.
Frank. 46 Sandpit Lane, St. Albans, Herts. AL14EZ
Stanley. 73 Spinnaker Drive, Whitby, Paremata,
Nr. Wellington, New Zealand (a long way further than Switzerland, and possibly a quieter place than Clun).

Thank you for writing, and for your charming photos, and we hope to hear from you again, and to see you if you are ever in these parts once more.

With love to you from both of us.

[1980 trip plans]

May 17, 1980

Dear George and Owen,

On January 1st I retired from my position as executive director of the Greater Minneapolis Council of Churches. I greatly enjoy the relief from pressure, but I find that my time is still very full, and I still haven't caught up on all the personal matters I had neglected so long--like correspondence with friends and relatives!

In recognition of my 28 years of service they presented me with a generous monetary gift, and Elizabeth and I have decided to use it for another trip to Britain late this summer. It won't pay the entire cost, but it will help a great deal.

Now we are engaged in trying to develop our plans. Recently we got our plane tickets on the new non-stop flight from Minneapolis to London leaving here on August 2nd and returning October 2nd. Kim and Roy Cook will pick us up at Gatwick, and we'll spend the first several days with them in Sutton. For seven weeks we'll be hiring a car and driving through England, Scotland, and Wales. I've just produced the first draft of an itinerary that includes the many people and places we want to visit.

Naturally, a visit with you is top priority, and I hope we can work it out. When we pick up our car on Thursday, August 7th, we plan to head west toward Devon, but not before a brief excursion over to Canterbury, which we failed to see in 1976. We wondered if we could end up late that afternoon at Albury and spend the evening and the next morning with you. If you don't have room for us to stay with you overnight, you could probably find us a bed and breakfast place not too far away.

Does that sound like a good possibility to you? If August 7th is not a convenient date for you, we can adjust our schedule and work in a visit with you at another time. In fact, we may have to suggest a change if some of the others on our itinerary are unable to see us on the proposed dates.

We are wondering, too, where Anthony and his family are now living. If they are anywhere near where we are going to be, we'd love to see them again. Please give us their current address when you write.

This is all I'll say at the moment, because I have so many others to write to. We hope you have both been well and happy. We look forward to hearing soon whether or not this proposed date will fit into your summer plans.

Yours sincerely,

Shere 2660

Dear David,

Thank you for your letter. I am glad you have achieved the lifetime ambition of the working man - to stop work. We shall of course be delighted to see you and Elizabeth again and are free on the 7th August - as a matter of fact we are pretty free all through August. Can you stop over Friday night as well? We would like you to meet my brother Harry and his family, and if you can stop Friday night we could have them over to lunch. Anthony is in Paris France doing a two-year course at the French Military Staff College, so unless you go over the Channel there is no chance of your seeing him this time, I am afraid.

Let us know as soon as you are certain of your dates, and we look forward to seeing you both. Gwen remembers she gave you gooseberry fool when you were here the last time. So you won't get that again, but there's no guarantee that you won't get a repeat on the other course (?courses).

With all best wishes to you both, and looking forward to seeing you.

George and Gwen

June 27, 1980

Dear George and Gwen:

Your letter was very welcome, indeed, with the assurance that you will be at home and can see us on Thursday and Friday, August 7 and 8.

The reason I haven't answered earlier is that I was waiting for a letter from a Mr. R. A. E. Witheridge of Parkstone, near Poole in Dorset. I had written him four weeks ago asking if we could see him late in the afternoon of Friday, August 8, on our way from Albury to Salisbury, where we thought we would spend the night.

So far he hasn't answered, so I decided to write and tell you we'd be very happy to have lunch with you on Friday so we could meet your brother Harry and his family. This would be a great pleasure for us, and it would give us a longer time to be with the two of you.

Whether or not we would stay overnight with you on Friday could be decided later when we find out if and when R. A. E. Witheridge can see us. If he can see us early Sunday afternoon, we could stop there on our way to Devon. If not, we'd just see him a little later than we had expected on Friday afternoon, and we could still get to Salisbury that evening.

Things are working out rather well with our itinerary, though there are naturally a few changes here and there. Now that the time is drawing near, we can hardly wait to see England and all of you again. We're sorry it will be impossible to see Anthony and his family this time.

Elizabeth says to tell Gwen that we'll be very disappointed if she doesn't serve us gooseberry fool again. That was one of the delights of our visit, and we'd consider it a great treat to have it again.

We'll be in touch with you once more by letter or phone for last minute information about our visit. Our address at the Cooks will be: Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. (Phone: 01-641-2904) You'd better send us directions on how to find your place. I think we'll be coming from Canterbury by way of Brighton, so directions for the best way from Brighton to your door would be a good idea. You could send them here if you write before July 20. Otherwise, it would be safer to send them to the Cooks' address.

Love and best wishes,

David + Elizabeth

Dear Elizabeth David,

We are looking forward to seeing you next Thursday. You seem to be planning a rather roundabout route from Sutton via Canterbury and Brighton! However — I hope the little map will help you find us. Come from Brighton on the old London Road A.23 — do not stray on to the new road M.23 — it takes you too far east. You can get on to the A.25 at either Redhill or Reigate. It takes about 30 minutes from Reigate to our road end. You turn left off the A.25 just as the dual carriage-way begins and come up the hill to the level crossing.

If you decide to come direct from Canterbury – Then Canterbury to Maidstone and the A.25. begins there.

Our greetings to Kim and Roy – and a welcome to England to you both

Monday 26th January. 1981

Dear David and Elizabeth,

Thank you so much for your Christmas greetings, and the charming photographs. I have only one complaint. Your camera, like every other camera I have encountered since I became of what is known as pensionable age, portrays me, entirely libellously, as having white hair and a fat belly. It isn't true! Talk about the camera cannot lie! It lies in its teeth every time it is pointed at me. "This is Harry, and Toots," I say when I show them to people, "and my wife Gwen you know, and who this silvery haired, pot bellied old gentleman, is I haven't the faintest idea." They may have thought, I suppose.

I am glad you found things on a relatively even keel when you got home. We have have a poor time since before Chrustmas, I am afraid. This awful 'flu has been laying people in the village low, and has taken a side swipe at us. Gwen particularly has been suffering, with face ache and everything - if you waited to hear her tell the full story of what comes down her nose you would go out and drown yourself. But, ~~lately~~, having enjoyed all this very bad health, lately we have been complaining that we feel a little better. It has been borne in on us somewhat forcibly though that we are now substantially into our seventies. Isn't it awful?

One bright shining star on the horizon - we are taking what is conventionally known as the holiday of a lifetime - of our lifetime anyway - in the Spring - will it come? We are going on a package tour to Singapore, Hong Kong, Bangkok and Tokyo. We didn't really want to go to Tokyo - we think the Japs are really rather nasty little people - but while we were there we thought we ought to go, firstly to say that we've been. This all starts at the end of February, for a month, when no doubt we shall come home to find the garden overgrown and the house (I hope not, and don't really think so) frozen up. Wish us luck.

We have been inoculated for cholera abd typhoid, we have taken a small piece of sugar - no doubt with some magic drops or something on it - against polio, we are going to be protected against malaria, and on the side I thought I might ask the doctor - they are so clever - to make us immune to the common cold, cold feet , and depresssion, What a hope.

I'm sure Gwen wants to add something, if only to thank you for her poncho pattern, so I will sign off here, with allgood wishes to you both for the New Year - which up to now, for us at least, has been twice as bad as the old one. Not for you, I hope. Good luck to you both and, as you know, we live on the Grand Canal - any time you're passing, drop in.

Good wishes.

George

I hope you can manage to read this! If only George would buy a new ribbon for his typewriter and learn to type!!

Thank you very much Elizabeth, for the poncho pattern. I have not yet tried my hand at it, but hope to.

[Col. Anthony, Francoise, + the children]

The family are still in Paris — except when the 2 boys are at school here — but they are having to move to Germany in June. They don't much look forward to that, but have been fortunate to be in France for 2 years.

We hope the new White House residents prove good ones!

Love to you both —

Gwen.

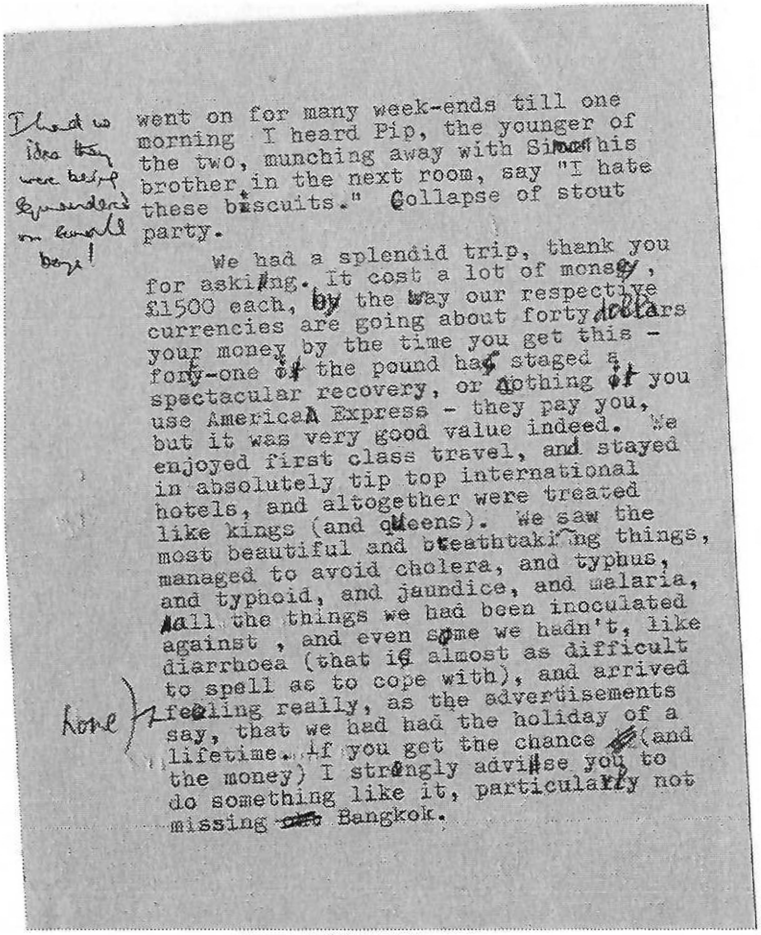
Wednesday 2nd December.

Dear Elizabeth (and David too, of course),

Gwen is so ashamed at not having answered your letter of August (time flies, but not so fast as to excuse a delay of that length) that she has pushed me forward from the wings where I usually live on to the middle of the stage and said "You do it". Here I am, anyway, and thank you for your letter, which we were delighted to receive. We do hope the fruit loaf turned out all right, and that after that tea, at which a very dear friend was going to share it with you, you have not lost a very dear friend. I nearly lost a grandson the same way. Gwen makes a perfectly delicious biscuit, but a bit plain, I suppose - no chocolate on it, nor fruit inside it, and when our two grandsons come for the week-end, as they do from school on their free time (their parents being, of course, in Germany) I put an apple or an orange by their bedside for when they wake up in the morning, with a biscuit. I being terribly fond of our grandsons (we both are), naturally made this biscuit one of Gwen's biscuits, they being, to my taste, the best biscuits we had in the house. This

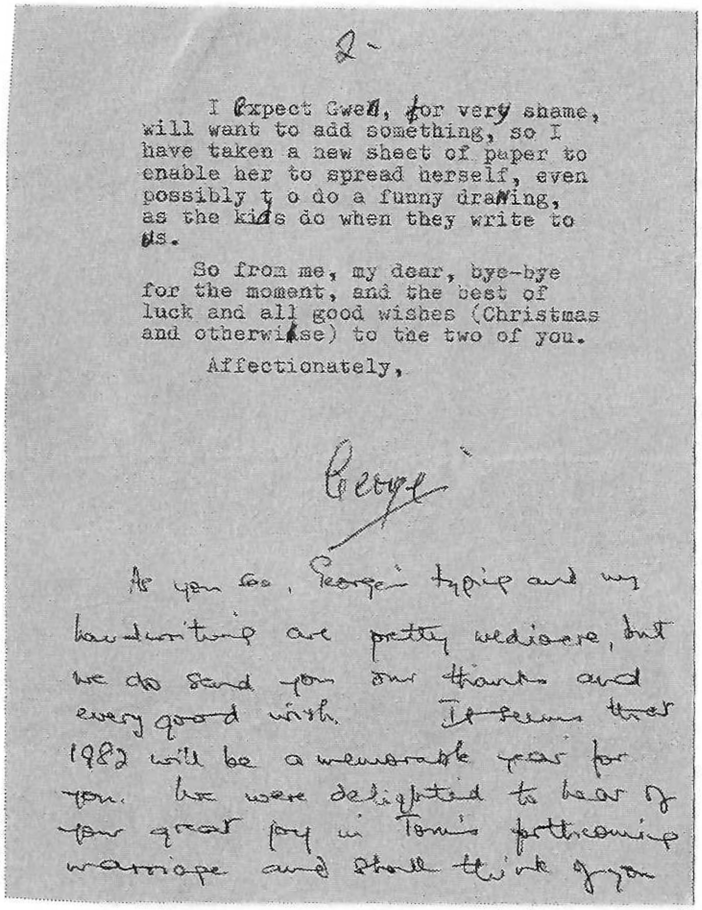
[There was no Aug. letter in the file.]



I had no idea they were being squandered on [illegible] boys!

went on for many week-ends till one morning I heard Pip, the younger of the two, munching away with Simon his brother in the next room, say "I hate these biscuits." Collapse of stout party.

We had a splendid trip, thank you for asking. It cost a lot of money, £1500 each, by the way our respective currencies are going about forty dollars your money by the time you get this - forty-one if the pound has staged a spectacular recovery, or nothing if you use American Express - they pay you, but it was very good value indeed. We enjoyed first class travel, and stayed in absolutely tip top international hotels, and altogether were treated like kings (and queens). We saw the most beautiful and breathtaking things, managed to avoid cholera, and typhus, and typhoid, and jaundice, and malaria, all the things we had been inoculated against , and even some we hadn't, like diarrhoea (that is almost as difficult to spell as to cope with), and arrived home feeling really, as the advertisements say, that we had had the holiday of a lifetime. If you get the chance (and the money) I strongly advise you to do something like it, particularly not missing Bangkok.



2-

I expect Gwen, for very shame, will want to add something, so I have taken a new sheet of paper to enable her to spread herself, even possibly to do a funny drawing, as the kids do when they write to us.

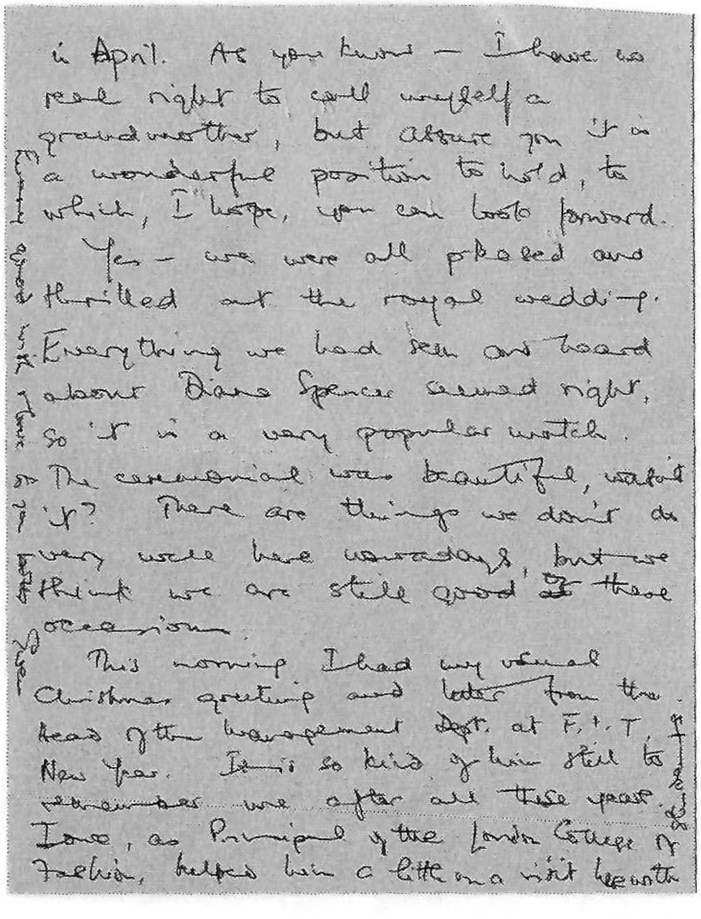
So from me, my dear, bye-bye for the moment, and the best of luck and all good wishes (Christmas and otherwise) to the two of you.

Affectionately,

George

As you see, George's typing and my handwriting are pretty mediocre, but we do send you our thanks and every good wish. It seems that 1982 will be a memorable year for you. We were delighted to hear of your great joy in Tom's forthcoming marriage and shall think of you

[The date was moved to June.]



in April. As you know – I have no real right to call myself a grandmother, but assure you it is a wonderful position to hold, to which, I hope, you can look forward.

Yes – we were all pleased and thrilled at the royal wedding. Everything we had seen and heard about Diana Spencer seemed right, so it is a very popular match. The ceremonial was beautiful, wasn't it? There are things we don't do very well here nowadays, but we think we are still good at these occasions.

This morning I had my usual Christmas greeting and letter from the head of the Management Dept. at F.I.T. for the New Year. It is so kind of him still to remember me after all these years. I was, as Principal of the London College of Fashion, helped him a little on a visit here with

Every good wish then to you both

Dear George + Susan,

We did enjoy getting the letter from the two of you, along with the very lovely card from Hong Kong and the two family pictures from last year at The Crossing. They reminded us of the delightful stay we had with you.

It sounds as though your trip was very successful – everything you had hoped for. If we had lots of money, we would enjoy the same kind of trip. But I must say our priority is another trip to England if we can ever save up enough again.

Yes, we do look forward some day to being grandparents. Your story, George, about Pip and Simon was priceless. We know you love having them with you whenever possible.

Christmas will soon be here and already we look very much like the picture on this paper. About two weeks ago we had nearly a foot of heavy, wet snow all in one day. It did a lot of damage to trees, including the large old elm in our back yard. We were without electricity for over two days, along with 160,000 other families in the Twin Cities. Now we hear that Britain has just been hit with a very bad storm. We hope you escaped the worst of it.

Tom and Virginia will be here for several days at Christmas, and we are very glad. Jim, of course, will here, as he lives just a few blocks away from us. By the way, Tom and Virginia have now moved their wedding date to June 5th.

On the genealogy front, I am happy to report that last summer I was able to trace your Witheridge and Cawsey ancestry, George, back almost 200 years in Devon. As you can see from the family group sheets enclosed, I have located two sets of your great-great-great grandparents: John and Ann (Evans) Witheridge; and John and Elizabeth Cawsey; all living in Littleham in the 1790's.

Elizabeth says to tell you, Gwen, that the fruit cake didn't lose her any friends — in fact, it made a few new ones.

Now we wish you the best of Christmases and a New Year full of happiness.

Love

[1988 trip plans]

Dear George & Gwen February 1, 1988

We were sorry to read of George's injuries and Gwen's earlier heart attack, and we hope your health is improving steadily.

I'm sure we mentioned at Christmas time that we were hoping to come to Britain this spring. Our plans are now materializing, and we expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, then hire a car and drive through England, Wales and Scotland for three weeks.

I have just completed the first draft of our itinerary, and the way it works out we'll be starting with about three days in Essex. Then on Tuesday, May 24, we plan to leave Chelmsford and drive to Albury. We'll be taking a route north of London, as we want to stop on the way at a little town (or hamlet) called Sharpenhoe near Streatley in Bedfordshire. That is the place where Elizabeth's Norton ancestors lived for several generations around 1500, and we want to look around and see if there are any traces left. We expect to arrive in Albury sometime between 4:00 and 5:00 p.m.

[Actually not true; see Norton family in index. DEW decided they were not EPW's ancestors that far back.]

We have planned this visit on the assumption that you would have room in your present house to have us stay overnight and that Harry and Doris and Robert might drop in during the evening. If this is more than you could manage easily, perhaps we could stay with Harry and Doris and you could meet us there. If that would be too difficult for them, we could stay at a nearby inn or hotel, and you could all be our guests for dinner. Somehow we'll be able to manage this visit, for we must see you all again — we are very fond of you all!

[See John Witheridge (chaplain to Archbishop of Canterbury)]

On Wednesday, May 25, we plan to head for Windsor and Eton on our way to Salisbury and Exeter. I'm writing to your nephew John at Eton to see if by chance we could meet him while we are there.

Please let us know soon whether May 24 will fit into your schedule so we can rearrange our itinerary, if necessary.

All our love,

David + Elizabeth

Dear David and Elizabeth,

How nice to hear from you, and to know that you are coming over shortly. Thank you also for your concern about what you refer to as my injuries. You almost made me feel sorry for myself, after the slight effort of memory to recall what my injuries were. They are pretty well, all right now, thank you, and Gwen's heart problem is not bothering her. She can't seem to be able to get up and get her own breakfast though - I expect it has something to do with her injuries - or were they mine?

We look forward to seeing you, of course, and to looking after you for a night - or two nights if you like, or three. We have only a tiny house here now though, so would put you in the Drummond Arms which is right ~~opposite~~ across the street (I am a regular customer!) But as they ~~consumate~~ people we would like to know as soon as you can when you would be in Albury. So we hope

Gwen asks me to tell you that Toots is having a family party on Saturday the 4th June (isn't there something about that date? Or is it the 4th of July? Never mind). So if you can possibly be around then, to come to the party, we, and I am sure she and Harry, not to say Robert, would I know be delighted.

We look forward to hearing from you, then, and later on to seeing you.

Affectionately as always,

As Georgie says - we much look forward to seeing you again. If you can stay for the Virginia [illegible] party and need another night's lodging, please just stay.

February 28, 1988

Dear Gwen + George,

Your kind note welcoming us again to Albury and offering to put us up in the Drummond Arms arrived a week or so ago, but I couldn't answer until I was able to change our itinerary so we can attend the Witheridge party at Toots' and Harry's. It took a little doing, but now we have it arranged so we can be there on June 4.

We have delayed our visit to Albury and Virginia Water until we go to Devon, Wales, and the Birmingham area. We'll be coming from Nuneaton on Saturday morning, June 4, and arriving in Virginia Water about 12:30. It will be a great pleasure to see you all again and to meet some Witheridges we have never met before.

We have two invitations to stay overnight, but I suggested to Toots and Harry that since they will be having a very busy day entertaining, we ought to accept your invitation to put us up at the Drummond Arms. On the following day, Sunday, we'll have a long drive ahead of us – all the way up to Scotland – so we'll have to get an early start. Elizabeth has a distant McComas relative who lives in Kirkintilloch near Glasgow, and we'd like to get there around 6:00 p.m.

By the way, Kim and Ray Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. Their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PT; ph. 01-777-6072.

Letter from Eliz. – 7/18/88

[Sept. 27, 1988]

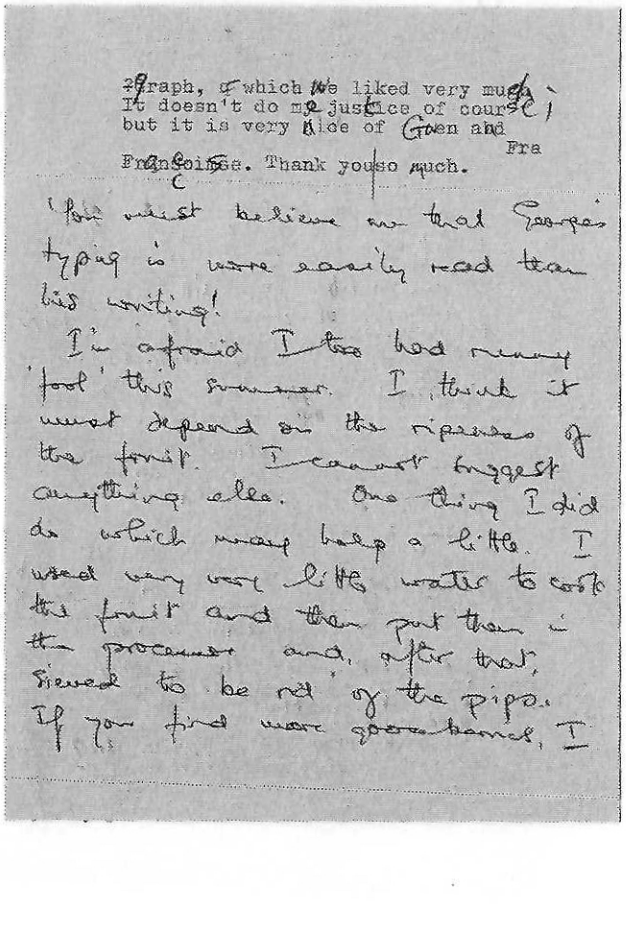
1988
27th September.

Dear David and Elisabeth (it ought to be Elizabeth and David, since Elisabeth wrote the letter, but it is sitll a man's world, I am afraid, and that is too much for me),

Thank you so much for your charming and affectionate letter, and our deep apologies (I am on my knees in this bit) for being so very long in answering it. I hope your prayers for cooler and damper weather have not been too amply answered; that is you have not been overwhelmed by storms and tempests and all that, as so many of your unfortunate countrymen have been. We have had really a miserable summer, rain, and rain, and more rain. We are so fed up with it we are going off tomorrow for a fortnight in sunny Italy – where in Capri yesterday, so I read in the papers, the festival for the Prim[illegible] festival has been marred by not incessant, but daily rain, and thunder enough to drive people who had gone off to see the Blue Grotto to decide the other way and come home.

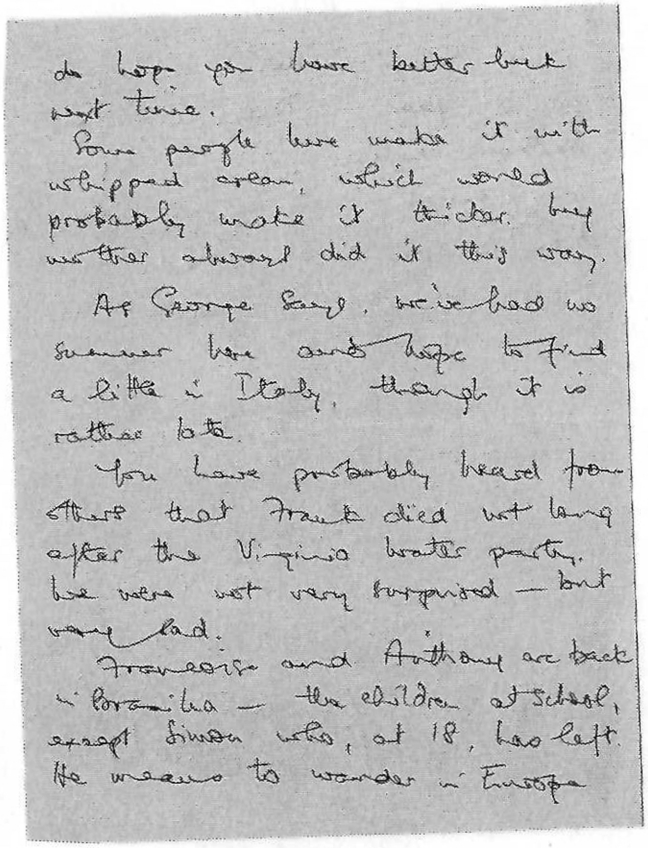
I have got so far without thanking you for the very attractive photo–



graph, which we liked very much. It doesn't do me justice of course, but it is very nice of Gwen and
Fra
Françoise. Thank you so much.

You must believe me that George's typing is more easily read than his writing!

I'm afraid I too had runny 'fool' this summer. I think it must depend on the ripeness of the fruit. I cannot suggest anything else. One thing I did do which may help a little. I used very very little water to cook the fruit and then put them in the processor and, after that, sieved to be rid of the pips. If you find more gooseberries, I



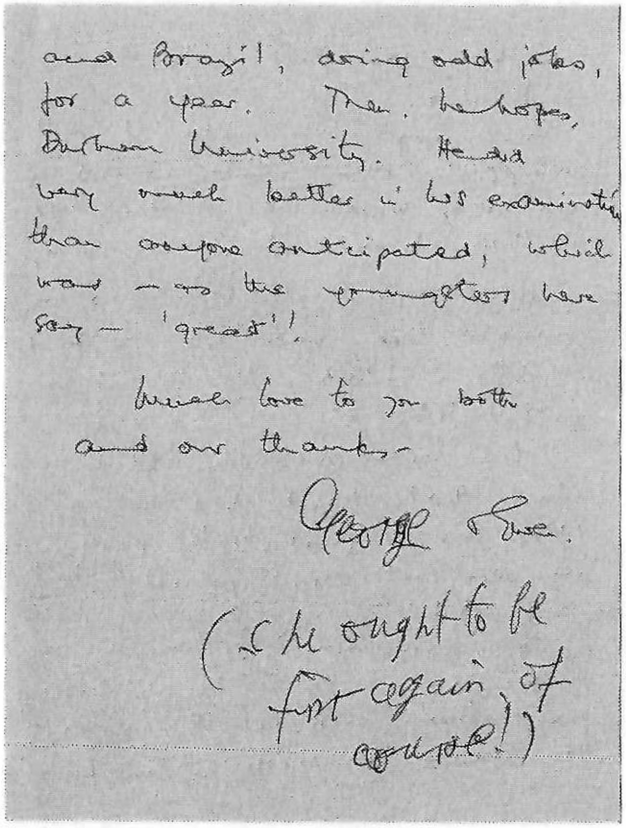
do hope you have better luck next time.

Some people here make it with whipped cream, which would probably make it thicker, but mother always did it this way.

As George says, we've had no summer here and hope to find a little in Italy, though it is rather late.

You have probably heard from others that Frank died not long after the Virginia water party. We were not very surprised — but very sad.

Françoise and Anthony are back in Brasilia — the children at school, except Simon who, at 18, has left. He means to wander in Europe



and Brazil, doing odd jobs, for a year. Then, he hopes, Durham University. He did very much better in his examinations than anyone anticipated, which was — as the youngsters here say — 'great'!

Much love to you both
and our thanks —

George Eve.

Dear Mr. Witheridge:

You will perhaps be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales and came to this country as a boy with his parents, most of my search for the Witheridge line has been in England, but this is hard at such a distance. I'm hoping you can be of some assistance to me.

As you can see, I've enclosed three family record sheets. One gives my own Witheridge ancestry as far back as I know it. The others are the earliest records I have of two other Witheridge families. Probably these three tie together somehow, but I don't know how. Maybe you are acquainted with one or more of these.

I'm hoping you will be willing to tell me how far back you can trace your own Witheridge line and what else you know about the Witheridge family. Could you give me the names and addresses of any other Witheridge descendants who have worked on Witheridge genealogy?

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience there as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Baptist minister, I came to Minneapolis seventeen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 21 and works in a hospital here in Minneapolis. Tom is 20 and attends Oberlin College in Ohio.

I shall look forward to hearing from you and receiving any information you can give me about the Witheridge family in England. Thank you for any help you can give.

Yours sincerely,

David E. Witheridge

Dear Mr Witheridge

I really must apologise for the very long spell of time which has lapsed without writing to you. The reason is, I must confess, lack of information re' the subject "Witheridge Family Tree."

My wife and I have been trying to obtain some past history by visiting older members of our family but have not obtained anything substantial.

We did however visit "Somerset House" London (Records of births and deaths back to year 1837) in December 1968 to find the birth certificate of my Grandfather and was successful in finding same. Unfortunately we cannot trace my Great Grandfather George Causey Witheridge (Same Christian

as his Son) as previous records
back only as far as 1837, but it
thought he came from Devon,
re I beleive the name Witheridge
quite common. There does exist
ay a village named Witheridge (in Devon).
I enclose for your information
retention my conception of my
ticular branch of the Witheridge
mily Tree.

Once more I'm sorry for this
ayed answer but sincerely hope it
help a little in your search.

Yours Sincerely

P.S. I am afraid I do not know of any other Witheridge decendant who has worked on genealogy.

Dear Charles:

(Or don't you go by this name?)

I was very happy to have your reply to my letter about your Witheridge ancestry. I was not surprised by your long delay, as I have found that practically all of the Witheridges with whom I have corresponded have had to start from scratch, since they could barely trace their line back to their grandfather.

My genealogical efforts have already led me to Somerset House, and I have obtained several birth, marriage, and death certificates from there. I am glad to know you have been there, and I hope that your presence in London will make it possible for you to check on other information there from time to time.

Since I have found no one yet who has delved into Witheridge genealogy, we are all going to have to do our share and inform each other of our discoveries from time to time. I have found two or three others who say they are willing to help, but results seem to come slowly.

You are right in making contact with all the older members of your family and putting down every scrap of information you can elicit. Such information disappears all too quickly.

As you can see from the sheets I sent last time, my great-grandfather came from Devon, as did several ancestors of those I have corresponded with. However, I have not yet been able to piece together any of these into a common line, though I am sure this will be possible some day.

Thank you for the chart of your ancestry. I have put this on the forms I use in my records. From your information I have several lines of attack to suggest.

First, have you seen a copy of your grandfather's obituary from August, 1931? I don't know how it was in London, but in American cities at that time there would surely be something printed either in some newspaper or in some trade journal, lodge magazine, or church news letter. From an obituary you may pick up some forgotten information about his own life or the names and places of residence of his relatives who were alive at that time.

The second thing I would try would be to locate your great-grandfather and his wife and children in the 1861 Census. Correspondence I had with the Society of Genealogists, 37 Harrington Gardens, London, S.W.7, indicates that these census records are

C. F. Witheridge

7/7/69

at the Public Records Office, which, according to one of my books, is at 120 Chancery Lane, London, W.C.2. The Society of Genealogists said the 1861 Census would give the exact age and place of birth for all persons mentioned.

If you could get this for your great-grandfather, you could then refer to the parish church records at that location for information about his parents and perhaps any brothers and sisters he may have had. A great many parish registers have been copied and are at the Society of Genealogists.

The book I mentioned said the census records for 1861 (and each decade thereafter) are at Somerset House and are not available for public inspection, but will be searched by the staff on payment of $1.50 for each address, but the exact address must be given. (How would you know their exact address in 1861?!) Maybe the 1861 records are at the Public Records Office, now that 100 years have elapsed.

The other Witheridges in London whose names and addresses I have are the following:

Dorothy Witheridge, 133 New Kings Rd., S.W.6
G.A.C. Witheridge, 19 Sandringham Ct., W9
Maisie I. Witheridge, 3 Beverley Rd., W4
M. R. Witheridge, 6/23 Madeley Rd., W5

Do you know or are you related to any of those? Maybe you would make an initial contact and see what they know about their ancestries. I have not written to any of them yet. On your chart you listed several relatives who are still living. Would you be willing to give me their addresses?

Again let me thank you for your help. I hope to hear from you soon.

Yours sincerely,

David E. Witheridge

Dear Mr. Witheridge:

It's now a year since you wrote your very kind letter about your ancestry and I replied asking a great many questions. If I hadn't asked so many questions, you probably would have answered sooner.

You are probably as busy as I. For many months I've done practically nothing on genealogy. Now I'm on vacation and hope to catch up on my correspondence.

Your chart of your family connections was very interesting. Last October I got a letter from one of the others I had written to, Mr. G. A. C. Witheridge, who had lived in London, but now lives at The Crossing, Brook, Albury, Guildford, Surrey. He told me about his brothers and his father, and I have a strong suspicion he and his brothers are your first cousins George, Harry, Frank, and Stan, and his father is your Uncle George, who died in 1966. Am I right?

[George Albert Childs Witheridge (b. 1908)]

If they are your cousins, do you keep in touch with any of them? When I wrote to G. A. C. Witheridge, I enclosed a list of the other Witheridges I was aware of in England, including you, but he did not mention that he was related to you or knew you. Maybe that was just an oversight.

So far I've made contact with seven different Witheridges in England, not counting their various brothers and relatives. Unfortunately, no one knows anything about his ancestors beyond his grandparents.

The best information I've received so far was from the rector at the parish church in Combe Martin, Devon, where my great-grandfather was born and married. For a small fee he sent me the baptismal records of all the Witheridges and Blackmores in Combe Martin between 1817 and 1853, as well as some marriages and burials. (My great-grandmother was a Blackmore.)

If we knew where and when your great-grandfather was born, we could correspond with the rector there and have him search the parish register for information about your great-grandfather and other Witheridges who lived there.

If you have a copy of your grandfather's birth certificate, the address of his parents in London at that time (1858) is probably given. With this address we could get the names, ages, and birthplaces of everyone living there at the time of the 1861 census. I did this for my great-grandfather, as I knew his address in 1881. The 1861 census I find is at the Public Records Office, not at Somerset House.

By the way, you and I are just about the same age. I was born August 15, 1914. One of our sons was born in 1946 and the other in 1947, so they are about the same age as your Jill.

Thanks for writing. I'm eagerly looking forward to hearing from you again.

Yours sincerely,

David E. Witheridge

Dear Mr Witheridge

Re your letter dated 19th August 1970 to which I am now attempting to answer. I wish to apologise for my silence for which I must confess I have no excuse.

Referring to George Witheridge and his brothers, Harry, Frank and Stan in that order (the eldest being George, the youngest Stan who is about my age 54) they are my cousins, but unfortunately I see little of them although I do see my Aunt, their mother on occasions. Their father, George Witheridge (Sen) deceased is of

urse my father's late brother.
yes, we have a copy of my
randfather's birth certificate
n which the address of his
rents is given which is
5 CASTLE STREET, EAST, MARYLEBONE,
DON. My wife visited the
iblic Records office and looked
p the 1851 and 1861 Street
nsus records but unfortunately
there was nobody of the name
f Witheridge registered there;
so I am afraid. I cannot progress
ny further with my family
ree.

My wife and I spent a few
days in Devon in September
this year and visited the village

of Witheridge, Snaps are enclosed. We paid a call on the Vicar and his wife re the family tree but he informed us that no such name appears in the records back as far as the middle 1500's. He informed us of your postal enquiries of which we understand, he was unable to help. We hope you have greater success with your family tree.

Yours sincerely

Dear Mr. Witheridge:

I was very happy to receive your letter of last November with the pictures of the town of Witheridge. I wish I could have visited there with you. Yes, I have had correspondence with the vicar, who searched the parish records back to 1585 and found no baptisms, marriages, or burials under the name of Witheridge.

I appreciate the report made by your wife on her investigation of the 1851 and 1861 census records. It is strange that there was no Witheridge entry at 45 Castle Street, East, Marylebone, London, and at first glance it would seem that you had reached the end of the trail.

However, if I were there in London, I would proceed as follows: I would try to get the birth certificates of your grandfather's brothers and sisters Jack, Henry, Emily, and Frances in the hopes that the address of your great-grandfather on one of them might be where he was registered in the 1851 or 1861 census. In the case of the later children, if they were born after 1861, the 1871 Census Records at Somerset House might be checked.

Another approach would be to have a serach made at Somerset House for your great-grandfather's marriage certificate over a period of several years before the birth of the first child. This might give a clue to his place of origin, or at least his residence at the time of his marriage, as well as his parents' names. His approximate date of birth would also appear from his age at the time of his marriage. Let me know if either of these approaches brings any results.

I have recently discovered another Witheridge descendant in London (or rather near there in Morden, ~~Sussex~~ Surrey) who has taken an interest in Witheridge genealogy and is beginning to do some work on it. She expects to go to Devon in June to hunt in some of the parish records. If you find out anything further about the roots of your family in Devon, you might want to correspond with her. She is Mrs. C. T. Cook, 209 Lynmouth Avenue, Morden, Surrey, and her ~~xxxxxx~~ mother was a Witheridge. She is a niece of the Dorothy Witheridge I mentioned in an earlier letter.

As you can see, I have prepared family record sheets of your father's family, your grandfather's, and your great-grandfather's. I've compiled these from information you and your cousin, G. A. C. Witheridge, have given me. Of course, there are many gaps, and what I'd like to have you do is to fill in or correct any names, dates, or places you may know and return these sheets to me.

If you have the birth certificate of your grandfather, does it give the maiden name of your great-grandmother? Do you have any idea where your great-grandfather and great-grandmother are buried? This could be of help in our research.

Did you ever hear a report that your great-grandfather, George Causey Witheridge, Sr., was at one time a lighthouse keeper on Lundy Island? George A. C. Witheridge's grandmother (and yours) passed along this information. I wonder if there are any records of this anywhere? Would lighthouse keeper be a government job?

You will note that I have used the designation of George Causey Witheridge, Jr., for your grandfather. Neither you nor G. A. C. Witheridge used this in your letters, and I'm wondering if it is not so customary to use this designation in England.

As time goes on, I am more than ever convinced that we shall eventually be able to piece together the various strands of the Witheridge family. Thanks for your help. I hope you will be pleased with the results, too.

Yours sincerely,

David E. Witheridge

Dear Mr. Witheridge:

It's about five years since I last wrote to you, and I hope you are still at the same address.

Now I want to let you know that my wife Elizabeth and I are about to leave for England to spend the entire summer in a study leave. We arrive in London on June 16 and will be staying in England until September 2. So we certainly hope we can arrange to visit you.

For the first few days we shall be staying with Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. I think I mentioned to you that her mother was a Witheridge. Their telephone is 01-641-2994.

If you could call us while we are there, I think we could work something out.

From June 21 to 24 we'll be at a conference of ecumenical officers from all over Britain at a place called High Leigh in Hoddesdon, Herts. The telephone there is Hoddesdon 63244 and 63018. Prefix from London is 61.

Then from June 25 to July 7 we'll be staying at Lee Abbey International Students Club, 27 Courtfield Gardens, London SW5 OPQ. The telephone there is 01-373-7286.

After that we'll be touring around Britain and spending some time at Exeter and Cambridge, but we'll be back with the Cooks a few days from August 29 to September 2. So we do hope we'll hear from you.

Dear Charles and Mrs. Witheridge and Jill:

Elizabeth and I were very sorry we were unable to work in a visit to your house while we were in England last summer. At first we had hoped to see you during our first stay in the London area early in the summer. When that was impossible, we hoped to visit you around the first of September. The truth is that by that time we were worn out and simply unable to face a trip from Sutton up to the northwestern part of London.

I've been looking over our earlier correspondence, Charles, and hoping we can take up where we left off. We have two others now near London who can be of great help in our genealogical search. One is Kim Cook (Mrs. Roy), with whom we stayed in Sutton for a while last summer. Her mother was a Witheridge.

Kim is building up quite a store of information about every branch of the Witheridge family. Last fall she joined the Society of Genealogists, and she is able to spend time occasionally at St. Catherine's House and also at the Census Rooms of the Public Record Office. I think it would be especially nice if Jill and Kim could get acquainted and keep in touch with each other. As I said in my letter last June, her address is Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA; and her telephone is 01-641-2994.

The other person who has taken an interest in Witheridge family history is Anthony Witheridge, the son of your cousin George. He did some work last year on tracking down his (and your) ancestor George Causey Witheridge. He transcribed the record of all the Witheridge births in the St. Catherine's House index from 1837 through 1859 (except the fourth quarter of 1855, which was probably at the bindery).

Anthony also secured the marriage certificate of his grandfather, George Henry Witheridge, in 1907. He was a little disturbed because in that document George Henry Witheridge's father was given as George Henry rather than George Causey. I think that was merely a clerical error, but it will have to be checked further. I know you will want to keep in touch with Anthony, because you both have the same Witheridge ancestry through George Causey Witheridge. His address is Major A. G. Witheridge, 15 Armstrong Close, Fort Halstead, Sevenoaks, Kent. At least, that was correct last summer!

If you still have the letter I wrote to you, Charles, on May 2, 1971, you will find several suggestions I made to carry on the search for the place of origin of George Causey Witheridge (Senior).

If you do not have the marriage certificate of George Causey Witheridge and Mary Ann Bussell (look under both names in the index) about 1853, I think that would be the first thing to look for. I'd certainly like to have a copy of it.

Also, do you have, or could you locate, an obituary of your grandfather, whose death I understand was August 21, 1931. If so, I'd like to have a copy of that, too.

Again, let me say how sorry Elizabeth and I were not to be able to meet you last summer. The next best thing would be to receive your pictures in exchange for the one of us enclosed!

Yours sincerely,

David & Elizabeth Witheridge

P.S. I believe this is Jill's address now. What is your current address, Charles? And what is Mrs. Witheridge's first name, please? DEW

Dear "Relatives":

We were sorry not to meet you in 1976, but now we have another chance. In August we're coming to Britain. As of January 1st I retired from my position as executive director of the Greater Minneapolis Council of Churches, and at one of the recognition events they presented me with a generous monetary gift. Elizabeth and I have decided to use it for another trip to Britain, though it's not enough to cover the entire cost.

Now we are in the process of making arrangements for the trip. We just received our plane tickets on the recently established non-stop flight from Minneapolis to London, leaving here on August 2nd and returning October 2nd. During that time we'll be hiring a car for seven weeks and traveling through England, Scotland, Wales, and the Isle of Man. For two of those weeks we'll be in Devon digging into our genealogical past, as well as sight-seeing and visiting relatives.

As they did last time, Kim Cook and her family will meet us at Gatwick airport and take us to their home in Sutton for a few days. We'll also be with them several days just before we leave. In connection with our stay at the Cooks', we'll be spending a total of six days in London, and we hope we may be able to work out a way to meet you and have a good chance to talk.

It looks now as though the days in London would be Tuesday and Wednesday, August 5 and 6; Thursday and Friday, September 25 and 26; and Monday and Tuesday, September 29 and 30. We would be spending a couple of nights in a hotel on each of those trips to the city. It occurs to me that the most convenient time of day to visit with you would be late afternoon and early evening on one of the days listed above. That would probably fit in best with your work schedule and our visiting of record offices, libraries, and tourist attractions.

Would it be presumptuous of us to invite ourselves to dinner at your house, Charles, or at Jill's? This was one of the pleasures of our last trip--seeing people's homes and eating at their tables. We could probably come by underground, with a short bus ride at the end.

I think that is all I'll say for now, as I have many letters to write to see if our suggested itinerary will be satisfactory for those we want to see. Please write and let us know if you will be at home during the time we expect to be in London. We do want to meet you after these several years of correspondence.

Yours sincerely,

Dear David & Mrs Witheridge

Thank you for your letter regarding your impending visit to the U.K. this year.

Your suggestion regarding visiting us in August & September is doubtful. About this time of the year my wife, self and family take impromptu holidays and in consequence cannot tie ourselves to specific dates. Therefore under these circumstances I regret we cannot offer you the hospitality we should like to.

However we do hope you and your wife enjoy your forthcoming holiday in this country.

Dear Charles + Vera,

We were delighted to meet you on our trip to Devon this year. It was very good that you could come over to West Buckland the day we were there. We enjoyed every minute of our visit that day, including the delicious food, and we wish we could have had longer to talk with each person. We wer also glad to see your lovely home and to see where you liv in relation to West Buckland.

Here is a copy of the picture we took of you two with John and Hilda. We think it came out very well, and we're glad to have it to remind us of our visit with relatives there. You and John are second cousins of my father, William Allen Witheridge, who was born in Wales, though his father was born in Combe Martin.

We had a wonderful trip to Britain, including our brief stays in Scotland and Wales. The countryside was beautiful, and we loved being with friends and relatives. The only problem was the weather. It was cold (for us), rainy, and windy almost all the time we were there, and both of us came home with bad colds. When we arrived, we found they were in the midst of a drought and a heat wave - many days over 90°F - and this has continued until now with only slight relief. Because of our colds and the heat, our energy level has been low, and we still aren't finished doing all the things that needed to be done after we got home.

We hope that all is well with you and that your weathe has improved over the summer.

Yours sincerely,
David + Elizabeth

Dear Mr. Witheridge,

Having been told that our family tree originated in Devon, we were most pleased to find your name listed in the South Devon telephone directory, during our vacation there this year.

We also discovered with pleasure, and visited, the town of Witheridge. We have just learned that a book is in preparation on the history of "Old Witheridge" to be published by Devon Books, a division of A. Wheaton & Co. Ltd, of Exeter. I mention this only in case you, as we, are interested in obtaining a copy.

You may be interested in the particular coincidence of your initials being the same as my father Clifford George Witheridge.

If you are aware of any Canadian relatives, we would be pleased to hear from you.

Yours very truly,

Dear Pam + Christopher, Witheridge

It's hard to believe that over two months have gone by since we returned from England. We did have a wonderful time, and we accomplished nearly everything we had planned. It was such fun seeing again the many relatives and friends we had met on our two earlier trips, and we especially enjoyed meeting you and others whom we had not met before.

We hope you will be pleased to receive this copy of the picture we took that afternoon at Harry's and Toots'. You have three very lovely children.

It's good to know that you have joined The Witheridge Society. I know Kim had wanted to organize such a group for many years, and now it will help us all discover and maintain our relationships with the various Witheridge branches.

We arrived home with bad colds that lasted several weeks. In addition, they were in the midst of a drought and heat wave here, so our energy level was very low for a long time. We still haven't finished everything needing to be done after our trip, including writing many letters! Best wishes to you all!

Sincerely,
David + Elizabeth

Dear David & Elizabeth,

Many thanks for your letter and the photograph of the family. It was a very pleasant surpsie hearing from you.

Your are the first Witheridge's I have heard with an American accent however I feel sure that you know far more about the Witheridge's than any of us!

I hope that you have got over your colds and are feeling better and the heatwave has died down with some rain at last.

We have just spent a month in Hungary with the whole family as Pam's mother is Hungarian. It was very interesting sampling a communist country at first hand, I don't know if either of you have been to any but I know that you are both well travelled.

When are you coming to the UK again? Please write and let us know and we shall all look forward to seeing you again on your next visit.

Yours sincerely,

Chris Pam Heather Amy + Dale.

Dear David E Witheridge

I have just come across your name and address on an old Christmas card given to me by Colonel George Witheridge some years ago. He suggested I might write to you, but the years have passed and I never got round to it. Having come across the card while doing my yearly check of Christmas card sending, I felt I should send you a card and a few lines.

I came in contact with George through the Army just after the war but after he retired, when we looked him up. We decided after lots of talk that we are related. He says I look very much like one of his sisters. However, life makes it that we only hear from one another at Christmas, that is how life goes, but this is me. BESSIE WITHERIDGE (Miss) 63 years and my brother and I have our home together he is LESLIE RICHARD, and he's older. At the moment he is semi invalid suffering from lung trouble. We are the only two with the Witheridge name on this side of the family. We were born and raised in WALSALL Staffordshire.

where there are some others or should I say "were" as we never did have much contact even in my Fathers time.

We came to Warwick 12 yrs ago because of our jobs.

I show, breed and judge dogs, Cardigan Welsh Corgis and my writing is awful, I hope you can read this. We are of course retired now. Our Grandfather Withop was a steelworker and George thought that that was how they got down to Wales from Staffordsh.

It would take hours to write it all down. It has struck me that you may never receive this letter as you may have moved away. However if you do, perhaps you would like to drop us a line and we could go on from there.

Hope to hear from you.

Sincerely

January 10, 1980

Dear Bessie:

Thank you very much for your card and letter. I was delighted to hear from you, and I hope we can now keep our correspondence going. I've just retired, so now I'll be able to spend more time on my favorite hobby, genealogy.

In 1976 my wife Elizabeth and I spent 2½ months in Great Britain and had a very enjoyable time with George and Mary in their home. At that time George mentioned you and your brother and gave me your address, but I never had time to write to you. So I'm glad you took the initiative. Now that I've retired, we plan to return to Britain late this summer (about August 15), so we hope to be able to meet you and Richard.

← Lt. Col. George Witheridge (b 1908)

Perhaps George told you a little about me, but I'll mention that I am a Baptist minister, though I haven't been pastor of a church since 1951. At that time I came to Minneapolis to be the full-time executive director of the Greater Minneapolis Council of Churches, which I have been ever since.

Both my wife and I grew up in Saginaw, Michigan. I attended the University of Michigan and started out as a heating and ventilating engineer working with my father in Saginaw. After four years I decided to become a minister and went to seminary in Rochester, New York. Then I served as an assistant minister in Chicago and got a master's degree at the University of Chicago Divinity School. Before coming here I had a short pastorate in a small town in Illinois.

Elizabeth is a former kindergarten teacher in Saginaw and is the author of seven books for children and young people. We have two sons. Jim has a job in Minneapolis and lives in an apartment with four other young men. Tom works in Chicago and is also studying for his Ph.D. degree at Northwestern University. Neither one is married.

When I first got interested in genealogy years ago, I got the names of 26 Witheridges in Britain from the British phone books in the New York City Public Library. I wrote to many of them, which is how I first got in touch with George.

Another one was a Dorothy Witheridge in London, who turned my correspondence over to her niece, Kim Cook, who is greatly interested in genealogy. Since then she has been my main contact and support in Britain. She and her husband and two sons live in Sutton, Surrey, and their home was our "headquarters" when we were there in 1976.

We picked up a great deal of genealogical material that summer, especially in Exeter and London. I now have information on my Witheridge and other ancestors back to 1556 in Berrynarbor, Devon.

George thinks you and he are related, and I think we all are if we can get back far enough in the records.

Would you please give me the information about your Witheridge ancestry as far back as you know it? I'd also like any information you have about brothers or sisters of your father, grandfather, and so on, as this often helps in establishing connections.

The list of Witheridges I copied from the British telephone books included several in Walsall and Meriden. I wonder if you can identify any of these for me. The first one is probably your brother.

We are very much interested in your showing, breeding, and judging of Cardigan Welsh Corgis. We have a great fondness for Norwegian Elkhounds, though we don't breed or show them. Our first one, Jarle, lived for 15 years, and our second one, Trygg, died of cancer at the age of seven. Now we're waiting for another, but our breeder is having a little difficulty producing a litter!

I'll close now and look forward to your reply with great anticipation.

26 Jan 1980

Dear David,

How nice to hear from you. I wrote to you on the spur of the moment, wondering perhaps that you might receive it, as it was some time ago that George gave me your address. It must have been '76 after you were over here.

George did not tell me anything about you, just said that I ought to write as he thought I would like you ! I must write and tell him that I managed to at last. We only heam from him at Christmas time but this year we did not, I hope all is well there.

Now about us. Dick is nearly 67 and at the moment is a very sick man. He is suffering from Emphysema, badly, and there is no cure. There is also a possibility of TB as well. He is home with me and I am doing my best for him, but it is hard to see him suffer.

Me. I am nearly 63 and retired 18 months ago. Dick had already retired and we had high hopes of doing those things we had been unable to do while working, but there we are, that is life, we always seem to get it in capital letters though. We are both unmarried.

Dick always worked in Insurance, he is the Brainy one of the family. He was not accepted in the services.

After leaving school I worked in a shop until the outbreak of war and as I was already in the Territorial Army I was called up pretty soon after the start. I reached the rank of Warrant Officer II and after Demob I went back to the TA as a civilian, finishing up as a Civil Servant with the Ministry of Defence. My hobby has been the dogs, and in this Dick has joined but not quite so seriously.

We are what could be called the poorer Witheridges. I chuckled when I saw the Walsall ones you contacted. LR is not Dick but he is, so my Father said, 34 times removed cousin ? AJ and AE are related I think but they are "snobs" and did not want to know us. The Meriden one we do not know. Meriden is not far from here and they are not in the phone book. There was a report in the press some time ago that an old lady named Witheridge living in Stratford on Avon had been rescued from a fire in her home. I wrote to her to ask if she was in need of help but did not receive a reply. This could be the Meriden one, now in SOA, but again they are not in the phone book.

We cannot help you really on the family. For some reason not known, my Father, who was a very old fashioned man, never talked of his parents. We never saw them. There used to be framed photographs of them in the sitting room, but they vanished when we moved.

Somewhere along the line, I gathered that Gran or Grandad had been married twice, and the word Divorce reared its then ugly head. I suppose over the years as they were not there and not talked about, that side of our family life ceased to exist. Mothers family was large so at that time we did not lack Aunties and Uncles and cousins etc. The only Witheridge we can remember was Fathers brother George who also lived in Walsall and who we did see when we were very small, then I think they had a quarrel because the visits finished and we did not get in touch again as we left the district.

There is not a lot more I can tell you in a letter, perhaps, circumstances permitting, you will be able to visit us when you come over, we would like to see you, by then it may only be me.

Write again soon, but as Dick may be well enough to read your letter, do not say too much of what I have told you about him.

Kind Regards to you and your family.

Sincerely

Bessie Witheridge

Dear Bessie,

I've wanted to write you for some time, but I've been very busy lately with two things in particular. One is trying to make arrangements for our trip to Britain in August, and the other is our new Norwegian Elkhound puppy.

We now have plane tickets on the recently established non-stop flight from Minneapolis to London leaving here on August 2nd and returning October 2nd. I am therefore in the process of putting together our itinerary to enable us to see all the people and places we want to see. We'll be hiring a car for seven weeks and touring through England, Scotland, and Wales.

At the moment it looks as though we'll be in the Birmingham area from Tuesday evening, September 2nd to Thursday afternoon, September 4th. I have two second cousins there who are Witheridge descendants, whom we met when we were there in 1976. One lives in Pensnett near Brierley Hill and Dudley, and the other lives in Birmingham on the south side of the city. We hope that while we're there we can fit in a brief visit to your house. We do so want to meet you and Dick and, among other things, see if we can discover any clues to our probable relationship. Please let us know soon if you expect to be at home during those days. Of course, we may have to make a slight change, if you or others can't see us when we have suggested.

Secondly, about our puppy. He is one of the finest Norwegian Elkhounds you could imagine. We call him Bokk, which was the name of our first Elkhound's father, whom our puppy also stems from. He is handsome, intelligent, and lovable, but he has kept us extremely busy for the past two months. We got him when he was eight weeks old, and he is now four months old. We'll show you a picture of him when we come over.

We don't know how it is in England, but there haven't been as many really good Elkhounds bred here lately as there used to be. That's why we waited nearly two years after our last one died before getting our new puppy. In 1976 we met an Elkhound breeder in Scotland, who gave us the names of several others, but we never tried to contact them. Do you happen to know of any highly-respected Elkhound breeders in Britain? Maybe you have a list or an advertisement in some kennel club publication. One of the names we have is of someone not too far from you. She is Mrs. Gill Cowper, 105 Bretforton Road, Badsey, Nr Evesham, Worchestershire. After her name is the notation, "Rothenberg Elkhound," perhaps the name of her kennel or a publication she handles.

Another breeder we may try to contact is Mrs. M. Lawton, Magerey Elkhounds, 23 Sheringham Road, Anerley, London SE20 7YH. That is not too far from Sutton, where we'll be staying for a few days at the beginning and end of our trip, with Kim Cook and her family, whom I mentioned in one of my letters.

Have you heard anything from George and Mary Witheridge? The letter we sent them at Christmas time finally came back marked "Moved away," so we don't know where they are. I wrote to one of his sisters and to his son, using the addresses from four years ago, and I hope at least one of them gets my letter and lets me know where they are. If you have heard from them, please send their address.

Now a few genealogical questions to give me a running start before we get there this summer. I have put the information you gave me on the kind of sheet I use, and I'm sending you a copy. I'd appreciate it very much if you would fill in anything you can and return it to me. For example, you probably know your father's and grandfather's first names and your mother's maiden name and other information about her. If you have your father's dates of birth, marriage, and death, I can do a little work at St. Catherine's House when we're in London. Do you know approximately when and where your Grandfather Witheridge died? By the way, were you christened Bessie, or is your name actually Elizabeth?

We're very sorry that Dick hasn't been well and hope he is feeling somewhat better. How fortunate he is to have you there with him! We do look forward to seeing both of you, and I hope we will get a letter soon, telling us if the September dates appear to be all right.

Yours sincerely,

Sent Bessie copy, 5/20/80

Dear David,

I started typing this letter and made such a mess of it I have had to redo it.

How nice to get your letter, I am pleased to hear that you have got your puppy at last, it is worth waiting to get the right one. Bring some pictures when you come, I would love to see them. I do not usually see much of the breed as mine are the Working Breed Group and are on a different day. My Serena won her first Challenge Certificate last week, she really pulled all the stops out as she can do when she feels like it. She is also the first Red bitch to have got this far for some years. The fashion has been for brindles. I do not know any Elkhound breeders but I have a Dog Directory and it has Mrs Newton in. You should get in touch with the British Elkhound Club whose Secretary is Mrs G Le Fleming.The Old Cottage Shingle Barn Lane.West Farleigh.Nr Maidstone.Kent.Tel Hunton 458.

I shall keep the first week in Sept very free and wait to hear from you. It is a pity it is not the week before as there is a very big Dog Show in Birmingham on 29th(Hounds) 30th(Working) and 31st. August. ?

I do wish we could put you up, but all we can offer is the double bed settee in the Lounge, which my doggy friends say is very comfy if you are interested.

No I have not heard from George and Mary, I did not even get a Christmas Card. They were talking of moving to Port Talbot I think it was. I do hope we do not lose touch.

I have filled in your form as much as possible, but I do not have much information. I have now got in touch with a definite relative in Walsall. One we lost touch with years ago, but it appears they are still inthe same place. I have written it on seperate slips of paper. I have asked Tom to get his father to tell us as much as he can, he says he has some papers 'upstairs' and will look through them, but when we can get him to do this I do not know. If I get anything I will let you know right away. I think they are a bit slow as they would not attach so much importance to it as you would. I intend to keep in touch with them. Tom is not doing very well at the moment as he is out of work having been made redundant. He is 46 and it is hard to get in another job at that age. Yes I was christened Bessie. Somewhere I have a copy of Dads marriage Certificate, but I have put it in a safe place and just cannot find it anywhere. It could give us a lot of Info if I could put my hands on it. I shall keep looking.

I ma pleased to say that Dick seems to be picking up and winning his battle with the TB.

Excuse my typing, I seem to be going faster than the machine,hence the mistakes.

We shall now look forward to hearing from you to say when you will be with us.

Very sincerely

July 10, 1980

Dear Bessie and Dick:

We were very happy to receive your letter with all its information, especially the news that Dick is feeling better. I'm writing to say our plans are somewhat changed, though I can't tell yet exactly what the final arrangements will be.

The first change is that we are coming to Birmingham a week earlier than we had thought, since August 27-29 are the only dates we can see my second cousins in that area. However, we'll probably return to the Birmingham area again the first week in September, as we want to have adequate time with you and with a couple of relatives of George Witheridge.

I have the sad news for you that George died a year or so ago, so that's why neither you nor we heard from him in recent years. I wrote to one of his cousins, and she passed my letter on to her son, Philip Hockway, who lives in Nuneaton and has begun to get interested in his family background. Philip reported that Mary is living in a nursing home in Wales. We knew that George had had heart trouble, but we thought Mary would go before he did. We're very sorry not to see him again.

The last we knew, his son Vernon was living in Market Harborough, but we haven't had any reply to our letter to him, so perhaps he has moved.

One good thing about our change of dates in Birmingham is that now we'll be there during the first day of the Dog Show, when the hounds will be shown. We assume that includes the Elkhounds, as they are usually classed with the hounds, though our breeder friends here don't think they really should be.

We are greatly excited about attending a Dog Show in England, and we hope you will get more specific information about the show and send it to us. We'd like to know exactly what time the Elkhounds will be shown and what else will take place on the 29th. It would be fun if you could go with us, Bessie, and give us the benefit of your experience in such things. Would you be free to do that? Perhaps we could drive around and pick you up, and you could help us find our way to the show.

We'll be staying with one of my cousins on August 27-29, but we'd love to stay at least one night on your double bed settee when we return the following week--probably Tuesday or Wednesday, September 3 or 4. Our exact schedule that week is still not certain. We'll also enjoy meeting your cousin Ivy. ?

(0922) 36407

Do you suppose we could stop and see Tom and Sidney Witheridge at Walsall on our way back from North Wales to Birmingham about the 2nd of September? Perhaps that would serve as an incentive for Sidney to look up the family papers.

We'll be in Surrey and London for the first few days of our trip, and we expect to do some research at St. Catherine's House, where the birth, marriage, and death records since July 1, 1837, are kept. I have in mind trying to get your father's birth certificate, which will show his place of origin, as well as his parents. You did give me his date of birth. It will help, too, if you can find your parents' marriage certificate.

With only three weeks remaining before we leave for England on August 2nd, you might prefer to address your reply to the place we'll be

Call W.
2nd &

staying in the London area for the first few days. We'll be with Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. During our stay in Britain she will always know how to reach us and forward our mail. We'll write you again after we get to England and know our schedule more completely.

Yours sincerely,

David + Elizabeth

Dear Bessie and Dick:

We still remember fondly the day we spent with you and your lovely dogs. It was such fun getting to know you and visiting about family and dogs. Thank you again for everything.

Life has been very hectic since we returned home on October 3rd. So much had been left undone before and during our trip, and then there were all the things to do before winter sets in.

We have wanted to write to you, but we decided to wait until we got these pictures made from our slides. It's quite a lengthy process--first having the slides made, then identifying and marking them all, then sorting and organizing them for showing, then deciding which to have prints made from. We couldn't have the prints made right away, because it takes about ten days, and we didn't want to remove the slides when we were apt to want to show them to people. But here they are now, and we think they came out pretty well. There's an extra one of Ivy and Arthur that you can send to them.

I've just spent a little time again looking over the information I have about your family. The important thing was that I was able to get your father's birth certificate at St. Catherine's House in London. He was born in Wednesbury at 2 Hope Terrace on January 18, 1876, as you said. His father was William Witheridge, but the interesting thing is that his mother's maiden name was Emma Beestlestone.

Now, I don't know how that would normally be pronounced, but I'm wondering if that is the same as the name of Ivy's mother (Hannah Biddlestone). In that case, Ivy would be related to you not through your grandfather's line, but through your grandmother's. That is, her mother, Hannah, might have been a niece of your grandmother, Emma.

If Hannah was the daughter of Emma's brother, for example, then Abel, your father, would have been Hannah's first cousin. If Hannah was the daughter of Emma's first cousin, then Abel would have been Hannah's second cousin. The next step would be to get the birth certificate of Ivy's mother. Ivy said she was born about 1882 in Beeston, Nottingham. If it isn't found under Biddlestone, it ought to be searched under Beestlestone.

The next step in tracking down the parents of your grandfather, William Witheridge, would be to get the marriage certificate of him and his wife, Emma Beestlestone, at St Catherine's House. This may have been about 1871, as Tom said his grandfather, George Henry, was probably born about 1872. This marriage certificate would identify the fathers of the bride and groom and also give their addresses. I'm going to see if I can get Kim Cook to look up this marriage certificate for me the next time she's at St. Catherine's House. Otherwise, I'll have to apply for it by mail, but it's more expensive that way. Perhaps Kim could also look up the birth certificate of Hannah Biddlestone (Beestlestone?) for me.

Now a word about our wonderful Elkhound puppy, Rokk. At 10½ months old he continues to impress us with his beauty, intelligence, and good disposition. He was overjoyed to see us after an absence of two months, but he soon settled back into our household as though nothing had happened. He's a real part of the family.

You may remember that we were going to see our breeder friend, Isabel Clarkson, up in Scotland, who had just had a lovely litter of six Elkhounds. We saw them when they were only 15 days old, and they were darling--very active and beautiful. We enjoyed her older dogs, too.

We were so impressed with the copies of the "Dog World" you showed us, that we asked the porter of the London hotel we stayed in to order us a couple of copies, so we could show them to our friends here. We were pleased to see in one of them (September 26) that Serena had placed first in the Darlington Show, though we chuckled over her limping during the challenge.

We hope Dick's physical condition is a little better, and we wish you both a pleasant holiday season and year ahead.

Yours sincerely,

David + Elizabeth

## Cardigan Welsh Corgis

**Jun D**(6): 1 Hall's Baileswood Hopcyn at Brynhall, 11 months br/w, head of good proportions, dark eye, good ear carriage, good bone and length. Movement could be better; 2 Serginson's Golden Brandy of Marycliffe, 12 months r/w who is improving all the time. Nice head which if filling out, good reach of neck, length of body bone and feet. Movement could be better; 3 Tonkyn's Beckrow Blue Vision, 6 months blue merle giving a lot away. I like a lot. Good head, reach of neck and length of body, well off for bone, nice feet. A baby and a lot to learn. **Post grad D** (7): 1 Dodd's Wendac Jaunty, 13 months dark br/w, nice head and ears, dark eye, good bone and length, nice feet, well trimmed nails, movement could be better. Res CC; 2 B Hopcyn at B; 3 Page's Sanja Late Night Extra of Grangefield, br/w, not helped by his novice handler, a great pity. Good head, reach of neck and length, excellent tail carriage. **Limit D** (9): 1, CC, Bailes' Baileswood Gethin, br/w in excellent condition, lovely Cardigan, well balanced, nice head, dark eye, good length of body, deep brisket, good bone and feet, well trimmed nails, moved with drive, in excellent coat; 2 Dodd's Wendac Javelin, unlucky to meet above. I have judged before, I liked him as a baby and see no reason to alter my opinion. Litter brother to res CC, same remarks apply; 3 Jones' Sardis Alexander, 4 years r/w, lovely head, eyes of shade to fit his colouring with kind expression, good ears, reach of neck and length, movement OK. **Open D** (6): 1 Bailes' Baileswood Geraint, litter brother to my CC winner. Good head, dark eye, good reach of neck and length, well off for bone. Today was excited and lifting his tail which spoilt his outline; 2 Johnson's Wendac Black Special of Jontays, 3 years, br/w, responds well to his new owner. Good head and reach of neck, length and movement; 3 Aynscough's Grangefield Midnight Chimes of Andersley, b/w, good head but would like a darker eye. Rather light in bone but good length and movement. **Jun B** (8): 1 Littlefair's Katrina of Doldrum, 12 monts r/w of quality who today won her Junior Warrant. Good head, reach of neck, length, bone and movement. Nice waist with well muscelled thighs; 2 Serginson's Marycliffe Ceri, br/w, favourite of mine, lovely outline, good head, dark eyes, ears which she uses, reach of neck, length, good bone and movement; 3 Dodd's Wendac Sugar 'N' Spice, 9 months br/w, good head, dark eye, length and bone, in good coat, really covers the ground moving. Three nice bitches, could change places any time. **Post grad B** (7): 1, 2 repeat. **Limit B** (6): 1 Witheridge's Downholme Serena of Bridgemont, red s/w, nice head, eye to shade of coat, would like heavier bone, good length, level topline, deep brisket, good reach of neck. I consider her rear the best today. Unfortunately when it came to the challenge was limping and had to pay the penalty; 2 Tonkyn's Cavalay Silver Slippers, tri, favourite of mine, improving all the time. Nice head, good length, level topline, good bone and movement; 3 Read's Baileswood Eiddwen, 4 years br/w I have always liked but have seen her in better condition. Good head, ears, reach of neck, length and movement. Rather light in bone. **Open B** (7): 1, CC and BOB, Thomas's Ch Ringinglow Mory's Treasurer, I gave this bitch BOB earlier this year where CCs were not on offer and now I have had the privilege of awarding her another CC. Light br/w of 4½ years. In beautiful condition as always, lovely head, good ears which she uses, good reach of [illegible] bone and movement; 2, res CC, Page's Grangefield Extra Special, b/w, beautiful outline, nice head, good reach of neck, level topline, dark eye, good ear placement, bone and movement; 3 Page's Veritas Mistral of Grangefield, other of 2, now 5½ years but in good condition. Br/w in good coat, good head, dark eye, reach of neck and level topline, deep brisket, good bone and movement. All exhibits were in clean condition. Some nails and teeth needed attention. We appear to be losing the well muscled thighs, some exhibits were narrow behind and cow-hocked when standing.

Dear David and Elizabeth, Jan 12th 81

How nice to hear from you again, we did enjoy our day together.

I guess you have been pretty busy since you got back, I should imagine that you are only just about settled in again.

The photos were great, poor Dick said how old he looked on them, but I told him it was the haircut, he does not always have it so very short. Ivy and JIM were very pleased to get theirs. They had a 3 car crash just before Christmas, they were the one in the middle and the car is a write off, so they were not able to come over to see us. They themselves are alright, a bit shaken up but no injury.

I have not heard a word from Thomas Henry Witheridge, but after numerous phone calls with no reply to the old lady I told you of and tried to get when you were here, I wrote and received a phone call from a friend of hers to say she died in September, she must have been in hospital when we were ringing her. However the friend is her executor and has all her papers. So here you are for your records.

Her maiden name was Marlow (Maud) her mother was my Fathers sister. That is all I have at the moment, Mrs Carr (the friend) told me that she had Mauds birth certificate but it was only one of the small ones with not much on. I shall write to her later on to see if she can let me have any of the family papers when they are finished with. The will is in favour of Arthur- the friend who has lived with her for a good many years, he apparently sold up his own home and joined in with Maud for companionship. The Home is half his anyway.

This Beetlstone Biddlestone is interesting, over the ages names do get changed by speech do they not. The only time I visit London is for Crufts so I cannot help you by doing any research. I will get on to Ivy again and get her to see what she can find.

So pleased Rokk is coming up to expectations and pleased you were able to see some puppies when you were over here. I never did see a critique for the Elkhounds at the show you went to, perhaps the judges notes got washed away. I think Renas little limp was because she was tired, it was a hec of a journey and we had had to hang around waiting for judging. She has won 2 more 1sts and another trophy since then. We went to the Ladies Kennel Association Show which was held at the big National Exibition Centre not far from here. The show used to be in London but they moved a couple of years ago, and it has paid off because they had the biggest entry in any dog show in the world Bigger than the one you went to. Sorry about that, this machine is going crackers. I cannot remember the entry but I was there both days stewarding for Beagles and Pembroke Corgis. Cardigans were in the ring early, so I was able to work it all in to show Rena. My friend was judging + BEAGLES AND PEMS and she had big entries and we were shattered afterwards. She emigrated to Canada on the 22nd Dec. I gave her your address and she says she will definitely call in if she is anywhere near. I had a letter yesterday and she tells me that she is already being asked to judge both in Canada and the States so she will be around and about. She is over there working with dogs. Here is her address Miss M A Cole. R.R.3 Wellesley. Ontario. N0B2TD Canada.

Dick is still about the same, he caught a bug from somewhere and had to go on antibiotics for a week and as I got the doctor quick when he said he had a sore throat we cleared it up alright. He just says now that he is very tired. We just had a very quiet Christmas.

I do not think that there is any more I can say, except take care of yourselves and write again when you have time.

Very sincerely

Bessie - Dick

Dear Cousin, March 22, 1984

As you can imagine, we were greatly distressed to get your letter with the sad news of [illegible] death. We had so hoped that his health had [illegible] and he would be with you for a much longer time, even though your last letter said he was often very tired. [illegible] glad we [illegible] that we came there last summer and were able to meet him! We did like him so much. Our thoughts and prayers will be with you in the coming days.

Yes, Cousin, you did answer my last letter about the middle of January. It was good to have the [illegible] [illegible] in the [illegible]. We hope [illegible] enjoys her new situation in [illegible] and we'll be looking forward to hearing from there.

I've tried to add the information about Maud into my genealogical records but all I could find is that your father had a sister, whose name you thought was Ann. I assume that Ann married someone named Morton, and that Maud was their daughter. Is that right?

[illegible] add [illegible]

30 March. 81.

Dear David and Elizabeth.

Thank you for your sweet letter which arrived yesterday, and excuse me answering so soon, but I just had to when I found the enclosed when sorting some boxes out. How it got in the particular box with doggie papers I do not know, but it tells a lot so I had to let you have it. It is a copy we did for George. The paper is very old hence the copy. ←[Lt. Col. Elizabeth, Max is OK except he is losing his coat, he is getting very bossy as well, I suppose he knows he is now the man of the house. He can be a little devil when he is in the mood. Hope Robb is coming along well, give him a pat for me.

A short letter, but as I said, I just had to write.

Very Sincerely
with love.

Bessie.

Dear Bessie,

I'm glad Elizabeth decided to write to you, but it makes me realize how negligent I have been in not thanking you long ago for the certificates you sent way last spring. I did appreciate getting them, and I have added the new information to my genealogical record sheets.

It was very interesting comparing the 1886 birth certificate of your father with the one I got in 1980. His mother's maiden name was given as Caddlestone in 1886, which sounds more reasonable than the Castlestone given in the 1980 certificate. Caddlestone also fits better with the Ciddlestone you gave me as the maiden name of your father's cousin, Hannah Hindle.

I was also happy to get your parents' marriage certificate, which confirmed their ages, occupations, addresses, and fathers' names and occupations. It disclosed that they were married in the Primitive Methodist chapel, which may help in further searches for vital records. It was good to get the names of the witnesses: Henry Hindes (don't you suppose that should be Henry Hindle?) and Hannah Isaac (Was this Ellen's sister?).

My next step is to get copies of the 1871 and 1881 censuses of Wednesbury on microfilm from the Mormon Genealogical Library in Salt Lake City and see what further I can find out about the family of William and Emma (Caddlestone) Witheridge. I'm not sure just when I'll get around to that, however.

As Elizabeth said, we do think of you often, Bessie. I just wish I could find time to write more often.

Love,

David

My Dears,

How nice to hear from you both. It was rather funny as the evening before I received your letters, I was doing a bit of clearing out of papers and noticed your last letter,(which I did not clear out) and wondered when I should hear from you, and there was your mail.

I was thinking of you as I was getting ready to go to the show you went to at Birmingham. We had a very good day. Rena won the Reserve Challenge Certificate, was only beaten by her half sister. Her half brother won the Reserve dog CC and Sammys Grandchildren won I think it was 4 firsts in their classes, they are still puppies. Her half sister was BOB. You know what the weather was like at that show last year, well it was just the opposite this year, it was so very hot, and we were glad we were judged early in the day.

As you say it had been a hard year, but I have found my real friends and have been out and about a lot since Dick died. I have judged a breed show, 3 Any Variety shows including fun classes. I have even judged Obedience. That was at the Newfoundland Water Trials where they have and Obedience Class. Usually they have about a dozen dogs taking part just for the fun of it, but bless me, there was an entry of 37. We had 4 hrs in the ring in the hot sun, but it was really good, and I had to judge it a bit more seriously than I thought as there were so many good ones. I have also Stewarded about 6 times, I have organised 3 Any Variety shows, 2 Breed shows, one a Ch Show which is next week I have also exhibited, and I am judging Pembrokes in December, for the first time, it is rather a closed shop in Pembs, it will be intersting to see what sort of an entry I get. Oh something else. Rena went Best in Show at the Cardigan Assn Open Show. It was just about the last thing I expected as I had already thought another bitch would beat me. However when I went over it, I realised what could happen. The Judge I knew well, but she had never seen Rena, and went mad about her. She had a good day that day, showing like a bomb.

The wedding was good wasn't it. I watched it on colour TV and in the afternoon we had a street party, no not in the street, but in a neighbours garden. It was good fun. I reckon that is about the only time ALL of these neighbours will get together.

Will you give my congratulations to your son. You must be very thrilled about it. The day will soon be here and I hope all will go off as well as you would wish.

Now David,

✓ Henry Hindes is correct. He was the husband of Phoebe, my mothers sister and a lovely man to boot. Hannah was also a sister to mother. I have heard nothing from the Witheridge in Walsall, somehow I did not think we should.

It is a nasty day here today, a bit chilly this morning, but it has now come on to rain and it is not nice at all. I reckon I shall be lighting the fire later on.

Oh thinking of cold. Elizabeth, you know that little white cape you wore when you were here. Have you got the pattern for it. I liked it so much and have looked out for a pattern, but no luck.

I am writing this while waiting for a lady of 70 yrs to come, she has bought 2 puppies from my friend and one wants the ears taping. She said she could only come after lunch as she had 3 horses to exercise. At 70, she does not look it, and she is a very sweet person.

[See the → next four pages]

I am enclosing a card I bought way back in June. It is funny our two are so close together on it. I have been saving it to send to you.

Must stop now.

Write again soon won't you, and take care of yourselves.

My Love to you.

Bessie D.

## Dogs

It's too late now for us to wash our hands of responsibility for dogs, even if we wanted to. We have been talking to them for so long as if they were people that we've got them worried, and most of them think *they* are people as well.

You can't blame them. The way in which we talk to them has grown steadily more familiar. In our neolithic days we were no doubt terse and practical with them, saying gutturally such things as *ug ark a grunk urg groog,* which is neolithic for 'go and stand upwind from that sabre-toothed tiger, the lot of you, and bark at it till we come up with our spears and arrows, and any of you that runs away will get a crack on the head from a flint axe from which he won't wake up' (this is otherwise known as the Selective Breeding of Hunting Dogs). In these more civilised days we say things like 'Esh, wad him a lubly dog, den! Esh, him *wadda!* Lubs him den a yatty games? Goo on den, *fetchit!* Goo boy, him a muzhums. Esh, him *wad!*'

In Elizabethan times we were breeding the English mastiff down into the English bulldog, who knew he was expected to be put into a pit to bait a bull, to survive being tossed twenty feet into the air; nobody said 'esh, lublie dogge!' to *him.* But already dogs were part of the domestic scene, members of our households, as well as workers in the field of hunting and sport (whatever the changing interpretation of that word). In the 15th century a lady called Juliana Berners made out this list of domestic dogs: 'a Grehoun, a Bastard, a Mengrel, a Mastif, a Lemor, a Spanyel, Raches, Kenettys, Teroures, Butchers' Hounds, Dunghylle Dogges, Tryndel-taylles, Pryckeryd Currys and small Ladyes' Poppees'.

Once there was just Dog (the way there still *is* just Cat, in spite of our attempts to label and tame cats as well); but now dogs have faithfully followed us into our human, post-Tower-of-Babel welter of nationalities. There are German dogs that sound like towering 19th-century historians or philosophers – Schnautzer, Schipperke, Appenzeller (although this last could be a Swiss wine; 'I think you'll find a light Appenzeller '67 goes very well with game').

There are French dogs that are straight out of a mediaeval tournament with striped tents in a forest-fringed meadow: Bouvier des Flandres, Griffon Bleu de Gascogne, Griffon Fauve de Bretagne, Chien de St Hubert (St Hubert is the patron saint of dogs. He was out hunting on Good Friday, saw a cross growing from the antlers of a stag, and decided to become a monk).

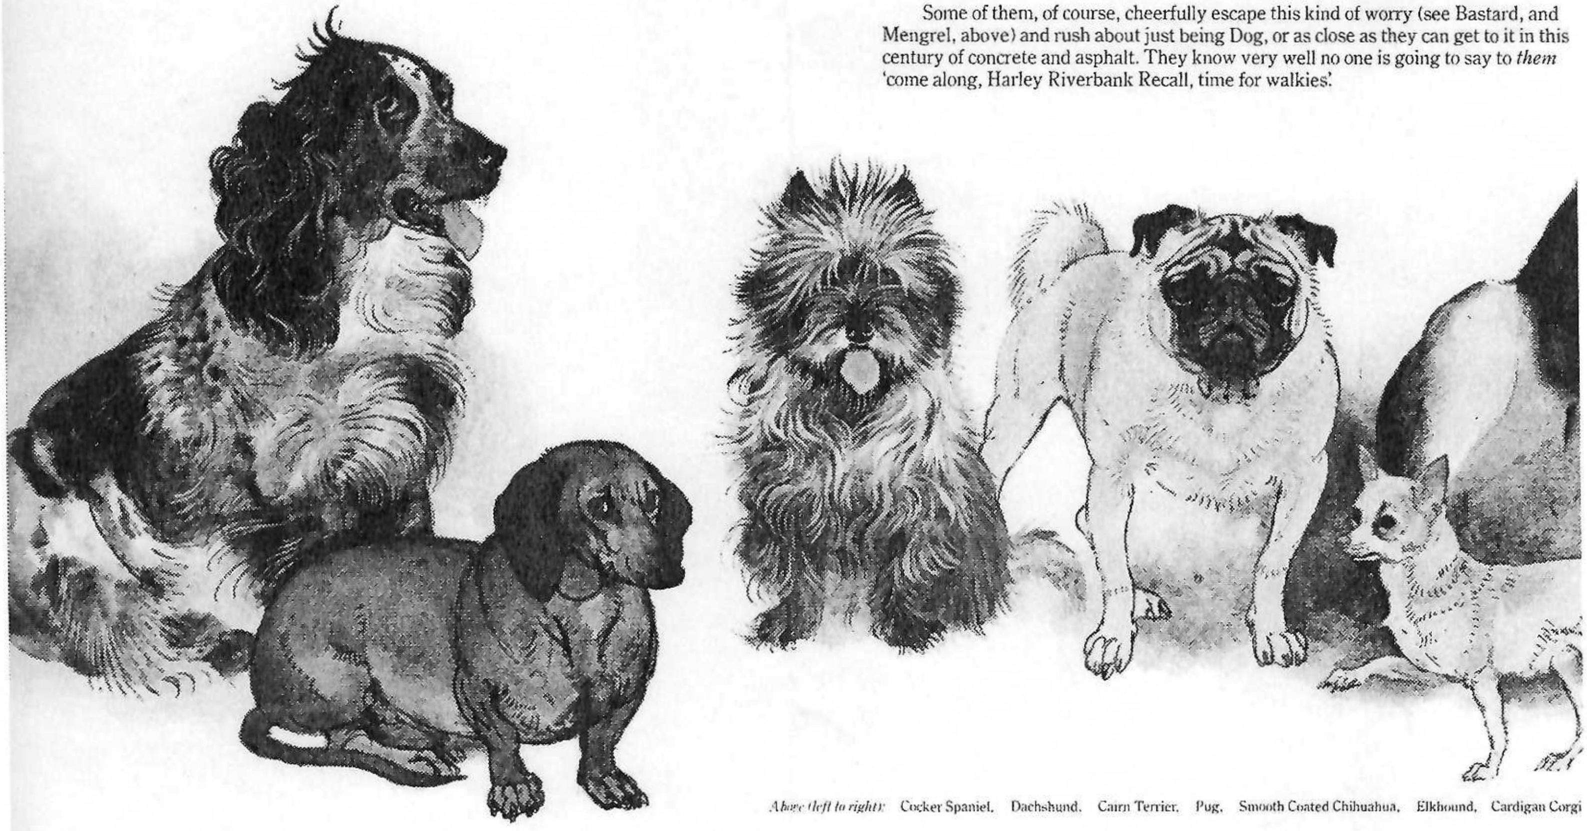
Dogs labour under the human names of Australian Kelpie, Vastgotaspitz, Dandie Dinmont, Xoloitzcuintli, Abruzze Maremma, Dalbodog, Grand Loulou (surely a famous courtesan in 19th-century Paris?), Groenendael (surely a cheese?), Kuvacsz (means 'armed guard of the nobility' in Turkish), Sydney Silky (master-mind of a gang of crooks, hissing softly 'ah, Inspector, I thought you'd walk into it. I should drop that gun if I we you . . .'); and there are all kinds of oriental noblemen – Shih Tzu, Lhasa Apso.

Add to this that a perfectly ordinary spaniel (named, as a matter of fact, Tertius, Latin for 'third', because he is the family's third dog, what could be simpler?) can have parents called Weirdene Questing Strathspey and Coritan Primrose, that his dam's da was called Coritan Lucky Christmas, among his great-grandparents were Questing Sudden Moon, Questing Shipshape, Coritan Merryworth Meditation, and among his great-great-grandparents were Questing Fuchsia, Joywyns Blue Boy, Sicklesmere Sil Dollar and – wait for it – Harley Riverbank Recall – and you can see why dogs have t worried, who-am-I look in their eyes.

And there's another thing that makes them still more confused. Whilst admitting them into our human world like this, as though they were people, we have at the same time laid down impossible standards for the shape they should be. There is an almost limitless list of Faults for which a dog can miss winning even a Third in Novices' Clas a dog show; it can be scorned by the judges for having a *snipy muzzle, dish face, sway-back, roach back, hare foot, steep angulation, cowhocks;* it can be *undershot, set too low,* or maybe have something wrong with its *flews* (the hanging lips of a bloodhound), its *frills* (long hair on its chest), its *feather* (long hair on legs and tail), its *leather* (the sk of the ear) or its *flag* (the tail, usually of a setter).

You don't see the judges at the Miss World competition marking down contestant for having the *teeters,* being *short in the gam, top-heavy, under-witted,* or suffering fro *oversmile.* But dogs have to put up with all this, and like it.

Some of them, of course, cheerfully escape this kind of worry (see Bastard, and Mengrel, above) and rush about just being Dog, or as close as they can get to it in this century of concrete and asphalt. They know very well no one is going to say to *them* 'come along, Harley Riverbank Recall, time for walkies'.



*Above (left to right):* Cocker Spaniel, Dachshund, Cairn Terrier, Pug, Smooth Coated Chihuahua, Elkhound, Cardigan Corgi

But most dogs with any breeding at all are a little confused by this double life, and seek relief in some kind of fantasy. Many poodles, for instance, like any member of some financier family originally founded by a poor nobody, choose to forget that the word *poodle* comes from the German *pudel,* the Dutch *poedel,* related to our own word *puddle,* and that they once splashed happily about in water – *dirty* water, at that. Now they think they are this banker called Henri de Grandville, with a house in Paris, a hunting-lodge near Fontainebleu, and a villa near Vence, and a little black book containing the names of various elegant females.

Many spaniels think they are a foolish but amiable male model, with slightly old-fashioned, Thirties-type good looks, smoking a pipe, photographed in profile wearing chunky cardigans for knitting patterns. They think they are called Vernon Wilde, or Bellamy Norton. As they get old, even if they are male, they think they are somebody's Aunt Clara, dressed in black bombazine, lying on a sofa eating chocolate creams, but every now and then going to the piano and singing high screaming sort of songs much too difficult for them.

Many labradors think they are a first-year engineering student called Alec Whacker, alternately loafing about the house doing nothing whatever, then going about with other labradors for a beer-up, suddenly deciding to chase every third car with furious mock growls, to get money for the college rag.

Many Airedales, perhaps because they would so *like* to be just Dog but have to li in second-floor flats, get to thinking they are a misanthropic, collarless farmer living al alone in some run-down moorland farm; when anyone comes they mutter unintelligibl to themselves, *ah've no getten thi bloody grote, so heave thisen out or ah'll coom an thros thee, a grrr a grom thee.*

St Bernards think they are John Sebastian Bach. Many terriers spend a lot of tim thinking they are Dog until they hear through the mist a voice calling 'Lampshine Crumpet of Knickerbocker' (or something), 'come here at once!' and this causes them, quite often, to gnaw the legs off chairs.

But somehow they manage to live with it. They lead the blind, they help the sportsman and the shepherd, they fill ordinary people's lives with interest, not to mention love. They look into our eyes, sometimes, with an expression that seems to sa 'why, you might almost be a dog'. The sincerest form of flattery.

Paul Jennings.

Dear Both.

You talk of 10ins snow, I can match you, our difference being that you are organised for it. I had a frozen pipe, and the little porch outside the back door came down with such a crash at 6-30 am yesterday, the weight of the snow was too much. Thank goodness the dogs were not out.

Will write more in the new year, but I do want you to get one of these cards. That will be twice it has crossed the sea, as my friend brought them over from Canada.

Elizabeth my Dear,

A quick little note to you to let you know that your lovely cape has arrived safely. It is beautiful, I shall treasure it for always. Thank you so very very much.

Seeing about your weather in the press, I have thought about you. I do hope you are alright, and I hope this card will get to you soon. The sun is shining here today, it is cold and frosty but lovely, the snow has now gone, thank goodness. I was without water for a week, it was horrible but I thanked my lucky stars that I was not like the people in Yorkshire with the floods.

Must stop to catch the morning mail.

Thank you again.

All my love to you both

March 22, 1982

Dear Bessie,

Yes, I have some genealogical news for you. From the Latter Day Saints (Mormons) I was able to get a microfilm of the 1871 Census of Wednesbury, and I found your grandfather, William Witheridge!

He was unmarried, 33 years old, listed as a "Lodger" with an 80-year old widow at 1 Hope Terrace. He was the only Witheridge in Wednesbury at that time, and he is obviously the right person, because his occupation was listed as "striker" (metal worker), and the address is right next to his address when your father was born: 2 Hope Terrace.

The best thing about the 1871 Census is that it gives the birthplace of each individual, and his is given as Devonport, Devon, which is a suburb of Plymouth. This means you may be a relative of one or both of two other families we've met in Britain. They both have their roots in the Plymouth area. One is Kim Cook in the London area (formerly in Sutton, Surrey, and now in West Wickham, Kent). The other is Philip Hookway, whom we visited in Nuneaton, just before coming to your house.

I have a list of Witheridge births from the Index at St. Catherine's House, and it lists a William Moses Bowden Witheridge, born in 1838 in the Plymouth Registration District. He's probably the one, and I'm going to send for his birth certificate, which will take us one more generation back. Little by little we put it all together!

Love, Dave

15 July 82

Dear Elizabeth and David

It is the 15th of July and I really must write to you, it is really ages since I wrote and since I had a reply from you. I am not quite sure where to start except that I am wondering if the wedding went off alright, I do hope so, and that you all had a simply lovely day.

Just looked at your letter and I feel worse still, it was written March 22nd Do please forgive me. Reading a bit more of your letter you are saying the same to me. ?!

Sorry to hear about the death of your friend, it would be a sad blow to you.

In our last letters we talked of snow, I love Rokko pictures, I bet he had a great time. Mine all grew terrific coats and now you cannot see the place for dog hairs as they have all had a good moult. Since Apl we have had lots of heat. I used to be able to stand it, but now it seems to drain all my energy away. It is cooler at the moment as we have had 3 days of thunder storms.

Ivy - Jim are still having problems. Jim has had another car crash. The 4th I think. They now have no car, so I have not seen them. They cannot get over here either to see their solicitor. I shall have to ring and see if they are OK. I am not supposed to know about the car as far as Jim is concerned, Ivy called me one morning when he was down the garden. Jim really should not drive his reactions are very very slow.

Rena the so and so did not produce. We are going to try again in Sept. This time I shall keep her right away from the others. She is so mad and loves a scrap, I think she absorbed them, as she was showing at about 4 weeks then there was nothing. At the moment she looks lovely but I am getting very fed up with getting 2nd place. I have said that if I do not make her a champion before she is mated again, I shall not take her in the ring again. She should have been made up ages ago, she is far better than a number who are now Champs. I think judges are afraid to make up a Red one over the Brindles.

My friend who went to live in Canada is back home for good, she had a very raw deal and is very bitter about it. After all her effort moving over there, the so called friend had a row with her husband and they parted leaving Margaret high and dry. She is now trying to sort a new life out. I have suggested she might come here. I think she would like to, but it will all have to be talked out. She has got to be sure it would work this time. I feel that the biggest snag is age. She is early 40, I am 65. Still we shall see.

We are going to the National Working Breeds Ch Show on Saturday. Dai and I always used to steward. Another friend Frank and his wife take me to some of the shows and Frank stewards with me. We are doing St Bernards, Mastiffs Hungarian Pulis and Kommondors. I shall also leave him to it while I show Rena. The show people paid us a big compliment, said we were their best Stewards.

I am doing quite a lot of judging again this year, including Obedience now. I do wish I could drive and afford a car, I should be able to be independent then, I hate having to be beholden to people, I always feel guilty somehow.

The Witheridge connection from Hall Green and Leamington have not been in touch again, perhaps they will connect when the holidays are over. I shall not be quite so hectic then.

Your jigsaw is piecing together. The Walsall W's have never got in touch again. The 'Lodge' sounds like Dads Dad! Keep it up Dearie you must be enjoying it. At least one good thing came out of your hobby. WE MET.

Must stop now dears. Take care of yourself, let me know about the wedding won't you.

My love to you both and Rokk.

Bessie.

Dear Elizabeth & David,

How very nice to receive your very kind letter, your sympathy has helped a lot, yes it was a terrible tragedy, he phoned me from Bessie's then said, Well soon be with you my love. but it was not to be.

Brokenhearted Ivy XX

WARWICK. 1982

Dear David & Elizabeth,

Since Lena produced 8 puppies on 19 Oct, as you can imagine I have not had a moment and now they are 8 weeks old they wake me at 6am, I am worn out, but they are lovely, all red. The only difficulty is selling them, there seems to be no sale at the moment for Cardigans. I am keeping 2. I was keeping 1 anyway but as I lost pretty Sheba last week, her kidneys finally packed up, I shall now keep another.

Ivy is taking Jim's death pretty hard. There is still an inquest to come, I suppose they are trying to work out what happened. Ivy thinks he had a heart attack but the police Sgt happened to drop it out that he did not. I have not told her. It is all very difficult, life can be very hard can't it.

I hope you are both fit and well. Best wishes to you for a very happy Xmas. and my love to you all.

Will write more fully in the new year, I want to catch the post.

WILL WRITE AFTER CHRISTMAS

Bessie W.

December 16 1985

Dear Bessie,

Once again we send you our warmest good wishes at this Christmas season. We think of you often, even though we haven't written, except at Christmas. The darling picture of your two dogs sits on our living room table and evokes much comment.

How is your new home working out? We hope you enjoy it as much as you did when you first moved in. It sounded like an ideal place for you.

Winter came early this year. We had 30 in. of snow in November, and have now had a total of 35 in., a record for this early in the season. The average snowfall here is only 48 in. per year. We've also had some bitterly cold weather.

Tom and Virginia will be home from Chicago for Christmas. Jim still lives in Minneapolis, so we'll all be together.

Our best news is that, if all goes well, Tom and Virginia will present us with a grandchild in April. Virginia called the other day and said the new test they give — amniocentesis — showed that the baby is doing very well and that it is a boy!

Last year you said the Birdsalls had moved. We expected to get their new address on their Christmas card, but last year they didn't send a card, and this year their card had no return address. When you get a chance, would you please send us their address, so we can write them again?

We keep busy in our church as always. In addition, Elizabeth gives talks in the schools about writing books, and I spend a great deal of time on genealogy.

All our love,

[1988 trip plans]

February 25, 1988

Dear Bessie,

We finally have the itinerary of our trip in Britain fairly well figured out. We expect to arrive in London on Saturday, May 14. After about a week in the London area, we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

We'll be starting in Essex, where Elizabeth's Plumt ancestors lived. Then we'll spend four or five days in Devon, followed by several days in and near Wales. On June 2 and 3 we'll be in the Birmingham area, including a short visit with Irene and Neville Birdsall, but we won't be able to see you at that time, because we have to go back to the London area for an annual family gathering of George and Harry Witheridge and their close relatives on Saturday, June 4. Then it's way up to Scotland for four days from June 5 through 8.

We hope very much that you'll be home on the evening of Thursday, June 9, as we'd like to accept your kind invitation and stay with you that night. We'll be coming from ~~Dunfermline~~ Motherwell north of Edinburgh with a short Mickleover stop in Kendal. It's hard for me to determine driving times in Britain, but I think we'd be arriving about 5:30. We need to leave at 9:00 o'clock the next morning, as we'll be returning our rental car that afternoon in London. On the way we want to stop in Buckinghamshire to see a place where Elizabeth's Baldwin ancestors once lived. We know this is a very tight schedule, but our whole trip seems to be that way, as we have many places to go and people to see.

We're glad to know you still have the Cardigans, as we know they mean so much to you. We thought of you a few weeks ago when we watched the Westminster Kennel club dog show in New York City on cable TV. There was a beautiful Cardigan that had won best-of-breed competing in one of the major groups. The best of the whole show was a cute Pommeranian. Rokk is doing very well, and we hate to leave him for a month, but we're hoping his breeder, whom he knows and loves, will be able to keep him during that time.

Please let us know soon whether or not June 9 will work out all right for you. If not, we'll have to try to change our itinerary in some way. We're looking forward to seeing you.

Love,

David + Elizabeth

3 MARCH 88.

Dear Elizabeth and David.

Just a short note to say your dates are OK, it will be lovely to see you even if for only a short time, I don't know how you cope with such a journey, I would be collapsing half way.

I am enclosing a map of how to find me, it is quite easy from my old home.

At the moment I am suffering with arthritis in my knees making walking a bit of an effort but never mind I'll get over it I hope.

Sorry such a short note but I want to catch the post.

My Love to you both,

Bessie W.

August 21, 1988

Dear Bessie,

You probably wonder why you haven't heard from us since our trip to England. The fact is, we're way behind in everything. We arrived home with very bad colds, probably because of the cold, wet weather we aren't used to in May and June. Then we found they were in the midst of a severe drought and heat wave here. So with our colds and the excessive heat our energy level was very low. As a result we still haven't finished everything needing to be done after our trip, including a great many letters!

We had a most wonderful time in Britain and accomplished almost everything we had planned. We drove 3,000 miles through England, Wales, and Scotland without a bit of car trouble. Above all, we enjoyed seeing our many relatives and friends.

Thank you again for being so kind to us as your guests. We think of you often, but it was delightful to see you again and have a good chance to talk, as well as being with the dogs. Here is a copy of the picture I took at the Birdsalls. It will be a good reminder of our visit.

Are you aware that Kim Cook has connected you up with a Witheridge family tree that goes all the way back to Arthur Witheridge and Johan Edgecombe in Ermington, Devon, about 1585? I didn't know this until we got back to their house at the end of our trip. I don't have a copy of this, but it is through your grandparents, William Witheridge and Emma Beedlestone. Maybe you should write her about it. I know she has information on some relatives of yours who descend from the same family.

Best wishes to you in the coming months!

All our love,

David + Elizabeth

WARWICK 1988

Dear Both.

Thank you for the photo it was rather nice wasn't it.

Hope you have got over your trip now.

I have not been in touch with Kim Cook yet, I keep meaning to get her address from Irene. You probably know she is on the move again. (Irene I mean) } [Irene Adams (b. 1925)]

All is well here, life just plods along.

I hope you get this before Xmas I seem to have lost track of time so I am late doing my cards.

My Love To you both.

Take Care of Yourselves

documents

# Editor's Note

The first document in this section of folder 1.64a is a special advertising section of the Port Townsend, Washington, *Leader*, which was published on June 3, 1937. Five and a half pages of the newspaper were purchased by Edward Allen Witheridge (DEW's Uncle Ed) and his partner, Oscar Hetzel, owners of the city's largest retail hardware, appliance, and furniture business — Olympic Hardware — to promote the store's eighth anniversary sale.

The store appears to have thrived in spite of the Great Depression.

# Olympic Celebrates Eighth Anniversary

## COMPANY HAS LARGE RETAIL PAYROLL HERE

### Olympic Marked by Steady Growth and Improvement —New Stock Added Yearly and Departmentized.

One of the Olympic Peninsula's most progressive stores, the Olympic Hardware & Furniture Co., has grown steadily until it now supports the largest working staff and payroll of any retail business in Port Townsend.

Each year, under its present management, the Olympic has added new stock, enlarged its floor space, improved its operation and otherwise made shopping more convenient for its many customers. Its latest improvements have been most revolutionary of all, and the store is now ready for the public—at its best.

With a one-week, store-wide sale, the Olympic will celebrate its eighth anniversary under its present ownership, starting June 5 and lasting until June 12.

**Balcony Came First.**

The first improvement made to the store was the addition of a balcony in the rear to accommodate a furniture department, but as the years passed this proved inadequate, leading to many other changes. That balcony is now the business office of the store.

Later, the basement was opened as a stock room, and that part of the building has been changed into a display room for off-goods and close-out items, and is used for the large and complete stock of pipe-fittings, plumbing accessories and electrical wiring devices.

In 1934 the Olympic was pressed

niture department of the store, and this need was taken care of by securing the rear half of the W. H. Hill clothing store, which was used for bedroom sets, floor lamps, overstuffed sets and other major items. Increased business and the desire for even more space followed, and when the Hill clothing store moved to its new location in the Central Hotel building recently, the hardware enlarged even more, taking in the entire space occupied by the clothing firm.

This space is now used exclusive for furniture, rugs of various kinds and draperies and is about as extensive as the hardware department which originally was the entire store.

**Decided to Remodel.**

When the added space next door was acquired the Olympic's management decided that would be an opportune time to remodel the store in general, so it was then that an entire new front was installed and the store completely departmentized, preparatory to the eighth anniversary sale event which starts Saturday of this week.

E. A. Witheridge and Oscar Hetzel, managers and owners of the business, have endeavored at all times to give greater values and carry a complete stock of high-grade, dependable merchandise, including the better-known nationally advertised products. They have also endeavored to meet big city competition and give the best in service and quality.

They now feel their store is so arranged that buyers can shop more easily, and they invite country customers to make the Olympic their headquarters while in town.

In addition to actual store improvements, the Olympic has added a large truck for delivery service and the latest type of office equipment to aid in handling accounts and meeting the present complex system of taxes and accounting.

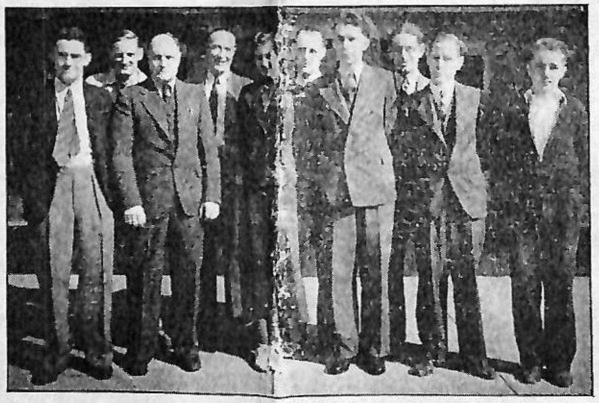
### Large Staff of Olympic Hardware



The Olympic Hardware & Furniture Co has the largest staff of employes of any retail business in Port Townsend. They are, left to right, Earl W[illegible]lander, office manager; Joe Smerer, delivery and installation man; E. A. Witheridge, co-manager; [illegible] Hane, sporting goods and general sales; Leslie Andrews, secretary to the managers, and assistant the head accountant; Louis Hanson, in charge of oil heaters; Oscar Hetzel, co-manager; Ben Gilbe[illegible] in charge of home appliance department; Edw. Metcalf, store display; and John Donovan, clean-up and general utility.

### Aggressiveness Is Keynote of Large Store's Progress

Statistical surveys, merchandising authorities and progressive firms in the larger centers of population tell us that the day is over when a firm may sit back on its

transportation, radio and fore telephones, buyers will no longer listen to the old story of buy at home and get "stung."

The Olympic Hardware & Furniture Company is one of the Port Townsend firms that have in the past few years made aggressive efforts to go out after the business

sell merchandise to people who need what they have to sell.

With this contact and by steady advertising the Olympic Hardware & Furniture Company tells the people what merchandise is on its shelves, so that the patrons of this territory may see the benefits of trading with a progressive home store—one that isn't operating un-

### Record Set in This Paper for Most Ad Space

The Olympic Hardware & Furniture Co. uses five and one-half pages of advertising in this issue of The Leader to inform the Jefferson County public of its 8th Aniversary sale and what merchandise is on its shelves.

In doing so the Olympic sets a record for taking the greatest amount of advertising space ever carried by a single firm in a single issue of this newspaper. It has chosen to use The Leader to put its message over to the public because from past experience the company has learned Leader ads pay.

In conjunction with the Olympic's advertising The Leader is co-operating by carrying news on the store's growth, its personnel and recent improvements.

### Marriott to Rescue As Lad, 9 Years Old, Falls Into Cistern

Tommy, 9-year-old son of Mr. and Mrs. Roy Johnson, had an experience last Thursday afternoon that he would rather not have to live through again.

While playing with other youngsters back of the Orthopedic Thrift shop he suddenly disappeared from sight as he was walking backward through high grass. Investigation by his playmates revealed he had fallen into an old cistern, the opening of which was only 24 inches in diameter, although it was considerably larger under ground, and 10 or 12 feet deep.

Tommy's playmates ran to his home and told his mother, who in turn rushed to the Puget Sound Power & Light company office.

### Remodeling of Olympic Store Provided Jobs

**PORT TOWNSEND MEN WERE GIVEN WORK OF MAKING CHANGES.**

The recent job of remodeling the Olympic Hardware & Furniture Co. was accomplished with materials purchased from Port Townsend firms as far as possible and a large number of local men were provided with work in connection with the pretentious renovation.

Remodeling of the store front, one of the major items to add attractiveness, was done by Gus Wolter and Charles Lewis of Port Townsend.

Work of setting the large panes of glass in the building's new front was accomplished by the Building Supply Co., and all the lumber for the project was furnished by the Port Townsend Lumber Co. and Building Supply Co., both locally-owned institutions.

The many new cabinets which were installed to bring about the store's complete inside changes were built by Hans Miller and John DeLeo. Canopies to accommodate display of major items and interior cabinet work and finishing work was done by Robert Allan.

Wm. Pray & Sons did the outside canopy painting and painting of the sections for major items. The interior painting in the new furniture room was done by W. M. Smith. H. C. Norwood was responsible for the interior decorations, bath display and balcony painting.

Sherman Cumings did the paperhanging, James Neely the plastering, and Runyan the sign painting.

George Rothus, store engineer of Marshall-Wells Co., came here to lay out the floor plan and departmentize merchandise. He designed the display racks, tables and other

# Hetzel Has Been In Business Here Since Feb., 1926

WAS ORIGINALLY WITH MARSHALL-WELLS WHOLESALE HARDWARE COMPANY.

Oscar Hetzel, president of the Olympic Hardware & Furniture Co. and manager of the furniture department of that well-known business house, came to Port Townsend February 1, 1926 and became associated with Robert Beatty in the store, then owned by W. J. Buhler.

Mr. Hetzel was born in Almond, Wisconsin, where he lived until he was a young man. Then, with ambition to make his own way in the world, he left the home town and the general store where he was employed to seek opportunities offered in a larger city.

He chose Duluth Minn. as his city and the Marshall-Wells Wholesale Hardware Co. as his field of activity and was with the Duluth branch of that company until 1920, when he was transferred to the Portland, Oregon branch as assistant manager of the saddlery and shoe findings department. He remained in Portland until coming to Port Townsend in 1926.

It was in 1927 that Mr. Beatty went into business for himself. It was then that E. A. Witheridge, another former Marshall-Wells man and a friend of Mr. Hetzel's for many years, came to Port Townsend. Mr. Hetzel and Mr. Witheridge became partners in the Olympic Hardware firm.

Mr. and Mrs. Hetzel have one daughter, Carol, who is now employed in Seattle. Mrs. Hetzel is also a former resident of Almond, Wisconsin.

## Olympic's Floor Layout Pleasing And Convenient

### NEAT ARRANGEMENT IS KEYNOTE OF STORE'S LATEST RENOVATION.

Pleasing to the eye and convenient to store customers is the new floor plan of the Olympic Hardware & Furniture Company, which Saturday will start its 8th anniversary sale. Neat arrangement of displays is the keynote now that renovation work has been completed.

The new front of both the hardware and furniture departments allows the store to "show its best face", and once inside the building, customers find various groups of articles arranged attractively, everything within sight and easy reach

Located in the front part of the hardware department are such major items as washing machines, refrigerators, ironers and stoves. Then, proceeding down the left side of the large room, one passes the fishing tackle department, guns and ammunition, other sporting goods and then builders' supplies. Alongside the stairs in the rear is the tire rack and still farther back are found bolts, and other hardware of that nature and finally the paint department.

Arranged down the right side of the hardware department are dishes, gifts, electrical appliances and house furnishings. Beyond these departmens are the bathroom fixtures steel goods and finally the glass department.

On various sized tables and racks found such articles as Pyrex, aluminum wear, anamel wear, picnic supplies, automobile supplies, electrical fixtures, outboard motors, sporting goods, small tools, woodworking equipment, oil and batteries for automobiles, seasonal goods, etc.

Under the new arrangement there is ample room between the various counters and tables to permit freedom of traffic about the store. A large wrapping counter is located in the rear.

Mainly large items of furniture, including tables and chairs, bedroom sets, davenport and chair sets, rugs and draperies and lamps are arranged attractively in the furniture department.

## Burglars Enter Three Homes and Ludecke's Cafe

### Mr. AND MRS. M. C. DeLEO ENCOUNTER MAN IN THEIR HOME.

Burglars who entered three Port Townsend homes and a restaurant Saturday night made off with a total of about $32 in cash, a watch and some bottled goods, those whose places were burglarized reported.

Mr. and Mrs. M. C. DeLeo reported arriving home about midnight Saturday to find the lights on and a man standing in the living room. Before Mr. DeLeo could chase him the burglar ran to the door and disappeared. As near as could be ascertained, about $15 in cash, a lady's watch and

## THE LATEST DEVELOPMENT IN SLEEP EQUIPMENT!

● And no tufts MEANS no tufts in this genuine SLEEPER mattress It is tuftless *all the way through*, because of its patented, exclusive spring unit which anchors its insides from the inside out—not pulled together with makeshift cords from the outside in!

SLEEPER tuftlessness is far more than "skin deep." Do not confuse these genuine Sleeper patented no-tuft mattresses with some which feature just a smooth top. Merely eliminating dust-catching surface grooves, knots, and bunched-up cover and top padding isn't enough. It is equally important to keep the inner padding from being compressed in spots, and the springs from being restrained by stitched-thru cords (tufting).

Genuine SLEEPER mattresses are *tuftless through and through*. No concealed inside tufting. Not an ordinary tufted mattress with an improvised outside covering. Yet its "innards" can't shift into bumps and hollows. Its springs can't become jumbled. Nothing is "tied down" or under strain. No other mattress at the price will out-last "out-dress", or "out-comfort" it. Let us tell you personally why this PERFECT SLEEPER mattress is by all odds the most practical mattress made—and the ONLY genuine tuftless *all the way through* mattress!

# Olympic Staff Is Trained to Render Service

### REGULAR PERSONNEL NUMBERS TEN, INCLUDING TWO MANAGERS.

During the many years the Olympic Hardware Co has been in operation it has grown steadily and the staff has been increased as business demanded, until today there are ten regular members of the store's personnel, including Oscar Hetzel and Ed Witheridge, co-managers.

All members of the organization are trained in their particular departments to give advice often needed by patrons in making hardware or furniture purchases. An equally competent office staff handles the store's many acounts.

Mr. Witheridge and Mr. Hetzel are introduced elsewhere in this issue of The Leader, and following are brief sketches on each of the other members of the store's staff.

Miss Leslie Andrews has the honor of being the only female member of the organization and serves as secretary to the manager and assistant in the accounting department. She has been with the store about two years following her graduation from Quilcene high school and a business college training course. She is a daughter of Mr. and Mrs. George Andrews, well known residents of the Crocker Lake district, and has been a resident of Jefferson County during her entire life.

Earl Helander, office manager of the store, has been in its employ for the past five years and prior to that worked over three years for Martin Bros. Service here. He came to Port Townsend in 1926 and before that attended the College of Puget Sound at Tacoma and played with a circus band. He is married and has two children, Robert and Richard.

Carl Hane, in charge of sporting goods, came to Port Townsend in 1928 to work for the Gardiner-Beatty Hardware and joined the Olympic's staff in 1929. He has been associated with the hardware business all his life and was actually born in the back end of a hardware store 48 years ago. His father before him was in the business and Carl has worked as a plumber and tinsmith. Before coming here he worked at Spokane, Cashmere, and Wenatchee and at the latter city was connected for three years with Weld & Wade, one of the biggest retail hardware stores in the west. During the World War he was in the army for 23 month, 18 months of which were spent overseas. He is married and has one daughter, Joan.

Louis Hansen is the man in charge of oil heaters and stoves and is a son of the late H. L. Hansen, former owner of the store, so was brought up in the hardware business. He worked in the store

# Witheridge Has Many Years in Hardware Line

## CO-MANAGER OF OLYMPIC SAYS HE WAS BORN TO BE A HARDWARE MAN.

Ed. Witheridge, secretary-manager of the Olympic Hardware & Furniture Co., and man in charge of the hardware end of that business, says he was born to be a hardware man. Thirty years in the business and the present success of the firm with which he is now connected attests that his statement is no idle boast.

He was born in Schrodsville, Ohio, and received his book schooling in Saginaw, Mich., where his parents moved when he was eight. He finished high school in 1911 and before that his preference for the hardware business had manifested itself in his activities at odd hours in his work in a wholesale hardware and plumbing house.

He later became purchasing agent and cashier of the firm after serving as head of the receiving and shipping end of the business. The experience thus gained in plumbing, mill supply and heavy hardware has been of great value to him since he went into business for himself.

In 1919, due to Mrs. Witheridge's health, a change of climate was advised and Mr. Witheridge secured a position in the Marshall-Wells Co. in Portland, where he met Oscar Hetzel, who later became his partner in business here. While with Marshall-Wells, Mr. Witheridge had charge of the industrial mail sales, doing over $1,000,000 business a year in his department.

During the building of Longview he had the opportunity to serve that new city and the Long-Bell Lumber Co. as salesman. He said the biggest thrill of his career was a single sale of pipe totaling $87,000, and a year's sales of over $258,000.

In 1927 Mr. Witheridge was invited by Oscar Hetzel to visit Port Townsend with the idea of joining him in business here, which he did in view of the city's bright prospects with the coming of the National Paper Products Company.

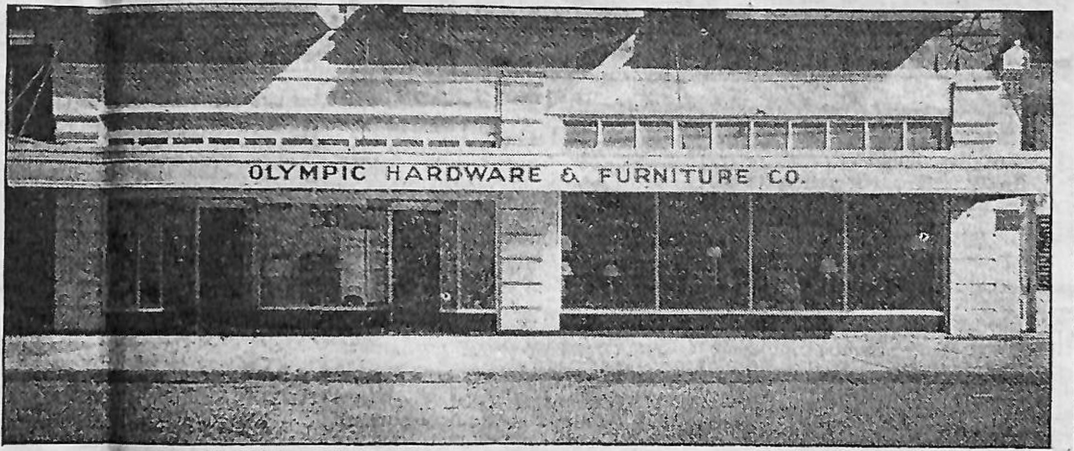
# Changes Made in Hardware's Front



The above photograph shows the front of the Olympic Hardware & Furniture store as it looks today, after the recent remodeling was done to take in the former W. H. Hill Clothing store space next door. The newly-acquired space is used exclusively for furniture, rugs and draperies, and is reached through the hardware department. Also changed was the front of the original part of the store. The establishment is now completely modern in both appearance and layout.

Anyone wishing to give food articles may make donations at the Orthopedic Thrift Shop instead of at the stores, if that method is found more satisfactory, the committee announces.

## New Drivers' License Applications Are Out

New application forms were issued Friday by License Director Harry Huse by which motor vehicle drivers may obtain renewals of operators' licenses.

The new highway code provides that every person who now has an operator's license may obtain, before August 1, a renewal without examination, after that date persons applying for renewals must submit to examination.

The new forms are for persons who have been licensed in the state during the past two-year period ending July 31. If the applicant has not had a license during that time, he must either obtain one expiring in July, 1937, and also a re-

Dear Uncle Ed,

In the last few months I have become interested in compiling whatever information I can find on our family history. It seems to me that very few families have much information to pass on to their children, when really this would be easy to do if we would just pull together all the available information and put it down on paper.

When I was in Saginaw a week or so ago I got all the information I could from John and from Margaret Lushlow and George Chivers. I hope that you have some other facts to contribute. I understand you were able to make a few contacts while you were in England.

John Meredith Witheridge (b. 1922)

Margaret Fairless Allen (b. 1894)

From printed forms I have seen, I have developed the enclosed forms on which to record the information. I would be very grateful if you would go over them and correct or add any information you have. There is a family record for you and for your father and two grandfathers. I would like to have these back and have enclosed blank forms on which you can make a copy to keep.

Then there is a Genealogical Chart made out for Robert, that I would like completed as far as you have information and returned to me. You can keep a copy for yourself.

Robert Edward Witheridge (b. 1916)

Finally, I would like whatever names and addresses of relatives you can provide, starting with Robert's. I would like any of your first or second cousins or their children. Do you have the addresses of any of Elijah Allen's family? What addresses do you have of relatives in England or Wales? Do you know of any addresses of your Aunt Susie Witheridge Adams' descendents? I have an address for a George Adams, 4 Mountain Road, Cwmaman, Aberdare, South Wales. Is this correct?

Susanna Witheridge (b. 1866)

I should be pleased to have any other interesting information you discovered on your trip abroad. I have secured a couple of very good maps of England and Wales, and some books from the library, and am enjoying getting acquainted with the places where our ancestors lived.

We hope you are well, and Mabel also. We have had a good year. The boys are growing so fast, especially Tom.

Mabel = Mable, uncle Ed's first wife

We look forward to hearing from you one of these days.

Sincerely,

Dear Dave and All.

Received your letter with the clipping o Port Townsend which I was happy to get but this write up does not do our fair city Justice and puts us in a bad light and we are a very historic city from many angles and , colorful past with good repoerts and and maybe someday we can show you what we really are and invite you allout to see for your self and many peiple who come are surprized at our location, beauty. eather and so on.

I have not forgotton your request about the family tree and will have it for you some day and we plan to go to California for Christmas and then get more details to fill it out.

John Meredith Witheridge (b.1922)

I gave John a list oof Witheridges in London area which I was unable to contact and he was going to write the, for information. We had a wonderful time with the relatives I met but Our time was cust short as Mable was not well and got a bad cold and her heart which is not good went bad so we came home sooner than we planned. They were very gracio us to us and showed us a lot.

[Ed and Mable went to England in 1962 (see Ed's Feb. 20, 1964 letter)]

Do You take the National Geographic Magazine and of you do and will look at September I think you will find an article about Devon and you will note a map showing a town ca;;ed witheridge which I did not know about so wrote the town Clerk and ha no reply yet after a month waiting and maybe you couul write them too for family there is any.

Have a nice thanks Giving and Christmas and hope you will plan a trip west some day and we might go back east so day.

Love to all

PORT TOWNSEND, WASHINGTON 2 20 .1964

Dear David:

I am sorry that I have been so long answering your letter but wanted to go to Calif and we did for Christmas and fillied in some of them. I did not have one for John Witheridge who lives in Long Beach Now. He was born April 23, 1885 in So Wales England.

I dont know if I answered all your questions or not but have done my best. If you want information about the Allen side , you could write Mrs Millie. (Wm. f Robert ) 48 Thomson St Ynysybwl , Glamorganshie, So Wales Angland I Stayed a week with them when in England In 1962 but did not get much family history,

Eva Mildred Allen (b.1896)

Did you see in the august National Geographic an articel about devonshire England, and the map showed a Town Witheridge, and you could possibly get family history there, I never know of this town before and our cosuins did not mention it when we were there.

Town of Witheridge, Devon

We hope you are all in good health and see your boys are grown up, Our Grandson Robert goes in the Army on the 25th of this month, and Larry will Graduate in June; and Joan has two children a gril Laura, 5 years and Lance a boy 3. The boy was born on Mables Birthday and Larry's also , quite a coincidence.

Mable has not been too god as she has a heart ailment and arthritis and her memory is failing. I am OK for my age and cannot complain,

Love to All

Ed and Mable

PS Hope you can come out this way some time and see some of God's Real country.

# Editor's Note

The next documents — four one-family records and a preliminary ancestor chart — should be viewed with caution, despite Dad's efforts to fill gaps and correct errors. With the exception of the record for George and Almeada (made by their daughter, Esther Mary Duda [b. 1915]), the documents were made by Edward Allen Witheridge (b. 1891), Dad's Uncle Ed.

This was some of Dad's earliest raw data on the Witheridges and related lines, and he revised it over time as better information became available. I haven't tried to document every change; to do so would be time consuming and pointless.

Dear Uncle Ed,

I am still hunting for distant relatives and digging back into the past for ancestors. Thank you for the information you sent last spring. The pressure of other activities keeps me from pursuing all my leads very rapidly, but I am pleased with the progress I have made in only a year and a half. Actually, I am working on all of my ancestral lines, as well as all of Elizabeth's, so that the task is almost endless.

Rev. Arthur Vincent Allen (b. 1890)

Rev. Elijah Richard Allen (b. 1862)

Arthur Allen gave me some very good information on the Allen side of the family, including a short autobiographical sketch by his father, Elijah, which told some things about the early days of the Allen family in Wales.

Eva Mildred Allen (b. 1896) (Milly Roberts)

Over a month ago I wrote to Mrs. E. M. Roberts in Ynysybwl, Glamorganshire, but I have not yet received an answer. Probably I asked too many questions!

Susannah Adams (b. 1890)

On the Witheridge side I am trying to track down some information through another first cousin of yours and my father's--Mrs. Susannah Adams August. I wrote to her about six weeks ago and am still waiting for an answer.

Jennifer (Jenni) Edith Mark (b. 1943)

Enclosed is a picture of our family, taken a couple of years ago. The girl is my sister Louise's daughter Jennifer, who has been attending Macalester College in St. Paul and is now a senior. For her first two years there she lived with us and commuted, but now she lives on campus. Do you have any pictures of you and Mabel, and of Robert and his family?

My hunting for information turned up another Witheridge family out east, and we are trying to discover whether or not we are related back a few generations. All we know so far is that both their ancestors and ours originally lived in Devon.

Keith Witheridge

My correspondence has been with G. Keith Witheridge, 51 Goodrich Rd., Annapolis, Md. 21401. His father, Thomas North Witheridge, is 91 years old and lives in Wyoming, Pa., but at that age his memory is not very good. Keith's grandfather was John Phillip Witheridge, who was born in Devonshire, but died in Nanticoke, Pennsylvania.

Emma Witheridge Garman

The real reason I am mentioning this is that Keith has an aunt, Mrs. Emma Witheridge Garman, living at Somerset Manor, 1005 E. Illinois St., Bellingham, Washington. According to the map, Bellingham is not a great distance from Port Townsend, but I guess it is not too easy to get there by car.

Some day, however, you may find it possible to visit Mrs. Carmen and discuss her family history and ours. Or you may want to write to her and get acquainted that way. I plan to write to her myself. I believe she will be 87 years old this month. If you do make contact with her, I'd be glad to get a report.

The next time you write, I'd also appreciate your telling me more about my Grandfather and Grandmother Witheridge--your Father and Mother. You realize, of course, that I knew them only slightly when I was a very young boy. Just ramble on about what they did, what they were like, where they lived, and so on. If you have the negatives of any early snapshots, I'd be very pleased to get a few prints.

By the way, sometimes you spell Mabel's name "Mable" and sometimes "Mabel." Is one of these a typographical error, or does she use both? I'm sorry to hear that her health has not been good, but I hope she is somewhat better--and that you are well these days.

Again, thanks for your help in my little project.

Sincerely,

[Mar. 5, 1965]

Dear David and Family:

Right off I want to appologize for not writing you sooner in reply to your letter and concerning the family history, But Mable has been quite ill and I have been so tied up with her and other things I seemdd to be unable to write and will answer some now and more later.

Mable has had heart trouble, a fibrating gear and with the hardening of the aorta which supplies the blood to the brain and she cannot remmmber anything of the present but lives in the past about Bay city and Saginaw and wants go go back home almost every day to see her old ho home and per folks and grandparents and we tell her they have gone years ago and the old home is no more but she still thinks we are not telling h her the facts. I have a lady part time with her now and her sister Pearl is here and stays some da days . she lives about 1/2 mile away.
Mable has fainit in spells when the Oxygen doesnt get to her brain and I have to give it to her and keep a tank at home all the time. Sometimes she is hard to control and seems to have a drive to be going, walking around the house amd yard . So I Guess we have our problems and only hope and pray for the help of God and his guidance in all things.

I wrote the Mrs Garman in Belling ham and never received a reply and we hope this summer to go to Bellingham and look her up unless you heard from her. Its about 100 miles or so and we cross the sound on a ferry which is the shortes route there.

Cousing Millie in Wales said she sent you a letter with all the Information she had and hope it was very useful.

I am getting some information together about your grand father and will send it when done and also some photos of them , the last we had and of us too.

We hope that you are both Ok and that the boys are fine too, Our grandson Robert is in the army in Texas, the Motor tank division. been in about one year now and has one more to go on his draft. Larry is going to college to learn architecture. he is 18. and 6 ft 8½" tall. Grand daugher Joan has a girl 6 and a boy 3.

We havent seen the family since last summer when thet were here for our golden wedding and glad it was last year and Mable was able to have it and this yer she wouldnt I am sure, she even forgets the one we had last year.

We are having wonder ful sprimg weather here now and we had some snow in December and January but was gone in one day as it dont get very col here and very few freesing days in high 30's and 40rths, I note there has been some rough weather in maddle west recently

Aunt Christina had a rib broken last week as she was out with her son Richard and was hurt and is in sacramento hospital for 3 weeks in a cast she was up visiting Aunt Clara Marquis for a while when it happenend

Cose with love and best wishes and will write you as soon as I can with other informatio and photos.

Uncle Edward.

Edward

12/9/67

Dear ones all;

Well I have been going to write you earlier about our trip to England, Wales, Ireland & Scotland But been so busy of late but we did have a wonderful time in England. First our visit to Witheridge, Devon a very old city But clean & interesting Buildings All Painted White & streets clean Wonderful Old Church understand 1000 years old & city as old but we were unable to get too much information as folks we ~~tal~~ talked too are of present generation & did not seem to know much of past, The St John Baptist Church (C of E) is in wonderful repair Wonderful Stained windows. altar & organ. still used for regular services. It Rained while there we looked over old Church Grave yard But found no Witheridges also we did not see Rector or records of past.

We drove over to William John Witheridge's
farm & Had a wonderful
Cordial & interesting visit.
She (Rhoda) showed me your letter &
was glad to see me as your uncle
& this opened way for lots of
information about the family.
He Has a son Married & lives near
~~[illegible]~~ ~~next~~ door a Daughter. &
another one we did not meet.
They are really fine People.
~~gave~~ Made us a dinner before
We left, on a Big Farm Table
3 ft x 10 ft & set me at the Head.
They Have 160 acres all cultivated
Cattle & sheep of registered stock. Nice
Buildings. Beautiful setting, Rolling Hills
& green Valley. Will send Photos
of them when I get some more made
Cousin Bill Robert ~~[illegible]~~ His father
drove us over there & we are glad
as we could not Have done it
alone in 2 days. It would Have

been a Week + then doubtful
as its out of ways.

Bill made us a Chart of
this family going Back to
our father grandfather + Connection
So we were 2nd Cousins as I
See it. We went 12,000 miles
in all flew over + Back + would
liked to stop off in Miami. But
could not get Room. We took + Brought
170 Slides + many Pictures of trip.

The Roberts were ok except
Cousin Milly who is Having some
Troubles + had operation for gall
Bladder last year. + ~~Still getting~~
getting check ups.

Hope this little missile tells
you some news + close
with Best Season Greetings
Margaret Edward

[More on their trip]

[Dec. 18, 1968]

12/18/1968

Dear Dave + Elizabeth:

We haven't written you for a long time + I appologize for not doing so.

I am also sending you the family$^{2}$ chart W. Roberts made out while we were there. which Is very good + complete, Rhoda Witheridge Gave No 8 William. You can use + Return some time..

Located after the photographs below

It appears my Grand father John Had a Brother William who is the one on the chart #2..

Our Dad was Born in the Witheridge. Devon Area But not at Witheridge But on a farm. All

Witheridge could not settle ~~a farm~~.
Farms So. Grand father John ~~John~~
Went to Cornwall with Dad
& seems There is where He
Met Mary Jane Allen (~~[illegible]~~ our
Mother & Then He went to
Wales to coal mines to
work..

I Had Hoped to get
Information about Witheridge
England but Those We
asked did not Know of
Old History or the Beautiful
Old Church There that We
visited & Took Pictures.. Under-
stand city is about 900 years old
Time of Norman Invasion.
Its center of churches in the
area.. If We Had More
time, would liked to Have
Talked with the Church Rector

Vicar who lives on Church
Grounds. I understand
from Rhoda There was
a Witheridge years Back
Who was a High Church
Officer + was Buried in
Combe Martin, we Had planned
to go to cemetery + see His
Burial place But it was
raining real Hard + we
did not go there (20 miles)
but started Back to Wales
Via Lynmouth + Bristol sea.
Beautiful Trip.

This would be a fine Place
for you folks to go sometime
+ you would Have Wonderful
time with Robert + other
Relatives in Wales + Devon
We Had 6 Days + Wished it
Was more.

We Went to No. Ireland

Where Margarets ~~fol~~ folks
are + where she was Born
+ stayed with Her niece +
saw Her sister + Brother +
sister of Her first Husbands
family.

N. Ireland is a Very
Pretty Country. We toured
to Dublin + over to
Shannon air base to fly
Home

I Had Cataract operation
of My Eyes, one in Sept +
last in October + cannot see
too good to Write well, but
Hope to get New Glass next
Week Dec. 16th

Margaret is fine +
a Very wonderful Wife +
Help Mate + We enjoy our
life So Much together

as she & I like the same
things & Interests
Church Work, and Travel
as we can, a good nurse
too. Keeps my eye well
Bandaged & Helped me
get around. Just
Driving a little now til
I get New Glasses.
~~With~~ a merry christmas
& New years to you all

Margaret Edward

PS. We Had a Wonderful
Visit with Cousins John &
Rhoda & son Georg. His
wife & sister

~~Th~~ they Put on a So called
lunch before we left. They
Had a Big 8ft Table
of wood planks & old style
Farm Type, But the

Put on a Banquet.
Chicken - Veal, Vegatable
Salads. and make a
Couple Big apple (Tart)
Pies.. Took Pictures of them
& If you will will send
them to you.

The letter she got from
you was just the thing
that got us off to such a
fine visit. They Have
Wonderful Frizian Cattle
Top Grade also new sheep

# Editor's Note

The next document is the Christmas 1968 letter from Dad to his Uncle Ed, thanking him for "the chart of the Witheridge family drawn up by Bill Roberts [William (Bill) Tudor Roberts (b. 1921)] when you were in England" in 1967.

Actually, Bill made two Witheridge charts — both of which follow Dad's Christmas letter here.

The first chart shows the descendants of John Witheridge (bapt. 1828) and Clara Blackmore (bapt. 1822) through their daughter, Susanna Witheridge (b. 1866), and her husband, John Adams (to the best of Bill's knowledge at the time).

The second chart shows a related Witheridge line, apparently descended from John's (bapt. 1822) brother, although the details weren't immediately clear. On the copy he received from Uncle Ed, Dad crossed out the married couple proposed by Bill Roberts and substituted "Edward Witheridge" and "Mary." This second chart connects to a West Buckland, Devon, farm that was still in Witheridge hands as recently as 1988. See "William John" and "Charles George" on the left side of panel "2A"; "Rhoda," aka Hilda (Mrs. William John Witheridge), was Dad's first contact at the farm.

I found additional copies of both charts in the very last "Witheridge" file in Dad's banker boxes, which was labeled "Wm. John Witheridge, Middle Stoodleigh." As of today I still haven't figured out all of this, but I shall. When I do, expect another editor's note!

[Christmas]
1968

Dear Uncle Ed & Aunt Margaret,

I was delighted to get your letter with the chart of the Witheridge family drawn up by Bill Roberts when you were in England.

How we wish that Elizabeth and I had been able to make the trip with you! Some day we hope to go. It sounds as though you saw many lovely places and met some wonderful people.

You said you took some pictures of the Witheridge family in Devon. We would certainly be pleased to have copies and to reimburse you if you will let us know how much they cost.

I am going to make photocopies of the chart before I return it to you. There is a great deal of information here I'll want to transfer to my own records.

There is one discrepancy I still have to reconcile. I'm not sure your grandfather John was a brother of William John's grandfather William. From Somerset House in London I have the birth certificate of their William, which gave his father as John Witheridge and his mother as Jane Percey.

From Somerset House I also have the marriage certificate of your grandfather John, which says that his father was Edward Witheridge. Maybe John and William were cousins instead of brothers. I'm still trying to determine this.

We'll be looking forward to hearing from you and receiving copies of the pictures. Best of christmas wishes to both of you

Dear Uncle Ed:

Your New Year's letter came at a busy time, of course, and I put it aside until I had time to do the work I wanted to do on the chart you had sent in December. It wasn't until last week that I finally got around to it and had photo copies made.

Here are your copies of the charts. They are certainly a great help, and I thank you for sending them. I'm only sorry I kept them so long.

You will note that I have made a few notations where I had a little more complete information. There are still a few discrepancies and uncertainties on the charts, but that only gives us something more to work on!

I notice you had a chance to talk to Gladwyn Barker Adams (Mrs. William E.) while you were at Ynysybwl. Did you by any chance get her address, and if so, would you please send it to me?

I wrote a letter to the rector of the Combe Martin church and just had an answer from him. Among other things he confirmed from parish records that your grandfather, John Witheridge, was baptized in Combe Martin on Feb. 8, 1828, and his parents were Edward Witheridge and Mary (or Mercy).

Your grandfather married Clara Blackmore in the Combe Martin church on Oct. 20, 1855. Clara Blackmore was baptized there on Dec. 8, 1822, and was the daughter of William Blackmore and his wife Susanna.

The pictures you sent were wonderful and made your trip seem so real. We especially enjoyed seeing the ones of Margaret and agree she is a lovely wife for you.

We are glad to know that your cataract operation came along so well, and we trust that by now you are seeing well again.

Elizabeth's books are published by a New York publisher, Atheneum. The most recent one, And What of You, Josephine Charlotte, is about a slave girl back in Maryland about 1814. The one before that was [redacted], about a blind boy. And the one before that was Never Younger, Jeannie, which was really about the farm on which Elizabeth grew up, just outside Saginaw. She's now working on one about an Indian boy, which won't be out for a couple of years, probably.

Ed -

8/17/61

We are going to mail one of the books to you so you and Margaret can read it first and then send it on to Laurie and Lance Shaw. I have an address for them (12619 Gladstone St., Sylmar, Calif.) but perhaps this is out of date now, anyway.

By the way, the latest address I have for Robert is 16245 San Jose Street, Granada Hills, Calif. Is that still correct? I sent him a letter and a genealogical chart a couple of years ago, but have not heard whether he ever got it. At that time Kathleen Monnelly was living with them. What is she doing now?

Thanks again for the pictures and chart. We'll be looking forward to hearing from you again.

Love,

[Uncle Ed and Margaret changed planes in Minneapolis on their way to visit one of her sons.]

22nd March 1972

Dear David and Elizabeth,

Thank You for calling us, as we know this is a busy time for you. We will arrive in Minneapolis at 5.15 P.M. by Northwest Airlines # 70. We have a 2 hr wait there before leaving for Kansas City. Will be nice to meet you and visit. Hoping you have a joyous Easter Season.

Affec.

Aunt Margaret and Uncle Ed.

Aunt Margaret and Uncle Edward.
Uncle Ed had just come out of the hospital when this was taken.

Palm Sunday
3/26/72

Dear Aunt Margaret + Uncle Ed,

It was so good to hear from you and to know that you will be coming through Minneapolis. It has been a long time since we have seen you, Ed, and we are especially anxious to meet Margaret. We almost feel as though we know you through your letters and pictures, Margaret.

I was glad to be able to talk to Robert and to find that you had not yet set the date. We thought that maybe you thought you had told us and would be sitting out at the airport wondering where we were!

Please let us know the date as soon as it is set, and we will meet you at the airport and have you as our guests for dinner at a restaurant there.

We're glad flowers are blooming there, but we had a couple of inches of snow here this morning — Palm Sunday!

We'll have lots to talk about when you come.

Love,
Elizabeth + Dave

Christmas 1973

# Holiday Greetings

4th Dec 1973

Dear David and Elizabeth,

It doesn't seem possible that another year has gone by, time goes so fast for us. We have had a pretty good year. Uncle Ed's eyesight leaves a lot to be desired, but we are thankful for what little sight he has. We had a 3 week vacation in Northern Calif. Monterey and Carmel, to be exact, weather was beautiful. We didn't go to Southern Calif, as we had just had a visit in August from Bob and Lois.

We had hoped you folks could get out this way. Uncle Ed would be so thrilled, so we will keep hoping. We just celebrated

# Holiday Greetings

the 100th Anniversary of our Church. and we had a wonderful time. Uncle Ed was honored at a banquet last Tuesday evg. He had 23 years as Sunday School Superintendant. and over 30 years on the Session.

We hope you and your family will be together for Xmas. and have a wonderful New Year.

Much love.

Uncle Ed and Aunt Margaret

[June 2, 1974]

6/2/74

Dear Uncle Ed + Aunt Margaret,

Guess what! If you're going to be at home about the 6th of July, we'd like to drop in to see you for a couple of days.

Here is the situation. We're going to attend a national conference of council of churches executives at Estes Park near Denver from June 24 to 29. Because we'll be that far west, we decided it would be a good idea to continue on to the state of Washington to see you and your lovely area. It could be several years before we'd have this kind of chance again.

What we plan is to stop in Salt Lake City for a few days on the way. That is why we would probably arrive in Port Townsend about Saturday, July 6. We thought we'd spend Sunday with you, and possibly Monday, before starting out again for home via the Wolds' Farm in Spokane and Yellowstone Park.

Now, if you're not going to be home at that time, please let us know, so we can change our plans and our itinerary. This is all I'll say right now, as I hope we'll be seeing you soon. Please let us know right away if you'll be home around July 6th.

With love

Dave + Elizabeth

June 6th 1974

Dear David & Elizabeth,

So happy that you are going to visit us. We will be home all Summer. Your Uncle Ed, has very limited eyesight, cannot read at all; so we cannot get very far these days. Robert and Lois may be here also, but they stay with Bobby. So we have plenty of room for you. Have a Good trip, and will expect you, when we see you. Your Uncle can hardly wait, he was so excited, when I read your letter to him.

Love to you both

Aunt Margaret and Uncle Ed.

[DEW's interview with his Uncle Ed — July 8, 1974]

Interview of David E. Witheridge with Edward A. Witheridge at Port Townsend, Washington 7/8/74
(also with Pearl Wright Ditzel, sister of Mable Witheridge, Mrs. Edward A., who knew Edith Hemity in Bay City.)

The Witheridge family left Sherrodsville, Ohio, when Ed was about 7 years old — about 1898. Ed had one year of school in Sherrodsville.

His father worked in a mine, but lived on a farm, which they rented. It was about 4 or 5 miles from town. They grew crops on the farm — they had cows, pigs, hay. It was a pretty good sized place.

The name of the people who owned the farm was Toots. The Toots had just built a house — they had another place.

Ed and the other Witheridge children all were in school there. [My father] Will would have been between 7 and 17 years of age at that time.

Sherrodsville was a mining town — a nice little city. The Jenkins family was there first. Grandpa Witheridge went there to work in the mine.

The Witheridge family lived there ten years. They probably attended the Methodist Church and Sunday School — rode there on a wagon. It was the only church in town.

They had their own cows and milk. Maybe it was only a mile from town.

Christina, Ed, and Clara all were born there.

The George Allens lived in a different place near them. They lived in Sherrodsville at least from 1880 to 1885, as Pearl and William Allen were both born there.

The Allens were there first and got the Witheridges to come to Sherrodsville. [They had been all packed and ready to go to Australia.]

George Allen wrote and said there was lots of work and a good job in Ohio. At first the Witheridges lived in a house in Sherrodsville. Then Mr. Zoots let them move in and take care of the farm.

The Allens moved to various towns in Ohio, Del Roy was about 7 miles from Sherrodsville. The Allens stayed in Ohio until 1901 at least.

Grandpa Witheridge then went to St. Charles, Michigan, to work in the mine. They had found good coal there. Friends in Sherrodsville wanted to go there and asked the Witheridges to go with them. They stayed in St. Charles until about 1904.

They lived on the Adams farm on the edge of the city. They first moved in with the Adams. It was a big house.

For a while they thought Will was going to marry Grace Adams, a daughter in the family. But the Adams moved away and they lost contact. Will would have been 17 or 18 years old. He may have finished school there

First they moved about a mile into the country. Then they moved to a house downtown in St. Charles. Ed doesn't remember the street name where they lived.

Will and John worked at the mine. George was too young. Will was a tipple man, weighing cars of coal.

George Chivers lived with the Witheridge family at that time.

They attended the First Baptist Church in St. Charles. Rev. Spouse was the minister. He was a small, short man. Ed was baptized there, and probably others of the children, as well.

William Mertz taught the boy's class. About 12 boys all were baptized on the same Sunday.

Ed did not know the Nash family in St. Charles.

About 1904 The Witheridges moved to Saginaw. Grandpa worked a while in the mines there. Then someone set off an explosion early, and a piece of coal hit grandpa in the head. It knocked him out, and they didn't think he would live. He never went down in the mines again. He worked at tipples and so on. From then on he worked all, but not down in, the mines.

Then he was janitor at the First Baptist Church in Saginaw for quite a while (7 or 8 years).

Ed was about 13 when they moved to Saginaw. They lived on Warren Avenue. It was a mile or so from the center of the city. The area was not built up.

Ed graduated from Saginaw High School in 1911. He was on the track team and won a gold medal for the 100-yard dash. He also played baseball and football. He was a pretty good athlete.

Ed was still in high school when Will and Edith [my parents] were married.

Elizabeth Witheridge married John Thomas, a miner in Ohio. They may not have come to St. Charles right away when the rest of the family did, but they did live in St. Charles a while. They never had any children. Elizabeth divorced him because of a drinking problem, probably in Saginaw. Thomas worked in the mines in Saginaw also.

Later Elizabeth married Harry Rolph in Saginaw. She was unmarried quite a while between marriages. After they were married, they had their own house.

Harry Rolph fought in World War I. He came back and married Elizabeth (after 1919) in Saginaw. Harry remarried after Elizabeth died. He died about 1970 in California, but not the Los Angeles area. He lived further north for some time.

John Witheridge (Ed's brother) met and married Dora in Los Angeles. She was a close friend of Dr. Amal. who had moved out to California from St. Charles. Dora work for Dr. Amale for a while. [Dora was born Oct. 30, 1876, according to the family Bible of William and Mary Jane Witteridge

John started singing in Michigan. He joined a musical group [sextet (?)] singing all kinds of music. He traveled all over the country. John went to California about the time of the first World War. Ed visited John and Dora when he first went West. Ed also visited Dr. Amale.

Vera (John's second wife) had been married first to someone by the name of Allen. Her children's last name is Allen. She has a son John and a daughter who teaches doctors at the University of California (Berkeley?

None of the Witteridges were in World War I. At the end of the war Ed was called, but just before he was to report, peace was declared, so he didn't have to go.

George Witteridge (Ed's brother) was born in Tylorstown Wales, Mar. 4, 1887. He married Allie Merrill, whose father was a druggist in Oakland, Calif. [Her mother also is listed as Mrs. Doty]

George and Allie were married in Saginaw. Allie came to St. Charles first, then to Saginaw. Mr. Doty had a sawmill in St. Charles.

George's second marriage was to Florence Neil in Las Vegas. It was in 1966 at the end of August, a few days before Ed and Margaret (his second wife) were married. Ed and Margaret were married at his son Robert's house in Granada Hills, California.

Christina Witheridge (Ed's sister) was married to William Jenkins on August 19, 1908, in Saginaw, Mich. He was an electrician working mainly on mines and houses. For a long time he worked for Roslyn Hotel in Los Angeles. His father, Richard, was a mining superintendent.

Christina's son Richard lives in Sacramento. He once worked in the hotel in Port Townsend, Washington. About 1935 or 1936 Richard married Pearl Greenfield in Port Townsend. Her family lived in Oakland, but she lived with Sanford Lake in Port Townsend and worked for him.

Ed left Saginaw about 1920 and moved to Portland, Oregon, where he worked for Marshall Wells. At first he lived in Portland, and then he moved to Lake Grove, a small town near Portland.

About 1927 he moved to Port Townsend. Oscar Hetzel, his partner, had gone to Port Townsend a year earlier.

"Shadrach Richards, born April 29, 1880," is the original notation in the family Bible later owned by William Witheridge and Mary Jane Allen.

Dear Aunt Margaret + Uncle Ed,

At last here are the pictures you wanted. We, too, think they are very good and are so pleased to have them. We're especially delighted that Uncle Ed could see it. I'm returning $2.00, since even with tax and postage the cost was under $3.00.

We were sorry to hear about the fluid in Uncle Ed's chest, but glad the doctor was able to prescribe something to help.

Here is another copy of the sheet I left for you to fill out, Margaret. Is my memory right that your first husband's name was Campbell? I hope you can figure out how this is to be filled out.

It's exciting that your son Larry and his family will be spending two years in Iran, and we hope they have a great time.

By now Clara Mae and Christina have probably been there for their visit. I'll probably be writing to both of them soon.

We've been wondering if you have sold your house yet. We hope so, as it will be easier for you to get around closer to town.

Love,

Dave + Elizabeth

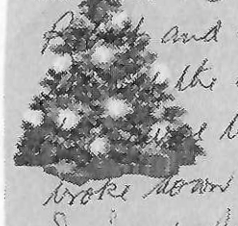
14th Dec 1974

Dear Elizabeth and David

We enjoyed hearing from you. I read your letter to Uncle Ed, and he was very pleased.

After many X Rays and a trip to a bone Specialist, they could find nothing wrong with Uncle Ed, only muscle deterioration. they said that he needed a hospitable bed and that I should put him in the new Rest Home, where they had the facilities to care for him. I got so exhausted last Wed, I called the Dr, as I wasn't getting any sleep. and he made all arrangements for me to take him there at 1.30

[Ed moved to a nursing home]



I was just sick, it was the hardest decision I ever made. I called [illegible] and he agreed with me that [illegible] the best thing to do. When [illegible] took us to his room, he broke down and cried, and so did I. I just felt like a criminal. I spend every afternoon with him, he says he is lonesome, there is nobody in the other bed in his room. The Rest Home is new, and very nice, it was only opened a month ago. Pearl and I are going down at one o'clock today, and will stay until four.

Linda didn't stay with Bobby, she stayed one week, then went to her Mother for a week, and flew back to Alaska to Bob Chase. They are both in Everett now. Linda is working but Bob hasn't gotten a job yet. ([illegible])

9/16/73 Bobby doesn't seem to mind her taking off again. She is really a mixed up girl.

I wasn't able to go and see Ed today, as I have colitis very bad. Dr. said its 95 % nerves so I have to get hold of myself. Our Minister did go to see Uncle Ed this afternoon and I am thankful he has lots of visitors. I just never thought we'd wind up apart but God knows best.

Hope you have a wonderful Xmas with your family.

Much love,
Margaret and Ed.

Answered 5/12/75 6th May 1975

Dear Elizabeth and David

I just got moved to this
address last Sat., and what a nasty day to move.
The wind blew, and then the rain came down, it
was more like a Dec. day than May, anyhow
Robert and Lois were here, and they helped me
to get settled.

I stayed 2 months in Calif. visiting
my two sons and their families. It was the tonic
I needed, but I did miss your uncle Ed, he
was such a dear person to travel with.
I spent a week with Robert and Lois. and then
flew home.

This house is small, but very ample
for me. Bobby bought the house at Reed St
and moved in yesterday. Robert and Lois left
this morning to go back to Calif. they will be
back in June.

I visited Uncle George in Calif and
his daughter Esther just had a mastectomy, and her
Dad was really discouraged. I went to see her
and she was in very good spirits, and was
going to start taking cobalt treatments. Dr.

said that she would (?) have to take 28 to 30 treatments, but that she was healing nicely. Christine & Clara Mae were very upset over this.

Your roses will be coming along now. I know David enjoys them. everything is away behind here, we had such a cold wet Spring. I wonder if we will ever get any sunshine.

My new address is 830 Lincoln St. Port Townsend Wn 98368 I am very close to Pearl. just one street between, She is on Lawrence and I am on Lincoln.

Drop me a line when you can and hope you and your boys are all well,

Much love
Aunt Margaret.

answered 11/9/76   12th June 1976

Dear Elizabeth,

So glad to hear from you. and really excited about your trip. I do think you are smart getting a car to get around, it will be much easier for you to get around.

I had a letter from Millie yesterday and she is looking forward to your visit, she is not feeling as good as she should..

You will be surprised to learn that I have remarried. I married Lou-Opstad, on Feb 23rd, a man I have known for 46 years. We have always been good friends, and Lou's family grew up with my family, his wife passed away 3 years ago. He was living in a small apt, so he moved into my house, and we had a new bedroom and bathroom built on. He was Manager of Standard Oil here for many years. and still helps out occasionally.

Our weather is not too good, wet and cold; the Minnesota farmers should have our rain, would be great for them.

Your Uncle Ed's business was sold with all the buildings 1st of June. Robert & Lois came up for the sale and left again to be home for Laura Shaw's graduation from High School. The people who bought it, come from Calif. and its no longer a friendly store. Elsie the book-keeper is no longer there, only 2 of the clerks was kept on, so it makes quite a difference.

We plan on going to Alaska for 2 weeks in July Lou has a son at Sitka, so they have invited ~~up~~ us to go up there. We just returned from a month in Calif. and enjoyed delightful weather.

My trip to New Z & Australia was really wonderful I had such a nice visit

(3)

with my brother who has had a serious stroke since I left; so am very glad I went. The country is beautiful and so is New Z. The people are so friendly, I was sorry I didn't go for a longer time.

Have a good trip and write me when you can.

Much love to you & David.

Lovingly
Margaret

Kathleen Jean Monnelly (b. 1936)

January 9, 1967

Dear Robert, Lois, and Kathleen:

I hardly know where to begin. You must be amazed to get this letter with the mammoth chart enclosed and the other items. Or perhaps you are not surprised at all--perhaps you have heard from your father that I have been working lately on a project of family history. It is a fascinating project, but a long-drawn-out one.

A few years ago, when Mother and Father died, I realized that I knew very little about my ancestors and relatives on both sides. You could never guess the vast amount of information I have discovered since then, including the discovery of many cousins (even first cousins) I never knew existed.

Of course, Robert, I know about you; but, as you know, I had never corresponded with you even once. I did get a little information about you from your father, but not enough. Now I'd like very much to hear from you and learn about your family.

His father was Edward Allen Witheridge (b. 1891)

Let me tell you a little about my own experiences and family. I started out as a heating and ventilating engineer, graduating from the University of Michigan and returning to Saginaw to work with Father. After four years, I decided to become a minister and went to Colgate Rochester Divinity School in Rochester, N.Y. Just before my senior year in seminary, I married a girl from Saginaw (also a member of the First Baptist Church there), Elizabeth Plumb, who had been a kindergarten teacher.

I started my ministry as assistant at the Hyde Park Baptist Church in Chicago, while I was also working on a master's degree at the University of Chicago. Then I had a pastorate in Marengo, Illinois, for 2½ years. About sixteen years ago I came to Minneapolis to be the executive secretary of the Greater Minneapolis Council of Churches.

Elizabeth and I have two sons. Jim is twenty years old and is at the University of Minnesota. Tom is nineteen and is at Oberlin College in Ohio. Elizabeth does part-time tutoring in remedial reading and is the author of five books for children. The latest is Dead End Bluff, about a blind boy, published by Atheneum last September.

So much for us. Now I'd like to hear about your vocations and experiences. The enclosed genealogical forms are of great value in keeping family records, and I'd greatly appreciate having them returned. You may keep the ancestral chart. (If you get interested and want any more of these blank charts, I can send them to you.)

Naturally, I want to know about your children and grandchildren. And how about some pictures? Uncle Ed sent us some very good pictures with his Christmas card. My guess is that you took some of them, Robert, because Lois and Kathleen were in them, but not you. We were delighted to see the charming trio of Lois, Kathleen, and Margaret, the new bride. We are pleased with the news of the wedding, and hope they will have much happiness.

Mattie →
Eileen
Allen
(b. 1904)

We first heard about Uncle Ed's wedding from Wales--from Kathleen's mother. That branch of the Allen family was one that I first heard about when I began my genealogical study. I've written several letters to Ynysybwl and Merthyr Tydfil and was greatly interested to learn that Kathleen had come to America. What do you think of this country, Kathleen? I hope you have decided to stay here, and some day we hope to meet you. Would you please fill in the Biographical Sketch and return it to me?

We were greatly disturbed by the tragedy at Aberfan. When we realised how close it was to Merthyr and Ynysybwl, we were sure your family, Kathleen, would know some of the people who lost children or relatives. Do you know some of them, yourself? What a horrible loss of life! Your mother sent us several papers from Wales at the time.

DEW's
Allen Family
Circle

I hope you are all intrigued by the chart of the "Allen Family Circle." It took a lot of time to collect the information and lay it out in this form. As you can see, there are still many empty spots and no doubt many errors. This is just the first draft, and I am sending it many places for corrections and additions. For this reason, I want you to give me what information you can.

For example, do Joan and Ronald have any other children, and what are the middle names of Laurie and Lance? Is either Robert or Larry married yet? As you look over the other information, do you see any other omissions?

Kathleen, I have an idea you could fill in some of the incomplete information about some of the English branches of the family, even if only sketchily. I'd appreciate your help.

Just a word about the family picture from 1925. This was taken by Arthur V. Allen, and I had a copy negative made. You may have pictures of all these people from that period, but I think this is an interesting shot.

You may be wondering if I have a chart of the Witheridge family like this Allen chart. The answer is "No," but I'm working on the Witheridge line and some day hope to have better information.

One other thing. Please give me the addresses of Joan, Robert, and Larry, so that my family records will be more complete.

I guess this is more than enough for the first letter I have ever written to you. I'll be looking for a reply as soon as you can get to it.

Yours sincerely,

David E. Witheridge

Dear Elizabeth + David -

I hang my head for being so slow in writing! We were so happy to meet you. It was the high-light of our wonderful summer. We think of you so often but I am the worlds worst at getting letters written on paper. I write thousands in my mind.

Thanks so much for the wonderful pictures. They really turned out beautiful. If it isn't too late, I would like to get copies for Joan + Larry. Thanks to for the pattern. I made a poncho for Laura and she loves it.

We spent most of the summer in and out of Port Townsend.

We visited my cousin in Eastern Wash. My sister & husband met us there. Then we spent quite a bit of time with them in the Cascade Mts. Bob was able to get a lot of fish. We also picked strawberries (I made jam for Bobby and us. Then we picked 4 gals of blue berries that we were able to keep frozen and bring home. We got home on the 11th of Oct. The next day I helped with our church Bazar. The next Tues. was the Mens Club dinner and the lady that was in charge couldn't be there so I took over. Our circle met that week also our Dinner club. So you see I got right into the middle of things right away. Just before Thanksgiving

Bob & I drove a motor home to Louisville Ky, and flew home and the next day we took one to El Paso Tex and flew home. It made a fun trip.

Larry is on vacation this week in the mountains skiing.

Joan and family are fine. They keep pretty busy.

We are having Christmas dinner here. Our former minister & family will be with us.

Please write soon and I promise I wont be so slow in answering.

Love
Lois & Bob

I am sending a check for the pictures. If itt is more let me know.

Dear Lois + Bob

Yesterday I was going through some Christmas cards on my desk, and there was your card with your letter and $5.00 check for some pictures. Was I ever embarrassed!

I have now ordered the extra prints, but I thought I ought to write and tell you what happened, because it will be about a week before I get the prints back.

We were so sorry to hear about Uncle Ed's death, but so grateful that we were out there last summer. It was such a perfect trip and visit with you all. We just had the feeling that was the year we should go.

Margaret said you were there, and I'm sure you were a great help. It sounds as though you had a very busy summer and fall, and we are having a busy winter.

Our schedule is also hectic. I'm enclosing a brochure that tells a little about our council of churches.

Love,

Dear Lois + Bob,

We were so pleased to hear about Larry's forthcoming marriage and to get an invitation. There is nothing we would enjoy more than being there on that happy occasion — to see you two again and to meet others we have never met. It's sure to be quite a family reunion.

Larry Glenn Witheridge (b. 1946)

Just yesterday a magnificent box of holly arrived from Margaret in Washington, and it brought back fond memories of those days in Port Townsend. She is such a dear.

Next summer we hope to spend our 12-week study leave in England. I hope to study the ecumenical situation there and to do a little genealogical research.

Love,

Dear Elizabeth & David,

Think of you so often. Did you make your trip to England? We had a wonderful summer around Oregon, Wash & Calif. in our trailer. I have made a few trips with Bob when he has delivered the motor homes. We are hoping we will get one in your area sometime.

We are busy now helping with the wedding plans. Carol is a darling girl. She was worth waiting for. I will make their wedding Cake. I am making one of the bridesmaids dresses Along with church things we keep pretty busy.

Hope you have a wonderful Christmas.

Dear Lois and Bob,

As you see, we finally got to England, and it was as enjoyable as we thought it would be.

We visited Witheridge and Allen relatives in Wales, Devon, and the Birmingham area. We also met a number of Witheridges we think are related to us, but we don't know exactly how. At least we all stem back to Devon!

We were glad to hear that you are so fond of Carol. Are they still living near you? It would have been fun to be at the wedding.

If you are still delivering trailers, or rather motor homes, why not bring one up this way some time? We'd love to see you. Hope you continue to be well.

All our love,

Dear Uncle John:

I'm sure you will be surprised to hear from me. Because you have lived in California all these years, I feel that I hardly know you at all, and I'm not sure whether I ever did meet you, even when I was a child.

When Father died two years ago, I suddenly realized how little I knew about his family, and I have been trying to remedy this situation. I have corresponded with many relatives, including a few in England, and am gradually piecing together some family information.

Just a word about myself. I first studied heating and ventilating engineering at the University of Michigan and worked with Father in Saginaw for four years. Then I decided to become a minister and went to Colgate-Rochester Divinity School at Rochester, N.Y. (Cousin Fred Allen was on the Board of Trustees.)

After graduation I went to the Hyde Park Baptist Church in Chicago as Assistant Minister, where I also got a master's degree at the University of Chicago Divinity School. Then I took a Baptist Church in Marengo, Ill., about 65 miles from Chicago. In 1951 I came to Minneapolis to become executive secretary of the Greater Minneapolis Council of Churches.

I am married to the former Elizabeth Finch, who also grew up in the First Baptist Church of Saginaw. We have two sons: James, who is in the University of Minnesota, and Thomas, who attends Oberlin College at Oberlin, Ohio. I thought you'd enjoy the enclosed picture.

As I continue my compilation of family history, I'd like very much to have a letter from you and to hear about your vocational and other activities through the years. You see, I don't even know what your occupation has been.

I've enclosed a form for biographical information I'd like to have returned, but I'd also enjoy a running account of your various experiences. Were you the first one of the family to move to California? Perhaps you have a snapshot or two I could have!

Somewhere in the back of my mind I seem to recall that you have done a great deal of singing--tenor solo work. I'd be interested in knowing more about this. I have always sung tenor in choirs and choruses. I read music well, but do not have a solo voice. I believe George Chivers mentioned a quartet that "the Witheridge boys" had in St. Charles. He said he lived with you there, and people in the community thought he was "one of the Witheridge boys," though I can't remember whether or not he also sang with the quartet.

Another thing you could do for me is to tell me a little about my Grandfather and Grandmother Witheridge. I remember them only through a few contacts in my early childhood. What were some of their main experiences and characteristics? Did they tell you much about their early years, either in this country or in England?

Well, so much for now. I'll be anticipating a good long letter from you. I do hope you are in good health these days.

Yours sincerely,

David [illegible]. Witheridge

## *Twenty Third Psalm*

The Lord is my shepherd, I shall not want.

He maketh me to lie down in green pastures, he leadeth me beside the still waters.

He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over.

Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord for ever.

Dear Sirs:

Your names and addresses were given to me by the curate of the South Molton parish, to whom I had written in my search for information about my ancestors in England. I hope that you may be able to help me in this search.

I know that my father's family stems from Devon, and I imagine that some day I shall discover some relatives of the present generation who are still living there.

My grandfather, William Witheridge, was born in Combe Martin on September 23, 1866. His father, John Witheridge, was born February 23, 1828, somewhere in Devon, but we do not know in what town. He is the earliest Witheridge ancestor of whom we have any record. He was a farmer and a miner and at one time was a lighthouse keeper on Lundy Island.

We have been told that John Witheridge had a brother, William, who lived in South Molton. Possibly he also had other brothers and sisters. This William Witheridge is supposed to have had at least two children, John and Mary, whose descendants may still be living in Devon. It was in trying to get more information about William Witheridge of South Molton that I was given your names. His wife (Mary?) later married a man by the name of Harding.

How far back can you trace your ancestry? Do you have much information about your relatives, both distant and close? Perhaps in England, as in America, geneology is a rather recent interest. Here very few people know much of their family history back of their grandparents.

I would appreciate hearing from you and knowing who your Witheridge ancestors were, including their dates and places of birth, marriage, and death, and any other facts you can give about them. Even though we may not be closely related (we probably are related way back somewhere), I find that every little bit of information is of help in this genealogy business.

If you could also give me the names and addresses of any other Witheridges you are aware of living in Devon, whether relatives of yours or not, I would be very grateful. The only other names I was given by the curate at South Molton are William J. Witheridge and William G. Witheridge of Middle Stoodleigh, West Buckland, Barnstaple, N. Devon.

You might be interested in the enclosed picture. My wife and I have two sons: James, who is 18 years old and attends the University of Minnesota; and Thomas, who is 17 and will attend Oberlin College in Ohio next fall. The girl in the picture is my niece--my sister's daughter--who just graduated from Macalester College and lived with us for two years. As you can see, I am a Baptist minister, serving as the executive secretary of the Greater Minneapolis Council of Churches.

It is fascinating to me even to have the names of some Witheridges in Devon to correspond with. I hope you will also be intrigued enough to answer soon.

Yours sincerely,

David R. Witheridge

Dear Mr Witheridge & Family,

Thankyou for your letter of June 1965. I'm sorry I have taken such a long time to answer it, but we have had a very hectic time here, as you will see by the chart. Joyce my daughter had her 21st birthday Jan 9th 1965. Our Silver Wedding 25 march 1965 & William George our only son married 6th Oct 1965 & Joyce Moffy married 24th Nov: 1965 so I really think that was hectic.

I have drawn you up a chart which no doubt you will understand. I have done quite a bit of gleaning to get this information. We are a very happy set of relations although we don't visit very frequently.

You mentioned in your letter that the Witheridges were of South Molton - this is really not the actual facts of the case. The post was taken from South Molton to the surrounding parishes on foot, & lately by bicycle. so the postal address was South Molton. by the
Bray Town
way the Parish name was Braytown, or Brayford.

The ancestors were farm workers. We farm a mixed farm here the same as Charles George at Upcott with whom Grampy lives. William John Witheridge.

Hoping this will fill your requirements
Yours Sincerely
William John & Hilda Witheridge Family.

[William John Witheridge (b. 1912)]

Dear Mr. Witheridge:

I was most happy to receive your letter with the chart of the Witheridge descendants. After trying for a year or two, I think I have finally found some Witheridges in England related to my father's family!

If I interpret your chart correctly, you are a second cousin of my father. My father's grandfather (John Witheridge) and your grandfather (William Witheridge) apparently were brothers, and according to your chart they had a brother George. Did they have any other brothers or sisters that you know of?

[Susannah Argust is known here as Susannah Adams (b. 1890)]

I have been in correspondence with another second cousin of yours who lives in Staffordshire. She is Susannah Argust (Mrs. John Argust), whose mother was Susannah Witheridge Adams, the daughter of John Witheridge, your grandfather's brother. She is the one who told me about your grandfather, William Witheridge, whose widow married John Harding. She said she thought your grandfather and hers had another brother who went to the United States. Do you know anything about this?

[known in index as George Witheridge (asserted son of Edward Witheridge and Mary Gear)]

The information about your great uncle George Witheridge and his descendants was not very clear to me. It looks as though he had a son William, who was an orphan, but who later married a girl named Maud. Did they have any children, and do you know their whereabouts?

[?
no answer]

Most of all, I should like to have exact information about the parents of our ancestors John, George, and William. From what you say, I assume this family lived in or near your part of Devon and that perhaps several of the family are buried there. Would you be able to find out any information through the parish records of the Brayford Parish? You see, if you can discover anything about the parents of your grandfather William, they are also the parents of my great grandfather, John Witheridge.

You will be interested in the enclosed program of a Magna Carta Service I participated in last year. In my position with the council of churches I work with all the denominations. I assume you are members of the Church of England.

I was very much interested in the exciting time you have been having in your family—your own silver wedding anniversary and the weddings of your son William George and your daughter Joyce. Do they also live near you in Devon?

Once again I look forward to hearing from you.

Yours sincerely,

David B. Witheridge

Dear Mr. Witheridge:

I have just re-read your letter of Feb. 8, 1966, and the genealogical chart you so kindly sent. I know you are very busy, but I hope before long you can answer my letter of Feb. 27. No doubt in my enthusiasm I asked for too many questions. In any case, I hope to continue our correspondence.

In recent years I have become greatly interested in genealogy. When both my mother and my father died within a year of each other, I suddenly realized that I had very little information about their relatives or ancestors. I began working on this and have developed quite a hobby.

Because I also began to work on my wife's family history, I found that I was trying to track down dozens of family lines all at once. That is why I haven't been able to concentrate just on the Witheridge ancestors and relatives--or I would have written you again much sooner. I want to get back at the Witheridge line again, now, and I need your help.

Right now I am on vacation for a few weeks. We often take a trip during the summer, but we are staying home during our vacation this year, since our two college-age sons are working and living at home this summer. Tom works as a messenger in the mail department of the Federal Reserve Bank, and Jim is working for the Youth Opportunity Center, an employment office for young people aged 16 to 21.

I notice that your silver wedding was in March, 1966. Elizabeth and I will be celebrating our silver wedding anniversary on Sept. 6, 1966. It hardly seems possible we have been married that long. We both grew up in Saginaw, Michigan, and were members of the same Baptist church there. She became a kindergarten teacher in Saginaw. Now she writes books for children and tutors remedial reading.

When my grandfather, William Witheridge (b. Sept. 23, 1856), came to this country, he lived first in Ohio then moved to Michigan, where he was a coal miner. He had four daughters and four sons, including my father, William Allen Witheridge.

About 1922 the whole family, except my father, moved out to California. Grandfather died in 1933 and Grandmother died in 1942. I have lost contact with many of these relatives, but I am now trying to get in touch with them again.

One of my father's brothers, Edward A. Witheridge, took a trip to England a number of years ago, but I do not think he saw you or knew of your whereabouts. He is a hardware dealer living in the state of Washington on the Pacific coast.

My father went into the heating and ventilating business as a manufacturer's agent in Saginaw. I started out as a heating and ventilating engineer with Father, having graduated from the University of Michigan. Four years later I decided to become a minister and went to the seminary. I was a Baptist minister for eight or nine years and then came to the council of churches in Minneapolis.

I hope that you still have my letter of Feb. 27 and that you will try to answer the questions in it.

Sincerely, your cousin,

Dear Rhoda and John:

I haven't heard from you directly for a long time, but I have heard indirectly through my Uncle Ed. After he visited you on his trip to England, he gave the most glowing account of his stay with you, your wonderful family, beautiful farm, and delicious meals. He sent me pictures of you and your family, which I cherish greatly. I really feel as if I know both of you better now.

Uncle Ed also sent a Witheridge family chart that our cousin Bill Roberts prepared from information you furnished. This filled in a lot of gaps in my family records, and I am very grateful.

We don't have too many family pictures of our own family, but here is one taken a couple of years ago I thought you might like. Both of our boys are what we call "conscientious objectors," and they are doing two years of "alternative service," instead of serving in the armed forces. Tom is a psychiatric aide in the Massachusetts Mental Health Center in Boston, and Jim is working in St. Paul at the Goodwill Industries, a training center and workshop for handicapped persons.

A few years ago when I was in New York City, I found a complete set of British telephone directories and copied down all the Witheridge entries. I was surprised to find only twenty-four, including yours. I have gradually been writing to them and have had replies from quite a few. However, I haven't been able to establish a family connection with any of them yet, although several know their ancestors came from Devon. No one seems to know much back of his own grandparents.

The best help I have received so far has been from the rector of the church at Combe Martin. For a small fee he sent me a list of all the Witheridge and Blackmore baptisms there from 1817 to 1868, plus some marriages and burials. My great-grandfather, John Witheridge, was married to Clara Blackmore.

Have you ever seen a copy of the Witheridge family chart that Bill Roberts drew? I could send you a photo copy if you haven't. He made notations of a few questions and a few individuals he couldn't exactly locate on the chart. Could you tell me who the following were? (over)

Mary is known in the index as Mary Blackmore (b. 1849). "June 10" is a typographical error; DEW knew it was June 12.

Amy Jane Witheridge (b. Dec. 1, 1879)
George Curtis (b. Aug. 31, 1842)
Mary Witheridge (b. June 10, 1849; d. Apr. 3, 1880) dau. of Clara Blackmore!
Evea Witheridge (b. Oct. 13, 1871; d. June 21, 1913) dau. of Mary Witheridge
William John Witheridge (b. Apr. 7, 1875) son of " "

Would you also explain more fully the notations made on the first chart you sent me about the George Witheridge who was a brother of my great-grandfather John and your grandfather William? It looks as though George had two children, William and Maude, and that Maud died in childhood. Then William married another girl named Maud. There is also a notation that someone was an orphan reared by Elizabeth Witheridge, but it is not clear who the orphan was or who the Elizabeth was. Was that your grandmother Elizabeth? Please make this a little more clear.

I know it's discouraging to get so many questions, but if you can't answer all of them, please write soon anyway and answer what you can.

Uncle Ed's wife Margaret tells me that you got a new grandson named William John last year. Congratulations! I hope you are all well.

Yours sincerely,

David E. Witheridge

✓ Who is the Amy Jane Witheridge, b. Dec. 1, 1879?

✓ There was a Mary (b. June 10, 1849; d. April 3, 1880). Was this Mary Witheridge, daughter of John Witheridge; or was it Mary Curtis, daughter of Mrs. John Witheridge when she was married to George Curtis? Or was that the Mary Jones who married George Curtis, the son?

✓ Who was the William John Witheridge, b. April 7, 1873?

When + where did George Curtis die?

I never have been able to straighten out the Curtises.

Geo. Chivers spoke of a George Curtis who lived in Cleveland. Was he the son of Clara Blackmore Witheridge (Mrs. John) and did he marry Mary Jones? Did this George Curtis have three children — William (who went to Detroit), Clara (who lived in Cleveland – did she marry?), and John (who lived in Cleveland)

John a lighthouse keeper on Lundy Island?

Rector at Combe Martin gave following children of Edward + Mary: John, William, George, etc.

What about George Witheridge, bro. of John + William?

Letter from Jennie – 6/11/73

[Jennifer (Jenni) Edith Mark (b. 1943), DEW's niece]

"On May 25th we started on our trip around Scotland and England, using the BritRail train passes we had bought. - - - - Our next longer stay was in Exeter, where we took the train to Barnstaple to see the William John Witheridges on their farm. It was lovely weather (a change from Scotland) and we had a lovely time. I guess you know that John's son George lives on the farm with him – we liked him very much as well as John (whom we agreed looks like Charles Bickford!). They drove us all around the farm, stopping in the pastures to show us the sheep and the view, and letting us watch the milking later. The farmhouse, they say, dates from 1640 – I guess I'm telling you what you already know – anyway we were very impressed. It's my ideal farm now, any farm that doesn't look like that will disappoint me! ~~His~~ wife (Rhoda?) was very nice and gave us two teas, also a rather confusing recital about Elizabeth Gibbs ("Gran") and her marriages to various William John Witheridges, which we still didn't quite get straight. They all agreed that Edward (Uncle Ed) was very much like John's grandfather (?) William John. You told me my grandfather was his second cousin – does that mean his grandfather was grandpa's father's brother? Well anyway, they were just as nice to us as if they'd known who we were (George asked us, "Now,

[Jenni's husband,
Prof, Richard (Dick) Burke]

which one of you are we supposed to be related to?"!). I think Dick does look more like a Witheridge than I do. Before we left, George gave me a little horseshoe he had made — he went to school to become a blacksmith since there weren't any around. He told us it was the oldest guild, dating from the 11th century; you must work your way up in the association, taking periodic tests."

Dear Rhoda and John:

I can't believe it's over five years since I last wrote to you. I guess it's because two years ago my niece Jennifer and her husband Dick Burke visited you and wrote such an interesting letter about the wonderful time they had. We have been jealous of them ever since, hoping we could take a trip to England some day and visit you on your farm.

Now, I am happy to say, it is finally coming to pass. I have been in my present position as Executive Director of the Greater Minneapolis Council of Churches for twenty-five years, and our Board has granted me a 12-week study leave for this coming summer. We are going to spend this time in England and have been busy working out plans for our trip.

The main purpose of our trip is to get acquainted with local councils of churches and other ecumenical activities in Britain, but we shall be combining this with traveling around the country, visiting whatever relatives we can find, and pursuing my hobby--genealogy. We'd like very much to spend a few days with you.

Here is an outline of our plans. We'll arrive in London on June 18 and spend a few days with a distant relative, Celia (Kim) Cook, and her family in Sutton, Surrey, a suburb of London. (Her mother was a Witheridge.) I'll be at a conference of staff members of local councils of churches from all over Britain from June 21 to 24 and then studying at the University of London until July 6.

Then for about four weeks we'll be traveling up through England, Scotland, and Wales visiting local Councils of churches, sight seeing, and visiting relatives--both Witheridge and Allen descendants. We think we'll rent a car for this trip.

About August 5 we expect to arrive in Devon and would like to stay with you for a few days. If you don't have room, perhaps you could help us find overnight accommodations nearby. We are especially anxious to get acquainted with the whole area around Combe Martin, because it was the home of our Witheridge ancestors for at least 200 years.

For two weeks (from August 8 to 21) we have reserved a small student flat at the University of Exeter. During that time I'll be dividing my time between studying the church situation by means of materials in the University Library and doing some genealogical research.

Then we'll be spending a week at the University of Cambridge, followed by a few more days with the Cooks in Sutton before returning to the United States. It sounds like a long stay in England, but I'm sure it will seem all too short when it is over.

We certainly hope this schedule will fit into your own plans for the summer. If not, please let us know, and we'll see what else we can work out. We can hardly wait to meet you and have a good long talk.

[See the Edward Allen Witheridge (b.1891) section of folder 1.64a, located after DEW's Christmas 1968 letter.] →

I see that I promised to send you a copy of the ~~enclosed~~ chart that was prepared by Bill Roberts of Ynysybwl, Glamorgan. I'm sorry to have neglected this until now, but I hope this chart will be of interest and use to you. When we get there, I want to talk to you about it. We'll be looking forward to a reply from you soon.

Just remembered I can't send it in this air letter. Will have to [illegible] send it later!

Dear David & Elizabeth,

We duly received your letter telling us of your forthcoming visit to England, which we found most interesting. We will try to accomodate you for a few days early August, as you probably know, this will be our busy harvest time. We are having a good dry spell of weather now, so we hope the weather will be good for you, when you get here to enjoy your tours. Last year we had a very dry spell, some farmers had very light crops, but we were fortunate & had a good harvest, which has been

a great help this winter as you can well imagine.
I expect we shall be having a note from you, before you visit us.

Dear Parishioner,

Our Church has just received its 'Quinquennial' Inspection. Did you know that the 'Inspection of Churches Measure 1955' requires that each Church shall be inspected by an architect at least once every five years?

It is one piece of Church Legislation that seems to be a Good Thing! We have to pay for it, I may add, and the fee this year was nearly £25. But for our money we get an expert's report on the state of our Church and suggestions as to what we should be tackling next.

'The interior is in better condition than at the last inspection...much work has been done in the Churchyard' wrote the architect. He also added that 'it is to be hoped that the good work already put in can be continued'.

I hope it can - the report lists fifteen items that require attention during the next five years and these range from minor repairs - fixing floor tiles, oiling or painting doors etc - to major repairs: much of the structure needs re-pointing and we are warned that the time is approaching when the tower will require a major overhaul. The slates on the south slope of the nave roof also will need to be re-nailed.

At least we are moving in the right direction; the building and churchyard give the impression that we care. Only this week a Rector from a Church in South Devon suggested he might bring his Churchwardens to see how we had tackled the Churchyard and was surprised to learn that no 'outside contractors' had been employed..

It is only right that we do care for God's House – it isn't only one person's responsibility to look after it – we care for it, we meet in it, we pray in it and we preserve it for future generations to use as a House of Prayer.

With every blessing,

Yours sincerely,
Nigel Jackson-Stevens.

Why Woolacombe? was the cry when the venue was arranged for this year's Sunday School outing! The answer is a simple one – long trips (we went to Paignton last year and it poured) are not appreciated by everyone. But Woolacombe this year was a success and thanks to Mrs. Kathy Miller and Miss Janet Bulled for arranging it all.

The Sunday School will not meet at all during August. This does not mean that we can all give Church a rest during the School holidays! Children learn by example and the best example we can give them is to accompany them to Church at 11.00 am. on a Sunday morning.

Rural Dean's Notes August 1976

It appears that I have always to make excuses for the absence of my notes. This time it was my HOLIDAY. I'm sure you will understand that and forgive me.

GRATITUDE is a wonderful Christian virtue and one which brings us un-told blessings. I can think of no more miserable and unhappy person that he or she is for ever grousing and complaining etc... If we cultivate the gift of being THANKFUL for all our blessings it makes life so much easier, not only for us but for all with whom we live or come in contact.
That is why I will always remain keen about our HARVEST FESTIVALS. Not just a time or excuse for a Harvest Supper etc... but a time to increase our GRATITUDE to God for all His loving mercies.

When I lived on the East Coast at WHITBY in Yorkshire we always had gifts of fish included in our Harvest decorations. In Durham I found lumps of coal in the churches and when I was in Zambia we often found copper as well. Its not just Marrows and potatoes - far more than that - ALL GOD'S GRACIOUS GIFTS. Yes we are thankful and we want to say THANK YOU.

God bless you all.
E.G. Easton

Dear Friends,

September in the Methodist Church is the beginning of a New Year and when all ministers changing Circuits are ON THE MOVE! I am among them this year so this is the last time I will be writing in the West Buckland Magazine. I am happy to have had a share in the life of the West Buckland Community. We have been able to establish a measure of Unity between the Anglican and Methodist Churches through the United Mother's Union and Women's fellowship and at the Harvest Services. I hope such unity will be further strengthened in the coming days.

Any new beginning finds us looking back...and I do so with gratitude for the way in which my Faith has been deepened and my Christian experience has been enriched through working among such devoted members of God's Church. I look forward too...conscious of all the new opportunities that lie in wait for me in the Barnstaple Circuit.

In September the Rev. Peter Williamson will be joining the Circuit as the West Buckland Minister and I trust you will welcome him and his wife and support them as they minister among you.

God Bless you all and strengthen you in His Service.

Yours sincerely,
Sister Pamela

Dear Hilda & John,

We are still remembering fondly the days we spent with all of you at Middle Stoodleigh. It was so wonderful to meet you after all these years and to become acquainted with North Devon. The trips around the farm and surrounding countryside were great fun, and your delicious food, Hilda, was a great treat. Thank you for everything!

We're sorry we forgot to leave the enclosed recipes for wild rice. We hope you enjoy it as much as we do.

This is a lovely place we are in at the University of Exeter. The buildings are rather new and set in a hilly old estate with ponds and gardens that are having a hard time in this dry weather. Our flat is pleasant, and it's good to be in one place for a couple of weeks.

In addition to getting my thoughts together on my ecumenical study, I've also done a little genealogical research at the Devon Record Office.

Monday and Tuesday we are going to be in Cornwall for some sight seeing, as well as hunting up some records on my Allen background and Elizabeth's Gilbert ancestry.

We sent our pictures to be developed and got back some very good ones of all of you. We'll send copies as soon as possible after we get home.

Love to all,

Dave & Elizabeth

Dear Hilda and John,

We had hoped to get this off to you before Christmas but ran out of time. However, we thought you'd like to have a copy of this letter anyway.

We are very pleased with these pictures and hope you are, too. We're especially glad to have pictures of your children and grandchildren.

[William George Witheridge (b. 1943)]

We've written separately to George and Pat with their pictures, but since we didn't know how to address Joyce and Marian, we hope you'll see that they got theirs.

With all your family so close, you must have had a very enjoyable Christmas. We were happy to have Tom home for New Year's. He just went back to Chicago today. Jim, of course, lives with us, so he was home, too, for the holidays.

Having spent 2½ months in England last summer, we are more interested than ever when we read about England in the papers. You must have been pleased to have the drought come to an end, but it sounded as though you got more rain than you really needed for a while.

Once again we want to express our very sincere appreciation for your warm hospitality last summer. Getting to know all of you was a special treat we shall long remember.

Love to all,

David & Elizabeth

Dear Marian + Anthony, Balment

It seems like a long time since we were in Devon last summer, but we have fond memories of our visit to West Buckland.

We thought you'd like to have copies of these pictures. They came out very well.

We're only sorry we didn't get to meet Anthony. I guess we'll have to come back again some day.

Since we don't have your address, we're sending these pictures through your mother and father, Marian.

Best wishes to both of you in the coming year. We'd love to hear from you.

Sincerely,
David + Elizabeth

Dear Cousins,

I am sorry I have not got to writing to thankyou, for all our family photographs. I think as well as all the rest of the family they are very good & the colours excellant. I am the only misfit, still can't be helped. I told you both no camera, will stand that torture. We have not had too hard weather here up to now, But my goodness me the rain, pitys the more, it can not be stored properly for Summer use. Glad to know "all was well" on your return home, makes such a difference to a holiday. The hedges here around the house, are shedding forth the lovely little snow-drops to tell us all - that Spring will soon be here. We dont start the lambing season until 3rd week in March, as the weather usually

longer & the sheep soon learn to
nuzzle about & find the little tufts
of fine grass. John put in one
field of winter corn, & its not
looking too bad up to now. Amanda

[1980 trip plans]

May 2, 1980

Dear Hilda, John, and all the family:

It's three years since I last wrote to you, although we speak and think of you often. It just seemed as though there was never time to get out the old correspondence, so we could begin anew where we left off!

Life has been very hectic during these years, but now I have retired, and I am trying to catch up on many things that had to be neglected. My favorite hobby--genealogy--had suffered greatly in recent years, along with correspondence with the dozens of new relatives I have discovered in my searching.

We are very fortunate in that in recognition of my twenty-eight years of service to the Greater Minneapolis Council of Churches, I was presented with a farewell gift of money to use for a trip to Great Britain. It won't pay the entire cost, but it will help a great deal.

Our plans are beginning to take shape, and we now have plane reservations to leave here on August 2nd and return on October 2nd. Just today I completed a first draft of a possible itinerary to accomplish the many things we want to do. This time there will be no ecumenical study, so we shall combine sight-seeing with genealogical research and visiting friends and relatives. We plan to hire a car for about seven weeks as we did in 1976.

We had such a pleasant and successful time at the University of Exeter last time that we have again booked a flat in their student housing for two weeks from August 13 to 27. We'll do some sight-seeing in Exeter and Devon, as well as some research in the Exeter libraries and the Devon Record Office.

Of course, we want to see all of you again, and we thought maybe a good way would be for us to drive over to Middle Stoodleigh on Saturday, August 23rd, and spend the day with you, returning to Exeter in the evening. We hope it would be possible for Pat and George, Joyce and Michael, and Marian and Anthony, as well as all the grandchildren, to be there for at least part of the day. We don't want to come all the way to England and miss seeing any of you. We thought maybe Saturday would be a good day, but we could arrange almost any other day that would be better. If necessary, we could also come another day, as it really isn't very far from Exeter.

[Their children and grandchildren]

This is all I will say now, as I have a great many letters to write to people in Britain to see if our projected plans will fit into their schedules. Please let us know if you think my suggestion will work out satisfactorily for all the family.

Love,

2425 Irving Ave. S.

Dear Hilda, John, and Family:

Time is moving on toward our anticipated departure for England on August 2nd, and I thought I should write you again. I'm assuming you got my letter of May 2nd, though sometimes mail does go astray.

We hope that you are all well and that weather conditions have been good for your farm and livestock. We so often picture your lovely situation at Middle Stoodleigh and look forward to seeing you all again.

Our itinerary remains about the same as we had tentatively arranged it. We'll be met at Gatwick Airport by the Roy Cook family, and we'll be staying with them for several days. (Mrs. Cook's mother was a Witheridge.) During our two-month stay in Britain she will always know how to reach us and to forward our mail. Their address is 31 Ash Road, Sutton, Surrey SM3 9LA, and that's probably the safest place to send mail to us now.

On August 7th we'll be hiring a car and setting out on a 7-week trip through England, Scotland, and Wales. As you know, we'll be spending two weeks at the University of Exeter from August 13 to 27. Our address there will be Cornwall House, St. Germans Road, Exeter EX4 6PG. Telephone messages can be left at Exeter 77911 - Ext. 697.

It still looks as though a good day for us to drive over to Middle Stoodleigh would be Saturday, August 23rd, but we really could come any other day (or two different days) that would suit you and the various families better.

Unless we've heard from you by letter before we get to Exeter, we'll call you from there and arrange a definite time to see you. We can hardly wait to see you again, as well as the many others we met in Britain in 1976.

Love and best wishes to all,

David + Elizabeth

Dear Elizabeth & David,

Having received your letter, the most convenient date for us, would be Wednesday August the 20th, as this year has been, very bad weatherwise, & we have quite a lot of hay yet to make, & we have begun combining some of the winter corn. As August is always a very busy month for us, with the Sheep & Cattle Sales. Trusting you will have a good holiday.

Yours Sincerely

Dear Hilda + John, Pat + George,

We greatly enjoyed being with you a few weeks ago, and as you can see, we finally found the American quarters we had intended to give the grandchildren. Here they are for John and Sarah Mary and for Amanda and Stephen. We were so sorry to miss seeing them.

Since leaving Devon and Cornwall we've been having a pleasant and interesting time — first in the Birmingham area, then a few days in Wales, then back to the Birmingham area, and now in the Lake District. Next we'll be going to Scotland for nearly a week.

We hope the weather has been better there and you've been able to harvest the crops. We've had only a few days of rain, but the worst was a downpour the day we went to the Dog Show in Birmingham. We enjoyed it in spite of the weather!

Love to all,

Dear David + Elizabeth,

Just a few lines in answer to your recent letter, + enclosure. Glad you are enjoying yourselves, the weather has been a little more helpful at times, although we have struggled hard to get the hay + corn gathered, + we still have two fields of corn yet to harvest. It has been a very hard year for us, this year, the lambing season, + then this drawn out affair. Still I suppose we shall survive. I haven't seen Joyce Mary since I had your letter, so will pass the ½s on for Amanda + Steven when I see them. John + Sarah Mary were very pleased with the coins.

The weather forecast on the television doesn't give much hope of sunshine, but they are not always right. In fact Sarah Mary, says that man tells fibs. John + I were counting on a few free days. before the weather got too rough so we must keep our fingers crossed. I do hope the sun does make good show of him-self so you can enjoy yourself + so forth. Lets wish you All the Best + a Safe Journey Home.

Sincerely yours.

[Nov. 29, 1981]

Nov. 29, 1981

Dear Hilda, John, + Family,

We wish you all a Merry Christmas and a very Happy New Year. The scene on this paper is just the way it is here now.

About a week and a half ago we had the worst November snow storm we've had in over forty years. About twelve inches of wet snow fell in one day. Many branches were broken down, including about a third of a large elm in our back yard. Power wires were also pulled down by the weight of the snow and by falling branches. We and 160,000 other families in our metropolitan area were without electricity for over two days.

Several days later we had rain

that froze when it fell, and everything was a glaze of ice. Schools and many businesses were closed, and none of the city buses were running. Things are nearly back to normal now, but we still have snow on the ground and we may not lose it 'till next spring.

We are happy to report that our son Tom, who lives in Chicago, is going to marry his girl friend, Virginia Schade, this coming June 5th. The wedding will be in Evanston, a suburb of Chicago, and I'll be performing the ceremony. We're very happy about it, as we all love Virginia very much.

Our son Jim still works in Minneapolis and lives by himself in an apartment only four or five blocks from us, so we usually see him once or twice a week.

The last week in September we took a short trip up to northern Minnesota to see the lovely fall colors. You can see a little of the color in the enclosed picture of me with Rokk, our Norwegian Elkhound. It was Rokk's first real trip, and he enjoyed it greatly.

[rose bushes]

The other picture shows one of our rose bushes blooming in the first snow of the season. Most years we have them put to bed before the first snow arrives.

Our health has been generally good this year, and we hope the same for you. We'll be looking forward to hearing from you.

Love to all,

Elizabeth + David

Dear Cousins, Many thanks for your interesting letter & enclosure. I expect you & your families were more prepared for such awful weather. We were not exactly caught on the hop, but really it came so sharp & fast, John, & John (Jun) & Sarah Mary, got home the sheep from the neighbouring parish, where they were out to keep early the Sunday Morning & by midday the snow was really with us to stay. We had sheep buried here in December, but with George & John (Jun). working against daylight, & bitterly cold 70 were recovered and only one died, although they huddled in a gateway & were piled 3 sheep high, it was a terrible sight. The snow the 2nd time was deeper & stayed about longer, but the frost was terrible. George had to use the mobile milk tank & tractor to get to Filleigh collecting post, which was awful business. It's a very sad sight the coverts, with such lovely trees broken down, even my Cherry tree in the front was broken down. The electricity was sadly missed it was "off" here for 3 days telephones were out of order, & no school either, but tobagganing the rage. Guess we shall have to invest in a generator sometime. You will be most pleased to know Marian & Baby Daniel are getting on fine now. My word aint we thankful, everyone of us. He has 2 teeth & is now 9 months old & intelligent, & has all his faculties, & he really is honey, Tony's Mother has been wonderful to them all although she is very frail.

Feb 21st 1986

Dear David - Elizabeth, & Family,

Just a few lines to say thankyou for your greetings card at Christmas, so glad to know you are all keeping well (What a great blessing,) Yes! we are all gradually getting older. As you will see by our address, we have gone down to live in the bungalow, where George & family used to live. The work was too much for me, as I have been in hospital a bit these last four years, nothing terribly serious thankgoodness, So glad to know that you will be given a Grandson, in the near future, Its really wonderful to hold ones nearest & dearest, after ones own have grown up. We as you know have five grand children. 18-14-14-12-4½ years. Joyce's daughter Amanda, & George's daughter Sarah Mary are now attending the West Buckland School, they now, for the last few years have girls attending, its hard going but they really love the competition, outdoor & indoor. Last Summer the rain was most troublesome, hardly a dry spell. We were very fortunate to have made a small quantity of good hay for the horses, but we did make a good quantity of Big Bale silage, & now it has not rained here for 3 solid weeks, & the frost has been very bad. dried out the grass that was in the fields, but Spring is not far away so we hope it will spring up again. John & George & John (Junior) are very busy this afternoon, having gathered the flock of sheep down from the fields, too inject them, as they will be due to start to lamb from about the 25 March onwards, we are hoping the hard weather hasn't punished them too much, at present it doesn't appear so. I'm glad Elizabeth is able to go to the schools to help the pupils to grasp the gist of publishing, its lovely to be able, & satisfying to be able to pass on knowledge to the younger generation. Dear little Daniel will start day school all being well on April 14th it will be lovely for him to have playmates - & he is [illegible] which is quite a good thing

Jayes son Steven is like his Dad he is tall + he likes School better now he is left the Junior department. He feels more grown up. We do hope something can be done about the terrible amount of unemployment + unrest it is most worrying for everyone. But I suppose History always repeats itself. Vandels are everywhere, + the cost is beyond accounting + absolutly useless. Wishing you all the Best from John + J + Family.

Yours Sincerely

[1988 trip plans] [Feb. 5, 1988]

February 5, 1988

Dear Hilda & John & Family,

I believe we mentioned in our Christmas note that we were hoping to come to Britain in May. All is working out now, and we expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, then hire a car for three weeks and drive through England, Wales, and Scotland.

We'll start out with three days in Essex, where Elizabeth has some of her roots. Then we'll visit some relatives near Guildford. That will bring us to Exeter on Wednesday, May 25. We'll be in Exeter on Thursday and spend Friday in Barnstaple. We hope to stay three nights starting Friday at Berrynarbor in one of our favorite little inns, The Lodge.

On Saturday morning, May 28, we plan to drive to the town of Witheridge for a short visit with the Vicar. From there we'd like to come to West Buckland to see you and as many of your family as can be there. (We see by your last letter, Hilda, that you and John are now in the bungalow, but we'll come to the main house. We assume George and his family are living there now.) We hope to arrive before 11:30, and we won't be able to stay more than a couple of hours. Perhaps we could have a cup of tea and a sandwich or biscuit before we set out again for Combe Martin, where we'll spend the rest of Saturday and all day Sunday.

It's eight years since we last dropped in on you. Much has happened in the meantime, and we've all grown older; but we are in reasonably good health, and we hope all of you are, too. The grandchildren have grown so much that we probably won't know them. (I believe we told you that the grandchild we were expecting in 1986 was very premature and lived only 18 days.)

[David Ash Witheridge (b. 1986)]

"We look forward to hearing from you soon as to whether or not you'll be home on May 28, If that would be a bad day for you, we could probably work out something else during our stay in Devon.

All our love,

David + Elizabeth

April 22, 1988

Dear Hilda, John, & Family,

We are somewhat worried that we haven't had a reply to my letter of February 5. We hope this doesn't mean that you have been having serious illness or other problems. On the other hand, Hilda, we know that you aren't fond of writing letters! So maybe that's the only reason we haven't heard.

Time is drawing near, however, to our month-long visit to Britain, and we are gradually getting all the pieces put together. We've had to make a few changes as people have responded to our suggested itinerary, but our plans for Devon remain just about the same.

We'd like to drive to the Town of Witheridge on Saturday morning, May 28, for another look at the church and a visit with the Vicar. Then we'd like to come to West Buckland to see as many of you as we can. It's hard to say at this point just when we would arrive, but we think it would be around 11:30 a.m., and we wouldn't be able to stay more than a couple of hours.

We're hoping that this date and time will work out all right for you. Please drop us a brief note in the enclosed envelope and let us know. If it isn't a good time, we can still try to make a change in our schedule. If we don't hear from you before we arrive in England on May 14, we'll try to reach you by phone.

By the way, Kim and Roy Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. Their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PF; Ph. 01-777 6072.

Love to all of you,

Dear Pat and George,

Isn't it dreadful that we have taken so long to send these pictures to you? All we can say is that we are way behind in everything because of our long trip to Great Britain last summer.

We hope you like these pictures as well as we do. They bring back wonderful memories of our time at Middle Stoodleigh Farm.

We did appreciate all the nice things you did for us, especially taking us around that part of Devon. We think it is a beautiful county, and of course it has special significance as the home of my ancestors for so many centuries.

Our visit with your mother and sister, Pat, was also a delightful experience, especially the organ recital by Janet in the Swymbridge Church and the refreshments later in their home.

How are John and Sarah Mary? We hope you are all well and having a very good year. Let us hear from you sometime!

Love,

David + Elizabeth

July 1st 1977.

Dear Mr and Mrs Witheridge

I am writing to thank you very much for the book you very kindly sent for Sarah. John is reading it to her and I am sure she will enjoy it for herself when she is a little older.

As you will see this is Silver Jubilee year and we have had our own celebrations in the local village. Jubilee Day was June 7th and on that day there was a fancy dress competition for the children, a ladies versus gents football match, children's sports, a grand tea, followed by a dance and supper. All the children received a mug.

In contrast to when you visited us last year this year has been very cold and wet and the crops are about a month late; but no doubt we shall have some summer

I am sending by surface mail some-up-to-date photos and Jubilee issue stamps.

Sarah started school in January full-time, and is enjoying it very much and already can nearly swim.

Yours sincerely
P.M. Witheridge

Dear David and Elizabeth,

May apologies for such a time in replying but things are now a little quieter now that lambing is almost over.

My mother in law feels she is unable to write at the moment as she is far from well and has lost both her sisters in tragic circumstances during the past year and there are still problems clearing up the estates.

May 28th seems to be alright for us at the moment and we would like you to join us for an early lunch at the farmhouse, and we hope my in-laws will be able to join us then.

Sarah is now 16 and is taking her G.C.S.E. exams this year, but she will be home for half term then. My son John is now working at home and is engaged, his future wife is a teacher in the local prep school.

Dear Rev and Mrs Witheridge,

I hope by now you have received my belated letter

We look forward to seeing you on May 28th and hope you will join us for lunch; I don't yet know which members of the family will be around as our schedule is more difficult to plan in advance

Yours sincerely

July 26, 1988

Dear Pat, George, John, + Sarah,

Our trip through Britain went very well, and we were able to accomplish almost everything we had planned to do. The country was beautiful, and the relatives and friends we saw were all marvelous. The only problem was the weather. Most of the time it was cold, rainy, and windy. So we both came home with bad colds that lasted several weeks. When we got home, they were in the midst of a drought and very hot weather – many days above 90°F – which isn't over yet. So with our colds and the heat our energy level hasn't been very high! We're still not back to normal with all the work to be done after our trip.

We greatly enjoyed the day we were with you. The lunch you had prepared, Pat, was delicious, and we had fun talking with everyone, though the time went all too quickly. We think the pictures turned out well. Please show this letter to Hilda and John and give them their picture. Also give John and Janet theirs. We hope their new home is all set by now. We also hope Sarah's plans for college are progressing well.

As you are aware, we are in the midst of a presidential campaign this summer. Last week we spent a lot of time watching the Democratic Convention on TV. We greatly prefer Dukakis over Bush, and at the moment Dukakis is ahead in the polls.

We hope you are all well and having good weather for your crops and animals. We think of you often, even when we don't write!

Love to all,

David + Elizabeth

Dec. 1990

Dear Loved Ones,

We have had a very busy year, much of it spent in traveling to Chicago (425 miles) several times to see Tom, Virginia, and Rebecca. She is growing beautifully after a rather precarious start.

Most recently we spent Thanksgiving (late November) in Chicago and had a most delightful visit. For Christmas we'll have our son Jim with us here; but Tom, Virginia, and Rebecca will be with Virginia's family this year.

Another trip we took was a six-day drive around Lake Superior in late September, when the fall colors were at their peak.

You may remember

our talking about Kim and Roy Cook, with whom we have stayed many times in London. In late May and early June they spent two weeks with us in Minneapolis, and we had a wonderful time.

We've just heard about the terrific blizzard in Europe and Great Britain. It was probably farther north than Devon, but you may have gotten the edges of it.

We've already had some snow, but now it has suddenly turned warm again. No doubt it will turn colder and snow again before Christmas.

We are both in reasonably good health, and we hope the same for all of you.

All our love,
Elizabeth & David

December 6, 1996

Dear George and Pat,

Well, Christmas is upon us again, and I want to wish all of you the very best for Christmas and the New Year. I hope all are well and having a successful year. My health remains good, and I have managed this difficult year without Elizabeth very well, with the help of my family, whom I see about once a week.

Now I have some exciting news. I'm planning a trip to England next May. I don't know if you have heard of the Witheridge Society, but it is composed of Witheridge descendants who publish a quarterly journal and get together once a year for Witheridge Day on the May Bank Holiday. Next May the society will be ten years old, and they are planning a big celebration in Devon for May 3, 4, and 5. A year ago I thought my traveling days were over, but I've decided I just can't miss this chance to see many distant relatives whom I met on our trips and others I've never met.

I'm too old this time to hire a car and drive all over Britain, so I'm hoping all my Witheridge relatives will make a special effort to come to Devon for our get-together. Fortunately, you are already in Devon, and I hope you will be able to attend at least part of the celebration.

They had first talked about having the anniversary event in Witheridge, but there weren't enough accommodations there, so we're meeting in Tiverton. I think it would be good if you could come to Tiverton on Saturday, because it will be the best chance to talk to me and many of your distant cousins from Britain and many other parts of the world. I know there are a great many Witheridge descendants in Devon; and I hope that many will want to come on Saturday or Monday or both. (I don't know yet what the program is for Monday.) On Sunday there will be a bus trip to many places in North Devon where Witheridge families lived. I'm planning to take the trip, but you probably wouldn't want to.

I hope you will talk to all your family about this event and urge as many as possible to come. I think they will find it very interesting. All Witheridge descendants and their spouses are invited, whether or not they belong to the Witheridge Society. Of course, you wouldn't be staying overnight in the hotel, but you would have to sign up for the Saturday lunch.

Sarah wrote such a kind note to me after Elizabeth died that I want to write her a special letter. I have an idea, though, that the address I have for her is no longer correct: 23 King Edward St., Exeter, Devon EX4 4NY. Please write and let me know.

Well, you can see that I am excited about the possibilities of this event. I hope that you are also intrigued by the thought of so many "Witheridges" descending upon Devon all at the same time. I look forward to seeing you again and all the others I have come to know.

Dear John, Jane, Julian, and Jennifer:

Much time has passed since we drove up the private drive to Witheridge and found your lovely family and home at the other end. But we haven't forgotten your warm hospitality, and we keep being reminded of you as we show our slides to our friends and relatives. Thank you again for welcoming us so kindly on that August Sunday.

We wanted to wait to write to you until we had received the prints we were having made from some of our slides. They're ready now, and here are a couple for you. We hope you like them. We certainly do. You are a very handsome family.

At the Devon Record Office in Exeter I made a first attempt to find out something about the background of your Witheridge property, but without any success. I searched through the East Ogwell parish register from the beginning to 1812 and could find no trace of a Witheridge. The closest thing to it was Wetherdon, for which there were about a dozen entries between 1676 and 1788. However, there may not be any connection between those names.

I didn't have time to investigate whether or not there are any land records, or early records of ownership of this property. Maybe you will have time to delve into that some day. It's rather difficult to do from this distance, but I might try at a later date.

At any rate, we are pleased that in our visit to the place marked Witheridge on the Bartholomew map we discovered some new English friends. We wish you all a Merry Christmas and a Happy New Year!

Yours sincerely,

David + Elizabeth Witheridge

Dear Lt. Col. Witheridge:

You will perhaps be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales and came to this country as a boy with his parents, most of my search for the Witheridge line has been in England, but this is hard at such a distance. I'm hoping you can be of some assistance to me.

As you can see, I've enclosed three family record sheets. One gives my own Witheridge ancestry as far back as I know it. The others are the earliest records I have of two other Witheridge families. Probably these three tie together somehow, but I don't know how. Maybe you are acquainted with one or more of these.

I'm hoping you will be willing to tell me how far back you can trace your own Witheridge line and what else you know about the Witheridge family. Could you give me the name and address of any other Witheridge descendants who have worked on Witheridge genealogy?

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience there as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Baptist minister, I came to Minneapolis seventeen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 21 and works in a hospital here in Minneapolis. Tom is 20 and attends Oberlin College in Ohio.

I shall look forward to hearing from you and receiving any information you can give me about the Witheridge family in England. Thank you for any help you can give.

Yours sincerely,

David E. Witheridge

Dear

I was delighted to receive your letter but I fear that I will not be able to help you as much as would wish though my sisters...in due course of time...may be able to furnish information handed to them while I was out of the country, which was for many years before the war, during the war,and a spell of duty in Germany after the war.

However, the main purpose of this letter is to thank you for writing and to give you some idea of our relationship. Briefly, I am George Witheridge, married to Mary, Edith (maiden name-Woodward). I have one son, Vernon, George, who will be 22 in May of next year. Presently he works in London for the British Aluminium Company (largely Americam fostered) and lives with his Aunt at Merton Park.

[Beauchamp Henry Witheridge (b. 1884)]

My father, deceased,was christened Henry, Beauchamp, was the son of George after whom I am named. I believe there were five brothers most of whom went to America after service with the British Navy. Of these brothers I have little information to pass to you, but, while in the States in January of 1943, and in Detroit working on tank development, (I had invented equipment that had to be put into production) I looked up the telephone directory..just as you did, to see whether or not there were any Witheridge's about. To my surprise I was able to meet Mr and Mrs William N. Witheridge and the same evening I spoke across the country to Bill's father named William and brother to my father, or so we thought after discussion. I have written several times to Bill after the war but I'm sorry to say I did not receive a reply...probably because he did not get my letters. His address at that was:-3741 W Outer Drive, Detroit 21 Michigan. The then telephone number was:-UN-15103.

* [George Witheridge (b. 1840)]

Coming back to myself, I was born in SALTCOATS, SCOTLAND, mother being of scottish descent. I was born on the 23rd January, 1908, which indicates that I am quite a grey beard. Father had moved up to Scotland from Devoshire at the beginning of the Great War or World War I, as my American friends say. He moved up to superinted the T.N.T. explosive department of Nobel's factory situated at Irvin in the county of Ayr. At the beginning of World War II we moved to Llanelli, in South Wales, where a new ammunition factory was established and there we buried both father and mother and,my sisters, five, and my brother, Henry, live in that area today except Agness who died while I was away in Germany.

I am in touch with Richard (Dick) and Elizabeth (Betsy) Witheridge who try to visit me at least once each year. Their address is:- BRIDGEMONT, BIRMINGHAM ROAD, BUDEROCK, WARWICK, ENGLAND. Dick and Betsy are brother and sister, are middle aged and are unmarried.

Dear David Witheridge,

I was delighted to receive your registered letter and the three family record sheets. I tried to write to you on the first day of the month, but it so happens that I have a fight on my hands with the local-planning-authority which has, and is, taking up much of my time. In the circumstances I have decided just to acknowledge your contact with me and to say that I am delighted you have written. Thank you for your news of your family.

When you write again – and I sincerely hope that you will please make use of the address at back of the outer page of this short and hurried note. The Telephone Directory incorrectly – here and in N.Y. – puts the letters R.T.R before my name. Those letters signify my regiment – the Royal Tank Regiment and, if used in retirement are added after the name. I do not use them instead, however, I use my decorations which we in Gt. Britain use – unlike the American Army.

My christian name is George. My father's (deceased) was Henry, Beauchamp. My Grandfather's being George He being my father's-father and after whom I am named. You may well be surprised to learn that you probably know more about the Witheridges' in Britain than we know of ourselves.

I have been to the States several times. Was in Maryland (ABERDEEN) three years ago where Mary, my wife, and I stayed for three weeks with friends of long standing. They, incidentally, came here this year returning home in August last.

While in the States in the year 1943, and in Detroit (working on tank development) I contacted William (Bill) Witheridge through the Telephone Directory – much

in the way you contacted me. He put me on to his father William – by phone – who turned out to be my father's brother. * Since that time I have tried to regain contact but always without success. Bill's last known address was:- 3741 W OUTER DRIVE, DETROIT 21, MICHIGAN & his telephone number was:- UN-15103. Incidentally the use of the name place 'SAUNDERSFOOT' delays my letters – and, therefore, yours by one day. Saundersfoot, a coastal resort quite near, harbours the telephone exchange – which accounts for its use in the directory. My telephone number being Saundersfoot 2293.

My father had five brothers all of whom went to the States. I only know of one sister named Dorcas after whom one of my five sisters is named. I have one brother named Henry who lives with his wife and two daughters in the town of LLANELLI in the county of CARMARTHENSHIRE in Wales. The name Witheridge comes from the Witheridge Hundred in Devonshire, England, but more of that at a later date. Please to learn of the author in the family – mine were nearly all military books. I paint in oils to amuse myself. Please do write again. Yours George

Dear George:

I was certainly glad to receive your very friendly letter and to know that you are interested in learning as much as possible about the Witheridge family. As you implied, not much seems to be known as yet--at least, I still haven't discovered anyone who has compiled much Witheridge genealogy.

It so happens that Bill Witheridge who lived at 3741 W. Outer Drive in Detroit was my brother. I am sorry to report that he died in 1964. We grew up in Saginaw, Michigan, which is no doubt where you were able to contact our father, William, by phone.

You cannot be correct, however, in saying that Bill's and my father was your father's brother. I am well acquainted with all of Father's brothers and sisters, and there was no Henry, and none who remained in Wales or England. At first I thought it might have been Grandfather, who was also named William, who was a brother of your father. But his father was John, while you say your grandfather was George. So we apparently don't have the right connection yet.

As you see, I have enclosed some forms for you to return. I hope you will fill them out as completely as possible in terms of names, dates, and places. In the last few years I have become very adept at tracking down genealogical information, if I do say so myself! Every little scrap of information helps, and I hope you will give me everything possible.

In particular, I'd like to have all you know about your grandfather and his children (your uncles and aunts). How can we find out something--anything at all--about the five brothers who came to the United States?

Please, also, give me the names and addresses of all your relatives on the Witheridge side. I realize that is a big order, but I really want them all. It's so easy to lose track of people, that I think this information should be brought together in one place.

The news that you and Mary spent three weeks in Aberdeen, Maryland, three years ago was very interesting, because my wife, Elizabeth and I have also spent a week in Harford County, Maryland (where Aberdeen is located) on two different occasions in recent years. She has just completed a book about her ancestors, who lived in Harford County back around 1800, and she was doing research in preparation. The book will be published in the spring, but we are not sure of the title yet.

[And what of you, Josephine Charlotte?]

I'll be looking forward to another of your good letters.

Sincerely,

David

Dear David,

No doubt you have been wondering over the delay in my answering your last letter. The fact is that I became very ill three weeks before Christmas – I'm a heart case – and a wonky heart necessitates a slowing down, and I'm at a crawl now, doing little, and writing less.

Since my American friend came over last July when I drove him around England, Wales and Ireland, I have been continually busy as Vice Pres. of the Cardiff & South Wales Branch of the Royal Tank Corps Association; journeying to Cardiff & London (at own expense) to attend meetings etc. I also take part in the doings of the British Legion & am Vice Pres. of the Scout Association in this part of Pembrokeshire. All in all I overdid matters, & as a heart-case of five years standing – should have had more sense.

[Royal Tank Corps Association]

Forgive my not writing & I promise you, God willing, that I will help in your compiling the Witherings genealogical tree.

Yours very sincerely

Dear George:

It's over a year since you last wrote, and I'm wondering how your health is and what you are doing. Your letter sounded as though you are a very busy man, but I fear you do too much for one with a history of heart trouble.

My genealogical research has lain dormant for some time, but now I am on vacation for a few weeks, and I hope to make a little progress.

I realize that I asked too much the last time and probably overwhelmed you with all the forms and questions. Some day I do look forward to getting as much of this information as possible from you.

In the meantime, however, I hope you will write just a short note and give me the information about your father: the date and place of his death, which you probably know, and the date and place of his birth, if you have that, or at least his age when he died. If I have at least some of these items, I can do a little digging and find a great deal more. Eventually, we'll know just how we are related.

I've corresponded with several Witheridges in England, but no one seems to know anything about his ancestry bejond his grandparents.

The best help I've had so far was from the rector of the church in Combe Martin, Devon, where my great-grandfather was born in 1828. For a small fee he sent me a list of all the Witheridge and Blackmore baptisms there from 1817 to 1853, as well as some marriages and burials. (My great-grandmother was a Blackmore.)

I look forward to hearing from you soon with information about your father.

Yours sincerely,

Dear George, ([illegible])

You will no doubt remember the correspondence we had a few years ago when I was just beginning to study the genealogy of the Witheridge family.

At that time I didn't think we would ever be coming to Britain, but here we are. I am here with my wife on a 12-week study leave, studying the economic situation in Britain. We arrived on June 16 and return to Minneapolis on September 2.

Naturally, we are doing some sightseeing and visiting relatives and Witheridges as we can fit it in. Starting on July 8 we'll be hiring a car and driving up through England, Scotland and Wales ending up in Devon at

U. of Exeter

the University of Exeter for two weeks. Then

U. of Cambridge

we'll be a week at the University of Cambridge.

We'll be in Wales from about July 29 to August 3, and we do hope we can visit you. I have relatives in several towns in Glamorgan. As it looks now, August 3 might be the best day, if you are going to be home at that time.

As I say, our last day here at the Lee Abbey International Students Club will be Wednesday, July 7. If you get this in time you might leave a telephone message here at 01-373-7286, and I could call you back.

If you don't get this in time for that, you could write or phone us in care of the Rev. Eric J. Allen, 14 The View, Leeds LS8 1JL, Yorks. (Tel. 661547). We'll be there from July 13 to 15.

From July 25 to 27 we'll be with another Witheridge relative, Mrs. Sidney J. Fryer, 105 High Street, Pensnett, Brierley Hill, West Midlands DY5 4RN (Tel. 021-630-0691).

In Glamorgan our best contact is Mr. William J. Roberts, 46 Thompson Street, Ynysybwl, Pontypridd, Mid Glamorgan CF3 73EN.

If we don't hear from you, I'll try to call you and see what we can work out to fit our schedule and yours.

Yours sincerely,
David E Witheridge

P.S. While there I'd very much like to meet your brother and his family in Llanelli. Do you think that would be possible?

Dear David,

Not all places have STD dialling, therefore you may have to call exchange and ask for SAUNDERSFOOT, 812293.

Many thanks for your letter giving me your itinerary and reason for you and your wife coming to Britain. I was particularly pleased to talk on the phone to you and now look forward to meeting you and your wife either here or elsewhere.

You would be welcomed here for one, two or more days, in which case we would have to arrange your accommodation locally and, at our expense, for the reason that Mary has been very ill for nearly three years.

Mary has been treated for year for arthritis but because there was little improvement I called in the specialist who diagnosed Parkinson's disease and some months ago was made worse by a severe bout of flu.

The side-effects (drastic + disturbing) became apparent on our flight to the States; but more of that later. Today Mary shows great improvement physically and little forgetfulness — which is part of the side-effects.

When I know what exactly you would like to do re. length of stay, people to meet and the views & sites — such as St David's; I will arrange your accommodation and either bring my brother here or take you to him in Llanelli about forty miles east along the coast from here.

You tell me that your best date would be 30th August — that's fine with us but I repeat: we will keep the dates of your visit clear for you as soon as we know what you would like to do etc.

We both sincerely hope that you are enjoying your run-around meeting possible helpers in your study & search. I think you will find most people helpful.

We look forward to meeting you both.

Yours sincerely,

RE-ORDER No. 3434 MADE IN GT. BRITAIN

Cookseyat - 9th August
1976

Dear David & Elizabeth,

How good it was to have you with us, even though only for a short time. We were delighted, and after you had gone away we felt as though we had passed through a dream; you were both so understanding, so kind in your ways.

This morning we received a package of Pimpernel table coasters, each of the six depicting "Inns of old England

There was no note or indication as to the sender, but being so soon after your visit, we assumed that the gift was from you. We therefore, send our many thanks - it was a kindly thought which is much appreciated.

Sister Lil (Lily) cannot be contacted - for the purpose we have in mind - but another sister, Elizabeth, has journeyed out here to give me my father's death certificate.

Eventually, and, as promised, you will receive the details of all necessary certificates

We send our love to you both, and hope that we will meet again.

Mary's Parkinson disease problem is no better or worse - thank God. The side effects are confusion of thought, forgetfulness and quite a worry to her.

For myself there is a gradual failure of my legs to carry me due to a war wound damaging my vertebrae + disks in the lower lumbar area.

Vernon and Elizabeth Rae are without child — I live in hope.

The only cheerful news of the family - and I'm thankful to say - that we are all reasonably happy though all around us there are many signs of social disorder.

We hope that you are well and that your churches continue in strength to attract your people

George Witheridge visited William N. and Anne Witheridge at 3741 Outer Drive Detroit. He was in America having flown from the Libyan (?) Desert to the U.S.A., there to assist in the development of tanks, tank gunnery in particular.

Dick and Betsy are brother and sister, are middle aged, and are unmarried.

Ask Lt. Col. George Witheridge:

You mentioned going back to Ilfracombe for a wedding a few years ago. Was that because you have relatives or friends there? Did you or your parents live in that part of Devon?

[Town of Georgeham, Devon]

You also mentioned the town of Georgeham, where you saw the name of a George Witheridge at the end of a memorial plaque. Did you ever find out if your family had any roots there or any connection with Georgeham?

[Mary E. Woodward, George's wife]

In one place I have Mary's middle name as Edith, and in another place I have Elizabeth. Which is correct?

Did you give up the idea of moving back to England?

[Vernon Witheridge]

Was Vernon your only child? I had a couple of check marks that seemed to indicate that you might have had two other children who died.

Gone away

Editor's note:

Sadly, this is how Dad and Mom learned of George's death - a note that he had "gone away" on the returned envelope containing their 1979 newsy Christmas letter (with Dad's handwritten P.S. about their planned 1980 trip to Britain.

Season's Greetings

December 18, 1979

Another Christmas!

This one is speeding toward us, and we still aren't ready for it. When asked this morning what he wanted for Christmas, Jim said, "Time! I need more time before it comes." He spoke for all of us.

We've had a happy, healthy year, but it has seemed even busier than most of the twenty-nine years since we came to Minneapolis in a blizzard February 28, 1951.

This has been David's last year with the Council of Churches. He has been gradually "phasing himself out" all year, and his retirement becomes an accomplished fact the last day of December. Inevitably a little sense of sadness creeps in because we love the people so much who have been David's strong support all these years. But in the main this is a happy time, and we're especially pleased that our good friend of some years, Thomas Quigley, will be the new director of our Council. Tom and his wife Jane and their two little children will move here from Indianapolis in a few weeks.

When asked what he's "going to do" in his retirement, David's answer is, "A lot of the things I want to do and never have time for." Of course, number one is pursuing his great interest in genealogy. And that will take us to Great Britain again late next summer if all goes well.

"Is Elizabeth still writing?" I hear you asking that just as plainly as if you were sitting here beside me. Well, I'm still fiddling with the same manuscript I was revising the last time you asked! Ask me again next year!

Our two young men are enjoying their lives--Jim at home in Minneapolis with a job he likes and time to spend on his guitar music and his friends; Tom still at Thresholds in Chicago and since last September in charge of a new Thresholds venture called The Bridge, where he works with mentally disturbed "repeaters." He continues to work toward his Ph.D in counseling psychology at Northwestern University.

We're so late with our letter this year that we already have had many Christmas cards and letters and wish we could answer each one personally. Wouldn't it be great? You don't need to worry about a new address for us--we're not moving anywhere, just "staying put" where we've been for 28 years! We love it here.

Merry Christmas and a good 1980,

Elizabeth and David Witheridge

We hope Mary is much better this year and we look forward to hearing from you. Perhaps we'll be able to see you about September next year. D & E

(Vernon)

Dear Mr. Witheridge:

I hope this is still your correct address. I got it from your father when my wife Elizabeth and I visited him and your mother at Kilgetty in 1976. Perhaps he mentioned us to you at that time. We think that our families are distantly related, though we haven't yet figured out just how.

Having a great interest in genealogy, I got his name from the phone book and began corresponding with him. Then, as I said, we spent a day or so with them when we came to Britain in 1976.

Now we are planning another trip to Britain in August and September of this year and hope to visit them again. However, just the other day the Christmas letter we mailed to them in December was returned by the Post Office marked "Gone away." (It took long enough to be returned!)

I remember that when we were there in 1976 your father said they were expecting to move back to England some time. We haven't heard from them since 1977, I think, so we assume they have returned to England. If you get this letter, I hope you will reply soon and give us their new address.

We have other relatives whom we'll be visiting in the Birmingham area about September 2 to 4. While there I'd certainly like to talk with you on the telephone, and maybe we could even get together briefly.

Aug 27-29 ?

We'll be looking forward to your reply in the near future.

Yours sincerely.

[Lt. Col. George Witheridge (b. 1908)]

Dear Mrs. Cauldrey:

I'm sure you have heard of me through your brother George. I originally got in touch with him through the telephone directory, because of my interest in genealogy. Then in 1976 my wife Elizabeth and I visited him and Mary at their home in Kilgetty, and we had a very pleasant time with them. Since then we have corresponded a couple of times, but not very recently.

In December we sent them our Christmas letter, but we didn't hear from them. Then only a few days ago the letter came back with a notation on the outside, "Gone away." We want very much to know where they have moved to, because we are coming back to Britain in August and September, and we'd like to try to see them again. Would you please send us their current address?

Since we have a number of relatives in South Wales, we'll be spending a couple of nights in Pontypridd about August 30 and 31. We might be able to telephone you at that time, or possibly we could come to Llanelli for a brief visit. We don't have all the details of our itinerary set up yet.

In one of his letters George said you had taken a copy of your father's death certificate to him. I thought he would be sending me the information from that and other certificates, but he never did. I have an idea I could get some clues from you on your Witheridge ancestry if we could have a visit together.

I'll be looking forward to a letter from you with George's new address.

Yours sincerely,

July 10, 1980

Dear Mr. Witheridge:

Your brother George may have mentioned me to you when I was in correspondence with him and then visited Mary and him with my wife Elizabeth in 1976. When our 1979 Christmas letter finally came back in May of this year marked, "Gone away," I wrote to several persons trying to get their current address, because my wife and I will be returning to Britain in August and September, and we were hoping to see them again.

[Lilian Mabel Cole (b. 1905]

[Philip Edgar Hookway]

Your cousin, Lilian Hookway, passed my letter on to her son Philip, who wrote and gave us the sad news that George had died a year or so ago. In a later letter Philip reported that your sister Dorcas had also died in June, and we are very sorry to hear this.

[Elizabeth Witheridge (b. 1916)]

[Corrected to "Couldrey" by Winnie Witheridge, known here as Winifred (Winnie) Reese, Henry Witheridge's (b. 1919) wife, See the next document.]

The others to whom I wrote were your sister, Elizabeth Cauldrey, and George's son Vernon. Of course, I was using addresses that were four years old, so perhaps they never received my letters; but neither one has replied, so I decided to write to you, hoping that your address is still correct.

Would you please send me the current address of George's son Vernon? I'd like to write him a letter, and if he is near where we'll be traveling, we might be able to see him.

Since we'll be in the Cardiff area on August 30 and 31, and will be going west and north through Wales for a day or two after that, we thought we might be able to stop briefly in Llanelli and meet you and your sisters and families--or at least those who might be there at that time.

If you are able to write immediately, we will probably have time to receive your reply before we leave for Britain on August 2nd. Otherwise, it would be safer to send your reply to the address where we'll be staying for several days when we first arrive in Britain. We'll be with Mr. and Mrs. Roy Cook, 81 Ash Road, Sutton, Surrey SM3 9LA. Mrs. Cook's mother was a Witheridge. She will always know where we are in Britain and will be able to reach us and forward our mail.

We hope you can send us Vernon's address, and we hope we can see you in September.

Yours sincerely,

David E. Witheridge

Dear MR Witheridge.

Well I am MRS Witheridge Henry's wife, your letter arrived safely here this morning, few minutes before my husband left for London, to keep, an appointment at Manor House Hospital for his chest complaint. he was accompanied by another member of the family, a MR Howarth, the husband of the nee Miss Witheridge. It was very sad indeed, when George died, such a distinguished soldier loved by all who knew him, & again the sudden loss of Dorcas their sister, she was a regular visitor to our House, & we miss her very much. I gather, that is the reason, that MRS Couldrey has not replied to your letter, as during that time she helped out at Dora's home, as she lived on her own (a widow) everything had to

be cleared away. I am quite sure Elizabeth Couldrey will answer your letter. another Sister of Henrys (Lily May) was at our home, this evening, & she assured me that Elizabeth had received your letter. Now we have not any knowledge of Vernons address, but E. will most probably send it on to you He lives in Solihull Birmingham, & Mary is in a private nursing home in Doncastor & very poorly at this time. I musnt forget to add that Mrs Couldrey, has visited Mary at the N. Home & the other sisters will visit her next week. Nellie the youngest sister lives ~~at~~ in Manchester they have toured wales last week, & her husband went with Harry to London to day. He may have to stay in Hospital for some days, thats the reason I wish to reply to your letter immediatly Henry will write to you as well, Im quite sure all the family would like to meet you, from the date you mentioned. We are not on the telephone, but the rest of the family have one, & will pass it on when each one replies. Hope this is quite clear we received your letter, & I hope you will get it

[Lily May = Mable Lily Witheridge (b. 1911)]

[This Mary was Lt. Col. George Witheridge's widow] before your departure. We are having visitors to see us this week, from Chicago they have been away for 26 years a very dear friend of mine. My niece from Canada are on a visit to Wales on the 30th July & the rest of the family due over early September, This latter part of the news will not interest you, as I am an in law, but I am very happy, to be amongst the family

Did you know that there is a Village in Devon called Witheridge how interesting yes I did hear that some new comers of that name had moved in to Swansea. they are so few & far between, that you must be proud of the name. Some friends of ours had visited U.S.A. & remarked they had noticed a chain of Stores called Witheridge. Well they must be the Wealthy Clan, the ones that live in Wales are the poor ones, but I guess they are very nice. Harry will contact Mrs Roy Cook, as regards your arrival, & arrange a meeting with your Cousins hope you

[United States chain of "Witheridge" stores] will not be disappointed, as we are not so talented, & noble as the late Lt Colonel I will make a note for my sister in law E. Couldrey to send on Vernon's address

I remain
yours Sincerely

Dear Mr. + Mrs. Witheridge:

We received your letter before we left America, but didn't have time to reply because of the rush. We appreciated all the information and the warm, friendly welcome for us to visit you while we are in Wales.

As I said in my previous letter, we'll be in Cardiff on August 30 and 31. On Monday, September 1st we'd like to stop at your place before we drive north through Wales. I think we'll arrive about 11:30 a.m., but we'll have to leave about 2:00 p.m., as we are going to stay in Llangollen that evening.

We have been spending two weeks in Devon learning more about our Witheridge ancestry and meeting some distant relatives.

In Cardiff we'll be at Churchills Hotel those two nights (Phone: 0222-562372). The address is Cardiff Road, Cardiff. Unless we hear from you to the contrary, we'll see you on Sept. 1st. But perhaps you ought to write to us at Cardiff and tell us how to find your home!

Yours sincerely,
David E. Witheridge

Dear Henry, Win, Elizabeth, Sidney, and Lily:

Much has happened since we had such an enjoyable time with all of you at the Couldreys' on the first of September. We had a fine trip through Wales, England, and Scotland. The scenery was magnificent, and we were able to see many relatives and friends. Our overnight stay in Muncaster with Philip, Caenwen, and Jeremy Hookway was a very pleasant occasion.

We also had some fruitful experiences hunting for genealogical data. We haven't tied up your Witheridge ancestors with ours yet, but we did find out a few things.

At St. Catherine's House in London we were able to get the marriage certificate of your grandparents, George and Dorcas Witheridge. They were married in a Methodist Chapel in Plymouth on August 18, 1861. George's father's name was William, and he was a master mariner. Dorcas' maiden name was Hemmett, and her father was Henry, listed as a hair dresser. Both George and Dorcas were said to be 21 years old, so they were born about 1840.

I also have the birth certificate of Dorcas Mary Witheridge (Mrs. James Cole). She was born September 30, 1876 in Morice Town, Tamar, Devon. I do not have it yet, but I ordered the birth certificate of your father, and his name is given in the index as Beauchamp Henry, not Henry Beauchamp. I have also ordered a copy of the birth certificate of a George Witheridge, born near Kingsbridge in 1840, and I am assuming that he was your grandfather.

These and other certificates I ordered (about a dozen in all) were to be sent to Kim Cook in Sutton. She was going to open them and take down the information she wants and then send them on to me. But so far I haven't received them. When they arrive, I'll add the information to my sheets and then send copies for all of you, but this will take some time, of course, as I have so many family lines I'm working on--both mine and Elizabeth's.

In the meantime I hope all of you are compiling the information about your children and grandchildren for me. I know this is a big job, but I'll be glad to receive it one of these days.

As you see, we're enclosing copies of two pictures for each family. We think they came out rather well, and we're delighted to have them. Thank you all for the lovely time we had with you. We look forward to your continuing correspondence.

Yours sincerely,

David + Elizabeth

Dear Henry & Winnie,

Our thoughts are with you at this Christmas season and with all whom we have met on our trips to Britain.

We had nearly a foot of snow a couple of weeks ago, so we look almost like the scene on this paper. Now we hear that Britain has been having a bad snow storm.

Our happy news is that our son Tom in Chicago is going to be married next June to the girl he has been going with for several years. She's a dear and we love her.

We hope you have a Happy Christmas and a prosperous New Year.

Lovingly,

Dear Elizabeth & David

Just a brief note enclosed in your Christmas greetings. hope the festive season will be a joyous one. We have exchanged few nice letters to Annette Witheridge I also wrote to her Aunt. & She replied, hopeing we could meet in London to see the rest of the Witheridge family. I was eager to send Jean to meet some of them. as my health wasnt too good to Travel at that time. I spent 2wks in Canada attending the wedding of my niece, it took some weeks to recover from that Jet Lag. & Cold winter weather. I wrote a letter to you at that time, with the address you had given me some time ago. All your Cousins, at this end are very well indeed, & Elizabeths grandaughter, had a lonely. daughter. born on 17th June this year. 2 days. before her great Aunts Birthday. Lil who would have been 76 yrs. old.

**Wales**

Nellie the youngest Sister who lives in Manchester, has moved in to a New Bungalow. They origanally lived in a Council House. Her husband was left a Substancial sum of money after his Aunt. They laid it out in buying this lovely Bungalow. They are delighted with the move, only one thing marred their Joy. One of the twins gave birth to a still born baby girl. The family had really looked forward to it. Elizabeth & Sydney Couldrey spend much time in Manchester, & will Celebrate the New Year with them in their New Home. My grandaughter was in America in April singing with our Local Choir. They all enjoyed their visit, & found the Americans very friendly. I have given your adress to each one of your Cousins.

Dear Winnie, Jean & Elaine, (Witheridge)

I know I owe you more of a letter than this, but because of the rush of the season, it can only be a Christmas greeting.

We did enjoy getting your letter in March with all the news and also the letter you enclosed from Annette Witheridge. She seems to be a very interesting person. After you gave her my address, she also wrote to me. I wonder if she and Kevin Cook ever got anywhere with the Witheridge Society they were going to organiz

We're also glad to he that you had a good trip to Canada.

Our health has been reasonably good this year. The best of Everything to all of you.

[1988 trip plans]

February 10, 1988

Dear Winnie,

I am writing to give you the exciting news that Elizabeth and I are planning a month-long trip to Britain, beginning about the middle of May, and we hope to be able to see you and the other relatives in Llanelli. We expect to arrive in London on May 14, and after about a week in the London area, we'll be hiring a car for three weeks and driving through England, Wales, and Scotland.

We'll start out in Essex, where Elizabeth has her Plumb roots. Then we'll spend several days in Devon. We plan to arrive in Wales on Tuesday, May 31, and visit first my third cousin, Bill Roberts, who lives in the town of Ynysybwl, near Pontypridd. On Wednesday we want to head north in Wales to Ruthin, where some ancestors of Elizabeth once lived. Before we go to Ruthin, however, we want to come to Llanelli, and we hope we can see several of you there.

We know Wednesday is a working day, but we hope you won't all be tied up. We'd probably get there about 10:15, and we'd have to leave again by about 12:45. That isn't very long, but we'll be under a very tight schedule. I note that you work in a jeweller's shop, but I wonder if you might not be able to adjust your hours that week. Perhaps Elizabeth and Sidney are completely retired by now.

When we were there in 1980, as I recall, we met you and the others at the Couldreys. Perhaps that would be the place to meet again. We'll have to leave it to all of you to decide. You said Elizabeth and Sidney spend a great deal of time in Manchester with Nellie and her husband, but we hope they could arrange to be in Llanelli that day. We'd also like to meet any of the children or grandchildren who might be available. (I must admit I can't keep them all straight in my mind.)

We recently noticed that Henry's, Elizabeth's and Nellie's mother was Elizabeth Munro, and we have recently discovered that my wife Elizabeth also descends from the Munro Clan! So now we have two possible family connections. We'd like to talk with Elizabeth about the Munro Clan and her mother's ancestry.

Please let us know right away if Wednesday, June 1, would work out for you people. If not, we can try to make some changes in our itinerary. We hope to hear from you soon.

Love,
David + Elizabeth

Dear Elizabeth + David

Thank you very much for your letter received on the 15th just in time to give the news to Elizabeth Couldrey + co. It so happened that on the 16th her great-grandson was two yrs old. on that day also our Jean's Birthday. Helen Ely grandau had arranged a Birthday party for her son, + very kindly invited Jean [dau.] + I + Elaine, [gr. dau.] to the celebration they were about 14 children in all not forgetting their Mothers. I took the letter for Elizabeth to read. Syd, Couldrey was there as well, he hasnt been well thro' the Winter, but very glad to spend an hr with the family. Elizabeth read the letter, + I allowed her to take it Home with her. So she could reply a personal letter to you. She was phoning Nellie [Howell] in Manchester, to make sure. She + Some of the

Wales

family could come down by June 1st yes. Eliz Couldrey would be very pleased for your visit at her Home on that day. Julia. her daughter that lives at Home will be away. to some part of Spain during that time. We will do our best to let most of the family meet you as suggested I had a lovely letter from Annette Witheridge, She no longer a reporter with the News of the World. we no longer see her name in the news. She mentioned that she had written to you a while ago. Kim also wrote a letter to us at No 7. I have no further information to give only assurance that Eliz will be delighted & looking forward to seeing you both on June 1st. Glad that you will be able to meet Nellie. they are very much part of the Munroe's family too. I believe most of the grandchildren have Munroe added to their names. A Name as good as the Witheridges. Eliz has bought a Book relating to George's History during the War. She is eager for you to read it. plenty of news when you arrive at the Couldreys. Sincerly hope that She will make an effort to write few lines to you. if not you will be welcomed all the same.

Dear Winnie,

Thank you for sharing my letter with Elizabeth. She wrote a lovely letter welcoming us to their home on June 1, and we are looking forward to seeing again those of you whom we met last time and meeting a number of new relatives.

As you no doubt know by now, Elizabeth called Nellie in Manchester and is very hopeful she will be able to come for our get-together. Both my wife Elizabeth and I will enjoy meeting Nellie – Elizabeth because of the Munro connection and I because of the Witheridge connection. It's fun having so many ties to people all over Britain when we come there to visit!

I must tell you that Kim and Roy Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. I'm sure you have their address. Their phone is 01-777 6072.

I've written to Annette, and we're hoping we can meet her while we're in London. There is also a young attorney in London, Robin Witheridge, whom we met in 1980 and hope to see again.

That is all for now. We'll be seeing you in June.

Love,

David + Elizabeth

September 2, 1988

Dear Winnie, Jean, + Elaine,

It was delightful seeing you all at the Couldrey's in June. That was a lovely gathering, and we are pleased that so many could be there. We wish we could have stayed longer and had more time to talk.

We enjoyed our trip to Britain very much. The flowers and scenery were beautiful, and we loved our visits with relatives and friends.

When we got home, we both had very bad colds, which lasted several weeks. In addition, we arrived in the midst of a drought and severe heat wave. Because of our colds and the excessive heat, our energy level was very low, and we still haven't finished everything that had to be done after our trip, including the writing of many letters.

As you see, I'm enclosing three copies of a picture I took — one for each of you. I hope it will remind you of our lovely time together. I'm a little uncertain of your last name, Jean. I wrote it down as Witheridge, but I don't know if that means you are unmarried or that you were married and have returned to your maiden name. You have never given me all the information on your family, Winnie, and I have tried to piece it together from your letters. Please set me straight!

Thanks for the postcard from Canada, Jean. We are glad you both could take that trip, and we hope you had a wonderful time. If any of you can arrange a trip to Minneapolis some time, we'd love to show you around our beautiful area. We have 14 lakes right inside the Minneapolis city limits.

Best wishes to all of you in the coming months.

Love,

Dear Minnie (also Jean + Elaine),

Thank you for your good letter. I'm glad you keep going, in spite of occasional problems. My health remains good, and I keep very busy.

[Martha Gilmore and Janet Sauter]

I have some interesting news. I have recently found two Witheridge descendants in New Jersey, whose line goes back to South Milton near Plymouth in South Devon. That's where the ancestors of Henry, Elizabeth, Lilian, George, and the other Witheridges in Wales came from. So they are closely related to your family.

[South Milton branch of Witheridge family]

I've been urging them to go to England next May for the annual Witheridge gathering, so they can meet some of their Witheridge relatives and also go out to Devon to see where their ancestors came from. They both would like to go very much, if they can work it out. Their names are Janet Sauter and Martha Gilmore, and they are sisters.

So I hope Jean and Elaine and some of the other cousins who are young enough to travel will get to meet them. I was thrilled to know that Jean really had intended to go last year, so I hope she will do it this year. The meeting this year will be in Gloucestershire, which will be a little closer to you than Devon. Then those who want to go to Devon will make a special trip there.

When I get more information about the meeting, I'll send it to you. Please start making plans now, Jean, and talking to your cousins.

Love,

David

Dear Winnie (and Jean and Elaine),

Since I haven't heard from you, I assume that Jean and Elaine are not planning to attend the Witheridge Day on May 4th. I had told you I would let you know where it would be held this year, but I didn't know myself until the recent issue of the Witheridge Times, their journal, arrived last week. The meeting will be held this year in the small town of Winchcombe, Glos., not far from Cheltenham.

I'm writing to let you know that Henry's distant cousins, Janet Sauter and Martha Gilmore, will not be able to attend the Witheridge Day activities this year. They have recently had serious illness in the family. In particular, Martha's young married daughter Rachael had brain surgery to remove a malignant tumor. She is now undergoing radiation therapy, and of course the outcome is unpredictable. In the meantime, Martha has been taking care of Rachael's young daughter and is very busy. Our prayers are with them all.

I thought you should know, just in case Jean and Elaine were hoping to meet them on Witheridge Day. They are both greatly disappointed, and I know they want to go to England some time--probably not next year, because Janet's daughter is getting married the first weekend in May, 1999.

Things are going well with me, and I hope all is well with everyone there.

Dear David & family.

Well, I have just opened our back door to look out, what is a dreadful night. raining heavily & gale force Wind, it does not deter children, singing Carols at our front door. Yes I believe it is early but not so to start writing & getting the mail posted. I have many to post overseas this year again mostly my family & few friends, my Sister who is 2 yrs younger than me suffers with the Alzeimers disease, I have mentioned it before. She phones in almost everyday to find out, how I am. I guess she does it while her husband is out on his daily walk. strictly Speaking she should not be left alone her memory is very bad. only Satisfaction she gets to have a chat with me her only Sister left out of 9 in family. Their phone bill must be high. I cannot afford to contact more than once a week & besides no news to say. I am nearing my 80th Birthday next year, & have enjoyed living happily the last few years. Our Jean looks after me well & being an Ex Nurse understands me if I were her patient. She has Joined two Choirs Since last year. One is the Town Choral Soscieity & the other the Eisteddfod Choir over 500 members practice 2 or 3 times a week & more often this time of year: They hold Concerts in the local Churches or Chapels & Hotels in between they hold some evening parties The Choir Master invites MUM as well. Ive never had it so good. last week they had a wonderful fashion Show - proceeds towards needy Charities raffles included. & I won a large Bottle of Sweets my luck was in. This Coming week, we have the Mothers Union dinner following day /evening. A Carol Service at a Church few miles away all Mothers Union branches gather together & Im proud to mention Jean carries our Branch Banner. on the witheridge side of the family we see little of them ~~Sie~~ Since, Elizabeth Couldrey 82 yrs. aged 83 this Dec 3rd passed away on the Boxing day: after a long period of suffering but never complained & was out & about until the last 2 wks. Syd the husband was 87 on Nov 26th their daughter Marlene & her husband have built a very Big House. few miles out of Town. Wishing to have moved in before Christmas, Bad weather a hold up. Syd still remains in the Old Home. Elizabeth willed the House to her eldest daughter Julia who lives accross the road. Both girls check up on him. Should they take a Holiday break, they put him in a Nursing Home. he is so frail & skin & Bones, he should have Constant Nursing care. Now arent I so "lucky" no selfish needs in this house. Nellie (Elizabeths sister is still in Manchester enjoying her Careing family. She has certainly missed coming to visit the Couldreys. A family gathering took place last year in Llanelli it was Lil Mays (Witheridge granddaughters wedding about 60 guests in all So all the Witheridge clan attended. (nephews neices & in laws etc immediate family relations. Now we only get in touch Xmas time Jean & I deliver Xmas Cards to them all. few babies are born in the family as well I have just written a letter to Annette, she remembers us each year.

We think of you often & moreso this time of year. hope you will enjoy the festive amongst your lovely family: Elaine our special niece & granddaughter lives few streets from here & teaches at the local School. we see her every day. Jean & I take out her Spaniel DOG. for excersize. & keeps us healthy as well. Elaine & Boyfriend spent a week in Somerset with the Witheridge Grandson. who is a Solicitor & his lady friend who is also a ~~Barrister~~ Barrister. they have recently bought 2 thatched Cottages. [Witheridge] February 3, 1988

Dear John,

Perhaps your Uncle Harry or your Uncle George has told you about my wife Elizabeth and me. We have had two very enjoyable visits with them and their wives on our trips to England in 1976 and 1980. We have continued our correspondence, and Harry has written about you in several of his notes.

I have been interested in genealogy for many years, and I originally found their names in the British telephone directories at the New York Public Library. In addition to my own ancestry in Combe Martin and Berrynarbor, I have traced theirs (and yours) back into North Devon, but have been unsuccessful so far in tying our two lines together. I'm sure all the North Devon Witheridges are related, however.

I'm writing at this time because we are planning a month long trip to Britain beginning May 13th. After about a week in London we'll be hiring a car for three weeks and driving through England, Wales, and Scotland. We hope to see Harry and Toots and George and Gwen on the evening of Tuesday, May 24th. The next morning we are planning to visit Windsor and Eton on our way to Exeter that evening by way of Salisbury.

What we are wondering is whether it would be possible to meet with you briefly while we are there so we could get acquainted. I'm estimating that we might be in Windsor and Eton from about 10:00 a.m. to 1:30 p.m. We'd be very grateful if you would write and let us know if you will be there on Wednesday, May 25th, and could arrange to see us. We look forward to hearing from you.

Yours sincerely,

Dear John + Sarah, Witheridge

We certainly enjoyed meeting you and your children on our trip to England this summer. You do have a lovely family. It was very kind of you, Sarah, to prepare such a delicious lunch for us. We also enjoyed our visit to Windsor Castle, and we wish we had had time to see more of Eton College.

Here are a couple of pictures we hope will remind you of our visit. It was especially good to meet so many of the Witheridge family at the home of Harry and Toots.

Our trip to Britain worked out very well, and we were able to accomplish almost everything we had planned. The only problem was that we both came home with bad colds, probably because of weather we are not used to in May and June. When we got here, we found they were in the midst of a dreadful drought, with one of the hottest summers we've ever had. This plus our colds left us with a very low energy level for several weeks. We still haven't finished everything required after our trip, including the writing of many letters!

We hope that your summer is going well, and we wish you the best of everything in the coming months.

Yours sincerely

Dear David and Elizabeth,

Thank you for your letter,dated April 2nd. It was very nice to hear from you,Thank you also for the two years subscriptions,you will find enclosed a receipt for the amount that you sent and also a copy of the exchange rate and a breakdown of how the cheque was paid into the bank. You will notice that it worked out after all charges are made that you are two pounds and three pence short of the total.This equals 3.100 dollars. Is that the correct way of writing it.? But leave this amount until next year and add it to that total. I will question Jason about the date of you last payment

| | | | |
|---|---|---|---|
| next year......... | 21.55 | dollars | |
| plus | 3.10 | .. | for this year difference. |
| Total | 24.65 | .. | |

Does this make sense to you. I am afraid it is the first time that I have had to work out the rates myself.But I am sure the figures are correct.

[EPW]

Well David I hope that you are keeping well and that Elizabeth is still making progress after her fall and long stay in convalescence. I was going to write to you both as soon as I had time.So now I can answer your letter and ask you for some information at the same time.

Recently I have been working on the Combe Martin and Berrynarbor trees as you may have noticed.There is much more to be published and quite soon. One article concentrated on the ladies of that family. The ladies that married our menfolk. I have delved back into four or five generations of the Gear family.and The blackmores and the Northcott/Norcott and several others of the same period. That article is complete. But in doing so I came across Elizabeths name in the who's who of Authors and writers. So I tagged a few note on to the end of the article. This led me to wonder if you would Help me with an in depth article about the two of you.With items about your respective parents and Grandparents brother sisters and the younger generations etc. As far as I am aware, there has never been any thing written about your family,except for the brief mention in the Combe Martin report some years ago. I must admit that I know nothing about you apart from the fact that you are of the clergy and elizabeth was a teacher and an author. Do you think that you could both find the time to help me in this. I seem to be drawn to this family of yours. I have correspondence in every continent of the world, all passing on information about their particular branch of the Combe Martin and Berrynarbor Family. I must admit I find it fascinating, even though it is not My family line. Perhaps we can print out a modern tree with a report that high lights the more recent aspects of your family branch.

I will of cause pay for the postage, should you agree to help in this.

I look forward to receiving your reply.

Please take care of yourselves and each other.

Yours Sincerely

Mayda and John Witheridge.

Dear John,

Ever since I read your article in the Spring 1995 issue of "The Witheridge Times," I have known that I should get back at my work on the Pennsylvania branch of the Witheridges so I could send you what I have. As you may remember, that was a bad time for me, and I didn't get back into this until a short time ago.

Also, back in 1989 I began working on the New Jersey Witheridges, whom I had found through a list in a little book,"Witheridges across America." This I had also had to discontinue until recently. I was sure they were related to the Pennsylvania family, because Keith's father, Thomas North Witheridge, had been born in Wharton, N.J., before his family went to Pennsylvania.

However, I find the two families are not related, at least not in this country,as the enclosed family -group sheets show. The New Jersey family goes back to Andrew Witheridge, who was born in England in March of 1844, according to the 1900 Census. However, his age was given as 34 in the 1880 Census, which would have made him born c.1846. Since my records don't show any Andrew Witheridge, I don't know where he came from, but someone can find out by going to St. Catherine's House. Maybe you already have his birth record.

As you can see, I made extensive use of the indexes of the Federal Censuses of New Jersey and Pennsylvania, which I got through the Mormon library. I had considerable success in piecing these two families together, but not in connecting them to each other. In both cases there are a few individuals who don't seem to fit in as yet.

I'm sending you copies of my family group sheets so you can write further about the Pennsylvania and New Jersey families for "The Witheridge Times." I'm also sending copies to Kim. Perhaps you two may want to confer about finding the English ancestry of Andrew.

I haven't been in touch with Keith for many years, but with the new address I have for him, I hope to be able to send him copies of the Pennsylvania family sheets. I'm also going to try again to contact the New Jersey Witheridges and send them the information about their branch in hopes that this time they will respond.

I'm looking forward to coming to England next May and meeting you and many other members of the Society. We should have a great time together in Devon.

Best wishes; sincerely,

①

Dear David,

26 TH OCTOBER 1996

I was so pleased to receive your letter dated october 11th. It is great to hear from you and equally pleasing to realise that you have now been able to come to terms with your tremendous loss and this tragic event, That you are now able to devote some of your time to another love of yours, The Witheridge Families of the World.

[Lavish praise for DEW]

I have entered all your information onto my computer and have begun to shape it into a form that my machine will recognize. Before I carry on with this letter I must pass on to you the regards of many correspondents to whom I write and who also in times past were correspondents to your good self. I seem to have taken up where you left off. All without fail write concerning you, with affection and in many cases gratitude for your interest and assistance. This to me is the sign of our greatest ambassador. One who we all hold in the greatest affection and love. I personally thank you for setting me a target to work towards and in time, perhaps to achieve some day. Indirectly you have opened doors for me, that perhaps would have remained shut. This purely by association and joint membership of our Society. I have worked for the good of our society and for genealogist all around the world under the influence that you have set.

[24 lines redacted here at the author's request that DEW "not ever mention this letter" to anyone]

Now back to more pleasant things

Andrew Hannaford Witheridge Born Kingsbridge Devon 1842 in the december quarter. St Catherines indexes 1X 352.This could be a possible connection to your Andrew in New Jersey. We can take him back Two more generations.

We have evidence that this Andrew married in 1863 in Kingsbridge and had a son Also Andrew Hannaford in the year 1864 Kingsbridge then the family seems to have disappeared so on the plus side we have no furtner date on his family unit.Other than those provided by you.

ANOTHER SON
Francis George December Quarter 1867 Kingsbridge 5b 210
But as yet I have no sign of William H 1865

There are possible other members of this family unit born in 1667. Female twins which I suspect may be related. I will research these item further and draw up a tree. Possibly completed next month incorporating the 1881 census readings

In the research concerning the family descending from Richard Witheridge and Mary Philips

Richard Witheridge bc1835 Married Tavistock 1861 DEATH. In Australia NSW Broken Hill 1904 Reg No 1904 4857

This is an item that has not shown up until now. This could possibly be
Ann Witheridge born 1850 Tavistock 1X 470 December quarter

I am at this present moment following up the Ising marriage in the hope that we might secure more members and naturally more history.

Some time in the future this tree will be published and a report written. If you wish I can develop a tree connecting these family branches,for you at any time..

again I can produce a tree if you wish.

---

As you suggested I will start to produce a report and tree concerning the Pennsylvania and New Jersey families. But before going to press I will send you a copy for your comments and additions. Perhaps we can release it as a joint effort.

Well I think that is all for now. Please take great care

We all look forward to meeting you next May. Dont forget to inform Richard of your intention to come.

Dear John,

Just a quick note to send you these revised sheets for the New Jersey Witheridges. I got the changes from the 1915 State Census of New Jersey, and from a telephone conversation with Janet Sauter.

Among other things you will note the change of the Bleakley marriage to a different generation. I must have misunderstood what Janet's mother told me over the phone in 1989.

Sincerely,

David

16th November 1996

Dear David,

It was very pleasing to see you write again so quickly, Especially with item rectifying some previous errors that you had found. I much appreciated this data.

You will find enclosed the full tree.As Promised. Or as far as I can manage at this present time. I had only intended to send the direct ancestors for the family link that you provided. But as usual the more I researched the further I found that I could take the complete family connections. I have included some items that Philip researched two years ago. So now it seems quite a grand edition of many smaller segments of this great family. You will of course realize that this is a very quick and perhaps some what sketchy appraisal of the family and as time goes on I will trim it to size and condence the matter to look much tidier

Some time in the near future I am sure we will take up the challenge and carry out some more research in this group of families , But for the time being this new research will be sufficient, at least until we find new members from this group to warrant more research.

I will send a copy to Kathy in Canada, so that she might be able to interest some of the North American Witheridges of this family into joining the society.

I found great interest in the fact concerning the "Maher" marriage of Margery b 1897 daughter of William Henry b 1865. You may already know that we have a marriage of this name in the Melbourne Branch of the Combe Martin and Berrynarbor and Tyneside-New Zealand family grouping and indeed very distant relationships to your good self. The name is of Irish origin and from the Tipperary area (Not sure if this is the correct spelling) in that beautiful country.

I still have not been able to Locate William Henry circa 1865 son of Andrew Hannaford Witheridge b1842. Which is very strange. Perhaps his name has accidentally been excluded from the St Catherines records. I will have to carry out an in depth search of their indexes to find out where the name is. If the older and younger brother are listed, what has happened to the in between member of the family.

Another interesting point that I have uncovered concerning this research. Is the location of a person of the name "W E Hine". I have located the address of this person (Not knowing if they are male or Female.) I will write and invite him/her to the Witheridge 10th anniversary gathering. This person lives in Devon, at Kingsbridge.

I hope you like the little sketch at the top of the letter, as you can see it is of the Mill and Mill cottage in Witheridge. This was taken from the Bill heading of a Shop selling Charms and such. From over 100 years ago. It was posted to me by one of my correspondents.

Just as a matter of interest to you. Edward Witheridge (The subject of My article in the last Witheridge Times) and his brother John lived in Boston in the 1640s They were both ship owners and highly respected mariners and church dignitaries. Edward wife was a Quaker. More about them in my next article. He was rather a contradiction in terms. A passionate man concerning his religion and yet a man possessed with getting revenge for his fathers, his own and John's losses, of vessels to marauding groups within the Mediterranean. Also both Edward and John devoted a great deal of their lives to the capture of Prince Rupert.

Well once again I think it is time to post off this letter to you. It is already much latter than I expected. The tree took two complete weeks of my spare time. I hope you find the result interesting. We will need to build up a report concerning this family and the submit it with this tree for the Witheridge Times.

Wishing you and your family all the best for the Christmas period and hoping the years to come will be happier for you than the last year. God Bless.
Please take great care.

November 20, 1996

Dear John,

[Andrew Hannaford Witheridge]

I am continuing my work on the ancestry of Andrew Witheridge, and I thank you for your information about Andrew Hannaford Witheridge, born in the fourth quarter of 1842 in Kingsbridge. In her reply to my letter to her, Kim also mentioned Andrew Hannaford Witheridge and sent me a computer printout of her complete record of this family. It goes back to John Witheridge, born in 1712, and living in South Milton in 1740 when his son John was born. I"m sure this is the right family, because of the similarity of so many of the names. However, I am not sure that Andrew Hannaford was the Andrew who came to New Jersey. I can't see any reason why he would have told the census taker so definitely that he was born in March of 1844, if he actually was born in November of 1842. Perhaps there was another Andrew Witheridge who hasn't turned up in the records yet. At the present time I'm searching the census records of 1851 and also the St. Catherine's House index for 1844. We'll see if anything turns up.

[Kim Cook]

I'll be glad to see what you produce in the way of family trees for the Pennsylvania and New Jersey families. Perhaps we should wait just a little on the New Jersey ancestry until we are convinced there was only one Andrew, instead of two, as I am now thinking.

Thank you very much for your letter.

Sincerely,

[DEW: "I don't think we are ready to publish this material"]

December 10, 1996

Dear Mayda and John,

Christmas greetings and best wishes for a healthy and prosperous New Year! Christmas will be hard again for me this year, but I'm glad to have my family nearby, and they are very supportive.

Thank you very much for your letter and the very good family tree, John, of the South Milton, Kingsbridge, and Thurlstone Witheridges. I've done some of this, but I'm not as adept at it as you are.

I have done a little more work on this family, but I find that with the rush of things, I'll have to delay any further action until after the Holidays. I don't think we are ready to publish this material until we clear up a number of items.

For one thing, I notice a few discrepancies between your information and the computer printout of this family sent to me by Kim. I think you and she should compare notes, probably when things calm down after the first of the year.

I've now concluded there was only one Andrew, and he was the one born on the 6th of November, 1842. The birth date of March, 1844, given in the U.S. Census was probably just a typical census error. I've carefully searched the 1861 English census records in all the nearby towns and not only can't find two Andrews, but I can't find even one. The family may have been away at this time and have come back later, as they had a son Charles born in Malborough on the 22nd of August in 1870.

Why William Henry appears in the New Jersey records, but not in England, we'll have to keep working on. There is also the disappearance of this son Charles from the family before the 1880 census in New Jersey. I've ordered the 1871 census of Malborough and the surrounding area in hopes that the family will turn up there before they came to America later that year.

I'm also thinking there were actually three Witheridge brothers who came to America: Andrew Hanaford, William Henry, and Charles. Charles apparently never married, and in the 1900 New Jersey census he had living with him a nephew, William Henry (said to have been born in Dec., 1878), and a niece, Lydia A. (said to have been born in Sept., 1874, in New York). This William H. was not Andrew's son, because his William Henry was already married at that time and appears in the same 1900 census. Perhaps Andrew's brother William Henry was in New York State between 1874 and 1878, but he or his wife don't appear in the 1880 census of New York, so they may both have died or moved somewhere else. Anyway, I think Charles' nephew and niece were William Henry's children, but we don't have anything to prove it. Once again, have a great Holiday Season!

Sincerely,

Dec. 19, 1997

Dear John,

I hadn't done anything about the New Jersey Witheridges for a long time. Then Joyce's article about the South Milton family in the "Witheridge Times" reminded me of them, so I called both Janet Sauter and Martha Gilmore and told them we know their Witheridge ancestry back to about 1700 in South Milton. They were delighted with the information. I urged them to go to England next May to meet some of their English relatives and to go out to Devon to see where their ancestors came from. They both want to go very much, if they can work it out. I told them the meeting would be in Gloucestershire, but they could take a special trip to Devon. Maybe some who want to go to Devon from Gloucestershire could go in car pools--either private or hired cars.

I JUST WROTE MY Christmas note to Phil and Caenwen Hookway, who comes from that same South Milton family, and I told him about Janet Sauter and Martha Gilmore and their desire to go to England in May. I urged them to go to Gloucestershire in May and meet their American cousins. His address is now Is-y-Coed, Meifod, Powys SY22 6BP. Can you get him back on the Witheridge Society mailing list?

Then I got my Christmas letter from Winnie Witheridge in Llanelli in South Wales. She is the widow of Henry Witheridge, who, like Philip Hookway, stems back into South Milton. She said her daughter Jean was planning to go to Devon last May, but had to cancel at the last minute, because the relative she was going to go with couldn't go. So when I wrote to her, I told her about Janet and Martha and urged Jean to go to Gloucestershire in May to meet them.

Perhaps you know of some other descendants of the South Milton family who would be interested in going to the meeting in May if Janet and Martha are able to make it. I hope they can work it out, and I hope there will be a good turnout of society members. Must close.

Sincerely,

April 19, 1998

Dear John,

By means of my new computer I'm sending essentially the same letter to you and to Kim and Joyce and Graham. I want particularly to send these revised family group sheets of the South Milton ancestry of the New Jersey Witheridges to all of you, because you have done so much on this family.

I finished these sheets in their present form about the middle of January and sent them to Janet Sauter and Martha Gilmore, and also to Jill Pierson, the newly-found member of the New Jersey Witheridges, whom my son Jim and I found in December on the Internet. Jill, a college student, was absolutely thrilled, and she hopes someday to join the Witheridge Society. Her name was in a list of about six Witheridges, because she said her hobby was genealogy, and Witheridge was one of the names she was searching.

I delayed sending these family group sheets to you, because I kept hoping I would hear from Janet and Martha that they were going to England this May. I had told them I would let them know where the meeting was going to be held, but of course I didn't know myself until a week or two ago when the Spring Issue of the Witheridge Times arrived. At that point I called both of them and learned that they couldn't go this year, because Martha's young married daughter had had surgery for a malignant brain tumor, and Martha has been taking care of her young granddaughter. What a sad situation!

Then I had to write to Philip Hookway and Winnie Witheridge to be sure they didn't go to the Witheridge Day meeting especially to meet Janet and Martha. I hadn't heard from either of them, but I wanted to make sure they knew that Janet and Martha weren't going. Janet says they won't be going to England next year, either, because her daughter is getting married the first weekend of May, 1999.

When I was working so hard to get these South Milton-New Jersey family group sheets corrected—all laboriously by hand—I suddenly decided I had to get a new computer capable of handling the best genealogy programs. I was using the old computer Jim gave me when he got a new one, and it wouldn't accommodate anything but the simplest genealogy program. So Jim and I spent several weeks deciding what I should get, and I got a very good one about March 10th. But that has kept me very busy learning all about it. My genealogy program hasn't arrived yet, and when it does come, I'll really be busy.

[Irene Adams (b. 1925)]

I have some sad news to report, which you may have already heard. Last Thursday I had a telephone call from Neville Birdsall, the husband of my second cousin Irene, saying that she died on Tuesday, April 14th. You will remember that about a year ago she had surgery for a malignant brain tumor, followed by radiation therapy. I know you will want to pass this information on to the Witheridge Society on May 4th.

My thoughts will be with all of you on Witheridge Day, as I fondly remember our good time last year.

Sincerely, David

October 14, 1999

Dear John,

Thank you for your fascinating article about John and Edward Witheridge in the Summer 1999 issue of "The Witheridge Times." I enjoyed it very much, especially because I must be distantly related to them. I believe the Barnstaple and Combe Martin Witheridges are related, although we don't have records far enough back to show the relationship.

I took your suggestion about the book, New England Merchants in the Seventeenth Century, and looked it up. To find the information about the author and date of publication I checked the catalog of the Library of Congress, which is our most complete library here in America. Fortunately, they have their catalog completely online, so I typed in the title, and in a few seconds this appeared:

> Bailyn, Bernard.
> The New England merchants in the seventeenth century.
> Cambridge, Harvard University Press, 1955
> viii, 249p., illus., maps, geneal. table, 24cm.

I found that the book was in our Minneapolis Public Library, so I had it sent out to our neighborhood branch only a few blocks from our house, and in a couple of days I had it.

[See below]

It is a very interesting book, and when my son Tom saw it, he said it is a classic in the field and had won a Pulitzer Prize. He had used it in college in the 1960s and had read it from cover to cover. He said there was no Witheridge mentioned in the book or he certainly would have noticed it at that time. He was right. There is no Witheridge in the index, and I haven't come across any in my reading so far, though I haven't completely finished it. Neither is there a great deal about the fishing trade.

The book is mainly about the internal traders in the colonies and the development of the economic system over the decades of the 17th century. It is of great interest to me as an American, as it deals with a phase of colonial history that we never learned about in school. It may not be as interesting to someone in England, but you may want to try to get it on interlibrary loan from some library there just to check it out for yourself.

I'm sure there is more information about the Witheridge sea captains in early colonial records and some of the published works cited by the author. But it would take an endless amount of time (the book grew out of his Ph.D. dissertation) and access to the Harvard University library and other New England specialized libraries. There is a half page of printed secondary sources listed by the author on the subject of "Fisheries."

Well, that is my report on the book, The New England Merchants in the Seventeenth Century. I wish it could be a better one.

Best wishes to you and your family,

David

(JohnEng 101499)

Editor's note:

I don't believe I said this particular book won the Pulitzer (it didn't), but Bailyn did win it (twice) for other books.

# FOR GOD AND COUNTRY!

The lives of John and Edward Witheridge
God Bless Them Both!

by John Witheridge - a fervent admirer!

I have hinted many times in the past few years, that I would be writing an article concerning these two Witheridge brothers. As always I find great difficulty in collating all the relevant information into one such article. As the areas of research fall into place for one section of the story line, then other items emerge to disrupt the flow. Here in this article I have given you almost a precis version of the accounts which I have researched in general. It may be that at some time in the future I will be able to recount areas of the lives of these brothers as single stories with updates. So here are the facts

Aspinwall, Notarial Records 218, (HCA 13/62 20 Dec 1648) and (HCA 13/64 14th Feb 1651) (Depositions and Proceedings).

These very early Admiralty records give us, the reader/researcher, an insight into the lives of two of our ancestral sea-faring men. These men were descendants from the North Devon families of the Barnstaple area.

BERNARD CAPP (whom I wish to acknowledge for the information and sources noted) - in his book "Cromwell's Navy", refers to many American and British sea traders who in time formed the backbone of Cromwell's Navy - a Navy that many of us never knew existed. History tells us much about other periods of naval history, but very little on this specific period. I seem to have cornered a little part of history here, giving talks and lectures about our ancestors and the men whom they knew. For those of you who have interests in history, but in a wider view than family history, I list the following names to show the roll of honour to which our family name and ancestors were linked Indeed, showing that from an early date, our families were an integral part of world wide history.

*Nehemiah and John Bourne.... William Goodson...Thomas Graves...Mark Harrison...John Littlejohn...John and Edward WITHERIDGE Robert Dennis... Nicholas Foster... Charles Saltonstall...* and before them.... *Maurice Thomson... Gregory Clement MP...Peter Strong...Nicholas Reed* (an early commander of "The Sovereign) *Lawson... Haddock... Samsun. Myngs... Whetstone...*and many many others.

Bernard Capp goes on to relate that the Witheridge brothers (Note*) had been active and well established in the NEWFOUNDLAND fisheries, as was John Witheridge their father in his ship "The Eagle", a generation before them. (See the Witheridge Times, Vol 6 No. 4 Winter 1992, pages 6, 7, 8, 9, 10, 11, 12 and 13.)

John and Edward Witheridge, in their turn, also plied the high seas, carrying fish to Spain from the prolific waters of the New England coastline, then importing to England the wares of the Mediterranean and the North Atlantic continental ports of Spain, France and Portugal, returning on the third leg of their sea trading trip, back to New England. From England they probably sailed from the Devon ports, but possibly from London and Southampton.

I suspect that Barnstaple was their main port here in England as they would still be very close to their relations who were living in and near Barnstaple. These journeys imply that 'home' was in Boston, New England. These triangular routes were being sailed before the year 1648, probably even before 1640. Certainly John would be 37 years of age and Edward 24 years. Just think that at 24 Edward was part owner in his own ship - the ship which he also commanded as captain.

A few years later, in 1650, they are recorded in (HCA 13/64 as above) to have changed their routes to a Lisbon-Brazil course, sailing south/south west and calling in at Barbados en route.

Trade must have been good, and records can be found for their activities in the book "New England Merchants in the Seventeenth Century" found at Cambridge Massachusetts. (Does anyone know of this book's whereabouts? Perhaps one or more of our members in the Americas might be able to locate it?)

Nearer to home we might find access to (PRO RG 4/4414). (fo B Baylyn) Help Please!

London PRO should cover this research.

Now look at the tree based on Joyce Browne's article of 1992. This has a few alterations and additions as research since 1992 has led us to believe that, in 1630, Judith Beere married the John Witheridge born in 1603, (the subject of this article) and not the John Witheridge born in 1604 as shown on the 1992 tree.

In this section of researches we can find confirmation that both John and Edward had ships... one each. We find that John died in 1652 and Edward lived through the 1650s. (In fact we do know that Edward lived well into the 1680s or beyond. We also know the exact date that one Captain John Witheridge died, and a possible two dates on which another Captain John died.).

On trading for some time on the Lisbon/Brazil routes, John and Edward found themselves loading and unloading in the port of Lisbon, Portugal. The records I have read are somewhat conflicting at this stage - dependent I am sure on the political stance of the authors. As there were many telling this tale/tail, and from many a different bias, I suspect some wagging went on. (Please excuse this pun!)

This is how I see the happenings as they unfolded:-

John and Edward both docked and unloaded their cargoes from Brazil. (I wonder, was the coffee trade in existence at this time??) Certainly there would be many other riches aboard on both ships.

When the cargoes were safely unloaded, it seems that the crews of both ships entered into fervent discussions with neighbouring ships along the dock, as to the rights and wrongs of the Civil War at home. This would under normal circumstances be quite acceptable, BUT the ships docked each side were those of the fleet commanded by Prince Rupert, the admiral of the English Royalist fleet.

I have it on very good authority that cannon fire came into this equation. Typical!!
Yes, our Witheridges were for the Commonwealth and the Rump, as were their beliefs both religious and political. Being Devonshire to the core, they would never bow to the overwhelming odds of being two small eight gun traders against seventeen ships of the King's line, all docked around them. Not on your 'Charlie' they wouldn't.

You must consider that Prince Rupert was making it almost impossible for English traders to find safe port or haven, or to allow them to trade safely. He preyed on the traffic of English ships, especially those with leanings towards the Parliamentarians. He would sink them if the failed to hove to. When they did drop anchor he would board them and give them the opportunity to take sides in the conflict. If they picked the wrong side the owner/captain would be tossed overboard and one of Rupert's officers would take command of the new acquisition.

(I suspect that John was the hot headed brother and Edward the shrewd, calculating and slow to act younger brother. Research into each of them had taught me very much about their characters. My point may be proved by the fact that John the 'Devil may care' sailor lost his life very early, while Edward 'the prudent warrior' died of old age.)

After some time during this exchange at Lisbon, King Philip of Portugal intervened. He confiscated the Witheridge ships, giving them to Rupert as a gesture of blue blooded solidarity. I wonder if this was an early show of nepotism?

This small conflict cost our two heroes dearly. John owned three quarters of his ship and the cargo. The ship was assessed to be worth £2,500. 0..0d. Quite a sum in those days. Now I am not really positive, but with some calculations, the reckoning in value lost by Edward was £1400. 0. 0d. I would think that, in retrospect, they came to realise that their headstrong escapade was, at the least, a little foolhardy. Though from the historical point of view, the results of their action caused a mammoth change, and had an influence on the course of history.

Their anger at being beaten, and the humiliation they suffered at the hands of the infamous Prince Rupert, and indirectly the Crown, was to become the force behind all the subsequent escapades that they entered into on behalf of their country, for the rest of their lives.

In fact, at this very moment, they were both ruined. At this time there is no way to know if they had any form of insurance to cover loss. I have made tentative enquiries into this subject, but whatever the outcome, I will prove, either in this article or in later episodes, Prince Rupert was made to rue his part in this small and insignificant little skirmish. On this day, the lives of all three men changed.

I have proof that John, with other captains, held Rupert's fleet at Barbados and took many prizes from him. I have proof that later Edward forced Rupert onto the rocks in an attempt to capture him. Between them John and Edward and the other members of the fleets to which they belonged, took twenty seven ships of the Royalist line as prizes from Rupert. They caused fourteen ships to hoist the white flag. They captured thirty one trading vessels occupied by Rupert's men which were being used as supply ships.

I can honestly state, from records and historic notations, that at least one

Witheridge was chasing Rupert at any given time. What is more, always in HOT PURSUIT. Truly, if Rupert did hold remorse about those Witheridges and their ships he must have regretted his actions time and time again. Many times he almost lost his life, and certainly he lost much wealth.

But here again, I race on too much, so back to the plot.

On returning to Britain - London. The Admiralty, Edward and John were both offered and accepted with much pleasure, commands in the New Commonwealth Navy. John, well known as an international captain, was given the Bonaventure, possibly the tenth largest ship in the Commonwealth Navy. This in itself was a great honour. Edward, somewhat younger and really less experienced, was given a ship just recently captured from the Dutch - "The Mary Prize". Not much of a vessel, but without doubt the making of Edward. (See the Witheridge Times, Vol 10 No. 3 Autumn 1996, pages 9 to 21). Here once again I will tempt you to read some future stories concerning Edward Witheridge - "This Ship - This Man", where Edward made his name as a captain, a strategist, and brave and honourable combatant, making many friends and many enemies.

As you have read, John died in 1652, but there remains quite a lot of mystery surrounding him. In that year we have two deaths of Captains John Witheridge - strangely both commanding a ship named 'Bonadventure'. I personally think that they were second cousins or even Uncle and Nephew, but at this time, prudently, I will refrain from stating which John I think was which! Although I will add this proviso - both died in action - both died a hero, both much loved by their crews, and both much respected by their comrades in arms.

One Captain JOHN died in a sea battle against the Dutch off Plymouth Sound and the Lizard, defending Plymouth and the dockyard against great odds. Quote: "This Captain was sore torn and wounded later dying of his wounds, but held the line even when accosted by eight Dutch, boarded and repelled six times. Top sail trailing, mizzen shattered and laying across beam, port to aft. Helm jammed to starboard." What a man!! - More - what men!! These by their honour made this Navy the best Navy in the world.

THE OTHER CAPTAIN JOHN (who I am sure was the brother to Edward) died defending the fleet at Leghorn. A very brave act, when you realise that he in the Bonaventure, a twenty gunner, defended the whole fleet as they were laid up for emergency repairs in a neutral port - this from the attacking Dutch fleet of twenty seven ships of the line.. John was honoured and given a sea burial, as one would expect for a ship's Captain, but also, as a mark or respect he was, as far as I am able to ascertain, given a memorial ceremony on land.

You will understand that John never actually became an Admiral, but the defence which he orchestrated and applied left him in sole charge. I have written evidence, which in time you will read, that the Admiral of the fleet at Leghorn would have willingly changed places with John Witheridge to take John's Glory! Even in death?

Sometime I will relate in detail this sea action, plus a full account of the Captain John Witheridge's life, up to the date of his death in defence of the fleet mentioned here, and this his last command of the ship which he loved. Indeed he was in command of two ships which I think would have given him promotion to rear admiral status. Even though his command was a resounding success, it was sadly doomed from the outset, as it was a rear guard battle. Perhaps it was John's bid to seek higher rank. Certainly through his seamanship and leadership he gave a greatly needed respite to the battered fleet. This you must understand is not to demean the commander of the other ship and his share in this battle.

John and his ship sea anchored outside (seaward) of the port boom on attack station, ready to manoeuvre on full sail, although there was very little latitude to manoeuvre, perhaps three or four nautical miles at the most. The boom closed to prevent the Dutch fire ships from being sailed into the port to set light to the drying hulls of the English ships in dry harbour. The battle was fought so hard and long by John in the Bonadventure and his companion ship that at the end both ships were badly holed and torn, though both sailed free to return to the Leghorn roads - THE VICTORS. Both greatly damaged, but enhancing the name of the Commonwealth Navy. Sadly, at the end of this battle, it was not John who steered for the home port. Alas, at the helm of the ship was Lieutenant Cox.

Note*** CSPV (Calendar of State Papers, Venetian)

The next day at noon, John was given his sea burial at the exact point where he found glory...... repeated on land for the whole fleet, in respect! The reason that I believe that this battle can be attributed to John the brother of Edward?? Who else would you think of who would fight Rupert with two trading ships, and then do the same to De Witt's fleet? With just two ships? Yes, a flimsy reason, but I hope to tell John's FULL story at some time as more evidence becomes available. It will come to a temporary end here, but I promise you I will continue with it as the full extent and truth unfolds.

Edward Witheridge You know a great deal about Edward already. (See the Witheridge Times. Vol 10. No.3 Autumn 1996. For members who have joined us since this time we do have earlier volumes of the magazine if you require them.)

Going back to CAPPS' book - "Cromwell's Navy" - we find here reference to the "Stepney Church Book" fos. 1-4 192 193 PO RG 4/4414 fo 5
This is the Register of William Greenhills Church at Stepney. Here I quote CAPP:-

"Greenhills Church founded in 1644 comprised of many of the officer Corps. Vice Admiral Badiley and Captains Lyons, Strong, Earning, Thompson, Benjamin Blake the son of Robert Blake (who was elected deacon in 1658). Edward Witheridge, a member of the church in BOSTON, Massachusetts, also attached himself to the Stepney congregation....". I wonder if we can secure information from the Boston Church and from Greenhills Registers?

At this stage I would like to submit a short tree showing the family of Edward and his wife Rachel.

d 1697 (Will proved) d ? before 1697

- 4 Rachell
  b.10.11.1661 Stepney St. Dunstan's
  Married "Stacey". Mentioned in Edward's Will

* It is likely that this is the same child. In 1659 the month of August would have occurred before March, and the first baptism, at an Independent church, could have been a Quaker service, and the March baptism the recognised Church service.

From these dates we have no further events to add to this family. But please also remember that most Quaker events went unmarked in the normal church registration. Non-conformist baptisms and marriages would be held in the church porch, and burials in a separate plot.

One further point which may have a bearing on Edward's family tree - we do have a reference to an Edward in the 1680's, and recently Sheila Jewell has posted to Joyce new evidence that an Edward was living in New England during those years. Perhaps this was Edward junior, b.1656.

In view of what I write in the later sections of this article, concerning links with the PENN family, I add the following:- (Not as a fact concerning our family, but as a possibility to prompt further research)

"Whitheridge, Susanna and Edward JORDAN (married) St. Katherine;s by the Tower, London, 23rd April, 1685.

The time would fit into Edward's tree and the name could be a gesture to a possible connection with the Penn family............

You will understand why I need to view the Stepney Church Book. I am sure it will fill many of the gaps that I am sure are very obvious from the tree shown. Both Joyce and I have become members of the Quaker Family History Society in an attempt to be able to research these family lines further. For those of you who may not have accepted the implication raised here - the Stepney church in question was the foremost church with Quaker sympathies at that time. This opens many avenues of possible research and raises many suppositions to be investigated.

Let me digress - just for a fraction of time. Both John and Edward were comrades in arms and indeed great friends with Admiral William Penn. Personally, I am sure that we will find somewhere in the future that these three men had more fervent religious connection. To add credence to this statement I will point out that Admiral Penn paid for and obtained the release from prison in Ireland of his son, and also many friends of his son. These prisoners were incarcerated because of their Quaker beliefs. His son, the guiding star and in many ways, the leading light for the Quaker faith, refused his father's many attempts to secure his release.

William junior, later Sir William Penn of Pennsylvania, in later life obtained the permission of the Crown, and formed the State of Pennsylvania, to allow the freedom to worship, not just for the Quakers, but for all suppressed religions.

It is also a known fact that Admiral Penn attended many Quaker and radical independent meetings. Indeed, in 1650 Penn went ashore in Ireland to listen to Hugh Peter's lecture on the independent religions - Hugh Peter being the most radical lecturer in Quakerism of that day. This proves that Admiral Penn had more than a passing interest in this subject.

Back to the real plot!

It was at this time that Edward become something of a diplomat. I will not go into much detail here, just enough to tease your imaginations. In the year 1657/58 trouble was brewing in the North sea and the Scandinavian seas. The Danish Navy, backed by the Dutch, made war on Sweden. The British fleet, under Edward Montagu, intervened. Edward Witheridge in the 'Plymouth' and one other ship sailed between the warring factions, pointing to the horizon and indicating the large British fleet hove to, but in battle order and at the ready... This action was rewarded by the Swedish monarch, and Edward was presented with a gold chain and a medallion. You will read and see the evidence of this incident in a later story about this man's life.

We now pass by a great amount of history in the making, much of which I have already related in the Witheridge Times, Vol.10. No.3. We now embark into areas which to me, before now, were totally unknown and quite unexpected.

Throughout the years of the Commonwealth and Civil War period there were many sectors of the community that were trying to return the Monarch to the throne. Subterfuge was used and sacrifices were made to win power. One such group "The Junta" gained much power by playing off one section of the old guard against the other, by misrepresenting grievances, and making statements to suit their own ideals. They achieved some cohesion when they secured a meeting of representatives of the Scottish, English and Irish armies of the Commonwealth, and also the Navy. This was mid November, 1658, and the intention was to draw up a new constitution and summon a new Parliament, but the various factions could not agree.

On the 5th December the Naval Officers in London decided to choose their own representatives for the constitutional talks. The names put forward were as follows:-
*Goodson.. .Bourne Stayner Stokes Robert Blake* (nephew to the late Admiral)...*Lawson...* and three other names, and *"Edward Montague".* This last was an indication of future procedures.

The names of the three others who were to be members of this new Parliament?

Robert C larke... John Harman... and... EDWARD WITHERIDGE

Many subjects which were dealt with at this time were, freedom of religious belief, payment of back pay to soldiers and seamen, work and assistance for the poor, etc. I can well believe that Edward would be in his element. Alas, the times were very turbulent. This Parliament lasted for but a brief spell, and with the help of military insurrection the Rump regained control of the country. Edward was once again out in the cold.

CAPP, a very fine researcher, found many references to Edward. Insignificant individually, combined they are fascinating and reveal the man himself and explain why Edward did not continue in the Navy after the restoration of the monarchy.

Many of the Officers selected by the Junta were never trusted by the Rump again, and were refused employment in the Army and Navy. To explain this we need look no further than a statement by an irate Cavalier when he addressed Edward and his companion Whitehorn as "zealous villains". It is true that Edward was a zealot. Pious and God fearing, moulded by the times and the beliefs of a puritan. These beliefs cast his life into rigid paths from which he could not and would not deviate. God ruled, not a King. But surely the Cavalier who named his thus, had he been in full knowledge of the facts (those which had forced Edward into the Commonwealth Navy) would have accepted the reasoning for his blinkered actions, even if he could not accept Edward's devotion to his religion?

King Charles II, on his return to England in the year 1660, sailed from the continent in "The Royal James", commanded by Edward Montagu. Edward's ship "The Plymouth" was one of the escorting vessels. I am reliably informed that Captain Witheridge offered the sword which signified command of "The Plymouth" to the King. Not that Edward offered his sword as a sign of support, but quite the contrary. Edward offered his sword as he resigned his commission. This I am sure came as a shock to those who were welcoming the King and his future Queen.

Again, I am told, that it was Edward Witheridge who transported the future Queen, Catherine of Braganza, to these shores, in his very own stateroom on board "The Plymouth". It is said that she was a terrible sailor and fared very badly in the crossing.

CAPP has one other item to give concerning Edward Witheridge. He refers to "Coventry MS2 98 fos. 58-83 Note****

He states that Officers in the Navy were doomed if they wore the tag of a Quaker wife. He listed Edward in this group, In one respect he was quite correct, but in another, quite the opposite. It made no difference what religion his wife Rachell followed. EDWARD HIMSELF WAS A QUAKER, by his own choice, long before his entry into the Commonwealth Navy. It is undoubtedly true that his choice of a wife may have been from followers of the Quaker belief, but Edward was his own man. with high ideals and a high code in life. All real puritans were.

I have more to tell about our hero. He bought a house in Sandwich, Kent. The property backed on to the harbour. Five years after his retirement the Queen visited the town and stayed in "The Old House" - the adjacent property. It is written in the (Canteriera) that he was presented to her court. He must have mellowed with age!

Strange, but when you think about it not so strange. We have no burial detail for Edward, Rachell or any of his children. I have covered both burial, marriage and baptisms in the many churches of this old town of Sandwich.
We do have evidence of an Edward Witheridge being imprisoned for attending a Quaker meeting in London, and refusing to pay the fine for his release. Strange again - some one "unknown" paid his fine. I wonder if his name was PENN or MONTAGU?

My main reason for this surmise is that Sir William Perm (Admiral) was dead and buried by this date. He died on the 16th September 1670 at Wanstead, London, and was buried at St. Mary's, Redcliffe, Bristol. I think after being wounded in the second Dutch War. His Will dated 20th January, 1669/70 was proved 6th October, 1670 P.C.C. His wife was Margaret Van der Schure (widow) daughter of Johann Jasper of Rotterdam. She died in 1682. Admiral Sir William was knighted on board "The Royal Charles" by King Charles II Edward Witheridge and the first Earl of Sandwich (Edward Montagu) were both there, Edward M., as commander of "The Royal Charles" and Edward W., as commander of "The Plymouth". This was when Edward resigned his commission.

I think perhaps that Edward Witheridge was not quite the ardent zealot he was named to be. He was a great friend of Edward Montagu, who was one of the architects of the King's return to England. As William Penn was also knighted this same day, to reflect his good works towards the Crown, I think this proves that Edward Witheridge was on equal terms and was great friends with both of these two great names, even if they held opposing ideals.

It may be of interest to state here that Admiral Penn's older sister was named Rachell, born 24th February, 1607. Records concerning the knighthoods given by Charles II show the notation "Will Penne, Quaker". Add these two unrelated items together with the facts that we already know. . . . . .that Edward Witheridge was married to a Rachell - that he was the same age as William Penn- that they were great friends. Rachell Perm and her brother William also had an Aunt Susanna???
I just wonder if there could be a family connection?

Admiral Penn's first son, Sir William Penn, founder of Pennsylvania (could it be he who paid the fine for Edward Witheridge) was born 14th October, 1644, and died 30th July, 1718, and was buried at JORDANS near Penn in Buckinghamshire, where I suspect our Captain Edward is also buried. But I have no proof!! As yet!
I am in the process of researching this matter.

Note* For some time now both Joyce and I have been a little worried about CAPPS statement that Edward and John were brothers. Indeed his research is backed up by the early scripts written when this history was being made. We still feel that there is something not quite ringing true here. Certainly there were two Captain John Witheridges both living in the same generation or times. Perhaps they were cousins or even Uncle and Nephew. The truth is that there may have been three such persons.. It would account for the record of the deaths of two John Witheridges in areas of the world separated by perhaps 500 miles and fighting two distinctly separate Dutch fleets. To make the problem even harder to sort, both men captained ships named "The Bonadventure", of which there were three sailing at one time. (I know this seems strange, but it is true) To add a little colour to this tale concerning the Bonadventure - Captain Cox, who succeeded John after his death in the Mediterranean, was removed from his command after three weeks. His crew and the Admiral thought him too self opinionated. Reading between the lines he was no match for the crew of the vessel vacated on the death of JOHN WITHERIDGE.

Note** This manuscript to be located at the PRO Kew. This would indeed be good reading and possibly fill many gaps.
RG 4/4414. The Register of William Greenhills Church at Stepney - could possibly give us the maiden name of Rachell, Edward's wife. This church was one of the first Quaker meeting places, which, by the accounts I have read, could furnish our research with an untold wealth of information.

**FOR GOD AND COUNTRY** - background to the story

CHARLES I (1600-1649) King of England, Scotland and Ireland. Acceded to the throne in 1625. He was in conflict with Parliament on constitutional matters and taxation. Parliament was suspicious of his religious beliefs as he had married a Roman Catholic Princess - Henrietta Maria of France. Civil War against him broke out in 1642. Eventually Charles' forces were defeated at the battle of Preston in 1648, and Charles was taken from his retreat in the Isle of Wight, brought to trial at Westminster, found guilty of being a tyrant and a traitor , and executed on 30th January, 1649.

PRINCE RUPERT (1649-1682) Rupert was Charles I's nephew, the son of Frederick V, Elector of Palatine, and Charles' sister Elizabeth. He was a leading Royalist commander, leading daring cavalry charges. He fell from favour when, in 1645, he surrendered the city of Bristol to General Fairfax. He left England in 1646 and went into exile, but turned to piracy and marauding adventures at sea, preying on ships of the Commonwealth Navy.

OLIVER CROMWELL (1599-1658) Soldier, politician and Statesman. He was a brilliant cavalry tactician, and was appointed a General in the Parliamentary Army. After the defeat of the Royalist forces he became the most powerful man in England and took the title and office of 'Lord Protector of England'. At his death in 1658 he was succeeded by his son, Richard, who had no aptitude for government and was deposed within six months.

COMMONWEALTH OF ENGLAND Republican government of England during the period 1649-1660

THE RUMP The remnants of the 'Long Parliament' which sat in England, without proper elections from 1640-1660. It established the Commonwealth of England and sat until expelled by Cromwell in 1653. It was not recalled until 1659. In 1660 it dissolved itself to clear the way for a Parliament favourable to the restoration of the monarchy.

PURITANS An extreme Protestant movement which had begun in the 16th century. Their beliefs covered a wide range of doctrines and attitudes, and never had a precise definition. Their emphasis was on preaching, strict observance of the Sabbath day, very strict moral codes, and a belief that they should refrain from pleasure. Extreme Puritan sects flourished during the Civil War.

Dear all.

Thank-you very much for your delightful Christmas card, but unfortunately, due the delays with the mail, we received it only a few days ago!!

I trust all is well over there in the States and Rebecca Elizabeth is continueing with her progress. It really is excellent news and we wish them all the best.

Christmas here was a very quiet affair here. Gran and grandad spent it with Joyce, Michael, Amanda and Steven whereas myself and mum and dad went to my other grandma's where my other aunts and uncles, complete with my younger cousins, were staying. Janet and John spent Christmas Eve and had christmas dinner in Wales with John's mum, and then drove home to spend Christmas Night with us in Devon. They did the same last year, but unfortunately broke down and with the A.A. on quadruple overtime, the bill could have been enormous but luckily it all worked out in the end.

I followed the recent election

campaign that you've had with great interest. I must confess that on this side of the Atlantic, Bush seemed to be the more convincing but I believe that you preferred Dukakis, but, I suspect the way in which we assess them greatly differs from you as it doesn't really have any relation to our position other than possible influence on our own government here.

I was just about to start my G.S.C.E's when you were here in the summer, well, despite all the worry and doubt they went well and, although I failed my A.O. (Additional) maths, I passed all the rest. I received an 'A' in Latin, Chemistry, Biology and English Language, and 'B's' in Physics, Music, English literature and French. My maths was not serious as I expected to fail but I passed the old 'O' level last year so in all I now have '9' G.S.C.E.'s or equilent. I've stayed on at W.B.S. to take 'A' levels and I'm following courses in General Studies (a paper where all knowledge such as languages, maths, science and english are tested to a lowish 'A' level standard,) English Literature, Latin and History. In my history course I have two options and I've chosen European history from 1550-1700 and American history from the Declaration of Independance to 1945. I must admit that I find American history much more interesting than the other. At the moment we're studing Andrew Jackson and Jacksonian

Democracy. I also have to do a research project for my history and I've decided on something to do with Nero, and ancient Rome. I'm not yet sure but there is some time yet.

Plans are progressing well, if expensively, toward Janet and John's wedding and I'm going to be a bridesmaid. The dresses are peach and are absolutely fabulous and from Laura Ashley, as is the wedding dress. They are due to be married on Easter Saturday at 12.00 pm. It should be a wonderful day for all concerned.

Their house, Clochnay, is now settled and organised and it is lovely now that it 'feels' lived in and homely. The garden has had some minor alterations with a bank onto the road reshaped and Janet now has a duckpond that wanted but as yet, no ducks!.

I understand from weather reports here that America is in a bit of a freeze. Well, here it has been the mildest December and New Year since records have begun.

© THE WALT DISNEY COMPANY

Your bad weather however is on the way so we had better make the most of the mild weather.

Before I sign off, I must apologise for the paper. I was given it by a friend for Christmas and I think that it's lovely but I really don't know what you think. I hope you like it anyway!

Anyway, all the best for the future and hoping to hear from you soon,

Love,
Sarah Witheridge.

Dear David,

Thank you so much for sending all of us your very best wishes for Christmas and 1997. May I send our very best wishes for the same to you albeit somewhat belated in February.

Mum and dad have passed me your letter as I am afraid they are not the best letter writers. Even when I was away at University, a letter from them was a rare as hens teeth but I suppose in their defence they did use the telephone!

I hope that you are still enjoying the best of health and that all of your family is well. It must be lovely to be able to see them so regularly. I know that having the rest of my family only an hour away is really a blessing. I know that I can always rush back home for roast dinner when the mood takes me. I am not the best of cooks so I am afraid that this happens perhaps more than it should!

Well, the Witheridge family here is still expanding. My brother John and his Wife Janet have had another baby, Samuel Matthew. He was born in May last year and is really a very bonny little chap. He is not at all like Joseph and you can tell even at his young age that he is much calmer and contemplative than Joe was and is. Joe seems to have lost his volume control at the moment as he feels that no-one is taking any notice of him and is instead concentrating on Sam. To make up for this he makes as much noise as he needs to before someone gives in for the sake of their sanity. He knows that I am a soft touch so I get roped into doing what he wants to. I do not mind this in the slightest though so everyone is happy! A photo of Sam is enclosed* and we are not yet such what colour his hair will finally be. It is a bit too fine at the moment but he may well turn out to be a red head like Granddad.

* Can't find a good one - will forward one on! Sorry.

All the rest of the family are very well other than the inevitable colds and sniffles. Gran is still going strong though she is obviously getting frailer as time goes on. She had a nasty fall before Christmas but has recovered from this very well and is back in the bungalow and in full charge. She values the independence that living in the bungalow gives her and we all call in and see her whenever we are passing so there is always someone around should she need them. Other than carrying in the logs for the fire, she does the rest herself and she does not want it any other way. I hope that I shall be that independent and resourceful when I am a similar age!

I can see that you are very excited about the forthcoming Witheridge Day. I have written to Richard Witheridge in Bath to find out whether we can come along to the day in Tiverton. I would hope that Simon and I will be able to go to the day at the Tiverton Hotel and I know that Mum and Dad are keen to come along to whatever is organised for the Monday. Unfortunately they have already got a long-standing event on that Saturday otherwise they would have come along with us. If they can re-arrange this, I am sure they will though.

It certainly will be interesting for so may Witheridges to be gathered together in one place. I am sure that it will be an event to remember and I am sure that you delighted to be able to come along. It will be a lovely day and I always think that Devon is at it░s best in May so the trip around all the places on Sunday should be just beautiful.

Anyway, I shall look forward to seeing you in May and until then, best wishes from all the family.

Love

Sad Witheridge-Harrison

[DEW's undated draft, after Feb. 7, 1997]

Dear Sarah,

It was good to get your letter and to learn that you and Simon are planning to go to Tiverton for the Witheridge celebration on Saturday, May 3. I am looking forward so much to seeing you again and meeting Simon. I think we shall all have a very good time.

Thank you also for the news of your family. You probably know that Kim and Roy Cook are planning to take me out to Middle Stoodleigh so we can see everyone and have a good visit on Monday, May 5. That will really bring back fond memories, but also regrets that your Grandpa and my Elizabeth will not be with us. But as you say, there will be several new ones to get acquainted with since our last visit in 1988.

That's all I have time for now, but I just wanted to let you know I'm thinking of you and my upcoming trip.

Love,

David

# Editor's Note

Unfortunately for Dad — or, depending how you look at it, fortunately, because he was saved from making an avoidable error — research in England on his behalf by pen pal Barbara Popplestone (q.v.) brought his theory about the earliest generations of the Witheridge-Causey ancestral line of Henry (Harry) James Witheridge (b. 1910) and his three brothers (George, Francis, and Stanley) tumbling down.

There was no longer a connection from the earliest generation (John Witheridge = Ann Evens, and John Cawsey = Elizabeth); to the next generation (William Witheridge [ bapt. 1799] = Fanny Causey [bapt. 1799]); and from there to the generations already known (or assumed) by Dad to be based on credible evidence (George Causey Witheridge = Mary Ann Bussell, and their descendants).

Only a year before, Dad's extension of the line back to the two Johns and their spouses had seemed quite plausible, based on parish record data he obtained on microfilm at the Morman branch library in Minneapolis. See, for example, the document on the next two pages — his December 11, 1981, Christmas letter to Harry and Toots — in which he happily reports: "I have located two sets of [Harry's] great-great-great grandparents: John and Ann (Evens) Witheridge; and John and Elizabeth Cawsey; all living in Littleham, Devon, in the 1790s." At best the news was premature; but more probably it would remain forever unsupportable by public vital records.

Explanations for this disappointing development can be found in two letters written by Dad two days apart in 1982, the first dated September 4 (to Col. Anthony Gilbart Witheridge [b. 1937], in Anthony's section of folder 1.63y) and the second dated September 6 (to Barbara Popplestone, document W94 in folder 1.63c).

Dear Harry + Toots,

Christmas is almost here, and we send you our greetings and wish you both (and also Robert) a most enjoyable Holiday Season and year ahead.

We still have warm feelings whenever we think of England or see any British news on TV or in the papers. This has been a year of important British news, what with the Royal Wedding and the economic and political situation. We hope it has been a happy and healthy year for all of you.

As you can see from the enclosed family group sheets, last summer at the Minneapolis Branch Mormon Library I was able to trace your Witheridge and Causey ancestry.

Harry, back nearly

200 years. I have located two sets of your great-great-great grandparents: John and Ann (Evans) Witheridge; and John and Elizabeth Cawsey; all living in Littleham, Devon, in the 1790's. I'm sure more information will be forthcoming as I keep working on this.

Harry, you might try to locate at St. Catherine's House the marriage record of George Cawsey Witheridge and Mary Ann Criswell about 1856, or a few years forward and backward from that date. I'm sure their marriage certificate would give us a few more leads. Perhaps I have already suggested this to you, I can't remember.

If you do get to St. Catherine's House, would you also get the birth certificate of an Emily Florence Witheridge in the 3rd Qtr (Sept.) of 1857, Shoreditch 1c, 138? This may well be a sister of your grandfather, George Cawsey Witheridge.

Elizabeth wonders if you ever talked to your friend and business associate, Gordon Kendall, about the history of his family in Bermuda. If you would send us his address, we'd like to correspond with him about our efforts in regard to Kendall genealogy.

Our biggest news of the year is that our younger son, Tom, who lives in Chicago, is planning to marry his girl friend, Virginia Jelleck, next June. They'll be here for Christmas and of course Jim, who lives in Minneapolis, will be too, so we'll all be together.

Love,

Dear David and Elizabeth,

Toots and I were so pleased to receive your long, newsy letter of 11th December and I am sitting down to write to you straightaway, to tell you just that.

We so much enjoyed being with you both on your visit to the UK, and the photographs we have are a constant reminder of you both. Thank you for the records you have sent to us, going back 200 years or so. I'm glad our forbears (yours and ours) were of good country stock - husbandman, agricultural labourer, etc. A good strain runs through the family, no doubt.

When I have time (it may have to wait until I retire, which won't be long) I will try to trace the marriage of George Causey W. and Mary Ann Bussell around 1856 I'm sure you have the date right, as George Causey junior was born in 1858. Herewith copy of his Birth Certificate, apparently registered 10 years later. You certainly would have a copy already, and probably a more legible one.

Christmas is almost upon us and we are looking forward to it. George and Gwen will be with us the 2 days and we shall see many other friends and relatives. With us Christmas is a joyful reunion with family and friends, with a pervading spirit of goodwill and peacefulness. My brother Frank is far from well with his emphasymia (?) — he was 69 on 12th December, born on the 12th day of the 12th month of 1912. Otherwise we are all fit and well.

Many thanks for your good wishes, ours to you, together with our love and happy memories of your visit. Sincerely yours,

Toots and Harry.

Will be thinking of the American branch of the family tree especially at Christmas time. I retired in June (at last) and am thoroughly enjoying my new found freedom and having more time with my beloved. Your many cousins this side are fit and well. John, my brother Frank's son, is shortly to be chaplain to the Archbishop of Canterbury, a sort of A.D.C. and is moving into Lambeth Palace with his wife and 3 children. The other face of the church and Army, Anthony, George's son, is now a Colonel and Military Attaché at the British Embassy in Lisbon. His children, including the twin girls, are all at school in England.

Dear Elizabeth and David,

We were delighted to receive your Christmas greetings, with so much news about yourselves and the family. We hope that Elizabeth's sciatica is less bothersome and that, except for that, you are both fit and well.

Toots, who has quite an eagle eye for spotting bits of information, noticed this obituary notice in our daily newspaper a couple of days ago. A Thomas Witheridge Gubb, who presumably lived in Cape Town. As it was his second "given" name, it might have been his mother's maiden name. Have you any trace of Witheridges in South Africa?

[South Africa Witheridge family] [Dec. 8, 1984]

Dec. 8, 1984

Dear Darcy, Dorothy & Robert,

You must have wondered why you never heard from me after you sent the clipping about the death of the widow of Thomas Witheridge Dubb in South Africa. The truth is, I have had great success in tracking down the family and finding that they are indeed distant relatives who stem back to Combe Martin where my family originated.

Our University of Minnesota Library has many newspapers from all over the world and they had Johannesburg, but not Cape Town. However, they had a book that lists all the public libraries in the world. So I wrote to the library in Cape Town, and they sent me a copy of the death notice there, which gave one of the survivors as Nick Dubb. They also gave me the address of N. Dubb from the telephone directory.

I wrote and got a long reply from Margaret Dubb, widow of Noel Dubb, a ~~nephew~~ cousin of Thomas Witheridge Dubb. It seems that the original Thomas Witheridge Dubb was born in Combe Martin about 1839, the son of William Dubb and Mary Witheridge. There were three Thomas Witheridge Dubbs. The first had a fleet of ships that went between England and South Africa. The second one was a millionaire on three occasions and lost his money each time by extravagance and wild living. The third was the one whose widow died in February.

Margaret Dubb also sent me a pedigree of the Combe Martin Witheridges showing the descent of the Dubb family from them. This also shows how my family ties in. It is interesting that Margaret and her husband still returned to Combe Martin almost every year, and she will be visiting there for two months in 1985.

So, you see, I am very grateful to you for passing on this death notice to me and enabling me to find this new part of our family.

We have had a good year and hope you have had, too. Best wishes to you all for Christmas and the New Year.

[1988 trip plans]

[Feb. 1, 1988]

[This turned out to be wrong.
See Sharpenhoe in the index.]

February 1, 1988

Dear Harry, Toots, & Robert,

I think I told you on our Christmas card that we were planning a trip to Britain in May. It seems to be working out all right and we expect to arrive in London on Saturday, May 14. We'll spend about a week in the London area, then hire a car and drive through England, Wales, and Scotland for three weeks.

We'll start out first by spending about three days in Essex. Then on Tuesday, May 24, we plan to leave Chelmsford and drive to Albury. We'll be taking a route north of London, as we want to stop on the way at the little hamlet of Sharpenhoe near Streatley in Bedfordshire. That is the place where Elizabeth's Norton ancestors lived for many years around 1500, and we want to look at the church and other things in the vicinity. We expect to arrive in Albury sometime between 4:00 and 5:00 p.m.

We've been planning to go to Albury, with the expectation that you could come over there too, since that's the way we have done it before. We're not sure what their situation is, however, and it might be preferable to stay overnight with you. Perhaps you could confer with them. If it would be difficult for either of you to have us, we could stay at a nearby inn or hotel, and you could all be our guests for dinner. We're very fond of you all, and we must arrange to see you somehow.

On Wednesday, May 25, we plan to go to Windsor and Eton on our way to Exeter through Salisbury. I'm writing to your nephew John at Eton to see if by chance we could meet him while we are there.

We look forward to hearing soon whether or not this date of May 24 will fit your schedule, so we can change our itinerary, if necessary.

Love to you all,

David + Elizabeth

[Harry proposes a Witheridge party] [Feb. 8, 1988]

Virginia Water.
8th Feb. 1988

Dear Elizabeth and David,

We were delighted to receive your letter this morning confirming your arrangements (pre-advised on your christmas card) for your visit to the U.K. We are so pleased we will have the opportunity to see you both.

We have a suggestion. On Saturday 4th June we have a gathering of the Witheridges here at St Andrews. Each year we have this party, as near as possible to 1st June, which was my Mother's birthday. We make it the birthday of Charley, a dear lady (now 86) who has been with the Witheridge family for many years and knows more about the family than we do ourselves. There will be lots of Witheridges here, hopefully in the garden, several generations, and it would be an opportunity for you to meet them. Would it be possible for you to re-arrange your itinerary so that you come here on 4th June instead of 24th May, possibly leaving the USA a week later than now planned, or just altering your journey within the UK. Whether you come here on 24th May or 4th June you would be more than welcome to stay with George at Albury or here with us that night, resuming your journeys the following day, maybe to see John at Eton (though Sunday may not be a convenient day for him.) You certainly have an ambitious project and we admire you for your initiative and enterprise. Do let us know if we can help in any way, and whether we shall be seeing you on 4th May or 4th June. We are all well here - a mild winter but very wet. All the news when we meet. Meanwhile our love to you both and to the family.

February 28, 1988

Dear Toots, Harry + Robert,

Your very interesting letter arrived some time ago, but I couldn't answer until I was able to re-arrange our itinerary so we could get to your place on June 4 rather than May 24. It's such a wonderful thing, Toots, for you to have this Witheridge party, and we look forward not only to seeing all of you whom we already know, but also to meeting a number of other Witheridges.

What we did was to delay our visit to Virginia Water and Albury until after we go to Devon, Wales, and the Birmingham area. We'll leave Nuneaton on Saturday morning, June 4, and get to Virginia Water, I think, about 12:30. You didn't tell us what the schedule is for the day, but we can help with preparations if we get there before the others arrive. Perhaps we should let George and Gwen put us up for the night, because you'll be having such a heavy day with all the entertaining.

You'll have to tell us how to get to your place, Harry, and perhaps send a rough sketch or map. Virginia Water doesn't show on any of the maps we have.

The following day we have a long drive - all the way up to Scotland - so we'll have to get an early start. Elizabeth has a distant McComas relative in Kirkintilloch near Glasgow, and we'd like to get there around 6:00 p.m. We still plan to see John at Eton on May 25, and we have a note from him confirming that date.

Just so I don't forget to tell you, Kim and Roy Cook will be picking us up at the airport and also returning us there as they did in 1976 and 1980. We'll be staying with them a couple of days at the beginning and at the end of our stay, and they will always know where we are in case you need to reach us while we're in Britain. Their address is 18 Hawkhurst Way, West Wickham, Kent BR4 9PF; Ph. 01-777 6072.

We're looking forward to seeing you.

Dear David and Elizabeth.

We were delighted to receive your letter of 28th February and thank you for altering your itinerary to fit in with our arrangements.

There has been a family tussle between No. 1 child George and No. 2 Harry as to who will have you for the night of 4th June. Both Gwen and Toots would be delighted for you both to stay, but finally we have won and you stay at Virginia Water. It really is the commonsense thing to do. You will have had a long drive from Nuneaton that day, you can then relax here and start off really early for the long journey to Scotland the next day.

I am getting some route maps for you and expect to send them in about 10 days time. Meanwhile here is a rough hand-drawn map showing where our house is when you get near. Virginia Water is between Windsor and Slough on one side and Staines on the other.

that you will be with us for the gathering
of the clans on 4th June. As I told you, this
is a party especially for Charley. She was
very close to my mother, she would never tell
us her birthday or her age (we know now that
she is now 86) so when Mum died we gave
Charley Mum's birthday, which was 1st June,
(As George said, so unromantically, Mum
won't need it any more.) So each year we have
this gathering for Charley on or around
that date. (Charley has recently come into
a small inheritance and now insists on
paying all the expenses.)

Charley is by origin German
and came over to England as a protest
against the Nazi regime. She came to
the Wimmeridge family, was naturalised
British many years ago and nobody
is more British nor more Wimmeridge
than dear Charley. She knows more

than most of us do.

Dear Toots, Harry, + Robert,

We've been home now over a month, but things are still not completely back to normal. Because of the cold, rainy, and windy weather in Britain we both returned home with bad colds that hung on for two or three weeks. We found they were in the midst of a drought and heat wave here that is only now improving a little. The result was that our energy level has been low, and everything has taken longer to accomplish. However, we had a wonderful trip to Britain and were able to do almost everything we had planned.

The day we spent with you was one of the highlights of our trip, and we do appreciate all you did to make it such a memorable occasion. We're grateful to you for suggesting that we try to fit it into our complicated schedule. The extra miles we drove were mainly on the motorway, which I find less troublesome to drive on than the ordinary roads. In particular, our long drive to Scotland from Virginia Water worked out very well, and our only problem was finding the hotel when we got there. But that seemed to be our problem in a number of places!

We're enclosing two copies of this picture so you can give one to Charley. It was a pleasure to meet her and also to meet so many others of your family. It's wonderful that you try to get them all together once a year. We're also sending pictures to the other family groups as we find time to write to them.

Thank you again for your gracious hospitality. You have a lovely home, and we enjoyed staying with you. We hope the rest of the summer goes very well for you.

All our love,

David + Elizabeth

Dear Elizabeth and David,

I am sorry not to have replied before now to your very nice letter written on your return from these cold and blustery shores. We were so sorry you had bad weather for almost all your stay. Our weather is nothing if not inconsistent - for the past 4/5 days here it has been beautiful - warm and sunny and full of the ripe scents of autumn. We were in Scotland, at St. Andrews, the Mecca of golfers, in September and the weather was such as you had, whilst down here it was lovely and warm!! You can't win 'em all, as they say.

Thank you for the splendid picture of us 3 and Charley.

That really is one for the album. And Charley also thanks you for her copy, which I duly passed on. Here are some of mine. You two figure quite prominently, and I am glad I had one of my dear brother Frank who, as you probably know, died a few weeks later. As his son John said, and in the nicest possible way, that was his last public appearance. We were great pals as well as being brothers: I don't remember that a cross word ever passed between us all our long lives.

All the family seem to be well - the 3 generations seem to get on well together and it is interesting for us older ones to see the children growing up, and developing into nice people - we can ask for no more.

We trust that all your family are well. Toots, Robert and Charlie join me in sending our love to you. Affectionately yours,

Harry.

Dear Elizabeth and David.

I thought you would be interested in the enclosed literature about the "Witheridge Society", though the organizer may well have sent you a copy. We will not be going to the gathering of the clan. Toots says she has enough to do looking after the 2 she has, without 3,000 more – but that is not the reason, we are interested but the timing is inconvenient.

We are all in good shape as we trust you are, the other side of the big water. We had a very mild start to the year but now winter is belatedly upon us, with cold, sleet and rain. Such a pity when all the spring flowers and the cherry and almond blossom are in full bloom.

Toots and I went to our little place in Menorca a week or two ago. It was so quiet and peaceful. we do enjoy it there after the busy life we still seem to live.

George and Gwen are fine, though neither as sprightly as they were. Old Man Time I fear is catching up on us but we are grateful for the health and blessings we all have.

We send our affectionate greetings to you ~~both~~ both, and to the family.

Toots and Harry.

[Deaths of Col. Anthony Gilbart Witheridge (b. 1937) and Gwendoline (Gwen) Marjorie Hiscocks (b. 1908)]

30th Dec. 1998

Dear David,

Thank you for your card: it is always nice to hear from you. We are glad you had a happy Christmas with the family. Ours was rather marred by the sad fact that Anthony, George's son, died on 19th December.

He was only 61. He had cancer of the pancreas. It was diagnosed in the summer but rapidly spread to other organs. He had a succession of chemotheraphy treatments but it was terminal. Towards the end he was at peace, buoyed up by his devout faith and, as Francoise his wife said, he passed away peacefully and ~~serenely~~ serenely.

The funeral was on 29th December and I thought you would like to have the enclosed copy of the Order of Service. It was held in his local church, a lovely old typical village church. It was filled to capacity, more than 250 people – from his and the wider Witheridge family, Army colleagues and friends ~~and~~ from all walks of life, representing his wide range of ~~his~~ interests and activities.

The service, at his request, was conducted jointly by 2 Reverends.

One was the village priest, a great friend, Anthony often took the services when the priest was officiating elsewhere, and the other was a great friend from his early Army days.

The service was very moving and centred on Anthony's deep religious beliefs and his unswerving faith. Toots and I had not realized how deeply religious he was. He went into the Army but he might well have entered the Church, as you did and his cousin John, who incidentally is now Headmaster of Charterhouse, one of the most famous and fine public schools of the country.

George, who is now 90, has taken it badly - he and Anthony were so close. George's wife, Gwen, died in 1997, so he has 2 major tragedies in his life within a short while. He is in an old people's home near Anthony's family and is well for his years but he did not attend the funeral service, it would have been too much for him, emotionally as well as physically.

I am sorry to be the bearer of sad news but Toots and I thought that you should know. You are such a faithful member of the Witheridge family - as well as its chronicler.

We send our good wishes to you, David, for a happy and healthy New Year, and our love.

Toots, Harry and Robert.

[Jan. 26, 1999 draft]

Jan. 26, 1999

Dear Toots, Harry, and Robert,

It was so good to get your letter telling about Anthony's death and the deeply moving service. I especially appreciated receiving a copy of the service, which I went through carefully. I had heard about his death from Kim Cook at Christmas time. She usually telephones us sometime during the Holidays. It was a shock to me, because I had no idea of his illness.

I wrote to Françoise, and I know this will be a difficult time for her, but they did so many ~~wonderful~~ things over the years together, that she will have a host of wonderful memories. ~~to keep her going.~~ I did not know of Anthony's deep faith and his great involvement in the church. This, too, will be a great comfort to Françoise. I have lost track of what the children are doing now, but I'm sure they are progressing and maturing well and will do their best to give her their support.

This will be hard on George, too, but I am glad he is not too far from them, so they can at least see him occasionally. I hope he is getting good care and companionship in the home where he is.

Now I want to thank you again for writing and to wish you again a good year ahead.

Love,
David

Hi, Kim,

I just finished reading the latest issue of the Witheridge Times, and I enjoyed it very much. Your article on computer resources is very good. If I were younger, I would make considerable use of it, but I have practically given up genealogical research and am trying to concentrate on getting more of my material into prose form.

Regarding the article about Major Harry Witheridge, I'm sure you realize that this is Anthony''s uncle and George's brother. I was delighted to get all this information, as I was unfamiliar with most of it. It seems to me his death was reported in an earlier issue, or maybe you just told me. You have probably been in touch with Richard about this.

Love,, David

## MAJOR PHILIP WITHERIDGE.

A newspaper report given to me by Philip Witheridge and later a newspaper cutting sent to me by Annette Witheridge who resides in America.

Major Harry Witheridge died 22nd September 2002. He was awarded an MC while serving with the Royal Fusiliers (City of London) Regiment.

In 1944, Witheridge who was then a Captain was ordered, with the 8th Battalion, to attack point 411 on Monte Darniano. The approach was held up by the terraced hillside and walls 8 to 10 feet high, and numerous camouflaged enemy machine guns posts.

Witheridge went out into open ground to draw enemy fire and allow his gunners to pinpoint the enemy. After taking the ground with heavy casualties Witheridge and his men repealed numerous counter attacks.

Four days later Witheridge led a patrol to deal with German troops around the village of Lorenzo and they accounted for 16 of the enemy and captured two Spandau posts without loss. Witheridge was awarded the MC for his part in establishing the Darniano bridgehead.

Henry James Witheridge was born on January 31 1910, the son of a railway superintendent at Tufnell Park, north London. On return to civilian life Witheridge was a prime mover in setting up the Brunswick Boys Club which was inaugurated by Prince Philip in 1949.He joined the overseas branch of the Midland bank and helped in setting up various banks abroad.

In retirement he enjoyed golf and was a keen gardener.

He is survived by his wife Toots Smith whom he married in 1954.

The report gives more about his life which can be seen in the Daily Telegraph for December 10th 2002 for anyone with a particular interest.

I'm sure someone will know who he was and give us more information.

# Editor's Note

When Dad was just starting out on his quest for Witheridges, there was, of course, no Internet. So he used the main resource for finding people that came naturally to all of us back then: the telephone directory. One day, when he found himself in New York City with time on his hands, he went to the huge public library there, found the shelf of British Isles phone books, and searched all of them for "Witheridge." Richard Witheridge (b. 1905) was one of the people he found.

Dad sent Richard a registered letter on August 27, 1970, enclosing a summary of the other Witheridges he'd already located in this way and learned something about — see the second document following this note. He also enclosed the one-family record of his own ancestors, John Witheridge and Clara Blackmore, in hopes that seeing the couple's offspring would stimulate Richard's interest and suggest links to his cache of information.

Unfortunately, Richard didn't become a useful source. Either he or his wife, Selina, dutifully added his name to the list of offspring on the one-family record (no doubt thinking that's what Dad wanted) and apologized for being unable to help further. The draft of Dad's reply is the last item in this section.

Dear Mr. Witheridge:

You will no doubt be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales, with his father coming from Devon, most of my search for the Witheridge line has been in England. This is difficult at such a distance, and I'm hoping you can be of assistance to me. At the same time, I think I can help you learn much more about your own family history.

As you can see from the enclosed list, I have already corresponded with a number of Witheridge families in England, and I am gradually picking up information about our ancestry. I believe most, if not all, Witheridges have a common ancestry, if we can get back far enough, though I have no illusions that this can actually be accomplished.

I'm hoping you will be willing to pass on to me all the information you have about your own ancestry. How far back can you trace your own Witheridge line, and what else do you know about the Witheridge family? Do you know the relationship of any of those I have listed on the enclosed sheet, and can you give me the names and addresses of any other Witheridge descendants? Up to now I have failed to locate anyone who has actually worked on this line, and the Society of Genealogists doesn't know of anyone, either.

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Baptist minister, I came to Minneapolis nineteen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife, Elizabeth, also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 23 and works for Goodwill Industries in St. Paul. Tom is 22 and works at the Massachusetts Mental Health Center in Boston.

I shall look forward to hearing from you soon and receiving any information you can give me about your family background. Thank you for your help.

Mr. + Mrs. Richard Witheridge

Dear Richard + Selina,

Thank you for replying to my letter of August 27. I am sorry, too, that you do not have much information about your ancestry. However, I am sure from my recent experiences that I can help trace your ancestry as I find out more about mine.

I wasn't sure what your note meant about Birmingham, and I wish you would say more about that.

The information I need from you is the following:

Date of birth: Day ___ Month ____ Year ____
Place of birth: Town ______ County ______
Father's name: ____________________
Mother's name: ____________________

Of course, if you know where and when your father was born, and where and when he died, that would also help.

I thought you would be interested in the enclosed picture of our family.

Please write as soon as you have a chance.

Yours sincerely,

Dear Dr. Witheridge:

You will perhaps be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales and came to this country as a boy with his parents, most of my search for the Witheridge line has been in England, but this is hard at such a distance. I'm hoping you can be of some assistance to me.

As you can see, I've enclosed three family record sheets. One gives my own Witheridge ancestry as far back as I know it. The others are the earliest records I have of two other Witheridge families. Probably those three tie together somehow, but I don't know how. Maybe you are acquainted with one or more of those.

I'm hoping you will be willing to tell me how far back you can trace your own Witheridge line and what else you know about the Witheridge family. Could you give me the name and addresses of any other Witheridge descendants, especially any who have worked on Witheridge genealogy?

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience there as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister and entered the seminary. After nine years as a Baptist minister, I came to Minneapolis seventeen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 21 and works in a hospital here in Minneapolis. Tom is 20 and attends Oberlin College in Ohio.

I shall look forward to hearing from you and receiving any information you can give me about the Witheridge family in England. [illegible] you for any help you can give.

Yours very truly,

5th Dec. 1968.

Dear Mr Witheridge.

Thank-you for your very interesting letter. My husband with the best intentions in the world will take a very long time to write to you, so as usual I do it instead.

My husband's grandfather came
* from Marazion [Marazion] in South Cornwall. He
* was an Edmund [Edmund [No. Jacob Thomas]] Witheridge. His son was (another Edmund) born in London, became an inspector of Inland Revenue & was posted to the Orkneys & Shetlands where my husband was born.

My husband's father unfortunately died (13yrs.) ← 13yrs.
* when my husband was only a child, and all connection with the Witheridge side of the family was lost, since my mother-in-law who died two years ago was Scottish, and

[Her family tale about giving Dallas, Texas, its name - see last paragraph.]

clung to her own family in Scotland.

My husband qualified at the University of Aberdeen, where I too was an undergraduate, and we have an eighteen year old son, Edmund Robin who is still at his boarding school.

So much for us. All we can tell you is that 'Witheridge' is a Devon, Cornish name and that names ending in 'ridge' are of Devon, Cornish stock and ~~stock~~ origin.

It is of course typical of we British that with all and here to delve into the past we seldom bother. Perhaps it is the feeling of just being another branch of the tree still rooted here.

I however, as a Highland Scot can trace back generation after generation because of the small tightly-knit & isolated communities in the Highlands. My mother tells me that distant cousins gave the name to 'Dallas' Texas, settling there from

Dear Jean:

Your very friendly letter of December 5th came at an unusually busy season that stretched out into many busy months, as you can see. In fact, I have had to neglect all my Witheridge searchings. Tonight I uncovered your unanswered letter on my desk and decided to take some time to answer it.

Naturally, I am sorry to hear that you and your husband know very little about his Witheridge ancestors or relatives. I have hopes, however, that you will be willing to help me try to ferret out some of the facts about his background. Although you gave me no specific information in your first letter, I feel sure you and Dr. Witheridge can give me enough clues to make at least a little progress.

As you see, I have enclosed two copies of a chart I hope you will fill out to the best of your ability. I'd like one copy, and maybe your son would find the other copy an intriguing start to his own genealogy. Of course, I don't need it for my own search, but I'd like to have your half of the chart filled in, too, as far as you know it. Yes, I am interested in your connection with Dallas, Texas.

Besides the specific dates and places for you, your husband, and your son, I hope you will at least know the date and place of your father-in-law's death. This would be an important starting point, as I believe an obituary could then be found from a local newspaper, which might give the facts of his birth, marriage, and surviving relatives.

Of course, you probably know all such information about Dr. Witheridge's mother, including the date and place of her marriage to his father.

The reason all this is important is that with a starting point we can get further information from the official records at Somerset House in London. For example, if we know the death or marriage date, we can probably get the birth date, and then from a birth certificate we can get additional information about his parents.

You'd be interested to know that when I found your name and address in the British phone book, I checked all the volumes (which were in the New York Public Library) and found only twenty-four phones listed for persons by the name of Witheridge in all of Britain.

I already knew about two of those, who live in Devon and are supposed to be related to me--though I am not yet sure of the actual relationship. I have written to six others already (one of whom had died), but none of them have much information about their relatives or ancestors. Nobody seems to have worked on Witheridge genealogy yet.

One name on my list may interest you because it comes from Scotland. It is Mrs. J. L. Witheridge, 31 Victoria St., Stonehaven. Do you by any chance know anything about her? I wondered if she could have been your mother-in-law, but the initials seemed wrong. But perhaps those are her own initials, rather than her husbands.

You did not mention any brothers or sisters of your husband. Did his father have any other children? Do you know if your husband's father had any brothers or sisters? It would be of great value if we could track them down --perhaps through his obituary notice, as I suggested.

Well, so much for genealogy. We also appreciated your description of the area of Devon and Cornwall where the Witheridges originated. Strangely, very few Witheridges live there now.

My wife and I do look forward to a trip to England some day, though probably not for some years. I must say we were greatly interested in your suggestion that we might make your caravan on the Camel estuary our base for some investigation of the Devon-Cornish area.

Certainly we hope to meet you some day, and I also hope eventually to establish some sort of distant relationship with your husband.

In two weeks we go to Oberlin, Ohio, where our son Tom graduates from Oberlin College with a major in history. At this point he doesn't know what he will be doing this summer and next fall. He expects to go on to graduate school some day, but he doesn't want to get started now and then be prevented from continuing by the draft board. He is a conscientious objector, as is our son Jim, so he would not serve in the armed forces, but he might have to do two years of alternative service. Right now Jim is in his second year of alternative service as a hospital orderly in Minneapolis.

Thank you for writing. I look forward to hearing from you again soon.

Yours sincerely,

David E. Witheridge

Dear Jean:

I'm in the midst of a few weeks' vacation, and trying to catch up on some long overdue correspondence and work on genealogy. Since I last heard from you, I have established contact with several other Witheridges in England, but so far no one knows much beyond his own grandparents.

My best source of information has been the rector of the church at Combe Martin, Devon, where my great-grandfather was born in 1828. For a small fee he sent me the baptismal records of all the Witheridges and Blackmores born there from 1817 to 1853 (my great grandmother was a Blackmore), as well as some information on marriages and burials.

I'd like to correspond with the rector at Marzion, Cornwall, to see if he can find a record of your husband's grandfather and possibly other Witheridges there. To do this I'd prefer to have some idea of the date when he lived there--perhaps when he was born or married. Is there some way that you could let me know approximately when these events occurred?

As I re-read my last letter to you, I must apologize for asking so many questions that you probably threw up your hands in despair. If you can just fill in what you can easily on the chart I sent and return it soon, I'd be very grateful.

I haven't written to Mrs. J. L. Witheridge, 31 Victoria Street, Stonehaven, and I still wonder if that is your mother-in-law (who I note died about the time the telephone directory came out in 1966) or some other relative of your husband.

When I notice that your son is now about twenty years old, I wonder if life is as unsettled for young people in England today as it is for young people in the United States. Perhaps not, because I think that so many of our problems here stem from the tragic war in Vietnam.

Tom, who graduated from Oberlin College last year, is doing two years of alternative service as a conscientious objector. He is a psychiatric aide in a mental hospital in Boston. Jim still hasn't finished his alternative service in what we call Goodwill Industries, which provides training and work for handicapped people. He was working in a hospital, but quit for several months and went out to San Francisco, where he worked in a youth center. Now he's back here and should be through in March.

My wife Elizabeth is working hard on a book about an American Indian boy who grows up on a reservation, goes to college, and then returns to teach near the reservation. She hopes it will be published in about a year.

Now I will close and express my thanks again for your first letter. Please write again soon.

Yours sincerely,

David E. Witheridge

Dear Joan:

You will no doubt remember the correspondence we had a few years ago when I was just beginning to study the genealogy of the Witheridge family.

At that time I didn't think we would ever be coming to Britain, but here we are. I am here with my wife on a 12-week study leave, studying the economical situation in Britain. We arrived on June 16 and return to Minneapolis on September 2.

Naturally, we are also doing some sight-seeing and genealogical research as we can fit it in. Starting on July 8 we'll be hiring a car and driving up through England, Scotland, and Wales ending up in Devon at the University of Exeter for two weeks. Then we'll be a week at the University of Cambridge.

We do so hope we can stop to see you at Stony Stratford as we are going or coming. One possibility would be a brief visit on Thurs. July 8th as we are starting north. We hope to go to Oxford, Blenheim Palace, and Stratford on Avon, and we have to be in Manchester by 11:00 a.m. the

[next day] → next day.

The other possibility would be on the way to Cambridge on Sunday, August 22, or on the way from Cambridge to Sutton, Surrey on Saturday, August 28 or Sunday, August 29.

We hope one of these times might fit your schedule. I would have written sooner, but I really didn't know what our own plans would be.

For the first five days here we stayed with a distant Witheridge relative, Mrs Roy Cook, 81 Ash Rd, Sutton, Surrey, and we'll be with them again at the end for a few days. She said that through a friend of hers she heard that your husband had recently died. We sincerely hope that is not so, but if it is, we are truly sorry to hear it and express our deepest sympathy.

If you get this in time please write us at the above address or leave a telephone message for us at the Abbey International Students Club, 01-373-7286. If I don't hear from you, I'll try to call you. If you are away and don't get this until later, you could try to reach me at one of the other addresses on the enclosed itinerary.

We'll be looking forward to hearing from you!

Yours sincerely,

Mr. Neil R. Witheridge

Scotland, U.K.

Dear Mr. Witheridge:

You may be surprised to get a letter from a Witheridge in the United States, though perhaps you have heard of my earlier correspondence with your brother Edmund and his wife Jean.

Many years ago I became interested in genealogy, and I realized I knew very little about my Witheridge ancestry beyond my grandfather. One of the things I did was to go through the British telephone directories in the New York City Public Library. At that time (1968) there were only about 25 entries in the volumes I had access to.

I began writing to as many of these as I could, and your brother was one I wrote to. In due time I had a reply from his wife Jean, and we corresponded several times after that. (She always did the writing, rather than Edmund.) Then in 1970 my wife Elizabeth and I had the opportunity of visiting Britain, and we tried to meet Jean and Edmund. Unfortunately, we learned that he had died, but we did have a most pleasant overnight stay with Jean. She told us about you and gave us your address.

[Dr. Edmund Alick Witheridge (b. 1916) and Jean McDonald Boyne (b. 1923)]

The last few years have been very busy, so I haven't had a chance to correspond with you. On the first of January, however, I retired from my position as executive director of the Greater Minneapolis Council of Churches, and Elizabeth and I are planning a trip to Britain in August and September. For seven weeks we'll be hiring a car and driving through England, Scotland, and Wales. We'd be very grateful if we could meet you and have a chance to talk with you.

In recent years we have learned that one of Elizabeth's ancestors, Daniel McComas, came to this country from Scotland about 1682. We understand that the McComas family was a sept of the Clan Gunn, which lived up near the tip of Scotland in a narrow region along the Helmsdale and Halladale Rivers. For this reason we'll be driving clear up to the tip of Scotland, and we think it should be possible to stop and see you either on the way up or on the way back.

[EPW's McComas line]

The way it looks at the present time, we could either come through Stonehaven late in the morning of Friday, September 12, on the way north from St. Andrews, or late in the afternoon of Saturday, September 13, on the way back. At first we were thinking of Friday, but you'll probably be busy that day. (Jean said you are a teacher.) So we're hoping that Saturday will suit you all right. We'll be staying in Aberdeen that night.

Please let us know if you'll be able to see us on either of these two days. If not, we may be able to make an adjustment in our itinerary. It's also possible we might have to suggest a change, if others we want to visit are unable to see us when we have proposed.

When we visited Joan, she said she was planning to move shortly to Spain. Did she go, and do you have her present address?

Just a word about ourselves. I started out as a heating and ventilating engineer, having graduated from the University of Michigan, but later decided to be a minister (Baptist) and attended Colgate Rochester Divinity School and the University of Chicago Divinity School. After two pastorates, I came to Minneapolis in 1951 to direct the council of churches, which I did for over 28 years. Mrs. Witheridge was a kindergarten teacher before we were married, but then turned to writing, and she is the author of seven books for children and young people. We have two sons: Jim, who lives here in Minneapolis, and Tom, who lives in Chicago.

As we are working hard to arrange the details of our itinerary, I hope you will be able to let us know in the near future whether or not we can see you on September 12 or 13.

Yours sincerely,

David E. Witheridge

Dear Mr Witheridge,

I was very interested to get your letter and to know that there are members of our assuredly small 'clan' who wish to visit the country of their origin.

I had heard, of course, from my sister-in-law, Jean, of your visit to Stony Stratford and of how she had been able to tell you as much of our family history as she knew. She is, now, I suppose, technically no longer a member of our family for she re-married last December and, as Mrs Jean Ward, spends most of her time with her new husband at their home in Minorca. Her son, Robin, is a lawyer, working in London and is the only other Witheridge that I know of.

You said that you would like to meet me on either the 12th or 13th September during your visit to Scotland. Being a member of the local Mountaineering and field excursion club, I am due to go with it through the

Lairig Ghru, the longest hill pass in Britain (about twenty miles) connecting Deeside and Speyside in the Cairngorms. This will necessitate an early start from Stonehaven on the Saturday morning and an overnight stay at Aviemore with a late return on Sunday. It would, therefore, be more convenient for me to see you on Friday, the 12th, preferably in Aberdeen since I teach there and not here in Stonehaven.

You mentioned that you would be staying in Aberdeen overnight and so, perhaps, you would like me to meet you at your hotel. If this is not known to you yet, I would suggest a rendezvous at the Marcliffe Hotel, Queen's

Terrace, which is opposite Harlaw Academy where I teach, at any time after four o'clock when the school day ends.

The phone number of Harlaw Academy is Aberdeen 29251

Dear Neil:

Thank you for your letter of June 15th and the information it contained. I was glad to know that you will be able to meet Elizabeth and me on Friday afternoon, September 12th shortly after four o'clock.

As you surmised, we have notyyet made arrangements for a hotel in Aberdeen, and we are pleased to have your suggestion of the Marcliffe Hotel, which is so convenient to your school. We shall plan to meet you there as soon as you can make it at the close of your school day.

We shall write to the hotel about their accommodations and rates and probably book a room there for that Friday night. If for some reason that does not work out, we can still meet you there at that time and have a good conversation. If I recall correctly, that is about the time in the afternoon that British have tea, and perhaps we can have a bite to eat while we chat.

* Jean told me that your grandfather, Edmund Witheridge, came from Marazion, Cornwall, and later moved to London. We'll be in Devon and Cornwall in August and may be able to track him down in the parish records.

[Jean McDonald Boyne (b. 1923)]

We are pleased to hear that Jean has remarried and is happily situated in Minorca. She was such a pleasant hostess when we visited her in 1978.

This will be all for now, but we did want you to know that the September 12th date will suit us fine. I'll write or call you in Britain as we get closer to the date.

Yours sincerely,

David

Dear Neil,

It's nearly two years since we had such a pleasant time with you in Aberdeen, and we hope all has been going well with you.

The reason for this note is to tell you that my research has now revealed that we are definitely related. I figure that you and I are seventh cousins. We have the same 6-great grandparents: Thomas Witheridge, born Dec 27, 1650, in Berrynarbor, and Mary Sherman, born Mar. 10, 1656/7, in Fremington. They were married Jan 2, 1677/8, in Fremington.

I haven't had time to prepare the entire record for you back to our earliest ancestors I know about: Thomas Witheridge (bapt. Feb 12, 1554/5, in Berrynarbor) and Johan Mogridge (bur. Jan. 12, 1625/6, in Berrynarbor). We are in the midst of preparations for a 3-week trip east, so I can't write very much at this time. Some day I hope to send you more information about all this.

When I got the birth certificate of your grandfather, Jacob Thomas Witheridge, I found that he was born in Ilfracombe. However, it wasn't until I got a letter a few months ago from another relative of ours that I was able to put all this together. He is John Jaines, who lives at 6276 Yukon Street, Vancouver, B.C., V5Y 3S8, Canada. His great grandfather, Robert Witheridge, was a brother of your grandfather, Jacob Witheridge, so he is your second cousin once removed. Jacob and Robert had a brother Edmund, which is where that name comes from in your family.

All of this means that you have other relatives in Combe Martin, a lovely family whom we met in 1980. Una Parsons, who is unmarried, is a social worker in charge of the district Social Welfare office in Bideford. She spends her weekends in Combe Martin with her elderly parents. Her father's mother was a Witheridge. Una is your fourth cousin and my seventh cousin. Her address is Marine Cottage, Combe Martin, Devon EX34 0DH.

[Una Parsons]

When we were in London, we got Robin's address, but somehow we mislaid it. Of course, by now he may have moved anyway. Would you please send us his current address, and in the meantime send him this picture and tell him we now know how we are related? When I send more information to you, I'll want to send it to him, too. (This picture is good of Robin, but certainly no good of me.)

This is all I have time for now. In fact, it has developed into more of a letter than I had intended. Our thoughts often turn to you and the other wonderful friends and relatives we met in Britain.

Yours sincerely,
David and Elizabeth

There is a quality certain islands share, even when they lie at opposite ends of the earth.

They are seldom tropical, never populous, invariably peaceful. But the kinship between them is more than that. More, too, than the sense of space engulfing them, of sky and sea overwhelming land.

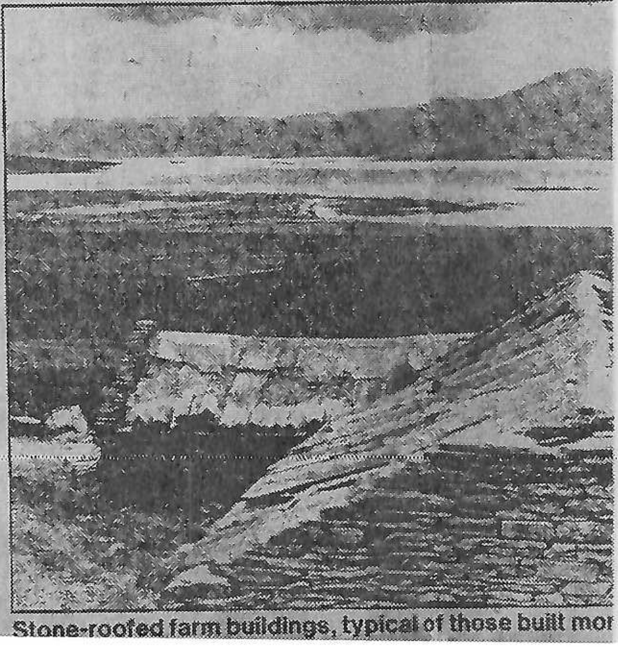
Perhaps it is that people on these islands regard their tiny homelands almost as nations, with a fierce loyalty that only large countries provoke in the rest of us.

That is said to be true for the Falklands, off the Argentine coast. For the Faeroes, between Iceland and Norway. For the Pacific scrap called Easter Island.

And for Orkney.

Orkney is its own country. Or should be.

■



Stone-roofed farm buildings, typical of those built mor

more than 150 years ago.

An archipelago moored just out of sight of the northern Scottish coast, Orkney looks like a cluster of submerged hills, their smooth, meadowy crowns barely breaking the surface of the North Sea.

Visit any of Orkney's two dozen major islands, and you can picture all the others: A child's green counterpane dotted with toy houses and toy cows. Or someone's grassy lap, intimate and gentle. Or an overscale model-train layout lacking only trains and trees.

The islands are too small to need trains, and the winds are too fierce and frequent for trees to prosper.

The trees of Orkney huddle, seldom bigger than a good-sized lilac bush, behind houses or in the lee of walls, and when their branches venture out, the winds slice them off like knives.

This makes the view from any hill like something God might see:

A miniature countryside of rolling pasture and gray stone houses, all exposed to view. Life seems transparent here, and very clear. If you could suddenly see through the walls, it would be no surprise.

■

The shearing winds and the wild sea bring weather-in-miniature to Orkney. You can stand in sunlight and watch it rain a mile away, and a few minutes later be running for shelter while the sky over the distant hills is clearing to sun.

On a single day, you can do that several times—more in summer, when the Midnight Sun lengthens the days. Summer afternoons seem to last forever, and the abundance of light quickly confuses a visitor's time sense.

By early June, nights on Orkney are never fully dark, and by July, Orcadians boast, they can play golf and read newspapers outdoors at midnight.

They pay for that, six months later, when the flip side of the Midnight Sun brings almost endless night. There is a

stretch in deep winter when the sun doesn't rise until 9:30 in the morning and is on its way down again by 2:30 in the afternoon.

■

Climate and geography also bring birds to Orkney, turning the sea cliffs into vast rookeries of guillemots, kittywakes, fulmars, puffins, oyster catchers and petrels. In winter, a sleek exotic called the Great Northern Diver arrives, a large trim bird with a haunting cry. For Minnesotans, the diver is a touch of home: We know him as the loon.

The embracing sea modifies temperatures so it does not get very cold here—seldom freezes, natives say, seldom snows—but it does not get very warm, either.

Space heaters are necessary far into June and desirable all summer. Comforters are kept on the beds in summer. And pullover sweaters—in the style called Shetland, for another fleet of British islands to the north—are a year-round local uniform.

The population stands at about 18,000, spread over less than two dozen of the islands. Most people live on the Mainland, as Orkney's largest island is called, including about 5,000 in Kirkwall, Orkney's capital, and not quite 2,000 in Stromness, its main port.

"We're like a family here," one Orcadian said. "There are so few of us."

■

Most of Orkney's family does agricultural work—the land is some of the richest pasturage in the world—and the rest are mostly involved in fishing or in shipping North Sea oil from a pristine new terminal on Flotta, a sparsely populated island in south Orkney.

The oil, pumped by a consortium that includes Occidental Petroleum, comes by pipeline from the undersea fields to the east.

Orkney's government, the Islands Council, fought hard and successfully to keep oil from bringing the problems it brought to Shetland—inflated prices, a boom-town atmosphere and a disruption of island life.

As a result, the Flotta operation is all but invisible, with low storage tanks painted brown and olive to blend with the Orkney landscape, and a tight network of regulations to protect water and wildlife.

rulers of

The council told the oil companies that "no matter what they do, they were going to upset our economy," said Ronald Miller, councilman for Stromness. "The oil will only last 20 or 30 years, and then they pack up and go away. They were going to cause a disturbance; and they were going to pay for it."

Pay they do—about four cents for every ton of oil that goes through Flotta, Miller said. The islands council uses the money for projects it deems worthy; this year, it covered the fertilizer costs for all Orkney farmers.

Orkney's current unemployment rate of 7 percent is about half that of Great Britain, Miller said. Such prosperity is recent, though. It arrived, along with electric lights and other modern amenities, only after World War II, when farmers began to plow under the heather and expand their holdings.

Before that, Orkney's children had a long history of going away to work, especially those who weren't lucky enough to inherit the family farm. "You'll find them scattered all over the face of the earth," one man said.

■

At the southern end of Stromness, where the narrow main street turns uphill on its run out of town, a small cannon is preserved, its barrel pointed out over the harbor.

It's an American cannon, the story goes, captured during the War of 1812. But its fame comes from how it was used here: It signaled the arrival of Hudson's Bay Co. ships, on their last stop for fresh water, provisions and new crewmen before they sailed west to the New World.

The Bay had been recruiting from Orkney for a hundred years before the cannon showed up, and it went on nearly another hundred. At one point in the late 1800s, three-fourths of the men who staffed Bay posts in Canada came from this small place.

One of the last to join was James Sinclair, now 74. He signed on in 1927, endured a shipwreck on the Labrador coast on the way over, spent his first winter virtually alone at an inland post—"in five months I only heard English spoken twice"—and still managed to like it.

"You never seemed to miss the daily paper and the daily mail coming in," he said with a smile.

He spent nine years with the Bay, at posts from the St. Lawrence River to the Alaskan border. Like most Orkneymen, he was resourceful, a quality that made them attractive to Hudson's Bay: "I suppose they were more used to country life without the amenities of a town," he said. "And, believe me, there were no amenities in the Arctic when I went out!"

■

History does not lie in tidy layers on Orkney. Threads of the past are forever getting tangled with the present.

The place has more than 1,000 ancient relics, for example, more than any other county in Britain. The land is pimpled with prehistoric forts, burial chambers, underground houses and standing stones, and the Orcadians seem as used to them as Minneapolitans are to bus stops.

("Please put the key back when you're done," a farmer's wife says cheerily as she heads off on a shopping trip, leaving a total stranger alone with the key to Unston Cairn, the perfectly preserved Neolithic burial chamber in her back yard.)

The best of Orkney's sites, though, is hard for anyone to take for granted; Skara Brae, the most perfect Stone Age village in Europe. See this place, and you begin to understand the rest of Orkney.

■

Time has smashed in the roof at Skara Brae, but the stronghold feeling, the sense of safety it must have given to its inhabitants, is still here.

Skara Brae is a tight cluster of stone-walled huts, their floorplans like clover leaves, their outer walls buried in sand. It sits beside a small rocky harbor on the Mainland, surrounded now by grass and tiny daisies, and was occupied between 3100 and 2450 B.C.

Except for the roofs—probably made of skins or turf supported by the jawbones of whales—and for the belongings of Skara Brae's vanished people, the place is intact. That is because everything else is made of stone. Everything.

There, against the walls, are what the guard calls "theirrrrrr sideboards, the stone drrrrressers"—slabs of island fieldstone arranged like crude but sturdy bookcases or doorless cupboards.

There, tucked into corners and alcoves, are the people's beds—"box beds," the guard says—square pens floored and fenced with stone slabs to keep their bedding in place. They would have been filled with straw or dried meadow grass; like stone, it is an age-old Orcadian resource.

And there, in the center of the main rooms, are the hearths—square stone pits used for burning peat, Orkney's only home-grown fuel.

■

Peat fires still heat many island homes, and the peat is still harvested from the watery bogs by methods perfected centuries ago. It is cut in large bricks about three or four inches thick, a foot or two long and half that wide, and then set out to dry in tipsy rows in the nearest pasture. The dry peat looks like overgrown fudge brownies.

House-sized piles of peat, covered with plastic to keep the rain off, stand beside many farmhouses, the equivalent of the woodpile in northern Minnesota. When it burns, peat yields great heat and a smoke reminiscent of damp tobacco and campfires built in soggy woods.

Peat, straw and stone have been in use here since human time began on Orkney. There is, after all, only so much you can do with them, and the Orcadians learned what those things were more than 5,000 years ago.

■

From Skara Brae to Orkney's next most famous relics is a jump of about 3,200 years. Skipping over the cultures of the Picts and the Celts, you come next to the Vikings, who had begun to colonize Orkney before 800 A.D.

For the next four centuries, these islands were a treasured Norse territory, fully part of the Viking world, with their own rulers, called "jarls," their own heroes, and even their own literature, the "Orkneyinga-saga."

The foundations of Viking longhouses show most clearly on the Brough of Birsay, a cliff-bound islet barely linked to the Mainland. You can reach it on foot only when the tide is out, over a stretch of cobblestone beach and a narrow causeway made slippery by seaweed.

Birsay also boasts a Viking church and a bishop's palace, a cemetery, and a square-bottomed trough cut about 10 feet wide in the lip of the cliff—the boat slip where the Vikings pulled their longboats up to safety.

The first Viking saint was buried in a grave by the Birsay church—Magnus Erlendson, an heir to the throne of Orkney, who was martyred in 1117. His bones have been reburied inside a pillar of the rose-colored stone cathedral named for him in Kirkwall.

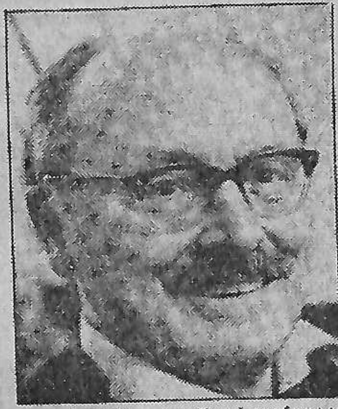
Begun in 1137, St. Magnus Cathedral is one of the oldest and largest in Scandinavia—never mind that it isn't in Scandinavia any more.

■

Orkney's prehistoric and Viking past get mixed up with each other every so often. One such crossroads is Maeshowe Cairn, a 5,000-year-old burial mound hiding several stone chambers under its grassy bulk.

Staff Photos by Catherine Watson

**Arthur and Bunny Park. He's an Orkney native; she was in the military here during World War II, decided to stay on and subsequently met and married Arthur.**



**Ronald Miller, a retired professor of geography and an Orkney native who now represents Stromness on the islands council, Orkney's local governing body. The islands are part of Scotland.**

It would have been a great man's tomb, full of treasure, and it ranks even now as "the best of its type in Western Europe," the guide points out to her tour groups.

About 800 A.D., however, Vikings broke in and stole the treasure, leaving behind a treasure of their own: the second-largest collection of runic inscriptions in the world. And what do the runes say?

"That they were carved by the cleverest man in the Western Ocean," said the guide. That it took them three nights to carry off the treasure. And that a lady named Ingeborg was "the most beautiful woman they knew. So they had their pin-ups then, too."

In other words, Kilroy was here more than a thousand years before the Second World War.

■

Orkney's ties with Scandinavia loosened politically in the 13th century, and English officially replaced Norse in the 15th. But Norse customs survived much longer.

A lover's pledge called the Oath of Odin was known into the 19th century, for example. And Orcadians still drink traditional bridal toasts from double-handled Scandinavian-style wooden buckets called ale cogs.

(The recipe for an ale cog calls for home-brewed ale, sherry, whiskey, eggs, spices, oatmeal and mashed potato—served hot, a cog maker explained, so the guests won't drink too much!)

The most appealing of Orkney's old customs is called simply the Ba' Game. Its roots may go back to Norse times, but the only certain source was a conflict between the Bishop's men and the Earl's men, probably in the early 1500s.

Few visitors get to see the Ba' Game, simply because it's held on Christmas and New Year's Day, when the visitor population is low. Played only in Kirkwall (an attempt to extend it to Stromness fizzled when players broke the town's first plate-glass window), the game always involves the same teams—the Uppies and the Doonies—and a soft-ball-sized leather ba'.

The Uppies try to get the ba' uphill to their end of town, the Doonies aim downhill for the harbor. "There are no rules," a retired player said, "just *push!*"

The resulting free-for-all can last for hours, with some 150 men and boys struggling up and down the narrow streets. Photos of it look like a North Stars fracas.

■

Orkney has several good museums—Corrigall Farm preserves folkways from the early 1800s; the 16th-century Tankerness House in Kirkwall has excellent materials on prehistoric, Viking and pre-industrial periods; and the Stromness Museum focuses on the Hudson's Bay Co., World War I and relatively recent local history.

But more vivid clues to Orkney's past come from its people—people like Arthur Park, now 65 and recently retired from a career on the Pole

Star, a lighthouse supply ship based in Stromness.

He went out "on farm service" when he was 14 and spent three years working for a farmer whose old-fashioned practices could be traced to medieval times. "The fire was never out in that house for 400 years," Park said.

Park slept in an old box bed — a tall, square structure like a windowless room with a small door. Once standard equipment in an Orkney farmhouse, box beds functioned as room dividers; two are on view at Corrigall Farm.

The bottom two feet of the box bed were filled once a year with straw, Park said, and a straw mattress—a "chaffie bedsack"—was thrown on top. The straw packed down as the year wore on, and soon you weren't alone: You could lie in there, he remembers, and listen to the mice scrabbling in the straw below.

Park has equally vivid memories of something his employer called "trampin' the gunnel":

He had to put on a pair of long cotton stockings, specially kept for the purpose, and then get in the gunnel—a wooden box about four feet square. A layer of oat meal was put in and Park would tramp it down hard. Then a layer of dry cheeses was put in, then more meal and more trampin.'

Layer by layer, the box was filled with enough cheese and meal to last the household till the next harvest and so tightly packed that it wouldn't spoil: "Because it was practically airtight," he said, "no vermin got in."

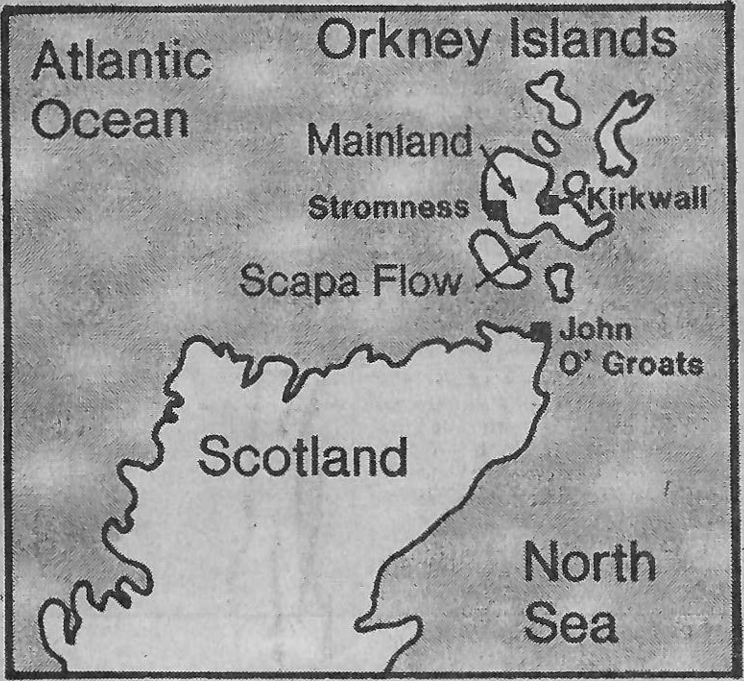
■

Architecturally, neither the Stone Age nor the Age of the Vikings really ended on Orkney.

The islands are still dotted with long, low stone cottages and barns, most built well before the 1800s by Orkney crofters. The technique is "dry

Orkney/5E

# Orkney is reachable by ferry, airplane



Orkney can be reached several ways: By the P & O Ferry line that takes cars and people from Scrabster, Scotland, to Stromness and back several times a week (up to three times a day in mid-summer). By the smaller Orkney Passenger Ferry from John O'Groats, on the northeast tip of Scotland, to Burwick or St. Margaret's Hope on Orkney. Or by air from mainland Scotland.

In summer, both ferry lines offer special rates on one-day excursions from Scrabster to Stromness; the rate for these last summer was about $12.50 per adult with P & O and about $10 with Orkney.

Having a car on Orkney is a good idea, but bringing it over on the car ferry isn't. It costs too much (about $100 last summer). You can rent cars on the Mainland, Orkney's largest island, and on six of the smaller ones. Bicycles also can be rented.

If you decide to take a car over to Orkney, book *round-trip* tickets well in advance to make sure you get a place on the ferries. The demand is greatest, in both directions, around the weekend. Even with reservations, you should arrive at the boat docks about an hour early.

Hotels and meals throughout Orkney are reasonably priced, but the best deal of all is the bed-and-breakfast: a room in a private home and a home-cooked breakfast next morning, all for a small price. B-and-Bs on Orkney last summer cost about $8 to $10 a night ($12 when an evening meal was included)—well below the going rate elsewhere in Scotland.

Orkney offers a rich range of crafts, including hand-made tweeds and sweaters, jewelry in Norse style, contemporary paintings and sculpture. A particularly interesting (though expensive) Orkney product are handmade chairs with tightly woven straw backs, some of which curve up into basket-like hoods to protect their occupant from drafts. They are copied from originals that go back a couple of hundred years and testify to Orcadian resourcefulness in the face of the chronic shortage of wood.

Information—on car and bike rentals, accommodations including house rentals, sights to see and hours they are open, art galleries and craft shops, and cruises and tours to different parts of Orkney—is available year-round from the main tourist information center in Kirkwall and mid-June to mid-September from a seasonal office at the ferry terminal in Stromness.

Address questions to the Orkney Tourist Organisation, Kirkwall, Orkney, KW15 1DH. Particularly useful is a booklet titled "Where to Stay on Orkney."

Good books about these islands include: **"Orkney,"** by Ronald Miller (B.T. Batsford, Ltd., London, 1976), especially good on history and background; **"The Other Orkney Book,"** by Gordon Thomson (Northabout Publishing, Edinburgh, 1980), useful while touring the islands; and **The Ancient Monuments of Orkney** (Her Majesty's Stationery Office, Edinburgh, 1978).

These are most easily purchased in bookshops on Orkney, though you might try shops in Edinburgh, Aberdeen or Inverness.

wall," meaning that no mortar bonds the wide, flat island flagstones.

Many of these buildings are still in use, though modern shingles usually have replaced their turf or flagstone roofs and new additions often obscure their long, spare lines.

What's so striking about them is that their original floorplans are not much different from the those of the Viking longhouses at the Brough of Birsay, built about 800 years before, and their furnishings date back in style to Skara Brae, some 3,000 years before that.

Like the Viking houses, these farm homes were built long ways down a slope, with the farm animals penned in the downhill end (the "oot-by" in island parlance), and the people living in the other (the "in-by")..

In between, there would have been an open hearth on the floor and a simple smoke hole (the "lum") in the roof, located off-center so the frequent rains wouldn't put the fire out.

Most of the old-style farmhouses were remodeled in the mid-1800s, and proper chimneys were put in to separate the in-by from the oot-by. (Pigs and chickens continued to reside in the oot-by, though, unless the family could afford a barn.)

But a few of the farmhouses remain unaltered: Kirbuster House on the Mainland, for example, was occupied until 1962 by elderly siblings who continued to cook and heat the place with an open fire in the smoke-blackened main room, the part of the house that extends back 400 or 500 years.

The unrestored house still contains pot lids made of stone; small stone querns for grinding flour, and a "paun tree," a huge beam above the hearth that was used for hanging pots and pans and may have led, Orkney people say, to the modern word "pantry."

What's unsettling here are the stone-fenced stalls in the oot-by; the stone slab that makes a work table in the main room; the flat stones stuck into the walls for shelves, and the "neuk beds"—large nooks or niches in the five-foot-thick walls that were lined with stone and used for sleeping.

They all have look-alikes at Skara Brae—though five millenia elapsed between them.

◆

Despite being so far from the main stream, Orkney has twice found itself in the thick of modern history.

Its wonderfully protected harbor, Scapa Flow, was the burial place of the German Navy after World War I. Deliberately scuttled by their crews, the Kaiser's captured ships slept here until the 1920s, when sharp salvage operators figured out how to retrieve most of the hulks for scrap. (Seven are still down there, targets now for amateur scuba divers.)

The Germans retaliated in 1939, when a Nazi sub sneaked into Scapa Flow and attacked the British warship Royal Oak; more than 800 men drowned when it sank.

After that, the British government decided to seal off the eastern entrances to Scapa Flow. Imported Italian prisoners-of-war did the work on a series of causeways—the Churchill Barriers—to connect four islands there.

The causeways carry a road that allows visitors to drive to the prisoners' other legacy: the Italian chapel, a charming, Renaissance-style oddity created out of scrap metal, plaster, imagination and a donated quonset hut.

◆

The war changed many things here, not least of them the people. Thirty thousand military personnel were stationed here, Ronald Miller said—more than twice Orkney's pre-war population. One was Arthur Park's wife, Bunny, now 62, a Scottish girl from a town near Inverness.

When the rest of her unit was transferred, she requested to stay. Orkney had taken hold of her somehow; she felt she had discovered the place she was meant to be.

It didn't matter that she was what old Orcadians would call "ainsfayaff"—literally "one's from off," a stranger, someone not from here. Orkney felt like home, "and that was before I met this old man here!" she said, teasing her husband.

The pull Orkney has on people like Bunny Park is no less keen for its own offspring. One man, home for good after more than 20 years, explained it simply: "Ay, I belong to here."

[Mar. 24, 1964]

2425 Irving Ave. So.
Minneapolis, Minn. 55405
March 24, 1964

Dear Mr. (or Mrs.) Witheridge: 170 - 9th St., Wyoming, Pa.

You may be surprised to hear from me, for if your family is like ours, you have probably discovered very few other people by the name of Witheridge. We lived for six years in Chicago and were the only Witheridges in the phone book all that time!

A year ago my father died, and I realized I knew very little about his family. So I began to piece together everything I could find from relatives, and found it was a slow and difficult business. I still haven't made contact with any relatives in England, though my father came over with his family as a young boy.

I happened to recall that years ago when I was in seminary (Colgate Rochester Divinity School), our chorus made a trip through the East, and we stayed overnight in Scranton. My hosts, Dr. and Mrs. Earl Rabhorn, mentioned that they knew some Witheridges in Wyoming, Pa., and I put down the name of Thomas North Witheridge, thinking that some day it would be fun to look him up.

That day has now come, and I am hoping that I shall hear from you in the near future. Our public library had a directory of Wyoming, in which I found not only the name of Thomas North Witheridge, but also Mrs. Keith Witheridge and Mrs. Paul Witheridge. In order to miss no chance of making contact, I decided to address this in a general way--Mr. and Mrs. Witheridge.

Very likely, if we are related at all, it must be in some distant fashion. I am hoping, however, that you may have some information that may help me in my efforts to straighten out my own family history.

First, I'll tell you about myself. As you see, I am a minister (Baptist). I have been executive secretary of the Greater Minneapolis Council of Churches for thirteen years. Before that I served churches in and near Chicago. My wife Elizabeth and I both grew up in Saginaw, Michigan, where she was a kindergarten teacher and I was a heating and ventilating engineer before going into the ministry. We have two boys in high school--James and Thomas.

My Witheridge ancestry is as follows: My father, William Allen Witheridge, was born Jan. 22, 1881, in Porth, So. Wales. His father, William Witheridge, was born Sept. 16, 1856, someplace in England and brought his family to America about 1886. His father, John Witheridge, was born Feb. 25, 1828, in Devonshire, lived in Combe Martin, and served as a lighthouse keeper on Lundy Island at one time. That's as far back as my records go.

One of my father's cousins told me that my great grandfather, John Witheridge, had a brother in Pennsylvania. Could he possibly have been an ancestor in your branch of the family?

I hope this letter piques your curiosity enough to encourage you to write and tell me all you can about the Witheridges of Wyoming, Pa., and their ancestry. What other relatives do you have who might have additional information? Especially, I am hoping you have the address of some descendants of the Witheridge family who still live in England.

A letter from you would be very welcome, indeed. Please write soon and tell me what you know now, without waiting to look elsewhere for some of the records.

Yours sincerely,

David [illegible]. Witheridge

Dear David -

Your letter was sent to my Dad, Tom North Witheridge who is 90 years old - lives in Wyoming, Pa. - born in 1873 in New Jersey. His father was John Witheridge who came from Devonshire. John had a large family and only two survive - Tom in Wyoming-Pa. and Emma Garman in Bellingham, Wash. Tom had 3 sons - Paul - age 54 - buyer for the A. & P. in Eastern Penna - Kenneth -52 a machinist who lives near Wyoming and Keith -52 an elementary school principal in Annapolis, Md.. We have been Methodists and each has been active in the church.

Your nephew from Saginaw visited in our home in the fall and I have been trying to pick up some of the information about this branch of the Witheridges but to no avail. ~~Dad had a brother who~~ My Dad's father had a brother who had gone to Australia but not too much was known about him.

At present I am trying to contact a Witheridge who has authored a children's book - will let you know if this is still another branch. Your nephew looks like the Witheridges in Pennsylvania so I am certain that our ancestors were very close.

Our Nat'l Elem. Principals met in Minneapolis this year - one of the first Nat'l Conventions I have missed but I am sure our paths will soon cross. If you plan to come east for the N.Y. Fair we would be happy to have you stay with us so that we could show you Annapolis, Naval Academy and St John's College and get to know each other better.

Our son Don is 26 and in Public Relations with the Washington Gas Light Co. Mrs. Witheridge (Annie) was born in Yorkshire so English blood runs rather thick in our veins.

We know of no living relatives in England but we do know there is a village there in Devon by the name of Witheridge - it was listed in the Sept. Nat'l Geographic in their article on Devon.

Thank you for your letter and I shall keep in touch with you about these Witheridges.

Sincerely,

G. Keith Witheridge

Annie was originally a Baptist and heard your glee club when ~~the~~ it was in Scranton - she spoke to you at that time. We had a clipping around the house concerning your group.

I plan to see my Dad and Mom on Mother Day so I'll pump their memories again and see if I can get any leads.

Keith

Dear Keith:

Thank you very much for your letter. It was a great pleasure to hear from you rather promptly and to find that you are really interested in our family history. Most relatives with whom I have corresponded have been only mildly interested and have been very slow in answering.

Just three weeks ago my older brother William died, and I was in Michigan (Birmingham) for the funeral. My brother John from Saginaw (not my nephew) told me about his visit with you a few months ago, and how delighted he was to meet you. He said you had written to me when I was in Chicago and had never got an answer. Your letter must have gone astray, for I have been hoping for years to make contact with any other Witheridges living in this country, and I feel sure I would have answered your letter if it had arrived.

As you see, I have enclosed a genealogical chart giving my ancestry back as far as I know it. You may keep this. I am also enclosing two more blank charts of this type. I hope you will make two copies of your own ancestry--one for me and one for yourself. Eventually, I hope we shall be able to connect your chart and mine, if we go back far enough. I note that you will be seeing your mother and father on Mother's Day, so maybe you can get some more information, or at least find out how or where to pursue the matter.

Another chart I have enclosed gives the family record of John Witheridge, the earliest of my ancestors of which I have any record. This is for you, but I should like to have you fill in a similar one for the earliest Witheridge in your line, and send it back to me.

A third sheet I'd like returned from you is a list of addresses of your living relatives.

I have an uncle, Edward A. Witheridge, at [illegible] St., Port Townsend, Wash., and I know he would be extremely interested in knowing about your Aunt Emma German in Bellingham, Wash.

I am related by marriage to the Elizabeth [illegible] Witheridge who writes children's books--in fact, she is my wife! She has written three books for Abingdon: Mara of Old Babylon, Mara Journeys Home, and Jim Penney's Golden Nugget. She has also written one for Atheneum: Never Younger, Jeannie; and is just finishing another for Atheneum.

Elizabeth has some ancestors who came from Baltimore, and some day we might be very happy to have your help in hunting up some information on them.

When you go to Wyoming next week, you might ask your father if he can remember any distant relatives by the name of Curtis. You will notice that my great grandmother, Clara Blackmore Witheridge, had formerly been married to a man named Curtis, and had at least two children, Edward and George Curtis. One of my father's cousins, George Chivers, did remember some relatives by the name of Curtis, but we haven't made any contact with them yet.

We, too, were quite intrigued by the article and map in the National Geographic showing the town of Witheridge. I have since secured two other excellent maps of Great Britain showing this town and others in Devon from which my ancestors came, as well as towns in Wales where some of them lived more recently.

Since becoming interested in genealogy, I have discovered many ways of tracking down ancestors in Great Britain, though the process is slow, because answers are so long in coming. I'm sure I can help you with suggestions for tracing your ancestry across the ocean.

I'm also interested in your father's uncle who went to Australia. Perhaps we shall be able to track down his descendents some day.

It's unfortunate you were unable to come to the convention of Elementary Principals in Minneapolis. We would have been delighted to meet and entertain you. Thank you for your invitation to stay with you in case we come to the World's Fair. We have no plans for coming east this year, but some year we shall be doing so again. We look forward to meeting both you and your wife Annie. Does she keep in touch with her relatives in England?

Thank you for the picture. I can't put my fingers on one to send you at the moment, but will send you one at a later time. Please let me hear from you again after you visit with your parents.

Yours sincerely,

Dear Dave -

Have done some work toward establishing our relationship - Dad's memory is quite hazy about his fathers relations but from such questions as, "How old was your dad when he died? and the celebration of fiftieth wedding anniversaries we were able to get some dates a little more exact. I plan to do some research in the files of the Wilkes Barre Record in Wilkes Barre, Pa. to see if I cannot pinpoint my grandfathers death date and the obituary may give me some additional clues.

My Aunt Emma's address is Mrs. Emma Garman, Somerset Manor, 1603 E. Illinois St. Bellingham, Wash. Your Uncle Edward might have a chance to see her and get some information. I have written but she did not answer any of my questions.

Have ordered some of Elizabeth's books for our school library - will let you know the kid's evaluation of the books.

I did find out that my great grandfather Witheringe was a gentleman butcher.

The only Curtis in our family was a John Curtis who married my dad's sister Mary. I believe he was born in America.

Tried to get additional information but Dad just couldn't seem to remember. I'll keep trying on each visit.

Closing school here is a big chore but the 16th of June will soon be here. We enjoy the activities which take place at the Naval Academy — musicals and the like. We usually attend the graduation exercises and the colorful parades on the grounds.

Annie and her mother visited in England (Yorkshire) in 1954 — Mrs Smith has 5 sisters living there. They came from the town of Guisboro — Annie's dad was a miner and a crack soccer player and it was through this talent that he came to America to work for a steel company and play soccer on the company team. He later worked in the mines in Pittston, Pa.

I will keep in touch with you and let you know of any new findings.

Sincerely,

Keith

Dear Keith:

I have owed you a letter since May, but that does not mean I have not thought about you and your branch of the Witheridge family. I haven't really had anything new to tell you, and I have been very busy on other strands of my genealogical research. When we were back in Saginaw last month, I finally got the address of a cousin of Father's in England, and I am looking forward to her reply to my letter one of these days.

I'm glad that your ancestors and ours both stem from Devonshire, as of course the town of Witheridge is there. That makes it at least more likely that we are related somehow in the past. I wonder if you have made any more progress in your effort to trace your line farther back. From some of my recent experiences I'd like to make some suggestions, in case you have struck a snag.

[Nanticoke, PA]

I notice that you have two cousins still living in Nanticoke, where both your grandfather and grandmother died. Perhaps either Elmer or Mildred could check with the person in charge of the cemetery there to see if their records show the exact dates of their deaths. These dates would make it easier to locate newspaper obituaries. I would guess there must have been a paper in Nanticoke that carried these; and, as you say, the Wilkes Barre paper might have it also. We were very lucky in Saginaw to find several obituaries that provided new information about birthplaces and surviving relatives. The paper had a microfilm file and a reader right in their building we could use. The Nanticoke paper might possibly be in the State Historical Library in Harrisburg, and their research librarian might be willing to look up this obituary for you.

As you probably know, you can write to the Clerk of Courts of Luzerne County in Wilkes B arre giving all the information you know about your grandparents and get certificates of their death for $1.00 each. This would probably give their exact dates of birth, or nearly so. This might help in writing to London for their birth certificates, which is done as follows:

[Somerset House]

All the records of births, marriages, and deaths in England and Wales since 1837 are on file in the General Register Office, Somerset House, London, W.C.2. I have written there for several items and have not been disappointed so far. I would suggest that you write for the marriage certificate of John Phillip Witheridge and Emma Northcott in Devonshire (possibly near Travistock) from 1862 to 1867, and for each of their birth certificates in Devonshire about 1840. If you can get these, you will have the names of their parents.

← [DEW meant Tavistock]

The cost is 10s. 0d. for each certificate (6s. 3d. for the search and 3s. 9d. for the certificate). Airmail is another 1s. 3d. for one or two certificates, and 2s. 6d. for three or four. Thus for three certificates this would be 32s. 6d. including airmail. This is the same as £ 1/12/6. Your local bank can make out a draft for this amount, and at the recent exchange rate of $2.80, it would cost $4.55 plus the cost of the draft. I tell you all this, because I had to learn it by trial and error. I hope you will do this, as I think it is a fascinating process, but if you prefer, I will do it for you. (The draft should be made out to The Registrar General).

Now, I am hoping you will supply me with some additional information in your next letter. First, you will note the Family Record on which I hope you will list all the information you have on your father and mother and their children. By the way, is your father's first name Tom instead of Thomas?

[Tom
or
Thomas?]

I'd appreciate it if you would give me further information about all your uncles and aunts on the Witheridge side--where did they live, what did they do, and whom did they marry? I'm especially interested in knowing about all of their children (your cousins). Are any of these cousins living, except Elmer Witheridge and Mildred Lewis in Nanticoke? If so, I'd like to have their addresses.

You spoke of your son, and I assume he is your only child. Would you please give me his full name and address? Also, if your brothers have any children, I'd like to have their names and addresses.

At long last I have a few extra prints of the enclosed picture of Elizabeth and me. I am also sending you a sheet showing my own father and mother and their children. You may keep this.

I am interested that Annie used to be a Baptist and that she heard our Colgate Rochester Divinity School Choir back in 1940 or 1941 in Scranton. I wish she would tell me more about that. It's hard for me to believe that if she had introduced herself as "Mrs. Witheridge" I wouldn't have tried to establish contact then and there! Maybe I was in a fog then.

I suppose you are well started on another school year. Jim is about ready to begin at the University of Minnesota. He was at Freshman Camp over the weekend, and Elizabeth and I were at Parents' Day. Tom has started his senior year in high school.

Yours sincerely,

Dear Mrs. Garman:

Perhaps your nephew Keith has told you about another branch of the Witheridge family that has struck up a correspondence with him during the past year. My brother John and I have both been writing to him, and my brother and his wife actually visited in Keith's home.

About a year and a half ago when my father died, I suddenly realized how little I knew about all the branches of my own family, and I began a genealogical project that seems to get bigger as time goes on.

Our family had never known of other Witheridge families in the country, though we assumed there must be some. My wife and I lived six years in Chicago and were the only Witheridges in the telephone book. Now, in my efforts to learn as much as possible about the Witheridges, I am tracking down any Witheridge descendants I can discover.

I'd appreciate hearing from you and learning about your own experiences and family. What different places have you lived and what did you and your husband do? Do you have any children; and, if so, what are their addresses?

You may be interested in my background. As you can see, I am a minister. I have been executive secretary of the Greater Minneapolis Council of Churches for thirteen years. Before that I served Baptist churches in and near Chicago. My wife Elizabeth and I both grew up in Saginaw, Michigan, where she was a kindergarten teacher and I was a heating and ventilating engineer before going into the ministry. We have two boys: Jim is a freshman at the University of Minnesota, and Tom is a senior in high school.

My Witheridge ancestry is as follows: My father, William Allen Witheridge, was born Jan. 26, 1881, in Porth, So. Wales. His father, William Witheridge, was born Sept. 23, 1856, in Combe Martin, Devonshire, and brought his family to America about 1888. His father, John Witheridge, was also born in Devonshire, so it's possible that back several generations we are related to your ancestors. We understand they also originated in Devonshire.

When I heard that you were living in Bellingham, Washington, I immediately thought of my own uncle, Edward A. Witheridge, who lives at 206 Reed Street, Port Townsend, Washington. With so few Witheridges in this country, I'm sure you would both enjoy visiting with another one living in your same state. I've written to Uncle Ed and have given him your address. He may not be able to visit you, but perhaps he will write to you.

Now I'll close, and I hope to hear from you one of these days.

Sincerely,

David B. Witheridge

Dear Keith:

It seems like a very long time since I have heard from you. I wonder if you have had any more luck in your search for relatives and ancestors. I'll be glad to get a report from you some day.

Although I don't have as much time to spend on genealogy as I would like, I have made considerable progress in the past year. It's hard to believe how much information is available if one can just take the time to work on it.

One of my problems is that I am not only working on the Witheridge branch, but I am also working on my mother's family and both sides of my wife's family. The trouble is that every time you solve one problem, you create two more.

The reason I am writing now is to tell you that we are coming east later in the summer. I'll be attending a three-week school for church executives in Washington, starting the middle of August. At the close of that, Elizabeth and the boys will join me, and we shall spend about two weeks in the New York City and Baltimore areas.

In New York we want to see Elizabeth's editor and publisher, visit the World's Fair, and and look up a relative of Elizabeth's whom she has never met.

In the Baltimore area, we are going to spend nearly a week, from Wednesday, September 8, to Monday, September 13, doing research on Elizabeth's ancestors there and on the local situation from about 1800 to 1830. Her great-great-great grandfather, Robert Amos, was sheriff of Harford County. Elizabeth is planning to write a book about her great-great grandmother, Sarah Amos, Robert's daughter. So this is a combination of business and pleasure!

While we are in Maryland, of course, we want to meet you and Annie, so we are hoping that you will be home and free enough from start-of-the-season school duties to spend an evening with us.

Please write soon and let us know if you think you will be able to see us. I think it will be delightful to get together.

Sincerely,

Dear Elizabeth and David —

The welcome mat is always out for a Witheridge so feel free to visit us. With Don gone now there is an extra room where you could stay. We can easily arrange our evenings so that we can see you.

Annie and I leave for Europe on Sunday for a months tour of five countries. In England we plan to rent a car and drive to the county of Yorkshire and visit her people for 2 days and then rejoin our tour group for Holland and the rest. Will not be able to get to Witheridge on this trip. We plan to return Aug 8 — looking forward to our first trip abroad —

No work on this end in genealogy - Hope to do some in the fall.

Let us know when you get in Maryland.

"Never Younger, Jeannie" has been a popular book in our school library.

Looking forward to seeing you and the family.

Sincerely,

Keith

Dear Keith,

Elizabeth and I are eagerly planning a trip east during the last three weeks of July. We expect to include Boston, New York, Baltimore, and Pittsburgh in the itinerary.

Whether or not we'll be able to get down to Annapolis remains to be seen, but I hope so. Our schedule is somewhat flexible, but we think we'll be in Baltimore on the weekend of July 21-24.

I suppose the best thing will be to call when we get there to see if we can work in a visit.

Elizabeth is still working on her book that is located in Harford County, and she wants to look up some things while we are there.

Hope you are all well and that you'll be around while we are there.

Sincerely,

Dave

Luzerne County Clerk
Court House
Wilkes-Barre, Pa.

Dear Sir:

I should like to have copies of the death certificates of three relatives of mine who died in Nanticoke, Pa., early in this century:

John Phillip Witheridge (b. 1837), who died in 1913

His wife, Emma Witheridge (b. 1838), who died in 1914

(Their son, Willie Witheridge (b. 1879), who died in 1905)
no Record of death

Enclosed is a check for $5.00 to cover the cost of the search and the certificates.

From the dates of death on these certificates I hope to track down obituaries in a local newspaper. Could you give me any clue as to what newspaper would have been serving Nanticoke at that time? If you could give me the name and address of such a paper or its successor, I would be very grateful.

Yours very truly,

David E. Witheridge

The Rector
Church of England Parish
Lamerton
Devon
England

Dear Sir:

I am working on the genealogy of my father's family, which I find stems from Devon. In the process I have come upon two ancestors who lived in the Lamerton area:

William Witheridge, born Oct. 30, 1844, Ottery,
Lamerton, son of John and Jane (Percy)

✓ John Witheridge, age 24, residing in Ottery, son of
John, married Feb. 12, 1862, to Emma Northcott,
age 23, residing in Lamerton Village, dau. of James.

Now I should like to have you search the parish register for other entries of baptisms, marriages, and burials under the names of Witheridge, Percy, and Northcott between, before, and after these dates.

I realize this is a rather indefinite assignment, as I have no way of knowing what entries you might find or how long it might take. I am enclosing a draft for two pounds and ask that you make whatever search you can for this amount and then let me know what else might be involved.

Yours very truly,

David E. Witheridge

LAMERTON VICARAGE,
TAVISTOCK,
DEVON.

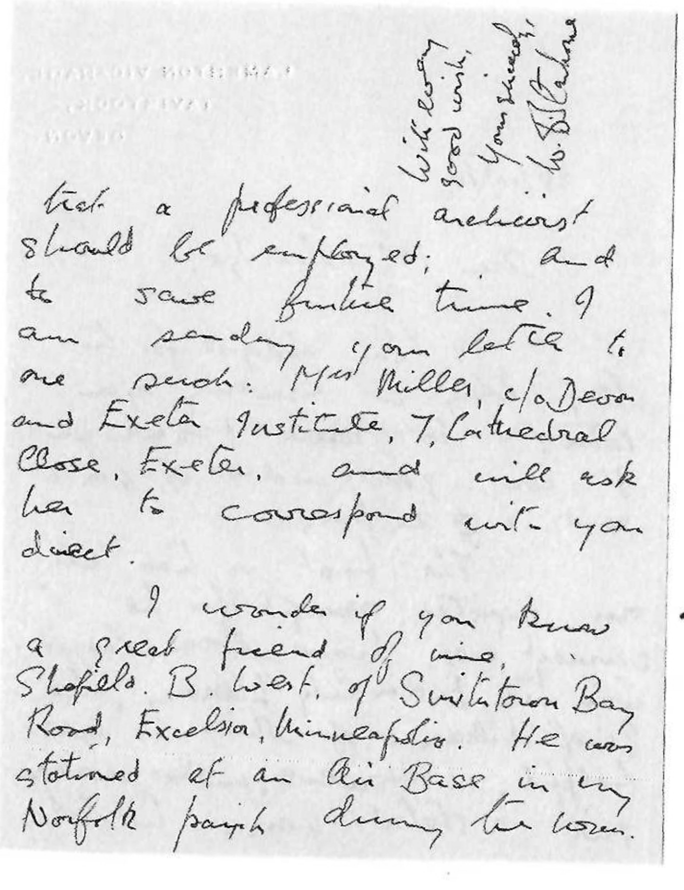
28/10/70.

Dear Mr Witheridge.

I do apologise for the long delay in answering your letter; for which I thank you. It was good indeed of you to send a £2 fee.

The fact is that all our registers, except for the current ones, have been lodged with the Exeter City Library, the Chief Librarian of which is most helpful. However, unless one can give a stated year, he feels

[Embossed "Lamerton Vicarage, Tavistock, Devon."]



that a professional archivist should be employed; and to save further time, I am sending your letter to one such: Mrs Miller, c/o Devon and Exeter Institute, 7, Cathedral Close, Exeter, and will ask her to correspond with you direct.

I wonder if you know a great friend of mine, Shofield B. West, of Smithtown Bay Road, Excelsior, Minneapolis. He was stationed at an Air Base in my Norfolk parish during the war.

With every good wish,
Yours sincerely,
W. B. [illegible]

Dear Mr Witheridge

As you probably know the vicar of Hamerton has asked me to do your family search.

It was difficult to know where to stop, as I wasn't sure how much you would need to spend on this, as you will see I haven't searched the burials, except to check on the death of Will. Witheridge born in 1844.

I shall be quite happy to continue this for you if you wish. Perhaps you would state a time limit.

My fees are 15/- an hour plus expences. No expense involved in this initial search.

Yours sincerely.

Death Record

Dear Sir:

We are in receipt of your request for a certified copy of the above captioned subject's original death record.

A search of the death indices for the years 1913, 1914 and 1915, has been made, but we have been unable to locate any record of this death. Before a further search of our records can be made, we must be furnished with the exact month of Emma's death and verify the correct year and place of her death.

Upon receipt of the requested information, prompt attention will be given the matter. THE ENCLOSED PREPAID RECEIPT IN THE AMOUNT OF $1.00, REPRESENTING THE FEE SUBMITTED, MUST BE RETURNED WITH YOUR REPLY.

Very truly yours,

Dear Keith:

Elizabeth and I are planning a trip east this summer, and we're hoping we can include a visit with you and Annie.

We have an annual conference of our organization of ecumenical staff people, which meets this year at Bethany College in West Virginia. That will be the last week in June.

Then we plan to spend some time in the Pittsburgh area visiting some of Elizabeth's relatives and doing a little genealogical research on one or two of her family lines.

The weekend of July 4th we expect to be down in North Carolina. If everything works out as we now anticipate, we'll be in the Washington-Baltimore-Annapolis area during the first part of the week of July 7.

In addition to seeing some of Elizabeth's relatives in Baltimore and Harford County, we have some research to do in Washington, Baltimore, and Annapolis. I think we'll want to spend a day at the Hall of Records in Annapolis. If you are going to be home that week, I hope we can get together for a while.

I'm sorry to say I still haven't connected your Witheridge ancestors to mine in Devon. However, I do have a lot more information about Witheridges than I had when we saw each other before. I'll bring some things along to show you.

I do have some information about your grandparents and great grandparents you may not have, especially about your Northcott ancestors. The vicar at Lamberton put me in touch with a lady who copied some material from the parish register on file in Exeter.

In any event, we hope to hear from you before June 20 letting us know if you'll be home during the week of July 7, as we do want to see you.

Yours sincerely,

Dave

Dear Friend,

A distant cousin of mine, G Keith Witheridge, was Principal of your school until his retirement some years ago.

I have mislaid his current address, and I wonder if you would be kind enough to send it to me in the enclosed envelope.

Thank you for your help.

Dear Keith,

It's been many years since we've corresponded, and I see you have retired to Florida. I hope you and Jennie are having a delightful time there. As you see, I bought a copy of "Witheridges Across America," for which you probably [illegible] got me [illegible]. Having worked in genealogy for 25 years, I knew it would be of little value, except for this list, which probably comes from telephone and city directories and various other computerized lists.

Since Witheridge is a very uncommon name, when so written, I didn't think there were many in America.

[illegible] this book [illegible] [illegible] completely correct, and it does, of course, with a list [illegible] 100% complete, but it shows [illegible] the name really is.

John Phillips Witheridge and Jane Percy in Ottawa, Jamaica about 1837.

We look forward to hearing from you when you are able to write.

Yours sincerely,
David + Elizabeth

It appears to me that all the people on this list belong to only two or three families. In the first place, starting with William G. Witheridge of Birmingham, Michigan, all the rest on the list are relatives of mine. My guess is that from the beginning of the list down through yours all are relatives of yours, since your grandfather lived first in [illegible], N.J., when he came from England. That leaves only M. L. Witheridge of Indianapolis, and he or she may also be a relative of yours.

I'd appreciate it very much if you would take a little time and identify as many of these Witheridges as you can. If the New Jersey Witheridges are your relatives, is there one of them who might be the most interested in family history? Do you know of any other Witheridges who are not on this list?

Last May my wife Elizabeth and I had a marvelous month-long trip in Britain. After about a week in the London area, we hired a car and drove [illegible] miles through England, Scotland and Wales. We spent several days in Devon, and we met a number of Witheridge relatives there, as well as in other parts of Britain. We were met at the airport and later returned there by Kim Cook and her family, and we stayed with them a couple of days each time. Kim's mother was a Witheridge. Kim and a few others have organized the Witheridge Society to tie together as many Witheridges and Witheridge descendants as possible and to assist in genealogical research.

Have you had any further success in tracing back your family tree in Devon? The last I knew you had gotten as far back as

Since Witheridge is a very uncommon name, even in Britain, I didn't think there were many in America. In ordered this book to see if my assumption was correct, and it was. Of course, such a list is never 100% complete, but it shows how scarce the name really is.

It appears to me that all the people on this list belong to only two or three families. In the first place, starting with William N. Witheridge of Birmingham, Michigan, all the rest on the list are relatives of mine. My guess is that from the beginning of the list down through you, all are relatives of yours, since your grandfather lived first in Wharton, N.J., when he came from England. That leaves only M. R. Witheridge of Indianapolis [Indiana], and he or she may also be a relative of yours.

I'd appreciate it very much if you would take a little time and identify as many of these Witheridges as you can. Dear Donald,

You will no doubt be surprised to get a letter from an unknown Witheridge. There aren't many Witheridges in America, or even in Britain for that matter. I've been interested in genealogy since the 1960s, and I think I am aware of practically all of them in this country.

It was back in 1964 that I first made contact with your father and asked him about his family background and its possible connection with my family. At that time he mentioned you and said you were in public relations with the Washington Gas Light Company. Later, in 1971, I found your name in "An Annotated Bibliography on Cable Television" listed as Director of Public Relations for the National Cable Television Association. So you see I have known about you, but lost track of your whereabouts or what you were doing.

[See the previous document]

My wife Elizabeth developed Alzheimer's disease and broke her hip in 1991, and I was her caregiver until her death about a year ago. During that time I had to give up my genealogy work, but recently I've gotten back into it. One of the things I wanted to straighten out was the Witheridge family I had found in New Jersey. I thought they were connected with your family, because your grandfather had been born in Wharton, N.J. So I got the Census indexes of New Jersey and Pennsylvania from 1880 through 1920 to see if I could figure it out.

What I found , however, was that there was no connection between your two families--at least not in this country. But in the process I was able to add a little information to what I knew about your family, and you can see that I have enclosed copies of the family group sheets for your family as far back into England as I have the record. I thought you would like to have these copies.

I got your current address from your father when I was talking to him on the phone the other day. I found him through the Minneapolis Public Library, and I called him to be sure I had the right address, so I could send him these same revised family sheets. I'm glad he is living in a situation that he likes.

In England there is an organization called "The Witheridge Society," which was begun about nine years ago, and of which I am a member. I've been in touch with them by mail and have known their founder and some other members for many years, but I haven't been able to attend any of their annual meetings.

This coming May they are planning a grand get-together of Witheridge descendants from all over the world in Tiverton, Devon, which is near the little town of Witheridge, from which we get our name. It isn't a large enough town to have accommodations for as many as we are expecting, so that is why we are meeting in Tiverton. I already know there will be Witheridge descendants not only from England, but also from Sweden, Canada, the United States, and Australia.

I hope the enclosed description will start you thinking about the possibility of your joining us there next May, along with Patricia, of course.

It will be a fascinating weekend, and I am looking forward to it with great anticipation. You have probably been to England, but in any case, 1997 will certainly be a good year to go. All Witheridge descendants and their spouses are urged to attend this tenth anniversary event, whether or not they are members of the Witheridge Society.

If you have time, I'd appreciate a note from you, or maybe a call, (612) 377-4810. I'm glad I have finally made this effort to get in touch with you.

Yours sincerely,

Tony Witheridge

Dear Tony,

I enjoyed talking to you a week or so ago and was delighted to know that you are coming to Minneapolis for our June 8th Witheridge get-together. I think we'll have a very good time.

Besides Kim and Roy Cook from England, and Kathy and Paul Witheridge from Sarnia, Ontario, we'll have my son Tom, his wife Virginia, and their seven-year-old daughter Rebecca, who live in one of our suburbs, and my son Jim, who is gay, and his partner, David Forborg, who live in Minneapolis. Then from Detroit we'll have my niece, Jennifer Burke; and from Saginaw, Michigan, we'll have my sister-in-law, Janice Witheridge, and her son Jay. My brother John had a heart attack and surgery, so he won't be able to come.

From Arkansas we'll have my second cousin, Jean Tomlinson. She has a son Danny and a daughter Pat Johnson living in the Twin Cities, and they will also be at the Saturday brunch. From North Battleford, Saskatchewan, we hope to have Sharon and Ted Brydges. She is some kind of cousin to Paul Witheridge of Sarnia.

I've also invited my niece and nephew, Virginia Anne Sorensen and Bill Witheridge, from Bay City, Michigan; and my nephew and his wife, Jamie and Penny Mark, from Sackville, New Brunswick, but I haven't heard yet whether they can make it.

In addition there will be a half dozen friends from Minneapolis, who are not Witheridge descendants. So it has developed into quite an affair.

We'll gather at the Minnesota Historical Society building at 345 Kellogg Blvd. in St. Paul at 11:00 a.m. to give a chance to get acquainted before the complimentary luncheon is served about 12:00. I understand that you'll be coming Saturday morning, and I hope you can arrive by that time. Then about 2:00, those who want to go through the Society's wonderful museum may do so, after which we're hoping people will come to my house in Minneapolis to talk further and have a bit of tea and cookies.

We can't invite everyone to dinner that night as our guests, but we're making a reservation at a Minneapolis restaurant for as many as would like to join us at their own expense. On Sunday noon we're planning a light lunch at my house for those who will still be in town.

I'm looking forward to hearing from you about when you will be arriving and where you might be staying. I'm sorry that we won't have room for you at my house or my son Tom's, but we'll be filled up as you can see.

I should say that Kim and Roy and I are spending four days, June 3-6, on a trip up the North Shore of Lake Superior as far as Thunder Bay, Ontario, and won't be back until Thursday evening, June 6. So if you need to talk to someone about your plans during that period, please call either Tom or Virginia at (612) 922-4784, or Jim or David at (612) 825-7449.

I'm enclosing a map to help you find the Minnesota Historical Society, or "History Center", as it is called. As you come into St. Paul on I 94, follow the signs for I-94 West and Minneapolis. Get off at the Marion St exit and turn left onto Kellogg Blvd. (Marion goes right, and Kellogg is the same street going left.) Go past the traffic signal at John Ireland Blvd. to the next exit to the left marked "History Center."

Yours sincerely,
David Wetheridge

Dear Richard.

The enclosed draft for £72 is to pay for the Witheridge Society dues for my son Jim and me—three years for each. I have forgotten when my dues ran out. It's hard to remember when you pay three years at a time, but I think I should have paid last year. Please let me know when this three-year payment will expire.

This is Jim's first payment of dues. He wants to get the Witheridge Times at his own residence. I think he was already assigned a membership number when I first joined. His Witheridge ancestry is the same as mine, of course, so all you need is his address:

Mr. James P. Witheridge

I hope that all is going well with you and Maureen and that you will have a good meeting in May. Kathy has planned a great North American reunion on June 23rd and is expecting a large turnout.

Dear Mr. Witheridge,
I am a fairly recent member of the Witheridge Society although my connection to it is a fairly tenuous one.

My mother's maiden name was CHUGG e.g. John Chugg mar. Alice Witheridge 1744 E. Down etc. & John CHUGG mar. Mary Parminter 1731 ILF. (~~His~~ Her son Thomas from whom I am descended mar. Grace Parminter's dau. etc.).

It about the mar. of Thos Witheridge (1622?) & his marriage to Mary Parminter of Watermouth that I am writing. According to records (e.g. Original copy of ILF. Parish Register) Mary P was the mother of three children, Thomas 1650 & Mary (1650) & Katherine. (1654)

However John Witheridge informs me that Mary was the second wife (No. 1. Margaret?!) & mother of Katherine only. This is clearly not so. Since John is an experienced genealogist I am intrigued to learn what evidence of Margaret there is!. Apart from the I.G.I. that is.

Incidentally George Ley (2nd) mar. a Mary Parminter also & Geo Ley (4th) mar. the dau. of a Mary Parminter & was heir to the Parminter estate of West Down – all spent!

I did send a copy of the Parminter tree to John but I know he is a very busy man. If he has been touch with this information already please accept my apologies – my curiosity got the better of me!

Best wishes.

Dear Vida,

I received your letter today, and I have looked over my records carefully, but I'm afraid I can't help you. The only item I have that matched any of your records is the marriage of George Ley (2nd) to Mary Parminter in Chittlehampton in 1715. I got this from John Sharp of Combe Martin, but I don't know her parents—only that she was born in 1695 and died in 1726. I am also descended from the Ley family through Rebecca Ley, who married William Witheridge in Combe Martin in 1723.

Have you been in touch with Kim Cook? I think she has the most complete and accurate Witheridge records, and she has them on a computer, so they are relatively easy to locate. She may have records of Alice Witheridge who married John Chugg and Thomas Witheridge who married Mary Parminter. You have her address in the Witheridge Times, but I'll repeat it here:

Mrs. Kim Cook

Good luck and best wishes,

David E. Witheridge

## Editor's note:

What follows is an email string that started on August 20, 2021, as an exchange among members of the Witheridge Society but soon morphed into a two-person exchange involving Rob Staples and me. I have edited the string to remove the participants' email addresses and to clarify certain details, using brackets to identify my changes. ***Please note that photographs and other attachments to the emails begin on page 22.***

The first three messages concern the future of the society and therefore don't involve me, as I wasn't a member. I'm including those messages here because of their unusual importance: They commemorate the members' reluctant decision to disband the organization.

On October 5, 2021, society co-founder Annette Witheridge added me to the email address list and introduced me to the group. I replied to everyone on October 6, but Rob Staples of Australia was the only one who replied to me. At that point the email string became an ongoing exchange between Rob (and, of course, his wife, Cathy, although Rob is the Witheridge descendant in the couple) and me. We hit it off immediately and hope to stay in touch for years to come.

1. Chairman's opening and welcome
I would like to welcome everyone to the 2021 Witheridge Family History AGM.

A brief explanation to remind you all of the process. If you have a question or comment to make about any item, feel free to do so - just remember to reply to all, in order to prevent duplication of comments. I will respond as quickly as I can - I have to go to work sometimes! - but there may be some things that require assistance from other committee members. You have 7 days for this process, at the end of which I will close the meeting. Voting (if necessary) will take place afterwards.

2. Apologies for absence
3. Outstanding matters arising from the Minutes of the 2020 VAGM
4. Matters arising from the 2021 Officers' Reports
5. Election of Officers and Committee Members

The following Officers and Committee Members have agreed to stand again, and will continue in these positions automatically if no further nominations are received and they run unopposed, in line with our Constitution.

- Chairman: Jason Cook
- Vice Chairman: Chris Davey
- Membership Secretary: Geoff Shingler
- Treasurer: Liz Davey
- Assistant Treasurer: Chris Davey
- Facebook Moderators: Maxine Neale, Bill Dwyne
- Webmaster: Bill Dwyne
- Committee Members: Roy Cook, Philip Milnes-Smith

Nominations are welcome for any position, and we presently have vacancies for the following:

- additional Facebook Moderator/s
- Secretary (as this is presently a non-member paid position to fill the vacancy)
- Newsletter Editor (as this is presently covered by the Secretary)
- Research Co-Ordinator, and
- additional Committee Member/s.

Amy Kennedy has agreed to continue acting as Secretary if an external appointment is still required, but if none feel able to collaborate with her as Newsletter Editor or take on the position in full, the frequency of newsletters will continue to be dictated by content, as we continue to welcome news or articles from all members.

6. Overseas Representatives

Unfortunately, Jennifer & Richard Woolcott will be unable to continue as the Society's Australian Representatives this year for personal reasons. We would like to record our thanks for all their sterling service, and send our fondest wishes for the best possible health in the coming year. The position as the Society's North America Representative remains vacant. We are still welcoming volunteers and/or nominations for both positions. However, if none are forthcoming, we may need to consider alternative options e.g. one suggestion, given our increased use of digital communication in recent years, would be to appoint temporary Overseas Representatives specifically to handle local events such as Reunions, and manage other elements of the original role centrally.

7. Appointment of Auditor

We are very grateful to Janice Cawsey who has kindly agreed to act as our Auditor again for the current year.

8. Plans for the future of the Society

For me, this is the single most important item on the agenda. We are in urgent need of assistance on the committee, and new members (or a means of raising funds). Without input on this topic, it is highly likely that the society will have to fold in the near future. Please give this item very careful consideration.

My only suggestion for the future of the society, as a different suggestion to those made by others previously, would be if there is another (small?) family history society that the Witheridge Family History Society could merge with, to create a bigger overall organisation. Hi. Seems that the common sentiment favours ending the Witheridge Society. If the society is to close I suggest that any digital material that any of you have should be placed online on the societies website. Search engines and commercial family history sites scan private web pages for data. This is a way of ensuring that the Witheridge data becomes part of a much larger set and remains available to future generations. After all, that was one of the purposes of gathering it in the first place. Digital data would include photos, scans of documents and data files from your family tree program. Regardless of the outcome I am willing to keep the website active.
*Cheers - Bill D.*

Hello all,

First, I want to thank you, Annette, for looping me in. Just knowing how to contact all of you has taken a huge burden from my shoulders. I recognize a few of your names but, to tell the truth, most of you are newcomers to my brain! The main contacts and friends and relatives upon whom Dad relied for so many years are now, sadly, gone, and the mailing addresses and phone numbers Dad used routinely are most likely defunct. This new connection will help me to spread the word when Dad's work is available online (hopefully before the end of 2022) **[this proved too optimistic!]**.

Jason, I am so glad to be able to contact you by email and convey my personal condolences on the loss of your dear mother. She was a force of nature and a wonderful person, as everyone on this email list is already well aware. Having gone through the same experience with both of my own parents, I know that the loss you suffered is one of the hardest things we must all face. I do hope the extended worldwide family that your mom, more than anyone else, helped to create has been, and will continue to be, a source of comfort.

The focus of Dad's work over more than four decades, conducted with the constant help and support of Mom (Elizabeth P. Witheridge), was much broader than the Witheridge surname. They were interested in tracing, not just his identifiable ancestral lines, but hers, too. Since most of her forebears arrived in America well before the Revolution and had more common English surnames (such as Gilbert, Penney, and Plumb), more work had already been done by others. The hardest part for Dad, in some cases, was "jumping the pond" back to a verifiable connection in Great Britain.

On the other hand, Dad's paternal and maternal families, both of which came over much later, presented more of a challenge. We all know how rare the name Witheridge is. On his mother's side was a family called Nemitz, from a part of Germany where two world wars had made the retrieval of basic vital documents very difficult, if not impossible (even for a genealogist conversant with German, which Dad wasn't, except for a brief exposure as a young student).

Knowing virtually nothing about genealogy when I started this project, I have been "learning on the job" by going through Dad's six-plus crammed banker boxes of paper files, arranged alphabetically by last name or location (e.g., Devon, Cornwall, Essex). Thankfully, by the time I got to Witheridge, I had learned a lot. I've left Nemitz for last, even though it comes earlier in the alphabet, because I expect that line (and its allies) to be the hardest of all. But one thing I already know for sure is that, while Dad made important contributions to the history of many different families, his most important contribution of all was to our knowledge of the Witheridge family.

That's enough background for now. I've got to get back to the banker boxes and my HP printer-scanner (I'm on my second HP, having worn out the first many months ago). My current plan, after digitizing all of Dad's paper files and creating an extensively annotated index to the documents, is to find an online repository where they will be preserved and readily accessible forever. At the moment, it looks like that will be *Internet Archive*, a nonprofit repository established by a rich guy whose goal is to make every public domain book and publication available in perpetuity, without cost. It's already widely used for classic secondary sources in the field of genealogy. We'll see if it will work for this gigantic, multi-volume document dump!

One more thing: I don't know what you're considering for perpetual placement of the *Witheridge Times*, but you should definitely consider *Internet Archive* (even if you also maintain a version of the Witheridge Society website). I've been amazed by how many of the genealogical sources that Dad borrowed on inter-library loan (and then xeroxed with rolls of dimes) at the Minneapolis Public Library are now readily available for free, after a few keyboard clicks, at *Internet Archive.*

Here's a link to their introductory blurb:
https://help.archive.org/hc/en-us/articles/360001820212-How-to-upload-scanned-images-to-make-a-book.

It's good to meet you all, and I'm happy you're out there!

Tom Witheridge

Dear Tom

I read with great interest your note to all in WFHS and marvelled at your work embarking on the task of scanning and preserving the research undertaken by your Dad. Well worth the doing and a wonderful tribute to your Dad by you.

A quick background from me before I get to the main point of my response to you.

My name is Rob (Robert) Staples and I live in Australia. I am 67 years old and still work in my own consulting practice as a Civil Engineer (I still enjoy it). I am married to Cathy (40th anniversary next year) and we have three children (David, Gillian and George). We have two grand daughters (Ella and Hallie) — Gillian's daughters. I am an avid fly fisher and we live in the Snowy Mountains of New South Wales (about 500 km south west of Sydney).

The Witheridge connection — My Mum was a Witheridge (Mary Witheridge and she married Tom Staples in 1950). Her father was Philemon Witheridge (married Catherine MacDonald) and his father was also Philemon Witheridge (married Mary Carvath). Philemon the elder emigrated to Australia around 1880 from England (Devon). They were fishermen on the South Coast of New South Wales in a region known as the Shoalhaven. **[See two excerpts on p. 28, taken from a family notebook; they were sent by Rob Staples as attachments to this email string.]**

One of the points in me writing — apart from simply saying thankyou — is that I thought you might be interested in the YouTube link below. It is the story of my Great Uncle, Thomas Witheridge, who sadly was killed on the Somme in WWI, and his brother Robert. The story was put together by another relative to commemorate the 100th anniversary of Tom's passing in March 1917. Many of the photos in the story were taken by me and there is a picture of me and Cathy at Thomas's grave in Bapaume, France taken in 2009.

It is a sad but important story — I hope it is of interest to you.

I very much appreciate you reaching out. Best wishes in your endeavours scanning the records of your Dad.

Love and best wishes to all.

Dear Rob and Cathy,

Thank you so much for the beautiful and extremely moving YouTube video commemorating the service of your relatives in World War I. On both sides of my family there are ancestors and other relatives of mine who have fought in various wars, from the American Revolutionary and Civil Wars to the more recent ones, but I'm not aware as yet of any who made the ultimate sacrifice, like Thomas, or suffered severe and life altering injuries, like Robert. I was fighting back tears as I watched.

I wonder if and how I'm related to you, Rob. **[July 26, 2022, update: Rob and the editor are, in fact, distant cousins, the common grandparents being Thomas Witheridge (bapt. 1650) and Mary Sherman (bapt. 1656/7); see "The Combmartin & Berrynarbor Family Tree" in Kim Cook's summer 1988 *Witheridge Times* article (document W264, folder 1.63h), where Rob's ancestor, Philemon Witheridge (b. 1844 or 1846), is on p. 8, and the editor's father, DEW, is on p. 9.]** I'm just now wrapping up my review of Dad's Witheridge files, but I still have a month or two of reviewing, indexing, and digitizing before I move on to the last remaining surnames in my parents' ancestry. **[This projection turned out to be absurdly optimistic!]** It's still quite possible I'll run across some evidence of the connection between us: One of Dad's oft-repeated

beliefs was that all Witheridges around the world must be related, because it's such a rare name, and so many of us originated centuries ago in the same few Devon and Cornwall towns.
Right now I'm finishing up the very thick file of Dad's correspondence with Kathy and Paul Witheridge (denizens of Sarnia, Ontario). For a number of years, Kathy was the North American rep for the Witheridge Society, and Dad appears to have been her chief mentor. In her documents I've seen a number of references to Dorothy Witheridge in Australia, who was serving at the time as the Australia rep. Presumably you know (or know of) Dorothy and may very possibly be related to her. If memory serves, thus far I haven't encountered any correspondence between her and Dad in his dozens of Witheridge files; however, I have found quite a few examples of his correspondence with various other Witheridge-surnamed or -related Australians. He was very keen to find and get to know, if only by snail mail, members of all Witheridge branches around the world.

Now I have a favor to ask. Would you do me the honor of giving me permission to include this email string, including the YouTube link, in a section of Dad's documents identified by your names? This magnificent memorial to brave Australians who share my last name (and especially to the war hero with whom I share both first and last names) deserves to be recorded in perpetuity in the collection of my parents' family history research documents. I would also like to include you, Rob, in my annotated index, and to make your entry more useful to family history buffs in the future, I'd like to know your full name, your date and place of birth, your parents' full names and dates and places of birth, Cathy's full name and date and place of birth, Cathy's parents' names and dates and places of birth, your marriage date and place, and your children's full names and dates and places of birth. (Whew!)

One last thought before I close. Not knowing much about YouTube, I can only assume (and hope) that the link will work forever. That's a big assumption. If all goes according to my current plan, which is subject to alteration if it proves impossible, I'll be uploading my parents' huge document collection (together with introductory materials, a very extensive annotated index, and a comprehensive chart of my own children's ancestry) to a reputable and well-funded nonprofit website called *Internet Archiv*e. I haven't gotten down to brass tacks with their procedures yet, but it seems likely that even very small media files like the YouTube vid of your heroic relatives might also be the sort of thing that could be uploaded there. It might be worth checking. Example: I practically fell off my chair the other day when I googled and found this 1958 episode — the one and only episode preserved from the multi-year silly but heartwarming U.S. television series, "It Could Be You" — on *Internet Archive*. By way of background, George Witheridge was a brother of my grandfather, William Allen Witheridge (Dad's father); George owned a flower shop in San Fernando, California. Here's the link (you can skip to 6:56):

https://archive.org/details/ItCouldBeYou

Thank you again for this important memorial video. I hope to hear back from you!

P.S. Since a photo of you was included in the video (you must be lying about your age, Rob), I'm attaching some pics of my daughter (Rebecca, 33, a mental health professional like me and her mom [my ex]), her fiance, Will Schick (40, a software developer), and yours truly (73). As you can see, they are both rock climbers; that's why they moved here from Chicago five years ago, and when I realized they were never coming back, that's why I followed them from Chicago to Denver two years ago. **[See the pictures on p. 22 below.]**

Hi Tom

Back again — apologies for not getting back sooner. Even in Covid times life is pretty full on. I have quite a few projects on the move at present which is good. More than happy for you to share whatever you need to share of my correspondence with you.

I had a chuckle at your reference to the photo at the war grave in France and my age — that was 12 years ago and I think the last 12 years have seen an exponential decline — I'll dig out some more recent photos in future emails. I am sure we will be talking more as time goes on.

I am so pleased you appreciated the YouTube video — it is quite moving.

Now the interesting thing about the video and your question about Dorothy Witheridge. You might recall Robert Witheridge — he was the brother badly wounded who returned to Australia and had a family of his own. I have attached for your information a copy of a letter that Dorothy sent to my mother Mary back on 23 November 1997 **[see the document on p. 23]**. This letter is an invitation for mum to provide some family information and telling her about WFHS. She describes that she is the widow of Michael who was the fourth son of Robert Witheridge (and Jean). Sorry for the quality of the letter — I took a photo of it from my Dad's records. Mum passed 6 yrs ago and Dad is still going strong at 93. Unfortunately I never met Dorothy — before my time involved with WFHS and family reunions.

Regarding our connection — again I will need to go through the records mostly from Kim Cook's research — she was a marvel. **[See, for example, document W264 in folder 1.63h.]** I kick myself for not spending more meaningful time with her. We corresponded by email and I met with her twice (2012 and 2018) on visits to UK. My Great Grandparents Philemon Witheridge Snr and Mary (Carvath) I understand emigrated to Australia from the Devon area (originating from Combe Martin as I understand). There has to be a link there somewhere — perhaps several generations previous. Part of the fun of the research!! I recall seeing some reference in the research to the North American connection — will need to track it down.

Love the link to ICBY [the "It Could Be You" TV show] — George has a family resemblance that I can recognise — there has to be a connection. Thanks for the photos of your family — really appreciated. Attached is a photo of my family at our eldest son David's wedding a couple of years ago. Will keep in touch. **[See the picture on p. 29 below.]**

Cheers for now.

Hi again,

You look far better than yours truly, although my excuse is that I'm a number of years on from you at 73, soon to be 74, and your whole family is beautiful. Now I must confess that in my last I told a white lie: I represented Will as my daughter's "fiance." He was actually her boyfriend, with whom she has been for many years. But it was only a lie for two days. On Sat., Oct. 9 (the same day I got my Pfizer [Covid vaccination] booster shot, so a double red-letter day), Rebecca and Will were out climbing in the Rockies front range near Denver, on a three-tier climb (so high that you have to set up two additional climbs after the first one), and while they were resting briefly between the second and third tiers, Will (a true computer programming geek) pulled out a decoder ring, handed it to Rebecca, and asked "So, you wanna get married?" Between tears of joy she, of course, said yes, and they continued to the top.

Changing subjects, when I saw the name Philemon Witheridge (two uncommon names combined), I knew right away that you and I must be related (somehow). In fact, today I got to Dad's file on Philemon, which was empty except for a couple of references to his other files. The references were to John James of Vancouver, British Columbia, Canada, and to Barbara Willis in Australia. I have Dad's thick file on John James, but only one document in Mr. James's file in which Dad mentioned Ms. Willis; there was no actual file for her (unless it's misplaced and I may run across it somewhere — but I'm getting close to the end of the Witheridge files, and I'm not hopeful of finding it).

What I've been doing for the past month or two is going through all of the dozens of Witheridge files (Dad worked on all of his ancestral lines and all of Mom's, but his work on Witheridge was the most novel and, for him personally, the most important). My trip through the documents allows me to read them, put sticky notes on them, and thereby prepare to scan them and write fairly detailed index notes so people in the future can figure out where the documents are and what they contain. I've learned a lot about genealogical research doing this for the past almost two years, but nowhere near as much as my brilliant, engineer-brained dad knew. So all I can say at the moment is that there's little doubt that you and I are related, if we can get far enough back to find common grandparents. Dad's earliest known (to him) Devon ancestors were alive in the 1500s.

Also today I was going through Dad's file on Neil Witheridge, who was born in 1924 (10 years younger than my dad) and was living in southern Scotland when Dad and Mom met him in Aberdeen on their second of three trips to the UK in 1980. Two years later, after doing more primary document research, Dad wrote to Neil to tell him where things stood at the time. He said that he and Neil were "definitely related" (7th cousins). Their common 6-great grandparents were Thomas Witheridge (b. 1650) and Mary Sherman (b. 1656/7, married 1677/8 in Fremington. Dad said, further, that his and Neil's earliest common ancestors (as known to Dad at the time) were Thomas Witheridge (bapt. 1554/5) and Johan Mogridge (bur. 1625/6). Dad had gotten the link between himself and Neil from John James in Vancouver. (Neil's grandfather and Mr. James's great grandfather were brothers; Neil and Mr. James were therefore second cousins once removed.)

I'm not smart enough to figure out what we'd have to know in order to know that Philemon is at least a good clue, if not the key, for figuring out our own relationship. But that's what I know now. Unfortunately, my dad isn't available for advice on how to proceed (he passed shortly after Obama's victory in 2008, which made him so happy).

That's plenty for now. Let me know if any of this rings a bell, and let's stay in touch!

P.S. I just realized that I hadn't actually studied your mom's 2-page letter before writing my last email. By the way, no need to apologize for the quality of the reproduction; it's far, far better than many of the documents I've been scanning (including, I'm sorry to say, many by my beloved dad's own hand; he had perfectly legible penmanship — both printed and cursive — but also the bad habit of writing with pencil so faintly that I simply can't make it dark enough to be easily read when scanned).

After reading your mom's perfectly legible response to Dorothy at the end of the letter, I confess that I'm lost in the several generations. When time permits (no rush), if you could create a simple "mini-tree" from Philemon directly to you, with all the intermediate generations accounted for, I would be greatly in your debt. (If you want to get fancy, go ahead and add all the brothers and sisters involved, but I'm basically interested in seeing your own relationship to the original Philemon in Australia and his wife.

Example, showing the direct line between my daughter and her great-grandparents:

Gen 1, William Allen Witheridge (my grandfather) = Edith Sophia Nemitz (my grandmother) > Gen 2, David Edward Witheridge (my dad) = Elizabeth Helen Kendall Plumb (my mom) > Gen 3, Thomas Frank Witheridge (me) = Virginia Mildred Selleck (my former wife) > Gen 4, Rebecca Elizabeth Witheridge (my daughter)

Again, absolutely no rush. Thanks in advance!

Great to hear from you again. Fantastic story about Rebecca and her engagement — one to remember always. Our best wishes to all.

Interesting I too have a recollection reading somewhere about our family tracing back to the 1600's.

I do not have the family tree readily to hand — something I have promised myself for some time but making the connection with you gives me more incentive and motivation to do something more detailed.

For starters:

Gen 1: Philemon Witheridge b 1844 d 1937(my Great Grandfather) = Mary (Carvarth) — Married Porthleven, Cornwall 1871 **[see their marriage certificate on p. 28]** — 16 Children !! Emigrated to Australia around 1880 — we have photos of both in later years.

Gen 2: Philemon Witheridge b 1888 d 1948 (my Grandfather and 7th child of Philemon Snr and Mary) — Married Catherine McDonald, Sydney 10 Aug 1912 — 6 Children (William/Gladys/May/Ken/Ruth/Mary)

Gen 3: Mary Witheridge b 1929 d 2015 (my Mum), married Thomas Staples b 1928 (my Dad) 23 September 1950, Sydney — married 65 years
Four Children [see Gen 4]:
Gregory b 1953 d 1953 infant
Robert b 1954 m Catherine Dwyer 1982 (3 Children and 2 Grandchildren)
Kerrilyn b 1956 m John Meyer 1984 (2 Children)
Michelle b 1960 m Stewart Denson 1980 (4 Children and 10 Grandchildren)

Gen 4: Robert married Catherine Dwyer 17 April 1982
David b1984 divorced
Gillian b1987 m Shane Turner 2013 — 2 daughters — Ella b 2014 and Hallie b 2018 [i.e., Gen 5]
George b1988

That is the quick snapshot - so much more.

I have quite a collection of other family info mostly Witheridge — but trying to gather other info on Dad's side of the family.

Talk again soon — next exciting episode.

Cheers for now.

Perfect! Thanks so much!

As a reward, here's a sneak preview from my annotated index of Dad's documents. This index entry is entitled "Multiple and frequent births." Obviously, it's subject to change as I go through the many remaining files, but here's how it looks today:

Triplets were born to Joseph Plumb (b. 1683) and his second wife, Thankful Gaylord, and apparently all survived; one of the two boys was given the deliciously descriptive name of Waitstill (see Amariah Plumb [b.1733]). Twins were born to Robert Plume (b. 1617) and Mary Baldwin (b. 1625/6); see p. 164 of folder 1.56r. Twins were born to John Welch (b. 1745) and Deborah Munroe (1747) on an unknown date; both died in infancy on Apr. 28, 1786; see p. 208 in folder 1.56s. Twins were born to John Read (b. 1598) and Sarah Lessie (b. ca. 1602); they both died in infancy; see p. 173 in folder 1.56r. Jacob Kendall (b. 1661) and his first wife, Persis, had twin boys in 1687; when one died in infancy, the grieving couple gave the surviving twin his father's name. For an example of epic mothering — although it is unknown if any of her 16 children arrived two (or more) at a time — see Mary Atwater (b. 1527), who died at 93, outliving the husband who fathered them by 44 years, and having had "a total of 367 descendants in her lifetime." Numerous men in this index also had many offspring: For example, the Rev. Mr. John Sherman (b. 1613), the first minister in the Connecticut settlement of Totokett (now North Branford), fathered 26 children with two wives; William Amos (b. 1717) fathered 16 children with two wives; Jacob Kendall (b. 1661) fathered 19 children with two wives; ***Philemon Witheridge (b. 1844) fathered 16 children with Mary Carvarth, whom he married in Porthleven, Cornwall, England, in 1871 (they emigrated to Australia around 1880 and appear to have exponentially expanded the down-under census upon arrival).***

All the entries prior to Philemon and Mary are from my mother's side, so it's nice to know that there's no truth to the ugly rumor that the Witheridges have remained a tiny clan because of, well, you know. (I made that up; there's no such rumor.) I will, of course, credit you for the data in red in your own index entry, when I get to it in the next month or two. Do you perchance know Philemon's middle name and Mary's middle name and birthdate? If not, don't worry; I may run across it in the John James file or elsewhere.

Another little fact to check.

Yes, it's a lot of work, but it's a labor of love (and after all, I'm retired, living in a city I moved to two and a half years ago, where the only people I know, beyond a few very casual acquaintances in my 29-unit condominium building, are my daughter and her fiance, who, as you know, was recently upgraded from boyfriend).

Plus, there are a lot of wonderful discoveries and feelings attached to this project. For example, just yesterday I came to the last file in Dad's clump of several dozen Witheridge-related files (alphabetically organized), an older gent named William John Witheridge, still working his small farm in West Buckland, Devon, with help from two sons. Dad and Mom formed a geographically distant but emotionally close relationship with William John and his extended family, visiting them on all three of their trips to Britain and exchanging Christmas cards, when that was still a thing. Even though it was the last file, Dad's first letter to William was ecstatic: "You're the first Witheridge I've found who lives in England and is related to my father" (or words to that effect). It brought both tears and smiles. Their granddaughter, a little girl named Sarah Witheridge (now Sarah Witheridge-Harrison), wrote two charming letters to Dad over a decade, from her earliest days at university (on Winnie the Pooh stationery) to the late nineties. She's one of the relatively few contacts documented in Dad's files who is undoubtedly still alive (at ca. 61[correction: she would actually be ca. 50]). Today I found William and his wife Hilda's graves on the website FindAGrave.com and sent an email on the internal website of the Church of England, asking them for the email address for the vicar of St. Peter's Church in West Buckland, where they are buried in the churchyard, so I can try to locate that little girl, who attended their Sunday school, or whomever now owns that farm. Fingers crossed!

***[Editor's note: The Church of England never replied. Even though I was finally able, several months ago, to make direct email contact with the church secretary of the parish in which Sarah's mom is still listed online as a lay leader, and I have asked the secretary to forward my email, and she claims she has done so, no one in the family has responded. It makes me sad. See also my editor's notes at Patricia Balment and Sarah Mary Witheridge (b. ca. 1972) — TFW, July 17, 2022.]***

We have had wonderful rain here this past few months. Like all things weather related the rain has caused problems for our farmers trying to harvest what was looking like an absolutely bumper crop. We'll say some prayers wishing for favourable weather to enable them to harvest.

We are all well and getting ready for Christmas. Off to a good friend's property (a grazing property near us) for a friends and family Christmas gathering this afternoon (it is 1:30 pm Sunday 19 December as I write). We have had thunderstorms this morning and more rain.

All well here and looking forward to our Christmas break (maybe a couple of weeks of holiday).
All the best to you and your family. Keep in touch.

Hi Rob and Cathy,

So good to hear from you! I should warn you, I'm a very bad Facebooker, but I'm an even worse holiday greetings guy. But I do love GETTING them and always respond. (Go figure.)

Things are going well here in Denver with my little family of three (myself included). My daughter Rebecca recently "upgraded" her longtime boyfriend (with whom she lives) from boyfriend to fiance. He proposed after the first three tiers of a four-tier rock climb, and they continued on to the pinnacle ... with her heart all aflutter, of course; fortunately, they are both very skilled and careful climbers! It will all happen next October. Their plan is to get legally married at the downtown Denver courthouse, then host a celebration for about 30 close relatives six hours away on the other side of the Rockies in Moab, Utah, where I've been with them a couple of times already. It's a very popular and fun resort town in the middle of some of the most scenic areas in the U.S., including Arches National Park and Canyonlands National Park (Google to see what I mean about the scenery). It's a very young-adult-friendly locale, filled with rock climbers and mountain bikers (and old farts like me).

This is my third winter in Denver, since moving from Chicago (where I spent a total of 26 years, including a year of infancy). Having grown up in the frozen north (Minneapolis, Minnesota) and spent another 22 years there as an adult, I must say that Denver is like the tropics, by comparison! Happy holidays to you and your family!

Tom

P.S. I'm still plowing through my dad's Witheridge files, and I've tried to make sense of the limited Australia lines he knew about. Below is what I've written so far in the annotated index. Do any of these names, besides Philemon (whom I know you know about!) ring a bell? (I may very well have more names to ask you about before all is said and done). "DEW" is my dad, David Edward Witheridge; "John James" is a Witheridge descendant with Australian connections, one of Dad's informants, who was living in Vancouver, B.C., Canada in the late 1980s but may very well no longer be among us.

Here's the index entry for "Witheridge family, Australia branch" so far: "See Emma Witheridge (b. ca. 1820). See Mrs. Heather Smith. Regarding the Philamon Witheridge who "ran away to sea [from England] when quite young and travelled the world for some years," see a 1988 letter from Barbara Willis (q.v.) to John James (q.v.), which Mr. James forwarded to DEW (document W215, folder 1.63g); DEW could give Mr. James no help on that particular Witheridge line (see p. 2, document W218, same folder). Regarding a William Witheridge who immigrated to Australia "from Devon in the latter half of the last Century" and married a Polly, whose birth surname might also have been Witheridge, see the May 16, 1983, letter from Mavis Witheridge (b. 1920) to John James (q.v.), which Mr. James forwarded to DEW (see document W216, folder 1.63g); the letter tells a fascinating story, but DEW could give Mr. James no further information about William and Polly (see p. 2, document W218, same folder)." [Since December of 2021, this entry has been expanded considerably.]

Here's Philemon's index entry (so far): "According to Barbara Willis (q.v.) of Milperra, New South Wales, Australia, in a 1988 letter to John James (q.v.), this Philamon "ran away to sea [from England] when quite young and travelled the world for some years. He eventually returned to England and married Mary CAVETH (or CAVETT). They had 5 children who died in England. They migrated to Australia (not sure of the year) & landed [at] Port Douglas Queensland c 1870. They had 13 children in Australia & eventually settled in Batemans Bay N.S.W. Philamon lived to be 90." See document W215, folder 1.63g." [This index entry has also been changed considerably.]

Rob and Cathy: I'd never heard of Milperra, so I Googled it and was astonished to read about the massacre there. I thought we Yankees had a monopoly on criminal motorcycle gangs!

Rob, if you can add more meat to the above Philemon bones, I would be grateful. I'm attaching a PDF of the Barbara Willis document mentioned above. Her handwriting was hard for me to decipher, especially since I knew nothing of the topic and thus couldn't infer a word from its context. If you have additional info on Philemon, his wife, their parents in England, their kids who died in England, and their several generations of offspring in Australia, thanks in advance — and I'll send as many electrons to their death as necessary to ship it all to the Cloud!

Hey Tom

As you can see I am pretty slack myself — I have not opened the computer for a couple of weeks – simply needed to chill out from the electronic world and smell the roses, enjoy Christmas and go fishing. So my apologies. Really interesting information about all this and YES I have lots of information about Philemon and Mary (nee Carveth). They were my great grandparents. One of their sons born in Australia was my grandfather, also Philemon.

I have attached a photograph of Philemon the senior — he does fit the image perfectly of a seafarer **[see the picture on p. 24; also see p. 26]**. They actually lived in Berry NSW and both Philemon snr and Mary are buried in Berry Cemetery. They may have lived at Batemans Bay but that is the first I have heard of that. Both Batemans Bay and Berry are on the south coast of New South Wales. Berry is in what is known as the Shoalhaven district of the southcoast. My grandfather was also a fisherman (fishing commercially from a small seaside town called Greenwell Point where my mother was born).

I have lots of information about this branch of the family and those immediate descendants. Also attached is a photo of both Philemon and Mary **[pp. 24 and 26]** — I assume not long before her death in 1926. Her face shows the pain of losing a son Thomas in the Great War and another son Robert badly wounded.

I am sure you will find these incredibly interesting.

We need to catch up.

Do you do Zoom conferencing on your computer?? I use this regularly for work and find it a fantastic video conferencing medium.

Talk soon mate.

**On Mon, Jan 10, 2022 at 2:54 PM Tom Witheridge wrote:**

Hi Rob,

Sorry again for the delayed reply. My excuse this time is that I'm a very linear thinker and worker, quite the opposite of the traits needed for scouring, scanning, and indexing my dad's voluminous collection of documents pertaining to dozens of different family lines, both his and my mom's. Fortunately he organized his files pretty much alphabetically, but that doesn't really solve the problem of going from start to finish, particularly since he numbered many of the documents but left a great many of them unnumbered (not sure why, except perhaps that the numbered ones seem to be more "high calorie" in the genealogy department). So, long story short, I do get bogged down in minutiae and worry about leaving a particular family name or branch until I get to an obvious end or pausing point. Right now I'm immersed in the Canadian lines uncovered by Kathy Witheridge of Sarnia, Ontario, and I don't want to put that aside until I get it mostly done. Do you know of Kathy? She is — or was, not sure she's still with us [update: as of spring 2022 she still is] — the wife of Paul Witheridge; her birth surname was actually Wood, not Witheridge. But she was the genealogist of the pair, and a very good one from what I can tell. For quite a few years she was the equivalent of your Dorothy Witheridge down there (Witheridge Society rep for North America). Speaking of Dorothy, I just found out yesterday in one of Dad's documents that Tony (Anthony J.) Witheridge is Dorothy's son; Tony was originally from Australia but spent some time working and living in Geneva, Illinois, just west of Chicago.

When I started this project a couple of years ago I figured, what the hell, there's really no perfect way to attack it, might as well go from A to Z through the files. I might as well have gone from Z to A for all the help that gives me, especially since each major letter of the alphabet contains both Dad's and Mom's lines! Hers, by the way, include such families as Amos, Crackbone (good one, eh?), Dunseath, Gilbert, Kendall, Leonard, Penney, Plumb, Read/Reed, Richardson, Scott, and Welch (among many others) — virtually all of which crossed the Atlantic before the American Revolution, unlike Dad's ancestors, including Witheridge, who are relative newcomers. But that doesn't mean it was a slam-dunk to prove Mom's connections to her ancestors in the old country, so both Dad and Mom spent many years on such seemingly simple tasks as figuring out if her Gilberts were actually connected to Sir Humphrey Gilbert, Sir Walter Raleigh's half brother (they weren't, contrary to the very old and obviously popular family story). Bummer!

So now I'm back to the salt mines, plowing through the Canadians. I do know, and think I've already mentioned, that John James of Vancouver has a strong connection to the Australian branch (including Philemon, if memory serves). I'll probably know more about that when I dig more deeply into his non-numbered documents, which I've just skimmed so far.

Oh, about Zooming. No, I really don't, even though my daughter and future son-in-law use it (and other variants) constantly for work. I confess that I'm better in print (email or text), especially when I'm dealing with topics like genealogy, which is inherently hard for me. Before starting this project I was so dull that I didn't know the difference between a second cousin once removed and a first cousin twice removed (still don't, to tell you the truth), but at least when it's in writing I can go at my own pace!

Ciao for now!

Tom

Hi Tom

Hope this finds you well. Just going through my emails and noted my [previous] email [see the July 14, 2022, editor's note above]. Just checking to see if you received the information and also that all is good with you and your family.

Our news is that both Cathy and I have decided to retire from full time work. Cathy finishes her nursing vocation on 1 April. Mine will be a little more drawn out — probably over several months whilst I complete existing projects.

My best wishes.

Regards
Rob

Hey Rob,

As you can see, I've started a new email string and suggest we abandon the previous one(s). As you can also see, I have pasted below the reply I wrote on Jan. 20 [update: that email is now located *above*] but stupidly sent to myself instead of to you and Cathy! Please forgive me!

Welcome to the world of old retired farts. You will love fishing day and night, and sleeping as long as you want (and can — but I've noticed that even retirement, sadly, doesn't cure insomnia) without guilt! I retired in early 2014 and haven't regretted a minute of it (except the fact that time keeps accelerating).

I seem to remember that when I was still working, incoming email messages were placed at the top, so you'd see the new message first and could scroll down to see, in order, every previous message in the string. Maybe I'm getting a little nuts, but now it seems the other way around: The newest message (at least with [my email vendor]) is on the bottom, and the oldest one is on top. But maybe not. Anyway, in situations like this I like to start fresh!

All is well here. I'm still plugging away at The Project (halfway through the biggest tranche of Dad's files, Witheridge). In the background I listen either to the revolting developments in Ukraine or, when I can't stand that any longer, to my Spotify collections of all-time rock favorites, jazz, classical

— even hip hop, which is superior to the news from Ukraine. The only good thing is that maybe the brave Ukrainians will teach the brave Russian anti-Putin underground a thing or two.

Bye for now, and here's to a long and happy retirement!

Tom

Thanks Tom

Fabulous to hear from you — both emails!! I know the feeling — sometimes the fingers don't do what the brain suggests and vice versa. All good.

I am impressed with your research activity — far in advance of me however I am keen to get more active now that I have made the commitment to retire (from paid work). I know I will have plenty to keep me occupied. Also know I will not regret the decision and corresponding with folk like you reinforces it — thanks for the encouragement!!

Sadly I never got to meet Dorothy Witheridge — she sounds like she was a great lady and organiser. It was only in later years after she had handed over the reigns as WFHS Australian rep that I took an interest in family history.

Keep up the great work and keep in touch — I am winding down my projects now but still busy doing so. Attached is a photo of one of my home projects — our Veggie Garden — my wife Cathy has called it the Covid Project. **[See the pictures on p. 25.]**

Cheers

Magnificent garden! It will keep you folks busy for sure, but also healthy!

One reason my project is taking so long is that I keep running into interesting, fun, but also tragic, factoids that draw my attention away from the routine scanning and indexing processes. For example, there's the John Witheridge, a shipmaster from Barnstaple in the 1600s, who actively traded with indigenous people in what is now the U.S. state of Maine (they actually trusted him, because he treated them well, unlike most other foreign invaders, and for that reason they insisted on using him as their primary contact). But earlier in his career he had run into difficulty with the Barbary Pirates, and this brief summary appears in one of Dad's documents: ""Parish Records of S. Botolph, Aldgate. 25 Jan 1617 — Collection for one John Witheridge and Nicholas Paige Ship-maisters, whose Shipp and goods were taken by Turkish pirates and fiftie men of their Companie sould for Slaves into Barberie ... one and twentie shillings and five pence." I have no idea if our John was one of the enslaved mariners, but if he was, he got free, because his trading on the rivers of Maine started five years later. What a way to earn a living!

The most heartbreaking story I've encountered so far has to do with the Argust family of the West Midlands of England (John Grenville Argust [b. 1918] was a Witheridge descendant in my Dad's line). At first I learned that John and his wife, Jean, had two sons, Nigel and Glyn, born in the 1950s, both of whom my parents met on their trips to Britain. Much later I was going through another file, where Dad recorded some notes from a conversation with John's sister, Pearline Fryer. The list of John's children suddenly expanded to three: Nigel and Glyn actually had an older brother, Noel. Noel, who was aptly named, was born the day before Christmas, 1951; he died the day after Christmas, 1951. I had to stop what I was doing and fight back tears for quite some time, having lost a newborn of my own 36 years ago this month.

Bottom line, there's a whole lot more to family history research than dates and places.
By all means let's stay in touch!

Thanks Tom — fabulous to hear from you. We are so alike — I get detoured into all sorts of things especially when it comes to family history. Those stories you cite are part of the amazing tapestry. I had an elder brother Gregory Thomas Staples born a year before me in 1953 (will need to check the dates). He died two days after — my parents told me there was an abnormality where his insides were out of his body. So tragic – and I never appreciated what Mum and Dad went through. Dad did tell me the story of how he sat in the hearse with this little white coffin by his side. He is buried beside my mother's parents at Botany Cemetery in Sydney. There are of course others — the hardships are difficult to contemplate. Hearing your personal story — I can't even bear to think how much that hurts. I thank you for sharing my friend.

My best wishes.

What a horrible experience for your parents. You never forget, even decades later. In our case (me and my ex-wife), we had a miscarriage, and then in 1986 a normal pregnancy, or so we thought. But at the beginning of the third trimester all hell broke loose. Virginia developed preeclampsia — a very serious condition that's still poorly understood, but basically the woman gets super-high blood pressure and some other related symptoms that require bed rest and urgent treatment, because if it advances to full eclampsia, mom dies and so does her baby. The only real "cure" is delivery. David was born by C-section, well below 3 lbs. and well over 2 months early. He was only able to live 18 days, at the best children's hospital in Chicago (and probably the entire midwestern U.S.).

Two years later, when Virginia was 40 and I was 41, one last chance: Another pregnancy, this time a girl. Everyone advised us that preeclampsia rarely struck twice, so we went ahead with our plan to sell our house in a promising but not yet gentrified neighborhood and move to a house already rehabbed in a much better neighborhood. Well, preeclampsia came our way again. [The remainder of this paragraph is deleted.]

Rebecca is now a mental health professional (like her mom and me) here in Denver, where she climbs rocks with her soon-to-be hubby. By the way, there is no history on either Virginia's side or mine, as far as we know, of preeclampsia. As I said, it's a very poorly understood syndrome. A med student once told me, "Whoever solves this one will win the Nobel Prize in medicine."

But I still mourn little David and will never forget him. When I make a final comprehensive ancestor chart (using Dad's data) for Rebecca, I'll be including her older brother on it, right next to her (and actually, above her). Just like big brother Noel Argust (b. 1951) [who was Rebecca's cousin, not ancestor].

Dear Mary 1233

Emily Witheridge has given me your name & address to contact in the hope that you could give me some information about your family for my records on the large family of Philemon & Mary Witheridge.

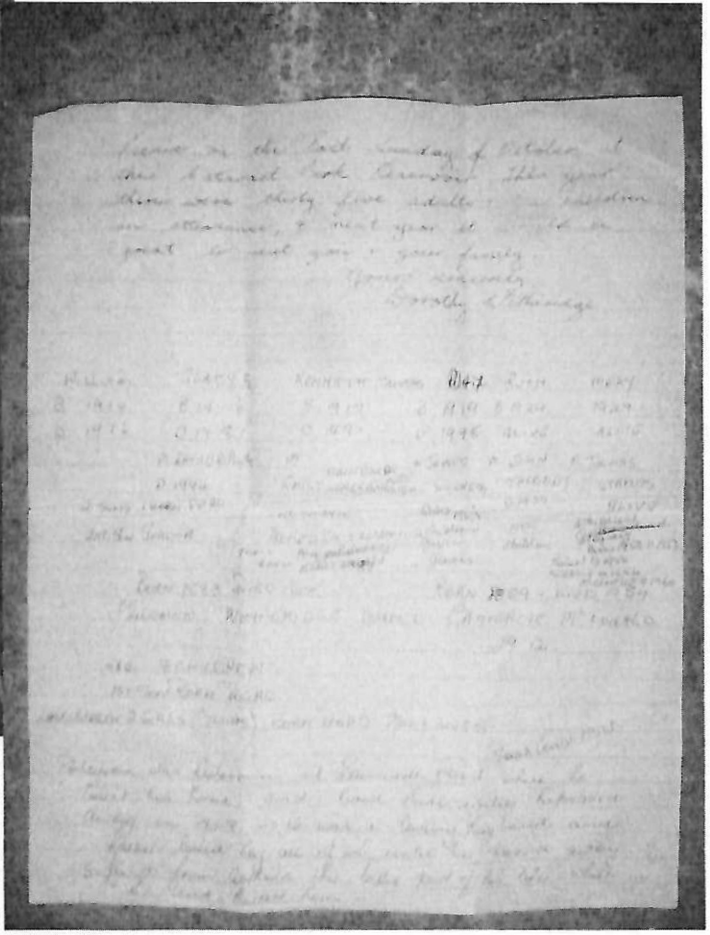
I am the widow of Michael the fourth son of Robert & Helen Witheridge, & also the Australian Representative of the Witheridge Society in England. The English people have no idea of this Australian family & are very interested in correctly naming each family member with dates of birth, marriage & death. The list I have of your family is: Philemon & Ruth McDonald

b.1882 d.1968 m.1912

William Gladys Kenneth Ruth Mary

If you could fill in any dates & Christian names & maybe write a little on the life of Philemon & Ruth, it would be much appreciated.

We have a yearly Witheridge



reunion on the last Sunday of October at the National Park. This year there were thirty five adults & children in attendance, & next year it would be great to meet you & your family.

Yours sincerely
Dorothy Witheridge

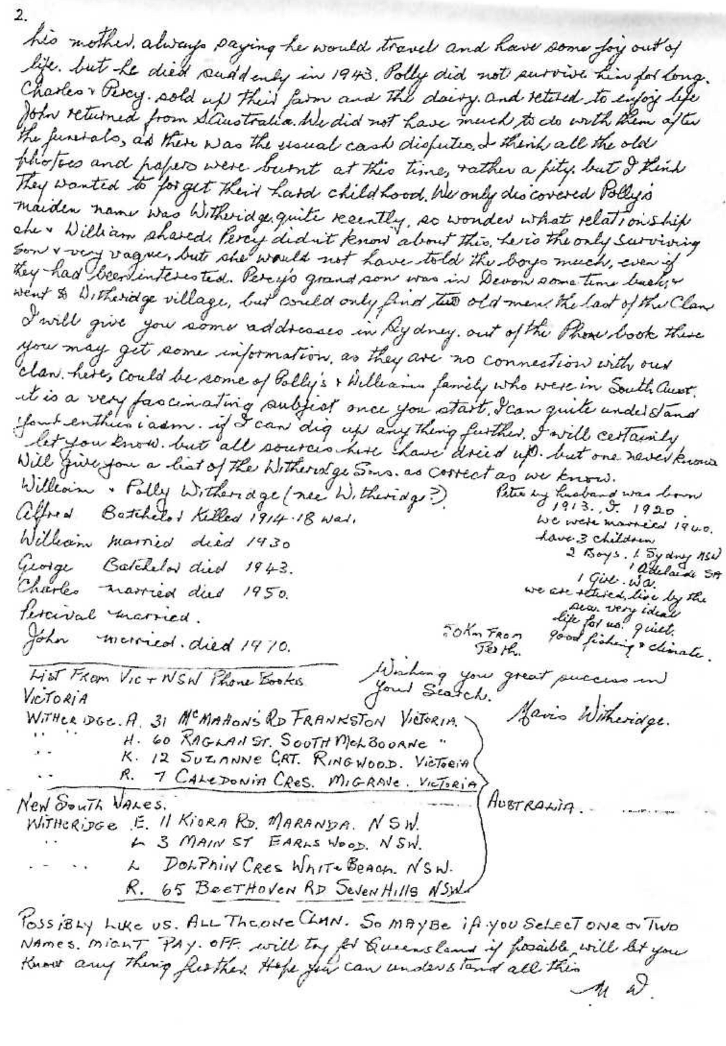
Dear Mr James. [John James]

My son Phillip Witheridge of South Australia. sent me your letter. he knows very little of the family history. I cant give you a great deal of information. as all the W. family + Phillip in South Australia. Come from the one source. my husband's. Grandparents. I will give you a resume of what we know. — William + Polly (this seems to be her given name). Witheridge. came from Devon. in the latter half of the last Century. they settled in South Australia. could have had relatives there. I feel sure they were wed in S.A. as I recall her telling me. William, gave her the first cow she owned, for a wedding present, which did not impress me. I feel they both had farming backgrounds. as he worked in SA. for a big timber Company as horse master and she had cows all her life. I think two of her six sons were born in SA. then they were transferred to West. Aust. to work in the lower South West. with the same firm. she ran the Mill boarding house. She had the rest of her family at this time. a very isolated life in those days. They seem to have saved enough money to buy land and start a dairy farm. in another very isolated place outskirts of Perth. Polly never had much to say about William I think he liked a drink and was an easy going sort of chap. she was just the opposite. William died not long after the move to the farm. leaving Polly with six, sons, one a baby. she would be quite young. as I remember she told me, she married at Sixteen. I met her in 1940. when I married her Grand son William (Peter). she would be about 5' tall. very small woman with nice, features. she was quite old then. her son George, lived with her on the original dairy, which was very run down. She ruled the boys with a rod of iron all her life, and terrified their wives and children. this is why so little is known of her history. My husband's father left home and made his own life, married and had a family. unfortunately both parents died while the children were young, and they were cared for by the mothers family, of whom Polly did not approve. The youngest son John went off also, he settled in South Australia. and did not return with his family, till after her death. as he was also very unpopular. Her Eldest son. Alfred was killed 1914-18 war unmarried. Charles and Percival shared a wheat and Sheep farm about 200 miles from Perth, not very happily I'm afraid. as Polly financed the venture, and of course. was able to call the tune. Charles did not marry till 1939 but Percy. wed young, and had a large family. George stayed with



2.

his mother. always saying he would travel and have some joy out of life. but he died suddenly in 1943. Polly did not survive him for long. Charles + Percy. sold up their farm and the dairy. and retired to enjoy life John returned from S.Australia. We did not have much to do with them after the funerals, as there was the usual cash disputes. I think all the old photos and papers were burnt at this time, rather a pity. but I think they wanted to forget their hard childhood. We only discovered Polly's maiden name was Witheridge. quite recently. so wonder what relationship she + William shared. Percy didn't know about this. he is the only surviving son + very vague, but she would not have told the boys much, even if they had been interested. Percy's grandson was in Devon some time back, + went to Witheridge village, but could only find two old men the last of the Clan I will give you some addresses in Sydney. out of the Phone book there you may get some information. as they are no connection with our clan. here, could be some of Polly's + William's family who were in South Aust. it is a very fascinating subject once you start. I can quite understand your enthusiasm. if I can dig up any thing further. I will certainly let you know. but all sources here have dried up. but one never knows Will give you a list of the Witheridge Sons. as correct as we know.

William + Polly Witheridge (nee Witheridge?)
Alfred Batchelor Killed 1914-18 war.
William married died 1930
George Batchelor died 1943.

The village of Witheridge is near Tiverton in Devon, England. Two theories are given by the locals as to its name: 1) That it's derived from "wethers on the ridge" and 2) that it comes from the prolific wither grass in the area.

The grave of Philemon & Mary Witheridge is in Berry Cemetery (NSW) and can be found to the right of the entrance, not far in. Allan is standing by it, photo taken [illegible] 1993

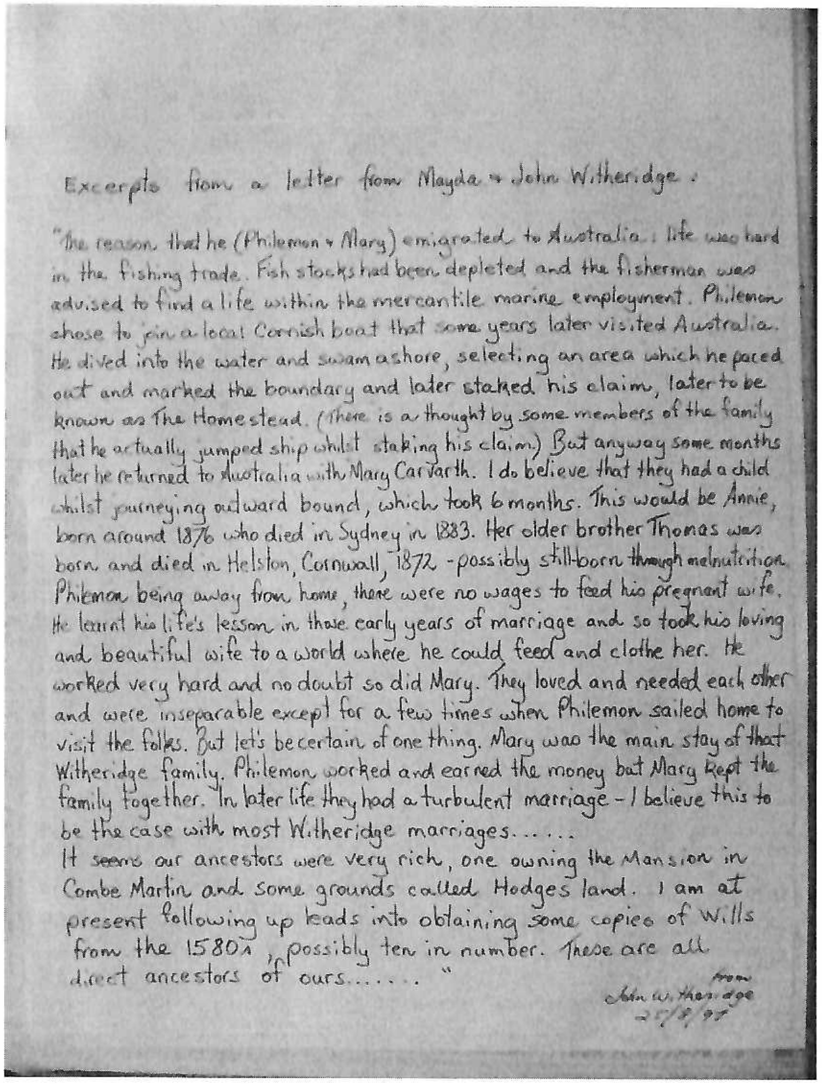
Excerpts from a family notebook; see Rob's email on p. 5.



Excerpts from a letter from Mayda & John Witheridge.

"The reason that he (Philemon & Mary) emigrated to Australia: life was hard in the fishing trade. Fish stocks had been depleted and the fisherman was advised to find a life within the mercantile marine employment. Philemon chose to join a local Cornish boat that some years later visited Australia. He dived into the water and swam ashore, selecting an area which he paced out and marked the boundary and later staked his claim, later to be known as The Homestead. (There is a thought by some members of the family that he actually jumped ship whilst staking his claim) But anyway some months later he returned to Australia with Mary Carvarth. I do believe that they had a child whilst journeying outward bound, which took 6 months. This would be Annie, born around 1876 who died in Sydney in 1883. Her older brother Thomas was born and died in Helston, Cornwall, 1872 - possibly still-born through malnutrition. Philemon being away from home, there were no wages to feed his pregnant wife. He learnt his life's lesson in those early years of marriage and so took his loving and beautiful wife to a world where he could feed and clothe her. He worked very hard and no doubt so did Mary. They loved and needed each other and were inseparable except for a few times when Philemon sailed home to visit the folks. But let's be certain of one thing. Mary was the main stay of that Witheridge family. Philemon worked and earned the money but Mary kept the family together. In later life they had a turbulent marriage - I believe this to be the case with most Witheridge marriages......
It seems our ancestors were very rich, one owning the Mansion in Combe Martin and some grounds called Hodges land. I am at present following up leads into obtaining some copies of Wills from the 1580s, possibly ten in number. These are all direct ancestors of ours......"

# Editor's Note

The document that starts on the next page, bringing this section to a close, was sent to me as an internet link by Rob Staples on October 6, 2021, at the height of the Covid pandemic. It consists of 66 screenshots I made in order to transform a YouTube video into a format suitable for this collection.

In Rob's own words, here is the provenance of the document:

> It is the story of my Great Uncle, Thomas Witheridge, who sadly was killed on the Somme in WWI and his brother Robert. The story was put together by another relative to commemorate the 100th anniversary of Tom's passing in March 1917. Many of the photos in the story were taken by me and there is a picture of me and Cathy [Rob's wife] at Thomas's grave in Bapaume, France taken in 2009. ... It is a sad but important story — I hope it is of interest to you. ... Rob Staples.

Here is a link to the YouTube video, which may or may not be accessible in perpetuity, although I sincerely hope it will be: https://www.youtube.com/watch?v=ErkK0LiDxF0&feature=youtu.be

This very moving story has brought tears to my eyes twice — when I first watched the video, and when I transformed it into still pictures for this document.

While his service records provide no detail on the circumstances of his death, excerpts from the war diary of Private Francis V Addy, 4th Batallion (Mitchell Library, State Library of New South Wales) provide some background to the events leading up to his death.

**In late February 1917, the Germans commenced a mass withdrawal of troops as part of a strategic retreat to form a shorter defensive position known as the Hindenburg Line.**

**Initially unaware of the strategic change the Allies encountered little resistance and the 4th Battalion advanced westward towards Le Barque.**

**On March 2 there were a number of rearguard actions undertaken by the Germans by the Bapaume Road in an effort to retard their progress.**

""Fritz" came at us early this morning with a strong force.

He caught some posts napping but was driven off with far greater losses than our own.

Our rate of going forward must be too rapid to suit his falling back for he attacked right along the 1st & 2nd Brigade front.

Big fog was on this morning & "Fritz" actually got to the entrance of the underground dugout of "C" Company's Hqrs. & put some bombs down..."

"...Losses on our side must be expected but we have lost some of our best men.

Peter Tyson, Corp Hacker. Leiut Lane, Leake, Witheridge, Mount Stephens, Bach, Kinnard, Mallard, Skinner, Anderson, Wilson, Huckle & Jim Moore were killed or wounded – mostly killed & four machine gunners are supposed to be prisoners.

We captured 45 "Jerries" & "imshied" many more off the planet."

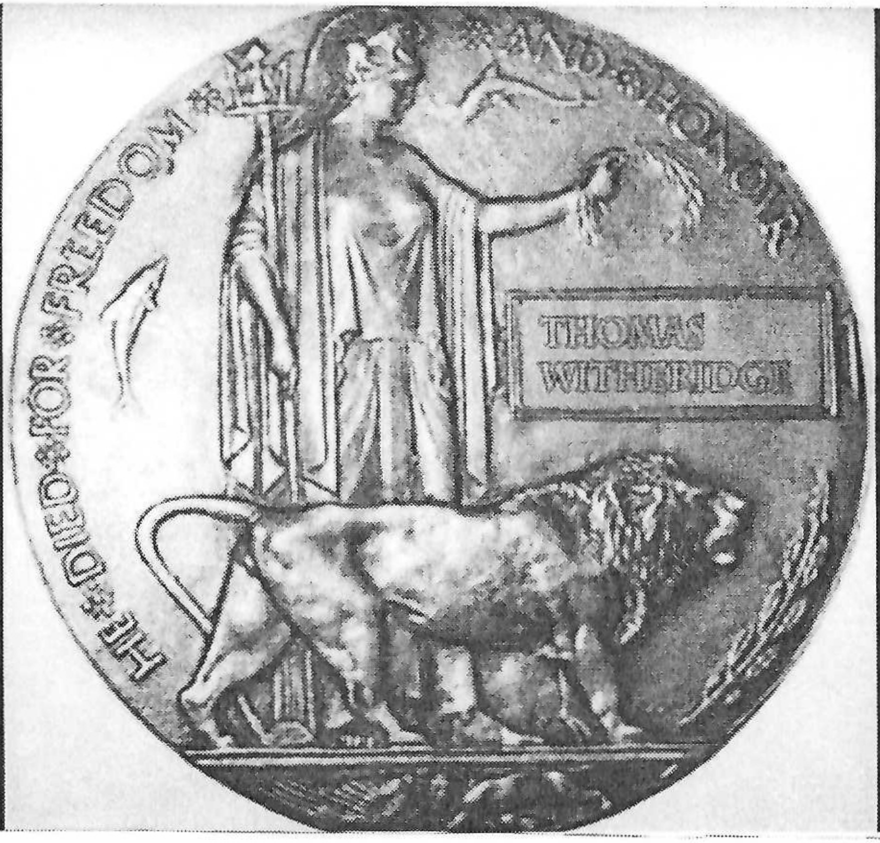
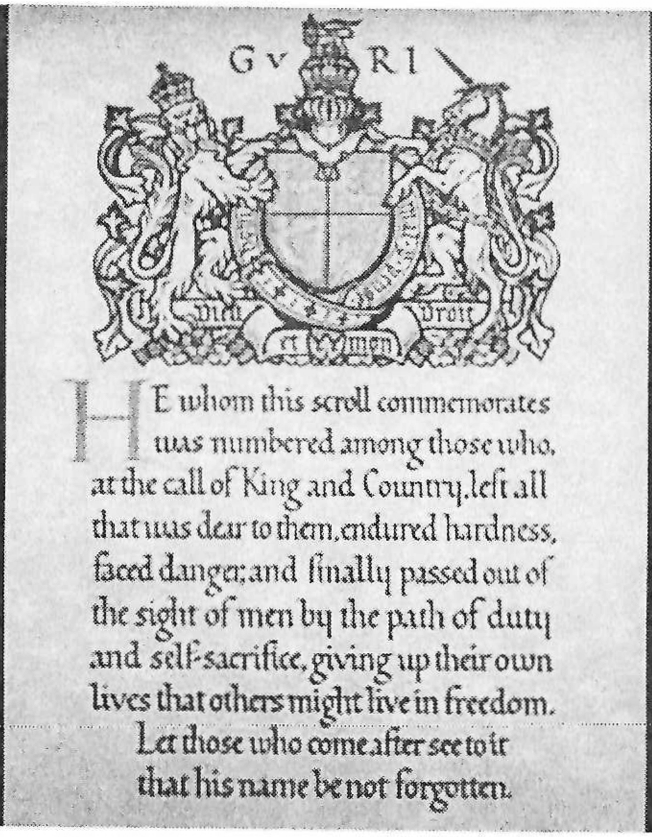
Thomas's parents, Philomon and Mary, also received a Memorial Plaque and Memorial Scroll.

The Memorial Plaque was issued after the war to the next-of-kin of service personnel who were killed as a result of the war.

The plaques were made of bronze, and hence popularly known as the "Dead Man's Penny". The name does not include the rank since there was to be no distinction between sacrifices made by different individuals.



HE DIED FOR FREEDOM AND HONOUR
THOMAS
WITHERIDGE



Dieu et mon Droit

G v R I

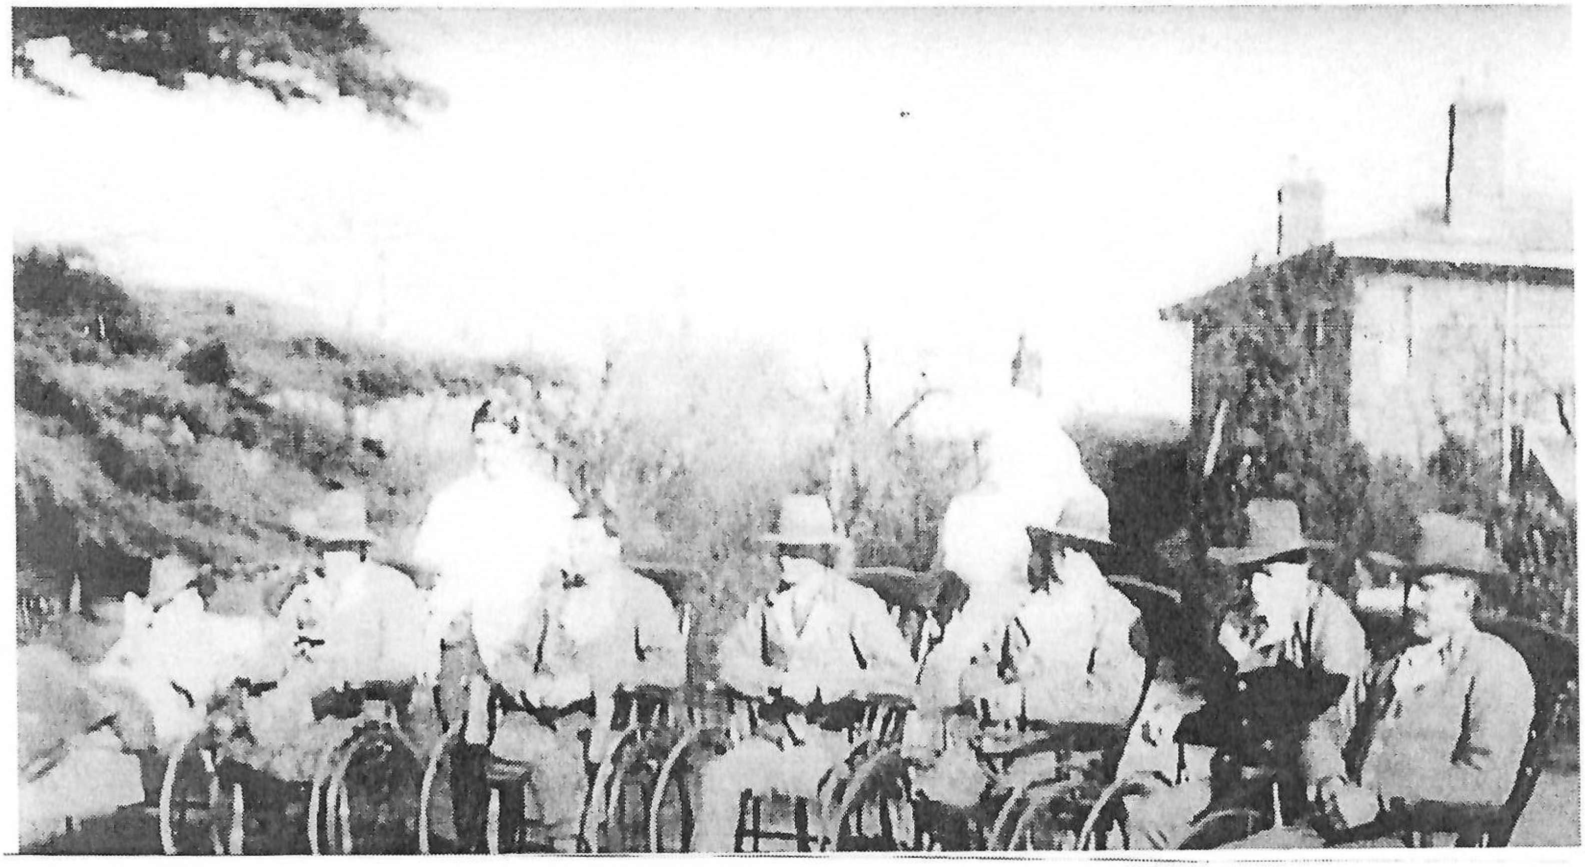
HE whom this scroll commemorates was numbered among those who, at the call of King and Country, left all that was dear to them, endured hardness, faced danger; and finally passed out of the sight of men by the path of duty and self-sacrifice, giving up their own lives that others might live in freedom.

Let those who come after see to it
that his name be not forgotten.

Robert was 29 years of age when he enlisted. He was wounded in action on 4th October 1917.

Robert had his left leg and left foreman amputated as a result of his wounds.

He convalesced at Southall, London and married Jean Elizabeth Byles, one of the nurses who cared for him, on 30th September 1918.



On 6 July 1918 a photo of Thomas was presented to his parents by his Friends at Greenwell Point. Photos of both Thomas and Robert were displayed on easels in the family home.

Dear

The inaugural meeting of the Witheridge Society, which has been formed to bring together people of Witheridge (or Wetheridge) descent, was held on 4th May 1987.

We hold details of some 2,000 Witheridges and Wetheridges, from about 1540 to the present day, so if you wish to trace your own family, past or present, we should be able to help you. We also have information on the two Devonshire locations from which our ancestors took their name, as well as details of the many towns and villages where branches of the Witheridge and Wetheridge families settled. In the case of three of these villages we can provide extensive family trees dating from the 16th or early 17th century to the present day.

We will publish regular bulletins, together with news of members, and we hope that the Society will provide a useful forum for members to share the results of their own research. We also hope to arrange regular Witheridge reunions at which members can get to know one another, and perhaps make contact with long-lost or even hitherto unknown relations!

If you would like to join the Society, or at this stage would just like to know a little more about our activities, please contact me.

I look forward to hearing from you.

Yours sincerely,

Rod Witheridge,
Membership Secretary

Witheridge Day, incorporating the Annual General Meeting of the Witheridge Society, will be held on Bank Holiday Monday, 2 May 1988, at St Francis Church Hall, Ravenswood Avenue, West Wickham, Kent. For those who travel by car there is a large car park in Ravenswood Avenue, directly opposite the church, where parking is free on Bank Holidays. For those arriving by train at West Wickham station, the walk to the hall is up-hill, so we can arrange for a car to meet trains at West Wickham station if necessary.

The Witheridge Society is a family society, and Bank Holidays are family days, so we particularly wish to make whole families, including young children, welcome. However, as some sections of the meeting are not geared for children, we have planned an alternative programme. This involves a visit to the local swimming baths (95p adults, 45p juniors, 36p oap) which has a pleasant spectator lounge and snack vending machines, in the morning. In the afternoon we plan to visit a local park (weather permitting) with attractive grounds and play areas. Adults may also opt for this programme if they prefer.

All participants are asked to bring a plate or dish of food (sweet or savoury) which can be shared at lunchtime. There are good kitchen facilities, so we can cope with dishes that need defrosting and/or reheating. Tea and coffee will be served at morning registration, with lunch and during the afternoon (soft drinks for children). As this is an informal family day, it would be appreciated if a number of people could help with serving refreshments, and washing up afterwards!

The day's programme has been deisgned to give plenty of time for members to get to know one another, exchange information and ask questions, so if you have any maps, photos, documents or memorabilia, do bring them with you.

Travel directions, the day's programme and AGM agenda are overleaf, but if you have any queries, please telephone 01-777 6072.

## Travel directions

West Wickham is situated on the main A232 (Kingston, Surrey to Orpington, Kent) road, about 3 miles east of Croydon.

The sketch map opposite shows the main approach roads to West Wickham - A21, A22, A23, A214, A2022 and M25. Drivers on the M25 travelling from the west may prefer to leave the motorway at exit 6, take the A22 north and turn right on to the A2022 on the outskirts of Purley. While this may be shorter on the road, it may be quicker in time to continue on the motorway to exit 4, take the A21 to Farnborough and then fork left on to the A232. Those coming from the Dartford Tunnel leave the motorway at exit 4.

For those travelling by rail, there are four main line stations within easy reach. Listed below are the main routes into these stations.

| | |
|---|---|
| Bromley South - | Ashford, Canterbury, Dover, Maidstone, Margate, Orpington, Sevenoaks, London Victoria |
| East Croydon - | Brighton, Chichester, Eastbourne, Gatwick, Guildford, Portsmouth, Reading, Worthing, London Charing Cross, London Bridge and Victoria, and through trains from Midlands and North |
| West Croydon - | Epsom, Sutton, Wimbledon |
| West Wickham - | London Charing Cross, London Bridge |

From Bromley South, take bus 119 to Wickham High Street. From East Croydon, take bus 119, 166, 194, or 194A to Wickham High Street. From West Croydon take bus 119 to Wickham High Street. From West Wickham station it is a short walk to St Francis Church, but we can meet trains if requested.

## Witheridge Day 1988

If you wish to attend the Witheridge Day at West Wickham on 2 May 1988, please complete the form below, giving the name, age if under 16, and membership number of each member of your party. Please indicate whether each will be following the main programme and attending all meetings (M), or opting for the alternative programme with some outside activities (A). Please include also a contact address and telephone number for your party.

Please also complete the section indicating whether you are bringing with you items for exhibition or display (but please note that we cannot accept any responsibility for such items), and also indicate whether you are bringing a sweet or savoury dish for the shared lunch and how many servings it makes.

Finally, please indicate whether anyone in your party would be willing to stand for election to the Committee, and also if there is anyone you would like to nominate for any post. The first nomination received will be treated as the proposal, the next as the seconder. Nominations may also be given to the Chairman on the morning of the AGM day.

Please send all forms to 18 Hawkhurst Way, West Wickham, Kent BR4 9PF, to arrive by Friday 29 April 1988.

# Witheridge Day 1989.

Witheridge Day, incorporating the Annual General Meeting of the Witheridge Society, will be held on Bank Holiday Monday, 1st May 1989, in the Village Hall, Alderton, Nr Cheltenham, Gloucestershire.

Alderton is a small village situated in a beautiful farming valley surrounded by rolling hills and justifies a visit on its own account. Some of the houses are thatched and timbered in particular the Gardner's Arms, the village pub. On the A438 road, approaching the village is another public house, called the Hob Nails, world famous for it's filled baps. All kinds of delicious fillings in a bread bap. Should anyone wish to extend there stay overnight there is bed and breakfast accommodation near by and a touring caravan site (see map).

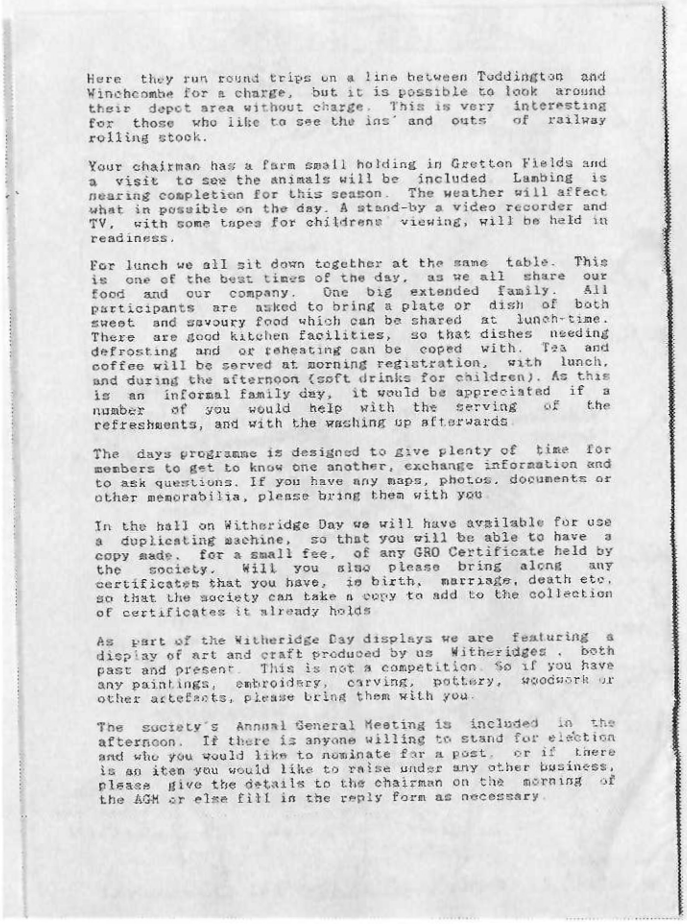
The village hall has recently been rebuilt by village enterprise, and has everything our get-to-gether will require. This includes facilities for those who are disabled and use wheelchairs. There are ramps at the doors and a special invalid toilet. There is a limited amount of parking for cars in front and at the side of the hall but the overfil can be parked down the side of the cul-de-sac leading to St Margaret's Church.

On past Witheridge Days most members have travelled by car, and members from the same areas have travelled down to-gether. If asked, we will put members in touch with each other should they wish to come, but have no transport of there own, or just wish to economise on the cost. If this is not possible the alternative is to travel by train. Cheltenham is the main line station in this area and if asked, we will arrange transport to meet train arrivals and departures. Please remember to tell us the time of train's arrival and departure at Cheltenham station.

The Witheridge Society is a family society, and Bank holidays are family days. We wish to make whole families welcome, however some parts of the meeting are not geared to young children and perhaps to some older persons.

We have therefore planned an alternative programme. The village has a playing field with a play area for young children. There are also sign posted country walks towards Alderton hill and elsewhere, and there is little village traffic, so that just a walk around the village is enjoyable.

The GWR steam railway society has the depot area at Toddington just three miles along the A438 towards Stow.



Here they run round trips on a line between Toddington and Winchcombe for a charge, but it is possible to look around their depot area without charge. This is very interesting for those who like to see the ins' and outs of railway rolling stock.

Your chairman has a farm small holding in Gretton Fields and a visit to see the animals will be included. Lambing is nearing completion for this season. The weather will affect what in possible on the day. A stand-by a video recorder and TV, with some tapes for childrens' viewing, will be held in readiness.

For lunch we all sit down together at the same table. This is one of the best times of the day, as we all share our food and our company. One big extended family. All participants are asked to bring a plate or dish of both sweet and savoury food which can be shared at lunch-time. There are good kitchen facilities, so that dishes needing defrosting and or reheating can be coped with. Tea and coffee will be served at morning registration, with lunch, and during the afternoon (soft drinks for children). As this is an informal family day, it would be appreciated if a number of you would help with the serving of the refreshments, and with the washing up afterwards.

The days programme is designed to give plenty of time for members to get to know one another, exchange information and to ask questions. If you have any maps, photos, documents or other memorabilia, please bring them with you.

In the hall on Witheridge Day we will have available for use a duplicating machine, so that you will be able to have a copy made, for a small fee, of any GRO Certificate held by the society. Will you also please bring along any certificates that you have, ie birth, marriage, death etc, so that the society can take a copy to add to the collection of certificates it already holds.

As part of the Witheridge Day displays we are featuring a display of art and craft produced by us Witheridges, both past and present. This is not a competition. So if you have any paintings, embroidery, carving, pottery, woodwork or other artefacts, please bring them with you.

The society's Annual General Meeting is included in the afternoon. If there is anyone willing to stand for election and who you would like to nominate for a post, or if there is an item you would like to raise under any other business, please give the details to the chairman on the morning of the AGM or else fill in the reply form as necessary.

## Witheridge Day 1990.

The Witheridge Society was formed in May 1987 to encourage research into the family history of the related Witheridge and Wetheridge surnames, and to bring together the descendants of these families which includes those linked by marriage. Each year a Witheridge Day is held, which is the society's annual get-to-gether. on the May-day bank holiday Monday.

Witheridge Day 1990, which will incorporate the third Annual General Meeting of the Witheridge Society, will be held on Monday, 7th May 1990, in the Village Hall at Alderton, near Cheltenham in Gloucestershire.

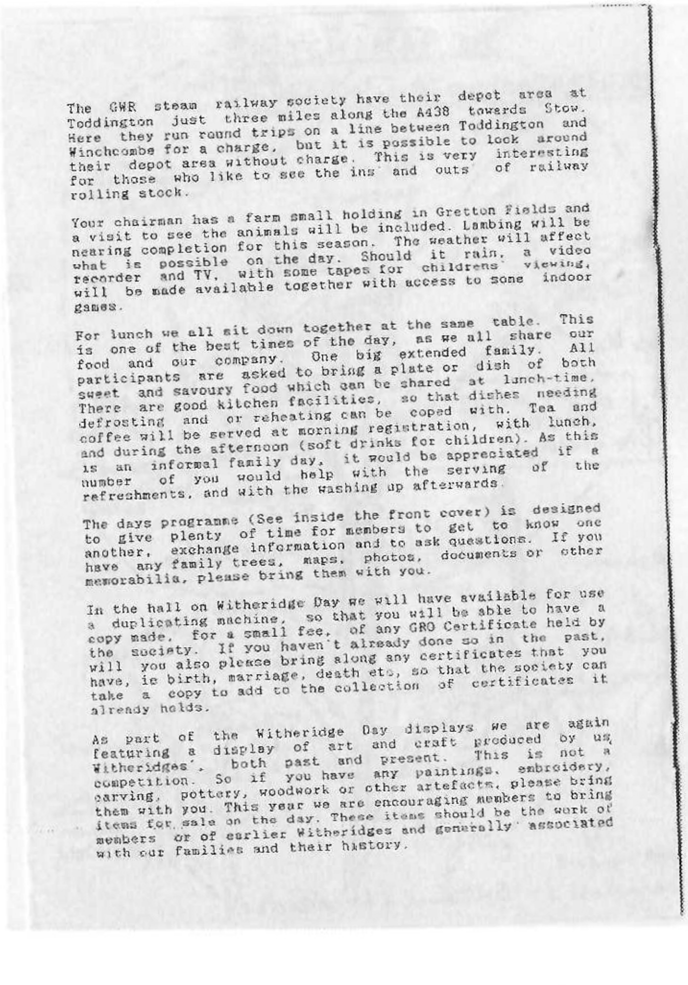
Alderton is a small village situated in a beautiful farming valley surrounded by rolling hills and justifies a visit on its own account. Some of the houses are thatched and timbered in particular the Gardener's Arms, the village pub. Should anyone wish to extend their stay overnight there is bed and breakfast accommodation near by and a touring caravan site (see map).

The village hall has recently been rebuilt by village enterprise, and has everything our get-to-gether requires. This includes facilities for those who are disabled and use wheelchairs. There are ramps at the doors and a special invalid toilet. There is a limited amount of parking for cars in front and at the side of the hall but the overfil can be parked down the side of the cul-de-sac leading to St.Margaret's Church.

On past Witheridge Days most members have travelled by car, and members from the same areas have travelled down to-gether. If asked, we will put members in touch with each other should they wish to come, but have no transport of their own, or just wish to economise on the cost. If this is not possible the alternative is to travel by train. Cheltenham is the main line station in this area and if asked, we will arrange transport to meet train arrivals and departures. Please remember to tell us the time of train's arrival and departure at Cheltenham station.

The Witheridge Society is a family society, and Bank holidays are family days. We wish to make whole families welcome, however some parts of the meeting are not geared to young children and perhaps to some older persons.

We have therefore planned an alternative programme. The village has a playing field with a play area for young children. There are also sign posted country walks towards Alderton hill and elsewhere, and there is little village traffic, so that just a walk around the village is enjoyable.



The GWR steam railway society have their depot area at Toddington just three miles along the A438 towards Stow. Here they run round trips on a line between Toddington and Winchcombe for a charge, but it is possible to look around their depot area without charge. This is very interesting for those who like to see the ins and outs of railway rolling stock.

Your chairman has a farm small holding in Gretton Fields and a visit to see the animals will be included. Lambing will be nearing completion for this season. The weather will affect what is possible on the day. Should it rain, a video recorder and TV, with some tapes for childrens' viewing, will be made available together with access to some indoor games.

For lunch we all sit down together at the same table. This is one of the best times of the day, as we all share our food and our company. One big extended family. All participants are asked to bring a plate or dish of both sweet and savoury food which can be shared at lunch-time. There are good kitchen facilities, so that dishes needing defrosting and or reheating can be coped with. Tea and coffee will be served at morning registration, with lunch, and during the afternoon (soft drinks for children). As this is an informal family day, it would be appreciated if a number of you would help with the serving of the refreshments, and with the washing up afterwards.

The days programme (See inside the front cover) is designed to give plenty of time for members to get to know one another, exchange information and to ask questions. If you have any family trees, maps, photos, documents or other memorabilia, please bring them with you.

In the hall on Witheridge Day we will have available for use a duplicating machine, so that you will be able to have a copy made, for a small fee, of any GRO Certificate held by the society. If you haven't already done so in the past, will you also please bring along any certificates that you have, ie birth, marriage, death etc, so that the society can take a copy to add to the collection of certificates it already holds.

As part of the Witheridge Day displays we are again featuring a display of art and craft produced by us Witheridges', both past and present. This is not a competition. So if you have any paintings, embroidery, carving, pottery, woodwork or other artefacts, please bring them with you. This year we are encouraging members to bring items for sale on the day. These items should be the work of members or of earlier Witheridges and generally associated with our families and their history.

We feel that the society's funds should benefit from the sale of any items on the day at the rate of 10% of the selling price.

This year coincides with the 150th aniversery of the letter post. We will provide a table specifically to display items of the post received or sent by Witheridges, ie letters, post cards, stamps etc. Please try to bring something. If your item needs a bit of background information to go with it, then please write a short note of explanation for display with it.

This year we are introducing two competitions which I hope everyone whether they can attend on the day or not will try to enter. A certificate will be awarded to the winners of these competitions.

The first competition is to be a culinary delight. You will all have heard of a `Shepherds Pie`. Well it should be realised that the `Wetherherds` would also have had a pie to sustain them as they herded their wether flocks on the `Wether Ridges` all those years ago. The original recipe would no doubt have used those bits cut off the wether lambs during castration and tail docking Or anything else that came to hand from the field, warren or hedgerow. The only requirements for this competition is that the pie should be eaten cold with the fingers and that sufficient is provided so that each member present on the day can taste a morsel for adjudication. The pie will be judged on its appearance and its taste.

The second competition will be for the most original and authentic forgery of a Witheridge document or other memorabilia. This could be for instance be the original recipe to the Wetherherds Pie above Or perhaps it could be a royal warrant conferring a special privilege on a Witheridge, say the right to collect the royal horse droppings during the trooping of the colour. Or it can be an artifact, say the back scratcher presented to King James whilst hunting on Dartmoor. Let your imagination have a free rein. These items will be judged for their originality, their humour, and their apparent authenticity.

The society's Annual General Meeting is included in the afternoon. The agenda for the AGM is given inside the front cover. If there is anyone willing to stand for election and who you would like to nominate for a post, or if there is an item you would like to raise under any other business, please give the details to the chairman on the morning of the AGM or else fill in the reply form as necessary.

REMEMBER-

1. The day, the seventh of May.
2. Bring some food.
3. Bring those certificates.
4. Bring those memorabilia.
5. Bring those items of Art and Craft and of the Post.
6. Bring your entries to the competitions.
7. Bring yourselves.

Take care and travel safely.

WITHERIDGE DAY 1993

This, our sixth Witheridge re-union, incorporating the Annual General Meeting of the Society, will be held on Bank Holiday Monday, 3rd May, 1993.

Once again the venue will be the Village Hall at Alderton, Gloucestershire. This location has proved popular among those who have attended in past years, and so it was decided to take advantage once again of the amenities offered. The hall is modern, with a good kitchen, ramps for wheelchairs, and other facilites for the disabled.

Parking for cars is limited at the immediate front and side of the hall, but a nearby cul-de-sac leading to St. Margaret's Church offers space.

Most members travel to Alderton by car, but for those wishing to travel by train, Cheltenham is the nearest train station. There is also a bus terminus at Cheltenham, and if asked we will arrange transport to meet trains or buses. Please remember to tell me, or past Chairman, Philip Witheridge, who lives near Alderton, of the time of arrival and departure if you need transport to and from Cheltenham. Our telephone numbers are inside the back cover of this invitation.

There is bed and breakfast and touring caravan accommodation in the area.

Among the attractions of this unspoilt area is the G.W.R Steam Railway Society's depot at Toddington, three miles from Alderton in the direction of Stow-on-the-Wold, on the A438. Steam trains make round trips between Toddington and Winchcombe, and it is possible to look around the depot and rolling stock without charge.

Winchcombe itself is a pretty Cotswold village which is always a great tourist attraction.

Although we have described the village of Alderton in previous invitations, it is worth mentioning again that it is an attractive place to walk round, with its thatched and timbered cottages and picturesque 'pub'.

On Witheridge Day, we welcome all members, of whatever age, and their families, and you will find our timetable for the day on the inside of the front cover.

---

Members are asked to bring one dish of savoury food, and one dish of sweet food for lunch, which can be shared. As the kitchen facilities are good, food can be de-frosted or heated. If for any reason, you cannot bring food with you, do not let this deter you from coming - we usually have food to spare. All members help to 'assemble' our lunch, and we usually sit at one long table and thoroughly enjoy the companionship.

On arrival, and during the lunch and afternoon breaks, tea, coffee and soft drinks will be provided.

Volunteers for setting tables, serving food, and washing up are greatly appreciated!

We hope that members will again bring items of interest for display around the hall. These could include arts and crafts, needlework by members or their families, Witheridge memorabilia, 'profiles' of Witheridges past and present, and of course your family trees.

Last year the competitions proved to be popular, and so we are repeating two of them, and introducing a new one.

1. Photographic competition with two categories:
    (a) Landscape
    (b) Other subjects

2. Poetry: A short comic or serious poem to be displayed and read

3. Test your knowledge - a Family History Quiz

Philip Witheridge has kindly agreed to make his photo-copier available in the hall, so that, for a small fee, any member may have a copy of any birth, marriage or death certificate held by the Society. Please bring along any certificates that you may have so that a copy can be taken to add to the Society's collection where necessary.

The Society's Annual General Meeting will be held at 2.0.p.m. The Agenda is printed inside the front cover. All officers of the Society serve for one year and need to be re-elected at the Meeting. If there is anyone whom you would like to nominate for election, and who is willing to stand, please complete the lower section of the invitation reply form. If there is any item which you would like to raise under "Any other business", please send details to me, or notify me on the morning of the meeting.

REMEMBER -

1. The day - THE THIRD OF MAY, 1993
2. Bring some food
3. Bring those certificates
4. Bring the memorabilia
5. Bring the items of arts and crafts
6. Bring the photographs
7. Bring the poems

REMEMBER - We look forward to seeing you!

Dear John,

Enclosed is a letter I sent to relatives and friends at Christmas time explaining our current situation. As I told Kim Cook when she telephoned overseas on Christmas Day, I have no idea how much I owe or when I last paid my annual subscription to the Witheridge Society. I don't remember receiving a reminder or seeing the amount mentioned in The Witheridge Times until this recent Spring 1993 issue.

I am sending this $40.00 check with the intention of paying for two years' subscription from when my last subscription expired. This should cover the exchange rate and any fee required for handling an American check. I'd appreciate word from you some day as to what I may still owe the Society and when my subscription expires.

Yours sincerely,

David E. Witheridge

Dear David and Elizabeth,

I hope that you are both keeping fit and that life is treating you both well.

I have included with this letter a statement from our bank to explain how you subscriptions stand at this present moment. You are paid up fully for last year and this year now upon us. In fact you are in credit By two pounds for the year 1996 or $3. 28 US dollars So when you consider payment for the year 1996 remember to allow for this figure that you have already paid. At this very moment the exchange rate is $1.64 to the pound. I hope this explains all. Thank you once again for you continued membership.

I have been asked by the members of our society to ask you if you could perhaps write us an article on your past researches and indeed those that you may be doing at this very moment,or failing this perhaps a little about your life over there. You see many of the newer members are not aware of the research and work that you have done for the Witheridge Society in the past. Very often I am asked who is the Reverend Witheridge from America. I am also very much aware that many of our existing older hands would love to read an article by both of you. lets face it, I write a little about the Combe Martin and Berrynarbor families and keep them well researched. But you knew these facts long before I had even heard of the family. So please let the members read an article from the true expert of these North Devon Families.
Well again that is all for now, I will write again as soon as I am able.

Yours Sincerely

John Witheridge John

# AN INVITATION

TO

# WITHERIDGE DAY

MONDAY, 2ND MAY, 1994

AT THE VILLAGE HALL, ALDERTON,
GLOUCESTERSHIRE

10. 0 A.M.

---

WITHERIDGE DAY, 1994

Our seventh reunion, incorporating the Society's Annual General Meeting, will be held on Bank Holiday Monday, 2nd May, 1994, at the Village Hall, Alderton, Gloucester.

Those of us who have been fortunate enough to attend previous reunions know what a pleasant village Alderton is, and we appreciate the excellent facilities in the Village Hall. Parking for cars is available near by, and some cars can park immediately outside the hall.

Cheltenham is the nearest train station and bus terminus for Alderton, and if asked, we will arrange to meet trains or buses. Please contact me, or past President Philip Witheridge, who lives near Alderton, if you need transport to and from Cheltenham. Our addresses and telephone numbers are on page three of this invitation.

The area around Alderton is rich in interest, the historic town of Tewkesbury is a few miles from the village, and charming Winchcombe is worthy of exploration.

Our Witheridge Day begins at 10.0 a.m., and we welcome all members and their families. The event is self-catering, and so we ask each member to bring one savoury and one sweet dish which can be shared for lunch. The kitchen facilities are good and food can be heated.

Tea or coffee and soft drinks are provided at intervals throughout the day.

If for any reason you are not able to bring food, please do not let this deter you from coming. We always find that we have food to spare.

We share lunch, usually at one long table, and setting and clearing the table and washing up are communal activities which everyone seems to enjoy!

Visiting members bring their arts and crafts and needlework for display around the hall, and everyone is interested in old photographs, memorabilia, and of course your family tree - anything connected with our Witheridge families.

During the day we propose to have three competitions. One will be to discover who can cram the most objects into a matchbox - please bring your filled matchboxes with you.

In the past the photographic competition has revealed much talent, and so we propose to repeat the competition this year with two categories:-

1. Landscape
2. An unforgettable holiday moment.

The third competition will be to guess the identity or use of unusual objects. Please bring any unusual objects you may have.

The birth, marriage and death certificates held by the Society will be available in the hall, and Philip has agreed to allow us the use of his photo-copier, so that for a small fee members may make a copy of any certificate in which they are interested. If you have any certificates which you would like to donate to the Society, please bring them with you.

The Annual General Meeting will be held at 2.0. p.m, and the Agenda is printed below and in the magazine. All Officers of the Society serve for one year and need to be re-elected, if this is the members' wish, at the Meeting. If there is anyone whom you would like to nominate for office, and who is willing to stand, please complete the lower section of the invitation reply form.

If there is any question which you would like to raise under "Any other business", please send details to me, or notify me on the morning of the meeting.

I look forward to seeing you at Alderton!

Dear John:

Thank you for your letter. You apparently are not aware that Elizabeth has Alzheimer's, and I am her full-time caregiver. I am enclosing my last three Christmas letters, and they will give you the complete picture.

I have done absolutely nothing on genealogy since November of 1991, and under the circumstances you can see why I would be unable to undertake any writing project.

My thoughts are often with you and the Wetheridge society and my many relatives and friends there. Best wishes.

Sincerely,

David E. Wetheridge

# The Witheridge Society

The Witheridge Society was formed in May 1987 to bring together people of Witheridge and Wetheridge descent.

The Society holds details of over 3,000 Witheridges and Wetheridges, from about 1540 to the present day, as well as transcripts of GRO birth, marriage and death indexes, PPR Wills indexes, and details of many parish records. If you wish to trace your own family, past or present, we should be able to help you.

We also have information on the two Devonshire locations from which our ancestors took their name, as well as details of the many towns and villages throughout the UK where branches of the Witheridge and Wetheridge families settled. For some locations we also have extensive and detailed family trees.

Three or four times a year we publish The Witheridge Times, which contains articles about past and present Wetheridges and Witheridges, news of members, hints for researchers and family trees. We also arrange Witheridge reunions at which members can get to know one another, and perhaps make contact with long-lost or even hitherto unknown relations.

Each year we combine our major reunion, which we call Witheridge Day, with the Society's Annual General Meeting. This is held on May Day Bank Holiday Monday, and we welcome families from far and wide.

If you would like to join the Society, please complete the application form opposite and send it, with your subscription, to our Membership Secretary, ~~Mr Rod Witheridge, Granville House, 33 Barrowgate Road, Chiswick, London W4 4QX.~~ We look forward to welcoming you!

# *Witheridge Day 1997*

Next year is the 10th Anniversary meeting of the Witheridge Society, and it has been suggested that we celebrate this by making Witheridge Day and the AGM something extra special.

One suggestion made at the 1995 Witheridge Day was that we should celebrate by holding the anniversary meeting in our namesake village of Witheridge, Devon. It was also suggested that we might consider a full weekend (Saturday, Sunday and Monday), particularly for those who would have further to travel.

Such a plan has advantages and disadvantages. A weekend away is more expensive, and the village of Witheridge is very difficult to get to by public transport. However, a full weekend away does make the effort of travelling more worthwhile, and many members would get real pleasure from staying in our namesake village. Visits to nearby towns and villages where our ancestors lived would also be possible, and some members might consider making the weekend part of a spring holiday in the West Country. The venue might even tempt more of our overseas members to visit the homeland and join us!

If we were to enlarge the event to cover the whole weekend, we would need to make some plans for the other days. Suggestions include a guided tour of the church, a tour of the village, a trip to one of the Witheridge home villages in North Devon, a short Thanksgiving Service, a get-together with some of the local people to establish good contacts, a talk on local history (from the authors of the book 'Old Witheridge'), and perhaps a small presentation to the village (planting a commemorative tree in the village, supplying a bench seat, a village sign or hanging baskets). We welcome other ideas and suggestions.

However, before we can even consider such a move, we need to know whether Witheridge has the facilities (a suitable hall, and adequate accommodation) to meet our needs.

The Parish Hall is available to let for that weekend. It has a main hall, which can seat up to 200 people, costing £5.50 per hour (ie £45 for our usual Witheridge Day gathering from 10am until 6pm), and a smaller Committee Room which can seat up to 40 people, costing £4.50 per hour (ie £36 for the day). The kitchen has kettles and urns, and provision for serving tea, coffee and cold food, as well as the usual washing-up facilities. Unfortunately, the cooker has had to be removed to comply with some EC regulation, but it might be possible to bring in our own microwaves if we wished to heat food. However, if we were to be staying the whole weekend, there would be a problem in storing any food brought for our usual shared meal. One alternative would be to contact one of the two local pubs (The Mitre and The Angel) and arrange for them to provide a meal, which could be eaten either in the pub, or brought across to the hall as a kind of take-away. This latter would be a better idea if there were going to be too many of us for the pub to seat.

As far as accommodation goes, The Mitre has six rooms (one en-suite), three twin-bedded, two doubles and one family room, (currently £14 per person per night, bed and breakfast). The dining room can seat up to 40 people. However, it may be changing hands shortly, and the new owners may be expanding. The Angel has bedrooms, but they are not currently equipped for letting. Hope House (the former Vicarage) also has one family room, two double rooms, one twin-bedded room and one single room, (currently £14 per person per night). West Yeo Farm has a family room and a single (£14 per person), as well as a self-catering unit for 6. Hole Farm and New House Farm also offer bed and breakfast accommodation.

Wherever we want to hold our tenth anniversary celebrations, the booking will have to be made as soon as possible after this year's AGM. A poll will be taken at the AGM, and if possible we will try and get the views of those who cannot be with us. The result, with a provisional booking form, will be mailed out as soon as possible after the AGM.

As 1997 will be a very special year for us, we do ask you to give the event very special consideration, and to try and come to our tenth anniversary. If you can encourage other Witheridge relations (however distant) to come too, that would be marvellous. They don't have to be members to come - we just want it to be our biggest Witheridge gathering ever!

# *Witheridge Day 1997*

As 1997 will be the tenth anniversary of the Witheridge Society, we are considering a number of ways to celebrate this. We have to decide whether to stick to a one-day AGM only, or whether to precede it with some sort of celebration on the Saturday and Sunday. It has also been suggested that we hold the 1997 event in Witheridge, Devon, instead of at Alderton, Gloucestershire.

As we would like to have the biggest ever attendance next year, it would help us if you could let us know which of the following options you would be most likely to support.

1. A one-day event in Alderton, Gloucestershire, as at present
2. A three-day event in Alderton (AGM preceded by two optional days of shared events)
3. A one-day event in Witheridge, Devon
4. A three-day event in Witheridge (AGM preceded by two optional days of shared events)

Please indicate which option you prefer. If you can give us an approximate number of those who would be attending, (and they need not necessarily be members of the Witheridge Society), that would be helpful. However, this does not in any way commit you - we are just trying to find out which option would attract the most people.

I/We would prefer the 1997 tenth anniversary of the Witheridge Society to be arranged as set out

in option number ................

# WITHERIDGE DAYS 2nd/3rd/4th MAY,1998

**URGENT!**

I have had some enquiries concerning a two/three day event for May 1998. The two venues suggested are:- Tiverton-visiting the North Devon area including Combe Martin and Bideford,or Tavistock- visiting an historic mining village on the Tamar, and Plymouth.

In order to guage the level of support we may expect for these plans (this knowledge is vital to arrange bookings etc.,) I would be grateful if members and friends would indicate it they are likely to attend.

Dear Richard,

Please add this £20 contribution to the Combe Martin fund. I think it's a great idea.

Regarding our meeting next May, I'm sorry that I can't come two years in a row, but I'll be working on some other Witheridge descendants in hopes that we'll have a good attendance again from the United States.

Sincerely,
David

## HYMN

The day thou gavest, Lord, is ended,
The darkness falls at thy behest;
To thee our morning hymns ascended,
Thy praise shall sanctify our rest.

We thank thee that thy Church unsleeping,
While earth rolls onward into light,
Through all the world her watch is keeping,
And rests not now by day or night.

As o'er each continent and island
The dawn leads on another day,
The voice of prayer is never silent,
Nor dies the strain of praise away.

The sun that bids us rest is waking
Our brethren 'neath the western sky,
And hour by hour fresh lips are making
Thy wondrous doings heard on high.

So be it, Lord; thy throne shall never,
like earth's proud empires, pass away;
Thy kingdom stands, and grows for ever,
Till all thy creatures own thy sway.

# Editor's Note

On June 8, 1996, at a luncheon attended by 22 guests at the Minnesota History Center in downtown St. Paul, Dad was designated as the first Honorary Vice President for life of the Witheridge Society, because of his decades of work to advance the genealogical knowledge of Witheridge family lines on four continents.

He received the honor from the society's co-founder, Kim Cook (q.v.), who herself had been previously named Honorary President for life. Kim and her husband, Roy, came from England for the occasion and spent three weeks with Dad, with side trips to Chicago and Minnesota's north shore of Lake Superior.

This section contains Dad's file on the St. Paul event, including details of the catering (arranged by my former wife, Virginia Selleck). For additional details, see Dad's notes for a phone call to Joyce Aldrich (b. 1932) near the end of her section in folder 1.63k. See also Dad's May 22, 1996, letter to Tony Witheridge (q.v.) in Tony's section of folder 1.64e. See the correspondence regarding the event between Dad and Kathy Witheridge (b. 1942), dated May 24, July 10 (listing attendees), and July 17, 1996; the letters are located chronologically in folder 1.63i.

Later, both Kathy and Joyce Browne (q.v.) were also made Honorary Vice Presidents of the society for their significant contributions.

[Letter to DEW's niece, Jennifer (Jenni) Edith Mark (b. 1943) about plans for June 1996]

May 22, 1996

Dear Jenni,

I thought I'd write and give you the latest information about our June 8th weekend. I know you sent a note to Tom, but he probably hasn't replied, and I'm not sure he'll have time to do so, because he's going into the hospital on Thursday for an operation.

When you arrive on Friday, I think you should come to my house. (I assume you still know how to find it.) I still haven't heard from Jamie and Penny or Anne and Bill, so I can't tell whether you'll be staying with me or Jim or Tom. When I know the final plans, I can probably call you. The problem is, Kim and Roy and I will be spending four days, June 3-6, on a trip up the North Shore of Lake Superior as far as Thunder Bay, Ontario, and won't be back until Thursday evening, June 6. So if you need to talk to someone during that period, you'll have to talk to Tom or Virginia at (612) 322-4784, or Joan or David at (612) 825-7449.

At this point I know we'll have Kim and Roy Cook from England, Kathy and Paul Witheridge from Sarnia, Janice and Jay from Saginaw (John doesn't want to try it because of his heart attack and surgery) Jean Tomlinson, my second cousin from Arkansas, and her son Jimmy and daughter Pat Johnson who live in the Twin Cities. Joyce Aldrich, her sister, can't come from East Lansing, because her daughter-in-law is having an operation, so Joyce has to help with the children.

Just a week ago I had a call from a Tony Witheridge in Geneva, Illinois. I think he had been in touch with Janice and had heard about this June 8th luncheon, and he's going to come. He was born in Australia and has only been in this country 5 or 6 years

Then I got a letter from Sharon Brydges of North Battleford, Saskatchewan. She's a second or third cousin of Paul Witheridge and heard about our get-together from Kathy. She and her husband Ed would like to come, but haven't got it worked out yet. So we're going to meet a lot of new people. In addition there will be a half dozen friends from Minneapolis who are not Witheridge descendants.

We'll gather at the Minnesota Historical Society building at 345 Kellogg Blvd in St Paul at 11:00 a.m. to give us a chance to get acquainted before the complimentary luncheon is served about 12:00. Then about 2:00 those who want to go through the Society's wonderful museum may do so, after which we're hoping people will come to my house to talk further and have a bit of tea and cookies.

We can't invite everyone to dinner that night as our guests, but we're making a reservation at Pearson's in Edina for as many as would like to join us at their own expense. On Sunday noon we're planning a light lunch at my house for those who will still be in town.

So that's pretty much the whole story, and I'm really looking forward to seeing you for this very eventful weekend.

Love,

Uncle Dave

[Letter to Janice Witheridge, DEW's sister-in-law, about plans for June 8, 1996]

May 22, 1996

Dear Janice,

I'm looking forward to seeing you and Jay (and maybe John) for our June 8th get-together. I'm enclosing a map so you'll be able to find my house. Coming through St. Paul keep your eyes on the signs for I-94 West and Minneapolis. In Minneapolis there will be a warning sign for a tunnel, and just before the tunnel take the exit labeled Lyndale-Hennepin. There are two lanes on the exit, and take the left-hand one marked Hennepin. Keep on Hennepin to 25th St. Turn right a few blocks to Irving. Turn right on Irving, and we are in the middle of the block on the right side – 2425.

You'll be staying with Tom and Virginia out in Apple Valley, but our place is easier to find, and they won't be home in the middle of the day on Friday.

At this point I know we'll have Kim and Roy Cook from England, Kathy and Paul Witheridge from Sarnia, Joanne from Royal Oak, Jean Tomlinson, our second cousin from Arkansas, and her son Benny and daughter Pat Johnson, who live in the Twin Cities. Joyce Aldrich, her sister, can't come from East Lansing, because her daughter-in-law is having an operation, so Joyce has to help with the children.

Then we'll have Tony Witheridge from Geneva, Illinois, and possibly Sharon and Ted Bridges from North Battleford, Saskatchewan. Of course, we'll have Tom, Virginia, and Rebecca, and Jim and his partner David Torborg. I haven't heard yet from James and Penny or Anne and Bill. In addition, there will be a half dozen friends from Minneapolis who are not Witheridge descendants.

We'll gather at the Minnesota Historical Society building at 345 Kellogg Blvd in St Paul at 11:00.

to give us a chance to get acquainted before the complimentary luncheon is served about 12:00. Then about 2:00 those who want to go through the society's wonderful museum may do so, after which we're hoping people will come to my house to talk further and have a bit of tea and cookies.

We can't invite everyone to dinner that night as our guests, but we are making a reservation at a Minneapolis restaurant for as many as would like to join us at their own expense. On Sunday noon we're planning a light lunch at my house for those who will still be in town.

I think I told you that Kim and Roy and I will be spending four days, June 3-6, on a trip up the North Shore of Lake Superior as far as Thunder Bay and won't be back until Thursday evening, June 6. So if you need to talk to someone during that period, please call either Tom or Virginia at (612) 322-4784, or Jim or David at (612) 825-7449.

So that's pretty much the whole story, and I think we'll all enjoy the weekend. Oh, if John decides he can come, please call me so we can change the luncheon reservation.

Love,
Dave

Dear Anne & Bill,

I tried calling you this evening, and I found you have an unlisted phone, so I'm writing you instead. I want to tell you about a Witheridge mini-reunion that's coming up, and I hope you may be able to come. It's a long story.

As you know Elizabeth and I made three trips to England starting in 1976, and we became very good friends with Kim and Roy Cook, who live in a suburb of London. Kim's mother's maiden name was Witheridge, and we got together because of our common interest in genealogy. We were their guests in England several times, and they visited us for a couple of weeks in 1990.

About eight years ago Kim started an organization called The Witheridge Society. I'm a member, but I haven't been able to attend any of their meetings, which are held once a year on the first Monday of May, which is a bank holiday in England. They publish a magazine quarterly, which I enjoy, and I've written a couple of small articles for it.

Some time ago I got the good news that they're coming again for a visit, this time the last two weeks in May and the first week in June. When Kim called about the trip, she said she was bring- me something she knew I'd like, but that it was a surprise. A little later she was talking to Tom on the phone, and she told him about the surprise, and he said, "Oh, I think you ought to tell him. I think he'd like to know in advance." So the next time Kim called, she told me.

She said the board of the Witheridge Society had voted unanimously to make me the Honorary Vice President of the society, and she is going to bring me a hand lettered certificate to present to me. This will be done at a special lunch in my honor on Saturday, June 8th, at the beautiful new building of the Minnesota Historical Society.

Kim was hoping to have a number of Witheridges present, as well as some others interested in genealogy, I told her there aren't many Witheridges near here, and this is a big country — everyone would have to come a long distance! But she got on the phone and called Kathy and Paul Witheridge in Sarnia — you know, across the river from Port Huron — and they agreed to come. Kathy isn't a Witheridge, of course, but she does the genealogy on her husband's family. She was born in England, so she has relatives there and has been to at least two of the Witheridge Society's annual meetings.

So I figured if Kathy and Paul can come from Sarnia, maybe my second cousin Joyce Aldrich and her husband Bruce could come from East Lansing. Her grandmother, Betsy Chivers, was a sister of my grandfather Witheridge. So I called her, and I'm not sure, but I think they are coming.

Then I figured if they can come, maybe John and Janice could come from Saginaw. So I called them, and sure enough, they're coming. John had a heart attack and by-pass surgery in January, so he can't drive yet, but Joy is coming and will drive.

Yesterday I called Jennifer and she liked the idea, and she's coming! I understand that Jamie and Penny are planning to take a trip to visit Louise and Jim in California in May, and I'm hoping they can plan it so they could stop off here on the way home. I tried to call them, but they were out, so I don't know.

So now you see why I hope you two can come. It's a long time since you've seen any of us, and you'd have a chance to meet some Witheridges you've never met before — even from England and Canada.

Give this some serious thought and give me a call, and we can talk a little more about it. If I'm not home, be sure to leave your telephone number on my answering machine!

All my love,

Uncle Dave

a response from his niece and
nephew, Anne and Bill.
No luck.]

Dear Anne + Bill,

I hope you got my letter about our Witheridge get-together on Saturday, June 8th, and I hope you have been thinking seriously about how you can manage to join us. It has been developing into quite a gathering, and I know you would both enjoy it.

As I told you in my letter, Kim and Roy Cook will be here from England, and Kathy and Paul Witheridge from Sarnia. Jennifer is coming from Royal Oak, and Janice and Jay will be driving from Saginaw. I don't think John will be coming, because of his heart attack and surgery. I don't know yet about Jamie and Penny, but I'm afraid they won't be able to go to California, so we may not see them.

Joyce Aldrich can't come from East Lansing, because her daughter-in-law will be having surgery, and Joyce has to help with the children. But Joyce has arranged for her sister, Jean Tomlinson, who lives in Arkansas, to represent their family. Jean has both a son and a daughter living in the Twin Cities, and she is going to be up here for the high school graduation of a granddaughter, so she will just stay on for the June 8th lunch. Also, probably both her son and her daughter and their spouses will be there, Then last week I got a phone call from Tony Witheridge in Geneva, Ill., whom I had never heard of; and to make a long story short, he's going to come. I asked him where he was born, and he said Australia! He's lived in the U.S.A. about five years. I know he's a distant cousin of ours, as I have his family in my records, and they go back to Combe Martin in Devon as ours do.

Also last week I got a letter from Sharon Brydges in North Battleford, Saskatchewan. She is a Witheridge descendant and a relative of Paul Witheridge of Sarnia. I called her on the phone and had a long talk, and she and her husband plan to come as part of their vacation.

It's so long since I've seen you two that I'd certainly love to have you here for this amazing family occasion, and I know you'd love meeting all these new Witheridges. I just got to thinking maybe you two could come with Janice and Jay. I'm sure they'd have room, even if John should also decide to come. You could stay either at my house or at Toni's. We don't have that all worked out yet.

Please call me collect, (612) 377-4810, so we can talk this over.

Love,

David

Dear David,

Thought I would write to let you know that I had a long talk with my sister Jean last evening. She will be calling you in a week or so, when she will be in Minnesota, to explain things and get some information about the dinner on June 8th. Jean, who lives in Arkansas, will also be in the St. Paul - Minneapolis area the first part of June - for a grand daughter's graduation - and she will be happy to represent our family at the dinner to honor you there. Bruce and I would love to be with you on this occasion, but find it almost impossible to arrange things. Several things have cropped up, surgery for a daughter-in-law being one of them. We need to take some of the child care burden during this difficult time for them - they have two children, Joey 5 and Andrea 3. I hope you understand and will look forward to hearing about all of this from you and from Jean.

Fond Regards,
Jo

2d call to Louise + Jim Mark, 6/23/96 (Jim's birthday)

Happy Birthday

How are you both? How's the weather?

Had a great Witheridge gathering

As you know, Jenni was here, but Jamie + Penny couldn't make it (Sorry they couldn't get to Calif.)

Good to get your letter, Louise. Jim read it - master of ceremonies - did a good job

James Penney Witheridge (b. 1946)

22 for lunch - mostly Witheridge descendants from Ontario, Minn., Mich., Arkansas, + Ill. (Australia)

DEW's sister-in-law, Janice Witheridge, and nephew, John Meredith Witheridge, Jr.

Perhaps best part was having Janice + Jay come, ending what seemed like a long alienation. John didn't want to come because of his heart attack + operation

Did I tell you about the man I found living in Mpls who was a Witheridge descendant?

Paul Wayne Freed (b. 1927)

Joyce Aldrich couldn't come but asked Jean Tomlinson from Arkansas to represent - also Jennie + Pat

Kim and Roy Cook

Kim told how I got the whole thing going by writing to her aunt

Also Kim told about plans for Witheridge reunion next May in Witheridge in Devon. Great interest and many already planning to go.

Kim + Roy left last Monday. Had a great time. Here three weeks. No Shore, Duluth, Canada, Symphony, Champion Skaters, Olympic Torch, Mall of America, three churches, Mormon Library, MHS Lib, fishing

Now I'm trying to recover + catch up on sleep. It's easier now, but I miss them

Friday - 23 August

Dear David,

You are kind to remember me. It is true that I had a hospital stay and lagged about before and after. The medication made me feel even "lousier" so my complaint was legitimate. However, we learned that Louise out here in Seattle was needing help, so we put all else aside, girt up our loin cloths and other garments and hied ourselves out here. It was a good thing to do. She is better now, but still quite weak and not eating properly.

It is so beautiful here; we gaze out over the "Sound" dozens of times a day — night is nice, too.

I am feeling badly that we did not take part in your entertaining of the English cousins. It was our great loss and such an inconvenience for you. I'm hoping that it was a happy time and I'd surely like to hear about it... We are enclosing a check to pay for the uneaten meals and if any is over, we know of a favorite charity — the DIW — that could use every penny... You are so good to invite us.

God bless you, Dave. Love, Eleanor

# Press Release

## Honor for East Isles family historian

Friends, neighbors and relatives from around the globe gathered on Saturday June 8th at the Minnesota History Center in St. Paul to honor Rev David E Witheridge, East Isles resident for forty-five years, on his appointment as Honorary Vice President of the Witheridge Society.

Formed in England in 1987, the Witheridge Society aims to encourage both the study of family history among Witheridge descendants, and the renewing and strengthening of family ties. David Witheridge, who has been studying his family history since the early 1960s, was the first non-UK resident to join the Society, and very generously made all his research material available to the Society. The Witheridge Society now has over 150 members spread throughout the UK, USA, Canada, Australia, New Zealand, and Sweden.

Over the years David Witheridge has maintained a growing correspondence with Witheridge descendants around the world, and many of these correspondents came for this special celebration.

At a luncheon in his honor, David was presented with a framed illuminated citation on vellum, which reads:

> "Presented by The Witheridge Society to Rev David E Witheridge of Minneapolis, on his appointment as Honorary Vice President, in recognition of many years of meticulous research, faithfully recorded and generously shared."

The citation is signed by the Society's founder and Life President Mrs. Kim Cook, and by the Society's Chairman Mr. Graham Browne. Kim Cook and her husband Roy traveled from the UK to visit with David Witheridge, and Kim made the presentation of the citation.

Other long distance visitors included Bruce Freed from Embro, Ontario; Tony Witheridge, an Australian currently residing in Geneva, Illinois; and Jean Tomlinson from Bella Vista, Arkansas.

Also in attendance were David's sons, Jim Witheridge with his partner David Torborg, and his mother, Margaret Torborg; and Tom Witheridge with his wife Virginia Selleck and daughter Rebecca. David's sister-in-law Janice Witheridge and nephew Jay came from Saginaw, Michigan, and his niece Jennifer Burke from Royal Oak, Michigan. Other Twin Cities Witheridge decendants at the lunchon were Paul Freed of Minneapolis, Patricia Johnson of Shoreview, and Dennis Tomlinson of Prior Lake. Liz and Bill Whitbeck, East Isles neighbors of the Witheridges for forty-five years, were at the luncheon, as were George Mellon, former president of the Minnesota Genealogical Society, and his wife Deloris, currently a member of it's board.

Note to Editors: For further information concerning this event, please contact David Witheridge at 377/4810

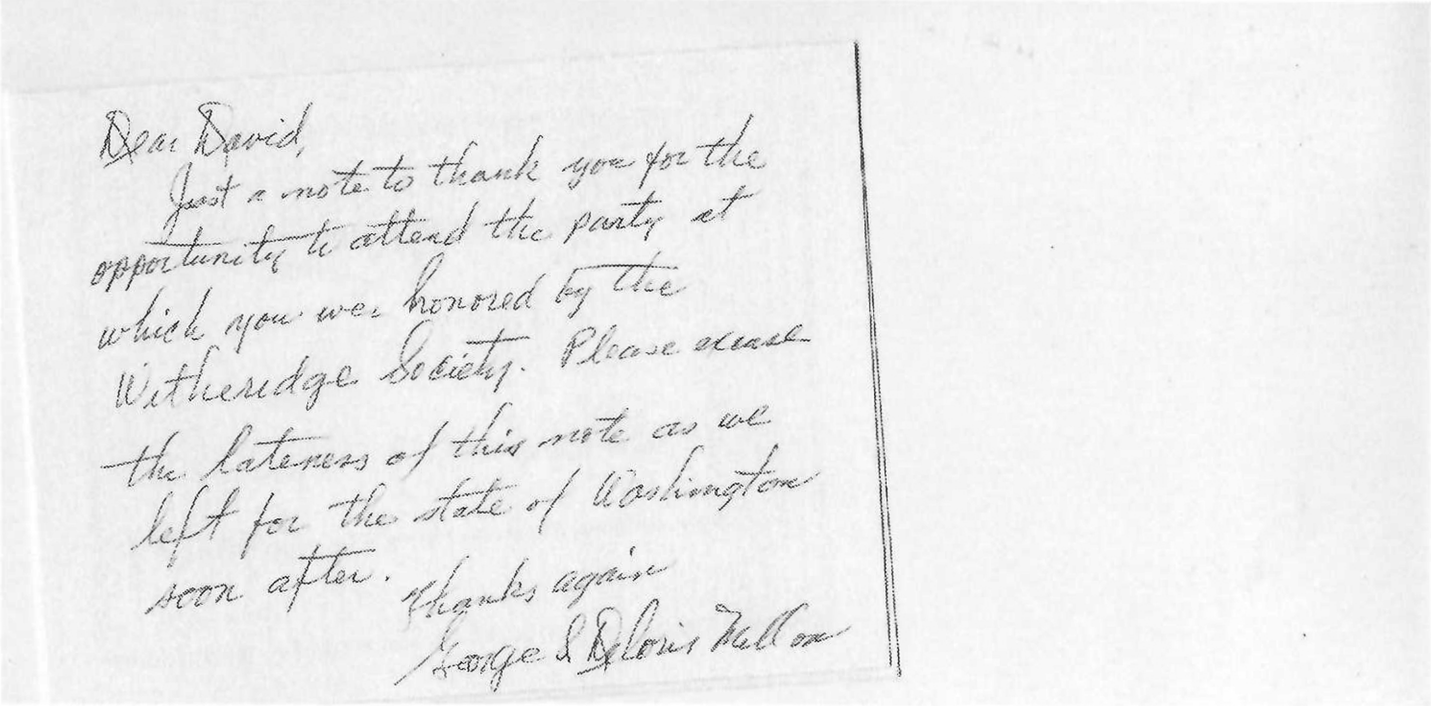
Thank You



Dear David,

Just a note to thank you for the opportunity to attend the party at which you were honored by the Witheridge Society. Please excuse the lateness of this note as we left for the state of Washington soon after.

Thanks again

Dear Graham:

I want to express my deep appreciation for the honor bestowed upon me in my appointment as Honorary Vice President of the Witheridge Society. Although I have been unable to attend the Annual General Meetings on Witheridge Day, my thoughts have been with you all, and I have watched with great satisfaction the progress of the Society since its beginning.

The visit to America this year by Kim and Roy Cook was a very special experience, climaxed by a luncheon at the Minnesota Historical Society building on June 8th, at which Kim presented me with a beautiful framed certificate naming me as Honorary Vice President.

The planning for this luncheon revealed an amazing interest in our common Witheridge heritage, and many in distant parts of the United States and Canada wanted to come, but couldn't. In the end we had twenty-two present, mostly Witheridge descendants from Minnesota, Ontario, Michigan, Arkansas, and Illinois (originally from Australia!), plus two very close neighbors and a former president of the Minnesota Genealogical Society and his wife, currently a member of its Board.

Kim's description of the possibilities of a world-wide gathering of Witheridge descendants in Devon next May, to celebrate the tenth anniversary of the Witheridge Society, brought an enthusiastic response, with many already planning to attend. I am personally looking forward to this event, and I hope to see many Witheridge descendants whom we met on our three trips to England and many more whom I have not yet had the privilege of meeting.

So I thank you and the other officers and members of the Witheridge Society for honoring me in this way and for setting in motion a new wave of interest in Witheridge family history and in the Witheridge Society.

Yours very sincerely,

David E. Witheridge

Dear David,

I was very pleased indeed to receive your letter and to know that you welcome your appointment as Honorary Vice President of our Society, and I am glad that Kim's presentation of your certificate, on our behalf, has given you pleasure.

You, of course, are a very valued member of the Witheridge Society, and you have given a great deal of time and effort in researching the Witheridge name for us, and we with Kim are very grateful for all the help you have given and all the information you have shared.

Naturally, my wife Joyce and I would have liked to have been present at the luncheon and presentation, but it was not possible I'm afraid. However, we are glad that all went well for you and the Witheridge descendants from such widespread areas of America.

We are still in the process of arranging the venue, events, and possible accommodation for members and guests for the tenth anniversary of the Society. The venue, will we hope be in Tiverton, Devon, about seven miles from the village of Witheridge - but of course full details of the gathering will be sent to all members as soon as possible. It goes without saying that we are all looking forward to meeting you and making your acquaintance.

The time between now and next May will pass very quickly I am sure, and we hope that the arrangements we are making for the meeting will not disappoint you. For the time being I will close by saying that we are delighted that you are now our Vice President.

Yours very sincerely,

Graham

Dear David.

Hope you do not mind me using your christian name, but I feel that we all know you so well. via Kim and her talking about you.

Thankyou for your booking form and draft for the hotel and coach trip.

Bookings are a little slow but gradually building. probably due to people trying to arrange their trip.

We all look forward to meeting you next May.

Asked if it would be possible for the coach to stop at George Witheridge's farm on the way to Combe Martin. He said the schedule was too tight now and wouldn't allow for any additional stops. (Gave him George's address.)

Asked what time the coach would probably arrive at Combe Martin, and he said it was scheduled to arrive about 12:00 and leave about 1:00.

Suggested they ask one of the authors of the Combe Martin book to speak to the group at Tiverton on Saturday and bring copies of the book for sale. (Gave him Michael Beaumont's address.)

see index entry for Michael Beaumont.

Said I wanted very much to visit the 300-yr.-old house at Witheridge farm in Somerset and thought others would like to see it, too. Suggested a visit be arranged for Monday afternoon at the end of the program. He plans to visit the house and talk to the occupants.

So far, there are 26 booked for the hotel. Most of those in England haven't booked yet, including Kim and Roy.

# WITHERIDGE SOCIETY 10TH ANNIVERSARY

Proposals have been made that we should hold a special weekend for our 10th Anniversary Witheridge Day. This weekend, including Witheridge Day, will be on Saturday 3rd, Sunday 4th and Monday 5th May, 1997.

It is intended that the Saturday be used to get to know one another and to display any family trees, information and photographs etc., and to hold the necessary Annual General Meeting. A small buffet will be arranged for lunch time. This will take place at the Tiverton Hotel, Tiverton, Devon.

On the Sunday it is intended to run a coach trip to North Devon to visit places connected with the families of Witheridge. This will be starting at Tiverton and then drive to WITHERIDGE, Simonsbath, COMBE MARTIN, BERRYNARBOR, Ilfracombe, Braunton, Barnstaple, NORTHAM, Bideford, BRADWORTHY, Holsworthy, Hatherleigh, Crediton and returning to Tiverton. This is expected to start at 9.0..am.,and finish at 6.0.pm. It is hoped to have a local guide to tell us about the areas we visit. Food taken during the coach trip will be the members own responsibility .
NOTE Places in capitals will be the main stopping areas.

**Cost of the coach trip will be £5.00 per person.**
**Cost of the guide will be £2.00 per person**. Both based on a total number travelling of 40.

The Tiverton Hotel has offered to take block bookings at a reduced price of **£38.00, inc., VAT, per person per night.** This is for bed, breakfast and á lá carte evening meal. Each room is en suite, and has a double and single bed, tea and coffee making facilities, television, and also includes a trouser press. **A £3.00 supplement is added for those occupying a single room.**

**A deposit of £10. 00 is required when booking.**

The hotel has suggested that cancellation insurance be taken out as any late cancellations may mean loss of the booking deposit.

In order to take advantage of the block booking it is necessary to book the hotel early. It is also necessary to book the coach and guide at an early date.

All members will need to arrange their own transport to Tiverton, the nearest railway station being Exeter.

The Society can supply information on how to get to the Tiverton Hotel.

There are a number of small bed and breakfast places in the area, but these have limited accommodation and they are scattered around the area.

These were the best foreign exchange rates available in the Twin Cities as of Wednesday, on amounts of $100 U.S. These include the sellers' service charges (Norwest charges no fee for Canada). Foreign currency is available at the main offices of First Bank and Norwest Bank in Minneapolis; the teleTICKET Airport Business Center at the Minneapolis-St. Paul International Airport, and the American Express office in downtown Minneapolis. Avoid changing money at overseas airports, hotels, restaurants or shops because the rates usually are poorer than in banks or currency exchanges. Wherever you change money, remember to factor in any commission the exchange office may charge. If you opt for travelers' checks, transactions will be quicker if you buy them them in foreign currency. In most destinations, it is simpler to use your bank cash card than to carry travelers' checks and cheaper than getting a cash advance against a credit card. Check with your bank ahead of time to locate overseas cash machines.

Witheridge reunion in Lansing, MI, 1999

documents

[Feb. 1, 1999]

Subj: **Witheridge E-Mail list**
Date: 2/1/99 6:47:56 PM Central Standard Time

Reply-to: kathpaul@ebtech.net
To: dwitheridg@aol.com

Hi David;

It was lovely to talk with you on the telephone tonight, and it just made my day to hear that you are now on the internet. As promised, here is a list of all our family who are on the internet:

[redacted]

Email addresses redacted

Annette Witheridge, New York, NY
Barb DiMambro, Toronto, Ontario
Brenda Dwyne, Hamilton, Ontario
Sharon Brydges, N. Battleford, Sask.
Tony Witheridge, Geneva, U.S.A
Velma Metcalfe, New Zealand
Joyce Aldrich, Lansing, Michigan
Joyce Stephens, Dorset, England
Kathy Witheridge, Sarnia, Ontario

These are the ones I know. Perhaps it might be an idea to start a mailing list, that way we can write one note and send copies to everyone on the list.

Regarding a reunion this year. I would love to have one in Minneapolis and so far have had some members who would be willing to make the trip. If we could all stay at the same hotel, it might be nice. I will try and make more contacts and maybe you can ask the members in your area if they would be interested. Joyce Aldrich did say that she would like to have one, but she will not be available until after June. I believe that she is retiring in June and has to wrap up her job.

Brenda Dwyne

Brenda Dwyne and myself have been talking about trying to get Richard and Maureen Witheridge to come out to Ontario this year. When we met them in 1997, they did say that they would like to come some time, and maybe this is the year to come. I will drop him a line and ask him.

I haven't talked with Tony Witheridge since Witheridge Day 1997, but he is always up to having a reunion.

Give it some thought David and see what you think. The only time that would be difficult for Paul and I is around the middle of July, when we usually go down to Toronto for a week. Then my sister and brother in law are coming over from Britain in September. That would not be a problem though, we could always bring them with us.

Drop me a note if you have any suggestions.

Lots of love,
Kathy

Hi David;

Thank you for your note! It was nice to talk with you on the telephone the other night. I always get a kick out of talking to you.

I must apologise David, I didn't expect you to do all the planning of the reunion, I just needed to know if you were up to attending! I thought that it would be easier for you if we had it in Minneapolos, as I realize that you don't like to travel too far anymore. Anyway David, to set the record straight, you will be a guest only. The one thing that I asked you was if there was a hotel that could accommodate us, but I will leave that in the good hands of Denny.

We got to meet Denny, once again, at the Redburn reunion last year. He is such a nice man and I had forgotten that he lives in your area too. I will drop a note to him and see how we should go about doing this. I didn't plan on it being too big David. I had basically thought about the members of the Society, and of course if anyone wishes to come they would be more than welcome. Anyway, don't you worry about a thing, just plan on being there.

I had a little bit of surgery done this morning but am feeling great! [redacted]

I wish Paul Freed was on the internet, it would be so convenient, but I don't think he is a computer man!

I have written most of the members who are on the internet and let them have your address, so you may be hearing from some of them. Its a nice way to keep in touch.

I don't know whether you spend much time on the internet or not. I am on the Devon Mailing List and this may be of interest to you the address is:

DEVON-L-request@rootsweb.com

All you have to do is enter the above in the TO space, add nothing else apart from SUBSCRIBE in the body of the note and make sure that your signature is turned off. You will receive a welcome letter back and they will advise you from there. Just thought that you might enjoy something like that.

Early effort to have a reunion in Minneapolis, MN (later abandoned)

Hi Witheridge Society members;

Some of you probably know that we are planning a "Witheridge Reunion" in Minneapolis, during the month of August.

Would everyone please write me with a date of preferance, from the following:

Saturday - August 7, 1999
Saturday - August 14, 1999
Saturday - August 21, 1999
Saturday - August 28, 1999

If we can get a date and work from there I think that this would be the best way to handle this. I have never organized such a beast before, so you will have to assist me.

Denny Tomlinson of Minneapolis has offered to assist in the booking of rooms etc. At the present time he is looking for a hotel which could accommodate us in August.

At this time, I need any input which you might have.

I have Velma Metcalf of N.Z. on this mailing list and realize that Velma will not be making a trip to the U.S. for the day, but being the N.Z. representative, I would like her to know about our plans. I think that the N.Z. group do have an annual picnic, which has been quite successful.

Hi Friends;

As you all know, Denny Tomlinson of Minneapolis has been looking for hotel accommodations in Minneapolis for our August Reunion.

The hotels that he has quotes from sound very nice, but for we Canadians they are very expensive.

Say a room is $100. per night US, it would be $150 in CDN funds. If we had the reunion in Canada, it would save the US folks a pile of money.

I would like to have your input on this as quickly as possible in order that we can book either way.

Hi David;

We will say that it will not be held on August 14th, in order that we can accommodate you.

If we did hold the event in Lansing, Michigan, would you be able to attend? I know that you do not like to travel quite so much these days. However, there would be Denny Tomlinson and also Paul Freed from your area, should they decide to come, maybe arrangements could be made for you to travel with them. It may well be a good idea to hold the event in Lansing, as there are a lot of families in that area, also, it is only a 90 minute drive for us. We could have Bill and Brenda Dwyne stay with us overnight then all travel to Lansing together. I will drop a note to Joyce Aldrich and see what she thinks. We went to the Redburn reunion in Lansing last year and had a wonderful time. Kathy Thomas obtained a list of hotels in the area and maybe I could take another look through that to see what would be convenient. If you do come David, and you do drive yourself, maybe after the event you could come and stay with us for a few days in Ontario, prior to returning to Minneapolis.

I had a note from Tony Witheridge, and he told me that he was willing to go anywhere we decided to hold the reunion, including Mexico, Canada or any part of the U.S., so he is easy to please.

I will close now and try to do some preparations. I will keep you advised as to the plans.

Kathy

Do you think that you might be able to provide me with a list of your relatives, in order that I can send invitations

Hi David;

The reason for trying to hold the event in Minneapolis was so that you could attend. It is less inconvenient and more expensive for most of us, but we did wish for you to be there.

I think if we do hold it anywhere other than Minneapolis it will be Lansing, as most of the crowd are in that area, and the accommodations are much more reasonable there. I will have to talk to Joyce on this one.

I think that I have a lot of the addresses which you gave to me last year. I will check them out and see what I have.

I have written to Paul Freed to see if he would be interested in travelling to the Lansing area, waiting to hear back from him. I think he would probably travel unless he has something else on at that time. His brother lives here in Ontario, about an hour from us.

I will talk to you later, I have to take Paul to the hospital right now, just a little bit of surgery, nothing serious.

Lansing will be the location

Hi;

I would just like to bring you all up to date on the plans for Witheridge Day '99.

It has now been determined that the event will be held in Lansing, Michigan, on Saturday, August 21st. We have not yet obtained information on accommodations.

Joyce Aldrich has very kindly offered to contact a couple of places for us, the Kellogg Hotel and Conference Center and also a Comfort Inn. Joyce knows of people who have had family reunions at the Comfort Inn and found it to be quite satisfactory.

This is the schedule I have come up with at this time, but I am open to suggestions and assistance:

We will meet around 10:00am and while everyone is being welcomed, coffee would be served.

11:00 - 12:30 - Maybe I would try and do a talk on the Witheridge families. It would be nice if we could get another speaker, would anyone be willing to volunteer?

12:30 - 2:00 - Lunch

2:00 - 4:30 - Look at Witheridge memorabelia and general chit chat! I would like to have a raffle to offset the cost of the conference room. It would be nice if anyone specializes in a craft, maybe donate an item for our raffle. We have done this on Witheridge Reunions in England and it has been a lot of fun. Generally, we want this to be a fun day, meeting friends and relatives you may not have seen in a long time, or might never have met.

I would like everyone to bring their books, family trees, pictures for display, along with any other memorabelia.

If you have any suggestions, please let me know about them.

Kind regards
Kathy Witheridge

Subj: **More on the Reunion**
Date: 3/17/99 12:13:12 PM Central Standard Time
From: DWitheridg
To: kathpaul@ebtech.net

Dear Kathy,

I think it was a good decision to hold the Witheridge Reunion in Lansing on Aug. 21, and I'm glad Joyce is going to help.

I have one suggestion. Those who come from quite a distance will probably want to arrive on Friday. So they will probably want to have Saturday breakfast, and maybe even Friday supper, together with any others who are there. Some of the local people may even want to join them. Similarly, those who stay over until Sunday might like to have Saturday supper and Sunday breakfast together.

Regarding the cost of the conference room, instead of a raffle, or perhaps in addition, those who come may be willing to pay a small registration fee of a few dollars to pay for the conference room and any other expenses like coffee breaks, postage, and phone calls.

I see that I did send you a complete list of names and addresses of Witheridge descendants as I had them on July 10, 1996. You included those names on an undated list you sent me some time after that. There are a few changes I want to note.

My son Tom and his wife Virginia have separated, and he now lives with me (and their daughter Rebecca half the time). So the address for Tom and Rebecca is the same as mine.

My nephew, Dr. James F. Mark III, now uses the address 34 Union St., Sackville, N.B. E4L 4M4.

In your list you inadvertently had John James at 400 Adelaide St., Kincardine, Ontario. But later you had it correctly as John and Marine Adams, 400 Adelaide St., P.O. Box 1598, Kincardine, Ontario N0G 2G0

The address for Mr. and Mrs. John James is now #17 - 5221 Oakmount Crescent, Burnaby, B.C. V5H 4R4. John and Pat do a lot of traveling, and they have been to England more than once, so they might well decide to go to Lansing in August. (The bigger it becomes, the more people at a distance are apt to make the effort to come.)

New Jersey Witheridges

Also, I want to mention again the three newly-found Witheridge descendants in New Jersey, whom I wrote about in my letter of Feb. 13, 1998: Jill Pierson, Janet Sauter, and Martha Gilmore. (If you don't have their addresses, let me know.) I think especially Jill Pierson and perhaps her sister and others of her familly might love to go to a Witheridge Reunion in August. Jill was even interested in going to England, but she is a college student and couldn't get away in May. Jill talked very seriously about joining the Witheridge Society, but I don't know whether she ever did. You should at least put her on your list of E-mail addresses: Chesnutmor@aol.com

Jill Pierson

Well, do much for now. Love and best wishes,

David

Dear Mr. Witheridge,

It was wonderful to hear from you. It is funny because I was just thinking about the Witheridge's and the family reunion. I have also had fun telling people how far my family legacy goes back. It has been a real pleasure for me.

My sister and I are seriously considering going this family reunion. It would be a real pleasure for us to meet extend members of the family. I am sorry to hear that you will not be going to the reunion. You have provided me with a wonderful family history and extended family.

I apologize for not writing sooner. I have gotten a little involved in college between papers and tests.

Thank you for the information. Please keep me posted about events.

Sincerely,

Jill

Hi David;

I received a reply from Jill, she seems very interested in joining us. Everyone is so disappointed that you will not be there. Wish we could do something to encourage you.

Keep well,

Tony Witheridge

Gladys Schmidt

Dear Kathy,

I have a good idea for another speaker at the reunion. Ask Tony to give a talk on "Witheridges in Australia." The group would be fascinated. His presentation could also be used later in "The Witheridge Times." If he doesn't write it out, it could be taped and later transcribed.

Secondly, I suddenly remembered another second cousin of mine (and Joyce's first cousin), Gladys Schmidt, who lives in Auburn, Michigan, just a little west of Bay City. I don't really know her, but I had a little correspondence with her about twenty years ago.

Joyce Aldrich

Before I tried writing or talking to Gladys, I decided to call Joyce to see if Gladys is still living and still at the same address. Joyce said that Gladys's husband died a few years ago, but that Gladys gets around a little, though her health isn't as good as it used to be. Then Joyce and I had a good long talk about many things, and she was able to give me Gladys's phone number.

So I called Gladys and told her about the reunion and asked if she and any of her children or other relatives could go. She said she has a son Paul, who lives in Tawas City. She thinks he and his wife might drive down on that Saturday morning and pick her up in Auburn on the way. She has a daughter, Rosalie Schmidt, who lives in the Detroit area, who might go over with her husband. (Interestingly, his name was also Schmidt!). And she has a niece, Diane Gibson, who lives in Hudsonville, near Grand Rapids, and she could easily go over to Lansing with her husband. So here a few more prospects! Here is Gladys's address, in case you don't already have it from Joyce:

Mrs. J. Elmer Schmidt (Maybe she just goes by Gladys now.)

Hi Folks;

The following is a note I today received from Joyce Aldrich of Lansing, Michigan, who is very kindly assisting me in organizing our Witheridge Reunion in August. You will note that we were unable to obtain accommodations for the week-end of August 21st, so have had to alter the date to Saturday, August 28th. Hope that this is o.k. for everyone.

I need to know by return, who will require a room and for how many days. Once we get an idea of how many rooms we require, we can book a block and then each individual can go ahead and book, a number will be given as soon as possible.

The event will be held in a church hall and it all sounds very nice. We can use the kitchen facilities, but we will probably order in most of the luncheon. This has not been finally determined as yet.

PLEASE let me hear from you by return, in order that we can get these things in motion. I will be sending out invitations in the next few days.

I trust you are all keeping well and looking forward to seeing you in Michigan on August 28th.

Apr. 12

Hi Kathy,

Well - the church IS available for August 28th. I talked to Nikki, who is the secretary there, and she said that we could use the kitchen - refrigerator space, stoves, etc. She could not tell me how much they charge as she is very new to the place and "has not found the files on that as yet" - but I am sure they will be reasonable.

I also called the Quality Inn and the Clubhouse Inn and they both have rooms available for the nights of Friday the 27th and Saturday the 28th.

Addresses and phones:

Clubhouse Inn, 2710 Lake Lansing Road, Lansing 48912 517/482-0500
Quality Inn, 3121 E. Grand River Ave., Lansing 48912 517/351-1440

HOWEVER - I just checked costs and the Clubhouse Inn is best - $63/nite for one person per room, $73 for two. This includes a full breakfast - a sit-down meal, set up as a buffet. I think the best thing for us to do would be for me to call them and reserve a block of rooms - our best guess as to number of rooms. They will give me a 4-digit number and when anyone
calls in for a room they should mention that number so as to assure them accommodations.

Things to do:

You estimate number of rooms and I'll question a few of my out-of-town family to see how many we will need, pad it slightly and just go with that number. As long as we cancel a month in advance we won't have a problem.
We should urge whomever needs a room to contact the motel asap and give a
cutoff to holding the block of rooms as of one month prior to the event - July 30th. You probably should advise anyone booking a room that if the have to cancel to call the motel well in advance of the date.

Does all of this make sense? I'll be sending you a map soon - if I don't have anything available in the office I'll get one.

Now - where are we? Give me specifics and I will follow through!
Regards, Jo

Dear Kathy:

I was glad to hear that plans for the reunion are moving along well. Of course, I won't be able to be there myself, but I know you will have a good turnout.

Joyce Browne

When I wrote to Joyce Browne a while ago, I mentioned that you were planning a Witheridge Reunion in Lansing, Michigan, on August 21. I suggested that any Witheridge Society members in England who were thinking of taking a trip to America some day, should come in August so they can meet a great many other "Witheridges." (I didn't say so, but I was thinking particularly of Richard and Maureen.) You may be writing to Joyce before May 3rd, and you can give her the change of date.

Richard Witheridge (Witheridge Society officer)

Were you ever able to get an address for Catherine Houtz? Perhaps we can find her address and phone number through the Internet. I see her husband's name is Kenneth E.

Hi David;

Just got a note back from Tony Witheridge, they are putting an offer in on a house in Texas tomorrow, so it is unlikely that they will attend. I felt for sure that Tony would be there. However, he still insists that he will attend if at all possible.

I spoke with Paul Freed last week, he will be attending for sure.

Joyce Aldrich has been in contact with the hotel and they have promised to give us a block booking but we do have to have an estimate of rooms required. We then have until 30 days prior to the event to do the booking. I think that we will have a good turn out as a lot of the families live in Michigan and it will be quite easy for them.

Will talk to you again soon.

Hi David;

I now have the invitations ready to mail! I wondered if you had an address for Jill? I don't even know her last name! I haven't heard from her in a while, so just dropped her a line!

I will be sending you an invitation even though I know that you will not be attending. I thought that it would be a nice jesture on my part to keep you involved.

I heard from Tony Witheridge that he may not attend as he is moving to Texas around the middle of August. I was going to ask, as you suggested, that he do one of the talks. I have today dropped a note to Annette to ask if she would do one of the talks.

Joyce Aldrich →

I do so hope that we have a reasonable turnout at this reunion, as it is a lot of work and a lot of expense if not many show! Joyce Aldrich has helped me an awful lot and done all the leg work on looking for accommodations etc., She is a very dear lady whom I met for the first time last August, but have become great friends. I love all the Lansing families.

Jill Pierson →
of New Jersey

Can you tell me where Jill fits into the family? I am busily working away at updating my books and trying to get one done on the Combe Martin family, to take along with me.

Hope that you are keeping well. My thoughts will be in England tomorrow for "Witheridge Day". Always have a few tears when I am unable to attend.

Best wishes

Dear Kathy,

Glad to get your note with the information that the invitations are ready to go out. I"m looking forward to getting a copy. Jill's address is:

Miss Jill A.. Pierson ← Jill Pierson (b. 1977)
[redacted]
Lindhurst, NJ 07071

She is not directly related to me or you or Kim, but her ancestors go back to South Milton, Devon, around 1700. If you will look in the Winter 1997 issue of the Witheridge Times, you will see an article by Joyce Browne about that family. At the back are four sheets of the South Milton and Thurleston Family Tree. On Sheet 4 you will see William Witheridge married to Mary Hannaford. Jill is descended from their son Andrew Hannaford Witheridge, as are also Janet Sauter and Martha Gilmore, not through their son, Andrew Hannaford Witheridge, b. 1864, but through other children of that family not shown on Joyce's chart.

I'm going to E-mail you separately a copy of the letter I wrote to you on Feb. 13, 1998, which tells how I found their ancestry. It also gives the addresses of Janet and Martha, so you can send them invitations to the reunion. You probably have this letter somewhere in your files.

Dear Kathy and Paul,

I want to follow up on the phone call we had the other day. It sounds as though you will be having a good Witheridge reunion in August, and I hope you get some good assistance from Kathy Thomas and Steve Kames. I'm sorry I can't plan to be there, but I have a big gathering of my mother's German relatives to manage this summer, and that's all I can handle.

I hope John and Janice and Jay will get there from Saginaw, and perhaps their daughter Mary Kay from Waterford. Then there are my niece and nephew in Bay City, Virginia Anne Sorensen and Bill Witheridge, children of my brother William, as well as Jennifer Burke in Royal Oak, my sister Louise's daughter. I think I gave you all their addresses last year. Let me know if you don't have them.

Now a little more about the New Jersey Witheridges. For a long time I thought they were related to Keith Witheridge, who came from Pennsylvania, but whose father was originally from New Jersey. I wrote to all whose addresses I had, but I couldn't get any answers back. So I telephoned a few and gradually pieced some of them together. Then I ordered the New Jersey and Pennsylvania census records from the Mormon library, and I found that Keith's family and the others were not related, at least not in this country. I was able to trace the New Jersey family back to Andrew Witheridge, the first one in America.

So I wrote to Kim to see if she had the record of an Andrew Witheridge who was born about 1845. She sent back the information about Andrew Hannaford Witheridge, and it all began to fit together. She had the records back to South Milton near Plymouth about 1700. I had also written to John Witheridge, and he sent essentially the same information, but it didn't match exactly with what Kim had sent. I got busy at many other things and just let it sit.

Then the Winter 1997 issue of "The Witheridge Times" arrived with Joyce Browne's article about the South Milton family, and I got interested again. A year earlier I had talked on the phone and written to two sisters in New Jersey, Janet Sauter and Marthe Gilmore, and told them I had their ancestry back to Andrew Witheridge, the first of their line in this country. I said I was sure we'd be able to connect them up in England. So I called them both and told them we now know their ancestry back to 1700 in South Milton, and they were thrilled.

Actually, I had tried to get them to go to Devon in May of 1997, and they would love to have gone, but couldn't work it out. Even though the Witheridge Society isn't meeting in Devon this year, I urged them again to go and meet some of their relatives and then go down to Devon to visit the towns they came from. They'd really like to go, but the big problem is that Martha has a bed and breakfast place on the Atlantic shore that she has to open up, and she doesn't have anyone she can trust to do that. I tell her she should train someone, because some day she may have illness or an accident and will need a substitute. Well, we'll see.

Then, as I told you, I was over at Jim's apartment in December, and he found on the internet a list of six "Witheridges," one of whom was Jill Pierson in New Jersey, who listed genealogy as her hobby and Witheridge as one of the lines she was searching. So we sent her an E-mail and asked how she tied into the Witheridge family. She replied that her great-grandmother was Ethel Witheridge, who was the daughter of Frank and who married Alfred Crowell Pierson. I immediately found Ethel in my New Jersey records, so was able to tell her I knew her ancestors back to 1700 in South Milton.

Finally about the middle of January I was able to complete the compilation and correction of all my family group sheets for the family in New Jersey and all the was back to John Witheridge in South Milton. So I sent copies to Janet Sauter, Martha Gilmore, and Jill Pierson. Jill was thrilled, of course, and sent me her records of the descendants of Ethel and Alfred Pierson. I told her about the Witheridge Society, and now she wants to know how she can join. Isn't that quite a story? She is just twenty years old and a college student; otherwise I'm sure she'd like to go to England herself in May.

I've told Jill about Janet and Martha, and I've told them about her. (They are second cousins of her grandfather.) She says she is going to try to get in touch with them. They're all in the same general part of New Jersey. I know you'll want them on your mailing list, so here are their addresses:

Mrs. Janet Sauter
[redacted]
Fairfield, NJ 07004
[redacted]

Mrs. Thomas Gilmore
[redacted]
Union, NJ 07083
[redacted]

Miss Jill A. Pierson
[redacted]
Lyndhurst, NJ 07071

Well, that's all for now, and the best of everything to both of you.

Hi David;

I have now been able to put all the Witheridge families from South Milton into a database!

Could you please bring me up to date on the information from Andrew Witheridge who came to the US. I have up to Andrew Hannaford Witheridge born in the March qtr of 1864 at Kingsbridge, Devon. What do you have after this date?

Andrew Hannaford Witheridge born 1864 was the son of Andrew Hannaford Witheridge, born in the December qtr of 1842. The 1851 census for Kingsbridge showed:

Fore Street, Kingsbridge:

| | | | | |
|---|---|---|---|---|
| WITHERIDGE, William | head | 36 | Gardener | South Milton |
| WITHERIDGE, Mary | wife | 35 | | Goveton |
| WITHERIDGE, Andrew | son | 8 | Scholar | Kingsbridge |
| WITHERIDGE, William | son | 6 | Scholar | Kingsbridge |
| WITHERIDGE, Elizabeth | daur | 4 | | Kingsbridge |
| WITHERIDGE, Charles | son | 2 | | Kingsbridge |

I have the 1851 Census of Devon on CD, should you ever need any look-ups.

I would really appreciate a copy of the information you hold from when the family arrived in the US.

I mailed out the invite yesterday, so you should be getting your copy next week.

Did I tell you that I had a note from Annette who has offered to do a talk at the Reunion on her life as a journalist! Too bad I didn't receive her note prior to having the invitations printed.

Talk to you soon,
Love,
Kathy

The response for our reunion is slow. I think that Joyce has 9 for sures and I have about the same. We split the list into two and Joyce took all her family I took the remainder.

DEW's niece

We did have a response from Jennifer Burke and she will be quite delighted to attend.

She meant "Goins"

I invited Dorothy and Ronald Groins, but the letter was returned this week. I tried to find her in the Witheridge Times, but failed. Would you have a current address for her?

Did I tell you that Tony Witheridge and his wife may not be able to attend as they are moving to Texas? I was kinda looking forward to meeting with Tony once again. He did say that he would attend if at all possible and I believe he will.

Love,
Kathy

P.S. I sent an invitation to Richard and Maureen Witheridge in Bath, but they will not be able to attend as their daughter Susan is to be married at the end of the summer.

Hi Kathy,

Glad to hear from you about the reunion. You remember I said response would be slow. I'm delighted to know that Jenni said she would be going. I was talking to my brother John in Saginaw on May 17 (it was his birthday), and I asked if they would be able to go to the reunion. He said he didn't see any reason why not, so I think you can count on him and Janice and their son Jay. He probably doesn't see any reason to respond yet, since they won't be staying overnight.

I just checked the return address on Carol Goin's Christmas card, and it's probably the same as you have: 2760 Dos Lomas, Fallbrook, CA 92028.

Sorry about Tony moving, but maybe they'll figure out a way to come, anyway.

Too bad about Richard and Maureen, but I guess family matters come first.

Hi David;

Thank you so much for your note. This makes perfect sense to me and I don't know why I didn't think of it before.

I am really looking forward to meeting with your brother and his family.

Recently I have been doing a Review on a genealogy program 'Legacy' and have discovered that it is the program for me to use. I did the review and told the company that I would be prepared to demonstrate their program at two meetings, one, our Computer Users Group in Sarnia and two, our Family Reunion, and could they possibly donate a couple of copies of the program to use as door prizes. They wrote back and said 'No Problem', just give us your address. So, pretty soon, we will have our first door prize for the reunion. Steve Karnes has offered to bring along his computer and a printer. I don't intend for everyone to see this, only interested parties in the 'free time period'. I am sure that anyone who doesn't have a genealogy program at the present time, will love it! It does enable you to do a Slide Show, with pictures and sound, so I thought that I would do a Show on the Combe Martin family. Do you have any old pictures that I could use? I will ask Joyce the same question, and maybe I can do a good Show!

Talk to you later.

Just wanted to let you all know that I have obtained the first 'door prize' for our Reunion.

I have just finished doing a 'Review' on a piece of genealogy software called 'Legacy'. After finishing the review, I was extremely happy with the software and wrote 'Millennium Corporation' to ask if they might donate a copy for our Reunion.

Received it on Saturday! I will be doing a demo for those interested in the program in our 'free time', and the software will be included in the raffle. Hopefully, we will get more response for items to raffle in order to raise money to help pay for the hall.

Hi David;

I trust that you are keeping well and out of trouble!

I have been spending a bit of time on the new LDS site and found a name of someone researching the Witheridge name in Combe Martin. Just wondered if you knew who it might be:

Barbara Joan Worthen George

Barbara Joan Worthen George
[redacted]
Irvine, CA 92604

Her name was against William Witheridge and Rebecca Ley.

Chivers family

Found a new cousin for all the CHIVERS family this week. Just happened to be looking on the Internet for information on Midsomer Norton, Somerset, and came across someone by the name of Russell Chivers of the northern part of West Virginia, researching the name Chivers in Midsomer Norton. I have passed him along to Joyce Aldrich and she is going to contact him. I have given him some of the information I had on the family and he is going to send me his.

I am trying desperately to do up a book of the Combe Martin family to show at our Reunion. It is coming along very nicely, but I do wish I had pictures to make it a little more interesting.

I have done a 20 page booklet regarding my talk 'Crossing the Atlantic in the 1800s' and it is all ready to have copied to give as a handout. Just not sure at present how many to get done.

Did I tell you that we have been given the software package "Legacy" to give as a door prize at the reunion. I reviewed the software a couple of months ago and really like it. I asked if they would donate a copy to our cause and they said 'No Problem'. If we can obtain a few door prizes and have a raffle, we should be able to make enough money to pay for the room. If not, we should not have too much per person to pay.

I must give Paul Freed a call again, I haven't spoken to him in a little while, but he is coming to the reunion for sure. Hopefully, his brother and sister-in-law will be there too.

We have booked our accommodation now, so we are all set. My only hope is that we have a decent turn out. Did you hear that there was only 9 attendees at Witheridge Day in May? It is getting quite sad, and hardly worth the effort. I know that some of the years Paul and I have attended and there has only been 14 and 23. I sure hope that they will have a good attendance next year for another 3 day event. It is a lot of work for Richard if not many attend. Paul and I will not be able to attend next year, as once again, we will not be visiting Britain. My sister and brother-in-law will be coming here again and we are driving out to the west coast. It is something that my sister has always wanted to do.

Hi Kathy,

Just read your letter, and decided to answer briefly right away. No, I do not know who Barbara Joan Worthen George is, but if she is a descendant of William Witheridge and Rebecca Ley, she is definitely one of my relatives. I'll get in touch with her when I have time.

I found three pictures for your presentation on the Combe Martin family, and I've had copies made for you. As soon as I get them labeled, I'll send them off to you.

Just before I read your E-mail, I tried to call Paul Freed, but his line was busy. So I was delighted to get your information that he is coming to the reunion. So I tried him again, and this time I got him, so we talked awhile about the reunion and family matters.

I still think you will have from 30 to 50 at the reunion. You should have a great time, and I wish I could be there, but I'll be 85 in August, and too much can go wrong on a trip. My health is reasonably good, and I work hard to keep it that way. [redacted]

Love, David

This was overly optimistic. See Aug. 30, 1999 email below (#4 that day); also see DEW's March tally on the next page, which explains his optimism.

That was also nice of you to call Paul, it will save me a telephone call, as I only wanted to confirm that he would be at the reunion and that he had remembered to book a room. I was also going to ask if his brother and sister-in-law would be there. Bruce and Anne live about a 90 minute drive from us, in Embro, Ontario, and we have been to their place a couple of years ago. Paul told me that when he comes to the reunion it would be a good opportunity to see his brother, so I am hoping that they will attend.

I do hope that we have a reasonable turnout! After hearing about Witheridge Day in England this year, it kind of troubled me a little! I do so wish that you were able to travel David, we are all going to miss you. Maybe we should have had it in Minneapolis for your sake!
Do you ever talk to Denny Tomlinson? He lives in Minneapolis I believe. I am hoping that they will make the trip, but haven't heard anything for sure yet. We did meet them in Lansing last year at the Redburn reunion.

Did you take a look at the site on the internet, where I have posted the reunion? ← "Rootsweb"

The Witheridge Society are hoping to have a web site in the not too distant future, Paul and I will be helping out with the set-up. We just have to get ourselves organized, maybe after the reunion.

Love,
Kathy

Dear Kathy,

Here are the pictures. I hope they work out for what you have in mind. I'm glad we have at least one that goes back to Wales. Perhaps the one of Betsy Chivers was also in Wales, but I don't know. Probably Jo Aldrich also has this and several others of the Chivers family from that period.

This is either Elizabeth (Betsy) Witheridge (b. 1858) or Elizabeth Mary Chivers (b. 1893), mother of Joyce Aldrich (b. 1932)

I'm enclosing my article about my grandparents and their family, so you can understand the pictures and possibly tell more about these people. Joyce Browne is going to use this article in an upcoming issue of "The Witheridge Times" so I wouldn't want you to copy it for distribution to the whole group, or you would steal her thunder. Later I'd be glad to copy and send it to any who want it and are not members of the Witheridge Society.

Joyce Browne

Paul Freed was a little uncertain about going to the reunion when I first called him, but at the end he sounded as though he would definitely be going. He wasn't sure about Bruce, but I think he will try to convince Bruce to go, so they can get together.

Paul Wayne Freed (b. 1927)

Robert Bruce Freed

The last time I talked to Denny Tomlinson he sounded as though he would definitely be going and also his mother from Arkansas. His sister, Pat Johnson, who lives in a suburb of St. Paul, might also be going.

See Jean Tomlinson (b. 1920)

I just checked out the notice of the reunion on the web site, and I see they have it under August 2-7. Maybe you can correct that. It's great to have it listed, and maybe somebody new will see it.

See the July 5 email on the next page

Hi David;

Just wanted to let you know that I had an e-mail from Bruce Freed today, stating that he and his wife Anne will be attending the Reunion. You probably know that Bruce is the brother of Paul, but Bruce lives here in Ontario.

Just talked to my sister in Britain, as I had booked their tickets to come here on September 30th. I am so excited, it is always good to see one another. We have always been extremely close.

Hope you are keeping well in this hot sticky weather!

You have all probably taken a look at the Reunion Calendar at:

Yes, I made an error, I have put the date as August 27th. No, it has not been changed, it is still on the 28th. I guess I have too much on my mind at the moment and cannot think straight. I made an amendment today and hopefully it will be changed.

I only hope that no one shows up on the Friday!

Hi David;

I received the package today and would like to thank you. The pictures are just what I needed. I promise you that I will not use your story to insert in my information. I did find an article done by Kim in 1988 which gave a few hints on the Combe Martin line.

Do you know where the JAMES family fits in?

The 1881 census shows the following:

13 Bedlwyn Street, Aberdare, Glamorgan

| | | | | |
|---|---|---|---|---|
| WITHERIDGE, John | head | 54 | Coal Miner | born Combe Martin |
| WITHERIDGE, Clara | wife | 57 | | born Combe Martin |
| WITHERIDGE, Edward | son | 18 | Coal Miner | born Combe Martin |
| WITHERIDGE, Susan | dau | 14 | | born Combe Martin |
| JAMES, Emily | g/dau | 1 | | born Aberdare, Glam |

| | | | | |
|---|---|---|---|---|
| CHIVERS, Alfred | lodger | 22 | Colliery Lab | born Midsomer Norton |
| CHIVERS, Elizabeth | wife | 22 | | born Combe Martin |

I know that Elizabeth was the oldest daughter of John and Clara, and Susan was too young to have a child, that leaves Maria whom I could not find anywhere in the 1881 census. Do you think that she might have died in childbirth? I don't know who else Emily James could belong to!

I thank you for pointing out the error I made in the date for our Reunion! I just have too much on my mind at the moment. I think that I am going senile! I have made an amendment to the calendar and hopefully it will be changed.

Thanks again David for all your help.
Love,
Kathy

Hi Kathy,

No, I don't know who Emily James is. I never saw that 1881 census record before, though I did know they lived at 13 Bedlwyn Row. That's what George Chivers told me when I first started on genealogy after my father died. I looked up all my records, and I don't see any James, except, of course, for John James' family; but his ancestor married an Ann Witheridge, who was born in Porthleven, Cornwall. They were married in 1884.

John and Clara's daughter Maria was born May 23, 1861, in Combe Martin and died Nov. 20, 1861, in Combe Martin, so she wasn't the mother. If you want to know who Emily James is, you'll have to find the birth record at the General Record Office. I guess.

Hi David;

I have been trying to sort out John James' family just this week. I am trying to obtain as much information as possible on all the Combe Martin lines.

Would you believe that I have lost the information you gave me! I knew that you were having it published in the Witheridge Times, so guessed I would put it somewhere safe until after it had been published. Believe me it is in a very SAFE place! I have searched this house and cannot find it. Very pleased that it was not the photographs I lost! They are fabulous!

Hi to all Witheridge family members!

This week Joyce Aldrich gave me a lot of new e-mail addresses of her family, so I now have you all in my distribution list!

I would like to say that all of you who will be attending the Witheridge Reunion on August 28th, 1999, in Lansing, Michigan, I cannot wait to meet you all. This is all very exciting to me, being the north American representative of the Witheridge Society. I know that a lot of you did not even know that you had a Witheridge connection, but believe me, you do!

I have spent the last few months researching the Witheridge family of Combe Martin, Devon, where most of you originate! There are a few of us that originate from other parts of Devon, ie, Bradworthy, Ermington, and even some from Cornwall.

I am now quite anxious to get a count on all who will be attending. If by chance you have not let either Joyce or myself know, would you mind doing so. I am doing a talk on 'Crossing the Atlantic in the 1800s' and am hoping to provide a hand-out on that subject. It is a 20 page booklet and I am in the process of doing copies and binding, so I really need to have an idea on how many copies I need.

I have also done up books on various lines of the Witheridge families and will have these on show at the Reunion.

Please, if you are in the possession of any old pictures, bring them along.

Already, we have quite a few door prizes but need more. If you are talented in any craft, we ask if you could donate a small item for our raffle, or any other item which you feel is appropriate, it would be much appreciated. A raffle will be held, at a small charge, in order to help pay for the room.

We also need to count heads for luncheon purposes. If you live in close proximity to Lansing, a donation of a salad or desert would also be much appreciated. The more donations we get, the cheaper the luncheon will be.

For those staying overnight, I hope that you have booked your room, as the expiry date runs out on July 25th.

It goes without saying that I cannot wait to see you all. I have already had the opportunity of meeting some of you, but there are many that I do not know. Some of you I got to meet at Witheridge Day '97 in Tiverton, Devon. Let's outdo the Brits and have an excellent attendance!

Kind regards

Dear Kathy,

John James's (q.v.) two Witheridge grandmothers

I'll mail you another copy of my article about my grandparents. I thought I would send it as an E-mail attachment, but the instructions sounded too complicated. They said Microsoft Word wouldn't release a document for attachment, and that's where it is. So it will take a little longer by snail mail.

When I said John James' ancestor married Ann Witheridge, I forgot that he also has Witheridge in his mother's line. His paternal grandmother was Ann Witheridge, and his maternal grandmother was Martha Witheridge. Ann and Martha were sisters. They were daughters of Robert Witheridge and Elizabeth A. Kitchen. You will see this on one of the large charts Kim drew up when she was here in 1996--the chart headed by Francis Witheridge and Ann Eastaway. I'm sure I sent these to you. I don't have time to send you all details on this now, but I will later, if you want me to. Let me know.

Email technology didn't spring fully formed from Bill Gates's brain!

Hi David;

Please don't bother to send it again, it will turn up someday! Anyway if it is going to be inserted in the Witheridge Times. The way I do an attachment is convert it to ASCI text, take out all the bells and whistles into just a plain text.

I have got most of the information on John James, looked up some old Witheridge Times and found some information.

We are off to Toronto tomorrow for a few days. Will be attending COMDEX on Wednesday (this is a huge computer show). I can only manage one day then I will be off to do some research at the Archives. Going to a Blue Jays game next Saturday and home Sunday. Should be fun!

I just heard yesterday that my two first cousins and their wives are coming to Ontario on July 22nd and will be spending a couple of days with us. Will have to get the house cleaned!

Talk to you later,
love
Kathy

We were down in Toronto for a week, so I am a little behind with my mail. When we arrived home, there was a nice e-mail note from Joan Shaw, I believe your cousin! Unfortunately, as they were in Lansing last month, they will not be at our Reunion.

Joan Lorraine Witheridge Shaw (b. 1939), DEW's cousin

Well, we are now down to the last month, and still haven't had too many responses! We will have to get a headcount soon in order to reserve lunch.

Will talk at ya soon,

Hi David; Tony Witheridge

Just had a note from Tony Witheridge, hadn't heard from him in a while. The last time I heard from him he advised that he would not be at the Reunion as he was moving to Texas. Yes, he is still moving but he has not sold his house in Geneva yet, so will be back for a week in August, and it just happens to be the week of the Reunion, so yes, he will be attending. It will be great to see him again.

Heard from Annette Witheridge, she has now made all her plans to attend. Only a month left and I am starting to sweat a little, although I think that I am almost ready. Just have to get a few books bound!

Had a letter from Joyce Browne last week, she informed me that Kim is moving!

Hi Gang;

Well only just over two weeks to the 'big day' and looking forward to seeing as many of you as possible.

I think that I told most of you that I had been given a genealogy software package called 'Legacy' as a door prize. I had done a review on the software some time ago and have been using it myself. I have told all and sundry about Legacy and was hoping to do a brief demonstration at the Reunion. However, I am now unable to get a computer at the event and it would be too much hassle at the border to take mine. I have printed off what Legacy is capable of doing and put it together in an information folder which you can all take a look at. I feel that I must push Legacy a little due to their kind donation. What do you all think?

Yesterday, I had my little booklets on 'Crossing the Atlantic in the 1800s' bound and they came out really nice. I am sure that you will all be thrilled with them. I have other hand-outs ready, but these are a secret at the present time, you will have to attend to find out about this!

Looking forward to seeing you on the 28th!

Kind regards

Hi David;

Kathy's disappointment

Just needed a shoulder to cry on today! It would appear that there will only be a couple of dozen people at the reunion. I really thought that we might get a better turn out than that. I guess that all the younger folks in the Lansing area are unfamiliar with the Witheridge name, because they stem from the Redburns and prior to that the Chivers and then back to Witheridge, so they are probably too young to know about their family history.

I have put a lot of hard work into this and now feel that I have not done a good enough job in promoting the event. I really don't know what else I could have done though.

I think I told you that I have done a 20 page booklet on 'Crossing the Atlantic in the 1800s', as a hand-out. I had them bound the other day and they look really nice. I have also done several books on different Witheridge lines to hand out to various people. I have done three for the Bradworthy line, one for the Ermington line and two for the Combe Martin line, but I guess some of the people whom I have done them for are not now attending. I was going to do a 'This is Your Life' presentation and have done five books to present to different people. I have also done two books on the Combe Martin line, one for show and one for a door prize. I also begged a copy of the genealogy software program 'Legacy' from its manufacturers to give as a door prize, along with other goodies. I would think that the people who will not be there are missing a treat!

I did hear that Tony Witheridge will now be there, he has moved to Texas, but has not yet sold his house in Geneva, so will be in town for the week of the reunion. I also heard that Annette Witheridge will not be attending as she has been called back to England and it is very doubtful that she will be back in time.

Well David, now I have cried a little I feel a little better. Hope you don't mind me crying on your shoulder, I know that you will understand. One of the problems is, we are having to pay $75 US for the room, so it becomes a little costly for such a low number of people.

Hope you are keeping well.

Love,
Kathy

P.S. David, would you mind giving Paul Freed a call for me. I haven't talked to him in quite a while but understand that he will still be attending, as his brother Bruce and sister-in-law Anne will be there and I know that he wishes to see them. I appreciate you doing that on my behalf. Just tell him that I am looking forward to seeing him again.

Greetings to all at the Witheridge Reunion! I know you are having a wonderful time meeting new people and seeing others you haven't seen for a long time. I would love to be there, but at my age (85) I prefer not to travel for many reasons. But I have wonderful memories, including times when I was with many of you. One of my outstanding memories is of the Tenth Anniversary Celebration of the Witheridge Society a couple of years ago in Devon, our ancestral home. Now I hope many of you are looking forward to attending the Millennium Celebration of the Witheridge Society next year in Devon. My love and best wishes to all of you!

I would like to thank all the families who attended our 'Witheridge Reunion' last week-end in Lansing, Michigan.

What a great time we had! I must admit I was a little dubious prior to the event, wondering if I could entertain everyone and keep them from getting bored. Well, I think we did it! There was much excitement in the room, 2nd cousins meeting 2nd cousins for the very first time, especially the Bradworthy families. We were outnumbered by the Combe Martin family, but they were all very kind to us 'outsiders'!

The luncheon was outstanding and I wish to thank all those people who made contributions! I also wish to thank you for contributions for our 'raffle' to raise money for the room. Donations for the room were tremendous and we had no problem paying for it!

There were not as many people as we anticipated, but we had a wonderful group and it was great to see their happy faces upon leaving! All in all I felt it was a huge success and I look forward to our next meeting!

Best wishes to all,
Kathy

A few of you have asked for information on my genealogy classes. You can find the web site at:

http:www.ebtech.net

Click on 'Class Infomation' then on 'Genealogy' and you will find pages of interesting genealogy sites.

Have fun!

Hi Gang;

For those of you who attended the Witheridge Reunion last week-end, you may remember John Witheridge speaking about his 'uncle Bob Henry' of British Columbia, Canada, who was the family historian.

I wish to share with you a letter I received from 'uncle Bob' in 1992, after John had provided me with his address.

It read:

Robert J. Henry
106-71 Gorge Street West
Victoria, BC
V9A 1L9
(letter undated but it was in 1992)

Dear Kathy;

Many thanks for your letter. My grandparents, the Witheridge are the ones I knew the least.

My grandfather, Edgar J. Witheridge, born 1871 in Greenbank, Ontario and died 1963 in Bowmanville, buried in Bowmanville cemetery. Married Emily Mercer, born 1872 in Orono, Ontario, and died 1970 in Bowmanville. They were married for 62 years.

Edgar had 13 brothers and sisters. Long before I was born there was a dispute over a farm on the Base Line, south of Bowmanville. There was a lot of bad blood and the family broke up, some never speaking again.

My mother was Gladys (Witheridge) Henry, born 1903 Baseline and died 1970 in Windsor, Ontario, buried in a plot in Bowmanville cemetery.

My uncle is John's father, C.H. Witheridge of Kingston. John, his son, probably gave the details about him.

Edgar worked building the Grand Trunk Railway in 1880, and got 25 cents an hour and extra money for the use of a team of horses. He worked a great many years in lumber yards and a foundtry in Bowmanville. He lived on Church Street, Carlise line and Sugog Street in Bowmanville. He had wonderful health, never sick except for the common cold. His favourite sport was horseshoe pitching.

Most of his brothers and sisters moved to North Dakota and Saskatchewan as homesteaders. My mother used to correspond with Maud Ayre who had great success in farming - She lived the longest, died at 99 years of age in a home in Saskatoon.

In the 50s, I used to visit another sister, Ida Oke in Marysville, Washington, near Everett, Washington. Her husband had passed away

and she raised two daughters who I have lost touch.
Also, I went to Tacoma, Washington, and visited the son of George Witheridge, I can't remember his name.

I visited another sister, Margerite, who married Carl Tomblen of Coeur D'Alene, Idaho. He was a State Senator for Idaho. Also, my mother visited a sister in Sarles and Devils Lake, North Dakota.

Most of the pictures I have are stuck in albums, please find a picture of my grandparents.

Many thanks,
R. J. Henry

This letter provided a wealth of information to me and I was then able to contact many families. The first family I found was Clarence Ayre in Edam, Saskatchewan, who was the eldest child of Maud (Witheridge) Ayre in the letter. After receiving my letter, uncle Clarence (or uncle "B" as we all know and love him) telephoned me to say, yes I had contacted the correct person. He then passed me along to his niece, Sharon Brydges in North Battleford. Sharon wrote us inviting us to spend some time with them in Saskatchewan. We took them up on their kind offer and have now been twice to visit them and they have been to Ontario to visit us. We now have a great relationship and correspond on almost a daily basis. Sharon and her husband Ted were unable to attend our reunion, as uncle "B" is very very sick and is in University Hospital, Saskatoon.

I then found Margerite Tomblin in Hayden Lake, North Idaho. Once again, after receiving my letter, she telephoned me and advised that I had found the correct person. Margerite being the daughter of Mabel Florence (Witheridge) Wood and Thomas Bramwell Wood, and yes, Thomas Wood was a state senator. She also told me about her first cousin, Stella Oyos in Devils Lake. I started corresponding with Stella and we had a great relationship. Stella was the daughter of Ida Estella Mary (Witheridge) Oke and Marwood Oke. Unfortunately, Stella passed away in April, 1998 at the ripe old age of 93. Prior to her demise, she did tell me all about the Freed family. That is how I knew about Paul Freed in Minneapolis and his brother Bruce Freed, whom we met last Saturday.

I have also found other lines through all the correspondence with the various families. I have to thank uncle 'Bob' for most of these finds, as without his letter, I doubt I would have ever found all these people.

Should any of you require more information on these families, please do not hesitate to let me know and I will be more than willing to pass along any information in my possession.

I should point out that all of the above are descendants of George Witheridge and Mary (Saunders) Witheridge, who emigrated from Bradworthy, Devon, to Darlington Twp., Ontario, in 1841.

Kind regards

Kathy's wrap-up for DEW

Hi David;

I just cannot begin to tell you what a great time we had last Saturday. To say the very least it was astounding!

We had 21 present, some of whom I had never met. Three Devon families were represented. Combe Martin; Bradworthy and Ermington. You are probably aware that we only have one Witheridge family from Ermington in North America, and that of course is Brenda Dwyne's family.

Brenda, Bill and Annie Dwyne arrived at our home on Friday afternoon from Hamilton, Ontario. We took them on a tour of Sarnia and district and then had supper at our house. We tried to get an early bed, but it was impossible as we had lots of catching up to do. We left bright and early on Saturday morning for Lansing. We arrived in perfect time, 9:25am, and we had arranged to meet Joyce and Bruce Aldrich at the church at 9:30am, as Joyce had the key.

All the guests were welcomed and the ladies starting getting busy preparing food for lunch and made sure that the coffee and do-nuts were ready for the early arrivals.

Annette Witheridge was unable to attend as she had just arrived back from Britain and brought back with her a severe fever! Tony Witheridge never showed and I haven't heard yet what happened in this situation. I do know that Tony has moved to Texas, but he advised me that they still hadn't sold the house in Chicago and that he would be in Chicago last week-end, so he would attend.

We started off with me reading the note which you had so kindly written, and all the families were sorry that you were unable to attend and you were sadly missed. I know that you have done a lot of work for most of these families through the years. Your niece, Jenni Burke was present, so we did get to meet with her. I received a call from your sister-in-law in Saganaw last week with her regrets, she was having a party for the local Bridge Club.

We all gathered around tables and I introduced all three Devonshire families. I tried to tell why the different families had emigrated to North America and I was joined in with family members telling stories of their families as they remembered! I think we all learned a great deal and a whole lot of interesting stories were passed around.

Time went by very quickly and it was now lunch time. What a great lunch we had, food was in abundance and we were all well and truly stuffed!

After lunch, I advised the group that we had to raise $75 US to pay for the room. Several of us had donated gifts to raffle in order to raise the money. We sold raffle tickets and guests were more than generous. We raised the $75 with no problem and even had $20 CND left over. I advised the guests about the $20 left over and every single one agreed that I should keep it to offset some of the printing costs. We drew the raffle and it was nice that every couple won something!

I had done up several books for people who were present, we then played 'This is Your Life' - I called out the name of each individual and they came forward in order for me to hand a book (which I had bound) on their life-story, or at least all about their family. I wish you could have seen the expressions on their faces, they were absolutely thrilled and went home with a book I am sure they will always treasure. I have one for you David and I will get it in the mail to you. I also did a book for every person on 'Crossing the Atlantic in the 1800s', I will also send this to you.

Bruce and Anne Freed were present, and were sorry that Paul had been unable to attend.

Before closing for the day, we took many pictures and I will be forwarding copies of these to Joyce Browne in order that she can put some of them in the Witheridge Times.

When I opened up my e-mail this morning, there was a note from John Witheridge of Orono, Ontario, who is of the Bradworthy line. He opened his note with 'WOW' what a fantastic day! This really made me feel good and made all the hardwork worthwhile! John and his sister Barb, got to meet several new second cousins whom they didn't even know existed! John is a school teacher and still lives and teaches in the area where the Witheridge family settled upon their arrival from Bradworthy.

All in all David it was a wonderful experience. You were right, you always said I had nothing to worry about! It is something that will go down in my records as an 'outstanding experience'! It was fabulous to see all the smiles of amazement on the faces of all who attended.

Must close now, and stop blowing my own trumpet!

Love,
Kathy

Hi Kathy,

So delighted to get your message and all the other ones you had sent to the whole group. Congratulations on the wonderful reunion. Your tremendous efforts paid off. I'm very sorry John and Janice didn't make it, but glad Jenni did. I'm sure all the guests were overwhelmed by your books, and I look forward to receiving mine. Probably many in England will envy the American Wiitheridges when they see your report and pictures in the Witheridge Times. Thank you for all your work and creativity.

Love, David

Dear Kathy,

Even though you had told me about the books you had prepared for the people at the reunion about their families, I was overwhelmed when I opened the envelope and took out the book with my name and picture on the cover and thumbed through and saw what you had put together. There is no way I can thank you enough. And when I realized you had done the same thing for all the others, I could hardly believe it. It's no wonder their faces lit up, and I'm sure they all wanted to hug you.

I know the great satisfaction you felt that all your worry and work had finally paid off. The reunion you visualized had made everyone truly feel like a family. How fortunate we are to have such a wonderful North American Representative!

Thank you, too, for the excellent book about "Crossing the Atlantic in the 1800s." It made me realize again what great courage and character it took for my grandparents to set out for America--one couple from England (Wales) and the other from Germany. I hope I have inherited some of their outstanding qualities. I'm sure that the reason Canada and the United States are such great countries is that they were established and developed by such adventurous people.

May you and Paul have a relaxing fall after your very busy and rewarding summer!

Love, David

Hi David;

Pleased to hear that you received the package o.k. and was overjoyed that you enjoyed it. That in itself is all the thanks I need. I didn't do one of those family books for everyone who attended our Reunion, just a couple from each line. I also did three for people, like yourself, who were unable to attend. I have given Paul Freed's to his brother Bruce, to cut back on postage! I also did one for a member of the Curtis family (Paul's cousin), who was unable to come. The ones I did for the attendees, were:
Brenda Dwyne - Ermington
John Douglas Witheridge - Bradworthy
Catherine Witheridge-Spina - Bradworthy
Joyce Aldrich - Combe Martin
Steve Karnes - Combe Martin

I am now working on one for Bruce Freed, as he did attend and was very impressed with the one I did for Paul.

Brenda Dwyne sent me a couple of the pictures she had taken yesterday. I have not had all mine developed yet, as I have to finish off my film. I would like to send a set to Joyce Browne in England, in order that she can insert some in a forthcoming magazine.

I have recently found a Christopher Witheridge who lives on the outskirts of London, England. He knows very little of his family, but I guess he is from the small group of Witheridges who moved from Bideford to Oxford. His grandfather is Raymond A.E. Witheridge, born in Headington, Oxfordshire in 1920. So far as I can see, the first marriage in Oxfordshire was Mary Grace Witheridge, at Wallingford in 1878. Mary Grace Witheridge was born in the registration district of Bideford in 1842. What do you know about this family?

Must close now and get something done!
Love,
Kathy

documents

# Editor's Note

The documents in this folder are a hodgepodge of samples from Dad's earliest work on the Witheridge family. They are the entire contents of a manila folder he labeled "Witheridge — Genealogy." When I found them, they were in no particular order. Insofar as possible I have reordered them chronologically and have further organized them into several broad categories, as follows:

1. Newspaper/periodical clippings that interested Dad. (If you have a British sense of humor, I guarantee the first one will tickle it.)
2. Dad's early efforts to find out more about his ancestors and cousins in the United States, particularly California and Pennsylvania.
3. Dad's early efforts to learn about genealogical resources in Wales and Devon.
4. Dad's early efforts to contact living relatives in Britain, by searching telephone books (see "Telephone directory strategy [DEW's]" in the index), as well as any Witheridges who might still be living in the village of Witheridge, Devon, by contacting the Rector.
5. A single communiqué with the pastor of a church in Mankato, Minnesota, who might have been able to give Dad a lead on a former member named "David Witheridge."
6. What appears to be Dad's earliest (ca. 1974) attempt at a Witheridge ancestor chart, together with the one-family records and other notes on which it was apparently based.

These documents may not be worth much as primary genealogical evidence, but to his son they are priceless.

## Ship Flies Diapers

ILFRACOMBE, England — (UPI) — The harbor committee met in closed session Tuesday to figure out whether it could legally stop diapers from being flown from the halyards of a ship moored in the harbor.

Council members complained the diapers, hung to dry by a young couple with two babies, spoiled the beauty of this Devonshire port.

# The Welsh Revival in Crescendo

## In the summer of 1905 Evan Roberts took his team to Anglesea, off the coast of Wales, where he preached to the largest crowds of his life

Of all the events surrounding the Evan Roberts evangelistic campaign in Liverpool, England, March 29–April 17, 1905, the hypnotist incident was the one that lingered in the memory of the people the longest. The 26-year-old miner from the collieries of South Wales was the unquestioned center of the greatest spiritual revival of our century. He had come to Liverpool only five months after beginning his astonishing travels through the breadth of Wales—a journey that had ignited church after church with sacred fire.

There were 30,000 Welsh-speaking residents of the great seaport, and the most careful preparations had been made. A thousand volunteers had visited every Welsh home in the city. Meetings were held in different churches, and after a reception at the Lord Mayor's mansion, Evan Roberts was driven to Sun Hall, where 6,000 awaited him.

Even though the services were in the Welsh tongue, people had come from all parts of England, Scotland, Ireland, North Wales, and even from the continent of Europe and from America to hear the young evangelist. When he rose to speak in Sun Hall, he urged his listeners to dispel their fears and to become free in Christ. Less criticism and more freedom, he declared, was God's prescription.

Suddenly he paused in his discourse and began speaking in the English language. "There is an English friend in this meeting," he said, "who is trying to hypnotize me this very moment. Will you leave the building at once, or ask the Lord to forgive you."

### NO ENMITY WITH ONE'S FELLOWMEN

There was no response to this appeal. The meeting was momentarily halted with wonder and dismay. Eventually some persons left, and the evangelist proceeded.

Two nights later one of the best-known professional hypnotists living announced that he was responsible for the incident. He had sent one of his assistants, an Englishman, to the meeting for the express purpose, he said, of hypnotizing Mr. Roberts.

A meeting in Toxteth, a suburb of Liverpool, provides a glimpse of the evangelist's method of conducting a service. The Liverpool *Echo* on April 4, 1905, reported that a crowd of 2,000 had already filled the hall by 5 o'clock. Mr. Roberts arrived soon after 7 p.m., and after a short silence spoke for 20 minutes on the duty of obeying the Spirit, and on *the uselessness of praying for the fire of heaven to descend when the altar was unbuilt and the sacrifice unprepared*. He touched on the impossibility of worshiping God while at enmity with fellowmen.

"We have seen the miracles of God's love tonight," said the beaming evangelist. "And what is the secret of it? The secret is that we have worked and obeyed."

Evan Roberts completed his three weeks of labors on April 17, and the Welsh churches of Liverpool counted the yield of the harvest. Over 750 new Christians were in the fold. The evangelist returned to Wales to rest, in a state of exhaustion. He was to make but one more evangelistic tour, a four-week campaign of the island of Anglesea, from June 6 to July 3. After six weeks in the mountains of Wales and at the seashore, he seemed fit for work and buoyant of spirit.

The team—The Rev. John Williams of Liverpool, Miss Annie Davies, the evangelist's sister and Evan Roberts himself — began at Amlwch with Mr. Roberts' opening words: *"Let us be careful to direct our expectations to the right quarter,"* and continued there for three days. The entire district was aroused. Visitors from many foreign countries arrived, and since chapels were now hopelessly inadequate, when they reached Cemaes the young Welshman preached for the first time in the open fields. He used a frame platform.

The meetings continued with increasing crowds at Llanerchymedd, Llanddeusant, Llanfachreth, Gwalchmai, Llangefni, Brynsiencyn, Beaumaris, Menai Bridge, Llanddona, Holyhead. Six thousand turned out, then 8,000, then 10,000.

Then followed a time of prayer and singing. Following a short talk by his sister, the evangelist rose to his feet. "Before we go further," he said, "I have a question to ask you. Are there any obstacles in the meeting? Don't think I have come to give fire. God gives the fire. Pray that the obstacles may be removed." The *Echo* reports that "almost instantly there was a remarkable outburst of prayer.”

**AND HEAVEN IS PURE JOY**

As the days proceeded, the enthusiasm spread and conversions multiplied. Churches were crowded at regular services. There were some disturbances, occasional rumblings of local religious differences, but on the whole it was a joyful revival. On one occasion Mr. Roberts warned those who felt spiritually cold not to speak during the service. “It would be like icebergs in the midst of fire!” he said.

If some wondered at the smiling faces in church, he reminded them that “there is no holier place than heaven, and yet it is pure joy.” In Crescent Congregational Chapel the hymn-singing became actually jubilant. The converts were “discovered” with an enthusiasm that was infectious. Roberts would ask for hands to be raised by Christians. Then he would say, “Do you see anyone whose hand is not raised? Offer Jesus to them. Do it simply and tenderly — just ask if they will receive him.” One after another was found, and the singing broke out again.

Nothing like it had ever been known in the history of the island. The conversions caused “indescribable rejoicing” among the Christians. Strong men broke down and cried like children. The memory of Annie Davies' rendering of Ira Sankey hymns lingered on like the fragrance of spring.

On June 30 Evan Roberts arrived at Llandona, where he had been invited to speak in a parish church of the Church of England. This proved to be a new experience in the young evangelist's life. A report of the welcome given him by the rector of the 1,300-year-old church, which was located on the seashore “seven miles from anywhere,” is preserved for us.

“My friends,” said the rector (according to the *South Wales Daily News*), “this is a great day here, and will, I trust, be a great day in heaven. The hour to which my brethren and I have looked forward for so many weeks in faith and hope has dawned, and we are today able to welcome our young brother to this church.

**'WHAT WILL THE BISHOP SAY?'**

“Someone asked me why I had asked Evan Roberts to hold a service in this church. I did so because I believe him to be a special messenger sent of God to perform a special work for Christ, at a special season in this, our land of Wales. We thank God that the winds which began to blow in South Wales have been felt in the North, and have blown across the Menai Strait to Anglesea; and that so many have been lifted to a higher and nobler view of life and its responsibilities.

“A rather timid friend asked me, 'What will the Bishop say?' Well, my friends, the heart of the Bishop of Bangor and of each of the other Welsh bishops beat in fullest sympathy with this movement, and are animated by the spirit of this blessed revival. For the revival is the same as heaven—it recognizes no distinction of sect.

“Evan Roberts does not ask you to join this church or that, but he calls on all to come to Jesus, and that is why I so earnestly desired his presence here this day. Some may worship better in chapel than in church; others better in church than in chapel. To all such I would say, seek Christ's presence and stay to worship in the place where you find your spirit best in harmony with the Spirit of Christ.

“And now may God bless this his young servant, Evan Roberts, and raise many another such as he to perform similar work.” (Adds the *South Wales Daily News*, “It is hardly necessary to say that such an address sounded strangely in the ears of many, and that it left a profound impression.”)

Evan Roberts rose, smiled, and acknowledged the hospitality of the rector and the church, then began to address the expectant throng that had come from miles around to pack the church and crowd the open doors.

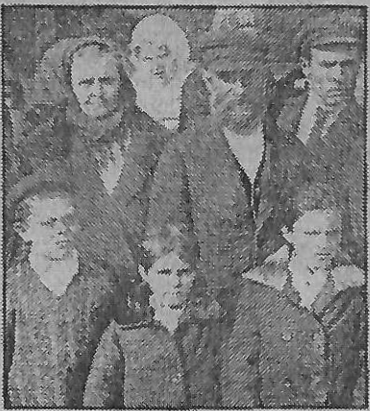
# Boys wasted their bodies in the bowels of hot mines

Compiled by ANN BANKS
Independent News Alliance

**Although Fred Harrison had worked at several factory jobs, he felt he was cut out for the hard life of the mines. "You can't keep a groundhog out in the sun long," he told federal writer Jack Conroy.**

**Both from the coal-mining country of northern Missouri, Conroy and Harrison were friends and distant relatives. Harrison was the model for the character of Ed Warden in "The Disinherited," Conroy's autobiographical novel, which begins in the Monkey Nest mine where his father and two brothers died.**



First Person America

***More than 10,000 first-person narratives were collected during the last years of the Great Depression by members of the Federal Writers Project. Ann Banks recently compiled 80 accounts in "First Person America." This is the third of five excerpts.***

"I began in the drift mine when I was 12.

According to law, you must be 16 before your start, but there's also a provision that a miner can take his son in to work with him. Many a boy begins in the mine when he's 9 or 10.

Of course, he can't do as much as a man, but he can pick up chunks and put them in a car being loaded, and he can fetch prop-caps (supports used to hold up the roof of a mine) when his old man is putting in a narrow cutting or using the riddle.

One of my first jobs was to shake the riddle. The riddle is a coarse sieve through which the fine coal is sifted, the fine stuff falling to the ground to be shoveled separately into a car. This fine coal is sold later as "slack" at a lower price than the coarser lumps, which the man holding the sieve tosses into another car.

The riddle man usually sits cross-legged, and for the greenhorn it's an extra-tiring job having to sit there and feel the shock of each shovelful of coal thrown into it. At first the shock tingles up from your hands to your shoulders like an electric charge, and afterwards your arms get numb for a while until a dull ache spreads all through your arms and back.

Some riddles prefer to kneel, but this is pretty tough on your knees. You can wear canvas knee pads, of course, but they're heavy to pack around and a lump of coal can find a tender spot right through them, anyhow.

The miners that work in the big up-to-date mines don't know what it is in the drift mines. These go back at a slight downward slant into the heart of a hill with a coal vein in it.

The roof is usually much lower, and it keeps getting lower as the mine burrows further back under the hill, for the veins are shallow to begin with and soon dwindle away.

You just can't afford to take out a lot of rock and dirt just to get a small layer of coal. So, you crawl along on your belly and push a little low car before you or pull it behind you.

Mules or donkeys are usually used to haul out the small cars, and a mule driver has to be a pretty tough and bold man. Mine mules get plenty rambunctious and may kick the daylights out of you if you don't watch them.

When you pass one in an entry, it's best to squeeze tightly against his hind parts so he can't lift his back legs at you.

The air is bad most of the time, and it makes you sleepy and gives you a headache. Large mines have a power-driven fan to drive out the foul air and pull in the fresh.

Worst of all is the "black damp" that forms in damp and abandoned places. It can kill you before anybody can help you out. You strike it mostly when you break into old works.

Drift mines are usually located in a valley, and nine times out of 10 that means there's a small stream nearby. Water gets into the entries and sometimes has to be pumped out before you can go back to work in the morning.

Every drift mine has a hole called the "sump" dug at its lowest point for the seepage to drain into. Every greenhorn in a mine is sent all around the place looking for "the key to the sump."

There is a good deal of waste material after the coal is loaded. Soapstone falls from the roof, and there are sulphur streaks in the coal itself.

The streak has to be picked out if it is too big, for the weigh boss gives you a dirty mark for every lump of soapstone or sulphur-filled coal you send to the top. When the dirty marks tally too much, you hear about it.

Some of the waste material is thrown into the places just mined out, and this part of the mine is known as the "gob." Miners throw scraps from their lunches into the gob, and the place is always overrun with rats that fight and squeal in the dark.

When I first went into the mine, I was terrified at the thought of rats, and so were other boys beginning in the mine. One of the standard threats of veterans to green boys is, "Look alive or I'll throw you in the gob with the rats."

The first day a new boy is in the mine, the other lads who have been working awhile put him through a hazing ordeal. His pants are taken down and coal dust smeared on his body.

If it's an old-fashioned place where the lard-oil lamps are used instead of carbide, a little lard oil is used to make the coal dust stick better. Spanking with a shovel or a pick handle ordinarily forms part of the initiation, too.

Nowadays some of the mines are so spick and span that you can almost wear white gloves at work. You handle a mining machine instead of swinging a pick.

When I started in, a man had to walk maybe 10 miles with his pit clothes on and the coal dust still all over him. We washed in wooden tubs, and now some of the mines have shower baths.

Only trouble is that a machine can pick coal faster than a man, and when it ain't working it don't have to eat.

Dear Sir:

Jennie Cook →

A distant relative of mine, Mrs. Sidney Brown, nee Jennie Cook, died at Shell Beach, California on February 22, 1962.

I am interested in securing a copy of her obituary from a local newspaper there (or more than one, if available).

If you have microfilm files of papers that would include her obituary, and if you have facilities for making copies, I should very much like to have them. If not, perhaps you could refer me to the proper newspaper publishers.

Dear Sir:

My great-grandfather, John Witheridge, died in Cwmaman, Aberdare, on April 2, 1906. I am trying to secure additional information about him and his relatives. One source of such information would be newspaper obituaries.

I am wondering if it was customary to publish obituaries in local papers there in 1906. If so, what would be the paper or papers likely to contain an obituary of my great-grandfather?

Would you or some newspaper office have a file or microfilm record of such a newspaper going back to that date? I should be very happy to have a copy of any available obituaries. Please let me know what the cost would be.

If you can be of help in this regard, I should also like to have any available obituaries of my great-grandmother, Clara Blackmore Witheridge (Mrs. John), who died in Cwmaman, Aberdare, on November 21, 1904.

Thank you very much for your assistance.

Reverend Sir,

I refer to your enquiry dated the 3rd November, 1968, in respect of information regarding a relative who died in Cwmaman, Aberdare, on April 2nd, 1905. The Reference Librarian at this Library has made efforts to trace an obituary notice, but so far without success. He has also enquired in the village of Cwmaman but has failed to find anyone who knew of your great grandfather. The present local paper - the Aberdare Leader was founded in 1904 and we have a complete file on microfilm. Unfortunately, few obituaries appeared in the early years of this paper since there was another periodical known as the 'Aberdare Times', which had been in existence far longer. Unfortunately, we have no file of this particular periodical, but I know that Cardiff Central Library has a fairly complete file of the 'Aberdare Times', and I intend to contact them to see if we can find something.

It may be more profitable for you to insert an advertisement in the Aberdare Leader. If you are prepared to do this, please write to the Aberdare Leader, Station Street, Aberdare, Glam.

* If I do obtain any information of value from Cardiff Reference Library I will let you know at once.

Yours sincerely,

Dear Sir,

Thank you for your letter of November 3rd.

I regret that the files of the "South Molton Gazette" of 1904 do not contain an obituary of William Witheridge, who died on April 27 of that year.

I should think that the Combe Martin area, in the middle of the 19th century was covered by the "North Devon Journal" or the"North Devon Herald", or both.

These two papers have since been amalgamated under the title "North Devon Journal-Herald", published by the North Devon Journal-Herald Ltd., 96, High Street, Barnstaple, Devon.

The "Ilfracombe Chronicle" would have been the paper nearest Combe Martin, but I do not know if it was in being during the period you mention. In any event, since the last war it, too, has been absorbed in the "North Devon Journal-Herald."

I am sorry I cannot be more helpful in your inquiries.

Yours faithfully,

Dear Sirs:

In the course of my genealogical research, I am trying to find newspaper obituaries of several of my ancestors and relatives.

Some of these died in Combe Martin, and I understand your newspaper has taken over the "North Devon Journal," the "North Devon Herald," and the "Ilfracombe Chronicle," one or more of which might have been in existence on the dates involved.

The obituaries I am interested in are as follows:

Edward Witheridge, buried in Combe Martin, Jan. 15, 1860
Mary Geer Witheridge (Mrs. Edward), bur. in Combe Martin,
    Aug. 19, 1874
William Blackmore, bur. in Combe Martin, May 26, 1846
Susanna Blackmore (Mrs. William), bur. in Combe Martin,
    Nov. 5, 1866
Amy Witheridge (Mrs. Martin), bur. in Combe Martin, Dec. 1,

Dear Sirs:

I have been searching for my ancestors and distant relatives in England. In the process I have found that my Witheridge ancestors stem from Devon. My great-grandfather, John, was born in Combe Martin in 1828, and his father, Edward, was married there.

The rector of the parish church at Combe Martin searched the parish registers and sent me a list of all the Witheridge bapitsms there between 1817 and 1855, as well as some marriages and burials. This is very helpful and will enable me to piece together some of my family history.

From a set of the British telephone directories in the New York City Public Library I got a list of all the Witheridge families with telephones--only 24 in the British Isles. I have written to a number of these and find that nobody knows much of his ancestry beyond his grandparents, but most of them understand they also stem from Devon.

I wrote to the rector of St John the Baptist Church in Witheridge and asked him to search the registers for any record of Witheridge baptisms, marriages, or burials. This he did, and he found no trace of a single Witheridge in the entire period from 1585 to 1970. He did, however, find gaps in the registers, as follows:

Baptisms - from 1794 to 1832
Marriages - from 1753 to 1837
Burials - from 1794 to 1832

The rector, Rev. Andrew T. H. Jones, said, "You can find an answer to these by writing to the Record Office, County Hall, Exeter."

Did he mean by this that you are apt to have in your office the records for the town of Witheridge for the dates shown above? If so, are they at all alphabetized, and would it be possible for you to search these records for any Witheridge entries? What would be the cost?

I would be greatly interested to know what records you have and for what periods--births, marriages, deaths, wills, land records, or what? I can see that your records might be of great use in my genealogical research.

Do you have any kind of alphabetical indexes? Would it be possible through your records to find in which towns of Devon Witheridges have lived? If I know this, I could then write to the rectors of those towns to search their registers for information that you would not have on file.

How else would you suggest that I proceed in my efforts to develop a "complete" Witheridge family history? Does your office contain a great deal of historical material on Devon? Where would the best collection of such material be located?

Now that you see what I am interested in, would you please write and let me know how your office might help and what the cost would be?

Yours sincerely,

David E. Witheridge

Dear Sir,

Witheridge Family

Thank you for your letter of 31st August. We have in our custody the following registers for Witheridge parish, which cover the dates you require:

| Baptisms | Ref: |
|---|---|
| 1794 - 1812 | 1629A/PR3 |
| 1813 - 36 | 1629A add./PR2 |
| **Marriages** | |
| 1673 - 1754 | 1629A/PR2 |
| 1754 - 1855 | 1629A add./PR1 |
| **Burials** | |
| 1794 - 1812 | 1629A/PR4 |
| 1813 - 52 | 1629A add./PR3 |

As these registers were compiled chronologically, and do not have an alphabetical index, it is quite a lengthy task to undertake an extensive search, which you will appreciate we cannot contemplate in office hours. However, to assist you in your research, may I recommend a professional genealogist:

Mrs. J. Gray,
1 The Villa,
Cowick Lane,
Exeter EX2 9HY.

She would be pleased to undertake this work on your behalf, should you wish to contact her, and provide you with details of her terms.

You may be interested to know of other records in our custody, which may prove useful. We have the Land Tax assessments for the period 1780 - 1832. Unfortunately, the destruction of the Exeter Probate Office in the last war has meant that there are not many wills extant for Devonshire families. But we have the Inland Revenue Wills, 1812 - 57, the index of which mentions a Susanna Witheridge of Kingsbridge for 1854 (Ref: W1126) and Richard Witheridge of Tavistock for 1834, (Ref. W1127).

Regarding the compilation of your family history, I feel sure that you would be best advised to engage the services of a professional genealogist, who would be able to examine thoroughly the sources I have mentioned.

## Swansea

The development of Swansea took place later than that of the eastern ports. In 1872 only Cardiff existed as a major port on the south coast of Wales. Today, Swansea is the port through which passes the greatest tonnage of imports and exports. It has (1960) a population of 170,000, the town having grown in terraces on the steep slopes. In recent years the importing of oil has replaced the exporting of coal. There is little doubt that within 20 yrs. Swansea will become the most important commercial and industrial center in Wales.

## South Wales

The settlement pattern developed in the industrialized part of South Wales is a product of the Industrial Revolution, for with the development of industry in the last century it became necessary to house the country folk who flocked to the mining areas from rural Wales and from England, in search of work.

Along the South Wales coast east of Carmarthen there are very few holiday resorts. The reason for this is the industrial development of South Wales, and here ports have taken the place of holiday centers. The two holiday regions are the Gower Peninsula and the coast of the Vale of Glamorgan. One of the problems facing the tourist industry is the lack of hotel accommodation.

Glamorgan is one of the anglicised areas of Wales. English is predominant here. This resulted from the influx of English people to work in the mines and factories.

Cardiff was officially recognized as the capital of Wales in 1955. Largest city in Wales — 246,000.

The Rector
St. John the Baptist Church
Witheridge, Devon
England

Dear Sir:

You will no doubt be surprised to get a letter from a minister in the United States by the name of Witheridge. For several years I have had genealogy as a hobby, and I have worked on all the branches of both my wife's and my sides of the family.

In tracking down the history of the Witheridge family, I have had to search mainly in England, as my father came to this country as a boy with his parents. Their family came from Devon, of course--actually from Combe Martin. The rector there, Rev. Fred A. Lovell, was very helpful in searching through the parish registers and sending me information on baptisms, marriages, and funerals.

Two years ago when I was in New York City, I came upon a complete set of telephone directories for the British Isles in the New York Public Library. In a couple of hours time I went through every section and copied down the addresses of all the Witheridges listed there. I was surprised to find there were only twenty-four in the whole of Great Britain.

Since then I have gradually established contact with many of these, and eventually I hope to communicate with all of them. Probably most or all of the Witheridges are related if we could get back far enough, but so far I haven't found anyone who knows his ancestry back beyond his grandparents, or seems interested, for that matter.

As far as I can tell from the telephone directory, there is no one living in Witheridge now by the name of Witheridge. Perhaps, however, there were some living there in the past.

Because I expect to continue this project until I can fit the pieces together, I should like your assistance in sending me the information about any Witheridges you can find in the parish registers or in the graveyard.

I really don't know where to tell you to start, because I don't have any clues at all. You'll just have to make a few spot checks, I suppose. If you find a Witheridge entry, then I'd like to have you search the records back and forth from that date and list all the Witheridge baptisms, marriages, and burials you can find.

This may be a big project or a very little one, depending on what you find. I'm enclosing a draft for two pounds and only ask that you spend whatever time this will take care of and then let me know the results.

Perhaps over the years others have asked for information on Witheridges in your parish. I'd be very grateful to have the addresses of any such individuals, whether they live in England or elsewhere, for as yet I haven't found anyone who knows or cares anything about this.

I shall await your reply with great interest!

Yours very truly,

David E. Witheridge

David E. Witheridge

Dear Mr Witheridge,

Thank you for your letter. I have perused our registers from 1555 to 1979 and cannot find a single trace of a Witheridge. There is a gap in each register as follows —

Baptism 1794 to 1832
Marriage 1753 to 1837
Burial 1794 to 1852

You can find an answer to these by writing to the Record Office

County Hall,
Exeter.
Devon

I do wish you luck in your search.

I am,

Yours sincerely,

Andrew M Jones.

Dear Mr. Witheridge:

You will no doubt be surprised to get a letter from a Witheridge in the United States. Let me just say that I found your name in the British telephone directory in the New York City Public Library.

For the last few years I've been working on genealogy, and among other things I've been trying to reconstruct my Witheridge ancestry. Since my father was born in Wales, with his father coming from Devon, most of my search for the Witheridge line has been in England. This is difficult at such a distance, and I'm hoping you can be of assistance to me. At the same time, I think I can help you learn much more about your own family history.

As you can see from the enclosed list, I have already corresponded with a number of Witheridge families in England, and I am gradually picking up information about our ancestry. I believe most, if not all, Witheridges have a common ancestry, if we can get back far enough, though I have no illusions that this can actually be accomplished.

I'm hoping you will be willing to pass on to me all the information you have about your own ancestry. How far back can you trace your own Witheridge line, and what else do you know about the Witheridge family? Do you know the relationship of any of those I have listed on the enclosed sheet, and can you give me the names and addresses of any other Witheridge descendants? Up to now, I have failed to locate anyone who has actually worked on this line, and the Society of Genealogists doesn't know of anyone, either.

I notice there are two other Witheridges listed in Walsall, and I wonder if you are related to them, or at least know them. At this point I am writing only to you, hoping that you can give me some information about the others before I correspond with them.

Just a word about myself. I grew up in Saginaw, Michigan, and began my professional experience as a heating and ventilating engineer with my father, after graduating from the University of Michigan. Four years later I decided to become a minister, and I entered the seminary. After nine years as a Baptist minister, I came to Minneapolis nineteen years ago to be the executive of the Greater Minneapolis Council of Churches.

My wife also grew up in Saginaw and was a kindergarten teacher before we were married. Now she is the author of children's books, having written six. We have two sons. Jim is 23 and works for Goodwill Industries in St. Paul. Tom is 22 and works at the Massachusetts Mental Health Center in Boston.

I shall look forward to hearing from you soon and receiving any information you can give me about your family background. Thank you for your help.

Yours sincerely,

David E. Witheridge

EXAUDI SUNDAY
Exaudi means "Hear" and comes from the first word of the Latin Introit. Our thoughts turn from the Ascension to the promise of the gift of the Spirit at Pentecost. The day is sometimes known as "Expectation Sunday."

CONGRATULATIONS to:

James and Janice Bernards on the birth of their daughter KELLY PAULINE, May 4th.

John and Ruthe Enstad on the birth of their son ANDREW ERIC, May 15th.

The Rev. David E. Witheridge is the Executive Director of the Greater Minneapolis Council of Churches and will be explaining the work of this arm of the Christian Church, and especially in the area of chaplaincy. Your support of this ministry is greatly needed.

We thank Loren Blackstad for conducting the service today and for bringing us the message. Martin Luther said that "we are all little Christ's and we should all minister one unto the other."

Mel Sauter and Pastor Finke are attending the annual Minnesota Synod Convention at St. Peter, and have been there since Friday morning.

# *Ascension*

The mystery of God
is like the fog,
sneaking up on me
gently
but covering everything.

The power of God
is like the surf roaring
in and pounding the rocks
spraying
in the wind.

The age of God
is older than the tides
ebbing and flowing
agelessly
since the earth was made.

The glory of God
is here
in the blue sky and mystical fog
in the water and the forests
and today
in the Ascension
of His Son, our Friend.

*Written on the Maine coast on Ascension Day 1971*

The front cover reproduces the face of Christ from the chancel tapestry in the new Cathedral in Coventry, England. Entitled "Christ in Glory," the tapestry (largest in the world, 70 feet high and 39 feet wide) was designed by Graham Sutherland and took 30,000 hours to make. The complete tapestry, of which this is a detail, shows the ascended Christ enthroned, surrounded by the four Evangelists.

Appropriate to the Ascension theme of the glorified Christ, our Lord, is the text on the cover (Psalm 27:8b-9a NAB) from today's Introit.

Rev. J. G. Feroe
Bethlehem Lutheran Church
700 Second Street S.
Mankato, Minnesota 56001

Dear Pastor Feroe:

A week ago I visited the Shepherd of the Lake Lutheran Church at Prior Lake, Minnesota and gave a brief talk about the Greater Minneapolis Council of Churches.

The lay member who led the service, Mr. Loren Blackstad, told me he had once known a David Witheridge in Bethlehem Lutheran Church in Mankato and wondered if he was a relative of mine.

This is such an unusual name that I asked him if he was sure the name had been spelled the same, and he said he was. I'm still not convinced, as I think I am aware of most, if not all, the Witheridges in this country.

He gave me your name and said you might know where that David Witheridge went, as he had moved away from Mankato about fifteen years ago.

Is Mr. Blackstad right, and if so, would you have any information about the other David Witheridge? I would be most grateful for my information you could give me.

Yours very sincerely,

David E. Witheridge
Executive Director

# Editor's Note

On the next two pages are two versions of the same document: Dad's one-family record for John Witheridge (known in the index as "bapt. 1828") and Clara Blackmore (known in the index as "bapt. 1822"). What is clearly the earlier version is presented here first, followed by an updated later version; unfortunately, Dad didn't date either. You will notice that the later version has three footnotes, which appeared (as usual for his one-family records) on the reverse side of the original. Despite what Dad wrote on both versions, he came to doubt that Clara actually had a husband #1 prior to John — see the index entry for George Curtis (Elder).

Town of Porth, near Pontypridd, So. Wales, England

[Pontypridd, in Glamorgan, is a modern industrial town of 47,171 pop. (1922) at the confluence of the Taff and Rhondda Rivers. A branch railway line runs up the once beautiful but now wholly industrialized Rhondda valley to (3 mi.) Porth, and t (5 mi.) Tonypandy and Trealaw. Pontypridd is 11¾ mi. up the valley of the Taff on the way from Cardiff (at the sea) to Merthyr Tydfil. The natural beauty of the valley has been practically destroyed by the coal and iron industries. Description and map of "Wales - South Section" are in Muirhead's Wales, one of The Blue Guides, ed. by Findlay Muirhead, Macmillan, London, 1922, p. 209.

# Editor's Note

The document on the previous page — Dad's penciled notes about the birth facts for his father, William Allen Witheridge (b. 1881) — were written on a piece of handy scratch paper, the reverse side of a blank form left over from his tenure as mechanical engineer (before changing fields entirely to become a clergyman). After graduating from the University of Michigan with his bachelor's degree in engineering, Dad worked for several years at his father's heating and ventilating equipment supply firm in Saginaw, Michigan — the W. A. Witheridge Company — which is the source of this highly appropriate scratch paper. There were many other souvenirs of this kind in our house when my brother Jim and I were growing up.

The document on the next page is the aforementioned blank form.

This is perhaps the most fitting coincidence I've come across so far in my excursion through Dad's files.

# Editor's Note

On the next five pages, closing out this section of folder 1.64g, is what I believe was Dad's first attempt at an ancestor chart for his Witheridge and Nemitz lines (i.e., his father's line from Great Britain and his mother's line from Germany). His format for the chart seems a bit unusual, but the names for Dad's generation all seem to be there.

The chart is undated, but it was located at the end of a manila folder labeled "Witheridge — Genealogy," and it doesn't go back very far. The other items in the folder were all from the early phase of his genealogical research.

He definitely made it after September 1973. How do I know this? Because he wrote it on the reverse side of a repurposed wall calendar for the third quarter of 1973 (see below). We always had these calendars on the kitchen wall in our Minneapolis house, placed directly behind Dad's seat at the table between the refrigerator and a little hallway connecting the kitchen to the basement and the rest of the first floor. On these calendars, which Dad purchased from a church supply house, Mom and Dad (and Jim and I as we got old enough) would write important coming events the family needed to keep track of.

# Editor's Note

This section contains additional documents from Dad's early work on the Witheridge family.

It begins with a typewritten version of his list of living Witheridges he contacted (or attempted unsuccessfully to contact) in Great Britain, using their listings in British telephone directories. (See the index entry, "Telephone directory [etc.].") A handwritten version of the list is located in the previous section of this folder.

[Kim Cook (q.v.)]

~~Kim:~~

~~When we were in England either at the Cambridge Univ Library, or at the Univ. of London Library, we found a book about Sir Humphrey Gilbert (I think it was his trip to Newfoundland in 1583). It was *The Forgotten Adventure*, by H. Wood Jarvis, with a Foreword by Cmdr. Walter Raleigh Gilbert. I think it was published in 1967.~~

~~One of Elizabeth's ancestors was a Jarvis Gilbert, son of Thomas Gilbert. It is believed that Jarvis Gilbert was born in England about 1682, and came to America with his father. Unfortunately, we have no information on where they had lived in England.~~

~~Since Jarvis is an unusual given name, at least in this country, we think he was given this name because a relationship between the Gilbert and Jarvis families. Therefore a book by a Jarvis about a Gilbert caught our eye.~~

~~How would we go about finding out something about this H. Wood Jarvis, particularly about his family background and perhaps how he happened to write about Sir Humphrey Gilbert? I realize this is just a shot in the dark, but we don't have much to go on at this point.~~

# Editor's Note

The final document in folder 1.64g (starting on the next page) appears to be a preliminary time line for Dad's eventual Witheridge ancestor chart.

As a trained engineer, he liked order, and this organizational scheme would help him to impose some semblance of order on an otherwise chaotic and time-consuming document assembly process.

There are two large (17" x 11") oblong graph sheets. The first sheet is labeled "Combe Martin Register" at the top, with dates ranging from 1640 to 1840 on the left. The second sheet is unlabeled at the top, with dates ranging from 1690 to 1730 on the upper left side, then an intentional break, followed by more dates ranging from 1640 to 1810 on the lower left side. Unfortunately, neither sheet was dated.

I still don't quite understand precisely what he was doing here, but you're undoubtedly smarter than I am and will grasp it right away.

cal Society. 1905. Square 8vo. pp. 169. Plans.

The seven hundred and sixteen epitaphs here printed are from the Old Burying-ground, in the rear of the Unitarian Church, and from the Robbins Cemetery, in the East Village, and are exact transcripts. The addition of notes both of a genealogical and biographical character greatly increase the value of the work. Unstinted praise is due the compiler for thus preserving such interesting and valuable records.

*Report of the Celebration of the Centennial of the Incorporation of the Town of Marlborough* [*Conn.*], *Aug. 23d and 25th, 1903.* Compiled and published by MARY HALL. Hartford Press: The Case, Lockwood & Brainard Co. 1904. 8vo. pp. 98. Ill. Maps.

This centennial was marked by the delivery of the usual historical sermon and addresses, containing important portions of the annals of Marlborough, rendered serviceable by an index of the report.

*History of the Maumee River Basin, from the Earliest Account to Its Organization into Counties.* By CHARLES ELIHU SLOCUM, M.D., Ph.D., LL.D. Illustrated. Published by the Author, Defiance, Ohio. [1905.] 4to. pp. viii+638+xx. Map.

This is a work of the most thorough character, beginning with the geology of the region of which it treats, and its prehistoric inhabitants, and then proceeding to narrate the first explorations, the various wars of which the Basin has been the theatre, including that of 1812, the subjects of the concluding chapters being treaties with the Indians and missionary activities among them, the present drainage system, the first American settlers, the organization of counties, the development of communication, public lands, schools and libraries. While agreeing with the author that the actions of the aborigines should be related in the spirit of the historian and not of the sentimentalist, we doubt if everyone would describe their treatment by the government as "the ever magnanimous dealings with them of the United States."

*Ancient Middlesex. With brief Biographical Sketches of the Men who have served the County officially since its Settlement.* By LEVI S. GOULD. Somerville Journal Print. 1905. Large 8vo. pp. 336. Ill.

The contents of this finely printed and illustrated volume are described by the editor as a "collection of portraits and biographical sketches of faithful officials, considered worthy of preservation among the public archives and municipal libraries of the County." As to the number of portraits and facsimiles of signatures, the index of them covers nearly six pages. There are, in addition, copies of the seals of more than fifty towns. The portraits, with the exception of those in the supplement, are full-page illustrations.

*Decoration Day. Peacham, Vt. May 30, 1905.* Exercises at the dedication of Markers, Sons of the American Revolution, at the graves of the eleven Revolutionary soldiers in the Cemetery and old Graveyard. By JANE ELIZABETH COWLES. Peacham, Vt. [1905.] 16mo. pp. 12.

This booklet contains sketches of the life and service of each of the soldiers whose graves were marked.

*The Old Families of Salisbury and Amesbury, Mass., with some Related Families of adjoining towns and of York County, Maine.* By DAVID W. HOYT. Part eleven (part six of volume II). Providence, R. I. 1905. Large 8vo. pp. 781-852.

This is the concluding volume of this series, and the families recorded in it are Morrill, Morse, Mudgett, Monday, Mussey, Nichols, Page, Partridge, Peasley, Perkins, Philbrick, Pierce, Pike, Pressey, Purington, Quimby, Ring, Rolfe, Rowell, Rowlandson, Sammon, Sargent, Severance, Shepard, Smith, Somes, Stanwood, Stanyan, Stevens, Stockman, Stowers, True, Trussell, Tucker, Tuxbury, Wait, Warner, Webster, Weed, Wells, Wheeler, Wheelwright, Whitridge, Whittier, Williams, Winsley, Woodin, Woodman, Worcester, Worthen, Younglove.

*Shropshire Parish Register Society. Hereford. Vol. V. Part 2. Greete. Bedstone. Vol. X. Part 1. Claverly (Part 1). July, 1905.* [London.] 2 vols.

The details of this evidence have been put at length in a 'Summary of Evidence,' which the present Rector has drawn up from the writings on this subject; and which he proposes to put into print, should he find any encouragement on the part of Americans."

Few persons of the present day are aware how general was piracy two centuries ago. The following extract from "The Boston News-Letter," August 31, 1721, shows that in early times pirate ships, carrying many guns and heavily manned, sailed the high seas and pursued their unlawful calling. The "Mary" was taken somewhere in the Sargasso Sea, off the coast of Africa.

SAMUEL A. GREEN.

"These are to Certifie all Persons concerned that on the 7th Day of May last, William Russel Master of the Ship Mary of Charlestown, in his Voyage from Madera to Surranam in the Lat. 22 Deg. and 27 N. and Long. 25 and 27 W. from London was taken by a Pirate Ship upwards of 50 Guns, Commanded by Capt. Roberts, about 300 Men, who robb'd him of part of his Cargo, and Forced away from him two of his Men, against his and their own consent, viz. Thomas Russel born in Lexintown near Charlestown and the other Thomas Winchel born in Portsmouth, New-Hampshire in New England."

BRAINTREE MARRIAGES.—In the article on page 43 of the last issue of the REGISTER, in the marriage under the date of "1760, Apr. 24," the name of the man was Caleb Bailey, not Bagley. (See Deane's *Scituate*, page 214.)

EDGARTOWN DEATHS.—In the REGISTER, vol. 59, page 303, in the article entitled "Deaths at Edgartown," it is stated (page 307) that the Beulah Coffin who died Jan. 13, 1812, age 86, was the daughter of Enoch and Jane (Claghorn) (Whellen) Coffin. The contributor has made a mistake, as the Beulah, daughter of above, was born Oct. 10, 1748, married Jan. 5, 1769, Jonathan Pease, and died Jan. 29, 1772. The Beulah who died Jan. 13, 1812, was the daughter of Enoch and Beulah (Eddy) Coffin.

PROCTOR.—Benjamin$^3$ Proctor (John$^2$, John$^1$), born June 30, 1659, at Ipswich (*see ante*, vol. li., page 430), married Mary, daughter of William and Sarah (Smith) Buckley of Ipswich and Salem Village, widow of Sylvester Witheridge, and granddaughter of Thomas Smith of Ipswich, as shown by the following records:

*Lynn.*—Benjamin Proctor to Mary Buckley married Dec. 18, 1694. (Essex County Records.)

Benjamin Proctor and Mary Witheridge married Dec. 18, 1694. Children: *Mary*, born Oct. 12, 1695; *Priscilla*, born Dec. 11, 1699; *Sarah*, born Jan. 2, 1701-2. (Salem Town Records.)

Admitted to the First Church of Salem, June 5, 1709, Prudence Witheridge, dau$^r$ of Mary, w$^e$ of Benj$^a$ Proctor. (Records of First Church, Salem.)

Silvester Whitterage and Mary Buckley married Nov. 17, 1684. (Essex Co. Records.)

Children of Silvester Witheridge and Mary his wife: *Prudence*, born Oct. 8, 1686; *Silvester*, born March 17, 1688. (Salem Town Records.)

Administration on the estate of Benjamin Proctor of Salem granted to his widow Mary, June 27, 1717. (Essex Co. Probate, vol. 312, page 70.)

Mary Proctor of Salem, widow, formerly Mary Buckley, daughter of William Buckley formerly of Ipswich, but more lately of Salem, deceased, and Sarah

his wife, who was one of the daughters of Mr. Thomas Smith of Ipswich, deceased, conveyed to John Higginson of Salem all interest in the estate of her grandfather Thomas Smith and of her father William Buckley, May 27, 1727. (Essex Co. Deeds, vol. 57, page 51.)

"Jan. 3, 1702. Old William Buckley dyed this evening. He was about 80 years old." (Diary of Rev. Joseph Green of Salem Village.)

Petition of William Buckley to the General Court, Sept. 13, 1710. "In y$^e$ name of our family." "My Honoured Mother Sarah Buckley and my sister Mary Witherige were both in prison from May until January following" [1692-1693].

Thorndike Proctor of Salem formerly purchased a certain farm in Salem known as the Downing Farm, and afterwards sold a part to his brother Benjamin Proctor, since deceased, and John Proctor, only son and heir of said Benjamin, May 14, 1725. (Essex Co. Deeds, vol. 63, page 40.)

BURRELL.—In the REGISTER, vol. 59, page 292, there is a mistake in the line of descent of Sergt. John Burrell, who was a great-grandson, not grandson, of John Burrell the emigrant. The line is as follows:

John$^1$ Burrell arrived in Weymouth, Mass., in 1639; married Rebekah ——, and had these three (if not more) children: *John*,$^2$ b. 1658, d. 1731; *Thomas*, b. 1659; *Ephraim*, b. 1664.

John$^2$ Burrell (John$^1$) married, June 26, 1688, Mercy$^3$ Alden (Joseph,$^2$ John$^1$ of the "Mayflower"), and had: *Elizabeth*,$^3$ b. 1689; *Thomas*, b. 1692; *Capt. John*, b. 1694.

Capt. John$^3$ Burrell (John,$^2$ John$^1$), who moved to Abington in 1741, married, Jan. 3, 1717, Mary$^4$ Humphrey (Joseph,$^3$ Thomas,$^2$ John$^1$) of Hingham, and had: *Sergt. John*$^4$ b. Sept. 24, 1719; *Joseph*; *Abraham*, b. 1721; *Humphrie*, b. 1723, k. at Lake George, 1756; *Thomas*; *Mary*.

Sergt. John$^4$ Burrell (John,$^3$ John,$^2$ John$^1$) married Ann$^4$ Vinton (Thomas,$^3$ John,$^2$ John$^1$), and had: *Mary*, b. Feb. 22, 1742; *Ann*, b. Mar. 17, 1743; *Elizabeth*, b. Aug. 7, 1745; *Miriam*, b. Mar. 17, 1749; *John*, b. Oct. 5, 1752; *Bela*, b. Mar. 20, 1756; *Nathaniel*, b. May 17, 1761; *Ziba*, b. Mar. 12, 1765.

STIMPSON.—In the REGISTER, vol. 60, page 368, it is stated that [19] John$^5$ Stimpson (John,$^4$ John,$^3$ Andrew,$^2$ Andrew$^1$) married Mary, daughter of Nathaniel and Mary (Kemball) Harrington, but this is an error, for in 1754 she was the wife of David Whitney, as shown in the will of Nathaniel Harrington, in Middlesex Co. Probate, file 7316. The oldest child of Daniel Whitney was named *Mary Kimball*.

John$^5$ Stimpson probably married Mary, daughter of Edward and Anna (Bullard) Harrington of Watertown, who, according to Bond, was born Aug. 23, 1703, for in the division of Edward Harrington's estate, in 1734, Middlesex Co. Probate, file 1380, one share was allotted to "the heirs of Mary Stimson, deceased."

### QUERIES.

A GENEALOGICAL PUZZLE.—Judge Sewall, in his Diary, vol. 1, p. 215, under date, May 20, 1688, says: "Mr. Joseph Eliot here, says the two days wherein he buried his Wife and Son, were the best that ever he had in the world." The editors, in a foot-note, facetiously add, "The kindest construction should be put upon this remark of the bereaved husband and father."

The context shows that Mr. Joseph Eliot was the Rev. Joseph Eliot, son of the "Apostle," who was the minister at Guilford, Conn. But there are confusing facts. He had two wives. The first, Sarah Brenton, died prior to 1685, leaving four daughters. The second wife, Mary Wyllys, died in 1729, thirty-five years after the death of her husband. There were two sons, born to this second marriage, who lived many years after the death of their father.

Could the wellnigh infallible Judge have made a mistake in attributing this remark to the son Joseph, instead of his father, the "Apostle," whose wife, This tree, made by the editor (Aug. 19, 2022), shows the Witheridge and Buckley connection to the Salem, Massachusetts witch trials.

### AMESBURY COMMONERS IN 1667-8.†

Feb. 15, 1667-8, four sets of lots, 25 in each set, were drawn by the following persons:

Thomas Barnard, Sen.
Thomas Barnard, Jr.
William Barnes
Henry Blaisdell
Lt. Philip Challis
John Colby
Isaac Colby
Edward Cottell
Richard Currier
Edmund Elliott
Samuel Foot
James George
Nathan Gould
Jerrard Hadden
John Hoyt, Sen
John Hoyt, Jr.
William Huntington
Robert Jones
George Martin
William Osgood
Robert Quenby
Widow Rowell
William Sargent
John Weed
Goody Whitteridge

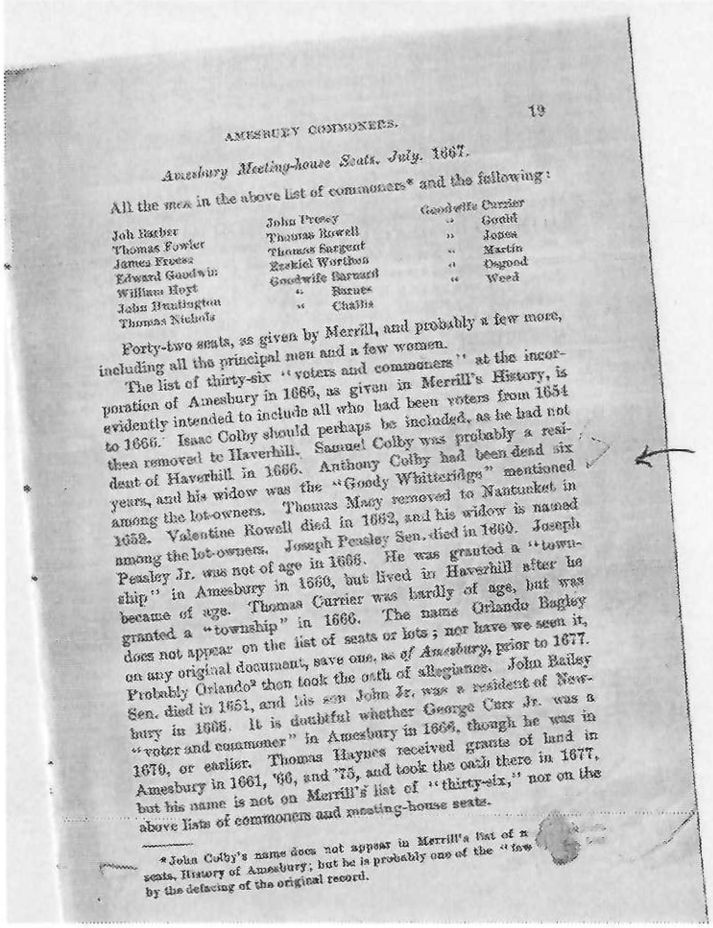
Salisbury seems to have had about twice as many inhabitants as Amesbury, soon after the formal separation, say in 1670.

---

* As early as 1642, the town of Salisbury ordered that thirty families should remove to the west side of the Powow river [Amesbury] before May, 1645. In 1649, the inhabitants of the new town were unsuccessful in their petition to the General Court for "exemption from rates to the ministry of the old town," that they might sustain the ministry among themselves; and in 1658 they were again refused when they petitioned that they might be a distinct town.

† Supreme Court files, Boston, and Amesbury records. There were a few other owners of land in Amesbury at that time, as will appear from the preceding and following paragraphs. John Bailey, Samuel Colby, Thomas Haynes, Thomas Macy, Joseph Peasley, and Walter Taylor had owned land in Amesbury, and some of them probably still retained ownership, even if non-resident. Thomas Currier, John Nash [Ash], William Hackett, and most of the young men named on the list of meeting-house seats, either owned land and town rights in 1667, or acquired them soon after that date.

Persons might own land, obtained by purchase, without being "commoners." The "commoners" were the owners of all common or undivided land, and entitled to shares in any new division of that land. This point seems to have been involved in the suit of Robert Ring against the town of Salisbury. The term "townsman" seems to have meant a legally recognized inhabitant, entitled to participate in town affairs. He was generally a "commoner," also. "Township" was sometimes used in Amesbury to indicate prospective rights. Fathers were granted "townships" for their minor sons, and for their daughters, if they had no sons, thus conferring rights on the future husbands of those daughters.



### *Amesbury Meeting-house Seats, July, 1667.*

All the men in the above list of commoners* and the following:

Job Barber
Thomas Fowler
James Freese
Edward Goodwin
William Hoyt
John Huntington
Thomas Nichols
John Presey
Thomas Rowell
Thomas Sargent
Ezekiel Worthen
Goodwife Barnard
" Barnes
" Challis
Goodwife Currier
" Gould
" Jones
" Martin
" Osgood
" Weed

Forty-two seats, as given by Merrill, and probably a few more, including all the principal men and a few women.

The list of thirty-six "voters and commoners" at the incorporation of Amesbury in 1666, as given in Merrill's History, is evidently intended to include all who had been voters from 1654 to 1666. Isaac Colby should perhaps be included, as he had not then removed to Haverhill. Samuel Colby was probably a resident of Haverhill in 1666. Anthony Colby had been dead six years, and his widow was the "Goody Whitteridge" mentioned among the lot-owners. Thomas Macy removed to Nantucket in 1658. Valentine Rowell died in 1662, and his widow is named among the lot-owners. Joseph Peasley Sen. died in 1660. Joseph Peasley Jr. was not of age in 1666. He was granted a "township" in Amesbury in 1660, but lived in Haverhill after he became of age. Thomas Currier was hardly of age, but was granted a "township" in 1666. The name Orlando Bagley does not appear on the list of seats or lots; nor have we seen it, on any original document, save one, as *of Amesbury*, prior to 1677. Probably Orlando$^{2}$ then took the oath of allegiance. John Bailey Sen. died in 1651, and his son John Jr. was a resident of Newbury in 1666. It is doubtful whether George Carr Jr. was a "voter and commoner" in Amesbury in 1666, though he was in 1670, or earlier. Thomas Haynes received grants of land in Amesbury in 1661, '66, and '75, and took the oath there in 1677, but his name is not on Merrill's list of "thirty-six," nor on the above lists of commoners and meeting-house seats.

---

* John Colby's name does not appear in Merrill's list of a [illegible] seats, History of Amesbury; but he is probably one of the "few [illegible] by the defacing of the original record.

1669, and others for 1670–1676 on an ancient Norfolk County book in the office of the Town Clerk of Salisbury, of which no modern official copy has yet been made.* The record for nine years, 1677–1685, is entirely lost, so far as now appears, besides a few entries, about the year 1688, which seem to have dropped out between the different record books. The town record has but two marriages from 1690 to 1697 inclusive, though there are ten Amesbury marriages for 1693 recorded at Salem. It is this deficiency of records which makes it so difficult to obtain a complete genealogy of early Amesbury families. Recourse must be had to probate records, deeds, and other authentic documents; and much material must often be collected before even a single line of ancestry can be carried back to the first settlement.

Unfortunately, the earliest records of the churches, in both Salisbury and Amesbury, have been lost.

So many errors were found in Coffin's History of Newbury, that the town records have been examined, and most of the Newbury dates, for families included in this book, are taken from those records, preference being given to the oldest copy.

The earliest records of births, marriages, and deaths in Haverhill were written in chronological order, down to about 1664. At that time a new record was commenced, arranged by families. Many of the old entries were copied into this book, and a few errors were made in copying. We have endeavored to follow the oldest copy in which the date appears.

The Ipswich dates are mostly taken from the town records, which, unfortunately, are missing for the earliest years of the settlement.

The Hampton dates are mostly from Dow's History of Hampton, which seems to be quite full and accurate.

---

* In the same book are records of similar dates for Haverhill, Hampton, and Exeter; but most of the book is filled with records of the town of Salisbury, of later date, and this is doubtless the reason it has remained at Salisbury.

---

## EXPLANATIONS AND ABBREVIATIONS.

The letters in brackets after dates indicate the records from which the dates are taken.

The probate records are at Salem, unless otherwise specified. The first date given for a will is the date of the will itself, the second is the date of proof.

Under each surname, each individual is designated by a certain number. When the history of that person is resumed, the same number is repeated, in bold face figures; and when the same person is elsewhere referred to, the number is sometimes prefixed in parentheses, to identify the individual. The sign + indicates that the family record is continued in this volume.

Small figures after a Christian name designate the generation. Names in *italics*, placed in parentheses after a person's surname, indicate the ancestors of that person. The use of SMALL CAPITALS in printing a name in the record of a marriage shows that a further account of that person will be found in this volume, under that surname, in its proper place in the alphabetic arrangement.

The double date is given for the year, between January 1 and March 25, wherever it can be determined with any degree of certainty.

Inscriptions on Amesbury tombstones were printed in Essex Co. Hist. and Gen. Register, Ipswich, 1894.

of Ip., decd.; no chil. of his own. Whitmore, in "Ayres Family," states that he had Sam., b. 1732-3, and three other children, all d. young. The age of Sam. renders the statement somewhat improbable.

NOTE. The Ayer and Ayres families were published by W. H. Whitmore in Hist. Gen. Reg., 1868 and '69; also in a separate volume of the "Ayres Family," especially that of Capt. John of Ipswich and Brookfield. His spelling of the surname is here followed, to distinguish the families.

* We have found it difficult to obtain proof that (1) Orlando Bagley lived in Amesbury at all. [See pp. 18, 19.] We have found no trace of his ancestry. There was a John Bagley in Salem who had children b. 1681-86; but we have no proof that he was related to Orlando. There was an Alice Baggerly member of Salem chh. 1677.

† Orlando and Sarah were the only children of Sarah (Colby) Bagley living in 1709 [div. est. Susanna (Colby) Whitridge.] We do not find either Sen. or Jun. used in connection with Orlando Bagley before (4) Orlando became of age. In 1712, (2) Orlando Sen. deeded land to his sons (4) Orlando Jun. and John. We have found no Bagley probate or deeds prior to 1700; Orlando without suffix in 1706, 1709, and 1720; Orlando Sen. in 1707; Orlando Jun. in 1711; in addition to the above.

* The name "Florence" is given on the authority of Sv. The "second wife" Charity and dau. Rebecca, b. May 27, 1667, given by Sv., must be wife and dau. of Thomas.³ Joseph Morgan and Philip Fowler were sureties on bond adm. with Thomas² in 1669. John . . . . ## INTRODUCTION.

The grave-yards in Boston proper, have been the King's Chapel yard, the Copp's Hill yard, the Granary, the Quaker's yard in Congress street, the yard on the Common, the one on Boston Neck, and five collections of tombs under as many of our churches.

Of these the King's Chapel yard was the first in use, and in 1642 an order was passed by the town for the constables to fence it.

The second in date, was the Copp's Hill yard, concerning which the following order was passed by the town, Nov. 5th, 1660: "It is ordered that the old burying place shall be wholly deserted for some convenient season, and the new place appointed for burying only made use of."

The town had already bought a piece of land as appears by the following deed, dated 20th Feb., 1659-60, and recorded in Suff. Deeds, lib. 53, fol. 153. 'John Baker and Daniel Turell, sell to the selectmen of Boston, a lot of land, 294 feet on the northerly side, 252 feet on the southerly side; in breadth on the easterly end 120 feet. Butting on the way that leadeth from the new meeting house in Boston towards Charleston ferry, on the north; on the lands of William Phillips southerly; on the land of John Baker and Daniel Turell easterly; and on the way that leadeth from Sentor-haven towards Charleston ferry westerly.'

The first yard then was a parallelogram with its longer sides facing north east and south-west, so that the left hand upper corner, at the junction of Charter and Snow-hill streets, pointed almost due north.

After some forty years, an enlargement was desirable, and the corresponding lot on the south-west was purchased by the town of Judge Samuel Sewall and his wife.[1] (Suff. Deeds, lib. 26, fol. 97.)

---

[1] Already, January 7, 1708, Sewall and his wife Hannah had sold to Joshua Gee, the following named lot (Suff. Deeds, lib. 25, fol. 159). One rod square in their pasture "adjoining the north burying place, in which parcel of ground Mrs. Mary Thacher now lyeth buried," bounded north by the said burying place and on all other sides by Sewall's land, with no way to said land except what he has through the burying place.

Deed dated 17 Dec., 1707; in consideration of £50 paid and the release from the payment of an annual quit-rent of 40 shillings for a certain cedar swamp in Brookline, Samuel Sewall and wife Hannah, sold the town of Boston land for enlarging the north burying place. It adjoined said place northerly, measuring 250 feet; southerly it bounded on Hull street, measuring across in a straight line to the burying place, 140 feet. On Hull street it measured 180 feet; westerly on Snow hill 170 feet.

The yard thus increased was nearly a square, bounded on three sides by streets.

In 1809 another enlargement was made, by the purchase of the adjoining lot, on Hull street, east of the Sewall portion of the old yard. The deed was dated 18 Dec., 1809, and was recorded in lib. 231, fol. 199. It states as follows. For $10,000, Benjamin Weld and wife Nabby sold the town of Boston a parcel of land, bounded south-west on Hull street 148 feet, north-west on the burial ground 133 feet 6 inches; north-east on land of Goodwin and other 153 feet south-east on land of Jonathan Merry 123 feet: being land conveyed to Weld by Merry, 21 Oct., 1809, recorded lib. 230, fol. 191.

This lot is nearly square and is rather less than one-half the size of the old yard. Like the first, it is surrounded with a row of tombs.

(Suff. Deeds, lib. 262, fol. 296,) 3 June 1819, John Bishop of Medford, sold to Charles Wells, for $1.051.30, land in Charter street bounded north-east on said street 20 feet north-westerly, 70 feet on the burying ground 20 feet wide, then continuing 50 feet more, 28 feet wide; southwest 28 feet on land formerly of Dr. Wm. Clark, but now a burying ground; then south-east 50 feet, 28 feet wide, then continuing 70 feet more 20 feet wide, on land formerly owned by Wm. Fowle. It was the land which Stephen Gorham as administrator of Nathaniel Holmes, sold to said Bishop, 14 Dec., 1791, recorded lib. 184, fol. 59.

This lot of land, now bounded on the north-east by Marshall place, seems to be entirely covered by tombs, thirty-four in number, erected by Mr. Charles Wells with the consent of the town.

The following extracts from the town records throw some light upon the history of particular tombs. These tombs in the old yard are numbered consecutively as follows. Beginning on Hull street, at the south-east corner, next to the new yard, and running westerly numbers 1 to 21 inclusive. On Snow hill street, numbers 22 (at the corner of Hull street), to No. 55 at the corner of Charter street.

Then returning to the south-east corner on Hull street, and running north-east along the line of the yard to Charter street, numbers 56 to 83 inclusive. Then westerly on Charter street, numbers 84 to 115 inclusive.

In the open yard are situated tombs numbered 116 to 125 inclusive.

The list of tombs and the owners thereof, now preserved in the office of the Board of Health, is quite modern and very unsatisfactory as regards the earlier ownership. We can discover, however, that in 1717 the first row of tombs was in process of erection.

These grants, as nearly as can be ascertained from the modern list, were as follows, and bear date in 1717-1718:

17 John Mountfort.
18 John Langdon.

A careful search on the town records, fails to give any more information in regard to the grants of tombs from 19 to 55. The official list contains only the names of modern families.

In 1722 it seems that a new range of tombs was commenced at the south-east corner on Hull street, running north. Here we identify

56 John Greenough.
57 Samuel Greenwood.
58 Thomas Hutchinson.
59 Jonathan Mountfort.
60 Walter Goodrich.

61 Edward Pell.
62 John Roberts.
63 John Cookson.

In 1743, grants are recorded, on the Snow hill street side, to

33 Cap't Parker.
34 John Larrabee.
35 Samuel Hunt.
36 ? Richard Hunnewell.
37 ? Daniel Bell.
38 ? do.

In 1801, Thomas Godfrey and others were allowed to build No. 39, hence we may conclude that the range for a long time, ended with 38.

Undoubtedly our examination of the county records would reveal many facts in regard to the transfer of tombs, and thus throw light on their history. But this is hardly the occasion for such an investigation, and it may well be postponed until such time as the Board of Health of the city of Boston shall decide to exercise its new power as custodian of the several graveyards.

We proceed therefore to give all the passages in the Selectmen's Records which relate to this yard.

### Selectmen's Minutes.

N.B. While the abstracts of Massachusetts wills and administrations in this book have been made by the compiler from the original papers or the earliest official copies at Boston, Cambridge, Salem, Plymouth, Taunton, Barnstable and Northampton, he has also referred to the "Genealogical Register," where the reader may find copies or abstracts of a portion of these, made by William Blake Trask, A.M., the late Justin Winsor, L.L.D., and others; and to the same periodical for the "Genealogical Gleanings in England," by Henry F. Waters, A.M., Mr. J. Henry Lea and others, from which a large number of Notes of Eng. wills and admins. have been taken. All these are credited to "Reg.", without specifying the individuals whose work is enshrined within the pages of that inestimable quarterly.

Ancient documents, printed in the valuable collections of the Mass. Historical Society and Essex Institute, have been acknowledged in detail when practicable, but more often in a general way. Genealogies in magazines or separately published are mentioned where special circumstances have made such reference seem desirable; but the statements in this volume are made upon entirely independent examination of original sources; and, in some cases, present facts not known to the writers of those genealogies.

# INTRODUCTION.

The Pioneers of Massachusetts deserve high honor from the people of the United States of America. They composed and signed, in the cabin of the Mayflower, Nov. 11, 1620, the grand though simple "Compact," model of all our constitutions; they organized General Courts, patterns of our legislative bodies; courts of judicature and commissions for the settlement of minor cases,—"to end small causes,"—types of our municipal and justices' courts; they gathered congregational bodies of worshippers, embodiments and types of our best, fraternal, religious life; they crystalized the old Saxon town idea into systematic town meetings; they first subscribed to support schools for their children, then devised the scheme of bearing the burden by general taxation, making schools by the people, for the people. And they and their descendants went forth to settle other parts of the great land, and built the foundation of new states out of granite, quarried from Massachusetts ledges. Thus it is the "Commonwealth of Massachusetts" where the largest number of American families had their first home this side of the Atlantic; and to her records and relics come yearly the largest processions of pilgrims, seeking to obtain clues to the still earlier history of their ancestry. Love of family and desire to know and preserve the memory of worthy fore-fathers lead many inquirers into this field. The admirable organizations which keep alive the memory of the Mayflower passengers, which place fresh laurels on the graves of colonial worthies and warriors, which pay honor to the guardians of a country in the face of foreign oppression, the founders of our republican institutions—these societies have deepened the interest and greatly advanced the knowledge of our ancestors.

Thus an increasing amount of examination of old records is made; and the courteous town and church clerks, recorders of deeds and wills, custodians of filed documents in court houses and the office of the Secretary of the Commonwealth, have abundant opportunity for the display of that remarkable affability and helpfulness which characterize the officials of our state.

Numerous family histories and sketches of the founders have appeared, some of which are models of research and honesty; what a fine list that is which Munsell's Sons present in their American Genealogist! Other books are in preparation and much investigation and compilation is being done for simple, private satisfaction.

But the work of historical [illegible] ren is an art; records, ever so a[illegible] ble, need skilled readers and inte[illegible] ers. Apparatus is demanded for the work; charts are needed for the chart-makers.

John Farmer, M.A., having explored to the best of his ability a part of the early records, published in 1628 "A Genealogical Register of the First Settlers of New England," which had great value, and marked him as a benefactor of American students of history. Dr. James Savage constructed a treatise on somewhat different lines, and issued in

1858 his "Genealogical Dictionary of New England." In this four-volume work he undertook to present the chief points of interest in the life of every settler of each of the New England states from the settlement of Plymouth to the close of the century; and to trace out each family through four generations. How well he succeeded in this vast enterprise, how much information he amassed and presented may be told by any genealogist of experience. The scheme was Titanic; the service rendered was Herculean; the name of Dr. Savage deserves high renown. But full success in such a vast undertaking was at that date simply impossible; and searchers find at the close of each volume an alarming list of errata, discovered by the author while the printers were doing their work; and the rolling years have added astonishingly to the list. Had Dr. Savage lived he would have issued a corrected edition, no doubt.

But, meantime, by the liberality of the Athens of America and some lesser cities and towns, a good number of ancient town and church records have been copied with minute care and printed verbatim; the annals of both colonies have been made accessible in this way; and Suffolk county has set a fine example by its publication of almost a dozen volumes of deeds. The state has issued Bradford's History; the notarial records of Lechford and Aspinwall have been brought out; these three volumes illuminating the period of the Pioneers remarkably.

The Mass. Historical Society, the Historic-Genealogical Society, Essex Institute, and other organizations have fixed in type many documents which the tooth of time had begun to gnaw; and the task of the searcher has been wonderfully lightened. These printed books and papers, however, contain only a small minority of the records essential to the making of such a work as Farmer and Savage designed; but they make the difference between an impossible and a practicable undertaking.

The present writer conceived, quite a number of years since, the plan of making a revised edition of Dr. Savage's magnificent work. This scheme was revolved and discussed with gentlemen of wide acquaintance with the subject. At last this conclusion was reached: no man can to-day construct a trustworthy compendium of so many families and so many generations as Dr. Savage attempted. The problem must be separated into parts; *divide et impera.*

## THE PRESENT WORK

narrows the field to the single state of Massachusetts, as bounded to-day; restricts the genealogy to the first settlers and their children only; and confines the study still further to those persons who came here early enough to be foundation-layers, first fellers of the primeval forests, first ploughers of the virgin soil, first makers of homes in the new country, first worshippers in the log meeting-houses, first freeman and officers in the plantations and colonies. What were these but "pioneers," whose bravery, earnestness, fidelity, love, made them worthy to be enrolled by themselves, an honorable list of heroes and heroines. All who came after the year 1650 found Massachusetts a reality, a single state, practically, although under two fraternal colonial governments; all who came before that date helped essentially to make it. Although their jurisdiction extended over a wider field than the present state limits, there seems to the writer a propriety in restricting this volume in this way.

Later volumes by this or some other hand may present the Pioneers of Maine, New Hampshire, Rhode Island and Connecticut for that early period, with all the light now thrown on their monuments. This list is large enough for one volume, grand enough for the citizens of one state to call its very own.

---

The limit of the "pioneer" period is an open question. It might be fixed by the statement of Winthrop in his History.

> "2 (4) 1641.
>
> The parliament of England setting upon a general reformation, both of church and state . . . this caused all men to stay in England in expectation of a new world, so as few came to us."

Although "few" arrived after 1641, yet the records show occasional additions; and a man did not always buy or receive an allotment of land or join the church or do anything which was noted in public records for several years after his arrival. Accordingly the limit has been fixed at 1650, to include all who came before the beginning of that "reformation" which Winthrop counted so significant, and to allow for the full development of the state in its life here and its significance abroad.

---

The names here given are *all* which have been found in the journals and lists of the colonies, towns, churches and counties of the period, 1620-1650, inclusive, as well as those perpetuated in the passenger-lists of that time which have survived to our day. When once a name has been found within that period, it has been followed to the last day of the pioneer's life; in a few cases this has extended to the second or third decade of the following century. This has necessitated the scrutiny of the documents until 1720 for record of deaths and probate proceedings.

While the names, dates and facts here stated have been taken by the compiler from the original documents or from such copies of them as have been made and verified by the highest authority, references are often given to pages in the Historic-Genealogical Register or other publications where copies or abstracts of the same may be seen. This is particularly noteworthy in the case of the exceedingly valuable notes of English wills, made by Henry F. Waters, A.M., and the abstracts of Suffolk Co. wills by William B. Trask, A.M.

The original words and phrases are quoted generally. Only in very rare instances has the compiler ventured to introduce an opinion of his own, preferring to put the reader in possession of the materials out of which an individual opinion may be formed. If you had the books before you and could read the peculiar chirography; if you critically studied the words employed, and tested your impressions by comparing one document with another; if you brou t years of practise in this so f reading to bear on the documents, would write down in your boo very things which are here presented.

This volume represents the relative amount of matter which exists to-day about these people. Not that all is copied; far from it. But this is a characterizing list; this is sufficient to rank the pioneers for inspection. A full copy of every original line about them would not change materially the impression here given.

## THE PURITAN PILGRIMS OF MASSACHUSETTS.

Governor William Bradford, who is the highest authority on the subject, tells us that the persons who came to Plymouth were called Puritans; that their English neighbors opprobriously & most injuriously imposed upon them that name of Puritans which it is said the Novatians out of prid did assume & take unto themselves." The colonists of Massachusetts Bay were chiefly Puritans, also; the most perfect understanding existing between the religious leaders of the two colonies in most respects.

The nucleus of the colony of Plymouth, every one knows, was the little band of men and women who met in apostolic fashion in a private house at Scrooby, Nottinghamshire, on the flat banks of the Idle; whence they removed in 1607-8 to Leyden, Holland, and then came toward the sunset, full of faith in a coming day. The germ of the colony of Massachusetts Bay was a company of business men who met at London, planning for a settlement wherein should dwell righteousness and profit. But Dorchester was founded by a church as definitely organized as that of Scrooby, and brought its two ministers, chosen in Plymouth, Eng., in 1629.

Rev. John Cotton, in 1629, accompanied some of his parishioners from their home in old Boston to Southampton, whence they were to sail for New England, and charged them to "take advice of them of Plymouth and do nothing to offend them." When Salem and Charlestown churches were organized the brethren of Plymouth church were consulted and similar statements of faith and polity adopted.

Bradford says: "Rev. Mr. Warham of the church in Dorchester expressed a desire to one of Plymouth Church in 1630, to be on friendly terms with that church and people, and he declared himself satisfied with their ecclesiastical gov ernment and proceedings."

Thomas Holland of Yarmouth was "still a member of a separated church in Old England" in 1641, when his babe was baptized at Barnstable. Michael Metcalf of Dedham left on record an account of the persecutions he had endured at Norwich, Eng., for his puritanic life. Governor John Winthrop wrote honeyed words of farewell to the Church of England, and straightway joined in founding a *separate church* under the Charlestown oak. Robert Massall was dismissed from Boston church "to the church of Christ at Dover in England" in 1646, and John Westgate to "the church of Pulham Mary in Norfolk, Eng.," in 1674; and Mrs. Lydia Banks, a resident of Salem from 1636 to 1642, was dismissed "to a church at London of which Mr. Nye is pastor," at her request, 6 (9) 1664. Mr. Johnson was received to the church of Charlestown 29 (5) 1660, "by dismission from a church of Christ at Canterbury in Old England." Mrs. Elizabeth Conant's child was baptized at Salem 12 (11) 1662, "upon ye letter from ye church at Corke testifying of her membership there."

These and many other evidences prove the identity of the people of both these colonies with the grand Puritan host of England, described so admirably by Macaulay in his Essay on Milton; who, whether remaining in the organization of the church of England or refusing to conform to ceremonies they believed anti-christian, were one in pure faith and life, one in resolute attempts to carry the doctrines of the Fatherhood of God and the Brotherhood of Man into all departments of religious and secular life. The term Bradford abhorred was really a good, discriminating title, and it has passed into history. It is not correct, therefore, to call the people of one of the colonies "Pilgrims" and those of the other "Puritans," for both were Puritans in the fact of a holy determination to avoid every impure, degrading fashion and to live by the standards of the Revealed Word of God; and both were Pilgrims in the fact of making a journey from a high religious motive.

These people, however, were not perfect, and they learned slowly the art of giving and taking liberty. The annals of that early period are full of strife; our ancestors brought over many an old notion of intolerance and persecution, which they were sufficiently "conforming" to practice; it took long years for Puritanism to escape from those toils; but by and by came the real fruits of the system. In some cases a person is said to have been "in court" when the whole cause was the harsh method employed by the government in attempting to guard what seemed to the rulers the essential elements of pure religion and good government. The *severe* legislation of the Puritans was simply imitation of English and continental methods. The cruelties of the Middle ages lingered in statute books on the other side of the Atlantic longer than they did here. Puritanism actually softened the laws, increased the protection of the weak; and it was here, where the Bible was widely opened and Jesus Christ was acknowledged absolute King, that political and religious liberty and fraternity first found complete expression.

One exceedingly valuable feature of this compilation is the presentation of the occupations, estates and social standing of the Pioneers. The summary of these, given on another page, is well worth studying.

The number who took to themselves the designation "gentleman," or had it attached to their names by the writers of passenger-lists, deeds, wills, church, town or court lists, is not very large; in some cases the title was used when a person had been in public office here, and was given by recorders, without reference to social standing in England. With very few exceptions, however, those noted as of "gentle" blood were entitled to use coats of arms and crests. Probably quite a number more had this dignity at home, but did not so appear on New England records. But the great majority of the pioneers were the plain, untitled *people*, bred to industry and economy, trained to professions, merchandise, trades, husbandry or service. Those who came of noble families were often apprenticed in childhood to learn some trade, or to do house work; and persons who were employed, even in positions of trust and dignity, bore the title "servant" like humble menials. They were educated beyond the average of English people of their time, and their habits were cleaner, more v[illegible]uous than the majority of their old ass[illegible]ates. And thus they had the stuff a[illegible]ce as well as the faith and patience [illegible]e enterprise which made such d[illegible]s on body, mind and character as the [illegible]ying of the foundations of a commonwealth.

The writer wishes to acknowledge very gratefully the privileges and aid extended to him by the clerks of the old towns and churches, registers of Probate, recorders of Deeds, and custodians of ancient books and documents. In addition to placing these treasures a his service without fees, they have shown great courtesy in arranging the most convenient desk-room, light, freedom from intrusion, and in giving assistance when desired. They have recognized the special character of the work, and united to secure its thorough and exact performance. Three summers in England have also given the writer a long list of names to whom similar acknowledgements are cheerfully rendered, for very courteous opening of ancient treasures and facilities extended; and in the city of Leyden, Holland, polite attentions and valuable privileges were also accorded.

It would be impossible to mention by name these many persons, to each of whom gratitude is felt deeply, and without whom the work could not have been accomplished.

## SPECIAL DIRECTIONS FOR SEARCHERS.

1. Look for **many variations of surnames**; allow for phonetic spelling and carelessness. The diphthong ea was usually pronounced a long; consonants were often doubled after long vowels; ph and f were interchanged recklessly; and other alterations were loosely made, such as Hayward, Heywood, Howard and Haworth. The indexing of such matter is therefore difficult; and one must sometimes look on several pages before discovering a desired name. Not only did public recorders vary the orthography, but a man sometimes spelled his own name in two or more ways.

2. **Always consult the index**, and there exercise the same liberal method.

3. Fail not to **guage the meaning of the Abbreviations** employed, since many lines of original record have sometimes been compressed into one, in this volume.

4. **The source** from which a particular word or statement has been drawn can be inferred in most cases from its nature; as proprietorship and town office from town records; church membership, dismission, etc., from those of the churches; purchase and sale of lands from county Records of Deeds; depositions, giving age, etc., from records or files of the Courts or Colonies; designations of trade, occupation or social position were usually given in deeds, but sometimes in records of admission to churches; wills and administrations of estates in Probate Records or those of the County or Colony. When an item was found in an unusual place, the source has been noted.

5. The **dates** are given as they were **recorded**. March 25 was New Year's Day in England and her colonies in the seventeenth century. It is at once a blunder and a crime to alter such dates to suit a calendar which our *Forefathers* did not use. Their "style" was just exactly "old style," not at all "new." From January 1 to March 25, during which some other nations used the new year number, they often wrote a double date; as "3 February, 1621-2"; but February was still "moneth 12," and even 24 March was in the old year, although the month, by anticipation of "day 25," was "moneth 1."

6. The Author will be grateful for information of any error discovered in this volume, and for facts of definite importance respecting the Pioneers recorded in either American or English documents of that period.

## Editor's Note

The following document, the last one in this section, lists individuals buried in the churchyard of the Church of St Peter ad Vincula in Combe Martin, Devon, England, which is the Church of England parish church for that village. Pages 3 and 4 of the document also include a separate list of Gear and Pile family burials under the heading "Berrynarbor"; however, it is unclear where those burials took place, because apparently there is a St. Peter Church in Berrynarbor as well, and Dad didn't specify the burial ground involved.

There is actually a Wikipedia article about the Combe Martin edifice, which states (as of today): "Possibly built on the site of a Saxon church, construction of the present building began in the 13th-century with additions in the 15th-century and later. It has been a Grade I listed building since 1965. The church comes under the Diocese of Exeter. Pevsner describes the church as 'One of the best in the neighbourhood.'" (Nikolaus Pevsner, *The Buildings of England: North Devon*, Penguin Books [1952], p. 76.)

Dad and Mom appear to have visited the Combe Martin church during their 1976 trip, although the level of detail in his handwritten list on the next four pages makes me think he might have copied the information from an existing list compiled by an unknown source (perhaps provided by the church itself?) and not gleaned it from their own laborious walk-through of the churchyard. I do wish he'd been more forthcoming here!

## Editor's Note

Dad used British phone books as his initial source to locate Witheridges still living in Great Britain (see the index entry, "Telephone directory strategy [DEW's]).

He first used the strategy in 1968, when he knew almost no one with the surname in the home country, and it paid off in spades. (See the aforementioned index entry.)

In 1980, he apparently updated his list of Witheridges in British phone books during his second trip to the U.K. with Mom.

At least that's my assumption, because I found the following document in Dad's manila folder for that trip.

# Editor's Note

The remainder of this section consists of three documents created by my parents when they visited the Westcountry Studies Library in Exeter, Devon, on August 23, 1980, during their second trip to Britain.

Document 1

This is a single typewritten page with information about one "WITHERIDGE, Edward of Lymehouse, Mariner. Proved 1697." Simple and straightforward.

Document 2

This is two pages of Dad's notes from the 1851 and 1861 censuses of Kingsbridge, Devon, for surnames of interest to him: Shillabeer, Wetheridge, Witherage, and Witheridge (plus any others living in the housholds). Again, simple and straightforward.

Document 3

This document — eleven pages of notes, the first page by Dad and the rest by Mom in her (unfortunately) less legible hand — requires a bit of explanation.

There is something called the "Burnet Morris Index" at the Westcountry Studies Library. Since I was totally mystified, I did a Google search today, and miraculously this popped up (at http://www.windeatt.f2s.com/windeatt/burnet.htm):

"This is an [sic] card index to Devonshire people, places and topics held at the Devon Local Studies Library in Exeter. Most of the million cards were written by one man — Burnet Morris. The records are, however, only an index and almost every entry requires further investigation in the original source or cross referenced record. ... [The writer was searching for records pertaining to her own Windeatt family.] Unfortunately, I didn't have time to do this second searching except in a few cases."

While Mom's notes from Burnet's index cards might have proven useful to Dad and Mom on August 23, 1980, it's impossible for me to imagine how to use them today — except to scan them and present them here for you to try to imagine how to use.

Happy imagining!

1988 Trip to Britain
documents

# Editor's Note

This section contains miscellaneous documents pertaining to my parents' in-person searches of records during their third and final trip to Britain in 1988. Most are Witheridge related, but one in particular involves Mom's ancestors, too (see the last document, whose origin is unknown to me, regarding the Munro Clan; those folks show up on both Dad's and Mom's side of the ledger).

The first clump of documents is from St. Catherine's House (q.v.), which was the central archive of birth, death, and marriage certificates in the United Kingdom at the time. St. Catherine's is now closed; as of August 2021 a company called Vital Certificates has taken over the function.

Also included here are Dad's notes for other repositories and personal sources: the Devon Record Office, the West Country Studies Library, the North Devon Athenaeum, and even the LDS IGI. And there are some one-family records that he took with him to Britain and amended, either on the spot or after returning home to Minneapolis.

[The following documents were apparently ordered by DEW in person at St. Catherine's and mailed to him at Kim Cook's (q.v.) home in Kent, where the Rev. and Mrs. Witheridge were staying at the start and end of their trip to Britain. DEW's notes follow the documents.]

## Notes

The indexes up to 1983 are arranged in alphabetical order of surnames in the 4 quarters of each year - March, June, September and December. Each volume contains marriages which were registered in the 3 months ending with the month shown.

**From 1984** the indexes are arranged in alphabetical order for the full year. The entry contains the month and year of Registration under the Column headed **REG**. The first two digits 01-12 indicate the month, the last two digits the year.

You should ensure that the reference you quote from the indexes refers to both parties. The fact that the same reference appears against both parties' names does not, however, necessarily mean that they married each other.

If you are not sure you have found the correct entry see overleaf.

You will be given an envelope for the purpose. Certificates are sent by 2nd class post unless 1st class postage stamps are supplied by the applicant. Certificates sent by post will normally be despatched within 2-3 weeks.

Anyone may collect the certificate provided they produce the receipt you will be given. Normally the certificate will be ready for collection after 48 hours.

If you have any difficulty in completing this form please ask at the Enquiry Counter.

documents

# Editor's Note

This section contains a selection from the largely nongenealogical correspondence between Dad and his cousin, Joan Shaw (born Joan Lorraine Witheridge [b. 1939]), who married Ronald William Shaw (b. 1933). Many of Joan's annual Christmas cards have been omitted.

The pictures at the end — including some of Dad, my daughter Rebecca, and me — were taken when Joan, her husband Ronald, their daughter Laura, and Laura's daughter Chloe visited Minneapolis in July 1999 and stayed a couple of nights behind Dad's house in their recreational vehicle.

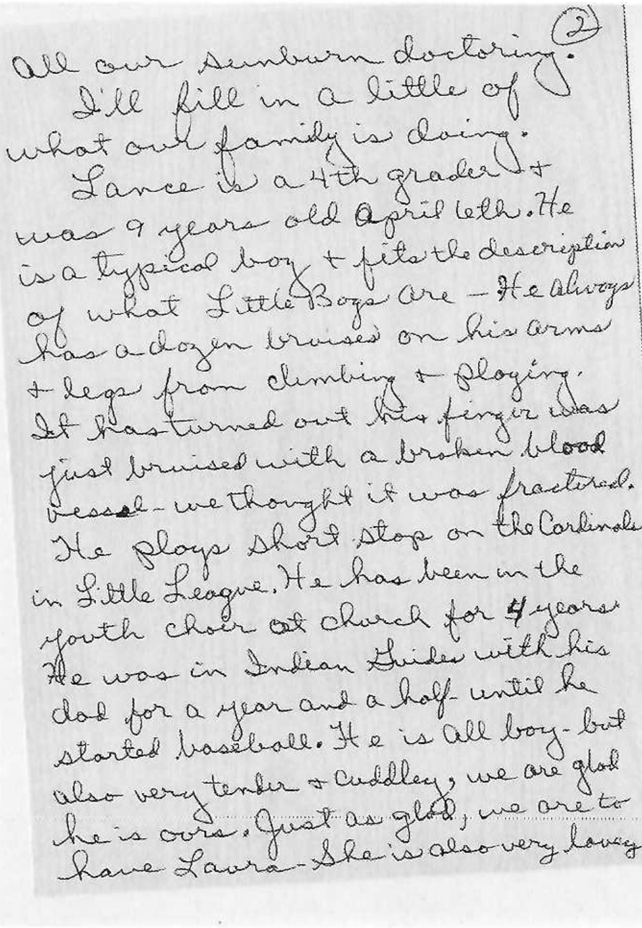
Dear Elizabeth,

Finally we are getting these letters that we have had on our minds so long - down on paper.

Both Laura + Lance were thrilled with their books, and so were we; especially seeing the name Witheridge on a book. It was so thoughtful of you to put a little note in each. They took their books to show - or I should say show off at school.

Right now we are camping at the beach. Carpenteria is the name. It has been lovely weather around 85° + its so nice to be away from the ringing telephone, + all the hustle bustle of home.

The kids are having a ball, the waves keep sneaking up on Lance - I think he is about out of pants. We are all on the pink side now - which is normal - + the trailer has the antiseptic smell of



②

all our sunburn doctoring.

I'll fill in a little of what our family is doing.

Lance is a 4th grader + was 9 years old April 6th. He is a typical boy + fits the description of what Little Boys Are - He always has a dozen bruises on his arms + legs from climbing + playing. It has turned out his finger was just bruised with a broken blood vessel - we thought it was fractured. He plays short stop on the Cardinals in Little League. He has been in the youth choir at church for 4 years. He was in Indian Guides with his dad for a year and a half until he started baseball. He is all boy - but also very tender + cuddley, we are glad he is ours. Just as glad, we are to have Laura - She is also very loving.

(3)

Laura is a sixth grader - turned 11 Nov. 4th. She is very feminine, a little small for her age. She wears a 10 dress - Lance wears a 10 also. She was in choir 5 years - this year she couldn't be because it conflicted with Girl Scouts. She has been doing some sewing - made herself a simple little dress. She loves to cook or bake anything, Lance does too, in fact I have to be careful I don't give one more cooking jobs than the other. Laura has been in scouting since Brownies. She is quitting this June, + then when she is twelve she wants to go into Jobies, and get back into choir. She has been taking Clarinet in Orchestra. Lance + Laura both take piano lessons + enjoy it very much.

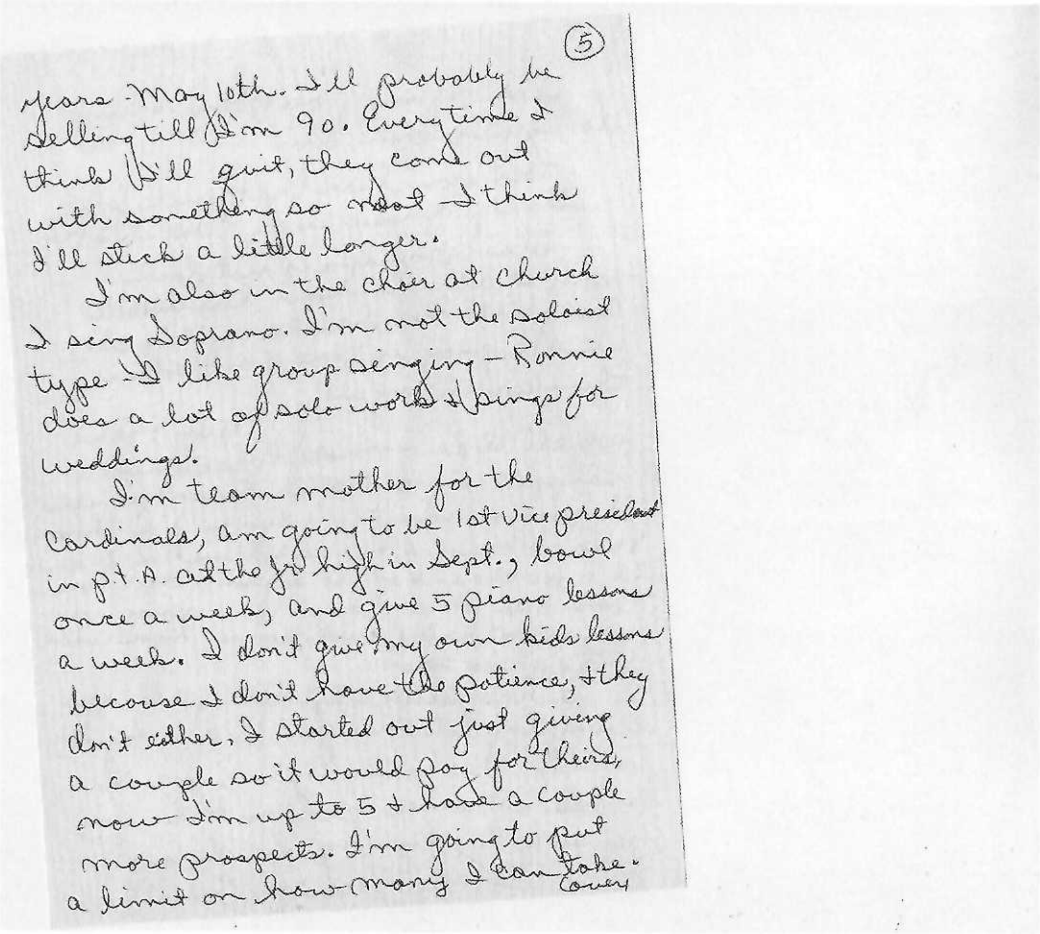
---

(4)

Ronnie works for L. R. Waterhfur. n underground. He sings tenor in our dult Choir. He manages the team Lance is on. He is on the worship committe at church + we are both starting on a family activities program at church to plan outings + ect. We both belong to Methodist Marrieds (I guess you would figure - we both would)

I'm a member of the womens Society at church + I belong to 2 circles. One circle is newly formed for younger gals with children - we call it 3 H, which stands for Head Heart + Hands. We are not a working circle like the other circles - we have a 5 min. devotinal - coffee + conversation, and learn to do something we don't know how to do. Right now we are learning to knit.

I've been selling Avon for 7



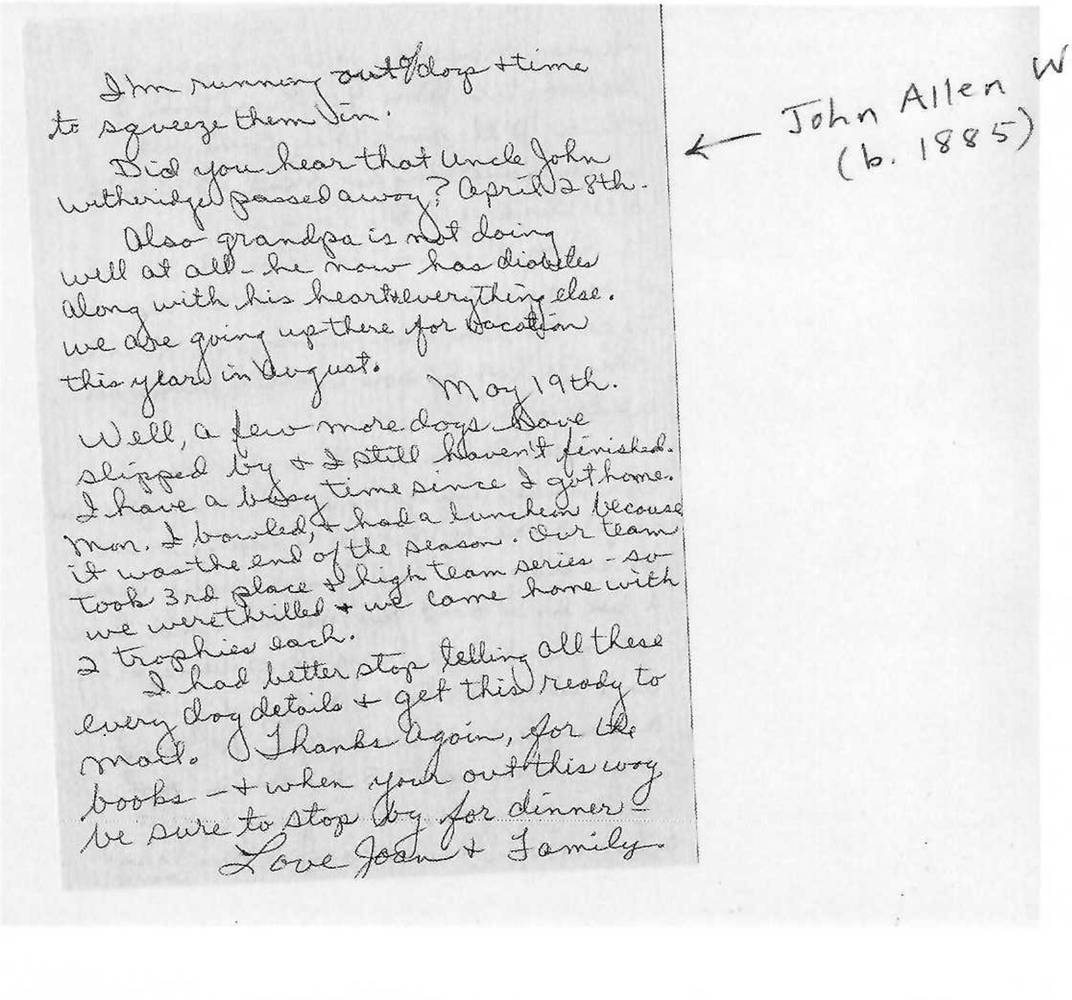
⑤

years - May 10th. I'll probably be selling till I'm 90. Everytime I think I'll quit, they come out with something so neat I think I'll stick a little longer.

I'm also in the choir at church I sing Soprano. I'm not the soloist type - I like group singing - Ronnie does a lot of solo work & sings for weddings.

I'm team mother for the Cardinals, am going to be 1st vice president in P.T.A. at the Jr high in Sept., bowl once a week, and give 5 piano lessons a week. I don't give my own kids lessons because I don't have the patience, & they don't either. I started out just giving a couple so it would pay for theirs, now I'm up to 5 & have a couple more prospects. I'm going to put a limit on how many I can take.

over



I'm running out of days & time to squeeze them in.

Did you hear that Uncle John Witheridge passed away? April 28th.

Also grandpa is not doing well at all - he now has diabetes along with his heart & everything else. we are going up there for vacation this year in August.

May 19th.

Well, a few more days have slipped by & I still haven't finished. I have a busy time since I got home. Mon. I bowled, & had a luncheon because it was the end of the season. Our team took 3rd place & high team series - so we were thrilled & we came home with 2 trophies each.

I had better stop telling all these every day details & get this ready to mail. Thanks again, for the books - & when your out this way be sure to stop by for dinner.

Love Joan & Family.

Dear Mrs. Witheridge,

I want to thank you for the book you
sent me, Never younger Jeannie.
I enjoyed it very much.
I want to express my thanks, I really
liked the drawings Virginia Bates did.
I want to tell you a little bit about
myself, I'm eleven I'm in sixth grade.
My favorite subjects are spelling + reading.
I love horses, in fact I'm reading Black
Beauty, it used to belong to my grandpa
he got it for christmas in 1925, its 44 years
old.
I'm a girl scouts and do a lot of
activities such as camping.

P.S. Its time for me to go to bed
so I'd better close my letter.
Thank you very much again for
the book.

Dear Joan,

It was so good to hear from you — and such a newsy letter! You are certainly a busy family.

Laura and Lance wrote very nice "thank you" letters. I think Elizabeth will want to say a word about them.

I thought you'd like to see a picture of our family, but the only one I had an extra copy of is this one which is six years old. So we've all changed a lot, especially the boys. Anyway, this will give you an idea of what we look like. The next time you write, maybe you'd send us a picture or two.

You sound like a very musical family. Both Elizabeth and I are interested in music, too. I'm not a soloist, but I've sung in choirs all my life — a tenor, like Ron. At one time I played the violin, but I didn't keep that up after high school.

Elizabeth plays the piano and has sung in choirs, though not recently. Her latest musical activity has been directing the children's choir at our church – Trinity Community Church (American Baptist). She got into this because she had taught music so much as a kindergarten teacher and as the director of many Sunday school departments. She hasn't done this for a couple of years, though.

Our boys aren't particularly interested in music now. Tom played the piano for a while and Jim played clarinet in the junior high band and now is trying his hand at the guitar. Tom graduated from Oberlin College last year and is working in Boston at the Mass. Mental Health Center. Jim dropped out of the Univ. of Minnesota and is working in St. Paul at the Goodwill Industries. Both are C.O.'s working two years on their alternative service.

I assume you are Methodists. Next year we are having Bishop Gerald Kennedy here as our Holy Week speaker. He was here several years ago and was very well liked. The Greater Minneapolis Council of Churches, of which I am the Executive Director, sponsors noontime services in a downtown church each day of Holy Week.

5/31/70 - 2

We were very sorry to hear of Uncle John's death. I never knew him because he left England before I was born. I'm sure all the Witheridges in California and Washington have had some very interesting gatherings over the years.

Death of DEW's uncle, John Allen Witheridge (b. 1885), whom he never met.

We're sorry, too, that Uncle Ed hasn't been doing well, what with his eyes and diabetes and heart. We heard from Margaret that your brother Robert is now up there running the store. That sounds like a grand arrangement all around. Margaret also said that Robert and bride now have a little Robert!

You may have heard from your grandpa and others that I am greatly interested in genealogy. I've worked not only on the Witheridge family, but also on all the other lines on both Elizabeth's and my sides of the family. This gets to be pretty extensive and complicated.

When you write again, you might

give me a little information about your brothers. I know Robert is married to Linda, but I don't know her full maiden name or the date and place of their marriage.

Is Larry married? If so, would you give me the full maiden name of his wife, and the date and place of marriage?

Also, do Lance and James have middle names, and where were they born?

We certainly did enjoy finally meeting you through your letter and look forward to hearing from you again.

Sincerely,

David & Elizabeth

Dear Joan + Ronald,

I just want to write a short note to tell you that we have been greatly worried about all of you in the San Fernando Valley since the earthquake.

The news coming to us has been dreadful, and we are afraid you have had damage to your homes and perhaps bodily injury. Please write and let us know what has happened and whether any of the relatives were hurt.

The enclosed clipping is the first one that came out in our paper, and you can see why we would be worried.

I can't take time to write much of a letter, because this is a very busy time for me. We just recently had our annual meeting of the Greater Minneapolis Council of Churches and now I am getting ready for a finance campaign.

Elizabeth is frantically trying to finish her latest book, which is about an American Indian boy.

We're anxious to hear from you.

Love,
David + Elizabeth

# California quake death toll rises to 44

**Related reports, pictures: Pages 3A, 1B, 10-12B**

LOS ANGELES, Calif. (AP) — Authorities kept a wary eye on a cracked reservoir dam and probed wreckage of a ruined hospital for bodies today in the wake of an earthquake that dealt death and destruction to Southern California.

Forty-four deaths were reported, nine of them heart attack victims. More than 1,000 persons were reported injured.

Officials said 15 persons were missing, some buried in the rubble of two collapsed buildings at a Veterans Administration hospital in the hard-hit west end of the populous San Fernando Valley.

Twenty-five bodies had been found in the hospital wreckage—two of them just after dawn today—and 55 rescued.

So heavy and so interlocked were huge chunks of concrete from the virtually leveled three-story structures that rescuers said it might be another day or more before all victims could be reached.

Although cries of "Help me! Help me!" could be heard Tuesday night, authorities said there was little likelihood of more survivors being found. The bodies of five persons were extricated in the night and early morning hours.

The shock at 8:01 a.m. (Minneapolis time) Tuesday was centered 26 miles northwest of downtown Los Angeles, and crumpled much of the concrete facing on the 150-foot high dam of Van Norman Lakes, the city's largest reservoir, and cracked its main structure of earth fill.

As water experts began draining it, police ordered an evacuation last night of some 80,000 persons in a 20-square-mile area of the San Fernando Valley which would be in the path of flood waters should the dam break. Officials said that barring a strong, new after-shock, it should hold.

The initial shock and lesser after-shocks caused damage likely to be reckoned in the hundreds of millions of dollars. Hundreds of commercial buildings and factories were damaged, along with uncounted homes, highways, bridges and public buildings. Los Angeles County estimated loss to its buildings, alone, of $125 million, with 427 damaged structurally and 42 evacuated.

Gov. Ronald Reagan surveyed the damage and said, "It's shocking. When you look at this you feel pretty helpless."

He alerted 10 National Guard units.

A big cleanup already was under way. In downtown Los Angeles and in communities in the San Fernando Valley, whose western edge is but 10 miles from the quake's center, the glass and bricks and crumbled mortar

*"It was the day almost everybody in Los Angeles woke up at the same time."*

# City Rules 298 Damaged Private Buildings Unsafe

The city Building and Safety Dept. yesterday reported 298 private buildings, damaged in last Tuesday's devastating earthquake, have been ruled unsafe for occupancy.

Included in the 298 buildings ruled unsafe for occupancy were 1017 dwelling units.

In the Northeast Valley area, police reported late yesterday that 69 homes had been condemned and residents ordered to vacate. The evacuees were sent to emergency centers set up at Charles Maclay and Pacoima Junior High Schools.

In a report prepared for Mayor Sam Yorty, the department said 925 private buildings suffered major structural damage during the quake.

A spokesman at the city Board of Public Works control center at City Hall said some of those structures could be repaired while others would have to be demolished.

City inspectors have checked 1603 buildings damaged in the quake, and there are at least 2666 structures still to be inspected.

The Building and Safety Dept. reported quake damage to private structures could go as high as $100,000,000.

The control center will close at midnight tonight and will reopen tomorrow morning.

Dear Elizabeth + David,
I was glad to get your note.
I have been going to write you
for so long - its rediculous. I was
going to write a letter at christmas
but couldn't find the slip of paper
I had your address on. I finally found
it + promptly put it in my card file -
Anyway, - I don't know where
to begin on the Earth quake - It was
really terrifying. Sylmar was hardest
hit (I think the count is almost
300 homes listed unsafe which
really means demolished. They have
not covered all the areas yet - so
I'm sure there are many more than
that.
We just got back our gas + water
yesterday. We didn't have electricity
for 23 hours. Our house held

together, + we were thankful for that.
Two of our block walls around
the yard fell - one hit our trailer
+ broke the window. Our third wall
is tilted + we think we may have
to knock it down.
There were three homes 1/2 blk
above us that were cracked in half -
as well as about 5 homes 2
blks to our left - so we were very
fortunate. A dresser fell on my
leg while I was still in bed - but
resulted in only a big bruise - we
all were uninjured - Mom + dad
had quite a ride up there in Newhall
too - there house suffered many more
cracks, + structure damage - they are
on cement floors + we are on hardwood
floors which makes a big difference.
There house was twice as bad as
my mothers brother - 4 units
away. Everyone had giant messes -

in their homes. Every cupboard emptied completely. We had a foot of debris - food mixed with chunks of glass. It took us a full day just to get the kitchen floor cleaned off - + of course no water made it difficult. we got water from a pool up the street for the big thrill of flushing the toilet once a day - we are on septic tank so we could flush if we had water - most of the people couldn't fush because the sewers were also damaged - they brought in out houses + have them throughout the area - also trucks with drinking water. The water we have now is muddy.

There was a home that caught on fire the day after the earth Quake. Of course with no water that was our biggest fear. Ten fire trucks came + put it ~~on~~ out - only 2 bedrooms were damaged, If that wasn't eerie because it happened almost the same time as the quake the morning before (5:30 AM) - It was pitch dark except for burning house + flashing lights + we were still getting after shocks every 15 - 20 min.

There are many people who still don't have water - gas or telephones.

You can drive 5 miles south of here + never know there had been a quake - The coverage on t.v. was mostly - the Vets hospital + the dam. The people under the dam area didn't have much damage + their utilities were restored shortly after the quake - but they had to be evacuated. we were in no danger of the dam.

Like our minister said when a man claimed - its an act of God - "what is it that your alive".

We really can't feel sad about

our material losses - its so good to be alive.

I'm sending you this picture that was taken this last summer in Port Townsend.

Grandpas eyes are doing much better + he has written a few letters - he went through a period when his eyes were really bad + he felt like a real failure + just sat around + felt bad - He came down here + spent a month - he went to eye specialist who really helped him + referred him to a good Doc. in Port Angeles Washington - We got him a tape recorder for his birthday - we - meaning mom + dad - my brothers + us, so you might tape a letter to him - I'm sure he would return one to you - (cassette type)

Mentioning Larry there was something about Larry you wanted to know - for (Family Tree) I forgot what - well must close, I'll try to answer sooner this time - Love Joan + Family

Dear Joan, Ron, Laura + Lance,

It's always fun to get your Christmas cards, Joan, because you always continue to write such interesting notes and make your family come alive. You make us want to meet you all some time!

We did have a great time in Britain. We were able to combine sight seeing, genealogy, visiting relatives, and ecumenical study.

Death of Esther Mary Duda (b.1915) →

Lance

Hi, hope everyone there is fine. We are busy working on our Christmas music + various other activities. Laura is going to leave the elementary school where she works + go to work for a presbytrin Nursery school so she can work with pre schoolers which she prefers - She has been going with a fellow for 16 months. They are pretty serious but no date set yet. Lance is working full time & dates someone different every week. Mom + dad just got a 32 ft. motor home - which is great because they travel

for about 5 months of the year.
Ron is still singing Barbershop + in church choir.

I'm still taking marimba lessons and singing in choir. I've decided to give up selling avon after 17 yrs + 7 months, thats long enough.

Have a wonderful Christmas
If your ever this way be sure to stop or call.

*At Christmas and throughout the New Year
may every happiness be yours*

Love Ron, Joan + Lance

Laura got married July 7th - to John peter LaCivita - they live just 1/2 mile from us + one street over from Mom + Dad in a Mobile Home park - Lance still dates different ones every other week now - he is 23 - Laura 26 -

My brother Bob + wife Lori are expecting again in March - their little Chad - is a sweetie always smiling + so kissable - miss not seeing them more than a couple weeks a year.

Brother Larry is driving a semi truck all over the states from Denver - they live in Manitou Springs with their 3 kids -

We are busy with our choir as usual - doing two performances of the Messiah with orchestra - I'm braving it + doing a solo - hope my heart survives it. Rons Barbershop Quartet is singing what child is the - at church Xmas - we just went caroling ——— Ron just asked me - If we were going to be lifetime choir members! Love Joan

Hi david
Well we got good news about ronnie's tests- they all came back good no sign of artery problems or heart- he was sure relieved to hear that- he was thinking that he probably would have to have surgery of some type. the bladder problem is almost over. the only thing that showed up was he was a little anemic and they want to do that fun colonostopy test. He had a pre cancer polyp removed about five years ago and he was due for a checkup so they want to make sure thats ok. they might do it when we get back from our trip.
We now are thinking we would be going through the Michigan area both going and coming home and would be going up higher in the states too as we come home so we could see you if you are going to be home.
we think we are going to leave about June 10th or 11th and get to Elmira about the 20th- the wedding is June 26th and we will stay for about 5 days after that before starting back.
We have Larry to see in Colorado- friends in Missouri and Iowa- Ron has an Aunt in farmington Mi and we have friends Mi and Pennsylvania- we hope to see other Witheridge family if possible when its best for them either before or after- if they have E mail addresses we could make plans that way.
We are getting things set up for mom and my moms sister lorraine might come over for a few days too to see mom- so its on and on hectic- i have my craft group and then Sunshine Girls tommorrow so thats about all I get done on thursdays.
Much Love

Joan

Dear Joan,

So glad to get your letter with the good news about Ron's tests. Now you're deeply involved in plans for your big trip. I'm looking forward to seeing you on your way home. Since I don't travel anymore, I'm sure I'll be here whenever you get here. It sounds as though it will be early in July.

I'm sorry I can't invite you to stay with me overnight, so you'll have to sleep in your motorhome. My son Tom and his wife Virginia have separated, and he now lives with me. Their ten-year-old daughter is with us about half the time.. So I don't have a guest room anymore. We'll work it out so you can meet Tom and Rebecca and also my son Jim and his partner, David Torborg. They're gay, and they live about a mile from me, so I see them about once a week.

In Michigan you'll probably want to visit Saginaw, where your father, grandfather, and great-grandfather lived. The only one of the family still living there is my brother John with his wife Janice and son Jay. The last I knew they were not on the Internet, but his address is P.O. Box 1807, Saginaw, MI 48605. They live at 1647 Brockway. (Phone: (517) 790-0821)

In East Lansing is a second cousin of mine, Joyce Aldrich (Mrs. Bruce). She is helping Kathy Witheridge arrange the Witheridge Reunion. (By the way, the date has been changed from August 22 to August 28.) Her grandmother was Betsy Witheridge Chivers, my grandfather's sister. Joyce is interested in genealogy and family relationships, and I'm sure she'd love to meet you. She may be able to get a few of her relatives in the Lansing area together also to meet you. Her address is 6555 Coleman Rd., East Lansing, MI 48823. (Phone: (517) 337-0319) Her E-mail address is bjaldrich@juno.com

While you are in Farmington, my niece, Jennifer Burke, may be able to drop over to see you. She lives in Royal Oak, not far from Farmington. She is the daughter of my sister, Louise Mark, who lives in California. I think you met her and her husband, Jim. Her address is 3920 Devon Rd., Royal Oak, MI 48073. (Phone: (313) 549-2070) Her E-mail address is jenni.burke@juno.com

On your way between Elmira and Michigan, either going or coming, you might want to go through Canada. (That way you could also go through Niagara Falls.) If so, you could stop and see Kathy Witheridge (the Witheridge Society North American Representative) and her husband Paul. They live in Sarnia, just across the river from Port Huron, Michigan. Their address is 343 Bright St., Sarnia, Ontario N7T 4G5. (Phone: (519) 336-9272) Their E-mail address is kathpaul@ebtech.net

Well, I guess that's all for now. Love,

David

Dear Joan and Ron,

Hope this reaches you before you leave. Glad things are about ready for your trip. You've done so much of this that you probably have it down to a science.

I told my brother John in Saginaw about your coming to Michigan, but he doesn't correspond very well, and he isn't on the Internet yet.

I'm looking forward to seeing you in Minneapolis. Perhaps you could let me know a few days before you expect to arrive. Do you need a map of how to find our place, or are you good at that sort of thing?

Love, David

Good to hear from you. Glad to know you're home safely. Sounds as though you had a wonderful trip home, in spite of some unpleasant moments. Enjoyed meeting you after all these years. Thank you for taking the time to come here.

We're in the midst of a heat wave here. We've had two 90 degree days already, and it's 96 here today with the same coming tomorrow. So I mostly stay in with my air conditioning.

On Monday the painter is coming to paint the south side of the house, as well as refurbishing the front and doing the kitchen ceiling. So we'll be in turmoil for several weeks.

Love to all of you,

David

Hi,

Loved the pictures! Thank you for sending them. Wonderful memories of those two days together. I don't take many pictures, so it will be quite a while before I finish the roll. I had just started a new one.

Sounds as though you still have a lot of traveling on the schedule for the rest of the summer. Hope you get the window fixed in time.

### The Twenty Third Psalm

The Lord is my Shepherd: I shall not want.
He maketh me to lie down in green pastures:
He leadeth me beside the still waters.
He restoreth my soul: He leadeth me in the
paths of righteousness for his name's sake.
Yea, though I walk through the valley of the
shadow of death, I will fear no evil:
for thou art with me: thy rod and
thy staff they comfort me.
Thou preparest a table before me in the
presence of mine enemies:
thou anointest my head with oil:
my cup runneth over.
Surely goodness and mercy shall follow
me all the days of my life: and I will
dwell in the house of the Lord for ever.

Rebecca Witheridge and relatives, 1988-93

Selected photos

# Editor's Note

This section contains 19 pages of pictures of my daughter and sweetheart, Rebecca Elizabeth Witheridge Schick (b. 1988), when she was very young (1988-93).

Aside from being Rebecca's proud papa, desirous of showing her off to the world in perpetuity, I realized the other day that this would also be an easy way to share the likenesses of her close Witheridge and Selleck/Meyers relatives, some of whom are no longer with us.

These by no means exhaust my supply of Rebecca pictures. I have whole shelves full of her — both still photos and videos — but I'm sparing you, because I know you're busy with your own life and loved ones.

# Editor's Note

This section contains five pages of photographs of Rebecca Elizabeth Witheridge Schick (b. 1988) and her husband, William Peter Schick (b. 1981), all taken in recent years. I took most of them, but some are selfies taken by Rebecca or Will.

They aren't in chronological order, but they are all recent. The final page is reprinted from the Rob and Cathy Staples section (p. 22) in the latter half of folder 1.64e; the quality is probably better in that version.

Louise and Jim Mark

50th Anniversary
Hemet, California
November 20, 1987

# Editor's Note

This section starts with three family pictures that have almost nothing to do with Louise and Jim but somehow ended up in their manila file.

Louise and Jim Mark (Louise Alice Witheridge [b. 1913] and James Frederic Mark, Jr. [b. 1914]) were Dad's older sister and her husband. They were my beloved Aunt Louise and Uncle Jim.

The Witheridges and Marks were very close emotionally and in other important respects (the one exception being politics: Aunt Louise couldn't resist warning us that "the Democrats are taking us down the road to socialism"). In fact, the four adults solemnly agreed that — should anything happen to either couple — the other two would finish raising their children. Whenever we went back to Saginaw, Michigan, to visit my parents' respective families and longstanding friends, my brother Jim and I would stay with the Marks and their kids, Jaimie and Jennifer (now known as Jenni), while Dad and Mom stayed with Mom's dearest friend, Grace Perry, and her sister Marian.

Dad's thick Louise and Jim Mark file contained correspondence that was mostly nongenealogical in nature; I have scanned some of it here but have saved the rest for Jaimie and Jenni to keep or toss.

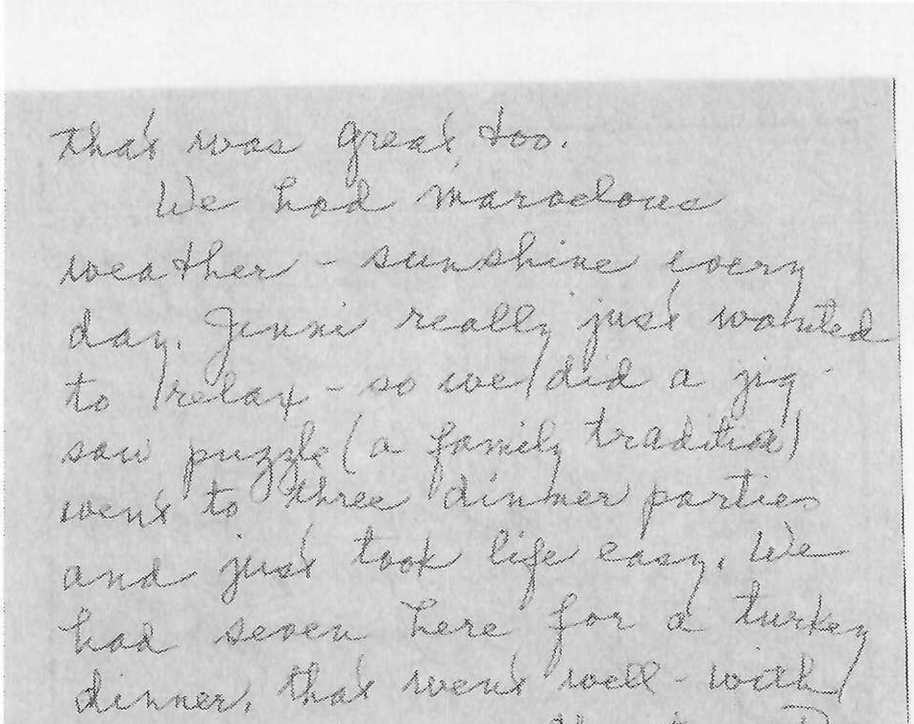
Happy New Year!

And thanks loads for this big box of note paper! I love it - even has my address on the envelope!!

We know you were as happy as we were to have your "kids" home for Christmas. Of course we only had Jaime and family by phone - but

Louise



that was great, too.

We had marvelous weather - sunshine every day. Jennie really just wanted to relax - so we did a jig-saw puzzle (a family tradition) went to three dinner parties and just took life easy. We had seven here for a turkey dinner, that went well - with Jennie's help, on Christmas Day.

Jennie picked out a pattern and yarn for a sweater I'm making her for Christmas - a vest - really. I've almost got it done already.

Jennie got along fine with her car rental and arrived Mon. before Christmas and left the next Sun. after lunch. We loved having her here so long. She visited

her friends, Prof. & Mrs. Nye (from Macalester days) at Lucadea Sun. night and her plane left Mon. at 11:00 a.M.

We're so happy to hear about Tom and Virginia's boy to arrive in April, and pray for a good journey!

Jim will put in a ~~note~~ (I can't seem to write today!). Stay well - all of you - much love -

Louise

Dear Ones –

Such "spiffy" note paper. I thank you much.

Took down the outside lights today but Louise clings to the tree for a few more days. Then our holidays are over!

Very cold nights right now. Gets down below 50°!! But our Tangelo tree gave us a good crop this year. Maybe next year for oranges and grapefruit.

Love –

Dear Elizabeth and Dave,

Thanks so much for the *Newsweek* article. We are also very proud of Tom and Virginia and their very important work. It's not everyone who can do that kind of work! Takes a lot of compassion! Los Angeles sure could use *Bridge*! There is a great problem here with discharged mental patients who become homeless street people.

We are finally getting our 60's daytime winter weather. It was so lovely over Christmas & New Years that our peach tree has blossomed! Now it gets down in the low 40's at night and we may lose our peaches this year. Our tree was loaded last year.

I imagine you got Jennie's

"form" letter she wrote for relatives and friends. She sent us a copy and we were surprised at how many things she is involved in! At least she hasn't much time to get lonely!

Jim is rehearsing now for the *Elijah* to be performed Feb. 9. That means two choir rehearsals a week! This week he also had a scout committee meeting. So he will be gone 3 nights. I do needle-point and watch TV or play tapes.

We haven't been up to the pool for exercise class for quite a while. Too chilly! I only go when it gets above 70°!

We have started our New Years weight loss program but haven't had great success yet! Ho-hum!

Stay well - much love - Louise + Jim

Dear Elizabeth and Dave,

Isn't it fun to be planning for a new baby? That baby is going to have lots of people cheering for him! Virginia's note about their nursery sounds delightful! I can certainly imagine how excited you all are! We are too!

I don't know yet what I'm going to knit, since I have to look for a new baby pattern book. But whatever I make will be *big*. I remember how big Tom was!

Yes, we did know there was a nice wooden tray with the fruit but we didn't know about the *date palms*! Good! It will you remind you of your CA relatives! Right now with the below zero reports in eastern U.S. we're very glad to be here with the palm trees!

I'm looking at and smelling a lovely bouquet of sweet peas that Cliff ga~~[illegible]~~ve me yesterday! On Monday we drove down to La Jolla with C. & D. to the Doctor and saw masses of so-called freeway flowers - a yellow and orange colored ground cover that the highway Dept. plants ~~along~~ along the freeways, Just beautiful! We also have some trees blossoming so it is beginning to look like spring - but it is chilly. In the 60°'s today - 30°'s at night!

I'm glad you had a note from our "kids". They are so involved, that we don't get as many letters as we used to. We did get a nice letter from Amanda and Penny and Jenni - but Jason and Jaimie only add a word or two on the bottom of Penny's letter. So you are lucky to hear from Jason! We're certainly looking forward to being with them this summer - and to seeing you! We'll let you know soon when we expect to be in Mpls. It will be in the first part or middle of June. Depends on when we leave and how we plan to go. I'd like to go to Salt Lake City and Denver, we have never been there. That way would take us thru the Rocky Mountains, also. I understand the Mt. flowers would be beautiful at that time.

Our church has a communion service tonight - then Jim has choir practice after. I'll go to the Library (just two blocks from the church away). I'm reading Texas by Michener. Fascinating - but such a big book to hold!

Keep warm and stay well -

Love - Louise and Jim

P.S. Thought you might like Virginia's note back. L.

Dear Elizabeth and Dave,

Just a quick note to tell you some sad news about our trip next summer. We will not be able to drive our car as we have been advised ~~to~~ it might not survive! So, we

Louise

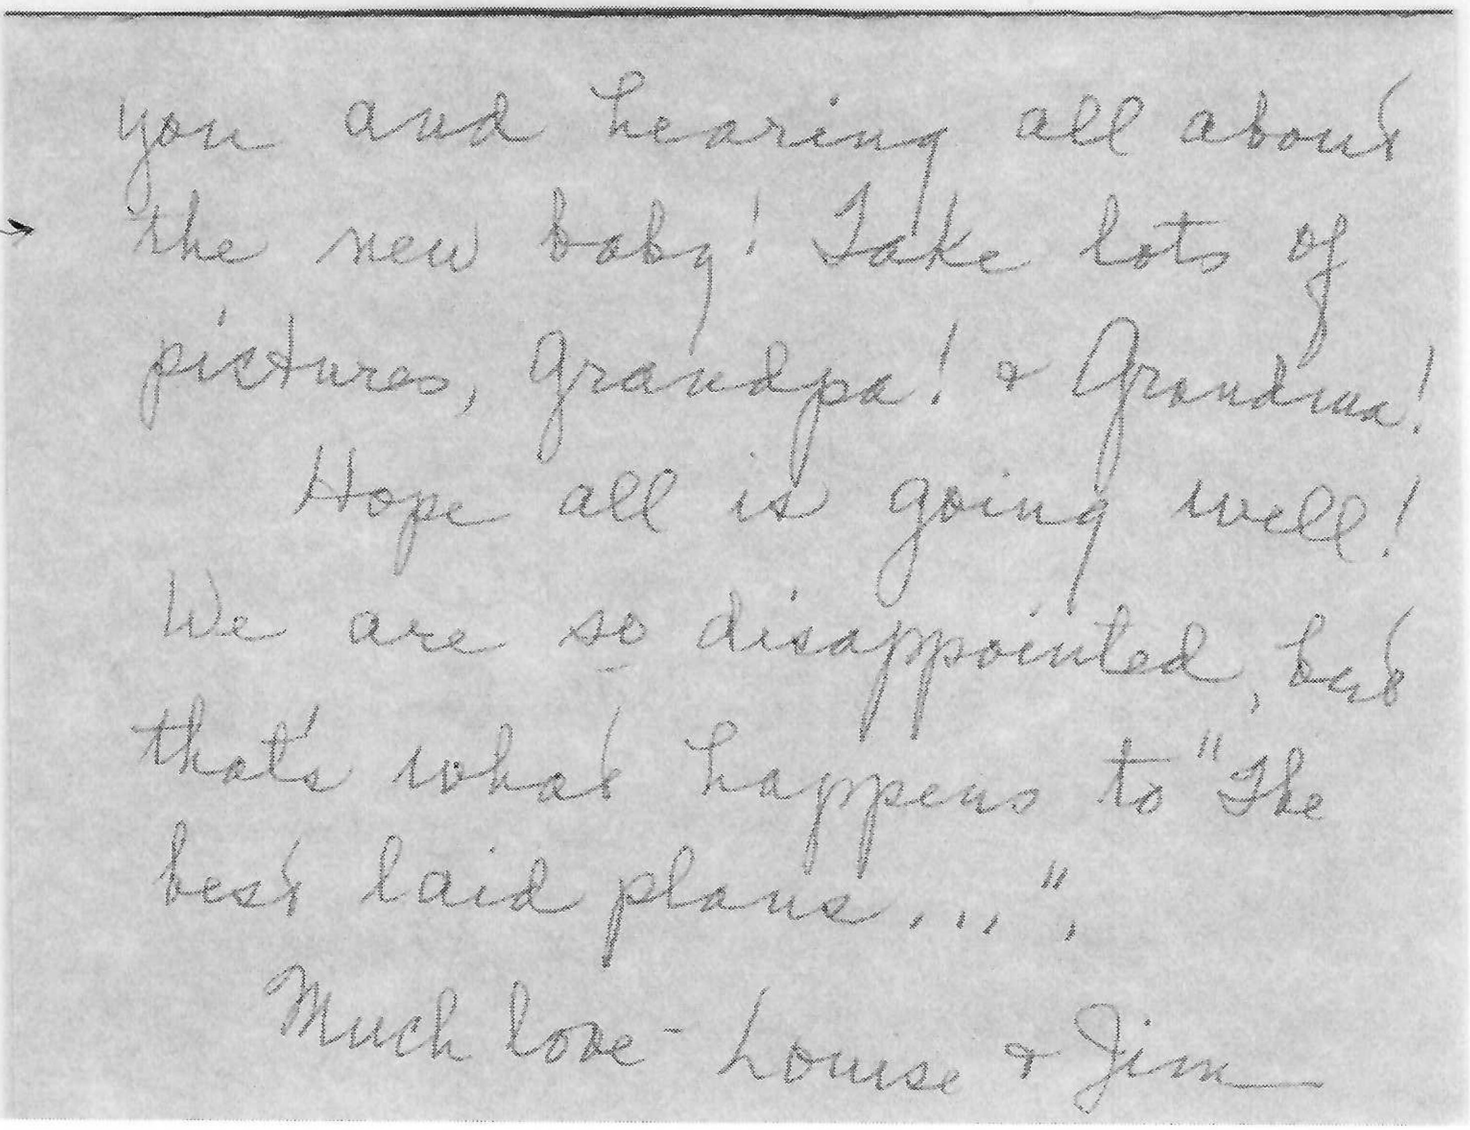
are flying directly to P.E.I, from Los Angeles in July to be with our "kids" for a month. The airline only allows us to stay one month. Maybe that will be as much as we ought to stay!

We are taking a low cost flight that unfortunately doesn't come to Mpls! It goes to Chicago - Toronto - Charlottetown. We have to stay over-night in Toronto.

We decided to take our MN and MI trip the following year - not try to do it all in one year, since we will have to fly not drive.

We will miss seeing

[David Ash Witheridge (b. 1986)]



you and hearing all about the new baby! Take lots of pictures, Grandpa! & Grandma!

Hope all is going well! We are so disappointed, but that's what happens to "The best laid plans...".

Dear Elizabeth and Dave,

We received the beautiful card from Tom and Virginia about the David Ashe Witheridge Memorial Fund. That is such a fine idea and will be a real contribution that David's short life can make to other families in the future who may have to go through similar tragic events. Tom also included a note about Davey (his word) that was very sweet and meaningful. We will none of us ever forget his short turbulent life. He really made his mark on all.

I imagine you are beginning to get the look of spring in your area. We have had lots of rain - so all is nice and green!

Penny writes they have rented a lovely, big (4 bedrooms) house, in P.E.I. We are all looking forward to a great summer.

Our friends the Mortons bought this note paper last year in Mpls.

Dear Elizabeth and Dave,

I thank you and Beethoven for saluting my birthday! It was a special day - we all went to a Chinese restaurant to celebrate, and you know I loved that.

You may have noticed we are in a heat wave here! It was 108° yesterday - 98° today

We went to pool exercises - but stayed in our cool house the rest of the time. I did some braille transc. and some needle-point and read. Jim went to the pool - read - and tonight he has gone to a scout Committee meeting. We look forward to our 2 months by the ocean with Jaimie & Penny.

We leave July 7 and return Aug. 28. Jaimie & Penny phoned on Mother's Day and said Burridges plan come to P.E.I. while we are there. Amanda has been accepted into the Ottowa Ceremonial Band for the summer - but she may get a 3-day pass while we are there, in Aug. She plans to buy a new flute with some of her earnings Jason will be at P.E.I. and we

Dear Dave:

Ministerial Joke Number 114:

A minister was counseling a young lady, who told him she had already made her plans for a full life.

"I will marry four husbands," she said. "First a millionaire, then an actor, then a minister and finally, an undertaker."

"Why those professions and in that order?" asked the minister.

The lady replied, "One for the money, two for the show, three to get ready and four to go."

Dear Elizabeth and Dave,

As you can imagine we are in the midst of preparations for our trip to P.E.I. We've been cleaning out drawers, correspondence box and in general trying to plan what to take. Here are some pictures I had in my camera. We took the rest of the exposures so we could start fresh!

We've had great strawberries this year. Our peaches were

Louise

good, also. That's one thing we love - always good fruit and produce, any time of year.

It is getting very hot - so we are eager to get to Canada for some cool sea breezes.

Jaimie & Penny phoned on Jim's birthday and said Penny had a job accompanying the Children's Theatre! It is just 1 hr. on performance days - but it pays her $3400.00 So she couldn't pass it up! So - we will be able to help out with meals and house work. That will make us feel more useful. They like the house they rented very much. Jason has a job at the Dinner Theatre - but not acting - he's too young - he's going to wash dishes! He thought that would get him acquainted with the manage-ments (for next year when he will be 18 yrs. old).

Jim and I go to the pool every day for exercises. That cools us off!!

Hope you have a lovely summer! We'll send you a card from Charlottetown. The address will be: 200 Mt. Edward Rd., Charlottetown, P.E.I. Canada - Phone (902) 892-6773. We'll be there July 8 - Aug. 28.

Love -

Dear Elizabeth and Dave,

It was fun getting your letter at P.E.I. but we are as much at sea as you are about the earthquake damage in our Park! We can only assume that it is not too bad or Dora and Cliff would have let us know. We have not had any direct news from Hemet so perhaps we were lucky. At least we were lucky not being there ourselves! The papers have been warning it might happen sometime soon - but they were very indefinite about it because they can't predict exactly when. We told Jim it happened

② because he left and upset the balance!

Things are pretty rushed here because everyone is on a different schedule. Penny was asked at the last minute to accomp. the *Children's Theatre* every afternoon except Sun. and two mornings. Jaimie plays every night but Sun. and two afternoons - Jason works breakfast, lunch & dinner coming home between! So we go to the beach *Sun*. and take a picnic. We have one big meal a day - the rest of the time people get their~~s~~ own food. Jim and I *try* to help as much as we can. This house has a dishwasher so that helps a lot.

We've been to two shows and are going to Jaimie's "Swing" again tomorrow night. We also went to a lovely noon-time organ recital in a beautiful old Cathedral yesterday. Then we shopped and waited in the library for Penny. Needless to say we are enjoying ourselves very much.

Give our love and best wishes (for their disertations ~~disertations~~) to Tom & Virginia when you see them in August.

④ By the way those strawberries were *not* our own. They came from *Fallbrook* - south and west of Hemet (us), We are now in the *strawberry* season here (P.E.I.), much to our delight. We think they are even sweeter than our CA berries! It is beautiful and *green* - green. The ocean is great! Air is refreshing. It is a lovely *interlude* for us - away from the CA 100° temps.

Thanks for the letter.

Much love from all,

Louise & Jim

Dear Dave and Elizabeth,

I don't know how quick the Canadian mail service is so you may get this very early! Your last letter came here in just 3 days - we were amazed.

We've all been discussing the unseasonal weather that seems to be widespread. We wonder if Chernoble has been responsible? It has been very cool, cloudy and raining here - most unusual - J. & P. say it was hot and sunny most of the time last summer when they were here. We don't mind as much as J. & P. because we have hot & sunny weather most of the time in CA.

② But J. & P. need the sun - for the long winter months ahead.

Yesterday there was a big Cast Party at a beautiful farm by the ocean. It didn't actually rain but it was cloudy and misty some of the time.

Everybody had fun - tho' - races for all ages - lots of food. All the families of the cast and back stage people were there. It was fun to see the little children! We don't see many tiny ones in our Senior Park! We all came home bushed - and sleepy.

Jim gets exercise every

③ day by walking Bro - the dog. She is a lovely German Shepherd (sort of) and they still have their first cat - Tracy. She is pretty old (we think, 16 yrs.) She is a little deaf and has one ear that has tumors that are sores because she scratches it - but she seems contented! Strange! During her life she has had many harrowing escapes - so we know she has 9 lives. Their other cats died a few years ago. But Tracy endures!

We're enjoying the shows at the Festival - still have two

④ to see - Penny's Children's Theatre, "Rapunsel" and a play - "Salt Water Moon". It is great for us!

We don't know if Jenni will be able to come over or not - she is uncertain about job and money and other engagements.

Everyone here sends you fond greetings and hope you have a great birthday.

Love - Jim and Louise
and family.

Dear Dave & Elizabeth -

Excuse the gosh-awful paper. It's what I found in the desk.

Last Monday (4:00 AM) Louise fell over the dog in an unlighted hallway and was taken to Queen Elizabeth Hospital with what we thought was a broken hip. The doctors scheduled a ball & socket replacement for Wednesday last but kept taking pictures because they couldn't seem to agree on the break

On the morning of the proposed operation, they agreed that it was not a broken hip but a cracked pelvis which is certainly bad enough but at least surgery is not required. Louise is resting quietly and should be discharged at the end of the week. She sat up for 15 minutes yesterday.

We think we will stay here in P.E.I. after Jaimie & Penny go back to Sackville until Louise is able to fly back to L.A. Whether she can take the trip to Hemet in a car or if we will need an ambulance is something contingent on her rate of recovery.

Sure a poor finish to our vacation but we are so thankful we saw all the shows early. "Swing" was the big show which we saw twice. Jaimie came down front of the big band to a microphone in the spotlight to play the Bennie Goodman solo to 'Sing-Sing-Sing.' He brings down the house!

I don't think Louise will be in the hospital long enough for you to send a card so I won't bother you with the address. Will keep you posted when we know departure dates.

Surely we should be on our way by September 10th.

Love -

Jim

Dear Elizabeth and Dave,

We are so happy to hear about Tom's orals and perhaps by now he has his Ph.D.! Congratulations to him and to you! And when Virginia gets hers - you'll just be a family of Drs! It's a tremenduous accomplishment!

I don't know if Jim told you or not but I spent the last 2 weeks of our marvelous vacation in the hospital! I fell over the dog who was lying in a darkened hallway in front of the bathroom door. I crashed down on the hard bathroom floor on my right hip. (4 o'clock in the morning). They rushed me in ambulance to hospital for X-rays

⑫ and decided I had a fractured pelvis and cracked hip. I couldn't move my rt. leg without great pain. They took loads of X-rays and found I had lots of arthritis in that hip. I didn't know that - although I was sometimes stiff after sitting and couldn't go up stairs more than one at a time.

They were planning on doing a hip replacement. Then they did some more X-rays and decided the hip wasn't cracked - so didn't do the surgery - thank goodness. The Dr. said I may elect to have that done at a later date.

So they decided I just had a severe bone bruise and after 13

③ days in hospital let me go to the house J. & P. had rented for the summer. I still had to have a walker. On Sept. 10th we flew home with aid of wheel chair and Dora and Cliff picked us up in L.A. and with lots of cushions I got home O.K. For several days I was very sore and tired but today I feel much improved. I still use the walker and have to sleep on my back as it is too sore to turn on my side. However, last night I turned slightly on left for awhile. I feel very lucky to get along so well - but it put a decided damper on

④ the end of the summer. Jr. & P. & Jason & Amanda had to go back to Sackvill on Sept. 2nd but the landlady was very nice and let Jim & I stay until the 10th. In fact she took us to the plane. The people couldn't have been nicer both on the Island and at Air Canada.

Jim has been cook, bottle-washer-nurse and general man-of-all work! Hope he doesn't get sick! He has been magnificent and cheerful, too!

That's all I've got energy for! Bye for now - Love - Louise/Jim

Dear Elizabeth and Dave,

Hope Elizabeth's throat is back to normal by now! That is *no* fun.

We were delighted to get a phone call from Tom while they were in Anaheim (sp?) *CA*. We would love to have seen them but Hemet was just too far for them as they planned to travel north to San Francisco & Napa Valley. We are east and south toward Palm Springs. They said they liked CA - so maybe they will come again. We'd certainly be happy to see them and we have an extra bedroom. We wish some winter when you are tired of snow - *you*

② would visit us for several weeks. You would like our valley - and beautiful weather!

Dave, I'm enclosing the clippings (and (not of funer) pictures) Becky sent me of the funeral - As usual there are lots of errors!

Becky said if you would like her to send you Clara Mae's papers (letters etc.) just drop her a note. I think they could be sent UPS. I believe I gave you her address but just in case -

Mrs. Dale Adams (Becky)
3041 Stanton Circle
Carmichael, CA 95608

I'm also enclosing a few pictures we took at P.E.I.

③ plus Jr. & P.'s business card. They play about 10 concerts every season in various places in the Atlantic Provinces. They love it - it pays well - and makes good contacts for future students at Mt. A. Now that Jason and Amanda are grown up they can go away with no worry.

Jason will be in a Mt. A. production of Hello Dolly this winter - Jaime conducting. Jason is a H.S. senior but takes voice lessons at Mt. A. so he usually gets to be in the musicals. He enjoys that very much. He may

④ decide to go to Mt. A. next year majoring in Drama & Music. There is a drama school in Nova Scotia he is looking at — also one in Toronto. So — we'll have to wait and see which one he chooses.

Becky said the funeral was nice. She wrote a short history of Clara Mae to read. I thought that was very nice of her.

I added Bill Witheridge & V. Anne Sorensen as Grand nephew & Grand niece to the list the lawyer sent. Perhaps you thought of that, too.

I'm much better — walk without a cane now. Go to pool several times a week.

Much love — Louise & Jim

Dear Elizabeth and Dave,

This year is going by just as fast as last year! Feb. already!

I'm wondering if your weather is still "boring"? The news shows very cold temps in some areas and lots of snow in the East. Jenni says they haven't had much snow - but it is cold.

We've had warm and cold days - cold nights always - so my electric blanket has been on every night.

We're very happy for Tom, that he now has his doctorate. It is very important in his field and Virginia will be very glad when she has hers, It certainly is a good idea to wait for another pregnancy until she is over with that dissertation. We know how proud you are of ~~both~~ of them. They work so hard at their profession and do such a good job.

We are both fine - take things very easy. I'm knitting myself a vest just like the one I made Jennie for Christmas. Very pretty.

Jim is going to the Scout Annual Banquet in Riverside on Sat. He is not active in a troop or committee but likes to keep in touch with Scouting.

Stay well! I'm enjoying the cheese! Almost gone now!

Much love - Louise & Jim

Dear Elizabeth and Dave,

Loved your Valentine and notes. Just can't resist answering right away!

No, Dave, we haven't heard from John and Janice for ages. We send Christmas cards, too, but

Louise

John Meredith Witheridge (b. 1922), their brother, and John's wife, Janice Elinor Wertman.

never get any from them. We quit birthday cards after Janice said she didn't want to celebrate birthdays with *family* (when we were in Sag).

We were not surprised at their rudeness to Kim & Roy! Probably they were too embarrassed to visit with people who knew so much about *your* geneological activity! We had a good chuckle about them being told that Dave knew more than any one else about Witheridge ancestors! They are very silly! Remember Janice visited Aunt Clara Mae and asked her a lot of questions - and she also told her that you knew more than she did! Funny!

We can see why Kim & Roy

couldn't believe John was your brother, Dave!

Jim and I saw our Doctor today and so far all is well!

Thanks - we love you, too! Louise & Jim

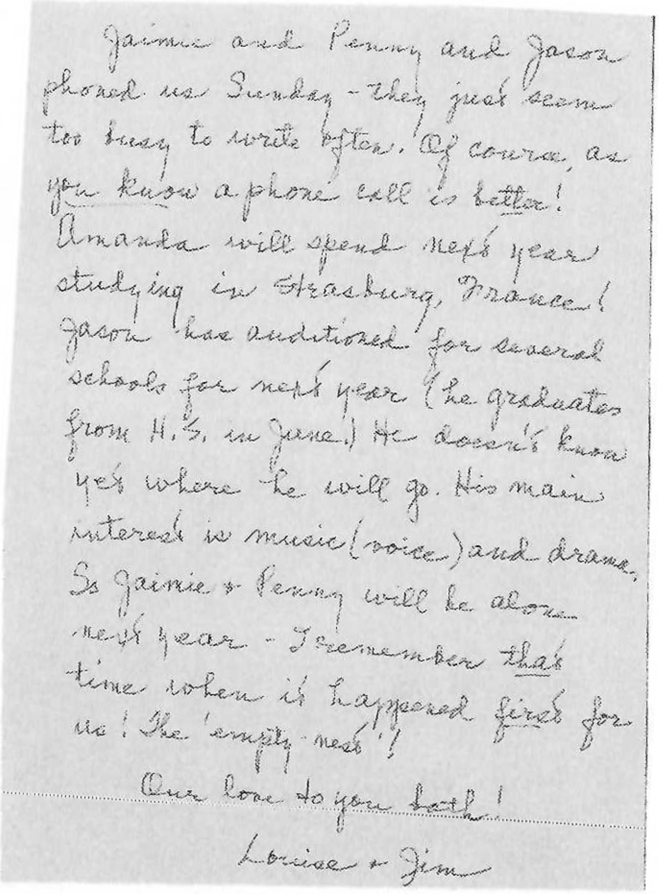
Hi!

We hope you are having some lovely Spring weather. It is beautiful here - very summery - in the 80's. That doesn't seem hot to us - because it is so dry, I guess.

I'm fine but Jim is on a "no fat - no eggs" diet because of very high triglyceride count. So - we eat a lot of fruits + veg. - chicken, turkey, fish, liver. He goes back for another blood test next Mon. to see if the diet has brought it down. If not, he will need medication of some kind.



Jaimie and Penny and Jason phoned us Sunday - they just seem too busy to write often. Of course, as you know a phone call is better! Amanda will spend next year studying in Strasburg, France! Jason has auditioned for several schools for next year (he graduates from H.S. in June.) He doesn't know yet where he will go. His main interest is music (voice) and drama. So Jaimie + Penny will be alone next year - I remember that time when it happened first for us! The 'empty nest'!

Our love to you both!

Dear Elizabeth and Dave,

Thanks so much for the cute card, note and the letter about Rev. John Witheridge. It's fun to think that we may have a relative who was Chaplain to the Archbishop of Canterbury and now at Eton!! He certainly sounds like he belongs to our family line!! He'd fit right in!! Ahem!

I'm sure you had a great time at Tom & Virginia's. I envy your living close enough to visit your 'kids'. We have to be satisfied with phone calls which I was lucky enough to have on my

② birthday. Talked to all of Jaimie's family - for once they were all home!!

Jason as been accepted by Humber (sp?) at Toronto. That's the place he especially wanted to attend. It is a Performing Arts School - very prestigious, I believe. He auditioned for 3 schools and was accepted for all but Toronto was his first choice. So - he graduates June 11 from H.S. and goes to P.E.I. for the summer (he'll probably get a 'waiter' job for summer) then goes to Toronto (the) last week in August. Hopes to find an apt. with a friend of

Amanda will work at Mt. A. this summer and live in their house while J. & P. & Jac. go to P.E.I. Amanda has her passport in the works for going to study in France next year (U. of Strasburg). Amanda is going to the provincial music festival at Campbelton, N.B. as first place winner (in flute) on the local level. If she wins there she goes to the Nat'l Competition at Newfoundland! Amanda also won some money for high grades this year. What a girl!

Penny is playing for a group of Canadian composers as they make a recording for the Canada Arts Council (I guess!)

You can see they are all very busy. Penny has done a lot of accomp. this year. She likes that better than teaching! (She is still teaching part-time).

Jenni has a new job at the East Detroit Public Library and she likes it very much. She will also take some library courses

Jennifer (Jenni)

⑤ at Wayne State!! The only draw-back to all this is she has to drive so far every day!

Jim is doing very well - sticking to his diet and he goes back June 2nd for another blood test.

I'm fine! This very dry, hot weather is great for my poor old joints.

Dora + Cliff took me to lunch on my 80 birthday. We went to a Mexican restaurant we hadn't been to - it being 'Cinco-de-Mayo' - a Mexican Holiday. Enjoyed that very

⑥ much. I like Mexican food better than Jim does.

Well, I never intended this letter to be so long. Just thought I'd bring you up-to-date on our family! It's a very exciting time for them! How I remember when our kids took off! I'm glad we don't have to go through that again! It's fun to hear about it, however.

Have a nice summer - we have 90° weather already! But I love it! Stay well!

Lots of love - Louise + Jim

Dear Elizabeth and Dave,

I guess you are back home by now from your trip to Michigan, via Chicago. Aunt Helen tells us MI is beautiful now. Wish we had been able to visit MI this year - maybe next year.

I guess I told you Jason graduated from H.S. this year, too. Jaimie & Penny phoned Jim on his birthday and said Jason had been to Toronto to find a place to live next year. He flew from Charlottetown - his first plane trip. After they had left the airport - Ji. & P. got a phone call - it was Jason - they said, "where are you?" - He said "we're back in Charl. - the wheels wouldn't retract - so they came back to check what was wrong!" Pretty exciting first plane trip! Penny said soon they saw the plane go over again with both wheels down - so they must have flown to Halifax that way. Any way all went well - he found a house he will live in with 4 other people - so all set for Sept. Jason is very excited about living in a big city. He never liked Sackville - too small!! Jaimie says its exciting for Penny & him, too.

Glad you called John, Davis ~~[illegible]~~, I often feel like doing that - but never have since we moved to

CA. I'm sure John was pleased. He has no one of his family around anymore - just Janice's family. Sounds like Jay isn't married?! Sorry about the business. Well - they should do better soon. Here in Hemet building is booming - May be people are going West again!

No, we haven't heard about the new Nemitz and Tomke relatives - love to hear about them!

Congratulations to Jim! That is not an easy accomplishment. That AIDS problem is terrible. Not likely to get better very soon either. We can just hope they find a vaccine.

I'm enclosing a clipping I thought you might find interesting (from the Tawas paper we still take).

J. + P. are looking forward to a pleasant restful summer. We're having a hot one - but we are enjoying the pool every day! Jim is fine - eating carefully. So we expect the next visit to the Dr. should show a lot of gain. Jim has finished putting stones around the fruit trees and along the drive way. Looks very neat. Will keep weeds down, also.

Hello! to Mable - I'm sure she will enjoy being in Mpls with you. We'd love it, too!

Much love - Louise + Jim

[Sept. 1987]

Dear Elizabeth, (& Dese)

How the years roll around! We just must be thankful they have been so good to us!

We hope you had a jolly day. Did the "Lunch Bunch" take you out to lunch? I always enjoyed going with you to your luncheon. We have a group here that goes out every Thurs. (the day we have our hair done!) We go to different places - Chinese, Mexican, Cafeteria's, Sizzlers, etc. It's fun and saves us from cooking and doing dishes!

Our grandson, Jason, is now in Toronto at Humber, and Amanda is in France at U. of Strasbourg. She has earned all her expenses by Scholarships and playing in the Mustang Band! Even $400.00 of new clothes!

Jason earned enough to buy his $350.00 microphone and some of his books. College is so expensive now! Jaimie was glad he had a summer job to help out.

Jim is doing very well, stays on his diet and we go to the pool every day.

I'm still having some pain from my arthritis in the hip - but not too bad. I just can't ride in a car too far or I get stiff!

Hope you are both well.

Lots of love!

Dear Elizabeth and Dave,

Happy New Year! May it be a healthy one, too!

What a wonderful Christmas we have had - as I'm sure you all have had, too! It is so good to have Jenni for a few days. She left on Sunday - just ahead of the storms that blanketed the Mid-west. Jaimie and Penny phoned on Christmas so we were together, sort of.

We all enjoyed sampling the goodies in the box you sent! Thanks loads! I also am very glad to get the diary, Elizabeth. Haven't had one for a number of years.

② I hope the storm didn't affect Tom and Virginia's trip back to Chicago. It certainly slowed a lot of travel!

← Amanda

Amanda is having a great time in France. She has been attending Opera and Ballet and went to Paris during Christmas vacation!

← Jason

Jason was home for Christmas so J. + P. weren't too lonely. Things do change as our children grow up.

Our weather has been chilly and rainy but it is warming up today. Lots of snow on the mountain tops! Pretty!

③ Jim sent this article to the Tawas paper. They didn't put everything he gave them in. But it was pretty good. The picture turned out well.

← 50th anniversary
(see next page)

The snapshot was taken at the Anniversary dinner. Thought you'd like to see one of Dora & Cliff, too.

We have been enjoying the tapes on our new VCR and have seen 4 movies that we can borrow from our Public Library! They have old ones and some new ones on a revolving basis. Great! It costs $2.50 or more to rent the video tapes. It's fun to see the movie without commercials like on TV!

We hope you stay well,

All our love,

# Celebrate golden anniversary

Mr. and Mrs. James Mark

HEMET, CA. — James and Louise (Witheridge) Mark celebrated their 50th wedding anniversary on November 20 in Hemet, Ca., to where they moved from Tawas City in 1983. Clifford and Dora (Mark) Stockdale hosted a dinner for the Marks and a group of friends.

Jim Mark graduated from Tawas High School in 1932 and Louise from Saginaw High School in 1931. After marriage in Indiana, the Marks resided in Battle Creek, Saginaw and Grand Rapids, where they engaged in careers of business and music.

The Marks returned to Tawas to live in 1969 where Jim was employed by Schreck Lumber Company and by Schaaf Lumber Company. He was an active scouter, serving as Round Table Commissioner and receiving the Award of Merit, the Silver Beaver Award and the Vigil Honor of the Order of the Arrow while in Tawas.

Mrs. Mark is a past-president of the Twentieth Century Club of Tawas City.

Their son, Dr. James III, is an associate professor at Mount Allison University of New Brunswick, Ca. and daughrer Jennifer E. Burke lives in Royal Oak.

Dear Elizabeth and Dean

I was so delighted to hear that you were planning a trip to England this Spring that I just had to write again right away! That is such a good idea - to take the trip while you both are feeling good and able to really enjoy yourselves. I was hoping you could do that. I'd love to make that trip, too, but since that is out of the question I'm very glad you are going, and I will have a vicarious joy thinking and hearing about it.

We just received our Christmas gift from Amanda from France! It takes so long to get mail from France to CA! She mailed it Nov. 25th and we got it Feb 2nd!

But we were thrilled - it was a beautiful big Art Calendar of six lovely Renoir prints. We're going to get a nice frame for them and then we'll hang them up and can change the picture every other month.

Jim donned his Scout uniform and hat and went down to the Hemet Mall today to judge the Scout exhibits. He still does those kind of things for

③ the local scouts - but doesn't go to any meetings.

I agree - it would be fun to look at your beautiful snowy scene - but I'll be glad to just look at pictures of it. Penny says they have had amazing amounts of snow this year. Lovely to see but I'd rather not have to go out in it. We could drive up the mountain and see it - but I like it better from our sunny valley! It is 72° here today in bright sun. It is so good for my arthritis! I feel fine and so does

④ Jim, so we are happy to be here.

It is time now for us to set out new plants in our patio boxes. We're now enjoying some of the grapefruit we planted 4 yrs. ago! We had quite a few tangelos this year and lemons (these are ever-bearing). That's another plus we have living here - fresh fruit in our yard year around.

I'll love to hear your ✓ plans about your trip!

Much love,

Louise & Jim

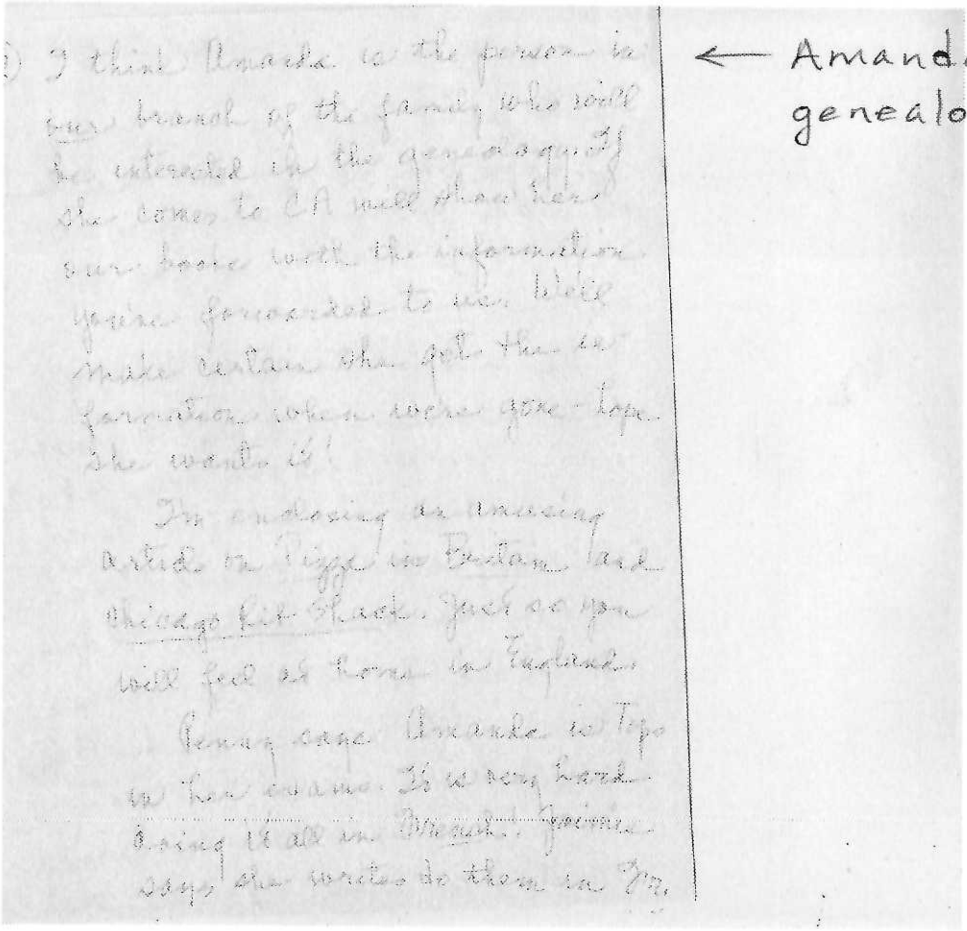
Dear Elizabeth and Jerry,

It was lovely speaking with you the other day. You both sound very well and I hope that means you feel good, too.

We sent a letter off AIRMAIL right away to Amanda with your information in it. Now we can only hope it gets to her before she leaves for England. The mail between CA and France is very slow and uncertain at best. It would be so nice if Amanda could go to Devon. She'd be thrilled just to know some of her roots were there. Her Mom and Carrick's roots are from England, also.



← Amanda and genealogy

) I think Amanda is the person in our branch of the family who will be interested in the genealogy. If she comes to CA we'll show her our book with the information you've forwarded to us. We'll make certain she gets the information when we're gone. Hope she wants it!

I'm enclosing an amusing article on Pizza in Britain and Chicago Rib Shack. Just so you will feel at home in England.

Penny says Amanda is tops in her exams. It is very hard doing it all in French. Joanne says she writes to them in Fr.

(3) Good thing she doesn't write to us in French! My H.S. French couldn't figure anything out but 'bon jour'!

Dora has a blood disorder, myeloma, which is very serious. She has started chemotherapy which hopefully will keep it under control. She has been feeling weak and losing weight and has been going to La Jolla for tests and now treatment. It's quite a way to go but the clinic there is excellent. We're all hoping the treatments are successful. She only goes to La Jolla once every three

(4) weeks for a shot. In between she takes lots of pills.

Cliff's condition is not very good either so the poor things have to try to take care of each other. He is diabetic, you know, and it seems he has been going down hill the past year. Tomorrow is Cliff's 70th birthday. We go out (six of us) for dinner on our birthdays.

We have some new little green leaves on the _Liquid Amber_ (Maple family) tree. Gives us a touch of Spring!

Much love

Louise & Jim

Dear Elizabeth and Dave,

We were happy to get your letter, Elizabeth, and hope by now David's cough is cleared up. I know, by Jim, it can take a long time. Bronchitis is hard to shake.

We are having very hot weather like others in the country. We dare only go out early in the morning. Last night we went out to eat and it was still over 80°! I see some people are getting rain! Not enough I'm afraid - but it helps some.

Jim's Aunt Dorothea Mark

② Henning died last Sunday, July 17, and they buried her body in the Mark plot in Tawas. She was the last of Jim's Dad's immediate family. We still have Aunt Helen Mark in Tawas and two Applin Aunts. We are quickly becoming the 'older generation'!

David, we have 12 scrap-books that are in bad shape and we plan to go through them and re-do them in some manner - eliminating a lot of duplication and trivia (friends no longer communicating, etc.)

Do you have some ideas for us of the best way to save pictures, articles, letters etc.? I

③ know you file things but we
just don't have a place for
a file. We also have a box
of just pictures (photographs & slides!)
in frames, etc.) We know we
should do something - but don't
want to throw away something
the next generation (or two) might
want to see. It is a real puzzle!
All suggestions are very welcome!
If we should suddenly die, Jenni ← Jennifer
is apt to clear everything ~~[illegible]~~
out. If we get things in better
shape Amanda might want to ← Amanda
take care of them!

It is fun to look over these
things - but they should be in

④ better shape. I'm afraid I have
always been a sort of a 'pack-
rat'. I saved much too much!
These books and things really
are a history of our family,
though, and so I feel we should
preserve the best and most
relevant items. Jim and I are
even surprised ourselves to
see some things we had
forgotten about! Funny!

Good luck on your roses!
Don't work too hard in the
heat.

Jim is still hurting! Hope
it lets up soon. That's a nasty
thing to have - like arthritis!

Love to all - Louise & Jim

August 31, 1988

Dear Louise + Jim,

It was good to talk to you the other day and to hear the recent news about your family. We hope that Jim especially will gradually improve even faster than the doctor thinks he will. I think I mentioned this article ove the phone.

Rebecca born + doing O.K.

The latest news from Tom and Virginia continues to be good. Rebecca Elizabeth is twelve days old today, and she is doing very well with her breathing. Her heart is also behavin as it should. Although they are feeding her intravenously, they have started giving her some of Virginia's milk through a tube down into her stomach. So far, she is able to absorb it, so that is progress. The other day she had an ultra sound test with a very good report. Tom keeps remindin us that many things could go wrong in the next few week but we remind him that Rebecca is doing much better than little David did at her age, and he has to agree. He doesn't call every day any more because things are stable with very little daily change. So we have to think that "n news is good news."

In your last letter, Louise, you spoke of your twelve scrapbooks and asked if I had any suggestions on how to handle all the materials in them, as well as pictures, article and letters you have. I'm sorry to say you have brought up a subject that we haven't handled very well. It's true we have a great many things in file folders, but that means these items are grouped by people, schools, churches, places, an so on. They are not organized by chronology or the lives we have been living. Actually, your scrapbooks are better in that regard. The journals that some people have kept ar irreplaceable, but can't be duplicated a long time after the fact! Furthermore, I have piles and boxes of materials th I have never had time to file.

Our pictures are kept in various places — some in albums, some in envelopes and boxes, and some (of relatives) mounted near the proper record sheets in my genealogical notebooks. Most of the old black and white snapshots from our childhood and youth (except those in albums) are in a card file box separated by 4"x6" cards labeled at the top. More recently, as you know, I have numbered all the snapshot negatives and filed them in envelopes. But the pictures themselves (the prints) are not as well organized, except that many are grouped together in envelopes.

I guess I have been so occupied with gathering more and more genealogical data, that I haven't concentrated enough on putting all this information, & all our other accumulated family materials, in usable and interesting shape. Now that you have raised this issue, I'll have to try to find time to do this. But unfortunately I am not much help to you in your present situation.

The other day I got a letter from an Edwina Wilkinson in New Baltimore, Mich. From the things she said, I figure she must be Edwina Johnson, though she never really said. She had been going over some old things and came across items related to you and me. She got my address by calling John in Saginaw. Her husband died in 1986, and she lives in a Presbyterian retirement apartment complex. Did she also write to you? I really don't want to renew that old connection, even by correspondence, but I don't know if I can simply ignore her letter. Fortunately, I'm too busy right now to do anything about it. Maybe we can just send her a Christmas card once a year.

I guess that's all for now. Best wishes for better health and better weather!

Love,
Dave + Elizabeth

Dear Elizabeth and Dave,

Christmas has come and gone in a hurry! It's over too soon! That's the way everything is now - 'over too soon'! But we do have lovely memories of lots of cards, candlelight service, Christmas music, goodies to eat, friends for dinner, phone calls from dear ones!!

We are enjoying the pretty basket of cheese, cakes and candy you sent. Thank you so much!! We had a Christmas Eve open house after our 7:30 P.M. Candlelight Service - so it was most welcome!

We called our 'kids' on

The musical Mark family

Boxing Day, Dec. 26, and talked with all of them: Jenni sounded like she was having a great time with Jaimie's family. They are going to make a tape of their musicale Christmas night (the numbers they can repeat - solos + duets) Jason is advancing very well in his voice lessons, Amanda played flute (for a fee) on Boxing Day TV with a choir - and at the United Church (for a fee) Penny says, "She's a Goldmine"!

← Jennifer Mark (b. 1943)

← Jason Mark

← Amanda Mark

Jenni played Fiddle Dance music on Amanda's violin! She also sang with Jason, and alone. It was a typical 'Mark Christmas' - that's what we always did in Taiwan years ago. How we would

③ have loved to be there! They had just a light snow-fall on Christmas to make everything pretty.

We've had chilly weather - in the 50's in daytime and 30's at night. No snow except on the mountains - looks nice!

We see you've had lots of snow and cold weather. I know you like it that way!

Penny sent an extra program of Jaimie's Winter Band Concert. Thought you'd be interested in it. "Oration, OP 37" by Michael Parker was an original composition by a Newfoundland composer dedicated to Paul Woodford (Nfld), who conducted it.

James Mark III

Penelope Mark

④ Penny gave a harpsichord recital at Owens Gallery (two performances) - so successful there were no programs left. She will make us a copy for our book.

I just wonder if some day we will have an earthquake and ruin all our scrap books! It could happen! Oh, well, we just keep things anyway - who knows?

Amanda is getting very interested in family pictures, etc. So - we'll pass along our keep-sakes to her!

Happy New Year! Love, Jim & Louise

James and Penelope Mark have presented many clarinet and piano recitals in the eastern United States, the American southwest and in eastern Canada.

James Mark is a graduate of the Eastman School of Music, Hartt College of Music and the University of Michigan where he received a Doctorate in clarinet performance. While studying at the Royal College of Music in London, England, he was twice awarded the Arthur Somervell Woodwind Prize which was presented by the Queen Mother. Dr. Mark has performed with the D'Oyly Carte Opera Company; the United States Air Force Band in Washington, D.C.; the Albany Symphony Orchestra, Albany, New York; the Orchestra of Santa Fe, New Mexico; and has been principal clarinetist of the Berkshire Symphony, Massachusetts. He has been a soloist with several of the afore-mentioned orchestras and has been a frequent performer in chamber music ensembles as well as a recitalist. Since moving to Canada in 1979 he has been heard on the CBC, both Atlantic and national networks, is a member of the Tintamarre Chamber Ensemble, and has been acting conductor of the New Brunswick Youth Orchestra. Dr. Mark is presently Assistant Professor of clarinet and saxophone at Mount Allison University, where he also conducts the Symphonic Band. He is frequently an adjudicator at Maritime music festivals.

Penelope Mark is a graduate of Mount Allison University and holds two A.R.C.M. certificates from the Royal College of Music in London, England, where she was twice awarded the harpsichord prize.

While living in the United States, Mrs. Mark presented harpsichord recitals in many cities and performed as a member of several symphony orchestras including the Hartford Symphony, the Springfield (Mass.) Symphony, the Robert Brink Orchestra of Boston, and the Arlington Opera Theatre. She has been active in theatre work in Washington, D.C. and Massachusetts. While living in New Mexico she was invited to perform at the Santa Fe Bach Festival and appeared both as soloist and accompanist for James Mark throughout the state. Mrs. Mark has taught at the University of Hartford, Conn., Williams College, Mass., and is presently teaching piano and harpsichord at Mount Allison. She performs frequently as piano soloist with the Tintamarre Chamber Ensemble, records for the CBC both locally and nationally, and recently taped a television programme of harpsichord solos for Tele D'Acadie. Her concert schedule this year includes a performance of Beethoven's Quintet for Piano and Woodwinds, the premier of Dr. James Code's Sextet for Piano and Woodwinds, and a recital of piano duets with Dr. Janet Hammock.

She has adjudicated several music festivals in the Maritime Provinces and also examines for the Mount Allison Local Centre examinations.

Hi!

Hope all is well with you and yours! We are both O.K. and enjoying some beautiful weather this week.

David, the enclosed news clipping from L.A. Times made me wonder if you recognized "Old Fred"? He is my age and it says he graduated from H.S. in Saginaw. Of course - it could have been Arthur Hill or the Mich. Lutheran School. Does his name mean anything to you? Sounds familiar to me. But I can't really say I knew him. Thought I'd see if you did. It was an interesting article anyway. Kitty Morton brought it over to me. She takes

② the L.A. Times + Des. News + Riverside News (Press Enterprise). We just take the Riverside paper. That's all the news we want to read.

Jaimie's family are busy musically - Amanda has been playing flute with the Hillsborough Chorus, an award winning group in New Brunswick. In fact she is going to Montreal with them April 26th to a Chorus Festival. Penny has been asked to go, also. She will accompany them on the piano in a number. They'll have a great time. They go on the Train from Sackville.

Jaimie plays a Clarinet concerto with P.E.I. Symphony April 9th.

(3) Then both J. & P. play with a violinist from U. of New Brunswick in a concert on CN Radio. Jaime also is scheduled to play a concerto with the St. John's, N.B., Chamber Music group, don't know for sure the date. So they are very busy in addition to their regular University classes! Makes me tired just telling about it!!

Jason came home for March Break and they called us, so we got to talk to all of them. Great! Jason does coaching at Humber in sight reading and the School pays him $200 a month! Jason says he can make more money in the summer in Toronto than going back home. He says their

④ minimum wage is $7.00 per hr.! Jason says there are a lot more jobs than people who want work!

Jaimie says he'll probably play at the Charlottetown Festival again this summer but Penny may stay in Sackville. They haven't decided yet.

Did I tell you Jenne is Hypoglycemic? We don't know how she's doing - too soon to tell. She has to eat 6 meals a day! Also takes more thyroid & different Vitamins. She is going to an Orthopedic Dr. So glad she is going to a Dr.!

Dear Louise + Jim,

Thank you for the clever birthday card and the letter. We have had a very busy and interesting four weeks since then. We weren't with Rebecca on her birthday, but Tom and Virginia and Rebecca were here over the Labor Day weekend, and we had a most wonderful time.

Grand-
daughter
Rebecca
visits
from
Chicago

We got the old highchair down from the attic, cleaned it up, and bought a new pillow for it. We also got Jim's crib down from the attic – it was a better one than Tom's. We washed it thoroughly and took the mattress to a cleaner – one that does drapery and upholstery. Then we bought a mattress protector, a sheet, and a blanket, and it looked lovely in our guest room.

Rebecca crawls fast all around, including up the stairs (with somebody watching her!), and she walks holding someone's hand or the furniture, but not alone yet. We thought you'd like this picture even though the color isn't very good. She is just crazy about Rokk and he is fond of her, too. She chased after him everywhere, and they even played together with one of his toys and a bone!

On two occasions we had some neighbors and friends in to see Rebecca and to meet Virginia, whom some had never met.

Sadly, their visit ended a day earlier than planned. About noon on Monday Virginia got a telephone call from her mother saying her father had died that morning. He had been ill for some time - cancer and other things - but had been expected to live a month or so longer. They immediately packed up and headed for Mattoon. Virginia was stricken that she hadn't been with her mother at the time, but fortunately one of her brothers was.

Before closing, I want to tell you about a call I got the other day from a distant cousin of ours, Carol Witheridge Goins (Mrs. Ronald), who lives in San Diego. I had never heard of her until she called in June saying she had heard about me from someone in England. She was born in the far north of England (Northumberland) and still has her mother and brother there. She came to America in the 1970's to get married. Her husband is a pilot for UPS and is also a pilot in the Air Force Reserve. Her Witheridge line definitely goes back to Berrynarbor where ours started, and I think she is about a ninth cousin! When she first called, I mentioned that you are in Hemet, and she said she sometimes is near there. When she called the other day she said she hadn't contacted you yet, but she sounded as though she might some day, so I thought I'd better tell you who she is!

Dear Elizabeth and Dave,

What fun it was to read about the lovely time you had preparing for and enjoying your sweet little Rebecca! How healthy and bright she looks! Thanks for the picture!

It was indeed sad that they had to leave early for that reason. It is especially sad that Rebecca will grow up not knowing her grandfather Selleck. However, she will have three other grand-parents who will give her lots of love and admiration.

I know you are happy that Rokk got along so well ~~of~~ with the Rebecca,

We're glad you are both well. Right now we are about to go to our pool exercises which helps us stay well.

I wonder why *bad weather* makes people *conservative*?? (or fanatic!) So far they at least sing *good* music. If they didn't I'm afraid Jim would leave the choir. Dear Elizabeth and Dave,

Here are some more items from Jaimie you might be interested in. I'm always sorry we are so far away that we can never go to their concerts. We had planned to attend the Saint John's Symphony concert - but they changed the date to Dec. - so we decided it was too cold for us. They always send us a VCR tape of their concerts but we'd love to be there in person!

We had a quiet Thanksgiving Day - Dora and Cliff came over to share our turkey (that Jim cooked).

Messiah with the Mt. San Jacinto College Symphony next week. So Jim has been busy with those rehearsals.

He has been busy also putting down new outdoor carpet on our front porch and steps. It looks very nice - a forest-green colour. There are a few other repair jobs that need doing but not before Christmas.

Hope you are both fine and your family as well. Did Tom, Virginia & Rebecca come for Thanksgiving?

I have 40 blossoms on my Christmas cactus! They are not all out yet - but soon will be.

[Dec, 1989]

Dec. 1989

Dear Elizabeth and Dave,

We are busy now getting ready for Jennifer's Christmas visit. We have our Christmas cards almost ready to mail - we have Jaimie's box sent off - the choir concert of the Messiah has been performed with the Symphony so now we can concentrate on getting a tree for our 'see-through' mantel and getting out the ornament box.

It is always a little hard for us to feel like Christmas when there is no snow and the temperature is in the low 70's.

② music and decorations and Christmas programs on TV help to get us in the mood.

We are glad we don't have to drive through snow and ice - but - it doesn't seem quite like Christmas! After 6 years in CA we are still not used to sunny, warm Dec. 25th!

But, the minute the cards arrive from all over the country we begin to feel the true spirit of this season.

We hope you both feel fine and we wonder where you will celebrate Christmas? I guess this might be the year Tom ← and family go to the Sellecks

③ as they came to you last year. Did you spend Thanksgiving with them? Your sweet little Rebecca is growing very fast by the pictures we have seen. What fun to have a little one again! Wish we could see her!

We are both well and thankful that our various problems are small and treatable with a few pills!

We send our love to you, Jim and his friend. Stay well and have a warm and happy Christmas!

Dear Dave,

I had a lovely surprise today when I answered the telephone and a woman told me she was a cousin of mine and my brother had given her my name and phone number!

We had a very nice chat and she gave me her address and phone number and we both said we hoped to meet soon.

Carol, Don said her husband comes to March A F Base quite often as he is in the Air Reserve. That is about 30 miles or less from here. So perhaps she

She said she was 40 yrs. old and they had no children. I wondered who her father was and how you came to know her (of course I know you must know all the Witheridges in England by now!).

Carol said her parents were so grateful to you for your research concerning the Witheridge family.

I am very grateful to you for giving her my phone and address! It was fun to talk with her and she was happy to talk with me. She said since her husband

③ was an airline pilot, he was gone a lot. So she seemed happy to find a relative not too far away. She said they had talked of living near Hemet but when she found it was on or near an earthquake fault they decided against it! She said she had a par-anoia about earthquakes!

I told her we don't think about it much - but we do have an "earthquake barrel" in the shed!

Just thought you would be pleased that Carol called me, I certainly was! Thanks!

We are getting back to normal now. Our weather has been like spring - 80° today - but it is supposed to rain this week-end. We all hope so - no rain here for months - *so* dry!

I like it dry but it is not good for our fruit trees. Jim waters them but they need a good rain.

Stay well - much love to both you and Elizabeth,

January 29, 1990

Dear Louise + Jim,

I was glad to hear that Carol Goins had called you, *Louise*. That was the way she got in touch with me — just called me out of the blue one day back in June. While we were talking I couldn't figure out if or how we were related, but later I looked up what she had told me and found that her ancestors did come from Berrynarbor, Devon, as ours did. She still hasn't sent me all the data on her ancestry as her family knows it, but I think she is about a ninth cousin of ours.

Every so often she telephones, and we have quite a conversation. She says she doesn't like to write, so all we've gotten are two cards — one at Thanksgiving and one at Christmas. The last I knew she was going home to England (where she was born) for Christmas. Her brother has become deeply involved in genealogy, but I've never had any correspondence with him. I hope you get to meet Carol one of these days.

We thought you'd like to see these pictures, including some recent ones of the rest of us. We think Rebecca is a charming little girl, as well as being bright and beautiful. As you can see, she got along very well with Rokk, and they are very fond of each other. We had a great time at Christmas, as you can imagine.

Now, speaking of cousins, I've written to Joan Shaw and suggested that she and her husband Ron drive over to Hemet to see you some day. I think I've told you about her. She is Uncle Ed's granddaughter — our cousin

Robert and Larry.) Joan is the only one in that family who writes to us regularly—usually just a letter at Christmas. She writes delightful letters, and I'm sure she must be a wonderful person to know. They are very active in their local Methodist church, and both sing in the choir. In fact, they seem to be a very musical family. Ron is a member of a barber-shop quartet. At Christmas this year their choir did the Messiah with an orchestra, and either one or both of them did solos. They have two children: Laura, 32; and Lance, 28. Lance is single. Laura was divorced from her first husband a few years ago and was remarried last August. She has a little girl Cloe, who is four years old. Joan and Ron live in Sylmar, a suburb of Los Angeles near San Fernando. Their address is Mr. & Mrs. Ronald Shaw, 12619 Gladstone Ave., Sylmar, CA 91342.

Our weather has been very strange this winter. In December we had some very cold weather, including days below zero. January has been very warm with no snow at all until we got an inch today. Maybe it will settle down now to normal winter weather.

Well, I must close now, but I just wanted to send these pictures and tell you more about Carol Goins and Joan Shaw. Have a Happy 1990!

Love,

Dave & Elizabeth

Dear Louise & Jim,

Thanks for all your letters and notes. We do appreciate them, and we're sorry it takes so long for us to answer.

Glad to hear that you finally heard from Joann Shaw, and that you will get to meet them and her parents, Robert and Lois. I know you will enjoy them. I just got through writing a three-page history of our grandparents, William Witheridge and Mary Jane Allen. I didn't realize I knew that much about them!

I don't think we told you we were going to take a weekend trip to Chicago. We went the weekend of April 1st, and we had a wonderful time. Rebecca had developed so much since they were here at Christmas time. She now runs around everywhere, and she has a vocabulary of over 60 words. Of course, she doesn't pronounce everything the way we do — for example, "choc" for chocolate, but she's learning fast. She just loves to play the toy piano we gave her for Christmas, and we thought you'd like to have a picture of the youngest musician in the family.

Kim
and
Roy
Cook
visit

On the 25th of May Kim and Roy Cook are coming over from London to spend two weeks with us. We're so happy to be able to reciprocate for all they have done for us on our three trips to England. They have always met us at the airport, and returned us there later, and had us as their guests for a couple of days at the beginning and end of each trip. We just love them and will enjoy showing them around. On the weekend of June 1-4, we're taking them to Chicago. That will give them a chance to see Wisconsin, and we'll return by way of the Mississippi River. They'll be able to meet Tom and Virginia and Rebecca and will have two days to get acquainted with the big city of Chicago. They are able to come because their younger son Adam now works for British Airways and is able to get staff tickets for them at a considerable reduction.

Our health is very good at the moment. Three weeks ago we both had our annual check-ups at our doctor's, and he found everything in good shape, so we were pleased.

Spring is here, and we are busy trying to get the yard and gardens in shape. So far, only a few spring bulbs are blooming, and we need more rain for things to take off in earnest.

Now I must close. We hope everything goes well for both of you.

All our love,

Dave + Elizabeth

Dear Louise & Jim,

John Meredith
Witheridge
(b. 1922)

I called John to congratulate him on his birthday and had a very interesting conversation. I think you'll be interested in the news.

John (Jay)
Meredith
Witheridge,
Jr. (b. 1956)

Last year Jay went to Europe and England through a special deal with an airline. While in England he met a girl and became very fond of her. Later she visited Jay in Saginaw. It then came out that she had two children. There was some problem about immigration that I don't understand. They worked out a deal to bring the children and have a wedding in the spring. However while John and Janice were away in January, Jay and his friend got married, because otherwise she would have had to go back according to immigration policy. Very complicated!

So John and Janice became "instant grandparents," as he said. The children are 8 + 10 years old, but he didn't give me their names or sex. One problem is that Jay only had a one-bedroom apartment — so the children are with John and Janice! He didn't say how much of the time their mother is with them.

So far, very few people know about Jay's marriage, except the way I found out. They haven't sent any announcements, but plan to do so. So you are part of the favored few who know.

John is all right now, but a while ago his "back was out" for four or five weeks. This is the second time this has happened. The doctor says Janice is all right, but she is tired much of the time. Mary Kay is fine. She just keeps going on in the same work and recently moved to a new house.

Janice Elinor Wertman Witheridge

Mary Kathryn (Mary Kay) Witheridge

John's business is bad, as is Michigan business generally. They get along because they have Social Security & other pension income.

I think I wrote to you after Joan Shaw's visit, but I'm not sure. Also, I think I told you I've ordered two copies of the book you wrote about.

The Cookes arrive in a few days, and we are very busy preparing. Must close.

Love,

Dear Elizabeth and
Dave,

I want to tell you about the visit we had yesterday from Joan and Ron Shaw. We were both delighted to meet them! It is true - they are lovely people and we had much in common.

Joan Lorraine Witheridge (b. 1939)

Joan brought an envelop of pictures of her family and we showed them lots of pictures of our branch of the family.

They were on their way to

② a wedding in San Diego Area. They came about 10:00 a.m. and stayed for lunch and so we had a very good visit.

Joan talks very fast (like her grandfather, I remember), Ron is the quiet one - but "witty." Jim and Ron had much in common taking about male quartets and choir.

Robert and Lois didn't come as they were anxious to get back home to see his Dr. about a big swelling on one ankle - and to take care of bills, etc.

Robert Edward Witheridge (b. 1916)

③

I was sorry to miss seeing them! Joan said Robert is very feeble with arthritis in his back. The pictures of him showed how thin and drawn he looked. Joan wishes they would move to So. Cal. - but they love the "green" northwest and don't want to leave. They came in a Motor-Home which was giving them a lot of trouble - and Joan was worried about their trip back

④ north. Joan and Ron also were driving a big Motor-Home. In fact they had to back it out to the next street to turn it around!

How wonderful that Kim and Roz Cook are able to visit you at the end of the month! They will enjoy seeing beautiful Mpls and Wisc. - also Tom, Virginia + Rebecca - not to mention both of you! Too bad Jeani couldn't come while they are with you.

I'm having Muscular Spasm in my back - so not in great shape! But medication helps. Love - L.&J.

A church hired a contractor to paint the church steeple but the man turned out to be a scoundrel and thinned his paint to almost water.

It looked good on the steeple and the congregation and the contractor were admiring it when a black cloud drifted over the church and a deluge of rain washed every bit of paint away.

Then a voice from the cloud was heard: "REPAINT . . . AND THIN NO MORE!"

A non-bookish man was talking to his bookish friend.

"You people put too much importance on old books. I just threw away an old, tattered Bible which my family has had for years. Written by 'Guten' somebody."

"Surely, not Gutenberg?" asked the friend.

"Yea. That was the name--Gutenberg."

"You Idiot! I noticed in the paper just yesterday that a Gutenberg Bible was auctioned off for a million dollars!"

"Well", his friend replied, "Maybe a new one but mine was old. Besides some nut by the name of Luther had scribbled in the margins."

Hi — hope you can use one of these in your talks. I tell mine at choir rehearsals

Dear Louise & Jim,

We're sorry to be so late in answering your letters, but we always seem to be behind in everything.

Enclosed are some pictures showing some of the things we have been doing. We had a great time on Rebecca's birthday, as you surmised. She is very healthy and is growing well, though still not up to the expected weight for her age. She is a darling, and she has a tremendous vocabulary. We'll see them again at Thanksgiving. We'll be driving to Chicago, and so will Jim and his apartment mate, David Torborg.

You will no doubt be surprised to see these pictures of Jay. He called one day and said he was in town on business and would be glad to visit us if we were going to be at home. He was staying at a motel near the airport, and he drove over in a rented car. We had a very good talk and we took him to dinner at a nearby restaurant. Later in the evening Jim drove to his motel and had a good long talk.

We learned that his wife's name is Lara, and she has a daughter Samantha, who is 10, and a son Doren, who is 8. He didn't sa anything about the father or whether Lana had ever been married. She was born in England – I think he said London – but both of her parents had gone there from Ireland. Lena doesn't know much about her parents' background, as she lived in a foster home as a child. She is now working in a health food store in Saginaw. Jay is working with John and was here for a sales conference at a new company they are representing.

At the end of September we took the "Circle Tour" around Lake Superior, and the colors were gorgeous. We thought you'd like to see a few of the pictures. Rokk went along and enjoyed it, too.

As you see, we're enclosing a couple of clippings – one about Macalester College and the other about the aftermath of the San Francisco earthquake.

Elizabeth says to say a special thanks to you for the lovely and special birthday card. Our health has been reasonably good for people our age. We hope you are both getting along a little better, and we are especially concerned about your hip or leg, Louise.

All our love,

Dave & Elizabeth

Dear Elizabeth and Dave,

We are having beautiful weather, sunny and cooler than usual. I'm sure your days are also lovely.

We hope all is well with you both. Jim has just had his 6-month eye inspection and thankfully all is well. He is very faithful using his eye-drops twice a day, so no doubt is benefitting from this. All the medicine I take is making me comfortable, so we have no complaints.

② Jaimie and Penny say that Jenni is going to spend Christmas with them in Sackville, this year. They will come to see us at the end of April '91 and stay with us for a while (we don't know how long, yet). They plan to take the train through Chicago and Las Vegas, N.M., etc. We took part of that trip, from L.A. to Chicago, about 10 yrs. ago when we first visited Dora and Cliff in CA. Unfortunately much of it was

Jaimie will be on Sabbatical next year - May '91 - Sept. '92. He will be doing various things but not travel far from home since Penny will continue to teach at the Univ. to augment their income.

We're enjoying the World

We'd love to see an up-to-date snapshot of Rebecca. Infants! They change so fast at this age!

Our roses are lovely but also getting ready to rest for awhile. Fewer blossoms now.

Vera and Cliff are quite well, considering everything.

Much love,

P.S. Having steamed open this letter I will now add our thanks and pleasure for the pictures, articles and, *of course*, your letter, Dave!

Rebecca is a darling! She seems to be growing *tall* rather than *old*. She will soon add plumpness as she matures. I feel sad not to see her, but I am so happy for *you*! What fun it is to have a little granddaughter! She has a sweet smile!

The pictures of Jay were a surprise. How nice he looks. I do hope all will go well with his marriage and instant family.

The pictures of your trip brought back lovely memories of Fall Colours! I'll send the Macalester article to Jennie. Wow! Think of all the good things they can do and how much the *cost* of a college has risen. They will need to put a lot of that money into *scholarships*!

I miss hearing from you so do write when you can.

Lots of love,

Dear Elizabeth and Dave,

I looked at the card Jim keeps about the letters I write - and was surprised to see I haven't written to you for awhile. I never can remember - so he keeps track of it. I have five families/people I try to keep informed of what we & family are doing.

Amanda and Shane's masters degrees

First, you will be interested I'm sure to know that Amanda and Shane have received their Master's Degrees and Shane has accepted a job in New York City with the Sony Corp. It is in the field of recording engineering.

They moved into a nice apartment in the Long Island area of N.Y.

Address: Amanda Mark / Shane Bryanton
(She kept her own name for job/school purposes)
67-09 Burns St. Forest Hills, N.Y. 11375

Amanda is taking an Education course at Queens College, N.Y. so she can teach in H.S. in U.S. (History or English)

Amanda has started her course and Shane, his job. He goes by subway to Manhattan and She goes by bus to school. Her course is over August 5. 93. The area where the apartment is located is residential, lots of trees, Amanda says!

The way the job picture is in Canada, they hope to stay in N.Y. for 2 yrs and then hopefully get transferred to Atlantic Canada. They hope the economy in Canada will be better then.

Jim and I stay well. We go to the Pool exercises now - weather permitting as we have an outdoor Pool. Right now we are in a cool spell - but it will warm up soon!

Hope all is well with you & ur family!
Much love to all - Louise + Jim

Dear Dave:

I'll take the opportunity of sending the June 'Crier' to write a few lines.

Louise was lost thru a glitch in the system for a while but it is straightenened out now and we start therapy sessions tomorrow afternoon. Had to rattle a few cages but, as you well know, sometimes it is necessary when the red tape snarls!

Otherwise we are getting along in good shape. She is able to get into and out of bed without help and walks with the aid of the 'side-stepper', a sort of ladder cane. We put the wheel chair in the car Sunday and went up to the Cove breakfast--first time out for a long time.

Hope your ankle is about healed and you are doing some of the things you have wanted to do for so long. Louise appreciated the call and of course we hope Elizabeth is comfortable and that she has accepted the rest home life. I know how hard it must be for you.

Jamie and Penny are finished with the school year and will go to Price Edward Island for the summer. He will play in the pit orchestra for some of the productions. Makes a sort of working vacation and they both look forward to it each year. Guess we told you that Jamie has the New Brunswick Youth Symphony Orchestra now and enjoys it--even though the extra work must be terrific!

Take care of yourself and if you get a free moment, drop us a line or phone call.

Love,

Louise & Jim

Dear Dave (and Elizabeth),

Just a note to say I'm getting better and able to use my right hand again to eat, dress and write a little.

I still do most things with my left hand - which makes me ambidexterous, sorta!

Hope your foot is much better (ankle?) First time we ever broke any bones, isn't it? Hope its the last.

I use a cane to walk. Thank goodness I have

Happy Birthday!

Wishing you a day touched with beauty

[Sept. 1, 1995]

Panorama Cove - Hemet, California - September 1, 1995

Dear Dave:

Just a few words along with this month's 'Crier'.

Jim Mark was editor of their retirement community paper.

Louise fell again a few weeks ago. I took her to the hospital and they took X-Rays and said no break, just bad sprain to knee and ankles. Took her home and got a call that evening from her doctor in the hospital that he had looked at the X-Rays again and there was a small knee fracture and she should see her doctor at once.

Of course he was on vacation so we were referred to another man who was so blatantly false "you could just stay off this for six weeks but I'm supposed to make a big thing of it so get some more X-Rays and see me early next week as I'm going on vacation".

It's hard to believe this, knowing Louise, but that was the last straw and she blew up. Cancelled the appointments, cancelled the appointments with the original bone doctor, refused the prescription for the X-Rays and we came home.

I lift her from bed to wheelchair to toilet to wheelchair to her living room chair and we're getting along fine. She is improving and the pain is being kept in check with good old Tylenal.

Had quite a scare the other day. Fire broke out just west if us and came so close to the Cove that it melted the aluminum screening on one coach and scorched the siding. Their were fire engines and equipment rushing around the streets and water carrying planes in the sky.

The scary part was that I was in town and Louise was in bed with no way to get out (she does have a phone at her bed but she had no way of knowing what was going on). I saw this hugh cloud of smoke while I was returning but the police woild not let me through so I had to detour about twenty miles and come in from the opposite direction. You can imagine what shape I was in when I arrived but the fire had not damaged the park (except as noted) and a fireman had come in and lifted Louise into her wheelchair and she had managed to get into the front room. At least we don't have to worry about fire the rest of the year!

Other than that, we get on well. Looks like I will lose my license to drive sometime in September (can't see well enough) but people have already offered to help and there are transportation companies who don't charge too much to town and back. We'll make out.

Hope you are feeling a bit more relaxed. I know it is a long, long process. We think of you daily.

Will write again.

Love

Jan. 6, 1996

Dear Dave,

Christmas is past and the New Year is upon us! We hope '96 will be better in many ways.

As usual we enjoyed having Jenni with us! She came, driving herself from the Airport in a rented car which saved Jim a trip and gave Jenni transportation in CA. She has a Professor friend in San Diego who used to teach at Macalester in St. Paul. So they met half-way between for dinner to get caught up on news. Jenni also went to a Folk Dance at Annahiem conducted by a friend who sometimes does Folk Dances in

2) Michigan.

Jenni cooked some delicious meals for us, which gave Jim a nice change. We are always happy to have Jenni - it makes Christmas very special.

The Dr. says it's the Arthritis that hurts so much when I fall and break something, so I just have to be more careful. I take Extra Strength Tylenol for the pain - 6-8 in 24 hrs.

I'm walking with a "walker", as well as sometimes using a wheel chair, like tomorrow when we have a club Breakfast at the Club House with too many steps. They have a slide on one side Jim can push me up in the wheel-chair.

We are so glad you have Jim, Tom and Virginia and Rebecca

3) near to help fill the very large loss of your dear Elizabeth. Children especially are important as their growing up and experiences are so fascinating!

I was sorry to hear of your fall and glad you are getting around so well, now. It seems beyond 80yrs. old we have to be much more careful!

I'm lucky that Jim is a very good cook! He not only has to cook but shop and plan what to have. I hope I'll soon be able to help again.

We think of you often and send our love, good wishes for '96.

As ever,

Louise and Jim

Kim Cook's Witheridge Times article about EPW (Winter 1995, Vol. 9, No. 4)

See next document

Dear Louise & Jim,

You will be surprised to get such a big package from me, but I'm finally getting around to sending you this wonderful tribute to Elizabeth written by our dear friend (and distant relative), Kim Cook, whom we have probably told you about before.

Tom made some copies of this complete issue of "The Witheridge Times", the publication of our Witheridge Society. At first I thought I would take out just the article about Elizabeth to send you, but then I decided you might like to read the whole issue to get some of the flavor of the Society and its members. As you see, it includes an article by me, and I am also enclosing a copy of my first article in the previous issue.

I just reread the article about Elizabeth, and it brought tears to my eyes, as it did the first time I read it. Kim is a writer by profession – mostly magazine articles – and I think she did a very good job.

Did I tell you the good news that Kim and Roy are coming over for another visit about the end of May? I think they'll stay about two weeks. When they were here in 1990, we drove them down to Chicago to see Tom, Virginia, and Rebecca, and they loved it. This time I'm planning to take them up the North Shore of Lake Superior all the way to Thunder Bay in Canada. That's the new name of the combined twin cities of Fort William and Port Arthur, with a population of 174,000. Kim and Roy have never been to Canada.

I appreciated getting your letter and the January issue of the Cove Crier. I hope you keep feeling a little better all the time, Louise, and I hope your walking will start to be a little less painful. I take Extra Strength Tylenol every night - not for any pain, but just to help me sleep better.

Life is becoming a little more bearable and interesting. I'm planning to start going back to genealogy meetings the last week of January. I'm becoming a little more adventuresome in my cooking, and I have Jim and David over occasionally for some of it. Last week I had stewed chicken with biscuits and gravy, and next time I'm going to have salmon fondue with Elizabeth's recipe. Jim just loves it. I haven't dared to prepare a meal yet for Tom, Virginia, and Rebecca.

Well, that's it for now.

Love,

Dave

# ELIZABETH WITHERIDGE - an appreciation of a remarkable lady

by Kim Cook

Elizabeth Witheridge, wife of the Rev. David Witheridge of Minneapolis, and mother of Jim and Tom, died peacefully in the Walker Methodist Health Centre in Minneapolis on 8th August, 1995. Her long and remarkable life was one of tremendous achievement in the most quiet and unassuming way, and I hope, through this article, to be able to share with those of you who did not know Elizabeth, something of her life and character.

Elizabeth was raised in Saginaw, Michigan, where she spent most of her childhood in the care of her grandparents on their farm. From her earliest days she had a strong Christian faith and a great love and concern for children two attributes that were to be the markers of her life.

After leaving school Elizabeth trained as a kindergarten (primary school) teacher, graduating from Central Michigan University. She taught for 13 years in Saginaw. In 1941 she married David, whom she had known since childhood, as they were both members of the same church. At the time of their marriage, David was a heating, ventilation and air conditioning engineer.

Later, when David gave up engineering to train as a Baptist minister, Elizabeth also took courses at Colgate Rochester Divinity School. After graduating from divinity college, David became a pastor in Illinois, where they lived for nine years before, in 1951, moving to Minneapolis where David became Executive Director of the Greater Minneapolis Council of Churches.

As well as bringing up their two sons, Jim and Tom, Elizabeth fulfilled all the duties expected of a pastor's wife - and more. Her rapport with children made her a natural Sunday School teacher. She led the children's choir, and served on many church committees involved in caring for the disadvantaged. In particular, she had a great concern for the plight of the American Indians, being heavily involved with the Division of Indian Work of the Greater Minneapolis Council of Churches. In everything she did, she showed great concern for the welfare of others.

In addition to all this, Elizabeth somehow found time to write a succession of books for children. The first 'Mara of Old Babylon' published in 1955, was the story of a child in Biblical times. This was followed by 'Mara Journeys Home' and, in complete contrast, 'Jim Penney's Golden Nugget', based on the life of one of her ancestors in the days of the gold rush.

All Elizabeth's books were based on fact, and many recounted events that she had experienced herself, or circumstances she had encountered in her welfare work. Throughout her writings, Elizabeth tackled real social issues in a way that children could understand and relate to, and her books are full of her gentle wisdom. All her books were meticulously researched, and in an interview after the publication of one of them, she insisted that "books for children should be historically accurate. Such great harm can be done by giving them wrong information" .

'Dead End Bluff', which recounted the experiences of a blind boy, won a national award. Much of Elizabeth's own childhood is recalled in 'Never Younger, Jeannie', (published in 1963), a book she dedicated to the memory of her grandparents, while 'Just One Indian Boy', (published in 1974) was based on the lives of young Native Americans (as they now prefer to be called) on a reservation in northern Minnesota. I treasure the copies of these two books given me by Elizabeth.

On the fly-leaf of 'Just One Indian Boy', Elizabeth wrote the following inscription:

> 'One Indian boy growing up read this book and said to his mother, "I've read this book three times, and it's the best book I have ever read!" As its author, I am pleased beyond words that it has fulfilled the purpose that I dreamed for it!'

Even though she was no longer in full-time teaching, Elizabeth continued to be involved with children's education. She travelled widely, visiting schools to speak about her books, and to encourage children both to think carefully about the issues they raised, and to consider writing their own experiences. Her visits to schools were greeted with enormous enthusiasm by the young pupils, who loved her dearly, and would string banners of welcome across the school entrance. Such tokens of esteem always surprised and delighted Elizabeth, who never saw herself as anyone special, even when others did.

Elizabeth's care and concern for others was always very practical, and she campaigned for many causes in support of the disadvantaged, particularly among ethnic minorities. Without succumbing to the aggression so prevalent among the campaigners of today, Elizabeth quietly and firmly stood her ground on issues of injustice and inequality.

Elizabeth's ancestry was predominantly English (Plumb, Gilbert, Kendall and Baldwin featured in her family tree) and her ancestors had been among the very earliest American colonists. Some had fought for freedom in the American War of Independence in 1776. This ancestry entitled Elizabeth to the highly prized accolade of membership of the prestigious organisation 'Daughters of the American Revolution'. But when the DAR refused to allow the renowned black singer Marion Anderson to sing in their august halls, Elizabeth did what to many people was unthinkable - she resigned her membership. She was not alone, however, because Eleanor Roosevelt did likewise. The political climate has, thankfully, changed considerably since then, but in those days Elizabeth's action was a bold and courageous step.

Our family's first contact with David and Elizabeth came in the 1960s, when David wrote to all the Witheridges he could find in the UK telephone directories. One of these was my aunt Dorothy. Unable to get up to London herself, and knowing that I had already done some work on the family tree, she commissioned me to do some further research so that we could answer David's questions about our branch of the family. From my reply to that letter grew a correspondence and a friendship that continue to this day.

In the early days, most of the letters were about family history and were written by David. However, when our elder son, Jason was born in 1968, he was diagnosed as having a rare digestive problem for which the prognosis was not good. During Jason's illness there were long gaps between my letters, and eventually I wrote and explained the situation. By return of post we received two lovely letters, one from David, the other from Elizabeth. In her letter, Elizabeth explained that their son Tom had also been born with a similar condition, so she knew and understood our anxieties. Her letter was full of practical sympathy, warmth and above all encouragement, and it lightened those dark days. Thereafter, Elizabeth would always add her own personal messages to David's letters, and we felt that they were both our dearest friends, even though at that stage we had never met.

We eventually met for the first time when David and Elizabeth first came to the UK in June 1976. They arrived just in time to be guests of honour at our church's supper to celebrate the American Bicentenary. It was only after the supper that I learned how appropriate the occasion was for Elizabeth! Later, we celebrated the Fourth of July with tea in an English garden, ending with what was then, to us, the novelty of water ice. Elizabeth was thrilled for (unknown to us) water ice had been a traditional ingredient of her childhood Fourth of July celebrations!

On that first visit, David and Elizabeth stayed in the UK for three months, combining visits to British Councils of Churches with family history research and holiday. They met many Witheridges in their travels, and I particularly remember a wonderful day we all spent with Anthony and Francoise Witheridge and their four young children together with Anthony's father, George and his wife Gwen, at their home on an Army base in Kent. As always, Elizabeth took great pleasure in having so many youngsters around her.

As David and Elizabeth shared our interests in history, and in plants and flowers, Hampton Court and Kew Gardens were on the agenda. We were disappointed with Kew, looking (as we thought) very sad and brown in that famous 'summer of the drought' (so like this one!) but Elizabeth loved it. Throughout their travels and visits, Elizabeth, despite being nearly 70, never flagged. All through that heat, however busy she was, however tight their schedule, Elizabeth remained calm and unflappable. I often wished I could emulate her easy efficiency and even temperament. And every evening she wrote up her journal, recording the experiences of their visit. I wondered if she might find the ingredients for another book in that journal.

David and Elizabeth made two further visits to the UK, in 1980 and 1988, and then in 1990 welcomed us most warmly to their home in Minneapolis, where we got to know the whole family. With her continuing love of children, it was natural that Elizabeth was particularly devoted to her grand-daughter Rebecca, daughter of Tom and his wife Virginia. Even though by then we could see the early signs of the Alzheimer's disease that was to develop during those last five years, her natural rapport with children was still very evident.

Here we also saw further evidence of the love of plants that David and Elizabeth shared. In the house, Elizabeth had a wonderful collection of African violets, which she grew and tended herself. In the garden we enjoyed their beautiful rose bed - a delight of colour and scent. Nothing unusual in that you may think - until you remember that after summer temperatures in the high eighties and a warm autumn, Minneapolis has two or three months a year under snow, when temperatures can be down to minus 20 degrees or more!

In November, 1991, on one of those cold, snowbound days, Elizabeth injured her hip in a fall. Although the injury eventually healed reasonably well, the shock precipitated an acceleration of her Alzheimer's disease. For over three years David nursed her devotedly at home, even when, in his exhaustion, he fell and broke his own ankle, earlier this year. However as Elizabeth's illness progressed, the need for round-the-clock nursing in a specialist centre was inescapable, and her last weeks were spent in the Walker Methodist Health Centre near their home in Minneapolis, where she received the very best of care.

Even in thost last days, when memory and co-ordination had failed, and she was unable to speak even the names of those she loved, her delight in children never dimmed, and she would greet nine-year-old Rebecca with open arms and a beaming smile.

During the funeral service in Grace Trinity Church in Minneapolis, the congregation sang Elizabeth's favourite hymn - Eleanor Farjeon's 'Morning has broken' - one she had taught to her own children, and to generations of Sunday School children.

Elizabeth's quiet, steadfast faith has surely secured for her a place where she can truly sing

> 'Mine is the sunlight! Mine is the morning
> Born of the one light Eden saw play!'

Elizabeth was a talented, gracious and generous person, greatly loved by all who knew her. I'm sure all Witheridge Society members will join with me in sending our condolences to David, to Tom, Virginia and Rebecca, and to Jim and David. Elizabeth will be sorely missed, but her influence, through her family, her faith and witness, her works and her writings, lives on.

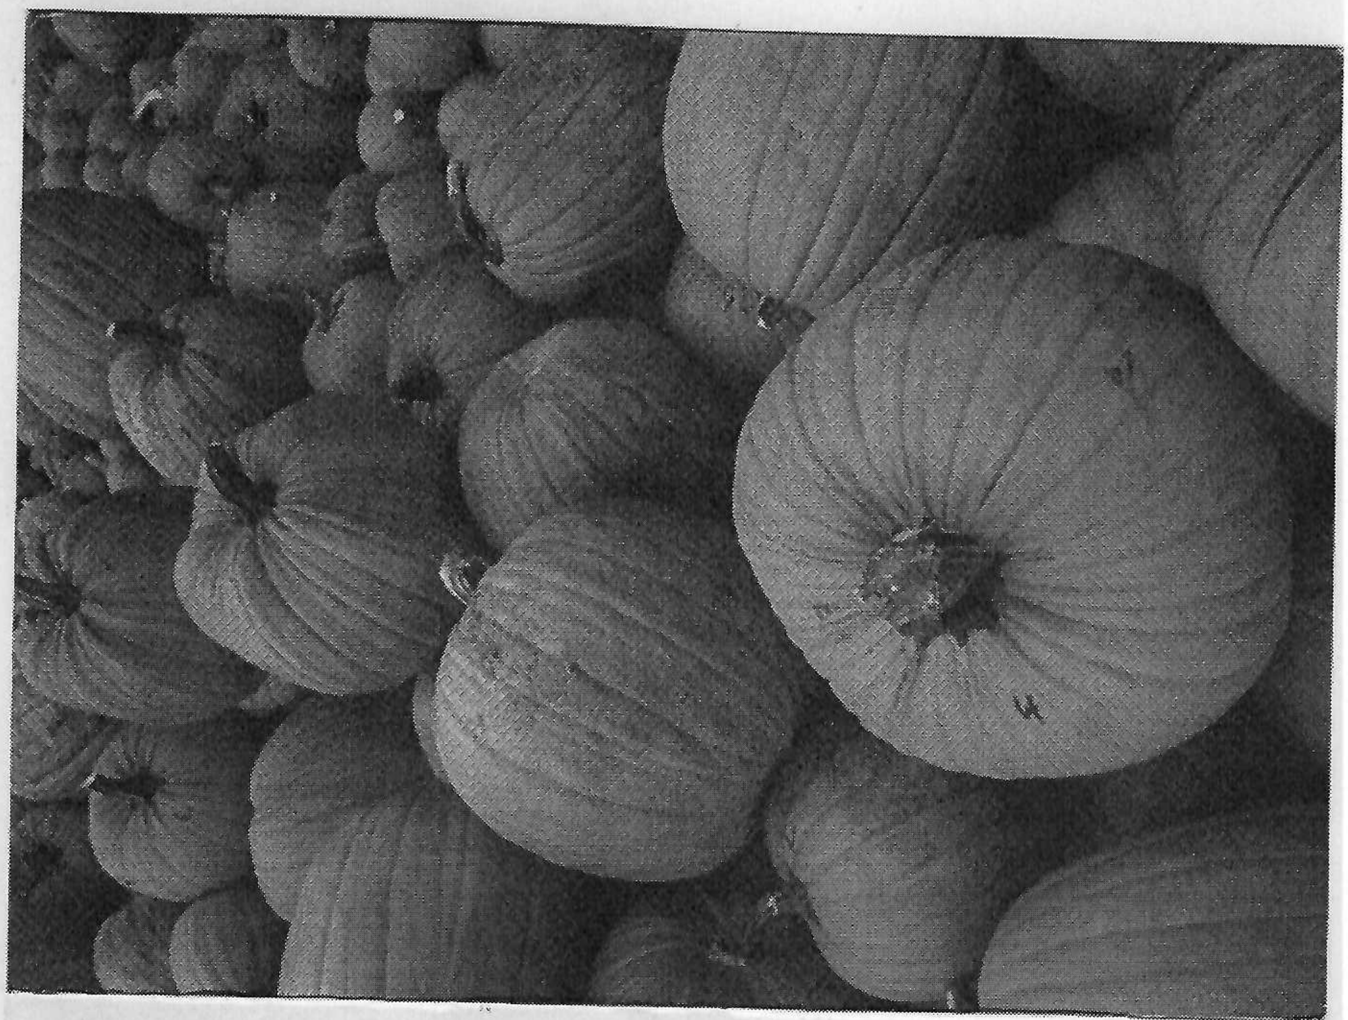
Dear Dave,

I thought this was a good time to use the "Pumpkin" card!

Glad you are feeling well! I also feel well, but I don't walk well because of my right knee and hip. I use a wheel-chair a lot - and a walker some of the time. Jim takes very good care of me cooking delicious meals (grocery shopping, etc!) I go out some - to hair apt., etc. - but most of the time I'm very confined to the wheel-chair or walker. I take 'extra-strength Tylenol' which keeps me pain free! So - I shouldn't complain!

Jenni,
Jaimie and
Penny,
Amanda

Both Jenni and Jamie and Penny (and Amanda) phoned yesterday which picks us up greatly! All is well with them as the Fall term of school is on the way. Amanda teaches in a Jr. Hi about 40 mi. from Charlottetown, P.E.I., where they live). Shane ~~Shane~~ works near there! Don't know exactly what he does!? He is in



Audio at the Jubilee Theater + but I don't know what that means exactly! They would like to live in Charlottetown, PEI. His parents

Jason live near in PEI. Jason is in Toronto taking more College work in Audio, + recordings.

Hope your good weather continues and you stay well!

Not much news with us. Hope you and your family stay well! Sorry about the card! Hope you can read it! Say "Hello" to all!

Much Love, Louise + Jim

## Telephone call to Louise & Jim - 4/20/97

Louise is pretty well and in good spirits, but
she doesn't walk at all – not even with a wal
or cane. She goes everywhere in a wheelchair.

Jim still has vision problems and doesn't kn
if they will renew his driver's license in Ju

Dear Dave,

I thought I'd just write a few words to enclose in your Birthday card.

Hope you are well! (As you can see I still have trouble with my writing.) The arthritis seems to be bothering my right hand. The Tylenol I take four times a day keeps me fairly pain free but I have to use a wheel chair, to get around.

I feel badly about Tom and Virginia. Those things are always very hard on the children! I'm hoping that Rebecca can spend time with you and Tom. Where will she be going to school in the Fall?

Tom and Virginia's separation

We don't hear very often from Jamie and Penny - but I think they are spending the summer in PEI, Canada. It is a beautiful Island and they enjoy going there.

Jennifer and her friend Donna have been in Point Betsie, north of Frankfort, MI. They are on a trip during their vacation. Donna is a teacher - so summer is the time she can go places. They have been good friends for a long time.

I think of you often and wish we lived closer!

We always enjoy hearing from you. Give my best wishes to Tom,

Lots of love - Louise and Jim

DEW's visit to Milwaukee, Wisconsin for the "Pommerntag"

August 20, 1997

Dear Louise and Jim,

Thanks for the clever birthday card and your note. I had a couple of good celebrations with my family, and I don't feel much older, thank goodness. My health continues to be good, and I saw my doctor on Monday for my annual physical. He didn't see anything obviously wrong, but he'll have to wait for the results of all the tests, and will then write me a letter.

We had a very good time in Milwaukee. Friedrich is a very nice person, and I know he enjoyed himself. There were four other relatives there besides me. Florence Anderson and her daughter, Vicki Koterba, came all the way from Westby, Montana--1,000 miles from Milwaukee. I was especially interested in Vicki, because she looked a lot like you, Louise, when you were younger. Vicki's brother, Darrell Anderson, came up from Wilmette; and Mike George, who lives in Milwaukee, also came. He is a descendant of the Tomke family from Bay County, Michigan.

Now Friedrich is planning to come back again next year with his wife Renate, his cousin Hans-Joachim and his wife Helga, and Hans-Joachim's father, Johannes, who Friedrich says looks like me. This time they will come to Minneapolis first, arriving on June 19 and staying a few days in order to meet some of the many relatives around here before going on to Milwaukee for the Pommerntag. Of course , they won't be staying with me. They'll be in a hotel downtown.

My life has been very hectic since I got home. We had had a bad wind storm, which had torn some shingles of the roof. It was a very old roof, so I knew I'd have to get a new one. But before I could do anything about it, we had some terrible rains--the second rainiest July in history--so water leaked into several second floor rooms. The insurance company won't pay for the old roof, but I'm trying to get them to pay for the water damage. They just started tearing off the old roof today, and it's a mess.

Then a few weeks ago lightning struck in our back yard. Fortunately, it didn't hit the house or our big old elm. It struck a wire between two trees that holds a bird feeder and burned the end off all around the tree. Then it jumped to the power wire from the house to the garage and destroyed the electric outlet on the wall and disabled the garage door closer. So I had to get a new outlet and a new door closer, as well as a new bird feeder. The insurance company will pay for the damage, but there's a $250 deductible!

LM082097

Jim and David decided to get a new computer, and they gave me their old one. That was just fine, but it has taken a lot of time finding a place for it, setting it up, and learning how to use it. That is why you are privileged to have this new style of letter from me. So far, it hasn't saved a whole lot of time, because I'm still learning to use it.

Having a computer made me want to get a genealogy program for it. I found that the only program it would accommodate is the Mormon one called Personal Ancestral File. When I called to order one, they said they had so many orders for the new style that it couldn't be delivered until November. But it arrived yesterday! So now I can't wait to try it, and that will take a lot more time. You see what I mean when I say my life has been hectic.

Things have been going rather well for Rebecca. She spends at least three nights a week here, so we're getting to know each other better. While Tom and Virginia are working, she is at the same day care place she knows so well, and she'll be going to the same school in the fall.

Well, I guess that's all for now. I hope things go a little better for you both as the summer goes on. I can't believe it's almost Labor Day.

Love,

[Sept. 1, 1997]

Sept. 1, 1997

Dear Dave,

I just reread your very good letter of Aug. 20 and decided to write to you. My right hand works a little better, but it is still not as good as I'd like.

This has been a very hot summer for us. But, we have a good air conditioner so, as long as we stay inside we're O.K. Our car is not air-conditioned - except when we leave the windows open, of course. So, we go out early or late to avoid the hottest part of the day.

Tomke family

I am sure I never met any of the Tomke family, but I remember the name, of course.

2) Sorry about the damage to your house. We almost never have any storms or hard rain. A few times in the Spring we have light rain. But not enough to do any damage.

Using computers

I was interested in your computer letter. It is easier to read than hand-writing. I never tried to do that, is it like typing? We have had letters from Jenni that she did on a computer.

Since this is Labor Day we put our flag out, and I enjoy seeing it wave in the breeze! I'm always surprised at how few people put out their flags!

It is lovely that Rebecca could ~~spend~~ Spend some time with you. I'm sure you both enjoyed that!

Thanks for your letter, I enjoy hearing from you! Lots of love,

Louise & Jim (M)

Dear Dave — Dec. '97

We've (frankly) been delaying our card to you — thinking we might get yours with some news about Tom & family. Looks like you are as busy as we so Merry Christmas. Write us when you get time.

Life goes on out here in never-never land. Louise doesn't walk any more but its "wheels" nicely and we manage very well. I take her to her hair dresser every two weeks and we sometimes eat out before coming home.

Had our 60th at a party in the Club House last month — They let me sing a love song. Voice isn't what it was but I still remembered the words!

60th anniversary

Jennifer is right now on a plane from Royal Oak to spend a few days with us this season.

Jamie is conducting his orchestras in New Brunswick and Prince Edward Island and is not free this time of year.

Jamie & Penny plan to come out next summer. When you won't fly, the journey presents more than a few challenges!!

So far the dreaded El Nino has not bothered us. It may be that sheltered in a valley between low mountains and being 100 miles from the coast will protect us.

Also for the first time, more ins than outs in our Mobile Home Park so the fear of having to move is subsiding. No raise in rent this year so with that tremendous raise in Social Security ($23.00 a month) will be on easy street.

Hope you and yours are well and coping.

Love —

Louise + Jim

[Mar. 3, 1998]

March
~~February~~ 3, 1998

Dear Louise and Jim,

Just because you haven't heard from me doesn't mean I don't think of you often. Same old excuse--too busy.

Friedrich + Renate Nemitz's visit to Minneapolis + Milwaukee

As you know, our cousin Friedrich Nemitz and his wife Renate in Germany are planning a trip here in June. This time they will come to Minneapolis for several days and then go on to Milwaukee for the Pommerntag weekend. At first he thought his cousin, his cousin's wife, and his cousin's father would be coming, too. But just yesterday I got a letter in which he said his cousin's father had had a serious heart attack and didn't want to take a long trip. So none of the others are coming--just Friedrich and Renate. He's trying to get two other relatives to come, but so far has had no success.

They will stay in a hotel downtown, and I spent quite a while checking the least expensive ones and finally found one that is just right. It's approved by AAA, has a dining room, plenty of free parking for visitors, and suites that are large enough to bring in extra chairs for all the relatives who come to meet them.

Nemitz + Tomke relatives in Minnesota, Iowa, Michigan, Montana, + Washington

Then I spent lots of time writing to Nemitz relatives to get them to save the time to come and meet them (and each other!). I was amazed to discover that, including my immediate family, there are about thirty right here in the Twin Cities and nearby Minnesota. They are mostly from the Iowa branch (descendants of Grandfather's brother Ernst), but quite a few come from the Tomke family of Bay City (Grandfather's sister Johanna married John Tomke). Then there are some in Montana (descendants of Mother's sister Bertha) and some in the State of Washington (from the Iowa family) who might come, because one is a dentist, Dr. Jeffrey Nemitz. He and Friedrich definitely want to meet each other. I'm also hoping a couple might come from Iowa. So this is turning into quite a project.

Jill Pierson (New Jersey Witheridges)

I've also been active in Witheridge genealogy. I don't remember whether I told you at Christmas time that I was over at Jim's one day, and he was browsing on the Internet and found a list of six "Witheridges," one of whom was a Jill Pierson, who gave genealogy as her hobby and Witheridge one of the lines she was working on. We sent her an E-mail and asked how she tied into the Witheridges, and she replied that she was from the New Jersey family. Her great-grandmother, Ethel Witheridge, married Alfred Crowell Pierson.

I've spent a lot of time in the past year working on the New Jersey Witheridges and finally, with Kim's help, got them tied

LM030398

back into Devon as far back as 1700. So I found Ethel in my records and told Jill about her ancestry back to 1700, and she was so excited she could hardly believe it. I didn't have all my records in good shape, so I worked on that and finally sent her everything back to 1700. At the same time I was able to send the same information to two sisters in New Jersey I had already been in touch with.

Sisters
Martha Gilmore
+ Janet Sauter

That work on the New Jersey records, with all the corrections and changes I had to make laboriously by hand, made me realize that I had to get a new computer that would accommodate the best genealogy programs. The one I have will only handle the very simplest program. So Jim and I have spent a lot of time talking and reading about computers and checking prices on the Internet. Finally, yesterday I ordered one by phone from the Gateway company, and it's supposed to be delivered a week from today. We're all so excited--even Rebecca!

DEW's new
Gateway
computer

My health is still good, and I keep working on my exercises and my low salt, fat, and meat, high fruit and vegatable diet, plus various nutritional supplements. I just get a cold occasionally, and that is the same with the rest of the family. No change with Tom, Virginia, and Rebecca, who is here about half the time. I see Virginia occasionally when she comes to pick up Rebecca.

All I have been doing is talking about myself. What about you two? Any change in your health? I'm glad you get out occasionally, but I wonder if you've pretty much had to give up church. This has been a strange winter, but I hope El Niño hasn't hit you too badly, because you're far enough from the coast. No doubt you've had a lot more wind and rain than usual. We've had a very mild winter--second warmest February on record. I hope it keeps on this way right into spring.

Well, please forgive me for not writing sooner. I love you both.

Dear Dave,

We enjoyed your letter-nice to hear about the Nemitz Family. Takes me back to when I was in Chicago at BMTS and went to see Uncle Will Nemitz and Aunt Alma. Once in awhile one of the Storch family came to see me and I'd hear about Mother's relatives. But I don't think they were very close to the Iowa branch. Never heard much about them.

2. We have had nice weather - very helpful when I go to my hair appointment as I do once every other week.

Jim takes very good care of me - he is a good cook and stays well - except for the glacoma in his eyes. He still reads the Library Books he gets us once a month and is able to drive, thankfully! Dont like to think about what we will do when he no longer can get a license to drive! Our children are too far away to be any help! Our mobile home is too small to ask Jennifer to come to live with us!

Jennifer

I take extra-strength Tylenol which keeps me fairly pain-free. We go to some of the Club activities - dinners, etc. There is one next week, I see on the Calendar.

It is not a Pot-Luck - so all we need to take is our own dishes and some money.

Jaimie and Penny are very busy at Mt. Allison Univ. I look forward to next summer when I hope they will come to Cal. to see us - (if possible)! Jennifer comes for Christmas, which is great! Last summer Jaimie met Jennie met at Palm Springs and they drove over to Hemet and our Park together. We loved that! It is a shame we are all so far apart! Penny doesn't like to fly - so they either have to drive or take the train. Penny stayed with Jason in Toronto while Jaimie went to Palm Springs and Hemet to see us. They don't see a lot

Jaimie and Penny

of Jason - so that was nice. Jason has decided to finish his College Education in Toronto (I think he has two years more). Then he feels he can get a better job. That pleases his parents, of course. He is a person who has to decide to do things, by himself. They are very glad he decided he wants to do that.

Jason

Lovely to get your letter! Do that again! Stay well - we will all be glad to have the nice weather back again.

Much love

Dear Dave:

Guess I must have been thinking of Michigan when I bought these cards. It sure doesn't look like this out here!!

Everything about the same with us. Louise doesn't walk any more but we wheel-chair to her hair dresser every other week and eat at a restaurant once in a while (to give us a rest from my cooking). The touch of Alzheimer"s Makes memory of even a few minutes impossible and we have to struggle with that but the Tylenol keeps the arthritis pain away and that is wonderful.

My health is pretty good. My glaucoma and diabetes doctors have both told me I'm holding my own and give me six months intervals between appointments so I am thankful for that. Of course, I have a blood sugar test every two months.

Hope things are well with you and that you are finding new member applicants every day.

Jennifer living in Royal Oak, Michigan

Jenni will fly out from Royal Oak this year to be with us at Christmas and we are grateful for that.

Lots of love and affection----

*May the magic of the season*
*bring you much joy*

[Jan. 12, 1999]

January 12, 1999

Dear Louise and Jim,

Well, here is the letter I promised you. I don't seem to have a copy of the last real letter I wrote to you, so I don't know what I said. I was glad to get your Christmas card and to be brought up-to-date on how things are going. I know things are not easy now, and I hope no new problems develop.

We really did have a great Nemitz reunion last June. I worried a lot about how many were coming, because I didn't get any firm commitments from anyone until a week or so before the event. Of course, from Germany we had Friedrich and his wife Renate and his cousin Dieter and his wife Hilde. Then we had four from Iowa, three from the State of Washington, four from Montana, and sixteen from Minnesota. Everyone was thrilled. Most of them hadn't met their relatives in this country, let alone those from Germany. It was a big job to prepare, but it was worth it. About half of the group went to our church on Sunday morning and then came over to our house for a delicious lunch prepared by Jim and David and Tom.

Nemitz family reunion in Minneapolis, June 1998

During the summer I continued playing golf with Jim. I found that the Minneapolis Public Schools had a golf class of six sessions in their community education program, so I signed up for that. Then I got Jim to join me in taking a follow-up advanced series. They helped a lot, though I'm still not very good!

Golf with son Jim

My only health problem was that I had to have eye surgery early in September—not really on my eye, but on my lower right eyelid. It was sagging a little and turning in, so that the eyelashes were irritating the eyeball. It was just a one-day outpatient deal. The doctor had to make an incision and sew it up. I didn't need a patch or bandage, but I had to keep putting ice packs on it and later hot packs, so it really tied me up for a couple of weeks.

A couple of months later I had to get new glasses, because I needed new prescriptions. In the process my optometrist found that my right eye isn't seeing as well as it should. So he sent me to a specialist, who found that I have a small amount of glaucoma, a small amount of macular degeneration, and a small amount of cataract, but not enough of any of them to do anything about it. I just have to see him again in about six months.

I don't know if you pay any attention to professional football or what team out there you would be interested in, but we're all excited about our Minnesota Vikings. They're better than they've ever been, and we think they may go all the way to the Super Bowl. This coming Sunday is the final game for the NFC championship.

No – they lost, avoiding a fifth Super Bowl disaster

You probably saw all the publicity about our new governor, Jesse Ventura, the former wrestler. He is the first Reform Party governor ever to be elected. We didn't happen to vote for him, but we hope he does all right. We have a Democratic Senate, a Republican House, and a Reform governor. We hope they can work together.

No change here with Tom, Virginia, and Rebecca. Tom still lives with me, and Rebecca is here about half the time. She is enjoying school and has taken up playing the clarinet. A few weeks ago her grade school band gave a concert, and we all went—Tom, Virginia, Virginia's mother, who was visiting here, and I. It was amazingly good, considering that most of them, including Rebecca had only begun playing during vacation last summer.

Rebecca

Well, that's all for now. I hope all goes well for both of you during the coming weeks.

Love,

May 1999

Happy Birthday, Louise!

I hope you have a good day and a good year ahead. By now your weather must be getting wonderful. We're having an early spring here – 77° ~~here~~ and sunny today, which is great.

¶ I suppose Jim has a little garden work, too, this time of year. It's good to live in a place with such a long growing season. I have a young woman who comes two hours a week and does most of my heavy yard and garden work. But I do get some outdoor exercise. I walk for an hour down by the lake three days a week. In the winter I walk around our house for fifteen minutes twice a day. It's a great house for walking in!

I'm glad you get out for a hair appointment and a meal out every so often. I wonder if you're ever able to go to church now. Our church is completely handicapped accessible now, so we usually have one or two people in wheelchairs.

Well, I hope both of your general health is pretty good now. I'm getting along OK.

Love, Dave

Dear Louise,

I was very sorry to hear about Jim, but I'm glad to know that you have moved to this new place where you will get very good care. It's good that Jennie and Jamie could come to be with you for a while.

I hope you are fairly comfortable and not in a lot of pain. Also that your appetite is good and you are able to eat well.

Things are going along well here. I am fairly healthy and so are all the others. ~~[illegible]~~ I think of you often and pray for you, and I know you will get along just fine.

May, 2001

Hi, Louise,

Happy Birthday once again! I hope you are going to have some kind of celebration. At our age birthdays are great milestones, because they mean we have traveled one more year successfully.

I'm glad that you are well situated in your new home and that you are close enough to Jennie that she can see you from time to time. I know that means a lot to both of you.

I hope you have a good appetite and that your general health is good, although I know you do have some pain. Of course, you spend a lot of time in a wheelchair, but that enables you to get around and is better than staying in bed.

As I get older, I think a lot about the past and the many good times we had growing up together. Have another good year ahead.

Love,

Your brother Dave

## Editor's note

This section contains pictures from the wedding ceremony and celebration in Moab, Utah, for my daughter, Rebecca Elizabeth Witheridge Schick, and her husband, William Peter Schick, on October 20-24, 2022. They had already been legally married the previous month in Denver; this was a gathering of their closest living relatives from out of town. See page 1 for my very rough initial draft of the newly extended family tree, which includes all of the invited guests. As you'll see, there's plenty of basic family history data collection still to be done.

We rented a beautiful house in downtown Moab and had a great party. It was the happiest occasion of my life (so far)!

Hi there!
Hope this arrives ok. It was nice to talk with you today--thanks for calling back.

Just wanted to give you my cousin's address:<jwillett@voyager.net>
He is not a computer or genealogy expert but may have picked up some tips by now. Of course I am sure you have a lot of contacts, and probably will be talking to people you already know. Actually, he would probably gain more from talking to you, as you have been doing genealogy so long. Anyway, his name is Jack Willett (accent on the second syllable) and he lives in Tawas City, in my great-grandfather's house (where my two great aunts, Ferne Mark and Bessie Holland, lived for many years, and which now, I assume, belongs to Bessie's daughter Betty (Jack's wife)). They have done a lot to clear out some of the (ahem) history in the house but it is still stuffed with old books, photographs, and other antiques.) They are both nice people. I will give him your address too, assuming you won't mind.

I doubt if I will be coming to Minneapolis on June 19, as I am going to my Scandinavian dance camp the next Saturday, and I would rather have the time to prepare for it. I will certainly try to make the Lansing get-together though. Maybe I will call Kathy (Cathy?) and find out if she has a definite date.

Hi,
Just wanted to mention that I got a letter from Jack and they are going to be away for about a month, probably. They will be visiting their children in Georgia. Also Jack says he has not had time to work with the computer lately, and that you may be ahead of him in that respect too. At any rate, don't expect any answers until the middle of May.

Dear Jenni,

Joan Lorraine Witheridge (b. 1939)

I had given Joan Shaw your address as one of her relatives she would probably want to meet when they are in Michigan. So I thought she had written to you about their plans, but apparently not. Maybe they didn't write to John, either, though I did mention their trip to him when I talked to him on his birthday.

Joan and her husband Ron are going to Elmira, New York (not Michigan) for a wedding of her niece's son on June 26, and they plan to go through Michigan on the way home. They will be in Elmira until June 28 and expect to get here about the middle of July, so they may be in Michigan about the first week of July. They have a motorhome, and they have taken many long trips with it over many years.

Joan said that Ron has an aunt in Farmington whom they want to see. Without your permission I took the liberty of suggesting that you might be willing to drop over and see them while they are there. I thought that was easier than for them to drive their motorhome around trying to find you. They also have friends in Redford, which I see is in the same general direction as Farmington.

Well, so much for the Shaws! I hope it works out so that you can meet them.

Love, Uncle Dave

Dear Uncle Dave, I'm sorry I did not let you know I received your check. Anyway, I did, but I still have not decided between the Scouts, a library or some music organization. I will soon, though. I have been visiting nursing homes but have not decided on one yet. It is a depressing search as I'm sure you know.

[Her father has died, and she is searching for a Michigan nursing home for her mother, who cannot live alone.]

Mom's phone number at Cloverleaf is (909) 658-9441. If you call, don't let them give her the portable phone. It confuses her, I guess because the buttons are in the receiver, and when she's confused she can't hear. It works better if they bring her to use the phone at the desk. You can ask for South (Nursing) Station, her room is near there. Charge Nurse

My modem died so I have to use the email at work, which is <hpp4@wwnet.net>

Please thank Tom for the card, it was nice to hear from him. I will call or write again when I have more time.

Dear Ms. Burke,

I apologize for the time it has taken me to send a thank you letter for your $50 gift to the Tawas City Library. A gift given to a library in memory of a loved one is always a wonderful way to remember them.

We decided that an appropriate purchase that would have long-lasting shelf life would be books on Broadway musicals (specifically vocal arrangements). Our reference librarian assures me that these would be well used by our library patrons. We have two very active theatre groups in East Tawas and Oscoda who annually produce musicals. Your gift will buy at least four of these books.

Each book will be gift-plated:

In Memory of James F. Mark, Jr.

The books will be housed at the Tawas City Library and made available to other libraries through interlibrary loan. We hope to have them at the Library within three weeks.

Again, thank you for your thoughtful gift.

Sincerely,

Dear Uncle Dave, [redacted]

Thanks so much for your nice long letter. I was fascinated to hear about Mom's experience at summer school. I knew she went to summer school when we were kids because we went up to Tawas while she was there, but I am not sure I ever knew about the other time, although something about astronomy rings a bell. These are the times when I feel bad about not just sitting down and picking Mom's brain about her early life. She did write down a lot of reminiscences, but I don't find that in them.

I also had no idea that Mom was so good at math and science. She certainly had no outlet for such knowledge except taking over the family finances, probably after Dad had made a mess of them. I didn't know either that she didn't get a degree from B.M.T.S. She says she went to summer school at Central for "Pre-school education" but that doesn't sound like she got a degree. Apparently that was before she got married, so that was not the time I was thinking of.

Baptist Missionary Training School, Chicago

Central State Normal School, Mount Pleasant, MI (Now Central Mich. U.)

I don't know about the details of your life either, and I would love to hear about it. I don't know anything about what you did before you went to the seminary--did you also work for Grandpa? I seem to have very little information about Mom's brothers, just a few items in scrapbooks. Also we don't have too many pictures of her childhood and youth, and many of those unmarked. It's too bad these things don't seem important until it's too late.

William Allen Witheridge (b. 1881)

If you would like a copy of Mom's reminiscences I will make one for you. It is about 50 pages, I think.

While we are talking about days gone by, it occurs to me to ask if you searched for your German great-grandfather by other variations of Jacobs, like Jakobs or Jakob? It sure is funny that the name was so uncommon, even if you couldn't find your particular connection.

Jacobs family in Pomerania

Wonder if the weather in Mpls has been as cold and depressing as here. I feel sorry for the people who planned weddings for the beginning of June, visions of wedding dresses with coats and sweaters over them!

Lots of love, Jenni

June 14, 2001

Dear Jenni,

Just a short response to your e-mail. I'm so glad Louise wrote down her reminiscences while she could. I would love to have a copy of them, and here is $20 to help with the photocopying and postage. They may help me with my own reminiscences, which I have only barely begun. I have much more writing to do also about our ancestors and Elizabeth's, and I hope I can stay healthy long enough to do it.

About my own early life, the short answer is, "Yes, I did work for Father before I went to the seminary." Because of the Depression, I got my first two years of college at Bay City Junior College and then finished my engineering degree at Ann Arbor. I worked four years with Father before deciding to become a minister. My last major job was designing the heating and ventilating for the then-new (1940) Arthur Hill High School.

Yes, I started searching for my Jacobs ancestors using all the spelling variations, but there were so many that I went to just Jacobs. The Mormon library doesn't have them organized by area—just one alphabetical listing for all of Germany. There are thousands of them. So now I'm in the tedious process of going through them all, looking for some in the Stolp district of Pomerania. I just do a few hundred at a time. I'm up to #1400 now and haven't found a single one in the district called Kreis Stolp, but I'll keep looking!

I thought this was going to be a short letter, but it hasn't turned out that way!

Love,

[July 3, 2001]

Louise Theresa Nemitz    Wilhelm Nemitz (b. 1835?)

Hi, Jenni,

I received your mom's reminiscences and have finished reading them, and I enjoyed them very much. I'm so glad she wrote them.

Because she is fifteen months older than I am, she was able to remember things in our early childhood that I don't have any recollection of--such as the end of World War I.

in Saginaw, MI

Actually the item I was most interested in was her statement that Grandfather Nemitz lived with us for a while on Genesee Street. I knew he had visited us, because we have a picture of him standing in front of our house. But I didn't realize he had actually lived with us. That may have been right after he returned from Saskatchewan and before he went to live with (my) Aunt Louise in Beecher, Illinois, where he was living when he died in 1921. I have no personal recollection of Grandfather Nemitz, so I'm glad Louise did. She called him a quiet man, "with crinkling, smiling eyes," and said she remembered him "knitting endless pairs of stockings and mittens, out of scratchy grey and red wool, for the soldiers." So it must have been about 1917, when I was only three years old.

Thank you for the money you returned. I thought I had sent more than enough, but I didn't expect you to return any. I'm very grateful that you took the time to do this for me.

Jim has been using the GOOGLE search engine lately, but I haven't had time to do anything with it yet. Maybe some day.

Hi, I just went into the International Genealogical Index, but if there isn't an easier way to search it by letter, we are going to spend half our time scrolling! In order to get to the Bs, I have to go all the way through the As, and the further we go through the alphabet, the longer it will take. Do you have any ideas?

Hi, Jenni,

I know what you mean about scrolling through all the As to get to the Bs. I think you should hold off doing anything about this now. After the first of January when I get more time, I'll spend a day or two at the LDS Library where I can look at all the Jacobses on probably one or two microfiches, which is much easier than going through them on the computer. That will give me some idea as to how long it would take to go through the whole alphabet. I can also talk to the staff there and see if they have any ideas on how to do this. I'll let you know later!

Hi, Jenni,

Yes, I have listened to the tape, and it was fascinating. It filled in some of the gaps in her autobiography. It reminded me of how hard it was during the depression. The young people of today have no idea what it was like then. It also showed how hard it is to remember things that far back. I don't feel so bad about not being able to. I'll have to listen to it again some time, because some things were hard to hear, and in other places it was hard to figure out just what they were saying. Thank you for bringing it.

Christmas with brother Jaimie Mark and his wife, Penny, in Canada

Hi Uncle Dave,
I sent you a box with a tissue holder I found and some pictures; hope you got it. I know your bathroom is pink, not green, but I thought it would look nice anyway. Or you could use it downstairs. But if it doesn't work out, don't worry, I think I paid all of 76 cents for it! By the way, it is Rubbermaid, so maybe they still make them, you could find out.

I had a nice time in Sackville with Jaimie, Penny and Amanda. We did quite a few things; I didn't get there until Christmas Eve, but we went to a midnight service at the Anglican church. Then on Christmas day, we had one guest at dinner, a teacher who lives alone and usually comes to them; then we went next door to their neighbors for dessert. After a quiet Boxing Day we spent Thursday getting ready for a party in the evening for about 25 people. Friday we went to Moncton to see The Shipping News, which is set in Newfoundland--we all liked it a lot--and that evening went next door again for dinner. Saturday we went over to Prince Edward Island and had lunch with a friend of theirs who wanted them to see her new house. She is also an amazing needleworker and showed us many beautiful quilts, sweaters, and other handwork, that she plans to sell. Then we went to Amanda's house in Charlottetown. She has a kind of "fixer-upper" that she is working on, with a tenant upstairs. That evening we went to a Mexican restaurant and had an evening of pool--a prize Jaimie had bid on at a silent auction for the PEI Symphony, two years ago! (We had to use it because the restaurant was closing Dec. 31!) That was great fun; I am a terrible player, but I enjoy it anyway. We stayed at Amanda's that night, and the next day took our time going back (she stayed there); drove around Charlottetown, had lunch, and went to a very nice museum and gift store near the bridge. Then Monday morning we set off for the airport, only to have the car break down on the way! Luckily we were quite close to Sackville and they had a mobile phone, so they called a taxi for me and I got to the airport with about 20 minutes to spare. Whew! All in all a whirl of activity. It was so nice to spend so much time with Amanda; she is great fun and an interesting person.

When I was in Sackville, I saw the picture Amanda has of your family. I don't remember ever having that, and I'm puzzled, because if it came from Mom and Dad's stuff it should have passed through my hands, because I went through the pictures. If it had been in my hot little fist, I would not have let it go even to her, I think! Anyway, I can't find it in the pictures I have, so if you could give me a copy, that would be wonderful. The picture I am talking about is the one where John is about 5 or 6 and you and Mom are probably in high school. Your father is smiling so nicely--I don't remember him smiling very much when I knew him, but of course he must have! Is that a 5 x7? I bought a nice frame for it, and then when I looked at my pictures I realized what I actually had was the 1900 picture of your father's family. Of course, I can frame that too!

See next page

Does Rebecca have an email address you can get for me? I wanted to explain about the Heifer Project donation I sent her--also in your box--but also it would be fun to correspond with her. There is a website address for that organization on the card I sent her.

I hope you had a nice holiday, and are getting back into your normal routine. I look forward to any information you have on the family research, especially if you have found an easier way to research the Jacobs!

Love to Tom, Rebecca, Jim and David, and you of course!

Dear Jenni,

You must think I have dropped off the face of the earth. I've been very tired the last couple of weeks trying to get over a cold, so I've had to leave many things undone, including reading and answering my e-mail, as well as thanking you for your package.

When your package arrived, I couldn't imagine what it could be, and when I opened it, I was utterly delighted! You are very resourceful and persistent. You said you would find one, and you did. It is very good quality, and much better plastic than my old one. I'm sure it will last much longer. Our bathroom curtains are pink, but the rugs and bathmat are green, and so are some of the towels, so it fits in very well. Thank you very much.

I was also very glad to get the pictures of the memorial service. They are very good. It was good to have proof that John actually got to the service, and to have pictures of a lot of your dad's relatives whom I haven't met.

John Meredith Witheridge (b. 1922)

Rebecca enjoyed having the gift given to the Heifer International in her name. Our church school at Hyde Park Baptist in Chicago started giving to the Heifer Project way back in the 1940s. Rebecca's e-mail address is catzillagirl@aol.com.

I'm glad you had such a good time during and after Christmas with Jamie, Penny, and Amanda. You really kept busy and covered a lot of territory.

I haven't had time too look up that picture of our family that you would like to have. I may possibly have an extra copy; but, if not, I can have one made at Kinko's.

I haven't done anything on genealogy since Christmas. Eventually I'll get over to the Mormon library to check on the Jacobs problem, but no telling when.

Mary Heltsley

Dear Jenni,

No, you won't have to rent a car. Either Tom or Jim will be able to drive out to meet you. I checked with the airport, and it's still possible for us to meet you in the baggage area, so we'll meet you there. Don't forget to give me your flight number. We're looking forward to seeing you again.

Mary Heltsley is going to join us for Thanksgiving dinner. I think you'll enjoy each other.. She is a librarian who retired early a few years ago. Worked at a state school for retarded children. Her husband died several months ago.

Mary is a very distant cousin of Elizabeth's in the Kendall line. We met her many years ago at a genealogy meeting where I gave a talk about our trip to England and mentioned our visit to the town of Kendall. We have been very good friends ever since.

I'm sorry I've neglected you lately, but I seem to have had many extra things that have kept me busy. My health has been good. The doctor gave me a good report after my annual physical about a month ago, but I've been more tired than usual and have had to take lots of naps. I'm sure it's the high humidity we've had. The weather man says it's higher here than it used to be, and the weather experts don't know why. It bothers me more since I've gotten older. Last fall I didn't feel right until the humidity in the house got down below 30%. For months it has been in the upper 40s, but I'm hoping it will start dropping now with cold weather coming on.

My latest development is that I've ordered two new hearing aids and will be able to pick them up on October 22nd. I was especially having trouble hearing in church and on the phone. They will hook over my ears with tubes into my ear canals, and they have all the latest digital and computer technologies I can hardly wait.

It won't be long now until we'll be seeing you. I hope you are as excited as we are.

Love, David

Hi, sorry to give you such short notice, but a documentary about my brother's youth orchestra concert in Carnegie Hall is on CBC-TV (channel 9 in Detroit area) tonight at 7pm on Opening Night. There are two docs in the program but I'm pretty sure his, called "Practice, Practice, Practice", is the first. The program goes two hours, though, so if you tape you might want to tape the whole thing just in case. Those of you not in Detroit might still be able to get a Canadian channel, and it should still be at 7 pm. Jaimie and Penny have seen it and say it's very good. Hope you can catch it!

June 12, 1979

Dear David:

I must explain who I am although you probably know me as a member of your family tree. I am Gladys Chivers, daughter of George + Rosie Ford Chivers, and my Grand-mother (Dads mother) was Mary? Elizabeth Witheridge Chivers. I was born in St. Charles. Michigan and that is where Dad + Mom + Grandpa + Grandma lived. I have a brother Frank that lives in Wyoming, Michigan but used to live in Grand Rapids, Michigan. When my Mother + Dad moved to Auburn, Michigan I met and married a man named J.(ohn) Elmer Schmidt. We have four children named John Wm, Rosalie Ann Paul Roger + George Wayne. We have 5 grand-children, John has a son + daughter, Jason Robert and Rebecca Llewelyn, Paul has two children, a son + daughter named Michelle Kathleen and Jason Bradley and George has one son named Travis Ryan. My father had a sister named Elizabeth Redburn and a brother named Edgar Chivers who lived in and near Lansing, Michigan. I hope this introduces me.

I was talking (or rather writing)

Rev. David E. Witheridge

to my cousin Jean Tomlinson (Aunt Elizabeth's daughter) about family trees. Our son John and also Frank's son David are very interested in this. She suggested I write to you as you have a very complete record of the family. I hesitate to ask this question as I do not know you personally. But—is there a way I could get a copy of this family record—how much would it cost—what would I have to do etc. I would enjoy knowing about my "roots". My husbands family have a family book dating back (I believe) into the 1600. I feel very uncomfortable asking this of you but I would appreciate any information you might give me on this subject.

[July 10, 1979]

July 10, 1979

Dear Gladys:

Yes, I am completely aware of who you are, and I am most delighted that you wrote to me. I've intended to write to you for some time, but I haven't been doing much family history lately, because I've been so busy with my work.

Perhaps Jean Tomlinson mentioned to you that I am a minister, but I haven't been the pastor of a church for 28 years. Since 1951 I've been the executive director of the Greater Minneapolis Council of Churches. At the end of 1979 I'll be retiring, and then I hope to spend a great deal more time at genealogy.

I'm very happy to know that you and your son John and your nephew David are becoming interested in your family background. I've been working on my own and my wife's for a great many years, and I'm always glad to find a relative who is really interested in genealogy. Until recently many of those I corresponded with knew very little about their ancestry and couldn't seem to care less. Consequently, they were very slow about answering my letters.

As you see, I'm enclosing some sheets that give our Witheridge ancestry back to 1645. The amazing thing is that they loved in the North Devon town of Combe Martin for 150 years and before that in the nearby town of Berrynarbor for at least 170 years. These records are mainly from the parish registers of those two towns. (The original numbering on those sheets started from our sons, so I changed it to start from your children. I'll explain this system to you later, if you are interested.)

It's true that I have compiled a great deal of information about our family tree on forms that I developed. However, I haven't as yet written this up in a narrative style that I can send you. The ancestral charts enclosed will at least give you our direct line of descent as far back as I know it.

I have many other sheets that show what I know about the other descendants of these ancestors, which isn't very much, of course, the farther back we go.

When my wife Elizabeth and I went to England and Wales in 1976, we were very fortunate to meet a number of relatives, and this made our visit especially meaningful. We have a great many pictures I'd like to show you some day, and perhaps you'd like copies of some of them.

Your father was one of the first persons I interviewed many years ago when I began my efforts in genealogy. He was very helpful, and I'll never forget the day I sat in his house and wrote furiously as he told me many things and showed me some old family records. You and I may even have met briefly that day. At least I was aware that you lived practically next door.

George
William
Chivers
(b. 1881)

I also interviewed your Aunt Elizabeth in Lansing and got a great deal of information from her. We liked her very much. I thought you'd like to have this picture. As a matter of fact, I've had it in my file for some time, intending to send it to you when I got around to writing!

Elizabeth
Mary Chivers
(b. 1893)

Elizabeth and I just spent a week in Michigan, and I wish we had received your letter just before we left Minneapolis, rather than just after we returned. We would have made a special point of seeing you on our way from Saginaw, where my brother ~~Jim~~ lives, to Tawas City, where my sister Louise lives. We had a big notebook with us containing a lot of the old Witheridge information.

I really can't say any more at this time, but I hope that this has piqued your interest and that you will write again soon. I'll be glad to send you more information from time to time, and if you or your son or nephew become seriously interested in genealogy, I'll give you all the advice and assistance I can for working on your other family lines. You should at least fill in as much as you can on the sheet that starts with your own son.

Yours sincerely,

[Created by DEW, date unknown]

David Torborg and James Witheridge
documents

# Editor's Note

David Jeffery Torborg (b. 1960) became an official member of the Witheridge family shortly after midnight on the morning of August 1, 2013, at Minneapolis City Hall, when he married his life partner, my brother, Jim (James Penney Witheridge [b. 1946]), shortly after midnight in the first hour of the first day it was legal to do so in Minnesota. The guests formed an enormous and joyful crowd that included the Governor of Minnesota and the Mayor of Minneapolis, both of whom gave inspiring speeches.

After the opening ceremony in the majestic five-story central rotunda, hundreds of couples gathered with families and friends at their assigned locations around City Hall for individual ceremonies. Jim and David and their retinue moved to the elegant City Council Chambers, where Judge Margaret A. Daly conducted our particular ceremony, expressing her great delight at having an opportunity to participate in the historic occasion. The wedding was followed by a giant multi-couple after-party at a nearby venue. Afterward we returned to City Hall in a horse-drawn carriage to fetch our cars and head home after a very late and eventful night.

I was honored to sign the marriage certificate as a witness. Dad and Mom, who knew David well and loved him like a son, would have been absolutely thrilled to be there.

This section consists of (1) pictures from the wedding and after-party (plus one of my daughter, Rebecca, with the newlyweds later that month at their Minneapolis apartment), (2) the signed marriage certificate, and (3) a set of one-family records created by my brother-in-law, David, in June 2023. A few minor additions to those records can be found in the relevant index entries.

# Editor's Note

This section contains documents created recently by Ann Louise Erickson (b. 1943), whose son, William Peter Schick (b. 1981), married my daughter, Rebecca Elizabeth Witheridge Schick (b. 1988), on September 9, 2022, in Denver, CO, followed a month later by a marvelous ceremony and four-day family celebration on the other side of the Rockies in spectacularly beautiful Moab, Utah.

These ancestor charts detail my son-in-law's Schick, Dosman, Erickson, Scholes, Finney, Einstein, Vansant/Van Sant, Craig, and Piper ancestral lines, along with various related families. Please be sure to read the first four pages, in which Ann summarizes her sources and provides some helpful facts and illuminating anecdotes. I'm sincerely grateful to her for this contribution.

Comments:
The Schick family told me that they had emigrated to Canada from Austria. Peter John Schick (Schück) was said to have sold patent medicines from a wagon before he died, very young, in the flu epidemic of 1918. His wife, Mary Genevieve (whom I met), was said to have emigrated to the United States at the age of 18. His son, Peter Anton Schick, brought his family to California, USA, in about 1960 and worked as a carpenter and contractor. In retirement, Peter Anton Schick became a world renowned expert on the tender species rhododendron. He built the rhododendron garden at Mendocino Coast Botanical Gardens and was awarded a gold medal for lifetime achievement by the American Rhododendron Society in 2007. ~ALE

Comments:
Joseph Francis Dosman (also cited as Jacob elsewhere) arrived in New York in the United States with his wife Catherine Fuchs on November 3, 1840, according to "The German Settlers of Waterloo County, Ontario". This matches up with what LADS told me many years later: some of her ancestors had emigrated into Canada through the Midwestern United States. On the other side of her family line, however, Stephen Waechter and his wife Dorothea Etsch were already in Ontario in the early 1800's. Lorraine treasured the culture, farming, cooking and Roman Catholic faith of her ancestors from Alsace-Lorraine. ~ALE

Comments:
CAFE described Jonas and Anna Strouss emigrating west from Pennsylvania to Indiana, saying that an unnamed Norwegian named Erickson was in the same group. However, this unnamed Erickson's son, John Erickson, lost his life in the Civil War and his grandson William David Erickson was to marry Rebecca Whan, the granddaughter of Jonas Strouss, (who had lived 100 years!). William Frank Erickson followed in the line of surveyors, builders and machinists in the Erickson and Scholes families, with a degree in engineering from Purdue University, as well as his own passion for writing, humor and theater.

WFE said that the family changed the family name to the Swedish spelling "Erickson" because "everyone in the US spelled it that way anyway". ~ALE

Comments:
CAFE wrote that Mary Scholes was educated at "Tri-State in Angola (Indiana)" and "taught one-room school at Cheesetown" and described Mary getting herself to that school using a railroad handcar. CAFE wrote that, after Mary married Archie Erickson, the Depression hit hard and they moved from Indiana to West Virginia where Archie had been offered a job at the DuPont Zinc Plant. However, WFE felt that Archie and Mary wanted a new life, also, because the Scholes family, starting with Nelson Scholes, had been involved with a very strict Christian church that "did not even allow music in church"..
Mary was able to play music in church in West Virginia, and she enjoyed their small farm, growing and canning much of the food that Mary and Archie ate. ~ALE

Comments:
John Finney was an Episcopal minister sent to the Virginia Colony in 1611. One branch of his large family came to Pennsylvania. In that line of the Finneys, Thomas Finney fought in the French and Indian War, as well as the Revolutionary War and established the family farm. He and his son, George Washington Finney, both married women who were from "Scotch Irish" families settled in Pennsylvania. George's father-in-law, Isaac Smith also fought in the Revolutionary War. George's son, Thomas Jefferson Finney, struggled to create businesses, unsuccessfully, in Harrisburg, Pennsylvania and in West Virginia. "T.J" married the seventeen year old sister of his Harrisburg associates, the Einstein brothers, Emma Rebecca Einstein. Rebecca, as she was called, died of meningitis at 48 and her brothers settled her estate on her children. "T.J." Finney was cared for in his old age by his son, Maurice Einstein Finney, who also took care of his sisters, his mother-in-law Ellen Vansant and, at times, his granddaughter, Charlotte Ann Finney. Maurice worked as a bank teller and was a general in the Pennsylvania National Guard and a colonel in the U.S. Army. His son, Robert Vansant Finney, became a professor of languages and French civilization at Purdue University. Charlotte Ann Finney Erickson designed her own college program in speech therapy at Purdue University and was a speech therapist in public schools for thirty years. ~ALE

Comments:
According to CAFE, there was a "family legend", that this family of Einsteins was distantly related to the famous physicist Albert Einstein. Supposedly, an Einstein who was related to Albert Einstein's ancestors emigrated to the United States at an earlier time. However, I have found no connection in my own research. Morris G. Einstein established a very successful dry goods business in the "Eighth Ward" in Harrisburg PA. His sons Edgar and Joseph took it over, did well, and helped their sister Rebecca's children after Rebecca's early death in 1894. The "maiden aunt" Celia Einstein also befriended Maurice Einstein Finney's wife, Mary, and their son Robert Vansant Finney. ~ALE

Comments:
As a child, I saw a marble brick used as a doorstop in my grandparents' apartment, or was it my great-grandmother's apartment next door? It had 1871 carved into it: I was told of my great-grandmother's grandfather Joshua Vansant, mayor of Baltimore MD from 1871 to 1875. This little white marble block had something to do with the construction of City Hall. In my memory, my great-grandmother was a dignified woman, very small with long white hair pinned up. CAFE writes that she wished to go to Goucher College, but was denied this by her father. She did learn singing and languages and wrote: an example is published in the Christian Science Sentinel. ~ALE

**Craig Family**

Comments:
According to CAFE, James Henry Craig was adopted by the Craig Family. The family legend was that he was the illegitimate son of a "Yankee soldier" and a daughter of the illustrious Maryland Carroll family. I have not been able to track down evidence of this and did come across a very confused item (https://www.ancestry.com/genealogy/records/james-h-craig-24-tbpl4) presenting another story, but with a list of "children" that are not part of this James Henry Craig's line, according to CAFE or my own research (https://www.findagrave.com/memorial/77123873/mary-craig). James Henry Craig named his son Carroll and pursued a career in connection with law for the Pennsylvania Railroad and in the Pennsylvania state government. ~ALE

Comments:
CAFE writes in “Story-Tellers”: “Grandmother Craig (Mary R. Piper Craig) was the very woman In all Bedford Co. who vaulted onto horseback And rode astride…She was the one who nursed all the sick creatures And once set a dog’s leg without being bitten”. Mary grew up on the family horse farm at Fort Piper and came by her spirit naturally. Her great-grandfather, Col. John Michael Piper, had built Fort Piper during conflicts with Native Americans and been awarded more acres as pay for his service in the Revolutionary War. His wife, Elizabeth Jane Lusk, came from a Scottish family recorded back to the 13th century. Col. Piper’s mother, Margaret B. Clelland, came from a family that includes a James Cleland who fought with his cousin William Wallace against the English in 1296, as well as succeeding generations of Scottish warriors. ~ALE
